To Be Here December 25th

Jax English Faculty Attends Association

Several members of the college faculty attended the meeting of the South Atlantic Modern Language Association at Birmingham-Southern College, during the Thanksgiving holidays. Mr. L. J. Hendrix, of the English Department and Dr. J. H. Jones, of the French Department, were appointed official representatives, by Dr. Daugette.

Dr. W. J. Calvert Jr. read a paper on "Lord Byron and Lady Frances"—a study in literary personality.

Dr. H. B. Mock served as secretary of the English section, a position to which he was elected at the meeting held last fall, at the University of Florida.

Others present at the meeting were: Dr. and Mrs. Frank McLean, Miss Mildred Luttrel, and Mrs. W. J. Calvert Jr.

Winter Quarter Starts Here

Monday, December Fourth

Dr. J. H. Jones Doing Great Work Here

Under the direction and guidance of Dr. J. H. Jones, the local French department has been making great strides. Each quarter this department is growing in the number of students, and a new French class was organized last week.

When the annual meeting of the Alabama Association of the Teachers of French takes place next fall, J. H. Jones will be present. With the consent of Dr. C. W. Daugette, Dr. Jones will be present.

Student Enter Hopping to Complete Year In September

Many new students registered this week, which was the beginning of the Winter Quarter, with the intention of completing a year’s work by the end of the Summer Quarter. Many students are expected to register on a reduced load on January 2. By making an average of B one quarter students entering at that time will be able to complete a year’s work by the end of the Summer Quarter. According to A. C. Shelton, Registrar and Director of Extension, it will be possible for those entering the freshmen class on January 2 to complete requirements for the class D certificate before this certificate is discontinued in 1941.

Campus improvements have been made to take care of all who enter in January.

Course in Government To Be Offered

Dr. Daugette announced Monday that a new course would be offered during the Winter and Spring Quarters in "Government." Dr. C. W. Daugette is to teach the course, which will be offered only to juniors and seniors.

Dr. Cayley stated that the course would be highly functional and intensely practical. The class will have the actual experience of running the local city government, and will have the privilege of observing the work of county government, in the office of the tax assessor, the registrar, and the sheriff.

Excursions will also be made to the seat of the state government, and to other places of interest.

The course, which is strictly laboratory, promises to be interesting, and is attracting a large number

Alabama Names Make Story

We pride ourselves upon the fact that we are a Country. Probably the early settlers of Limestone County were even more proud of their heritage than we are today. Anyone who seeks the history of our county will find their roots in a small village named Pride. Probably Franklin County is noted for its prison, but at any rate it can boast of a village, SPRUCE PINE. We wonder how it would feel to live in Green Country; there is a Pleasant Ridge there. In Limestone County we have a HARVEST that is grand. Naturally we need a hay mill for the harvest. In Jackson County noted for its history is a village called HOLLIVETERS. Calhoun with its BLUE MOUNTAIN is joined by Cherokee and所学校. Obviously it is the GRAND TRUNK that has a HOLLYTREE. Colusa with its GRAND TRUNK is joined by Cherokee and schools. Obviously it is the GRAND TRUNK that has a HOLLYTREE.

State Collegians Have Successful Season

The Jefferson College Collegians under the direction of Lisl submarine, have had a successful year. It is reported that over $125.00 was raised for the Red Cross. Engaged in a variety of activities, the group is preparing for a successful season again this year. The annual dance will be held on Friday evening, November 1st, at 7:30 p.m. in the gymnasium of the college.

Conservation Program

The N. Y. A. School newspaper, "Conservation," has been published regularly since the inception of the newspaper. It is designed to inform the students about the latest developments in conservation. The staff consists of: Daisy Waters, editor; Gladys Dunaway, art editor; Mable Naylor, business manager; Mr. Howard and Miss Hurst, typesetters; and Paulie Bullard, housekeeper.

Mention is made of the improvements at "Grandview," a new community being developed in the area. This community is located on the old railroad line and features a variety of recreational facilities. The band has just returned from a successful tour of the southern states.

College students today are both active in the local community and are involved in various campus organizations. College students play a vital role in creating a sense of community on campus and contribute to the overall atmosphere of the college. College students also take an active role in campus governance, serving on various committees and participating in the decision-making process.

Mrs. Sadie Baswell Is Awarded Honor

Mrs. Sadie Baswell, an American who will receive the degree of Bachelor of Science, is a member of the Class of 1930. Mrs. Baswell will be awarded the degree on December 14, 1939.

Teachers Make Plans For Xmas Holidays

Dr. Mayo is planning to attend the National Language Association to be held in New Orleans, La. and Mr. Calvin will attend the same annual meeting. The teachers will spend the rest of their holidays at Daytona Beach, Fla. Dr. Gray will speak at the University of Chicago, Ill. Dr. Gray will also attend the National Meeting of the American Universities and Colleges. The book will be released in Jan.

Conference At University

Catherine Redmond and Catherine Ashmore, who recently attended a conference at the University of Alabama, report that they had a wonderful time. They were impressed with the hospitality of the faculty and staff. The conference was held in the beautiful city of Tuscaloosa, Alabama, which is known for its magnificent University and its rich history.

What A Tree!

The modern idea of doing everything up in gold paper and silver seems to have come down even to the humblest custom of a Christmas tree. Mrs. Sarah McDonald of the High School thought up the unique and highly unusual idea of covering every greenery for future generations by abandoning its usual supervision.

Before her marriage to Ben Baswell, former University of Alabama basketball star, Mrs. Baswell was Miss Sadie Zackle. She is the daughter of Mrs. L. Zackle, Pella, Iowa, and is a graduate of the University of Iowa. Mrs. Baswell graduated from Pella High School in the class of 1912.

KEYHOLE OBSERVATIONS

By B. B. D.
We hear that "Fuzzy" Gregg has adopted a new theme song, namely, "Red Sails in the Sunset." And speaking of theme songs, "Foots" White was heard singing "Molly Would" the other night. And we don't think that he can take it away from us.

There is a story circulating that "Red" Brawsell has been promoted to "sweeper" boy. For further details see Carleyn Goggins and "Kay" Fleming.

Harsh look of the week: You tell them all, if you Gibbs.

Is it true that Constance Mock prefers boxing gloves to "book cords"? What's your opinion, Dempsey and McCracken?

From close observaions it seems that "Chinlin" Dopey, "Fuzzy" Wood, and "Kip" Monahan have made a very creditable showing that that more power to you, Dandy!

Clay County's gift to the civilized world, Elizabeth Pace, says, quote: "Children do come home to roost," unquote.

We heard that "Boz" Brum has moved down on "Peanut" Street.

We offer our sympathy, Ray.

It has been reported that "Little" C. C. Miller, "Screw Boll" Hinds, and "Shake up" Morton are on the water wagon again. Is there any more room boys? If there is, we have a choice seat for "Tinake" Binley (and Editor) Yokel and Ewart (and Editor) Coffee and R. K. (boys) Coffee.

Well, Merry Christmas, folks. We'll be seeing you at Grizzly Inn. You too, Germany.

Ye Olde Gossip!

Well, well, let's see what has happened during the last couple of weeks. First, we suppose, GREEN has been seeing too much of a boy from Anniston. Be careful MARTA, don't let them find it out. SARA BELL PARRISH should be learning that too many busi- ness connections will cause trouble. For instance, she has interests in "grain" grocery store and post office. She holds greatest stock, perhaps, in the post office. SARA PRAZER has a new name, namely, WUOT-TE-TOOT. A certain young lady from Clanton should wake up. Her initials are L. P. We are not sure about this, but rumor has it that the INGRAIL-SANDERS romance is on the rocks. A certain little freshman girl received her first kiss (as she stated) last week. The kiss was administered by an upperclassman boy. He is alleged to break boy record of 19 years, but, to our knowledge, he was 18. POP says that when "DICK" gets an answer from his girlfriends, the word NUN will be in order. We are all familiar with the "Tennis Court Oath". IS BISMARK trying to repeat history by taking a "Croquet Court Oath"? HILL, in a friendly manner, of course, told HUT-SON that he was too much of a "vickie," too nervous and scared to play basketball. "HUT" laughed and said that he had "too much Thanksgiving" to play well. What did you do, "Jug E."? It is a fact that F. MOON and M. N. PATTERSON are becoming real artists. It is being said that "JAILBRID" Gray managed to smile behind the bars. Gee! HOLLAY wrote a note to HELEN EDEN saying, "See me about going to the show tonight. Anyone willing to take a wonderful chaperone should join the Grub Society. STOCKDALE and COLEMAN should be around that organization. MANGE is still trying hard to catch her man. SMITH should have reminded HOLLAY that pajamas are not to be worn to school under pants. Could it be that McCRACKEN really wanted to see that big picture of his most serious rival, or was it curiously to see what he's up against? TULLY THOMPSON was recently behind the eight ball. His girl from home and the Joe girl friend met and learned all. JANIE FELDGAR is making preparations to go to the South Seas—don't ask her why. ROPER is also doing quite well with "EAT" HENDERSON. My that boy has a technique. Freshman LANDERS is doing quite well for himself these days. Some people are always getting the soft spots... LILLA MAE PRATER has developed a sudden interest in the little Metropolis of Anniston. Eh, DAVE? SEYMOUR WEST, of all people, has been been going to the library. We need to be careful about this. What's the world coming to, anyway?

Grande Finale: (Thanks to someone—we are not sure who wrote this) Ho, hum! not a dull moment in the grab with the grab-professors and their grab pupils spread out in a way how to be excellent grab-managers.

Extra Grande Finale: Merry Christmas folks. Don't eat too much, and may Santa be good to you all.

GEOGRAPHY CLUB Elects Officers

The Geography Club held its first meeting of the winter quarter in Bluff Graves Hall on Wednesday, December 13. The first business to come before the organization was the election of officers for the coming twelve weeks. Dr. Glazer presented the nomination and election, mentioning that since there had been so many internments during the past quarter and since the officers were unable to see for themselves the effects of the changes made, it would be wise for them to give a fair example of their value, that those people who are doing this work will not be able to say.

The Position Man

Did you know?

The Position Man is a character featured in the comic strip "Terry and the Pirates," created by Milton Caniff. The character is known for his adventurous and sometimes comical escapades. Born in 1937, Caniff's strip gained widespread popularity, and the Position Man became a beloved figure in the comic world.

Letters to Santa Claus

Letters to Santa Claus are a staple of the Christmas season. Children all over the world write letters to Santa expressing their wishes for gifts and dreams. These letters are often filled with excitement and wonder, capturing the holiday spirit. Santa Claus is a cherished figure in many cultures, symbolizing kindness, joy, and the magic of childhood.

**MRS. DAVIS HOSTS AT BIRMINGHAM**

Mrs. Dana Davis entertained at bridge Wednesday night of last week, having as her guests a number of faculty members who remained here for the holidays. Three tables were in play, and the high score prize was won by Miss Fanny Bush. One table of guests played Chicago whist. Later, following the evening's play, refreshments served punch and walnuts to the following: Misses Maude Wright, Ruth Flanagan, Mrs. Merritt, Fanny Bush, Louise Bullock, Douglas Gelston, Clara Weidenaar, Ferrell Hens, and Minnie Lautrell, Dr. and Mrs. Frank McLean, Dr. and Mrs. Samuel Thompson, Mrs. Amy Hooper and Mrs. Weldon Anders.

**MRS. FELGAR HOSTS TO U. D. C.**

Mrs. R. P. Felgar was hostess to the John H. Forney Chapter of the U. D. C. Wednesday afternoon, at her lovely home on North Pelham Road.

Mrs. C. C. Dillon, program leader, gave biographical sketches of Louise Crenshaw Ray, Martha Shiflett, Kathleen Sutton, Sara Henderson Hay, Julia Switzer, and Edna Gockel Gussel, in an observance of Alabama Day. Mrs. Walter Dyer read several of their poems.

Several guests from Fort McClellan were present, in addition to members. The hostess served delicious afternoon refreshments.

**TEA AT WEATHERLY HALL**

A tea was served by the girls who remained in the dormitories during the holidays, and Miss Louise Beall, who is looking to teach, Mrs. Dana Davis was hostess at tea on Wednesday afternoon of last week. The luscious tea was decorated with lavender and white chrysanthemums. Potted plants and fresh flowers were used throughout the large living room. Misses Marjorie Guthrie and Luda Mae Bolling host the ladies. Misses Gene有人 Murray and Evelyn Kirkland poured tea and Misses Marie Trater served walnuts and mint.

A large number of students called between four and five o'clock.

**DR. GLAZER TO ADDRESS CLUB**

Dr. J. F. Glazer, head of the Geography Department at the State Teachers College, addressed the Piedmont Club Thursday after- noon on "The Geography of Alabama." Dr. Glazer published a book last year entitled "The Geography of the Great Appalachian Valley of Alabama," and is considered an authority on this subject.

When God told Joseph that he would become the father of Jesus Christ, He did not grumble about it. Joseph had many troubles; he was hunted, and his name was not good. He was an outcast, and was stronger than Herod, stronger than Jerusalem. When the forces of evil rose up to defy Jesus, Joseph rose up to protect Him; still Joseph is not recognized as the great man that he really was.

Pass From Colvin to Hill Good For Forty Yards—A Touchdown And Defeat For Calhouns

A sport event of unusual interest was the game of touch football on Thursday afternoon, between the Morgan and Calhoun Literary Societies, during which the Morgans had complete control all the way.

The Calhouns kicked off to the Morgans. With Calvin doing the passing, the Morgans moved the ball deep into Calhoun territory before losing possession of the ball. At this point the Calhouns took over and started their offensive, but to no avail. Small faded back to pass but the Morgan line went charging in and he didn't have time to find a receiver, and his pass was intercepted by a Morgan, which spelled defeat. The game was "zip and tuck" until midway of the second quarter, when another pass was intercepted by the Morgans, who then took control and drove to the Calhoun six yard line, where they lost the ball. The Calhouns, with their backs to the wall, resorted to kick, and Small passed out to the forty yard line. Colvin easily faked back and looked the situation over, tossed the winning pass to the four yard line. A mass of Calhouns striving desperately to knock the ball down were unable to do the good with Hill on the receiving end of Colvin's pass. Hill went over for the score without a man touching him. Try for the extra point was wide, and the score was Morgans 6, Calhouns 0 at the half.

The Calhouns chose to receive the kick-off. Several passes attempted were intercepted, and a pass made by Tom White was intercepted. This ended the Calhoun's attempt to do the score. The only threat which the Calhouns made to the Morgans was when they succeeded in rushing the punter and forcing him to punt from his own goal line. The next play was a touchdown, but the kick for the goal was wide.

Most of the Thanksgiving holidays were spent with Southeastern Louisiana College at Hammond, La., by the members of the J. S. C. football team. **Jax Cagers Defeat Wadeley Five**

The cagers of athletic director and head basketball coach Stephenson won an easy victory last Friday night over Wadeley Junior College. The game was played in the new physical education building, if you will, as the new gym.

Sam Bailey, consistent scoring star for the Eagle-Owls and all-S.I.A. forward last year, was, by far, the most outstanding player on the court. Sam hit "ye olde basket" a number of times, and when the final bell had sounded, he had run up a total of twenty points. He was the recipient of five foul shots, and he made four of them; on the other hand, his ability to hit "pay-dirt" during play accounted for no less than sixteen points.

Traylor, a new-corner in the line-up, made a creditable showing in center. Kemp and Worthy guarded well. "Fifty" Gregg, who was a powerhouse in the Jax line-up last season, was far below his former brilliance in scoring, but his defensive play was superb.

The team seems to be getting into shape very rapidly, and with no exceptional hard-work, they should make a commendable showing in the S. I. A. A. again this year.

**Attendance Drive Being Conducted by Jacksonville Junior Chamber of Commerce**

On of the biggest thrills of the year for the Jacksonville body will probably be realized when Olsen's Terrible Swedes come to Jacksonville to match wits with the locals in the new gymnasium. The team is composed of the five Dahlstrad brothers, who carry in their veins the strongest analysis of that terrible Swedish blood. The towering giants average six feet in height, with Alfred striking the tape at a height of six feet 3 inches.

The reputable traveling club is coached by Wiggles Sarge, a former Terrible Swede star and it is believed that he will release some nose-twisting tricks when his boys take to the hardwood at 7:00 p.m. on December 14.

The game is being sponsored by the Junior Chamber of Commerce, and as from all reputable forecasts, a large crowd is certain to be present when the whistle blows.

An accurate prediction of the final score can not be made very easily, but tradition gives the Swedes a slight edge over the locals. However, no one knows what may come out of the skirmish and all enthusiastic cage boosters are expected to be present to cheer their boys to victory.

Mead Corpahl, of Springville, is also a graduate of Jacksonville. He has one son, Leonel Glazer, who is studying chemistry at the University of Alabama, since leaving this college.

Frankie J. Little, class of 1914, and principal of the Alexandria High School, has reported that Virgil Minz, who received his degree with the 1920 class, and who is teacher of industrial arts in that school, is supervising the construction of a building there, which will be used in connection with his department.

The building, which is 24 feet by 30 feet, is nearing completion. Notice stone was used for the foundation and walls. All the work has been done by the grade students, under Mr. Minz's direction.

According to Mr. Minz, the scope of work in industrial arts will be enlarged, in the Alexandria High School, with the addition of this building. One part of the new building will be used for a "dry shop" for photography, a hobby which he followed through his college days, and the benefit of which he is passing on to his students.
