NUMBER 3

Moving Day For Students

Here are a group of students moving into the new apartment dormitory at Jacksonville State Teachers College, which was opened recently. Left to right, are: Connie Blackwood, Blountsville; Elsie Parrish, Wadley; Ruth Horton, Guntersville; Hilda Dean Williams, Jacksonville; standing, Evelyn Vines, Bessemer; Thelma Norton, Glencoe; Esther Bush, Oakman; Myrene Oliver, Joppa; Erma Ruth Gilliland, Boaz.—Courtesy Birmingham Post.

Eagle-Owls Gird To Meet Petrels Friday

Locals To Go On Anniston Field In Prime Condition, 7:30 Friday Night

Coaches Dillon and Dawson will take their charges to Anniston next Friday night. The Eagle-Owls, who lost a "tough one" to Marion's Cadets last Friday afternoon on the local field, will again be rated the under-dog as they engage the powerful Petrels from Oglethorpe University. The locals, however, are given more than a fair chance to win.

Annual "Play Day" Saturday

Triplet's Emma Sansom Band Plays Here

The 65-piece Emma Sansom High School band, directed by Lamar Triplett, a graduate of the Jacksonville State Teachers College, scored a big hit here Friday afternoon, when they paraded and played during the J. S. T. C.-Marion Institute game.

The youngsters, dressed in handsome purple, gold-lined capes, with caps to match, headed the parade which marched through the city, the college campus and the football field. They handled their instruments like veterans, and inspired the throngs of fans to enthusiasm which is usually observed only at "big-time" games.

When the band paraded on the field between halves, they drew long and loud cheering from the fans; particularly outstanding were the drum major, Ray Bradley; the majorettes, Careine Fletcher, Mary Bradley, Marion Wesley, and the second drum major, Bill Brooks, who "goose-stepped" around the field, like professionals. At the conclusion of their drilling on the field, they faced the bleachers, played the J. S. T. C. Alma Mater song, directed by Mr. Triplett, which endeared them to the hearts of the students and alumni, who were witnessing the game.

The members of the band were given a special treat before going to Piedmont for a night game. They were accompanied by three members of the faculty and three highway patrolmen.

Flight School To Open This Week

Freshmen And Women Apply For Vocational Flight Training

According to latest information released by Dr. C. R. Wood, director of Civil Aeronautics school at Jacksonville, women and freshmen may be used to complete the quota of twenty to be given flight training during the current year. Ten per cent of the group may be women, but the entire quota of twenty applicants must be filed and accepted before instruction will begin.

The medical examinations will be given this week and twenty of the best physically and mentally fitted applicants will enter the ground training class to be conducted at Bibb Graves Hall for the first six to twelve weeks. This training will entail the majority of the theory study, work on motors, and designs of ships, study of meteorology, and air traffic rules. The next stage in the flight training will take place on the Anniston Airport grounds.

Jane Felgar, daughter of Dr. Felgar, was the first woman to place an application for the course. It was noted that the women will be the first to enroll in school of this type heretofore was restricted to men.

Snyder Holds Important Conferences

Noted Educator Always Shows Interest In Our Problems

Dr. Agnes Snyder, principal of the Springdale Farm School in North Carolina, was here for one day, October 10. Dr. Snyder is a frequent visitor of this institution, and always shows an acute interest in our problems.

During the morning Dr. Snyder held conferences at the training school with various committees of the staff. Individual problems were also discussed, and many improvements are already being made as a result of Dr. Snyder's suggestions. Committees are to work with Dr. Snyder throughout the entire year.

In the afternoon members of the college faculty had individual conferences in Dr. Wood's office with Miss Snyder with reference to offering certain experimental courses. Among those conferring were Dr. Kenneth Garren, who is also doing work in the teaching of science as a part of his preparation elementary schools. Dr. Cayley is for giving a course in science in making plans to offer a course. The government (political) students will have an opportunity to actually observe and participate in county and city government instead of adopting the usual procedure of engaging in theoretical

Nineteen Schools Are Represented

Program To Begin At Nine O'Clock With Registration Of Guests

Annual "Play Day" for high school boys and girls of the sixth district, section two, will take place here Saturday, according to Dr. C. W. Dauge, president.

Nineteen schools will be represented, with sixteen students, eight boys and eight girls, the principal and two physical education teachers from each.

Beginning at nine o'clock, when the guests are received and registered, a program of events will keep them occupied until four o'clock in the afternoon, under the direction of Mrs. W. J. Calvert, Jr., and Mr. Julian Stephenson.

Scheduled on the program are competitions between teams in soccer, volley ball, hit pin baseball, ring tennis, shuffleboard, and paddle tennis, for girls. Volley ball, softball, horseshoes and paddle tennis for boys.

Demonstrations in badminton will be given by Dr. C. R. Wood, Burney Bishop, Neda Phillips and Ethel Catherine Fincher; table tennis and ping pong, by Jane Felgar and Marguerite Fryar for girls. Demonstrations in combination ball, on the football field.

At noon, the visitors will be guests of the college at luncheon. Activities will close with the Vir-

Coaches Dillon and Darvson will take their charges to Anniston next Friday night. The Eagle Cadets lost Friday afternoon on the local field, but again defeated the under-dog as they engage the powerful Petrels from Oglethorpe University. The locals, however, are given more than a fair chance to win.

The game, which is being sponsored by the Anniston Junior Chamber of Commerce, will be the first College gridiron contest to be staged in the new Memorial Stadium, and also the first college game played in Anniston since 1931. The Junior Chamber has announced that Anniston merchants will be asked to decorate their windows and prepare displays in honor of the visiting teams. Colors used in the displays will be old gold and black for Oglethorpe and blue and white for Jacksonville. Tickets to the game are being offered as prizes for the best displays. First prize will be four tickets, second, three tickets, and third, two tickets. The committee, composed of D. R. Allen, Hugh D. Merrill, Jr., Ralph Mallard, and N. G. Findley, has announced that tickets have been placed on sale at the Anniston drug stores, at the Chamber of Commerce headquarters, and in the lobby of the Alabama Hotel.

The game will start promptly at 7:30 p. m.

The following players are the probable starters for Jacksonville: Elmore, RE; Bowen, RT, C. Simpson, RG, B. Simpson, C; Wilson, RG; Williams, RT; Hill, RE; Pope, FB; Hudson (Captain) QB; and Small, LHB.

No Class "D" Certificates After 1941

According to an announcement by Mr. A. C. Shelton, College registrar, all people who expect to enter the teaching profession for the first time should enroll in a teachers college at the beginning of the Winter Quarter, as class "D" certificates will not be issued to beginning teachers after September 1, 1941. This certificate is issued on the basis of two years of college work and enables a person to teach six years. High School graduates may enter Jacksonville State Teachers College on Monday, December 4, and complete a year's work by the end of the Summer Quarter. Those who fail to qualify for a certificate by September 1, 1941, will be required to attend college three years to be eligible for a certificate.

Geography Teacher Gets Port Pictures

Pictures showing various activities at the Alabama State Docks and Terminals, Mobile, have recently been received by Mr. R. S. Funderburk, of the Geography Department.

During the summer vacation Mr. Funderburk spent several days in Mobile, where he made extensive use of his camera. War developments, however, caused an order prohibiting the use of cameras on the Alabama State Docks and Terminals. To compensate for this order, officials promised to send a group of pictures giving complete coverage on activities at the State Docks.

Included in the group of pictures are scenes showing Alabama steel being loaded on vessels for movement to the Pacific Coast; cotton being loaded for export; crude asbestos are being discharged from a Russian ship; American automobiles being loaded for shipment to South Africa; Belgian cement being unloaded; and canned goods from the Pacific Coast of the United States going into storage at State Docks.

There are also warehouse scenes showing the storage of binder twine imported from Yucatan, Mexico; nitrate from Chile; American grown tobacco awaiting vessels for export shipment; imported newsprint paper, from Newfoundland, awaiting ultimate distribution to consuming points in the Southeast; imported peat moss from Germany; and imported pig tin which goes to Alabama mills where it is manufactured into tins and shipped back out through Alabama State Docks.

Marion Sue Shaddix's Brother Passes

The friends of Marion Sue Shaddix, member of the Junior Class, will regret to learn of the passing of her brother, Frank, which occurred Thursday, October 5, at their home near Eastaboga.

He was eighteen years of age and had undergone an operation for appendicitis several weeks before. He was widely known in Talladega county for his 4-H Club work and the interest he displayed in estock.

which endeared them to the hearts of the students and alumni, who were witnessing the game.

The members of the band were fore going to Piedmont for a night game. They were accompanied by three members of the faculty and three highway patrolmen.

Amateur Hour To Be Held Here Soon

According to a recent announcement, a college amateur hour will be held in Kilby Hall, November 4. To the best of our knowledge this is the first program of its type ever to be staged here. The program will consist of individual team, and group performances, and all dormitories, organizations, and club are invited to prepare acts for this affair. Comedians, musicians, and any type of individual performances are urged to take part. Let's make this, our first amateur program, a tremendous success.

Although no committee has been placed in charge of arrangements, all who are interested are requested to be "thinking it over," and be ready to act when the big night arrives. Watch the TEACOLA for future information.

Local Physicians Have New Office

Doctors Williams, Rayfield, and Green are to alternate as college physicians, each serving for one month.

According to an announcement by Dr. Daugette, the college physicians are to have an office in the new physical education building. The doctor on duty will be in that office every day from 10:00 to 10:30 o'clock, except on Saturdays and Sundays, and calls will be made at the dormitories only when a person is too ill to visit the doctor.

Three local physicians, Doctor, Rayfield, William Green are now taking it in turn serving the college. Dr. Jordan is the present physician at Fort Payne; and he will remain there until N. Grady Elmore, Relians with Hollaway, Henagar; city of Honea, Henagar; Lester Fort Payne; Melton Wallace, Millerville.

Second Bass: Clarence Daniels, Jacksonville; Aaron Hand, Heflin; James Kemp, Boaz; Cecil Phillips, Cordova; Charles Simpson, Newell.

Airport grounds. Jane Felgar, daughter of Dr. Felgar, was the first woman to place an application for the course. It makes it possible for students, even though the enrollment in school of this type heretofore was restricted to men.

Many Teachers Own Homes Here

Twenty-three faculty members of the faculty of J. S. T. C. either own their own homes, or are building new ones. By so doing they make a definite contribution, both to the college, and to the community; they manifest an interest in the affairs of both which makes for a substantial and permanent citizen.

Dr. and Mrs. Daugette have lived in their handsome brick home, "The Magnolias" for many years, almost in the shadow of the college campus.

During recent months, new homes have been erected by Mr. and Mrs. L. J. Hendrix, Miss Ada Weir, Dr. and Mrs. J. F. Glazner, Mr. and Mrs. E. J. Landers, Mr. and Mrs. Leon McCluer, Dr. and Mrs. C. R. Wood, and Mrs. Ethel Posey.

At the present time Dr. and Mrs. W. J. Calvert, Jr., are having a new brick home erected on North Pelham Road, adjoining the home of Dr. and Mrs. Daugette. Mr. and Mrs. Reuben Self are building their home on Mountain Avenue.

Several members of the faculty have bought old homes and have restored them, including Dr. and Mrs. L. W. Allison, Dr. and Mrs. C. E. Cayley, Mr. and Mrs. J. M. Anders, Mr. and Mrs. P. J. Arnold.

Mr. A. C. Shelton purchased a brick home on South Pelham Road, where he and his family reside, and he also purchased the old brick Posey home, which was converted into three apartments, where faculty members reside.

Mr. and Mrs. Stephenson of Sylacauga, Ala., are on Mountain Avenue. Mrs. J. G. Austin and Jean Moon home last year. Misses Sara D. and Jean Moon end at their home.

Directors Elected

Three former directors, Bruce Huto, T. York, Jr., and Miss Maude Luttrell are now in the personnel director for women. Mr. J. F. Pence, for men. They will confer with students on personal problems, and will make a definite program for the solution of student problems.

science as a part of his preparation elementary schools. Dr. Cayley is making plans to offer a course in the present political science students will have an opportunity to actually observe and participate in county and city government instead of adopting the usual procedure of engaging in theoretical discussion of government, or listening to instructors lecture on government. This course will include both theory and practice in an effort to make it effective in the professional life of the teacher. Dr. Calvert is planning a course on Victorian literature.

Dr. Snyder is working with the Spring Garden School in Cherokee County, helping to set it up as a model school in that area. The school at present is making an intensive study of records which will contain valuable information on every pupil in the school system.

The personal guidance here was organized with Mr. A. C. Shelton, as chairman, Mrs. Bullock, the college physician and Miss Luttrell and Mr. Pense are coworkers with them. The first work of this committee will involve a careful study of every member of the senior class, his weakness, strength, needs, etc.

The purpose of this new program as organized in the Laboratory School and College is to give the student teacher practical experience and application of the theory work which has been presented during the course of his work here.

The program holds many possibilities and will do much to better the grade teacher being turned out.

Miss Avis Mitchell Attends Nurses Association

Miss Avis Mitchell, registered nurse for the College, attended the Alabama State Nurses Association in Anniston last week. It was the twenty-seventh annual convention of that association.

Miss Mitchell states that the program for the convention was devoted principally to educational features. One of the interesting highlights of the convention was a discussion of recent legislation enacted in Alabama that affects the nursing profession, Dr. Stuart Graves of Brice Hospital Tuscaloosa, being the chief speaker.

Miss Mitchell said that public health was stressed, and that she received many helpful suggestions that will be of much benefit to her.

will be given by Dr. C. R. Wood, Burney Bishop, Neda Phillips and Catherine Fincher; table and ping pong, by Jane Felgar and William Williams; demonstrations in combination ball, on the football field.

At noon, the visitors will be guests of the college at luncheon. Activities will close with the Virginia Reel, when all teams will be assembled.

The new Physical Education and Health Building will be used for the first time, Saturday. Sidewalks are being laid, and other last minute preparations made for its opening.

Officers Chosen Curricula Activities

Many of the extra-curricula organizations have been completed and the officers announced as follows:

The Teacola: Ted York, Valley Head, editor-in-chief; John Harbour, Piedmont, and Helen Barnes Wilson, Piedmont, assistant editors; Constance Mock and Frances Ingram, Jacksonville, society editors.

History Club: Thurman Kirby, Roanoke, president; Orville Downs, Fyffe, vice-president; Isabell Roper, Jacksonville, secretary-treasurer; Constance Mock, Jacksonville, reporter. Dr. R. P. Felgar, faculty adviser.

"J" Club: James Kemp, Boaz, president; Aaron Hand, Heflin, vice-president; secretary-treasurer, Ed Colvin, Moundville.

Morgan Literary Society: James Kemp, president; Ted York, vice-president; Lester Shipp, Crossville, secretary-treasurer.

Women's division of Morgans: Mrs. Sadie Baswell, Pell City, president; Edna Storey, Henegar, vice-president; Verona Newton, Odenville, secretary-treasurer.

Calhoun Literary Society: Lanier Cowart, Montgomery, president; Wallace Morton, Alexandria, vice-president; Fred Williams, Talladega, secretary-treasurer.

Women's division of Calhoun's: Katherine McClendon, LaFayette, president; Kathleen Smith, Huntsville, vice-president.

Daugette Hall House officers: Verona Newton, president; Myrtle Parsons McCalla, vice-president; Katherine McClendon, secretary-treasurer; Willie Landers, Highland Home, reported.

Girl's Glee Club: Martha Greene, Leesburg, president; Sara Dickey, Hazel Green, secretary-treasurer; Mary Alice Mange, corresponding secretary. Miss Ada Curtiss, director.

Geography Club: Ted York, president; John Harbour, vice-president. (SEE CURRICULA) Page 4

EDITORIALS

Thank God For The Atlantic

LIFE IN AMERICA goes on much as usual. We go to classes in the beloved old halls and have our dances and laugh and chatter. We have youth and life and song.

There is a milk shake in a drug store, the smiles of girls one meets, the friendly handshake of a friend, the sheer joy of being alive and free. Absorbed in our little problems we go our way, living and loving and laughing.

Daily we pick up the papers and read, thinking that we understand. Actually we cannot understand. One must go through it and have it written on his brain in flame to comprehend. Once in a while someone turns the conversation to war. A brief cloud passes across eyes, and the word is, "I hope we can stay out."

Over there, there is no youth and laughter and happiness. There is death, splot and slum in the mud, the screams of a friend in mangled agony, the stench of decayed flesh that might be mine or yours, military orders and murder and a bullet through the stomach. Thank God for the thousand and more miles of water that separates what we have from what you offer. The Atlantic is the greatest natural blessing ever bestowed on us. None of us appreciates it until war comes. It is water to swim in and sail on and see on maps. When Europe flames it is a protector and a mother. Besides its our natural resources, our fertile land, our wealth, pale into significance.

Thank God for the physical separation which it gives and the spiritual separation which it stand for. God grant that it be wide enough.—The Auburn Plainsman.

State Collegians Are "Wood Shedding"

The "Jacksonville State Collegians" are really "wood-shedding" now. They have new arrangements by Artie Shaw, Larry Clinton and various other fine band leaders. "Snookie" said he thought the arrangements were mighty stiff for the Collegians but sounds good to all of us. Look out! They will be stompin' 'round pretty soon. They played a fine dance for the "J" Club Friday night. There have been a few slight changes made lately in the personnel of the band but all for the better.

The student body is enjoying the "jam" sessions given by the college quartet.

Here's to a pleasant and prosperous year for the "Collegians." Old Wayne Miller's "gob-stick," "Snookie's" "iron-horn," Stephens "tub" and Jerry's "jazz-box" really "Beat it out."

Choosing One's Profession

One of the greatest problems of a young person's life is that of choosing his profession. Each individual in making his decision should decide on certain objectives. If he wishes to deal with things, he may choose one profession. If he wishes to deal with people and make his life a monument to society, he may choose another. The teaching profession offers unlimited opportunities for individuals who wish to make their contribution to the well-being of humanity. The minister contacts a few people once or twice a week. The Shickler teacher contacts the children of the community five days in a week.

any which is attached to the... children of America could all be taught by teachers with a... desire to improve the social conditions of our people, we can expect a better world in the future. We urge all high-school graduates in choosing their life's work to consider seriously the opportunities offered in the teaching profession. The engineer holds or handles the concrete object as it is handed to him.

Current Science

By DR. KENNETH GARREN

(A vast army of scientific investigators is laboring, incessantly, to make the world a better place in which to live. New scientific facts and principles are discovered every day... This, of course, means that our text-books in science, no matter how recent, are always a few years behind the march of science. It will be the purpose of this column, therefore, to acquaint the reader with some of the outstanding recent developments in the field of science. It is hoped that the column will be successful in this endeavor and that the readers will feel free to suggest scientific topics which they might like to have discussed.)

STERILIZED AIR

During the years immediately preceding our "War Between the States" Pasteur of France, and others, showed that diseases and infections are, for the most part, due to microscopic plants and animals. These invisible organisms were called microbes. Since these microbes are living things it soon developed that they may be killed either by heat or by the application of poisons. Prior to the discovery of microbes the instruments used in performing operations were polished on anything the surgeon found available. As a consequence infection practically always followed any operation and most of the patients died. With the discovery of microbes, however, sterilization of instruments began to be practiced and the percentage of deaths from infection decreased tremendously.

In spite of careful practice of sterilization, however, our modern surgeons were still quite worried about the large number of patients who died from infection following surgical work. Microbes are constantly sifting out of the air into the open cuts of the patient on the operating table. The surgeon and his assistants have to breathe and the exhaled air too frequently carries microbes which the best masks will not stop. Once these microbes are in the open cut and in the blood stream antiseptics seem powerless to kill them.

It has long been known that sunlight is a powerful germ killer. It takes a long time, however, for sunlight to kill the germs of infection. A group of scientists attempted, therefore, to discover what there is in sunlight which kills germs. It was soon discovered that this agent is one of the invisible radiations of the sun, called ultra-violet rays. These are the same rays which produce sun burn. These rays are so small and vibrate at such a terrific rate of speed

Tree Exhibit Being Prepared By Faculty

An exhibit showing the effect of fire upon tree growth has been prepared by Dr. K. H. Garren, of the Science Department, and Mr. R. S. Funderburk, of the Geography Department.

The exhibit, which consists of a representative group of hardwoods, and which was worked up in connection with Fire Prevention Week, will be used in a number of ways. It will be shown in connection with the visit of Dr. Walter B. Jones, head of the Alabama Department of Conservation. Later it will be used in geography classes dealing with the conservation of natural resources. Specimens will also be placed in the Materials Bureau of the Laboratory School for the use of classes there.

The specimens have been cut so as to show the areas at the base of the trees where the fires have killed the bark, exposing the wood. In most of the specimens the wood has been completely or partially decayed in the areas where the bark has been destroyed by the fire. New bark has been formed around the fire wounds, but the decay evidently proceeds at a much more rapid rate. Incisions into the trees at intervals above the wounds show the heartwood completely decayed for from five to ten feet above the base of the trees. Thus even apparently sound trees are shown to be useless as a result of fire wounding.

Specimens for the exhibit were furnished by Dean C. R. Wood and Dr. A. J. Kitchens.

History Club

The History Club held its monthly meeting on Thursday night, October twelfth, in Bibb Graves Hall. The subject of the evening was in accord with the day itself, Columbus Day. Ted York gave a short but extremely interesting account of the highlights of Columbus' life, speaking of his humble origin, of the difficulty he encountered in obtaining ships for his great voyage, and of the debt we owe to the Italian. Dr. Felgar pointed out the reason for the naming of the newly discovered lands for another, Americus Vesputius, instead of for Columbus, but added that in many states and Latin American countries, Columbus Day is celebrated with great spirit and declared a state or national holiday.

The remainder of the hour was turned over to Dr. Felgar for a short talk on the European crisis, bringing the war up to the present time. After a brief discussion of the Treaty of Versailles and the

Ye Olde Gossippe!

Sand Mountain's gift to the women, "Brownie" BAILEY, and Crossville's Don Juan, Walter Lee WALLACE, have been giving the OLIVER sisters quite a "rush." Maybe they (Brownie and Walt Lee) are trying to get married in order that they too, can move into the new apartment dormitory. VINES AND HORTON, you must work a little harder if you wish to stay in the race. . . Dig, dig, dig, well all right, STOCKDALE. You have made our column, but we can't say HOW. . . Charles G. and LUMP P. are seen together a lot, and GEWIN (ONE, TWO) Mc. enters the stage long enough for station identification. . . MR. CARY is now buying select, A-1 hounds dogs, i. e., if they are pretty and clean. A very popular girl, who is a leader in Calhoun Literary Society, almost got her "wires crossed" before the "J" Club dance. Girls will have boy friends who reside away from Jacksonville, won't they? . . . The little freshman girl, POOLE, should stay in Jacksonville some week-end. Or, perhaps, she has a good reason for going home. . . What is wrong with "POP" GREGG? We were surely worried about him not long ago. It seems that "POP," wishing to make a favorable impression with a certain little blonde from Anniston, refused to take part in his favorite past time. . . "RED" JONES and CLARENCE HAMMOND are becoming inseparable friends. Why? . . . That boy, "SEAHOUND" ROYER, is at it again. If you don't believe what we say ask MR. NEAL. . . JACKSON is making an intensive study of birds. Again, why? . . . Social item: "SHINE" BAKER was not a recent visitor at Forney Hall. . . Another social item: D. WORTHY spent the night with R. CAMPBELL last Thursday P. M. and early A. M. . . Who is the blonde fellow, recently of Auburn, now at J. S. T. C., who has been making "eyes" at F. INGRAM? Perhaps it is love at first sight. . . CONSTANCE and CHARLES, CHARLES and CONSTANCE, one for all and all for one. . . BILL TARLETON is now staying on the campus. We are glad to have you, Bill. . . BRUNNER is having trouble with the girl back home. Absence makes one forget you know. . . CHICKEN and MAVIS should inform their Anniston friends as to the proper time to arrive at the dormitory. Those two girls as you, perhaps, already know, had dates not so long ago and the parties of the second part arrived just as it was time for all girls to be back in their rooms. My, my, ain't that bad. Boys have been known to have two dates in one evening—one early and one late. . . We can't tell the DAVIS twins apart, neither the BOLEN girls, nor the BISHOP couple. Can you? Better be careful which one you call for a date if arranged with either. . . It has been requested that we call "RED" BRASWELL, Mr. Bridger. We don't however, know the nature of this statement. . . Here is a honey: Bee. . . The boys working on the Daugeite Hall annex have adopted a new theme song, namely, "I Shall Not Be Moved". . . CECIL PHILLIPS is rapidly becoming known as "One-track minded Cece". . . Is T. J. H. going to catch up with his quality points this quarter? Rumor has it that he lacks several having the required quota. . . "SHORTY" BROOKS would like (and "like" is hardly the word to use) to get a date with ELLA MAY DAVIS. More power to you, MR. BROOKS. . . NORMAN TANT (apologies to Andy Hardy) has decided that, instead of making one girl miserable, he will divide his attentions and make many females happy. . . HELEN WILSON was a very pleased person Saturday evening. Reason: HAROLD CARPENTER was back on the campus. . . Joke for this week, last week, or any other week—PARRISH and LANDT. . . Some people will do almost anything to gain attention. For instance, CHRISTELINE SHANKLE JOHN COLEMAN, FRANCES INGRAM, JANE FELGAR, and GEWIN McCracken came in Bill's Place without any shoes or socks on. Well perhaps they were not trying to gain attention. Maybe they did it on a bet. . . MARY "LIB" WILLIAMS, why did you refuse to date a certain fellow on the night of the "J" Club dance? . . . We do not remember several other choice bits of gossip that have been passed on to us. We apologize and promise that in the future we will make notes. . .

Grande Finale: All of youse little boys and girls be good and study hard. Santa Claus is coming Christmas, you know.

Did You Know?

... SOCIETY ...

Weatherly Hall Elects Officers

The following officers have been elected for the Fall Quarter at Weatherly Hall: Lucille O'Shields, president; Ludie Mae Riley, vice-president; Onelda Fincher, secretary-treasurer; Evelyn Kirkland, reporter, and Selena Mae Howe, representative on the social committee.

The president has appointed the following to serve as an activities committee: Cathryn Germany and Nettie Gae Smith, co-chairmen; Louise Beall, Kathleen Smith, Sara Belle Parris and Ella Frances White. The activities committee will be responsible for social affairs within the dormitory group.

Tea dance hostesses for the quarter are (by virtue of their offices) Misses O'Shields and Howe, and Marjorie Gutherie. The host for the quarter is Herschell Jones.

House meetings will be held every Wednesday evening following vesper service.

At vesper service Wednesday evening the guest speaker was Mrs. Amy Hooper who talked to the girls about "The Passion Play." While on a tour of Europe in 1934, Mrs. Hooper witnessed the play. She, with other members of her party, was a guest in the home of Herr Anton Lang while they sojourned in Oberammergau, the village in Bavaria where the play has been presented at intervals since 1633 as a thank offering for deliverance from plague. The speaker read personal letters from Frau Lang, and exhibited a copy of Herr Lang's funeral oration, written in German.

The activities committee made their bow to the dormitory girls Thursday when they presented a program from ten until ten-thirty, the feature being a farewell party given as a courtesy to the Weatherly students who are leaving at the end of the six weeks term to teach. At the conclusion of the program, in which the "departing guests" took part, the committee served assorted candies.

The NYA girls hiked to the gravel pit Saturday afternoon as a part of their related training in health. Interesting "stories" were told by different members of the party. Games were played, and best of all—a real picnic lunch was enjoyed. The girls returned to the dormitory about six o'clock.

Dr. K. N. Matthews was the guest speaker at Morning Watch Sunday mornning, Oct. 8.

Selena Mae Howe spent the week end at her home in Gadsden.

Daugette Hall News

Miss Sara Jones, of Thomasville, was on the campus Thursday, visiting her brother, "Snookie" Cowart.

Myrtle Parsons, Sallie Kate Wester and Katherine Fleming spent the past week-end in Birmingham where they attended the State Fair.

Kat McClendon spent the week end at her home in LaFayette.

Mildred Latimer was the guest of her sister in Pell City last week-end.

Verona Newton has returned after being called home on account of the death of her grandmother.

Lorraine Collier spent the past week-end with her sister in Anniston.

Ruth Sandlin spent the past week end with her parents in Pinson.

Mrs. W. P. Christian and sons, Walter and Billy, of Sylacauga, were guests of Mrs. Ada Pitts Sunday.

Major and Mrs. Drake, of Fort McClellan, spent Tuesday with their daughter, Bernice, before leaving for Montana, where they have been transferred.

Miss Avis Mitchell attended the Nurses Convention in Anniston Tuesday.

Mrs. Mabel Samuels visited in Birmingham the past week-end.

Buffet Supper Given Dr. and Mrs. Garren

Dr. and Mrs. Kenneth Garren were the recipients of a lovely courtesy on Friday evening, when Mrs. Reuben Self and Mrs. L. F. Ingram entertained in their honor, at the home of Mrs. Self.

The affair took the form of an al fresco buffet supper. Tables were arranged on the lawn, which was lighted for the occasion, and the delicious supper was served from tables placed at the rear. The menu included barbecued pork and beef, potato salad, candied apples, pickles, rolls, sherbert, cookies and coffee. Miss Maude Luttrell poured coffee, and little Misses Jare Self, Patty Dillon, Dotts Sewell and Carolyn Ingram assisted in serving.

Dr. Daugette Honored On Birthday

A delightful social event of the past week was the dinner at which Mrs. C. W. Daugette entertained at "The Magnolias" honoring Dr. Daugette, the occasion being his birthday.

The dining room presented a festive scene, with the candle-light reflected in the mahogany antique tables, at which the guests were seated. The tables were particularly lovely, with a handsome birthday cake holding the burning tapers in the center, gift roses at either end, and the dainty crocheted mats, at each place.

A four course dinner was served, the dessert of delicious charlotte russe being served at the table by Mrs. Clifton Carson, with Mrs. W. J. Calvert, Jr., cutting and serving the birthday cake.

Covers were laid for Dr. and Mrs. Daugette, Dr. and Mrs. Calvert, Mr. and Mrs. Rutledge Daugette, Mr. and Mrs. Carson, Forney Rutledge and Billy Daugette, Miss Emma Forney, Mr. and Mrs. M. A. Stevenson, Dr. and Mrs. C. R. Wood, Mr. J. M. Wood, Mr. C. A. Stephens, Miss Maude Luttrell and Mr. D. R. Luttrell.

Coffee was served in the living room, after which Dr. Daugette responded to the requests of the guests and told several original stories. Music and conversation furnished entertainment until the guests departed.

Religious Groups Choose Officers

The religious groups on the campus have completed their organizations, and officers were elected as follows:

Y. W. C. A.: Ruth Sandlin, president; Monta Jones, Berry, vice-president; Betty Williams, Newell, secretary-treasurer.

Y. M. C. A.: Wallace Morton, Alexandria, president; Ralph Williams, Hayden, vice-president; John Harbour, Piedmont, vice-president, until Vibert Forbes, Millerville, is able to take over the duties.

Presbyterian Christian Endeavor: Wayne Jones, Scottsboro, president; Louise Bryant, Hollywood, vice-president; Martha Greene, Leesburg, secretary-treasurer. Mr. J. H. Jones, counselor.

Methodist Young People: Ruth Sandlin, president; John Harbour, vice-president; Ludie Mae Lassiter, Boaz, secretary-treasurer; Sara

Calhouns Holds First Of Debate Series

Last Tuesday evening the first in a series of extemporaneous debates was held at the meeting of the Calhoun Literary Society. The four speakers, Catherine McClendon, Norman Tant, Thelma Norton and John Harbour were notified only three minutes before the time scheduled for the debate. There was a mad scramble to locate pencil and paper to make hurried notes on the question. Resolved: That happiness is more important than wealth. From this point onward the debate was carried out without poise and dignity. The negative being defended by Thelma Norton, and John Harbour received a two to one decision from the judges.

A pep talk by one of the old members, Norman Tant, was also among the highlights of the program. "The Calhouns can and must retain the cherished cup won last spring in the annual debate. The society has a large number of speakers to choose from, and after the talents have been cultivated throughout the year in the art of speaking and debating, it would require no great stretch of the imagination to presume that a winning team could again be chosen," stated Tant, one of last year's winning speakers.

The society is planning an outing of the vicinity of the gravel pit, Saturday evening of October 21. Final details have not been worked out as yet, but a committee has been appointed to take charge. Everyone is invited and a nominal charge will be made to offset the expense—probably about ten cents per person. For final plans and a very interesting program attend the next meeting of the society in the auditorium of Bibb Graves Hall Tuesday evening, October 17, at six thirty.

Students Responsible For Social Rules

Mrs. W. J. Calvert, Jr., social director, has called attention to the fact that all students are held responsible for knowledge of the social rules, which govern all social activities on the campus.

A handbook was compiled and mimeographed, containing all the rules and regulations, and copies were given to all freshmen, presidents of classes and college organizations. All students are expected to acquaint themselves with the information outlined in the handbook.

Mrs. Calvert stated that if any student wished a copy of the handbook, or any information concern-

Morgans Hold An Informan Meeting

Just to add spice of life and all that kind of thing to the occasional "blue Monday" feeling of college life, the Morgan Literary Society offered an informal program to its members and visitors on Tuesday evening, October tenth. With a "sort of hatched all of a sudden" beginnning, the meeting got off to a rollicking start. Several students, mostly freshmen, displayed their talent in the voice or piano line while the upperclassmen set back and enjoyed themselves. But their turn came around quickly enough—All in the true spirit of the society—for, after all, debate is rather mixed up in it somewhere. Volunteers were called on to argue pro and con the question: "Resolved: that cosmetics are harmful to females. A lively business rocked back and forth for several minutes with many good points brought out on both sides, and no agreement reached. The debate was such a success that everyone noted with much acclaim to carry it, or another of its kind, on at future meetings. The evening was ended with contests in hog-calling for the boys and chicken-yelling for the girls. The officers of the society were all freshmen, bull-rats, and the students who have not identified themselves with either of the two organizations to attend the next meeting of the society and to cast their lot with the merry Morgans. The program committee promises interesting, as well as informal, programs to last throughout the year. All visitors are, indeed, welcome!

MRS. LANDERS HOSTESS TO U. D. C.

Mrs. E. J. Landers was hostess to the members of the U. D. C. on Wednesday afternoon of last week.

Mrs. Rutledge Daugette presided over the business session, after which a musical program was presented by Mrs. Exa Hames and one of her talented pupils from Anniston.

During the social hour, the hostess served refreshing punch, with cookies and sandwiches.

METHODIST YOUNG PEOPLE MET AT FOUR MILE

The Young People's organization of the Methodist Church joined other groups in a Union meeting at the Four Mile church Monday evening.

Carpenter Memorial young people had charge of the program, with Charlie Rice as leader. The program was as follows: Solo, "All Ye Able," Miss Ruth Higginbotham; address for evening, Mrs. E. C. Johnston.

Marvin Black presided over a business session at the close of the

Mrs. Hooper Speaks

Mrs. Amy Hooper spoke to the Weatherly Hall girls Wednesday night on her trip to Germany.

Mrs. Hooper went to Germany in 1934. While there she stayed at the home of the famous Anton Lang. She gave weird descriptions of her stay in Germany and especially of the "Passion Play." Mrs. Hooper showed to illustrate her talk, pictures of various characters in the play. She also showed one of Anton Lang's books, "Reminiscences," and an account of his funeral in German. Mrs. Lang still writes to Mrs. Hooper, and some of her letters were read and her picture was shown.

Mrs. Hooper gave an interesting account of getting lost in a crowd of over five thousand people, none of whom could speak English, and she spoke no German!

An interesting fact as to why the "Passion Play" is given was pointed out. Mrs. Hooper tells us that in 1634 the people were stricken by the plague. A man by the name of Karl Schisler nursed the people, took the plague, and slipped away to his home in Oberammergau. He spread the plague there, and over one-half the people died. A council of eighteen met in the church at Oberammergau and prayed. They vowed to give the "Passion Play" every ten years, if God would stop the plague. After that time no one died.

After her talk on Germany and the "Passion Play" Mrs. Hooper read one of her poems, "Our Best," which she wrote while at sea.

Wallace Morton

Represents Y.M.C.A.

Wallace Morton, Alexandria, president of the Y. M. C. A. attended the conference of state cabinet members at the Sixth Presbyterian Church, Birmingham, the past week-end.

He stated that during the business session, a motion introduced to change the time for the annual meeting from Fall to Spring, was defeated, and the group voted unanimously to hold the state meeting in November at Howard College. The state president was given authority by the group to select the date and place for meeting, with other officers in charge of the program.

An invitation was received from the University of Alabama, but was declined, since Howard had extended the first invitation.

part of their related training in health. Interesting "stories" were told by different members of the party. Games were played, and best of all—a real picnic lunch was enjoyed. The girls returned to the dormitory about six o'clock.

Dr. K. N. Matthews was the guest speaker at Morning Watch Sunday mornnig, Oct. 8.

Selena Mae Howe spent the week end at her home in Gadsden.

Eva Jane Carpenter spent the week-end with her parents at Five Points.

Nettie Gae Smith, Carrie Mitchell, Frances Thompson and Lucille Carlyle spent Sunday in Mellow Valley.

Paune Stephens was the guest of her grandmother in Lineville, Sunday.

Mr. and Mrs. E. L. Parris and son, Alton, and Mrs. A. F. Grant, of Wedowee, visited Sara Belle Parris Sunday.

Ben: "Listen, you worm! How does it happen that I find you kissing my girl friend?"

Snow: "That's simple. I got her first."

were arranged for the occasion, and the delicious supper was served from tables placed at the rear. The menu included barbecued pork and beef, potato salad, candied apples, pickles, rolls, sherbert, cookies and coffee. Miss Maude Luttrell poured coffee, and little Misses Jane Self, Patty Dillon, Dottis Sewell and Carolyn Ingram assisted in serving.

At the conclusion of the supper, Dr. and Mrs. Garren were presented a collection of gifts, which provoked much merriment. The last gift unwrapped was a lovely electric waffle iron, from members of the senior high school faculty.

The guests included members of the high school faculty and married members of the college faculty.

About sixty-five were present.

When a gal gets out-of-date, she's out of date.

You Bet

Dickey: "I saw stars when my boy friend petted me last night."

Wistern: "Ah, isn't it wonderful to have someone make love to you in the great outdoors?"

PRINCESS THEATRE PROGRAM

October 19 to 23

THURSDAY and FRIDAY, OCTOBER 19 and 20th—

"Tarzan Finds a Son"

With JOHNNY WEISSMULLER and MAUREEN O'SULLIVAN

SATURDAY, OCTOBER 21—

Big Double Feature Day Includes

Young Men's Suits and O'Coats \$16.50 up

able to take over.

Presbyterian Christian Endeavor: Wayne Jones, Scottsboro, president; Louise Bryant, Hollywood, vice-president; Martha Greene, Leesburg, secretary-treasurer. Mr. J. H. Jones, counselor.

Methodist Young People: Ruth Sandlin, president; John Harbour, vice-president; Ludie Mae Lassiter, Boaz, secretary-treasurer; Sara Dickey, Hazel Green, reporter. Miss Maude Luttrell, counselor.

Baptist Student Union: Number 1: Frances Ingram, Jacksonville, president; Ray Cofield, Newell, vice-president; Isabell Roper, Jacksonville, secretary-treasurer; Percy Wisner, Blount Springs, Bible-drill leader; Virgil Smith, Pisgah, and Mercedes Freeman, Gadsden, group leaders; Lella Mae Prater, Weogufka, pianist; Frances Williams, Newell, choirster; Number 2: Orville Downs, Fyffe, president; Velma Farlow, vice-president; Eula Reno Kimberlery, secretary-treasurer; Ozella Henson, Sayre, Bible-drill leader; John William Gant, Pisgah, and Betty Williams, Newell, group captains; Carolyn Coggins Buffalo, pianist.

Y. W. A.: Frances Ingram, president; Thelma Braswell, Wedowee, vice-president; Christine Shankle, Fort Payne, secretary; Betty Williams, treasurer; Verlon Ledbetter, Vina, reporter; Mrs. L. F. Ingram, counselor.

Men's Glee Club Activities

The Men's Glee Club met Wednesday night, October 18th, under the capable leadership of Mrs. Pink Love.

The Glee Club will broadcast another program over WJBY Tuesday evening, October 24th, at 3:15 o'clock.

The club will also broadcast over WAPI Birmingham, the latter part of November.

Several other engagements which will be announced in a later edition of the Teacola.

The complete roster is printed below:

First tenor: Clyde Brooks, Alexander City; Floyd Gant, Pisgah; Spurgeon Lovett, Haleyville; Edgar Sanders, Jacksonville; Norman Tant, Carrollton, Ga.

Second Tenor: Wilborn Hurst, Phil Campbell, Darrell Jordan, Sumiton; Cecil Lindley, Wedowee; Gewin McCracken, Fort Payne; Farris Southern, Haleyville.

First Bass: Grady Elmore, Reform; Earl Hollaway, Henagar; John Honea, Henagar; Lester Shipp, Fort Payne; Melton Wallace, Millerville.

Second Bass: Clarence Daniels, Jacksonville; Aaron Nard, Heflin; James Kemp, Boaz; Cecil Phillips, Cordova; Charles Simpson, Newell.

meographed, containing all the rules and regulations, and copies were given to all freshmen, presidents of classes and college organizations. All students are expected to acquaint themselves with the information outlined in the handbook.

Mrs. Calvert stated that if any student wished a copy of the handbook, or any information concerning the rules and regulations, they would be supplied.

Mrs. Landers Hostess

Mrs. E. J. Landers entertained the John H. Forney chapter of the United Daughters of the Confederacy recently at her home on Second Avenue. Mrs. Rutledge Daugette, president, presided.

Fall flowers were arranged in bowls and baskets in the living rooms.

A musical program was given, with Mrs. Exa Harnes, in charge.

During a social hour the hostess served refreshments.

Mr. and Mrs. Clifton Carson of Atlanta attended the Auburn-Mississippi game in Birmingham Saturday and were guests of Dr. and Mrs. Daugette over the week-end.

* * *

Mr. C. C. Dillon went to Lexington, Ky., to witness the Ogiethorpe-Kentucky game.

* * *

Miss Ethel Mitchell attended the state A. A. U. W. in Florence last week-end.

* * *

Mrs. Sara McDonald spent the week-end in Gadsden.

* * *

Among those going to Birmingham Saturday were: Misses Maude Luttrell, Maude Wright, and Mr. D. R. Luttrell; Mr. and Mrs. Reuben Self, Dr. and Mrs. Kenneth Garren.

* * *

Dr. and Mrs. J. F. Giazner spent the week-end in Springville.

* * *

Mrs. Ada Pitts spent the week-end in Sylacauga.

* * *

Misses Sara Dickey, Jean Towery and Jean Moon spent the week-end at their home near Huntsville.

* * *

Three former J. S. T. C. students; Bruce Hato, Hixon Jones, and E. T. York, Jr., visited Jacksonville last week-end. All of these boys are now in school at Auburn, where they are enrolled in the agricultural college.

* * *

Mrs. M. L. Rogers, of Clanton, Ala., visited her daughter, Mrs. Bing LeCroy, recently. Mr. and Mrs. LeCroy live in the new apartment dormitory.

other groups in a Union meeting at the Four Mile church Monday evening.

Carpenter Memorial young people had charge of the program, with Charlie Rice as leader. The program was as follows: Solo, "Aie Ye Able," Miss Ruth Higginbotham; address for evening, Mrs. E. C. Johnston.

Marvin Black presided over a business session at the close of the program, during which plans were made for the years work. Jacksonville was selected as the next meeting place when the group meets on November 13. A good attendance was noted.

Those going from here were: Ruth Sandlin, Sarah White, Lula Mae Lassiter, Carl Jarrell and Miss Maude Luttrell.

Ruth S.: "Darling, now that we're engaged, tell me, will you love me when I'm old?"

Bill F.: "Why wait that long. Let's love now."

The state president was given authority by the group to select the date and place for meeting, with other officers in charge of the program.

An invitation was received from the University of Alabama, but was declined, since Howard had extended the first invitation.

APPROVAL OF THE CROWD!

You don't have to go in for any bathing beauty contest to get the crowd's approval around this campus. There's not a corny dress in the whole MANGEL'S collection at \$6.98. It's hard to believe until you see them. So, after your class today take a trip down to MANGEL'S and you'll be convinced.

MANGEL'S

Eagle-Owls Bow To Marion Cadets, 7-6, Here Friday

Williams, Pope Stars Through Entire Game

Coach Dillon's stalwarts lost a bitterly fought game to the Marion Institute cadets on the local athletic field last Friday.

The Eagle-Owls completely outclassed the Cadets during the first half when Captain Huron made two costly fumbles within the shadow of the goal posts.

Neither team scored in the opening quarter, but Jacksonville took advantage of an enemy fumble on the twelve yard line which was recovered by Ralph Williams. Small picked up three yards on a smash over his own right guard. On a reverse, Hudson gained five yards at left tackle. Marion called time out at this time, and Richardson gained a yard through the center of the line on the next play.

With six yards to go for the first down, Pope hit left guard for another yard. Richardson then smashed over right guard for a touchdown. Small's attempted kick for the extra point was wide, and Jax led 6-0 as the half ended.

The Cadets uncovered a brilliant passing attack during the second half that completely bewildered the Eagle-Owls. Jacksonville made several gallant and unsuccessful efforts to keep their goal unmarked by enemy cleats, but Coach Murfee's men were not to be denied. Bumgardner's thirty-yard pass to Cooley mid-way of the final quarter placed the ball on Jacksonville's twenty-five yard line. Two incomplete passes, followed by a one yard gain over right tackle gave Marion the ball on our four-yard marker with fourth down and nine to go. Bumgardner then ran to the right but reversed his field when a mass of Jax players met him and raced around his left end for a final down on the nine yard line. On the next play he hit the middle of the line for seven yards, placing the ball within six feet of the last white stripe.

Captain Hudson was inserted into the line-up at this time, but our line just couldn't stem the tide. Bumgardner crashed over right guard for a touchdown, then calmly booted the pigskin between the uprights for the game-winning point as Captain Huron held the ball for him.

Jacksonville fought desperately

Cheer Leaders Are Elected

The student body elected cheer leaders Tuesday morning at a mass meeting in Bibb Graves Hall. Coach Dillon presided and before he called for nominations, he made an appeal to the students to support their team. He pointed out that school spirit depended upon each individual.

Christine Glass, a junior from Jacksonville, was elected head cheer leader. Vivaette Stockman, a sophomore from Anniston, and Max Davis, a sophomore from Pell City, were elected assistants.

A brief pep meeting was held on the front steps and pictures were taken of the group.

"Come one, come all—let's get out there and YELL for our team Friday."

'Moving Day' At Library

Moving books from the old library to the new took the form of a ceremonial Monday, when Dr. Dauge, president, carried in the first books, followed by members of the faculty, and students by classes.

The new library, which was recently completed, was erected at a cost of \$85,000. It has a capacity of 5,000 volumes, and reading room for a hundred and sixty people. It is located on the north end of the campus, near the new apartment dormitory, and Bibb Graves, the administration building.

Mrs. C. R. Wood, is librarian; Mrs. C. W. Dauge is assistant librarian, and the following are student assistants: Louise Beall, Buffalo; Connie Blackwood, Blountsville; P. A. Brown, Heflin; Lolete Burge, Jacksonville; Edwerta Carpenter, Jacksonville; Arthur Decker, Douglass; Bismark Evans, Birmingham; Onedia Fincher, Roanoke; Marjorie Guthrie, Ashland; Ben Hayes, Vance; Harold Jones, Adamsville; Lester Jolley, Albertville; Ben Kirk, Parrish; Winifred LeCroy, Maplesville; Louise Ledbetter, Anniston; Pauline McAuley, Anniston; Edna Ogletree, Jacksonville; Lucile O'Shields, Henagar; Jimmie Parris, Scottsboro; Marie Roberts, Childersburg; Snow Sherrer, Boaz; Nellie Stanfield, Manchester; Edna Storey, Henagar; Percy Wisener, Blount Springs; Lionel Worthy, Fyffe.

Sports Briefs

By Excell Baker

Educated toes are in great demand during this era of highly specialized football. Many games are won by performances of talented-place-kickers who are adept at kicking the inflated oval between the vertical posts and over the horizontal bar.

Alabama's "Crimson Tide" eked out a one point victory over the highly touted Fordham "Rams" when "Sandy" Sanford's unerring toe propelled the ball between the uprights immediately after Jimmy Nelson had scampered across the goal line for Bama's touchdown.

Fordham scored later in the game, but their inability to add the point after touchdown decided the outcome of the fracas in Bama's favor.

Sanford's exceptional goal-kicking has struck horror in the hearts of several Southeastern Conference teams, but Jim Crowley's "Rams" were the first intersectional gridgers to be victimized by the wizardry that lies in "Sandy's" trusty toe.

The "Ramblers" of Notre Dame opened the season with a three point win over the Purdue "Boilermakers". On the following Saturday, the "Fighting Irish" defeated a stubborn Georgia Tech team by a 17-14 margin to give them their second consecutive victory via the field goal route.

Tulane, rated as one of the most powerful teams in the country, nosed out Clemson by virtue of an accurate kick from placement by Bob "Jitterbug" Kellog. The "Greenies" came from behind to tie the score, then forged ahead when Kellog calmly added the point after touchdown.

Paul "Red" Hudson, who graduated in 1937, was the greatest end ever to perform in Jax football regalia. He was the best defensive end we have ever seen on any team. He was rugged, aggressive, and seemingly immune to injury. Those who played with "Red" never saw any outward signs of pain on his beaming countenance.

But he seems to have softened a bit since leaving our healthy invigorating campus. We were recently informed that he suffered a broken collar bone while showing his high school proteges how to block.

Apparently "Wimpy" Jones has gone into permanent retirement as

Jacksonville Football Squad

Above is printed a picture of the Jax Eagle-Owls as they appear during a practice session. Seated, first row, reading from left to right: Holt, Bowen, B. Simpson, Hand, Wilson, Williams, Davis. Middle row: Downs, C. Simpson, Jones, Elmore, Captain Hudson, Meade, Blackwood, Kemp. Third row, standing: Coach Dawson, Brooks, Colvin, Driskell, Meadows, Richardson, Hill, Windsor, Treece, Worthy, Small and Coach Dillon.

Demonstration Of Proper Spirit Asked Of Freshmen

An article written from an interview with Christine Glass, our head Cheer Leader—What are the upper-classmen's duties?

To act as he feels, that he, to be enough alive to make everyone want to yell "Beat Oglethorpe."

All we ask of the freshmen is a demonstration of proper school spirit and cooperation in supporting our team. Most freshman, we hear, are complaining that there was more football spirit shown in their various schools than is manifested here at College. All we say is don't lose that spirit, and if those upper-classmen don't know what backing is—well, show them what it is, Freshmen! Why doesn't J. S. T. C. have more pep?

There is too much hesitation on the part of the students to feel that this is his or her school. This is not a school belonging to any individual. It is our school! One for all and all for one.

One last request of all students—we will be on exhibition Friday, October 20 at Anniston to beat Oglethorpe. Please do your best and all of you be there to back your team!

Let's say we have the team, the

Lotta Bull

Hello Folks. Allow me to introduce the loudest-mouthed, lop-eared, cutest, brainiest, wittiest, politichin'est, female you ever heard of—Miss Carlotta Bull (that's me!) of course everybody's going to be my friend, so all my friends call me Lotta, that's my name. Now chillun what I'm here for is to help you out—in your love affairs, in your studies, in your economic problems, in your social problems—anything that might trouble you. Just bring it to Aunt Lotta, honey, or write me a letter in care of Ted York—He's my pal you know. He said you could call him Uncle Ted too. He thinks it'd be cute. Here's a little secret. Ted's incurably parental, though you surely wouldn't think so, would you now?

None of you have had time to write to me yet, but one of our sweet young things about the campus came up to me recently with a weebegone face and, I'm sure, a bleeding heart. "My, my," said I, "What have you been crying about, child? Or have ye had an attack of the jaundice? I declare that purty face of yours is plumb lost its bloom of youth!"

I was flabbergasted when she chirped, "No, indeed, I haven't had jaundice! How dare you say any-

Football In The Limelight

The baseball activities for this year are definitely in the past. The Yankees are certainly the best band (of baseball players) in the land. They have again demonstrated their absolute supremacy over the other fifteen teams in the two major leagues, and have departed to their respective homes to await the coming of spring.

Football has moved into the coveted spot as the center of attraction in the world of sports.

Each week-end bring bitter struggles of thousands of gridirons. Each Saturday afternoon some splendid athlete will scamper across the frozen turf to gain national recognition and lasting fame. The performance of some will be compared with those of "Red" Grange, Jim Thorpe, "Red" Cagle, Larry Kelly, "Dixie" Howell, Don Hutson, Johnny Cain, Ernie Nevers, "Whizzer" White, Jimmy Hitchcock, and other great football players whose memory lingers on.

Eleven men will go down in history as the best players of the year. One man will be singled out as the outstanding player in the country. One team will receive recognition as the greatest grid machine in the

entire world, and one coach will

Captain Hudson was inserted into the line-up at this time, but our line just couldn't stem the tide. Bumgardner crashed over right guard for a touchdown, then calmly booted the pigskin between the uprights for the game-winning point as Captain Huron held the ball for him.

Jacksonville fought desperately to regain the lead, but the game ended with the Eagle-Owls in possession of the oval on Marion's ten-yard line.

Bumgardner was Marion's outstanding performer. He handled the ball thirty-eight times, twenty seven of which resulted in forward passes. He completed ten of these twenty seven passes, and scored all of his team's points. Mr. (Bum) Bumgardner, we salute you!

Ralph Williams played brilliant defensive ball for Jacksonville, as did Holt, Worthy, Bowen, Simpson, Meade and Hand.

Outstanding performances in the backfield were turned in by Small, Richardson, Hudson, Pope and White.

Marion fumbled thirteen times and recovered ten of them. Jacksonville fumbled six times and recovered nine. The Eagle-Owls made eight first-downs, to Marion's ten. Jacksonville passed twenty times, connecting five times. Marion completed ten of twenty-seven thrown. Jacksonville punted eleven times while Marion kicked on eight occasions.

Jacksonville	Pos.	Marion

Scoring touchdown: Marion, Bumgardner. Point after touchdown, Bumgardner — kick from placement.

Scoring for Jacksonville—Richardson.

Substitutions: By Marion; White, Jones, Howard, Crandall and Alexander. By Jacksonville, Small, Kemp, Davis, Holt, Downs, Meade and Bowen.

Misses Polly Allen and Catherine Fleming were guests of relatives in Birmingham the past week-end

Mrs. Clifton Carson has returned to her home in Atlanta after a visit to her parents, Dr. and Mrs. C. W. Daugette.

Dr. and Mrs. J. G. Austin, and son Johnnie, and Charles Gidley, spent Saturday in Birmingham.

Winifred McCroy, Maplesville, Louise Ledbetter, Anniston; Pauline McAuley, Anniston; Edna Ogletree, Jacksonville; Lucile O'Shields, Henagar; Jimmie Parris, Scottsboro; Marie Roberts, Childersburg; Snow Sherrer, Boaz, Nellie Stanfield, Manchester; Edna Storey, Henagar; Percy Wisener, Blount Springs; Lionel Worthy, Fyffe.

Keyhole Observations

By B. B. D.

Romeo McCracken, he was known as in them days, the 2 and 1 boy.—Who will his next victim be?

We wonder how many Daugette Hall girls would quit school if the Forney Hall boys called a truth session too.

And then there's the blonde from Odenville who made one wrong step while her red-headed boy friend was giving his all for J. S. T. C. in the football wars.

Do you suppose Kat McClendon is still "having me a time" this year.

We hear that dates in Daugette Hall are as scarce as Rat Richardson on Board Meeting Night?

According to latest press news on the night of October 10, all Daugette Hall Freshmen and Upperclassmen met in a weekly session to discuss things pro and con. Talks were given by the upperclassmen on the subject of "How to pull legs and influence dates." The session was a big success and enjoyed by all.

And then Bozz Brunner, the "Kid Mouthpiece," being called into the Dean's office for a raising—or something.

We hear, too, that "Sloto" Gregg's spasmodic attempts at dancing are caused by a week-end visit of an Annistonian "Iron Grey."

We understand that Shine Baker—the studious boy from Crossville, is majoring in agriculture. We believe he is being influenced by Miss Bush.

There has been some mistake about the location of the parlor in the new apartment dormitory — for proper information see Bill Tarleton.

It has been rumored that Bismark Evans met one class and rode a night horse into another — Mr. Arnold has a solution—a feather pillow.

A small boy saw an elephant in his yard and telephoned the police immediately. "Chief," he said, "there's a queer animal out here in my back yard. He's picking flowers with his tail."

"Yes," said the Chief, "and what does he do then?"

"Never mind," was the answer. "You wouldn't believe me if I told you."

never saw any outward signs of pain on his beaming countenance.

But he seems to have softened a bit since leaving our healthy invigorating campus. We were recently informed that he suffered a broken collar bone while showing his high school proteges how to block.

Apparently "Wimpy" Jones has gone into permanent retirement as far as football is concerned. Can it be that Selena Mae had something to do with his retirement? Then, too, there's the possibility that an abundance of guard prospects eliminated any further need of his presence on the squad. You can quote us as saying that Herschel was a valuable player despite his lack of weight, and that his presence among the guard candidates would necessitate the removal of a starting guard in favor of "Wimpy."

The hearts of Eagle-Owl followers were made glad by the recent return of Aaron Hand to the football wars. Injuries have wrecked the championship hopes of many grid machines. Here's hoping that "Plowboy" escapes further injury because he is the only veteran center on the squad.

It must have been amusing to see T. J. confront that gigantic end with intent to hurt.

Small must be a lip-reader. How else could he be aware of what the signal caller was saying?

Information comes from a very reliable source that Blackwood exhibited a seriously injured leg in an effort to explain why he played but a few minutes of the game.

It is believed by many authorities that Claude would make an excellent field general if he could cure his eloquent teammates of the annoying habit of talking in the huddle.

"J" Club Gives First Dance of Season

The "J" Club opened the social year at the college with one of the best dances ever held on the campus. The affair was double-break, the music was furnished by "Snookie" Cowart and his State Collegians, and the girls came dressed in their prettiest frocks; so, the evening was a big success! And as an added attraction for the ladies present, the cadets from Marion trod the broads in a lively fashion and finished the dancing with comments to the effect that Jacksonville was the friendliest school and its girls undeniably the nicest. The entire student body joins The Teacola in expressing its thanks to the "J" Club for the dance and in wishing that that organization will favor them with another of such in a very short time.

that this is his school belonging to any individual. It is our school! One for all and all for one.

One last request of all students—we will be on exhibition Friday, October 20 at Anniston to beat Oglethorpe. Please do your best and all of you be there to back your team!

Let's say we have the team, the Coach, and the PEP.

Geography Club Elects Officers

The Geography Club held its first meeting of the year on Thursday night, October fifth, in Bibb Graves Hall. Dr. Glazner welcomed all new members to the club, spoke of the purpose and standard of admittance of the organization, and urged all members to do their part in making the club one of the best, if not the best, on the campus. The following officers were elected to serve throughout the coming quarter: Ted York, president; John Harbour, vice-president; Frances Ingram, secretary-treasurer; and Constance Mock, reporter.

ATTENTION! The future meetings of the Geography Club have been changed from the first and third Thursday nights of each month to the first and third Wednesday nights. All students who have an average of B in their scholastic work are invited to join the club. This organization is a division of the International Relations Club, a student union in the leading colleges of the United States today.

Victory Lies In The Struggle

At a football game in an eastern city the contesting teams were from different universities in the same city. The teams marched down to the grounds, it was evident that one of them stood no chance whatever, being much lighter in weight than its opponent. But the courage and enthusiasm of this team faltered not for a moment. They played magnificently, but did not score a point. Depressed? Discouraged? They marched back with their banners flying, with no less enthusiasm than shown on their way to the game. Why not? They are defeated by circumstances merely; in spirit they were conquered. They had played the game. The whole city, catching the enthusiasm and the spirit, cheered the victors who had lost.

pus came up to me recently with a woebegone face and, I'm sure, a bleeding heart. "My, my," said I, "What have you been crying about, child? Or have ye had an attack of the jaundice? I declare that purty face of yours is plumb lost its bloom of youth!"

I was flabbergasted when she chirped, "No, indeed, I haven't had jaundice! How dare you says anything of the kind."

Well, I saw I'd made a mistake, so I smoothed things over and got her ruffled feathers smoothed. She finally confessed that the boyfriend had suddenly turned anit-cosmeticist. On account of she liked the idiot and wanted him to hang around, she wasn't using any make-up of any kind. She said, though, that her eyes were getting sore just looking at her shiny face in the mirror. Poor child—she's waiting for my advice through this paper. She wants to know if she should hold her man at any cost or regain her self-respect by using make-up.

Well, honey, here's my advice: For Pete's sake throw that boorish male into the gutter—or better, the garbage can. Don't you know that if you did manage to hook him—and I don't think you would, under the circumstances—he'd be one of those cranky idiotic old men who expected his wife to cook, wash, sweep, sew for him, to drudge from morning till dark for him, with the one supreme reward of looking across the table three times a day at his bald pate bent like a hungry dog over his victuals, or the view of the a. m. paper, which, heaven knows, would be more enjoyable than the sight of his face behind it. Why, he'd probably get drunk and beat you! Oh, my dear, please listen to your Aunt Lotta and forsake this friend. Use powder, lipstick, rouge, eye shadow, and maybeline if you want to. Ah! then you will meet another boy—a sort of mixture of Taylor, Power, Colman and Gable, who'll fall for the cute little dame—that's you.

And this is me, boys and girls, signing off until two more weeks have loped by. I think I'll go out West this week and visit the cowboys and cowponies. I'll just lope along, too, until we meet.

Don't forget to write me.

Your affectionate,
Aunt Lotta.

Card of Thanks

I wish to take this opportunity to thank my friends for their kindness after the death of my father. My family and I appreciate all the beautiful flowers that were sent from Jacksonville.

—Max Davis

ers, Winzler, white, Jimmy Hitchcock, and other great football players whose memory lingers on.

Eleven men will go down in history as the best players of the year. One man will be singled out as the outstanding player in the country. One team will receive recognition as the greatest grid machine in the entire world, and one coach will be nominated as the best handler of football talent in all the land.

These teams, coaches, and players destined to win national recognition are very fortunate. They have reached the zenith of athletic perfection, not through mere chance or accident, but through many years of hard work and diligent striving to attain that degree of mental and muscular coordination that enables one man, or a group of men, to triumph all opposition.

CURRICULA OFFICERS

Continued from Page 1

dent; Constance Mock, secretary-treasurer; Frances Ingram, reporter. Dr. J. F. Glazner, faculty adviser.
