Whaley Addresses History Club

Review Important Decision of Supreme Court

Review important decision of the Supreme Court, Dr. Otie Whaley, recently adduced to the J. S. T. C. Board of Trustees, the department of history and other social studies, was the speaker before a group of faculty mem- bers and students and students at an important decision of the Supreme Court. This was Dr. Whaley's first appearance on a college program since coming to Jacksonville in September.

Dr. Whaley's discussion of some vitally important decisions of the Supreme Court emphasized the powerful authority of the tribunals. He pointed out that the body may act aside laws passed by Congress and states when they are considered vexatious. In the case of New York, Constitution, and referred to the court's authority to decide the ap- plication of Federal laws. He dis- cussed the personnel of the court, touching briefly on the cases of Chief Justices Hughes and his associates.

One of the interesting decisions discussed was the New York Milk Control suit, the one that determined the constitutionality of NRA price fixing.

Mildred Shepard discussed current events, giving a resume of the week's news, foreign, national and state.

New members added to the club included Dorothy Barber, Edith Barber and Iris Dodd.

LETTERS TO THE EDITOR

Dear Editor: Will you please enlighten me on a certain subject which I have heard discussed rather freely for the past two days? Why are the students not trying to save the new grand piano?

The situation is not so elemental as that someone is wearing the wrong shoe. Or possibly that they are being so enamoured of numerous coves in not being allowed the use of the piano.

I have read the notice on the piano, and realise the importance of restraining one's impulses to play books, alt, or tap dance on its glorious polished top, but I continued that it would be to the under- standing of our organization that the students are allowed a more direct interest in its affairs. If so, then it happens that this rat is an "off" and in forbidding the shar- ing of the coed's" only privileges, he also, in effect, encourages the jazz much more than from the grand to the tin pan. Believe me, being a rat, I am not supposed to, but I think that we should differentiate somewhat between a piano and a pair of glass.

Sincerely, "FROSIE."

Mrs. Dana T. Davis has returned from Chattanooga where she attended the wedding of Miss Rhoda Turner, wife of Catherine Dana Tatum, to Freder- ick Mason Deiring.

KALHOUN KAPERS

What Calhoun met Mrs. Love in the hall while dashing to his room draped in a towel?

 Who is the Calhoun boy who is trying to organize a class of Social activities on the campus?

Who is the Calhoun girl who frequently spends weekends in Ansonia?

Why is it that a certain Calhoun girl pulls her shades down every night?

Why has a Calhoun boy a habit of losing his key and climbing in his window only to find his key there when he left it the original to the front door?

Who is the Calhoun girl who parades around after night with a flashlight staring everybody?

Why does a certain Calhoun girl call another Calhoun girl banana?

Why do two Calhoun boys persist in wanting to know how the row got out of the pasture?

Why does a certain Calhoun girl refuse to dance with another Calhoun when "Sugar Blues" is being played?

What Calhoun boy while away on a football trip sent his girl a card which everybody read before she did?

What Calhoun girl would in a hundred years do a natural white and kind heart, but not have the art of radiating courtesy and kindness.

No one can be too friendly under the circumstances.

Teachers Unleash Devastating Attack to Down Aviators

Baker, Hudson Star in Peninsula Battle

(The Peninsula Journal) Paced by a swirled-chipped back, Johnnie Baker, and "Red" Hudson, the star men, who were outstanding performers at Legion Field, the Jacksonville State Teachers College from Alabama drowned the Naval Air station, 33 to 13.

With one of the best blocking teams seen against the Navy this season, the Teachers improved their worth as ball carriers. Fine blocking and tackling were supplied by a swift backfield led by Johnnie Baker, who accounted for the first touchdown. His running mate at fullback, Colvin, churned up two touchdowns and an extra point. Small-barking Maxwell at quarterback handled the ball well, too, with the touchdown pass to Britton, left half, and booted one of the extra points.

CLIFTON LEADS NAVY

This was again led by Coach "Jumping Joe" Clifton, who scored one of their touchdowns, while Captain Austin, right tackle, scored the other six points on a surprise play.

The State Teachers opened with the reception of the kickoff of a 10-yard punt from their own 40-yard line to a touchdown on seven plays. Baker went over the left line for another touchdown and Colvin reached the extra point. They scored a second minute later on a fine pass from quarterback Maxwell to Britton. But the extra point was missed by Maxwell.

At half time the Teachers rolled up five first downs in the first quarter alone for the Navy, who went minus their leader, Clifton. With Clifton in the lineup in the second quarter the Navy squelched the scoring attack of the Teachers in a drive to one first down and one touchdown, while they countered with their own quick, 48-yard reverse play from their own 30-yard line. Maxwell, left end to tally the third touchdown, and Maxwell running past Britton, a wingman, for the extra point.

TIDE TURNS

The tide was turned in favor of the Navy in the third quarter when they recovered an Alabama fumble in midfield. From here, they drove down the field on four plays and scored on a 45-yard run by Captain Austin.

We are inaugurating our publication of home-made photos with this issue this week. The photos above were made by Hannah Johnson.

Jennie Ford had as her guests at Weatherly Hall Sunday her parents, Mr. and Mrs. T. F. Ford; her sister, Mrs. Joe Germany; her brother, Byron Ford, and her friends Miss Joe Simon, Miss Fannie Henderson, Mr. Alfred Pearson and Dr. and Mrs. Guy Kennedy, all of LaFayette.

One plugging by Joe Clifton and Schmolek on a fake play Schmolek lost the ball in the line and Country Austin recovered it in the middle, carrying it over for their first touchdown. Clifton recovered the extra point by giving through the line.

Both the Navy and the Bunnys faced in the fourth quarter. Clifton drove the ball almost single-handed from midfield over the goal line. Colvin, of the Teachers, intercepted a pass, making the longest run of the game during the fourth quarter, running the ball from his own 20 to the Navy's 30, which was being forced back. The Navy ran up nine first downs to 1 for the Jacksonville boys. Both teams were penalized five yards and each team had two passes intercepted.

College Classes To Vie For Volleyball Supremacy

Tournament To Be Held In Kilby Hall Tuesday Night

Tournament competition for the Class Volleyball championship will be held in Kilby Hall Tuesday night according to a recent announcement by Coach Julian Stephens.

Seniors, Juniors, Sophomores and Freshmen will take the floor in the "Kilb and Boost" racket for the 1936-37 honor. The various freshmen aggregations will have their run-off for class supremacy Monday night just in order for their entry in the drawing set.

The "Rats" will rule small favorites to cop the crown due to the fact that they have been playing the game throughout the quarter, whereas the other sexes have not. However, all the classes boast nifty combinations and the result will be in doubt until the final whistle.

All conflict meetings will have been cancelled and a large crowd is anticipated for the games.
