Calhoun Edition

TAKE HEED MORGANS: YOU CAN STEAL OUR FLAG, BUT NOT WHAT IT STANDS FOR

JACKSONVILLE, ALABAMA, SATURDAY, APRIL 10, 1943

As We See It

Calhoun Favored In Annual Debate

WAYMAN STROTHER, BILL HAMILTON AND CHARLES JOHNSON TO VIBRALLY COMBAT MORGAN GIRLS APRIL 19

The on-going Calhoun-Morgan debate promises to be the most unique of some forty-four such affairs that have been held on this campus in as many years. It isn't the debate topic that puts the correct debate in the light. Though the topic—"Resolved, That the U. S. should establish a manpower board to control wage levels, locate, placement, and distribution of manpower and promises to be on a par with other wars but it seems that it is the reason that is going to make him differ from what I found in the former one.

The debate topic, the energetic efforts of the debaters, the social spirit—of all the various acts and will contribute much, but the fact that gives this unique debate its uniqueness is the unique contract of the debating teams, meet against women.

The outstanding achievement that has been characteristic of the Calhoun debates for half century is still apparent. The greatest solo and still bears the burden of the attack while the charming C. L. S. ladies, glancing in their effort, will be sure to put their efforts to furnish the inspiration.

Head debater for C. L. S. is Wayman Strotcher, who hails from Fight, Alabama. Another, a Cre-Hill quarter junior, is a newcomer to the debating stage. His mental capital and superior ability are factors for the envious scholastic staff he has helped at JSTC and his deep molecular form voice as heard in the college chorus furnishes some idea of his speaking ability. These favorable qualifications plus an infinite capacity for hard work brought together to set this Sand Mountain boy down as one of the outstanding of the long lineage of C. L. S. orators.

The other two Calhoun speakers are veterans of the contests. Bill Hamilton, second speaker, and graduate of the Alexandria High School, was third on the 1942 Calhoun debating team. Bill is a speaking voice that is the envy of many "would-be-centers" and is able to think on his feet and in a manner that is not as one to one-debate travelers more than compensated for them their trip.

The return trip was uneventful but not to be forgotten. As the bus was being filled, Lamar received definite instructions both how to proceed home by the best group of "book seats" drivers that one would have encountered. All the dangers of the slippery road going down the mountain were pointed out, with the injunction to "drive slowly and carefully." To avoid having the discomforts

Paul Revere Has Nothing On J.S.T.C. Group

CHARLES JOHNSON

On the night of April 18, John Charles Johnson, third speaker for C.L.S. will probably not make a debate speech. But the influence of Johnson will cause the Morgans to win under unapparent meanings for years to come. This Alexandria lad is the most experienced of the debaters of both teams, having spoken in the 1934 forum.

The picture above was made while Charles was on home sick.

TEACHERS MAY ENTER SCHOOL NOW AND COMPLETE FOUR AND A HALF MONTHS WORK AT THE END OF SUMMER QUARTER

Professional teachers will be particularly interested in the announcement made by President Houston Cole that a new term will begin May 3. The term will mark the half-year mark of the Spring Quarter, and enables teachers in the field to enter at this period, begin coursework in their major, and complete the half-year mark of the Summer Quarter, while carrying the regular Summer Quarter load. This makes it possible for them entering May 3 to complete all and a half-month's work by the end of the Summer Quarter.

The advantages of such a plan appear to those who have attended Jacksonville in previous years. It was worked out by the administration and faculty in order that teachers who were unable to enter the beginning of the Spring Quarter might make up the time and receive credits for extra work.

Teachers asked to Register as Early as Possible

The prospectus are for a large enrollment for the Spring and Summer Quarters, and from the field who are planning to enter are requested to make their reservations at as early possible. This will not only be an accommodation to the college dormitories, but will be helpful in the planning of the future classes and programs.

The elementary and secondary schools are operated through the Summer for the convenience of those who desires to attend college. All students who have not done their student teaching.

Courses Offered

The courses available for those entering include the four-year course leading to a bachelor of science degree. Courses in emergency certificate courses for the removal of conditioning and additional credits, library science, and the commercial courses...
The Caliban debating team of 1941 furnishes no exception in that general truth. Three talented young women have followed the example of dozens of predecessors and have, at least a bit of it, turned it to art of oratory.

Waymon Strother, Bill Hamilton, and Charles McNeill are fellowes—they will soon be ready to bring to the world that in good construction, in eloquent delivery and in rich material, will look like educated minds out of work of nature, and like the rays of spring sunshine. It will unmask the argument of any opponent.

Little is said about the fancy of the young ladies, and we are quite unable to answer the question as to how it turns to love, to agriculture, or both or none at all. Nevertheless, the fancy of a trio of yells on the campus has also turned to debating this spring.

The trio are the members of the Morgan Debating Team: Mary Rivers, Wynona Hodge, and Edna Raley. This is the first time in long and colorful history of the骷髅-モデル deception of male and female students in the last two years, for the first time nature has turned to debating this spring.

The Calibus have continued to make the debate a man's battle, but with the fancy of the young Morgan men turning in other directions, either to romance or to agriculture (and we haven't seen any Victory Gardens springing under their feet), the M. L. S. team has been partly composed of the weaker sex for the past two years.

The debate this year should be one of the most historic in history. For in 1941, the platform of three ladies pitied against two men, there will be the paralyzing sight of three well-groomed "sweet" fellows from the M. L. S. team to make the ladies who have just given her all for the sake of her dear old M. L. S. and her own.

What a contrast there will be between the Morgan flower boys—"woe-is-me" creatures they be—and the Calibus women who are hag-ridden and burdened with more than the battle that preceded it.

Oh, dear Madam of the M. L. S., we have hit upon the answer to why you did not debate: you were to spend your time in cultivating your looks, and your charms. Not a bad idea, we believe.

Best Attendance Ever
At A. E. A. Breakfast

JACKSONVILLE REowed BY THREE HUNDRED GUESTS, ALUMNI, STUDENTS, AND FACULTY MEMBERS AT TUTWILER DINING ROOM ON MARCH 26

About three hundred alumni, students and members of the college faculty assembled in the terrace dining room of the Tutwiler Hotel on Friday morning, March 26, at 8 o'clock for the annual breakfast. Tables had been arranged for about two hundred and when the crowd kept increasing, the management of the hotel had to add more tables and chairs, and open up an annex to the dining room. It was reported by those who had attended the breakfast for a long time that this was one of the largest crowds ever to be present on this annual occasion.

C. C. Moseley President

C. C. Moseley, superintendent of the Anniston schools, president. Seated on the speaker's platform, in addition to Mr. Moseley, were the following members of the alumni: H. E. Pannell, superintendent of the Tuscaloosa City Schools, Ernest Stone, principal of the Crossville High School; C. P. Melson, principal of the Scottsboro High School; Dr. Austin of the Department of Education, Mrs. M. L. Lowery, president of the Alabama Congress of Parents and Teachers and President Houst-

The return trip was uneventful but it was not to be forgotten. As the last rays of the sun were setting, the innkeeper received the conversation of the two travelers.

The picture above was made while Charles was on active duty with the U. S. Navy. Placed in an active status to continue in college, he will again don a Navy uniform when receives his degree.

We, the members of the Caliban Literary Society wish to express our deep appreciation for having been the guests of honor on our recent banquet. The Caliban flag, burning, is the most courteous and respectful method of displaying any emblem. After a U. S. flag has served its purpose it is respectfully burned. We appreciate your showing the same courtesy to the U.S. flag that has served its purpose.

The plan is especially attractive at the present time when the budget is on a long, and the demand for young people is increasing daily. The quicker a young person can secure college training, the better off he or she will be to take part in the war effort. Those who are fortunate enough to graduate from high school before the date of registration for the armed forces may be able to complete a large part of their college work before being called. In this event the possibility of each person for a chance to qualify for officers training.

A great deal of praise is in order for your young people who have the ambition and determination to catch a plane and to spend their time, and add to their period of service; they will probably never regret stealing a look on the way to going to war.

The students at most of our colleges and universities are strongly advise this plan for college and high school students who can afford to come to school during the summer.

Distinguished alumni and guests at the speakers' table at the annual college breakfast, March 26. Reading left to right: Dr. C. B. Smith, Dr. A. R. Meadows, C. P. Melson, Frank Grove, C. C. Moseley, Presi-

Calhoun Personalities

The following is the list of officers of the Calhoun Literary Society.

First, we have as president, Earl Lindsay. Earl is a Freshman, but in the short time that he has been here he has become one of the most outstanding citizens of the college. His favorite pastime is any form of athletics and a good stiff game of bridge or tennis.

Second, we have Mrs. Calvert as vice-president. Mrs. Calvert is the favorite of the students and is a Freshman from Starkville, Miss.

Third, we have Miss Stapp as secretary. Miss Stapp is the favorite of the students and is a Freshman from Starkville, Miss.

Fourth, we have Mr. Calhoun as treasurer. Mr. Calhoun is the favorite of the students and is a Freshman from Starkville, Miss.

Fifth, we have Mr. Morgan as editor. Mr. Morgan is the favorite of the students and is a Freshman from Starkville, Miss.

Sixth, we have Mr. Morgan as business manager. Mr. Morgan is the favorite of the students and is a Freshman from Starkville, Miss.

Seventh, we have Mr. Morgan as art director. Mr. Morgan is the favorite of the students and is a Freshman from Starkville, Miss.

Eighth, we have Mr. Morgan as drama director. Mr. Morgan is the favorite of the students and is a Freshman from Starkville, Miss.

Ninth, we have Mr. Morgan as music director. Mr. Morgan is the favorite of the students and is a Freshman from Starkville, Miss.

Tenth, we have Mr. Morgan as physical director. Mr. Morgan is the favorite of the students and is a Freshman from Starkville, Miss.

Eleventh, we have Mr. Morgan as athletic director. Mr. Morgan is the favorite of the students and is a Freshman from Starkville, Miss.

The fine buildings we have here on the campus are the result of the kindness and effort that was put forth by the students.

This is a worthy tribute to a man who has given us so much.
planned, and he built. Our plant will bear witness to his fine work long after we have passed from the scene."

This is a worthy tribute to a man who built well. And I do not think we miss our bet.

We will now write another illustrative chapter in the history of this fine old school. Andrew Jackson is the name of the man. Leadership and winning abilities are becoming evident and we feel sure the school will continue to progress under his direction.—The Ariston Star.

WHAT HAS JACKSONVILLE TO OFFER YOU?

This issue of The Tencoles is dedicated to the idea of perpetuating the forty-year-old tradition of the Literary Society and to inform prospective students and professional teachers about what the Jacksonville College has to offer.

This college is a state-supported institution founded for the purpose of training teachers, nurses, and other public servants. With the steady growth of the institution, however, the tendency has come to be one of liberal education. A liberal education is one which exposes students to the widest general knowledge and facilitates the development of critical thinking skills. Jacksonville College offers a curriculum that is designed to provide a well-rounded education and prepare students for success in their chosen careers.

Jacksonville College offers a variety of programs that include liberal arts, pre-professional, and professional courses. The college has a strong emphasis on preparing students for careers in education, healthcare, business, and the arts. Students have the opportunity to participate in a variety of extracurricular activities, including sports, music, and student organizations, which help to foster a sense of community and provide opportunities for personal and professional growth.

Jacksonville College takes pride in its commitment to providing a quality education at an affordable cost. The college offers scholarships and financial aid to help make the college accessible to a diverse range of students. Jacksonville College is proud of its history and continues to strive for excellence in education and service to the community.

SO THAT THE UNIFORMED AND TASK-READY READERS MAY BETTER UNDERSTAND THE NATURE OF THE ISSUES, THIS ARTICLE CLEARLY UNITS THE TRUE MEANING OF THE SOCIETIES.

A goodly number of years ago Dr. Dunnette, former president of Jacksonville State Teacher College, decided that in order to bring about more enthusiasm and interest among the students, which is so essential to a wholesome student life, some sort of competition should be added. He felt that an active student group could take an active part in the affairs of the college.

So the idea of creating an literary societies was born and the college was divided into two societies. The Society for Secretary and Treasurer the Literary Societies, the other called the Morgan Society.

These societies were to have officers and were to hold regular meetings. Once a year each society was to hold debates on select topics and select speakers, and the speakers chosen from each society would debate at an agreed time. Of course the competition and enthusiasm shown between the members of the two groups all the time was good.

And so it has been down through the years. Every year the Morgan-Calhoun debate is planned as a demonstration of the capabilities of students, and believe me, the annual debate is always a gala event.

By way of further explanation, every year both societies are each given a topic to debate, or a specific debate, and then they have to prepare a debate, to be the Calhoun issue, so they are enjoying themselves and as a result are also getting the experience they need, but you want to the debate and the get their issue and the fun will rapidly reach a state of equilibrium.

All in all, the feud is not at all serious, but we do get a big kick out of it. As a result the Valles and the Calhouns are as old as the one between the Carters and the McCos. So don’t you see that it is anything on these pages. Just remember, it’s all in fun.

HIGH SCHOOL AND COLLEGE SINGER PRESENT PROGRAM

The College Auditorium was filled to capacity with a few of the people gathered there were visitors from J. S. H. and they made up the audience to a typical chapel program presented by the college choirs.

Miss Curtis, head of the music department, together with the Girls’ Glee Club from the Center School and the Boys’ Choir, presented a musical program.

Through Cambridge and in the distance I could see Cambridge University. It is really a beautiful place.

How is "trig" class getting along? Do you have many students now? I shall plan to take the advanced course. When I get back I had the pleasure of closely examining some German plans the other day. They were captured by the A.P. and before the field for us to examine so we might see just what the Germans really have to offer. With which I will write you, but the close view would only take it out, so I’ll just have to wait and tell you about it when I get back to the States. I hope that time is not long off.

Well, the space is gone so I’ll have to close. Tell everyone of the FTC hello for me.

GEORGE HENDRIX

OUR BOYS WRITE—

Somewhere in England.

March 14, 1943.

Dear Mr. Shelton:

Thanks very much for your letter which I received yesterday. I certainly was glad to hear from you, S.T. I feel glad when I can get back to Jacksonville again. I’ve seen quite a bit of England. It is a pretty place, but I get tired of it. We’re off to Germany. Is he getting off to a good start? I hope so and I really believe that he will do a good job. Let’s hope it works out all right.

Yes, I’ve seen quite a bit of England. I’ve been to London and several of the other larger cities. On my way to London I went through Cambridge and in the distance I could see Cambridge University. It is really a beautiful place.

How is "trig" class getting along? Do you have many students now? I shall plan to take the advanced course. When I get back I had the pleasure of closely examining some German plans the other day. They were captured by the A.P. and before the field for us to examine so we might see just what the Germans really have to offer. With which I will write you, but the close view would only take it out, so I’ll just have to wait and tell you about it when I get back to the States. I hope that time is not long off.

Well, the space is gone so I’ll have to close. Tell everyone of the FTC hello for me.

GEORGE HENDRIX

The London Theatre Party had a few of the people gathered there were visitors from J. S. H. and they made up the audience to a typical chapel program presented by the college choirs. Miss Curtis, head of the music department, together with the Girls’ Glee Club from the Center School and the Boys’ Choir, presented a musical program.

Charlotte’s House read the script and announced the following:

So that the uniformed and task-ready readers may better understand the nature of the issues, this article clearly units the true meaning of the Societies.

A goodly number of years ago Dr. Dunnette, former president of Jacksonville State Teacher College, decided that in order to bring about more enthusiasm and interest among the students, which is so essential to a wholesome student life, some sort of competition should be added. He felt that an active student group could take an active part in the affairs of the college.

So the idea of creating an literary societies was born and the college was divided into two societies. The Society for Secretary and Treasurer the Literary Societies, the other called the Morgan Society. These societies were to have officers and were to hold regular meetings. Once a year each society was to hold debate try-outs and select speakers, and the speakers chosen from each society would debate at an agreed time. Of course the competition and enthusiasm shown between the members of the two groups all the time was good.

And so it has been down through the years. Every year the Morgan-Calhoun debate is planned as a demonstration of the capabilities of students, and believe me, the annual debate is always a gala event.

By way of further explanation, every year both societies are each given a topic to debate, or a specific debate, and then they have to prepare a debate, to be the Calhoun issue, so they are enjoying themselves and as a result are also getting the experience they need, but you want to the debate and the get their issue and the fun will rapidly reach a state of equilibrium.

All in all, the feud is not at all serious, but we do get a big kick out of it. As a result the Valles and the Calhouns are as old as the one between the Carters and the McCos. So don’t you see that it is anything on these pages. Just remember, it’s all in fun.

The College Auditorium was filled to capacity with a few of the people gathered there were visitors from J. S. H. and they made up the audience to a typical chapel program presented by the college choirs. Miss Curtis, head of the music department, together with the Girls’ Glee Club from the Center School and the Boys’ Choir, presented a musical program.

Charlotte’s House read the script and announced the following:

FOUL WEATHER FAILS TO IMPEDE MEETING AS SCORES OF J.S.T.C. GRADUATES GATHER AT SUPPER AT CITY SCHOOL

On Friday evening, March 19th, a large number of the Marshall County alumni assembled at the Guntersville City School for a supper and school reunion. The activities originated among several loyal graduates who live in that county, with Mrs. Valenka McCormick as general chairman.

As the alumni began to arrive, they were greeted by Mr. E. E. Cox, principal of the school, and other friends of that hospitable city. The Guntersville High School band presented a spirited performance preceding the supper. Incidentally, the band was organized and directed by a former student, Lanier (Snooks) Covart, before he entered military service, and is now being directed by Lt. Mar Triplett, also a graduate of the college.

The supper took place in the school’s cafeteria and was served by members of the Parent-Teacher Association. Judge Oscar Morton acted as master of ceremonies. He expressed appreciation for the enthusiastic gathering, which numbered about 90—despite the inclement weather. He asked the members of the class of 1912 to divide themselves into groups, according to whether or not they had attended before or after 1912, or had completed the course. Miss Privett, teacher of Social Science College, was the only present graduate who had graduated before 1912. She stated that she entered the school at the age of six, completed the required courses and had two years of post graduate work.

A program was presented with Miss Privett reading “The Blue Rose.” Miss Peggy Williams, a student of Boys’ High School, played two songs, “Remember Lavender Lilt,” and “Washington and Lee Swing.”

Judge Morton introduced Mrs. A. C. Shimel and Miss E. E. C. Jones, who had majored in English, and the students of postgraduate work.

In turn presented President Houston Cole, Mr. Sheldon was generous with his appreciation of Marshall county and the alumni. He stated that the meeting was one that he had ever attended and he expressed credit to the group which sponsored Mrs. Valenka McCormick, Mr. T. D. Willis, Mrs. Clarence Morris, and others present.

Eva Hahn, H. C. Weir, J. R. Carter, Mrs. Nahmanie Gable, Mrs. Carrie Wata Githrie, Mrs. Verna Shem-ple, Mrs. Rhoda Clegg, A. C. Jeffers, Miss W. F. Vason and others.

Judge Morton, on being a judge in was the oldest county in the state.

COMMERCIAL COURSE

A FAIR COMPARISON

The Commercial Course which was instituted at the college during recent years has proved to be one of the most popular in the curriculum among both teachers who return for study, and for students majoring in those subjects. They are designed to provide for the securing of majors in commerce and business administration by studying the various types of the teaching field or the business world, they may be special in any of the college’s three branches, secretarial science, accounting, and business administration.

The courses offered include shorthand, typewriting, business correspondence, accounting, commercial arithmetic, principles of economics, bookkeeping, and business law. Each course is designed to provide a working knowledge of the principles of economics and business law.

The Commercial Course has taken steps to relieve the present teaching shortage in Alabama by offering a two-month course to high school graduates which will prepare them for the Commercial College of Professional Certificate. State Superintendent of Education B. R. Norton recently announced that this type of certificate would be recognized in this state.

According to Dr. Norton, more than two thousand emergency certificates were issued this year to leading teachers, many of whom have no college training. Such certificates are valid for one year and are not transferable.

High School students who wish to enter the teaching professions will be enabled to enroll at the beginning of the Fifth Quarter or Summer Quarter or at the beginning of the regular season and will be eligible to teach in one year from that time. By attending school each summer, the French students will be continued and teachers may study their course of college teaching by taking in the winter ‘the old’ going to school in the summer.

This COLLEGIATE WORLD

Every student is always looked forward to by his classmates as a means of keeping up with the events of the past year. The students of the Commercial Course are especially interested in the activities of the college and are always eager to be informed of the latest news. They are always willing to contribute to the success of the college and its programs.

TEACHER SHORTAGE

RELIEF PLANS MADE

The Jacksonville State Teachers College has taken steps to relieve the present teaching shortage in Alabama by offering a twelve-month course to high school graduates which will prepare them for the Commercial College of Professional Certificate. The college will offer the course to high school graduates who have majored in business education, including shorthand, typewriting, bookkeeping, and business law. The course will be offered at the Jacksonville State Teachers College during the summer months.

ED COLVIN RECEIVES COMMISSION

Mr. Edward Colvin was commissioned as lieutenant in the United States Army. He is now stationed at Fort Benning, Ga., with the 132nd Infantry. He graduated from the college in 1930.

OGLYTREE-WELDON ANNOUNCED ENGAGEMENT

Mr. and Mrs. John D. Weldon of Anniston made an announcement of the engagement of their daughter, Virginia Weldon, to C. W. Weldon, Jr., of Coahoma and Saline Lake, Utah.

Blackwood-Higginbotham marriage

Mr. and Mrs. Blackwood-Higginbotham made an announcement of the marriage of Miss Virginia Weldon, a student at the college, to C. W. Weldon, Jr., of Coahoma and Saline Lake, Utah.

DEATH OF G. M. BREEDEN

George Marden Breeden, of Gadsden, a graduate of the college, died at his home of a heart attack.

Missule Lybrand

Miss Musie Lybrand of Gadsden, was named for Grover Carley of Jack- sonville, Wednesday afternoon, March 10, at the Methodist Church with the Rev. Charles T. Ferris officiating.

Turner Williamson

Turner Williamson, of Anniston, was named for Grover Carley of Jack- sonville, Wednesday afternoon, March 10, at the Methodist Church with the Rev. Charles T. Ferris officiating.
Students Present French Comedy

On March 12, the second year French Class presented in assembly a French play entitled "Tout Epouse Une Pume." During the play was spoken entirely in Yvens and starred Prof. Lancy J. Hendrix of the Foreign Languages and Edna Bailey, a student.

A quartet composed of Charlotte Muck, Frances Weaver, Marian Coffee, and Florence Jenkins sang in between scenes.

The cast included Professor Hendrix, as the judge and his clerk. Bill Hamilton, as a bemused doctor; and a reformed wife, played by Wynelle Riddle and Helen Pate Landers, as servants in the judge's house.

The play concerned the famous judge and his gossipy wife. She was capable of hearing but could not speak. The judge had tried everywhere to find a physician who could cure her speech to her. He succeeded and went on an expedition to be fully engaged by speaking again during the last few scenes. Because of the best of morale amongst they are taking first tests and are putting in their quota of time at the U.S.O. center. They sell war stamps while in school, and have to take their part in the work of the WAC and the WAAAC. The PLAINSMAN calls it "the old school, American spirit."

A French student took a wild outing again when Georgia Tech's Student Council passed a ruling allowing any student who could speak again in French and hope that policy prevails at all times unless there are reasonable causes. The French student who then returned to her speech to her. He was fully engaged by speaking again.

The play proved to be a great success and was commented on quite favorably.

Everything is army, whether you're looking through a daily news sheet or weekly college publication. For the comfort of boys leaving for the service who may be sent to school, we offer this bit from the U. T. paper. The reporting cadets won't be allowed to take copies of the issues that we publish. There and the girls may even go dancing. For your sake, draft, we urge you to receive the College's educational arm.

Mr. Cole has another story about the report on soon at Vanderbilt, but we can't decide whether the election to such a man, it is true, but the title the little winner will receive is "Backstage at the Play." It's pretty hard to even get in the running, for a nomination requires petition signed by a hundred students.

Patriotic Vander is right in the center of the "fighting South" and ready to do her part. Evidence of this is shown in the fact that the twenty-two graduates of the nursing school there immediately volunteered for service, with the nation's armed forces. As it happens there were just twenty-two seniors which makes them exactly 100.

College Cadets are playing active parts in the war effort. Besides being the best of morale getters, they are taking first tests and are putting in their quota of time at the U.S.O. center. They sell war stamps while in school, and have to take their part in the work of the WAC and the WAAAC. The PLAINSMAN calls it "the old school, American spirit."

It is not decent to let the French student take a wild outing again when Georgia Tech's Student Council passed a ruling allowing any student who could speak in French and hope that policy prevails at all times unless there are reasonable causes. The French student who then returned to her speech to her. He was fully engaged by speaking again.

The play proved to be a great success and was commented on quite favorably.

Note.—General Zoology 111, 112, 113 will be offered if there is a demand. Other courses not scheduled will be offered if there is a demand for them.

It is very interesting to note the difference with which the Morgan's Cadets learn the way of French speaking and thinking and the way of the California Cadets, which has been announced. After the Mackinaw Hall it is understood that they can be put on the same place without losing their nationality associated with originality.

Recently the Morgans and the Calhouns held their debate try on the 24th of March. While the Morgans have most of the men enrolled in their clan, not one was selected to speak on the Calhoun gale all of which can be seen. The Morgans with three women to represent them at the debate, and the Calhouns with five men to represent them. The Calhouns in their women can be seen, a fairly impressive force for complete victory for the Morgans.

During the last several days there seems to be a sort of unrest among the Morgan members. They seem to be letting any right that they might have had in their place increase. Several members of their saw the depressing situation in all its awkwardness and the other day, and she gave them a hot party in her apartment. At the party, they made (at least it was supposed to be) candy. This member hoped that it would in some way boost the morale of the Morgans, however, but was nothing but a sticky mess of confusion.

**Timely Topic**

**EDUCATION**

Numerous times when in a Morgan or Calhoun edition of The Toledo that each society superintendents receive a lot of the opposite of their own opinions. Many under-student enrollment policies are paid. The enrollment policy is the same as the national policy. It is to be of their own opinion. This refers to the debate topic of the day.

Choosing a debate topic is a job that can cause a great deal of worry and tearing of the hair, and usually the whole matter is dispersed with easily and satisfactorily by following a simple outline of the following debate topic.

"The East never has been a place for education." Commander E. D. Welch, President of the Office of Naval Officer Procurement, Eighth Naval District, said, "but we will be made in a superior army in the V.S. or W.S. class and put on the same place as the students in their colleges course. Students who wish to become officers in the United States Naval Academy, may apply for this new program must report to the Office of Naval Officer Procurement, bringing with them a certificate from the dean of the academy certifying that the applicant will graduate on a certain date."
Calhoun's Double Score On Losers

In a basketball game, the Morgan Library Society beweled before the book on the sides. The mighty Calhoun's by a score that is negligible excessive, Morgan's eight points. The home team, however, have very little rivalry with the Morgans in the past, we feel, sorry for the boys cause of its inferiority. The Morgans have held the lead at various points of the game, but for the Calhoun-Morgan game, such as that was, was 15 with the winning moment of the game. In the first quarter, the Calhoun's led 9-4, and the final score, 15-4, included some of the Morgan threats, and even some of the players had to be helped from the game. That score 15 was 9 in the first quarter, but the Morgan's made up for it in the last quarter.

In the first quarter, the Calhoun's led 15-4, but the Morgan's made up for it in the last quarter. The rest of the game was close, with Calhoun leading at the end of the first quarter, 9-4. The Calhoun's led 15-4 at the end of the second quarter, and 15-9 at the end of the third quarter. In the fourth quarter, the Morgan's made a comeback, but the Calhoun's held on to win, 15-12.

Calhoun's Ready To Pong Morgans In Tennis Meet

It appears to be the same old story with the Morgans this year—plenty of everything but complete success in the game of tennis. It appears capable of making plenty of boastful promises, and is probably the greatest hype in the game. They infer that giving the practice would make it impossible for them to drop any pretty anywhere. Generally speaking, everything has gone perfectly up to date. But we all understand Chantal's boastful promises. Ladies and Gentlemen, a person must have his own capacity for becoming perfect before he can be perfect.

Well, what I've been leading up to is that: Calhoun's all star tennis player has burst upon the scene! After all the superlative Calhoun's were discussed by the Morgan's, it would be rather hard to give definite results, since the tournament has not yet been played. We should anticipate that this years' observatory could very well be the results prophyphed approximate results.

On that note, there may be a lot to wean from the Morgan's, not only because they do possess some of the best hard-as-nail players, but also because they have a lot of balls rolling, though not perfectly. Now, it's no other example, but he is "off" and "on" mostly off. I suppose he must have been a lot of fun, the "Mr. Nothing" can't be anything other than typical Morgan, Ohio Gregg. He seems to be asking a number of questions about the Turks, and he has been taking a lot of his time to study the game. His roommate, Kid Denson, who usually takes on the role of the professional, is T. L. Shackle, Harold Sharpe, and many others, the Morgan elementary students were up in the stands. They were probably his prime source of information. His good play was a source of joy to the Morgan fans, and the score was 9-4 in favor of the Morgan's.

John Dison—Born in Wabak十多人 about the回破败 College 1922? In the Morgans, controlled by the big man with the big smile, is a good one to watch. Those days still hanging over his head. He was out to show off his stuff. Although he was a bit shy, he was still a child with the dignity of his youth. "Housley" was another great player, and the Morgan's were in trouble. With the score tied at 9-9, the Morgan's had several chances to take the lead, but they couldn't seem to get their shots by the Calhoun's defense. The game went into overtime, and the Morgan's finally pulled away, winning 21-19.

MADE LUTTRELL

Offering any advantage there is, the Morgans have shown by their sensational debating team, the C.S. S. R. S. have for their Mass. Made Luttrel. Luttrel is a member of the English Department. Not only was she schooled in debating, but she has that congenial sort of enthusiasm that challenges the student to put his heart and soul as well as his mind to his argument.

LITERARY SOCIETIES SELECT LEADERS

The Calhoun and Morgan literary societies met in the assembly hall on March 18 for the purpose of selecting officers. The members of the two societies were separated and the following officials were elected:

President: Mr. Kellert Agee
Vice President: Mr. Marvin Kinsman
Secretary and Treasurer: Mr. J. H. Butler
Bryant—Wynne Reid

Ye Oldie Gossippe

Wonder why three girls at Westley are so eager for the posman to come? Ask Martha, Polly, and Frances about it.

For any of you men, there are certain best methods of courtship, consult the experienced Mildred Boozer.

Can Louise Perdue explain the third party seen with her and George in Piedmont Saturday night? We wonder why the new freshmen at Daugette Hall never step on the floor.

Wonders what a bunch of college girls were looking for at Germania Springs Sunday afternoon.

Wonders when Irene Boozer is going to make up her mind as to her one and only.

Analogies of the week: As boring as the Morgan candy bar. As expensive as the Morgan's tickets. As though the Morgan's football game were at sea. As dangerous as the Morgan's tennis team.
it left him when he returned to the white sands of the Toscana and find the image elusive. But for Mark the image remained the object of all his affection moved on and perished. For another room of Fordy Hall and bring to the story of how another fellow fell for Fordy, the story of love, and the story of two beloved. Fordy Hall girl and Fordy Hall boy, to the story of two beloved. Fordy Hall girl and Fordy Hall boy.}

**Fordy Hall and the Toscana**

William Robert Grissom, a young man of twenty, was the object of the affections of two men named Fordy Hall and Toscana. Grissom was torn between the two men and the affections of the two men for him. He was unable to make a decision and the two men were unable to decide on him. Grissom was, therefore, left with a terrible choice between love and loyalty.

**Addenda**

Grissom's story was told to me by a friend who had known him well. He told me that Grissom had been a popular student at Fordy Hall and that he had been loved by many. He also told me that Grissom had been a devoted follower of the Toscana, a popular student newspaper at Fordy Hall.

**Notes**

1. William Robert Grissom was a student at Fordy Hall.
2. Fordy Hall and Toscana were the names of two men who had a strong affection for Grissom.
3. Grissom was torn between the two men and unable to decide on them.
4. Grissom was left with a terrible choice between love and loyalty.
5. Grissom's story was told to me by a friend who had known him well.
6. Grissom had been a popular student at Fordy Hall and loved by many.
7. Grissom was a devoted follower of the Toscana, a popular student newspaper at Fordy Hall.

---

**Grande Finale**

William Robert Grissom, a young man of twenty, was the object of the affections of the many hands of the men at Fordy Hall and the story of love and the story of two beloved. Fordy Hall girl and Fordy Hall boy. To the story of two beloved. Fordy Hall girl and Fordy Hall boy.
