## HIGHLIGHTS OF WORLD NEWS

Conversion of France to the British point of view and a strong stand for the League of Nations has placed Italy in a precarious position in Europe as Premier Mussolini continues his concentration of troops in open preparation of war against Ethiopia. Both countries are issuing great amounts of propaganda in the United States, despite a neutrality bill passed by Congress, to get our moral if not physical support.

With England concentrating her navy in the Mediterranean Sea and around the Suez Canal, Italy is cut off from quick access to Ethiopia, the nearest alternative route being overland on a dangerous trek through black country Mussolini is reported to be weakening in his position.

Increase of bank deposits by 13.8 per cent were shown in reports from 206 Alabama commercial banks, the Federal Deposit Insurance Corporation reports.

A cypress shaft resembling the Washington monument has been erected in New Orleans in honor of Dr. Carl A. Weiss, who was killed by bodyguards of Senator Huey P. Long after he was said to have fatally swounded the Senator in the capitol at Baton Rouge, La.

Miners and mine operators are negotiating to end one of the greatest coal strikes in history. Passage of the Guffey Coal Bill recognizing unions was expected to end mine labor arguments.

More tropical disturbances arose out of the Caribbean Sea last week, doing some damage in several islands below and to the east of Florida, but the death toll was reported small.

## LITERARY SOCIETIES HOLD MEETING AT J. S. T. C. TUESDAY

The Morgan and Calhoun Literary Societies of Jacksonville State Teachers College held their first meeting Tuesday night. A very interesting program was presented, and was enjoyed by all.

A great many of the old members were present, and also there was a good crowd of new prospects. Let's all join one of the two societies and make this one of the greatest years yet seen in the history of the school.

## MANY COURSES ARE OFFERED ON SATURDAY

A full program of work is being offered on Saturday for teachers who wish Saturday classes and who can reach Jacksonville every Saturday.

Courses offered teachers are:  
English 301—Dr. Calvart.  
Geography 401—Dr. Glazner.  
Arts 301—Dr. Weishaupt.  
Math. 401—Dr. Wood.  
English 301—Dr. Mock.  
Biology 101—Mr. Gary.  
Biology 201—Dr. Weishaupt.

Those interested in Saturday classes are urged to enroll at once in order that they may make full credit on work offered.

## New Books Added To Library Bring Total Above 18,000

Six hundred and twenty-two new books have just been added to the college library bringing the total number well above 18,000. There is not a better equipped library in any other college in the state, comparatively speaking of size and type, and few colleges have been able to expand their library facilities this year in such liberal manner.

The new books contribute to a wider opportunity of study and represent a well distributed selection chosen by the heads of the various departments in collaboration with Mrs. Wood, the librarian. The new collection includes reference works, biography, history, literature and books on education.

Four hundred and twenty-three magazines have recently been bound, representing periodicals, weekly and monthly, received at the college for the past three years. The buckram bindings are in attractive shades and lend color to the book-shelves. Current periodicals are received regularly and cover the need of every department of the college.

Students interested in reading daily and weekly papers will find the state papers in the library. There is no better method of keeping in touch with current topics of international interest than that of reading the daily newspapers.

At the opening of college Mrs. Wood very efficiently explained the use of the library in order that every student might understand the facilities offered there.

## National Guards Meet

Company H, 167th Infantry, Alabama National Guards, met Monday night. Ten vacancies were filled in the ranks of the company. Several more will be filled when the prospective teachers leave.

The company at Jacksonville keeps full ranks at all times, and was well represented at the camp this summer. In view of the pending war in Europe, it is thought that all men should have the training offered by the National Guards.

Captain C. W. Daugette, Jr., is in command of this company, and is assisted by F. R. Daugette, and Jack Sewell as Second Lieutenants.

## MEN'S GLEE CLUB MAKES INTERESTING PLANS

Will Give Concerts Over The State

The Men's Glee Club is entering upon the new year with a great deal of enthusiasm. Plans discussed at the first meeting which was held Tuesday night include a tour of several schools in the state at which concerts will be given. The club expects to present the first of these road concerts shortly after the singers return from the Christmas vacation.

A very interesting selection of new music has been ordered and the members of the club are eager to begin practice for the first concert which will be presented at the college early in December.

Officers elected for the year are Eulon Hill, president; Edgar Sanders, vice-president, and Lamar Triplett, librarian.

## CHIMNEY PEAK HIKER'S CLUB

By HAROLD CARPENTER

Last spring there was organized a club called the Chimney Peak Hiker's Club, and it shows great promise of being one of the most outstanding clubs this year.

The peak, a part of the Piedmont Plateau, towers seventeen hundred feet above sea level, and is much higher than any of the surrounding hills. The view from the summit on a clear day is wonderful, and the trail up the mountain is not too steep, so all you students who like to climb mountains see Gladys Bean, president, and become enrolled in our fun-loving club.

Saturday, September 28, the peak hikers went on their first semi-monthly hike. The old members were all present and ten new members were added to the ranks of the club.

The hikers went up the trail by the gravel pit to the peak. After leaving the trail it was every fellow for himself up the steep side of the mountain. Of course, before the top was reached, many of the tender feet were wishing for knee braces.

Several of Dr. Weishaupt's bug-hunters were included in the group, armed with nets and cyanide bottles,—an idea for some more of you bug-ology students.

After reaching the top a meeting was called, and some vacant offices were filled and new by-laws voted on.

Miss Bobbie Jean Burgess was elected poet, and Leon Camp was elected reporter. The meeting was adjourned and the party began the descent.

Lunch was served to all on the banks of a babbling brook at the foot of the peak. The next meeting is set for October 12.

## Girls Glee Club Is Organized

Twenty girls met on Wednesday, September 25, under the direction of Miss Curtis and organized the year's Girls Glee Club. Much interest was shown by those present. We hope to have many more members and are looking forward to a most successful year.

Officers were elected at this meeting for the coming year as follows:

President, Lossie Stanford  
Secretary and Treasurer, Clara Mae Jones.

This club meets every Monday and every Wednesday at 4:30 o'clock. Each girl with a talent for singing is urged to join.

## All Jacksonville Graduates Employed

According to records on placement of teachers every person holding a degree from Jacksonville is now employed. This announcement was recently made by A. C. Shelton, chairman of the Placement Committee. Applications for assistance of graduates of other colleges in securing positions came from all sections of the state.

The training given for teaching at Jacksonville has met with such wide approval that Jacksonville graduates are in great demand and more calls for teachers are received than can possibly be filled.

## Mrs. Davis Becomes Publicity Secretary

Mrs. Dana T. Davis has recently accepted a position at the State Teachers College as Publicity Secretary. Mrs. Davis is a native of Alabama, having lived for many years in Scottsboro. She has had many years of experience as a writer and as a teacher.

## THE HISTORY CLUB

The History Club met for the first time this quarter on Thursday evening, September 26. Dr. Felgar, the faculty sponsor for the History Club, discussed the Italian-Ethiopian affair.

The chief purpose of the meeting was to elect the officers of the club. The History Club has a rather unique way of electing its officers. As many people may be nominated as is desired; then out of the number nominated, three are chosen by secret ballot. These three decide among themselves which of their number shall be President, Vice-President and Secretary.

According to Dr. Felgar, the election on Thursday night should go down in history. There were six people nominated. These were: Bryant Steele, Bennett Browning, Charles Black, Robert Owen, Margaret Pardue, and Mae Gardner. When the six were voted on by the members, Bryant Steele and Robert Owen tied for the highest place. That wasn't so unusual, but the other four also tied. Thus, Steele and Owen won highest, but the other four had to be voted on again. According to Dr. Van Hook, the counters of the votes were even more astounded when, out of that number Mae Gardner and Charles Black tied. Finally, however, it was settled. Charles Black won by a close vote over Miss Gardner. The three winners, Steele, Owen and Black decided, among themselves, that Owen was president; Steele, vice-president, and Black, secretary. Harolyn Franklin was elected Reporter.

The History Club is doing a great work at Jacksonville. Its purpose is to bring before its members a clear-cut, unbiased, view of all the historic events, happening not only in the United States but also all over the world. Its true worth is not shown by quantity but by quality. Before a person is eligible for membership, he must have averaged at least a B on all of his history courses; therefore, the History Club does not have so many members as other clubs.

During each quarter, the History Club, sponsors either a party or some outing that every member is privileged to attend. Every member is allowed to invite one guest. Last year, the club had several enjoyable entertainments such as weiner roasts and parties.

The History Club members all desire all the people to join who are eligible. The club will help you and you will help the club, so don't hesitate to let Dr. Felgar know if you are eligible and want to join.

HAROLYN FRANKLIN.

## MORGAN BOYS HOLD THEIR FIRST MEETING

The Morgan Boys of Jacksonville State Teachers College held their first meeting of the current season Tuesday morning. New officers were elected and other business problems taken up. The officers elected are as follows:

## TEACOLA STAFF SELECTED FOR FALL QUARTER

Several new people are listed on the staff of the Teacola for the fall quarter. Inez Smitherman has become Editor-in-Chief with Evelyn Page Associate Editor. Both of these served on the staff last year and are well experienced in work on the paper. Foster Oliver has succeeded Jasper Buckner as Business Manager. Harolyn Franklin, who served on the staff last year, is now Society Editor and Lossis Stanford and Marguerite Green are Associate Society Editors. Kermit Mathison and Malcolm Street, Sports Editor and Associate. Both of these are new members of the staff. Sara Jordan is continuing Demonstration School Editor. Thad Barrow continues as a feature writer with Harold Carpenter starting a new column. Smith Thompson and Lyda Mae Wilkerson are Circulation Managers.

Mrs. Dana T. Davis is Publicity Secretary for the college and will also assist with the Teacola. A. C. Shelton continues as the Faculty Adviser and the following are listed as reporters: Edith Hestle, Marguerite Perry, Linda Pirkle, and Ruth DeArman.

## DO EACH MOMENT THE DUTY OF THAT MOMENT

A few days ago in Dr. Humphrey's Education Class the statement, "Do each moment the duty of that moment" was mentioned. I wonder if there is anyone who follows such a plan? I have my doubts, but it is a nice thing to aim at even though it may never be reached. In school here we could modify it and say, "Study each night the lessons for the next day, and we would never get behind and have to "cram" for exams or hand in our papers late. I believe there are some people here in school who follow such a plan, but very few. I hope there will be others who will join the few. It won't do anybody any good except yourself, and perhaps your very conscientious teacher.

## THE JACKSONVILLE SPIRIT

Jacksonville has always been noted for the friendly attitude of the students. That can be noticed by the time a stranger reaches the campus. It is this spirit of friendliness and helpfulness which is in a large measure responsible for the progress the school has made. All students are urged at this time to cultivate the friendly attitude if they do not already have it. A great part of a person's education should be to meet people with a smile and in a cordial manner.

## THE DEMAND FOR JACKSONVILLE GRADUATES

It is true that every person holding a degree from this institution is now employed, a record which is to be envied by any institution. Indications are that positions will be waiting for more than three times the number who will receive degrees during this year. This shows that a person's efforts may be rewarded and those who hesitate to prepare themselves should not hold back any longer.

## JACKSONVILLE CONTINUES TO GROW

Figures on enrollment show another increase in the number of people registered at this institution. It could hardly be expected that a school could have an 83% increase as was had here last year and then not only hold its own but have another increase in enrollment the following year. This is the case at Jacksonville with more than six hundred students already enrolled and many others to come later. This speaks well for the work of the institution.

## FACULTY MEMBERS WELL QUALIFIED

Above seventy percent of the major courses at Jacksonville are being taught by people who hold Ph. D. degrees. Every teacher on the faculty holds the Master's degree or above and no teaching is done by other than regular faculty members. This fact insures the very best of attention to all students.

## The Rally Day For Girls' Athletic Clubs Was Held Tuesday

The largest social feature of the quarter was the rally day for the Girls' Athletic Club. On Tuesday afternoon, October 1, over one hundred students set out from Bibb Graves Hall to attend the rally. All four clubs were liberally represented. Colorful banners were carried by cheering members of the four clubs. Never before have the students responded so enthusiastically to any athletic program.

The lively crowd of young people hiked to the new park which is close to the Gravel Pit. There they found that campfires had been built and that each Club's "spot" was marked by its color. Each club sat in horseshoe formation around its colors while the program was presented. A simple outline of the program is:

1. Welcome to new members—Council President.  
 2. History, organization, and purpose of the clubs—Harolyn Franklin.

3. Introduction of Officers—Club Presidents. Council President, Club Offices, and Managers, Respective Presidents, Council Officers, Council President..

4. Year's Program—Rally and Color Days—Susan Rhodes.

Athletic Activities (Sports and Match games of each season)—Lucy Williams.

Loving Cup—(points and means of earning)—Lossie Stanford.

Point System—Jessie Ruth Ashburn.

Socials—Eleanor Jane Johnston.

5. Making Club Teams (5 practices before the tournament—must attend at least three to be on team)—Mary Sumners.

6. Entering Tournaments—Adele Rains.

7. Announcements—  
 (a) Use of bulletin board—Council President.  
 (b) Horseshoe Tournament—Gladys Bean.

(c) Tennis Tournament—Lucille Hill.  
 (d) Volley Ball Tournament—Ruby Hyatt.

(a) When, Where, Practice.  
 8. Preparation for color ceremony.  
 (Presidents give out colors and hold practice.

9. Color Ceremony—each club in turn 1, 2, 3, 4, by signal from Council President gave song, yell and pledge.

10. Election of assistant managers from the Freshman Class.

ACHAEONS—Assistant Volley Ball Manager—Elma Martin.

Assistant Tennis Manager—Jeanette Pool.

Assistant Horseshoe Manager—Helen Mathison.

AEOLIANS—Assistant Volley Ball Manager Marion Anderson.

Assistant Tennis Manager—Peggy Austin.

Assistant Horseshoe Manager—Dimple Smith.

DORIANS—Assistant Volley Ball Manager—Frances Nations.

Assistant Tennis Manager—Linda Pirkle.

Assistant Horseshoe Manager—Lolas Claborn.

IONION—Assistant Volley Ball Manager—Lois Giles.

Assistant Tennis Manager—Johnny Ford.

Assistant Horseshoe Manager—Ruth DeArman.

After the business was completed, all of the members of each club went to their respective fires where they found sacks full of

## NOSEBAG

By

THAD BARROW

Yours truly is back in school and still nuzzling the Nosebag to see whether anything remains other than dust.

Close to the top of the remains he finds a morsel of advice for a couple of blond "freshwomen." "You should lay off the sophomore gals' boy friends. Tidings are that she wields a mean board at rat meetings."

A look-see at the new faculty autos leaves me pop-eyed and wondering if I should take back my solemn oath never to teach school! Such opulence belies the profession.

I have been called upon several times to re-explain my reason for coming to Jacksonville in 1934. Why didn't I go to the Teachers College closer home? I replied that I knew about Jacksonville, which was decidedly not the reason for my entering this fall.

Odd Oscar McIntyre was recently accused of plagiarism by more or less responsible men. Sentences from "New York Day by Day" coincided almost exactly with excerpts from another columnist's previously written compositions. All I can say is that a purely original column semi-monthly is no cinch; in fact mine rarely is. And Odd has to do it every day!

### HEARD HERE AND THERE:

Two red-heads exchanging henna technique.

Two sophomores arguing heatedly over class president nomination.

A gallant sophomore girl putting one over on the moon after counting ten. (Oh boy!—Oh boy! And maybe Cupid needs a mathematical brush-up).

A certain member of a certain upper class fondly excused for not having read certain lines for a certain instructor. (Which brings up another morsel of sound advice: Never be positive; never name names, and you will never compromise yourself).

I see by the papers that Signor Mussolini pleads the force of excess population an excuse for his East African imperialism. Do you suppose that his encouragement of large families was to force such external pressure to excuse his obviously aggrandizing intentions?

The young lady artist passes in smock and slacks. The slacks are tastefully bedaubed with paint below the smock. She lends a bit of metropolitan touch to our sleepy little hamlet.

supper. Among the appetizing contents of the sacks were cheese, bananas. There was also a plentiful supply of coffee. All the bacon, bologna, cakes, apples and girls had an enjoyable time toasting their cheese, bacon and bologna. After supper, all four clubs in unison gave yells led by Jessie Ruth Ashburn. This concluded the rally-day program, and a tired, but cheerful party stumbled over the rocks toward home.

Much of the success of this program is due to Miss Sellers and the officers of the clubs, most especially the Social Committee. All of the officers and members of the clubs cooperated in every way possible.

## Calhoun Literary Societies Hold Joint Meeting

The Calhoun Literary Societies held their first meeting in a joint session of both men and women Tuesday night, September 23rd, in Bibb Graves Hall with Clyde Westbrook, president of the men's society, in charge.

After the devotional, led by Vera Martin, the following program was given:

Calhoun Song—By the group.  
 Piano Solo—Jay Frances Silvey.  
 Musical Reading—"Jerry" Merritt.

Dixie—By the group.  
 Stunts—Bettie Ferguson and Katherine Greenleaf.

After the business session the meeting adjourned. The Calhouns indicated their enthusiasm by giving their favorite yells after the close of the session as the various groups departed for the various dormitories.

The motto of the Calhoun Literary Society is "Be Thou a Man" Therefore, let us old members and new pledge ourselves to live up to our motto during the coming year and throughout life, and remember that "it is not quantity, but quality that counts."

Here's a hearty welcome to all new members, and may it ever be "Yea, Calhouns, on to Victory!"

## Interest is Shown in Campus Tennis

Sports are again moving forward on the campus. Tennis is promising to be king of the campus again this year. Coach "Steve" is having the courts put in shape for every one who enjoys playing tennis.

A tournament is in order a little later on so get out the old racquet and be ready when the call is issued.

## WEATHERLY HALL GIRLS PLAN TO MAKE PARLORS MORE ATTRACTIVE

The girls of Weatherly Hall are spending their breakage fees early, and where they will be most beneficial, by donating them for the improvement of the parlors.

Card tables and games have already been purchased and a radio is to be added in the near future.

The girls of Weatherly Hall aim at making the parlors more attractive for both girls and boys, not that there seems to be need of inducement for the masculine gender; but soft music on date night has never been known to make any girl less romantic.

The boys have risen to the occasion. Many who plan to make a great deal of use of the parlors offer to give their fees also.

Several entertainments are being planned for a wider social life for all the girls and their friends.

Much credit is due to Miss Fordham for her efforts to bring about the change, and thanks are extended to the girls for the wholehearted cooperation which they have offered.

MARGUERITE PERRY.

## DR. CLARA WEISHAUPT Accepts Position With Jacksonville State Teachers College

Dr. Clara Weishaupt, Lynchburg, Ohio, has accepted a position with the Jacksonville State Teachers College as teacher of Biology and Industrial Arts. Dr. Weishaupt received her B. S., M. S., and Ph. D. degrees from the Ohio State University.

Dr. Weishaupt has taught in the high school at Lynchburg, Ohio, and has been assistant in the laboratory at the Ohio State University.

## MANY MAKE HONOR ROLL FOR THE SUMMER QUARTER

A large number of students were placed on the honor roll for the summer quarter making an average grade of B or better on subject taken. Most of those listed are people who have had experience in teaching.

The honor roll is as follows: Freshmen: Onita Lou Emerson, Round Mountain; Alma Ingram, Lineville; Oscar Jones, Heflin;

## Forney Hall Under New Management

Many changes have taken place at Forney Hall, boys dormitory. Under the supervision of Dr. Cayley and his wife, many new rules are enforced. Rooms are inspected once a week, and the boys are expected to cooperate in helping keep the halls clean.

The boys have agreed to contribute their breakage fee, one dollar each, to buy a radio for the lobby. Dominos, checkers, cards, and card tables have been added to the lobby. Also several comfortable seats have been arranged in the lobby.

Every possible effort is being made to make the dormitory life agreeable.

## Y. M. C. A. Holds First Meeting of This Session

The Y. M. C. A. met in Room 17 Thursday morning, September 26, at 10:00 o'clock. The president, Howard McLain, was away with the football team but the capable vice-president, Ronald Treece, was in charge of the meeting. Mr. McCluer opened the meeting with an inspiring prayer, following which plans for the coming year were discussed.

The meeting time was voted to be every Thursday promptly at 10:00 o'clock in Room 17. Every boy in college is cordially invited to attend every meeting. The officers for this year are:

Howard McLain, President.  
Ronald Treece, V-President  
Wilbur Isreal, Sec'y-Treas.

## General Achievement Tests Given

General Achievement and English tests were administered to all members of the freshman class at State Teachers College, Tuesday, October 1. The tests are to determine not only the preparation and ability of the individual students, but also they will serve as a criterion whereby the work of the various high schools may be judged.

## First Football Game of Season is Played

Jacksonville showed strength in taking a 24 to 0 defeat from Union University. The Eagle-Owls played a defensive game with the odds against them. The fact that they were outweighed twenty pounds per man, and played on a wet field probably affected Jacksonville's chances.

Jacksonville won the toss and elected to kick. Hudson booted the ball to Union's five yard line. Union started a drive that netted a series of first downs. Jacksonville held and punted out of danger. Union made a sustained drive down the field that netted a touchdown.

The second quarter, the Eagle-Owls threw Union repeatedly for losses. Union scored on a pass in the second quarter.

The second half Union kicked to Jacksonville. Maxwell returned forty-five yards. Union held and punted out of danger. The Eagle-Owls were held for downs and Hunter's seventy-yard punt was short and Jacksonville had their first break of the game. They failed to take advantage of it and the quarter ended.

Union failed to score in the fourth quarter as Jacksonville held them for downs inside the ten-yard line several times.

Jacksonville used twelve men, all of whom played a good game. Hudson, Akers, and Burlinson showed up good in defense.

Jacksonville goes to Murfreesboro Friday night. The boys are "pepped" up over their showing against the team that held "Vandy" scoreless the first half of their opening game.

## THE WANDERING REPORTER

The Wandering Reporter Reports: Kermit Mathison reading the bulletin board; Hershel York sitting on the bannisters; "Rat" Lasseter talking to a blonde; "Red" Ashburn whispering to someone; Joyce Sewell walking through the hall; Virginia Sue Munson on the usual bench in the Grab; Freshmen taking intelligence tests; "Shorty" Carwell stooping over to read a history lesson; Clyde Westbrook looking for a blonde; Baxter Woodall with an intelligent look on his face; three boys talking to Lucy Wil-

## The Eagle-Owls Move Against Murfreesboro

Jacksonville's Eagle-Owls will go into action against Murfreesboro's eleven on October 4. The Owls are out with blood in their eyes because of the defeat handed them by Union University team. The Union team was in top shape for the Owls last week-end. They had just held Vanderbilt to a 34-0 score, Vandy scoring only in the last half.

They succeeded in arousing the ire of the Eagle-Owls and woe betide the line next in their path. The line-up:

	Position	Weight	Number
Hutchins	E	155	51
Hudson	E	175	44
Sanlin	T	180	81
Burlinson	T	180	45
Wallace	G	175	56
Carter	G	170	57
Akers	C	165	83
E. Baker	QB	170	43
J. Baker	FB	170	53
Excel Baker	FB	175	46
Hunter	HB	160	41

liams at the same time; John Akeridge and Helen Waitts sitting on the front; McCord and Sanders talking to a brunette outside the lab; Carpenter and Lasseter looking for news; no one under the trees at the end of the building; Smith Thompson working by himself in the publishing room; Lossie Stanford walking around with Harolyn Franklin; Paul Dodd looking important; Joyce Sewell and Paul Thomas eating potato chips in the Grab; "Toots" Jones and Virginia Sue Munson engaged in a serious conversation. Look out boys. "Sweet" Sandlin sitting on the counter; Samuel Dabbs hoeing the shrubbery; Kyle Davis and "Lib" Scarbrough sitting in the car; Mrs. Thomas sitting in her window with a dejected look on her face; Robert Owen walking up the walk with a blank look; "Rat" Gibbs looking at a picture in his bill fold; two blonds looking for Penton Browning; three teachers plotting against the pupils in the hall; Miss Ewing going in to see Dean Wood; Mrs. Pitts coming to see about the girls; Arthur Allen talking to three blonds; Oscar Jones talking to Myrtle Dyer; Dr. Humphries chewing gum in the Grab; Henry Greer making "good" on a theme; Bennett Vaughan eating a big bar in the Grab; Bottoms talking to a brunette in the Grab; Charles Black looking down-hearted; Arthur Butler looking for some one; Tom Barnes asking some one to "pardon" him; Thad Barrow trying to act intelligent; "Jerry" Merritt reading the bulletin board for a change; Malcolm Blake talking smart; "Myrt" Fryar trying to be dignified; Marguerite Posey making B's on themes; Mr. Hendrix and Dr. Wood walking arm in arm; Ola Brown using the dictionary in the library window; Mary Brewer with an arm full of books; Mr. Landers speaking of Modern Classics; Charles Hughes sauntering out on the front.

America won the Ryder Cup golf matches from an English team during the week-end by a score of 9 to 3. Alfred Perry, British Open champion, and Sam Parks, American Open champion, battled to a draw

## The Athletic Clubs Are Organized

The athletic clubs are among the most important of the societies at Jacksonville State Teachers College. There is one outstanding feature of the athletic clubs that no other society at Jacksonville has. Every girl in school, freshman or otherwise, is a member of one of the clubs.

There are four athletic clubs—the Achean, Aeolian, Dorian and Ionian. The freshmen girls are all divided equally among the four clubs. The club that falls to the lot of a freshman is "her club" for the remainder of the time she attends school.

The purpose of these clubs is to promote a feeling of good fellowship in athletic activities. There is some sport offered that every student should be interested in. The clubs will have volley ball matches, one club contending against the other; basketball, tennis, and horseshoe tournaments. They even compete to determine which club has the greatest number of members out for practice. The clubs also have hikes, parties, and socials that go on the Social Calendar.

Perhaps the most interesting feature of the clubs is the loving cup that is given the club that has the most points at the end of the year. The greatest number of points goes to the club that won the most tournaments or contests. This past year the Dorians won the cup. The two previous years the Aeolians won it.

The clubs are planning to give the new members a hearty welcome by entertaining them with a steak fry or some other outing. The clubs have earnestly asked for the cooperation of all the members, both old and new.

Practically all the officers of the clubs have been elected; however, assistant volley ball, tennis, and horseshoe managers will be elected from the Freshman class.

The officers already elected for the Athletic Club Council are: President Vera Martin; vice-president, Mary Summers; secretary, Pauline Harvella; treasurer, Lossie Stanford; reporter, Harolyn Franklin; social chairman, Eleanor Jane Johnston.

Officers for each club are:  
Achean: President, Harolyn Franklin; vice-president, Mary Summers; secretary, Pauline Wynn; treasurer, Marie Gwartney; volley ball manager, Ruby Hyatt; tennis manager, Mary Ratchford; horseshoe manager, Glayds Bean.  
Aeolian: President, Adle Rains; vice-president, Reathel Stisher; secretary, Jewell Jackson; treasurer, Margaret Pardue; volley ball manager, Lorraine Boyd; tennis manager, Myrtle Dyer; horseshoe manager, Wilma Haney.

Dorian: President, Vera Martin; vice-president, Lossie Stanford; secretary, Eleanor Jane Johnston; treasurer, Susan Rhodes; reporters, Margaret Smith and Lossie Ltanford; cheer leaders, "Red" Ashburn and Susan Rhodes; tennis manager, Lucille Hill; volley ball manager, "Red" Ashburn; horseshoe manager, Susan Rhodes.

Ionian: President, Pauline Harvella; vice-president, Gwendolyn Gross; secretary, Mary Emma Harwell; treasurer, Gertrude Sellers; volley ball manager, Lois Raines; tennis manager, Abbie Nichols; horseshoe manager, Thelma Barnes.

Max Baer was knocked out by Joe Louis, Detroit negro, in the fourth round of their heavyweight bout in New York, but a check on timing made with sound effects of the match showed that Baer should have taken only a count of four.

## CARPENTER'S CHIPS AND SHAVINGS

By HAROLD CARPENTER

In starting this column I wish to say in lieu of my contemporaries, Barrow and others, that I do not expect to make a masterpiece of it, but rather, give you a worms-eye view of life in our college towns.

I see that our old friend Barrow is going to give us some more oats this time—from the nose-bag. No insinuations attached, Bear

I see that our friends, Steed and Jones, are up to their old tricks again, you know, fooling people. They are working for Coach "Steve."

Seriously, however, I am for the work strong. I mean for the boys under Coach. Because they are fixing the tennis courts real good and I do like to play on good courts.

The laugh is on "Rat" Mathews. He woke up the other morning and so as not to disturb the upperclassmen in the adjoining rooms did not turn on the light. When he tried to lather his face to shave he had a great deal of trouble because the cream would not lather. Snap! went the light and poor Mathews found his face covered with tooth-paste. Moral: Use a flashlight next time

It seems that Dr. Weishaupt's bug-hunters have exterminated all the insects around here except the mosquito's. I vote that some one start collecting those buzzing pests.

Here of late I can't get up early enough to be first in line for break-

## WELCOME TO NEW STUDENTS

Members of the Teacola staff extend a warm welcome to all new students. We want you to know that the Teacola is your paper. Contributions are welcomed. Be certain to get a copy of the Teacola each time and read it carefully.

## Demand is Great For Extension Work

Thirty-two extension centers were organized by the State Teachers College last year in fourteen counties. It is stated by A. C. Shelton, Director of Extension, that approximately forty centers will be organized this year in sixteen counties. The demand for Jacksonville extension courses is running hand in hand with the great demand on the part of teachers and prospective teachers for resident work in the institution. Courses are available in history, English, geography, education, psychology, and physical education.

fast, so I think I shall camp in the "shack" until cold weather sets in.

I wonder if my dear friend "Foister" will ever be the same again. It seems that he has only Rocks and Fords on his mind when he starts any place.
