State Supervisor of Health and Phys. Education Speaks

Miss Jessie Garrison, state supervisor of health and physical education, was the guest speaker at assembly Friday morning, June 12. School had never before honored its desire to engage 55,000 school children of the state as she estimated that each of the 11,000 upper students would touch the lives of 50 children in the schoolrooms of Alabama.

Miss Garrison emphasized the importance of health in order that every child have the very best education in the function of physical, mental and social life, and urged all students to watch the vision of the possibilities in the field.

Teachers have been on advance and are running the news of medicine, and medical science has been published in various journals. The human objective must be taught and administered by adequately trained and properly supervised persons.

The speaker pointed out the goal of our physical education as perfectly functioning, human beings being the capable members of society with high standards of living, and said that if we train the objectives it must be taught and administered by adequately trained and properly supervised officials.

What’s The Matter?

On all sides we hear complaints about the high cost of living, the daily wage and the fault-finding and, rarely, a constructive criticism. The general opinion is that there is too little. That thing is too full of little things. If I don’t care, I don’t care — I want something funny or, “Too much nonsense and foolishness.” The matter is new. The staff goes ‘round and ‘round and can’t decide where to come out.

Now, we’re looking at a log: we don’t know what policy to follow. “The log in the way of the school’s progress” is: “Are they doing something better than the boy or girl who sits there?” That statement is true.

Leading up to this, if you have a friend who cares about the school, you think the Tecola should adopt, write it up, sign it or not, as you like. Let us bring the city by the office or drop it in the box in the great news. Several representative criticisms will be published, and we shall see what we shall see.

Dr. Daugute Attends Conference

Dr. C. W. Daugute attended a conference of Teachers College at Montgomery Tuesday night, June 10. He attended a conference Wednesday, June 24 at Montgomery, with Superintendent Keller.

Spring Quarter Roll Announced

18 Freshmen, 50 Sophomores, 14 Juniors and 10 Seniors Score

ALUMNI DOINGS

As we have no official alumni publication, it is desired that the Tecola fill that office in so much as we are asking that the Alumni write in occasionally to keep in touch with the alumni. We will be in touch with Ms. McElveen, 1920.

Harold Carpenter is the Alumni reporter on the campus, and you may write either to him or to me at 2909 Col. McElveen, 1920.

Surprise Party

Tuesday evening at six o’clock Carson, Miss McCallie, was called for a surprise party. Miss McCallie received her invitation in the form of a poem from Mrs. Mehrtens, who also attended the party. The party was a small one, and all enjoyed themselves.

Girls’ Glee Club

The following are members of the Glee Club for the coming year:

Soprano: Lorraine Perch, Mrs. Zona Ross, Alice Peterson, Eleanore Atchison and Jewel Jackson.

The Glee Club furnishes excellent opportunity for fun and fellow- ship in addition to actual study. The Glee Club is organized so that it is possible for any member to be capable of participating in both fun and study.

Benning & Bennett Accept Positions

Benning Browning, Millikere, was accepted as the position in the Training School for Juniors and Sophomores, R. V. T. F. Boys from Clounce.

Benjamin R. Johnson, of Outback, was seen in this week's issue.

The Club body and the annual meeting.

Pause Party

Friday evening from 6 to 9 the members of the History Club were entertained at 506 North Lakes. Boxing and swimming were enjoyed by members of the party. The Club was served with a picnic supper.

CAMPUS POLITICS

Contrary to the situation on most campuses, it should be decided desirably “true politics” and, in the public interest, the TEACOLA shall be open to the public by the opposing society spokesmen, shall be allowed.

Thus: candidates shall be nominated first by campus organizations, notably the Calhoun and Morgan Literary Societies. Then, in class meetings, they will be the independent nomination, following which an interval of at least one week shall follow before the general election.

The voting, procedures, particularly in the Freshman class, will permit the members to know the candidates better, and to judge their better in the voting.

WHAT IS EDUCATION?

Many volumes have been written on the subject of education and what constitutes an educated person. We now have certain subjects prescribed in our courses of study and assume that a person is educated if he makes passing grades on a certain number of subjects. It is our fear that we have taken six courses and there is one that we have not been trained to master the contents of the text books that they are failing to learn about some subjects in life. Much good education can be gained through listening to instructive lectures and through reading good books and magazines.

The question of that lecture on Dental Hygiene which was given in the spring by Dr. Young of Aniston was a real treat to the student body. Those who failed to listen to this lecture with interest and attention are losing of worth-while information which should be passed on to the children.

Thursday and Friday

The most praiseworthy thing the movies have done in years is to bring about the classics that have been filmed recently. Ouida’s “Under Two Flags,” with Claude Courtel, is the adventures of the famous French seaman. Victor McLaglen and Rosenda Russell is one of the latest and greatest. We know that you have not seen Rosenda Coleman’s incomparable performance in “A Tale of Two Cities” which was not missed “Under Two Flags.”

Saturday

“Exclusive Sixes” features Francis Tone and Made Evans.

Monday and Tuesday

Beach Ball and “Julia Leflore” comes to the screen with important roles acted by Tom Brown and L. E. Carrier.

Wednesday

Bank night again and “Fata’s Lady” is a delight for the actors and Wal- ter Pidgeon, the dream.

Thursday and Friday, July 9 and 10, “Reprise,” starring Jeanette McDonald and Nelson Eddy, is a picture that won’t fail to please. The reviewer has seen it twice.

through the cooperation of the physical education and science departments. Each day of this educational week has been featured by several interesting speakers and programs. The purpose of the week is to draw attention to the importance of health to personal appearance and of a good personal appearance to a positive frame of mind.

Dr. Weishaupt Opens Series of Educational Programs Featuring Personal Appearance and Health Campaign.

Head of Practical Arts Department Spoke at asynchronously Friday morning, June 26, on the value of food in producing energy, its importance in beauty, and the use of care and judgment in selection of food for maintaining, reducing and increasing weight.

Dr. Weishaupt’s address to the faculty and student body was the opening ceremony of a series of all programs featured by the faculty focusing upon the personal appearance and health campaign.

What Is Your Score?

The Health and Physical Education Department suggests this standard for good appearance:

Personal cleanliness
Hair, teeth, hands, nails, body
Neatness, appropriateness, attractiveness, good condition of the clothes worn
Posture
Walking, standing, sitting
Appearance of Health: Physical and Mental:
Cleanness, correct weight, vitality
Hair: Qualities: Cleanliness, smoothness, strength, sociability, pleasing manners, consideration of others

Aniston Dentist Guest Speaker at Assembly

Dr. E. C. Young, dentist, of Aniston, was the visiting speaker at the assembly Wednesday, June 29. Contributing to a series of talks on health during the person-to-person health campaign, Dr. Young talked on oral hygiene.

Dr. Young pointed out the value of teaching children in the elementary grades how to care for their teeth, and urged students present to pay particular attention to teaching such hygiene as they got and take action as members of the class that he said Dr. Young.

French Club

The French Club met at Bible Graves Hall Thursday evening, June 25. The program consisted of a presentation by Gay da Maupassant by Ivy Powell and a story, “The Diamond Necklace.”

The French Club, which is one of the many student clubs at Jacksonville is proud of its large membership and the splendid work that they have done for the faculty. At present a study is being made of important Frenchmen; past and present work having been discussed at a former meeting.

Visitors are cordially invited to attend.

The early morning chant of "washtubmen," will be heard no more from Liza Lee. She has gone, we're sure, to the place where all good darkies go. Faithful until the last, never forgetting whose shirt was whose, and who had paid his dues, Old Liza will have to worry no more about her "shoes" that kept her alive for the past few months. No more will some low dogs, who can't restrain their cheating in- stinct ever at the expense of a faithful, hard-working old black washtubman, distress her. She has gone to the place where clothes don't get dirty, and where faithful old washtubmen may sit in the shade.

But maybe Liza won't be happy with no clothes to launder. Maybe she will knock at the portals of the pearliest mansion of them all crying, "washtubman," and I am sure that the Son of God, Himself, will answer the cry and see that Forsey Hall's old washtubman, bless her heart, will get the choicest laundry of all.

Soft Ball Varsity Formed

Coach Stephenson's Soft-Ball Teams

The soft ball players of our school leagues are becoming so good that Coach Stephenson is looking for outside competition. He will probably arrange a team to play a night game in Ansonie. The American Legion, the Western league, and the Ansonie league will furnish the opposition. According to Coach how our boys compete with outside teams, he will probably schedule games with Piedmont and other good teams.

The boys who look like varsity material now are: Hill, West- breaks, Barnett, Carter, West, Lo- gan, John Baker, "Black" Wilson, Crawford, Waters, and Shbert. These boys will be pushed to hold berths on a varsity team by sev- eral other outstanding players.

Soft Ball League reaches a cru- cial stage with two teams in the Eastern league fighting it out for top honors. They are teams No. 1 and 3. In the western league there are also two teams fighting it out; they are 2 and 3.

The best game so far this sea- son according to lots of people was the one in which the Old South northwest, Arthur Butler (No. 3) set the high flying DalHubb bunch down with two meaty hits and beat them.

J. S. T. C. Swimming Pool

The swimming pool seems to be the most popular spot on the campus during this hot season. We all feel that this popularity is not due entirely to the weather. No doubt, it has a lot to do with the beauty so skillful a skip that when she passes the pool and sees the array of many beautiful sunbathers.

If these guards' efificies com- bined with their beauty so in- danger. "Clark Gable" Carter- head puts the list as a drawing card in the English Department, and personality is a personality that is a spark that makes the pool a success. Our pool ain't going to com- pare with Carter for beauty, but the students can't resist not with such a nice fanny. Then we have "Dusty" Carter who is a drawing card to several of our boys. "Tall" Dod, Walls and Crane can't be overlooked.

There is no show again that she is a good chooser, and we are sure that the pool will hold its place as the leader of campus activity.
