

HOWARD TO MEET TEACHERS MONDAY NIGHT

Curriculum Parley Slated At Jacksonville on February 16

DR. CAMPBELL COMING FOR BIG CONFERENCE

Two conferences on the new curriculum proposed for teachers' colleges, high schools and elementary schools of Alabama will be held here at Jacksonville State Teachers' College the afternoon and evening of February 16 by Dr. D. S. Campbell, noted educator of Peabody College, of Nashville, Tenn.

Both the faculty and Dr. Campbell will enter into discussions of the new curricula plans. Dr. C. W. Dauge, president of the college, will preside over the meetings as chairman. Dan C. R. Wood is chairman of the J. S. T. C. faculty committee on the new curriculum and is a member of the Alabama Curriculum Committee and the Central Steering Committee of the Alabama Curriculum Committee. Dean Wood and other members of the J. S. T. C. curriculum council met with other members of the Central Steering Committee, composed of representatives of the state other teachers colleges committees, in Birmingham recently to study proposed changes in curricula.

THREE DELEGATES TO NASHVILLE

Three delegates to the Southern convention of the International Relations Club have been elected to represent Jacksonville State Teachers College.

The trio, R. P. Steed, Pete Mathews and Grace Barnard, was chosen by the International Relations and Geography Club of the college this week, as the college's delegation to the convention to be held in Nashville, March 4 and March 5.

Steed, a junior, is president of the Jacksonville organization. Three alternate delegates elected were: Malcolm Street, Charles Hallman, and Avon Edgar Jordan. Hallman attended last spring's convention held at the Alabama Polytechnic Institute, but none of the other five has ever attended such a convention.

Mrs. T. L. Gallant, Mrs. Tom Philips and children, of Decatur, were guests of Bernice Gallant.

FLASH!

The subject for the annual Society - Debate was announced today by the Morgan team. The subject is: Resolved, "That the National Labor Relations Board be empowered to enforce arbitration of all industrial disputes." As we go to press, the Calhoun speakers have not yet decided whether they will defend the negative or the affirmative. The Calhouns have their choice of sides this year.

SPRING TERM TO OPEN MARCH 14

Many Teachers Expected To Enter at Middle of New Term.

Faculty members are fast getting everything into readiness for opening of the Spring quarter, or term, of Jacksonville State Teachers College which will open March 14, Dr. C. W. Dauge, president, announces.

New courses are to be offered in all subjects, so that anybody entering at the opening of the quarter may start at the front and go through courses from cover to cover. Faculty members are busily preparing schedules in the new courses, as well as those already under way.

Many new students are planning to enter the college at the opening of the new quarter and at the middle of the quarter, which they can go into, getting college and certificate credits without finding themselves behind in classes, says Registrar A. C. Shelton.

A large number of teachers are expected to enter J. S. T. C. at the middle of the Spring term, after their terms expire. Work in the last six weeks of the quarter and in the summer sessions will enable them to get very valuable credits, after their schools end, and before summer school closes.

Those interested in enrolling at that time are invited to write President Dauge and Registrar A. C. Shelton to work out their plans for coming to school.

CURRICULUM CHAIRMAN

DEAN C. R. WOOD

Dr. C. R. Wood, J. S. T. C. dean, is chairman of the J. S. T. C. committee on the new curricula and with Prof. E. J. Landers, head of the department of education, represents the college on the Alabama Curriculum Committee now engaged in working out new teaching methods for colleges, high schools and elementary schools of the state. A conference on the new curriculum is to be held here February 16 by Dr. D. S. Campbell, of Peabody College, with the faculty and faculty committee headed by Dr. Wood.

Miss Catherine Savage visited at her home in Pell City over the week-end.

Speakers Selected For Annual Debate

Debaters for the annual renewal of the traditional debate between the Morgan Literary Society and the Calhoun Literary Society, which is yearly the biggest event on the Jacksonville campus, were selected at the tryouts in Bibb Graves Hall recently by the faculty committee on debating.

Pete Mathews, veteran of two Morgan-Calhoun battles, was once again entrusted with the responsible number one spot for the Morgan team. Mathews will have for his running mate in the number two position, Lee Jones, a senior from Heflin, Alabama. Selected for the "Silent Partner" notch as third speaker was the talented Anniston freshman, Otis Matison.

Malcolm Street, first speaker on the winning Calhoun team last year, will again oppose Mathews from the first speakers' position. Street will be ably abetted by the second speaker, John Harbor, Piedmont freshman. Harbor won the second spot in a hair line decision over Acker Vanderford, Piedmont, who got the nod from the committee for the important third spot.

One of the chief features of the two teams this year is the fact that three of the six members are freshmen. This is decidedly contrary to the usual state of affairs. In the 1937 imbroglio, nary a "Rat" was on the squad when Mathews, Bailey, and Baker opposed Street, "Farmer" Brown, and Edgar Sanders.

Exact date for the big debate will be forthcoming shortly, and the subject for argument will probably be made public before we go to press.

The tryouts this year were held jointly setting a new precedent in the matter. A complete list of those trying for the teams follows: Morgans—Pete Mathews, Otis Matison, "Ty" Robertson, Lucille Weaver, Lee Jones, and Benny Steinberg. For the Calhouns—Smith Thompson, Malcolm Street, Acker Vanderford, Chadwick Thomas, Aaron Hand, and John Harbor. Faculty members—Hendrix, Calvert, and Luttrell served as judges. Dr. H. B. Mock was unable to be present.

STATE BASKETBALL SUPREMACY AT STAKE

J.S.T.C. CAGERS FACE SNEAD IN GYM TONIGHT

Rivals Clash Here at 6:30 P. M.

Continuing the season schedule against college competition, Jacksonville Teachers basketballers will battle the Strong Snead College aggregation on the local floor tonight at 7:00 o'clock.

The Snead team is rated as the best in the history of the institution, and a real battle is in prospect tonight. In Bishop, former Sardis star, and Bruce Wilder, the Praying Parsons will show two real cage artists. Snead recently tamed the strong Goodyear club in Gadsden, and hope to put the proverbial bee on the Teachers tonight.

Coach J. W. Stephenson will open the contest with his regular contingent of Plunkett, Buford Caldwell, Brooks, and Machen in an effort to continue the teams victorious march against college competition.

The game should be one of the most attractive of the year.

Physical Education Department Presents Program Over WJBY

Continuing the State Teachers' College's weekly radio program over Station WJBY, the Physical Education Department of the college presented "Campus Interviews," a fifteen minute program, Tuesday, February 8. The informal interviews were intended to give the public an inside view of the wide range of physical and health activities at college.

The roving microphone was manned by Malcolm Street. Others on the program included Oleta Argo, Jerry Hulsey, R. P. Steed, Adrian Haon, Mary Walker Easley, Racheal Wheeler, Lloydene Franklin, Braxton Lecroy, Ellen Driskill, Tilda Cox, Maude Thomas, Bernice Barnes, Lamar Triplett, George Griffin, "Snooky" Cowart, and others.

Another in the series will be sent by the History Department under the direction of Dr. Chas. Cayley, Tuesday, February 15, at 3 p. m. Arrangements have been made to have the college radio system working at that date in order that all students who so desire may listen to the program.

Kimsey To Give Tests To Students

Dr. Kimsey, Calhoun County health officer, will be on the Jacksonville campus today for the purpose of giving diphtheria and tuberculin tests to the students. The tests are to be given free to the college students, and everyone is urged to avail himself of the opportunity of taking them.

By Malcolm Street

Basketball fans from this entire section of the state will converge on Killy Hall in Jacksonville Monday night for a renewal of the heated court rivalry of the Teachers and the highly-touted Howard Bulldogs. From all corners comes the word that a packed house will be here that evening, and you had better come early if you want to get a seat, observers warn.

The Howard College team this year is being boosted as one of the foremost cage arrays ever assembled within the confines of the State of Alabama. Bowling over all opposition this season with the exception of the Original Celtics, Billy Bancroft's five has amassed an enviable record this year. Smearing all Big Five opposition, the Dogs have shown clearly that they have what it takes in the basket ball way this year. Jacksonville's 34-31 victory over Howard on the local court last year was a bitter pill for the Birmingham team to swallow, and Bancroft and his proteges are sworn to seek revenge on the Owls Monday night. Whether they can get it or not remains to be seen.

BAKER, TURNER TO SHOW

Howard returns here with practically the same squad as last year. The lone newcomer on the starting five will be the classy Cheese Turner, former Piedmont High all-state ace, who is manning a guard berth for the Bulldogs. Local fans have not forgotten Turner. Conceded by reliable experts to be the brainiest prep school player ever to step on the local gym floor, Turner thrilled tourney fans here in 1936 by his marvelous play in the district meet. Yes, folks, he can go, and his deadly long shots will be a problem for the Owls to cope with Monday night. Only a soph, Turner was rated small chances of crashing the Howard lineup this year, but his 44 points in the last four games shows that he definitely has his eye on the basket.

Opening at center for the visitors will be the lanky Brutus Baker, a real star. Baker is a former Phillips High luminary and for the past two years has been rated tops. Best at taking the ball off the boards, Baker is also a scorer deluxe. His six feet-four inches should stand him in good stead for the big tussle. At the forward posts, Howard will shoot the sensational Howard Burks and James Gurley. Burks has been running wild in games thus far this season. Ben Browdy or the diminutive Dave Telford will probably get the call at the other guard post.

TEACHERS STRONG

Coach Stephenson announced today that his entire squad will be in good shape for the crucial fray. The Snead battle tonight should sharpen the shooting eyes of every squad member. Big guns in the Jacksonville lineup all season, "Fats" Caldwell and Emmett Plunkett are being counted on to poke the ball in the hoop consistently Monday night. Plunkett is leading the team in scoring this season and Caldwell is running a

THE HOWARD GAME

On Monday night next, the Jacksonville State Teachers College cage team will face the powerful Howard College five in Kilby Hall. Details of the game will be found in other sections of this edition. The fact that the game will be played is a news story. This is an editorial.

The students of this college pride themselves on being patrons of anything worthwhile. The students have often said that they will patronize anything that is good. They have the opportunity to prove this fact Monday night. Basketball is one of America's greatest sports. It is a sport which is played all over the world. Good basketball is really worth watching. The athletic authorities have arranged to bring to the campus Monday evening what is conceded to be the best basketball team in the state of Alabama. That is, Howard will be generally regarded as the best if they can hurdle the tall Teachers Monday night.

In the game of basketball, Jacksonville State Teachers College can hold its own with colleges of its classification. Undefeated by college competition on the home floor since early 1936, the charges of Coach Stephenson have compiled an enviable record. The coming of Howard next Monday looms as the turning point in the basketball destiny of our college. If Jacksonville can repeat her 1937 victory over the highly touted Birmingham aggregation, she will be rightfully recognized as tops in the Alabama basketball world.

You say "Well, what can I do about it?" You can do this. A large and enthusiastic cheering section will help the Owl cause more than those tip-ins of Caldwell under the basket. Yes, support is what the boys need. They will be facing a herculean task, and you can make it easier for them by being at that game Monday night. It will be a credit to you individually if your basketball team can win that game Monday night.

We do not believe that any Jacksonville student will stay at home and neglect his duty. Don't change our minds.

A MEMORANDUM ON STEPS IN A TEACHER EDUCATION CURRICULUM PROGRAM

Editor's Note: Due to changes and proposed changes in curricula for public schools, and elementary schools now being worked out by Alabama school authorities and the authorities of many other states, a complete summary of the methods, means, discussions, and ideas of the educational leaders working out these new curricula plans is set forth below, from speeches and discussions of J. S. T. C. leaders and other educational authorities of the state.

A comprehensive and complete summary and review of the new curricula plans and ideas is contained herein, one of interest to all sincere students of education, which most readers of The Teacola are.

The summary and review follows:

I. Orientation—Developing a Point of View.

1. General Education.
 - a. Survey of life in the region.
 - b. Survey of changing American life.
 - c. Analysis of meaning of democracy.
 - d. Analysis of the nature of the learner on the college level.
 - e. The foregoing yields a point of view on the general education of the teacher.
2. Professional Education.
 - a. Analysis of the nature and function of the public school.
 - b. Determining the relation of the teachers college to the public school.
 - c. Analysis of the nature and function of the training school.
 - d. Determining the relation of teachers college to the training school.
 - e. Analysis of changing conception of the curriculum.
 - f. The foregoing yields a point of view on the professional education of the teacher.
3. The foregoing yields a social and educational point of view on the education of the teacher.
4. The study must be carried further in order to get a preliminary view of—
 - a. The scope of the curriculum.
 - b. The sequence of the curriculum.
 - c. The learning unit.
 - d. The learning environment.
5. The Nature of the Study Program.
 - a. The principal phase of the study program consists of discussion meetings. These, however, should be based upon preliminary thought and study. To facilitate this, study sheets should be distributed in advance, containing:

- (1) Study questions.
- (2) Bibliography.

- b. It should be borne in mind that other projects related to the comprehensive program can be carried out by individuals and groups in each college. Each project should be reported in mimeograph form or presented orally to the whole faculty.
- c. Critical study of outstanding schools in action.
- d. Study of the literature of outstanding practices in teacher education.
- e. The social survey of the region.

II. The Organization of the Curriculum: Its Scope and Sequence.

1. The Scope and Sequence of General Education in Outline.
2. The Place of Special Interest in the Program.
3. The Role of Subjects in the Curriculum.
4. The Scope and Sequence of Professional Education in Outline.
5. Developing each area in detail.
 - a. The use of survey data.
 - b. Gathering additional data.

III. Planning Administrative Adjustments to the New Organization of the Curriculum.

1. What shall be the basis of selecting students?
2. How to organize the faculty for general education.
3. What plan of organization will relate fields of knowledge to area of living.
4. How organize the faculty for professional education?
5. How organize the professional learning activities?
6. How organize the education of teachers in-service?
7. How organize the directed teaching program?
8. How organize and conduct the laboratory school?
9. What changes should be made in the work schedule?
10. What plan for coordinating guidance?
11. What plan of students records?
12. What plan of student government?
13. Should apprenticeship in educational and industrial work be included?
14. What cooperative arrangements can be made with other cultural agencies?

IV. Developing the Learning Procedures of Units in the General and Professional Education of Teachers.

1. Determine the criteria of good learning procedures.
2. Develop and tentatively plan the informational content.
3. Develop and tentatively plan the suggestive activities.
4. Experiment with new learning units.
5. Incorporate the foregoing in a guide to teacher education.

V. Adjusting the Learning Environment to the New Curriculum.

1. What is the need for equipment and supplies?
2. What constitutes a satisfactory work room?
3. How may the community be used for learning?
4. How to use the actual college enterprises for learning?
5. How may the campus be used for learning?

VI. Putting the Whole Program into Practice on an Experimental Basis.

1. This phase lasts from one to several years depending upon the readiness of the faculty for change.
2. It is possible also to carry this phase out with the cooperation of that part of the faculty which is willing to undertake change.

VII. Evaluating the New Program.

1. Getting the students' reaction.
2. Getting the reaction of the field.
3. Informal observations of college atmosphere.
4. Other measures of growth.

POSSIBLE NEXT STEPS

1. Possible for several subject-matter professors to give their students free time during the week and let them work on problems—class problems or individual problems.
2. Organization of some of professional courses upon the basis of problems growing out of practice teaching, observation, or anything in the training school.
3. Let the students use economic enterprises for leading purposes.
4. Work out a program of a brief period of service in several of the social agencies—that is, work in a neighboring orphanage, work in case study, work in health department.
5. Work out a comprehensive plan of trips.
6. Instructors can take immediate steps in making classrooms attractive and stimulating work places.
7. Faculty can get much closer to schools in working in connection with state program. Visit schools for a day or a half day and meet the teachers in conferences.
8. Organize whole faculty for purpose of abstracting books and articles cooperatively. These abstracts should be made on books and articles that pertain to some of the committees' work.
9. The bulk of work in some professional courses might consist of trips to schools with conferences following these, and a study of problems growing out of a real school situation. The professional courses might be converted into laboratory courses.
10. Make arrangements whereby students go into homes of children for two or three hours. The mothers of the children into whose homes the college students have gone might attend school and get instruction from teachers who have released students to go into homes.

WE WONDER

What co-ed's beau always tells her when he kisses her, "Let that be a lesson to you." What does he think he's teaching her anyhow? Does he think he's got a new invention in osculation or sumpen or sumpen?

Was it an ocean wave that made Edgar — — — fall out of bed t'other night or did he get dizzy looking through the neck of a bottle? Hic, hic, open up another one, Edgar.

What is Sue Rhodes' favorite refreshing beverage? Would it be Coffee, or Coffee or more Coffee? Pass your cup for a re-fill, Sue.

When Lib Weaver is going to jine the army. We hear that an honorable lieutenant in our Uucle Sam's troops is about to draft her into the ranks all good women jine when they purr down the middle aisle in a wedding march with an Army man. For refernces, Lib, see Hetty Carter.

Over what Rhodes, we wonder, does Micky Pressley get her Coffee these days. Happy drinking, Micky.

Where Polly Riddle learned to handle men so well that more fellows in big cars buzz around to see her than any girl in Jaxville. Polly has this and that and these and those and must know all the answers to go with it. Pretty cars from out of town, Polly.

Where is Robert Montgomery week-ending when that long-distance operator in Livingston begins a man-hunt for him, we wonder. No findee, no talkee. Hang um up. No tellum.

Why the Calhouns showed such a surprising reversal of form to lick the Morgans after the Morgans had dosed out a shellacking in the first game of the series. Jerry Hulsey shot the bottom slam out of that basket in the second game.

We wonder why Mary Brewer so much enjoys touring in that annex to Anniston's Wilson building. Big city stuff, we surmise.

What becomes of Marguerite Fryer's "hancherkoofs." T h e y wouldn't all be gone with a puff from her nose, we know.

Captain Arnold Caldwell enjoys sleeping in a bed filled with nut hulls is something we wonder about. Nice snoozing if you can get it, Captink. Nertz.

RIFFS AND RAFFS

Duke Vaughan: What is the definition of a mullet?
Erma Burselon: The best one I can give is Red Gray.

Clara Mae: I wanna establish an island for women like you and me to live on where there won't be any men.

Mickey: What do you want to do that for?

Clara Mae: So we can live quietly and bring up our children in peace. We old maids need something like that.

Sanderson: We sure have a swell landlady. She saved me the most tender part of the chicken when I was late yesterday.

Dabbs: What was that?
Sanderson: The Gravy.

ALL OF A SUDDEN

I took her to a night club,
I took her to a show.
I took her almost everywhere
A girl and boy could go.
I took her to swell dances,
I took her out to tea;
When all my dough was gone I saw
She had been taking me.

Mary B: What's the matter, Sue?

Sue Shotts: I'm learning to skate and I fell on my hip pocket and hurt my feelings.

Otis Mattison: What rimes with Millie and Mullet?
Red Gray: Duckhead.

Rats To Stage Gala Party

All Frosh Expected To Be At Social

The quarterly social of the Freshman class will be held this evening in Bibb Graves Hall, according to an announcement by Estes Hudson, Frosh president. The party will be in the form of the play night sponsored here recently. All recreational games such as shuffle board, ping pong, and the like, will be on the slate, as well as dancing of all descriptions, Big Apple et cetera.

The festivities will get under way immediately following the Snead-Jacksonville basketball game in Kilby Hall. The party will be exclusively for freshmen. It is expected to be one of the biggest affairs of its kind ever held here.

D. A. R. REGENT VISITS DAUGETTES

Mrs. E. R. Barnes, Alabama State Regent of the Daughters of the American Revolution, was a guest of Dr. C. W. Daugette, president of Jacksonville State Teachers' College, and Mrs. Daugette, at the Magnolias, Tuesday, where her visit renewed many pleasant memories and associations of her college days, spent at Jacksonville State. A graduate of Jacksonville State, Mrs. Barnes made a visit to Dr. and Mrs. Daugette after attending the D. A. R. luncheon in Anniston Tuesday, given by the Bienville, D. A. R. chapter.

Three members of the college staff attended the luncheon as D. A. R. members from this section. They were: Mrs. Daugette, Miss Maude Luttrell and Mrs. Mary Etta Stephenson.

J. B. "Dutch" Holland, former Jacksonville student, was on the campus Saturday.

J. S. T. C. Graduate Gets High Honor

Conductor Of "Town Hall" Is Honored by Magazine

Dr. H. Clarence Nixon, Tulane professor and conductor of the "Town Hall" forums being held in Jefferson County, has been selected as one of the 16 outstanding American teachers by the magazine "Social Frontiers," it was announced today.

The purpose of the honor roll was announced as an annual testimonial to a limited number of American educators, "whose work reveals the great possibilities of the school as a progressive social force." Dr. Nixon was one of the two Southerners receiving the recognition.

In honoring him the organization which publishes the magazine commended him for "his vigorous defense of civil liberties in the South." The other Southerner chosen was Myles Wharton, of Highland Fork School, of Mont Eagle, Tennessee, United States Commissioner of Education, John W. Studebaker was among the group.

This will be of unusual interest in Jacksonville, where Dr. Nixon is well known. He was reared at Merrillton, and his parents still reside there. He is a graduate of the Jacksonville State Teachers College, and was the guest speaker at the opening of the college last September.

B. S. U. COUNCIL

One of the strongest organizations on the campus is the Baptist Student Union Council. The Council heads all other Baptist student activities. Members of the Council are: Ogburn Gardner, president; Lucille Weaver, Devotional Chairman; Avon Jordan, Social Chairman; Jessie Frank Clark, Secretary; Truman Durham, Treasurer; Ann Garst, Sunday School Representative; James Whorton, B. Y. P. U. Representative; Anne Lambert, Pianist; Braxton LeCroy, Singer; Lynette Jones, Y. W. A. Representative; Jack Davis, Enrollment Chairman; Iris Dodd, Publicity Chairman; Dr. J. P. Arnold, Faculty Adviser; and the Rev. J. Ivey Edwards, Leader.

Mrs. Daugette Presents Souvenirs

The D-Ettes held their regular meeting on Wednesday evening, January 26, in the parlor of the Daugette home. All the members were present and after a business session, a short but interesting program was presented by Kathryn Campbell and Ruth Stockdale. Another feature of the program was a delightful informal talk given by Mrs. C. W. Daugette on her recent trip to Florida, after which little Forney Rutledge Daugette presented each of the sorority member with a memento in the form of a book mark made on sea shells collected by "Mammy" Daugette on the beach and ribbons in the colors of the club. The club was adjourned by the president until the next meeting date, February 9.

Misses Naomi Bryant and Benjie Faye Hurley visited their homes in Albertville and Round Mountain last week-end.

Miss Katherine Cheatwood, of Gadsden, was a visitor on the campus Sunday.

J. S. T. C. Valentines

TO GENEVA

Your lips are 'sweet
Your lipstick's gran'
Be my valentine,
I'll be your man.
—Robert Montgomery.

TO MILLIE ANDERSON

Oh, I love cake,
And I love pies,
Come keep me awake,
With your dreamy eyes.
—Bismark Evans.

TO TY ROBERTSON

There are meetings of minds,
And meetings on trips,
But best of all meetings,
Is our meeting of lips.
—Edgar Sanders.

TO JEWEL STEED

"I'll shoot those basketball
Goals off the wall,
If for me, Honey,
You'll say, "I'll fall."
—Willie Brooks.

TO VIRGINIA SATTERFIELD

Into little rags,
I'll tear that line,
If you will be
My valentine.
—Henry Lee Greer.

TO ELEANOR McLENDON

Listen, Darling,
For you I'll score
Forty Touchdowns
Each game, or more.
—Azelle Carter.

TO RACHEL WHEELER

Sure as the vine
Grows round the stump.
If you'll be mine,
I sho' will hump.
—Bryant Steele.

TO RED TARLETON

Roses are red,
Violets are blue,
Just any guy
From Anniston'll do.
—Breeches Snead.

TO HARRY FROST

I want Frost Now
He must be mine—
I want Frost for
My Valentine.
—Willie Mae Musket.

TO GRACE ELLENBERG

All day and night
I sit and pine
Darling, please be
My Valentine.
—James Dendy.

D-Ettes Entertain

The evening of February 2 was the occasion of one of the most delightful events on the campus social calendar when Nell Tennant was hostess for the D-Ettes Sorority at an out-door party at the Magnolias.

A delicious picnic style supper was enjoyed by the following sorority members and their guests: President Meryl Millican, Truman Durham, vic-president, Lenora Campbell, Curtis Williams; Secretary Clyde Owen, Braxton Lecroy; Nell Tennant, Harry Rice; Opal Curry, Belton Massey; Elva Sanford, Milton Smalley, Kathryn Campbell, Adrian Haon, Ruth Stockdale, Robert Felgar, Grace Barnard, Wilbur Fowler, Willie Jean Blalock, Vesta Hill, Myra Campbell, and Mrs. Allie Kelly.

District High Hoop Parley on Saturday

Whether the annual district high school basketball tournament will be held the last week in February at J. S. T. C., as it has each February for several years, will be decided at a meeting to be held in Anniston Saturday, where coaches of the many teams in the district will decide where the tourney will be held, with odds favoring J. S. T. C.

Dr. C. W. Daugette, president, Coach C. C. Dillon and Coach J. W. Stephenson and Coach Horace Lee Stevenson, of the Jax High team, will attend the meeting. Probabilities are that the tournament will be held as usual.

Valentine Party

The valentine party of the Geography and International Relations Club which has become a tradition on the college campus will be held this year in the Bibb Graves Hall auditorium. The party is set for Saturday evening and will get underway at 7:30 o'clock. Each member of the organization is permitted to invite one guest.

A nominal admission fee will be charged. All members are urged to attend the party and join in the fun.

Junior Hoop Tourney Set For Feb. 18-19

Junior high schools of the northern district of Calhoun county will stage a basketball tournament at J. S. T. C. February 18 and 19, representatives of schools of this district decided in a recent meeting held in the office of Dr. C. W. Dau-

Landers, Shelton A. E. A. Delegates

Prof. E. J. Landers, head of the college's department of education, and Registrar A. C. Shelton have been elected by the faculty to represent J. S. T. C. faculty at the annual state convention of the Alabama Education Association to be held in Birmingham March 24-26. Both have represented the college at previous A. E. A. conventions.

Election of these two provides seasoned, outstanding representatives for affairs of the college. Prof. Landers, an Alabama U. graduate with a master's degree from Columbia U., has been on the college faculty 15 years.

Mr. Shelton is a graduate of Livingston, and Peabody and holds a master's degree from Peabody. He has been on the college faculty 13 years.

Jax High Five Heads For District Crown

Jacksonville High School's basketball team seems bound for the championship of this district in the tournament to be held the last week in February, probably in Jacksonville, where it has been held for several years in succession.

The Jax High Golden Eagles have won eight games and lost only three, counting among their season's victims the powerful Piedmont High Purples, Anniston High, and Alexandria High. The Lineville High club, undefeated, was to play Jax High Thursday night as The Teacola was going to press, too late to corral results of that very important tilt.

Mrs. W. H. Hallman, of Ashland, was the guest of Charlie and Lurene Hallman Sunday.

ette, president of the college. Nine schools will take part. Roscoe Wilson, of Greenwood, was elected chairman of the association of which the schools are members.

EXTRA CREDITS . . .

Are always good! They give you a safer measure of passing and a surer feeling all around. That's the way MANGEL'S feels about its lingerie. That's why MANGEL'S slips are made better even than you give them credit for being. That's their extra credit! The panties and bras have extra touches for loveliness and yet are made with strict regard for the vagaries of college laundries. You, too, will deserve extra credit when you buy your lingerie as well as your dresses, coats and suits at MANGEL'S.

MANGEL'S

SPRING FOOTBALL IN FULL SWING

New Grid System Is Installed By Dillion

A new football system is being installed, a new and zealous spirit is being fanned into flame on the J. S. T. C. campus as spring football drills hit a fast pace on the campus under Coach C. C. Dillion. Drills are being held each afternoon.

Four new promising players who will do much to strengthen the team have turned out to lend their weight and might and spirit to things footballic at J. S. T. C. as the new spirit takes hold. The four are Ralph Williams, 200-pound end and tackle; Bull Compton, 190-pound tackle; Jim Hill, 187-pound end, and Azelle Carter, halfback who is ready, willing, and able.

Williams played on the Howard College freshman team a year or two ago. He shows promise of being of much help to the J. S. T. C. line in this fall's grid warfares. Compton is a rugged, powerful chap who will help Coach Dillion solve the tackle problems inherited from departure of Robert Felgar and Forby Ford, who played most season at the tackles. Jim Hill is threatening to use his 187 pounds and six feet to win a place at end.

BETTER TEAM FORECAST

Mack Dodgen and Es Hudson are two men from the freshman line being used at ends, along with Solon Gregg. Gregg and Dodgen did good work at ends for the frosh last fall. Everette Hudson, tackle, Vester Hill, tackle; Herschel Jones, guard, Henry Lee Greer, guard; Dopey Barnes and Ivey Barnes, tackles; Guard Massey, Aaron Hand, center; Ed Decker, Murray Frederick, quarterback, Clyde Driskill, halfback, and Ed Colvin, big fullback, are players who are working hard daily, with pep, vim and willingness not seen here on the gridiron in some time. A much better team is in prospect this fall.

Lewis Machen, big tackle and end, will be shifted to fullback, Coach Dillion says. He, Emmett Plunkett, halfback, Arnold Caldwell, tackle and end, and Willie Brooks, halfback, now busy with basketball, join the spring gridiron workouts as soon as varsity basketball pressure allows them to do so.

Among the visitors to Gadsden recently were Misses Iva Briscoe, Ruth White, and Florence Sutton.

A number of Jacksonville students attended the Jan Garber dance at Gadsden's Municipal Auditorium Monday night.

MORGANS WIN AGAIN, 39 to 35

After absorbing a sound shellacking from the Calhoun five in the second game, 38-26, the Morgan basketball team came surging back in Kilby Hall Wednesday night to nose out their traditional rivals in the third battle. The score was 39-35. The third game was one of the fiercest ever waged on the local floor and was any body's game until the final whistle.

The Calhoun machine was forced to operate during the final 28 minutes of the game minus the services of Oliver, giant center, who had been the spearhead in the second game. Oliver went out in the first quarter with a wrenched leg with the Calhouns leading 10-6. After the departure of the big fellow, Compton of the Morgans ran wild over the short statured Calhouns, and the losers could never get back on the black side of the scoreboard. The Morgans led 22-17 at the half.

High scoring honors for the fracas went to the sensational Elvis Morrow, Calhoun guard who swished the netting for a grand total of 18 points. He was closely followed by Jones, Morgan guard, who found the netting for 14 tallies. Compton, Morgan forward, got 13, all of which were crisp shots under the basket. Jerry Hulsey, smooth-working Calhoun spot man, pushed in his one-handed push shot for an even dozen tallies. One of the best crowds of the season saw the Morgans take a one up lead over the Calhouns, and the five game series will be resumed in the near future.

The lineups; Morgans (39), Compton (13), and Steed (4) forwards; Gibbs, center; Jones (14) and Mathews (7) guards; Akers (2) sub. Calhouns (39), Hulsey (12) and Nabors, forwards; Oliver, center; Morrow (18) and Daniel (3) guards. White (2) sub.

Referee: Plunkett—Umpire: Buford.

DAUGETTE GIRLS WIN FIRST PRIZE

Daugette Hall, Women's Glee Club, Y. W. C. A. Winners In Annual "College Night."

One of the most successful "College Night" programs ever presented at Jacksonville was staged in Kilby Hall, Saturday night last. A large and enthusiastic audience saw a Gypsy Scene staged by Daugette Hall take the first prize. The scene was most effectively portrayed and was accompanied by some appropriate music.

"Musical Biography," stunt of the Woman's Glee Club, ran a strong second. The skit entitled "Meller Drammer," by the Y. W. C. A., took third honors. For pure and unadulterated comedy, the "Parisian Beauty Parade," sponsored by the Junior Class and presented by Pete Mathews, R. P. Steed, Malcolm Street, Harry Frost, and Bob Felgar, took the prize. When the young men came on the stage in costumes as short as your bank-roll after the first of the month, the big crowd roared with laughter. Matters took a more ludicrous trend when the improvised bosom of one Mr. Frost took a sudden notion to fall.

Eighteen campus organizations presented stunts on the three-hour program. Quite a sum of money

J.S.T.C. Varsity Going Great

Pictured above is the great basketball team of Jacksonville State Teachers College, which has lost only three games this season. The climax of the home games of the season comes Monday night when the team battles Howard for the collegiate basketball supremacy of Alabama, after they take on their traditional rivals of this season, Snead Seminary, from Boaz, Ala., Friday night in Kilby Hall. From left to right, members of the varsity squad shown above, are, in front row:

Frank Hancock, guard; Hugh Yancey, forward; Nolen Hancock, forward; and Emmett Plunkett, forward. In the second row, reading from left to right, are shown Willie Brooks, guard; Robert Montgomery, forward; Roy Buford, forward. In the back row, left to right, are Lewis Machen, guard; Captain Arnold Caldwell, center, and guard Baggett. Bryant Steele, hard-working center, was unable to be with the squad at the time the photo was taken.

The squad is one of fine, hard-working boys who possess a lot of talent. Too much credit cannot be given the squad for their successful showing against the best teams in the country and state. Plenty of laurels must go to Coach J. W. Stephenson, who year after year turns out winning basketball teams for J. S. T. C.

Latest victims of J. S. T. C.'s fine five are St. Bernard College, of Cullman, and the Bemiston Cats, strong independent five of Bemiston Bag Co., of Talladega, both trounced easily by our boys.

Rat Basketeers Whip Pell City - Douglas

Plebe Cagers Continue Winning Stride

Continuing their winning stride, Coach C. C. Dillion's powerful Frosh basketball team tripped the previously unbeaten Pell City team and the strong Douglas High five in games away from home this week. The Rats, by annexing the two frays, ran their record for the season to seventeen wins against a single loss, that at the hands of Jim Tabor's New Hope Independents.

The Baby Owls had their collective hands full in the Pell City fracas Tuesday night. The Pell City team had never been defeated on the new gym there, and the prep school boys fought to the last ditch. Jax was forced to turn on all the steam in the closing moments to win the thriller, 24-22. "Fish" Bates and Wylie led the Frosh scoring by bagging nine points each in the battle, Hurst, Pell City star, matched their score by also getting nine tallies.

On Wednesday night, the Rats had somewhat easier going against the Douglas five and won going away, 40-28. Dillion turned his long range artist, Estes Hudson, loose and the fellow hit the laces for 15 points to pace the Rats offensive. Solon Gregg, flashy forward, found the hoop for nine points to take runner-up honors. Davis, a forward, and Lindsey, guard, played smart ball for the losers.

The Freshmen combination will show before the home fans in Kilby Hall Monday night in a preliminary to the Jacksonville-Howard battle, against the Pell City team. A tough schuffle is in prospect. The game will begin at 6:30 barring a last-minute change.

was made. The proceeds from the affair will go to the Y. W. and Y. M. C. A., who will each receive about \$15.

Grading, Beautifying Campus Starts Soon

A crew of 60 to 75 men are soon to begin work of grading and sodding the campus grounds in front of Graves Hall, laying a sidewalk and other improvements, regional WPA authorities announced here recently, after conferences with Dr. C. W. Dauge, president. It will be probably the most substantial program of improving the grounds ever carried out here.

The drive in front of Graves Hall will be paved. The men will also install the new white way lights, some of which have already been bought.

LANDERS GOING TO FIVE POINTS

Professor E. J. Landers, head of the college department of education, is to hold a conference on new curriculum plans and ways at Five Points Friday night, at the invitation of Principal Satterfield. Prof. Satterfield is a Jacksonville graduate and papa of popular Virginia Satterfield, J. S. T. C. sophomore.

MORE ABOUT HOWARD (Continued from Page 1)

close second. Roy Buford will open at a forward slot opposite Plunkett and "Swede" Machen, the unsung hero of the club, and Willie Brooks will handle the guard chores.

As we go to press, dopsters still rate the game a toss-up. The Teachers are plenty tough on the home court, and their tremendous speed will make them an even money choice Monday night.

The Jacksonville freshmen will play the strong Pell City High School in a preliminary game beginning at 6:30. The varsity contest is slated for 7:30.
