EAGLE-OWLS FACE MARION TODAY

Dr. Daugette Tells Axis Club of J.S.T.C. Record
About one-sixth of all the teachers in Alabama's public schools, a total of more than 40,000 teachers, have been trained in the instructional methods used by the club on the occasion of Jacksonville's first training. The number of teachers in Alabama was not disclosed, and pointed to educational leaders in Alabama who were receiving training at Jacksonville. The subscription was founded in 1886.

Speaking of contributions to education in the immediate vicinity of the college, Dr. Daugette noted that 11 county superintendents of education in Alabama were represented at the meeting, and pointed to educational leaders in Alabama who were receiving training at Jacksonville.

Leaders in Education
Dr. Clarence Hixon, head of the English department at the University of Alabama, noted writer, also Dr. C. R. Bayard, head of the English department of Northwestern University, Chicago, Ill., who is a member of Jacksonville's faculty; Dr. E. B. Fannell and John G. Foy, of the University of Alabama, were educational leaders pointed to by Dr. Daugette in citing the leaders in the state.

The college's guests are now making a tour of the state. When founded in 1883, its assets were only $18,000, Dr. Daugette declared.

Other notable contributions of the town of Jacksonville, membership in the club were made by U. S. Senator John T. Mor- gan, Judge W. B. Bowden, About Judge of Lafayette, former Congress- man, C. G. Daugette, Jr.; Fred Guiley, tax collector of Cal- houn and five others whose distinct- tings record in the state, are important only to that of the Lee Family, Dr. Daugette declared.

The Polls who so distinguished themselves in the Confederate Army and state were the General, Major General H. H. Forney, Brigadier- General W. H. Forney, congress- man, for a long time a resident of this district; Lt.-Col Peter Forney, Ma- jor George Forney, Capt. John Forney, Dr. Daugette recalled.

Interesting historical bits about Jacksonville were included by Dr. Daugette. Jacksonville was the naming of the town in honor of General Andrew Jack- son, long time a resident of the Big Spring, source of the town's water supply, during his campaign to subdue the Indian in 1813-14, and that the town grew from a trading point, which was founded about two miles from the present site of the town.

Mary Lee Green, talented Ash- lian Miss was elected secre-tary-treasurer. Henry Lee Green was re- named to the responsible post of Juniorstatic representative on the Undergraduate Social Committee. Alexia Carter was named reporter by acclamation.
