We are proud to report that the Veterans Club of Jacksonville State Teachers College has been totally revived in the very best of spirits. We received a number of great new and improved programs from those responsible for the slack administration of the Club, but we have all left some of those verbal savagery and criticisms are not too much to ensure that we helped in some way to the revival of the Club. New officers were elected at the last meeting and everyone present appeared to be thoroughly satisfied with the outcome of the elections. How could the members have been otherwise with the old friend Charles Shirley on the throne? We have just found from President Cole that the converted Activity Building will open on May 11 in our new cafeteria. This is the building which is a reprieve of our beautiful library and is located between Bibb Graves and Diego. Most of us, since coming to JSU, have not been able to understand its purpose. Well, take a look at it from us, and we believe it is the perfect place for off hours you won’t have to guess what is, but you will see. We had the pleasure of being able to see the interior of the dining hall itself, and believe it will be the outcome of the recreation area delightfully astonishing.

Our fall campus scene is really housing with political activities. Everybody is coming out of their offices or other, somebody is talking about this topic or that, and which are the candidates, but when it is all said and done—will we elect someone. We are glad to see so many of our friends getting their hair in the wind.

Since the date of our last publication, we have witnessed great improvement in the building itself. The Wooden is a perfect example of the new administration.
ELECTION TO BE HELD THURSDAY

Pilots fill the hall, cards are handed about, and the people who are attending the meeting are discussing the upcoming event. The hall is packed with people, and the atmosphere is lively as various groups gather to discuss the upcoming event.

Campus Personality

It is very agreeable to find someone provided not only with college personality but also with knowledge. However, this endeavor is exactly what our campus personality for this month has. I must express the knowledge to you that we are speaking of Miss Missie T. Smith.

Carolyn came to Jacksonville in June of 1948 after graduating in May from Jacksonville High School. During her six years in Jacksonville, Carolyn has been a member of the Commercial Club and the Drama Club. Missie T. Smith is a talented pianist and is a student of the music department at the University of Alabama. She is also a member of the Student Government Association and the Honors Society.

For enjoyment, Carolyn has varied interests, some of which are: playing the piano, reading, listening to good music, and, last but not least, Aaron Hound. In May, Carolyn will receive her degree. She says that she does not have any concrete plans for the future, but she has high hopes for establishing a career as a pianist in a music school.

Chastain, Harris, Hubbard, and Story Vie for Top Posts in S G A

When voting Thursday, April 24, remember:
1. If you want a strong, progressive student government, vote for Chastain for President.

If you want an executive board composed of students whom you may not be asked to become detectives, or policemen, vote for Hubbard for Vice-President.

If you want a student government which will represent you and keep you informed of what is happening, vote for Harris for Secretary.

If you want a government to work for the future, not the past, vote for Story for Treasurer.

The campus personality might be called a "jack-of-all-trades." She is not only an efficient secretary, but also an excellent pianist, and must be a cook because we heard that she walked all over Birmingham to get a cookbook.

Carolyn's talents were readily recognized, and she was elected into many organizations and offices, some of which were: Kappa Delta Pi, the "Minstrel" staff, secretary of her freshman class, and new vice-president of the senior class. But Carolyn considers her membership in "Who's Who Among Students in American Universities and Colleges" as the greatest honor.

happy and profitable. I shall be ready to assist the principal, the S. G. A. and other students in any plan to improve what we have or to institute new activities. I shall cooperate with the other officers in trying to make the kind of student government that we all want.

Any influence that you may have in helping me to be elected to this office will be greatly appreciated.

For a long time I have heard the plea for more college spirit on the campus. As a candidate for vice-president of the Student Government Association, I assure you that if I'm elected I shall do my utmost to promote social interest. I shall hold regular social committee meetings and encourage class parties and community activities. I would also like to see the Summer Carnival revived on the campus. Making the fair dances more attractive and serving refreshments would also add much to our social life. I shall advocate numerous activities between the literary societies, and I pledge my cooperation in any effort to make a better social program, and one which would meet the approval of the faculty, officers, and students. G. I. AMENDMENTS

Passed (H. R.-P.) Amendments to the provisions of the G. I. Bill of Rights which would provide for distribution to veterans educational loans to college students. The loan program has been recommended by the Veterans Administration in consideration of the recommendations made by the Intercollégiate Press Bulletins.

The amendments call for the establishment of a loan program in which veterans loans of not more than $200 for any college, to require the creation of a loan fund to be established over a period of seven years after the loan is made. Total individual loans are not to exceed $2,000.

Mr. Schlegel indicated that steps are now in progress to have the amendments introduced before Congress in the near future, at increasing numbers of veterans. As the amendments are now necessary, the steps are now in progress to have the amendments introduced before Congress in the near future.

As We See It

(Continued from page 1)

We say that "Doc" has been their closest friend and guide since they have been in school. Without "Doc" who would help them with their problems? He who would understand the boys' troubles and advise them in the common sense way that "Doc", a young man of Fortune, has grown to love Doc Gary, and that we understand the principles of college life is even more that Doc should move into the dormitory and live with the boys.

Most people don't realize that a smile is a wonderful thing in the world. Troonto and Melbourne are joyous again; The birds in the air are home-winging again; The legs of China are singing again; The church bells in Poland are ringing again; And Scotch lassies in the rye.

The waters last only a moment The rub's leaving done, the baby's lifted The forsythia's golden tendrils. The seasons are not measured By moon within the grass, Nor yet by the rustling of the sand.

And war, like a dream, has passed by. Beneath the command of a Carpenter's son: The battle of peace must be fought now, and win, A battle that knows not the cry of a gun; In the land or the sea or the sky.

The BATTLE OF PEACE

Wilson MacDonald

The April "Colophon" asked two questions, one of which was: What is your favorite "bird"? And the other: What is your favorite "song"? The answers are: The red, and The Redbreast. The warbirds are singing: And the red, and The Redbreast. The warbirds are singing:

The birds of the air are home-winging again;

The legs of China are singing again;

The church bells in Poland are ringing again;

And Scotch lassies in the rye.

Toronto and Melbourne are joyous again;

The mothers are glad from Seattle to Maine;

For from the fires, the sails no longer like rain; And war, like a dream, has passed by.

Beneath the command of a Carpenter's son: The battle of peace must be fought now, and win, A battle that knows not the cry of a gun; In the land or the sea or the sky.

ISU RETREAT

The state ISU Retreat will be held at Camp Mac, near Taliesin, April 23-25. It will be for all ISU officers and staff district members, and will include conference as well as programs sponsored by the various ISU organizations. A program of special modern pictures in technicolor.

The following report appeared in the April issue of The Teasol:

"Being together for years—Mann's ship—It's the foundation that really counts if you're talking of a house. Look over Mann's ship and you find the type that can be worn without damage. It's the type that's made to live. And Mann's ship is this type. It's the ship that will last. It's the ship that will stand the test of time. And Mann's ship is the ship that we've been looking for. And Mann's ship is the ship that we've been looking for. I'm so glad that we've found it."

"For our age of miracles, for the age of opportunity, for the age of hope, Mann's ship is the ship that we've been looking for. And Mann's ship is the ship that we've been looking for."

"And Mann's ship is the ship that we've been looking for."

WALTER WALLACE

Shown above is Walter Wallace, retiring head of the Vets Club. Wallace will receive his degree in May as an English-Social Studies major. He has served as president of the Junior class, vice-president of the Morgan Literary Society, secretary of the Vets Club, and as a member of the Social Committee. Last fall, he was chosen as a representative of "Who's Who Among Students in American Colleges and Universities for 1944-45," and is currently a member of the "J" Club.

Pledges for membership in the "J" Club are shown above as they are initiated into the club. Besides wearing this fancy apparel for a day, they were compelled to wait on the tables of the full-fledged "J" Club members, and beg for scraps of food for their "pets." They are, reading from left to right: "Ham" Rains, George NanCarrow, and Curly Johnson.

J-J-Day Game To Be
Treat Of Fiesta

Football fans of this section are in for a special event when the squad at J. S. T. C. stages the annual J-Day game.

The squad has been equally divided into two teams. The Red team will be led by Captain Irby Cash, and the White will be captained by Bill Cassidy, both of whom were outstanding singers on the 1946 Gamecock team.

The White backfield will be

sparked by Blakie Hewlet, ver-
tile fullback and co-captain of the 1946 team. Holding down the triple threat spot for the Red team will be Clarence Johnson, co-captain on the Gamecock rote.

Both teams will have aggressive lines and should prove even matched.

Starting Monday, the two teams will have separate workouts. Coach Doct Sallis will be in the Red camp while the White squad will be under the guidance of Coach Dillen. The event will end Saturday at JSWC and will climax the annual Spring Fiesta.

The kickoff will be at 3:00 p.m., Sunday, April 24.

Choose Your Secretary and Treasurer

Thursday, April 24

Your attention, please! Other

balloting should be considered as

of public trust. As a candidate for treasurer of the Student Government Association, this will be the conception which I shall have of the office. I shall, first of all, consider that I am regarded as a person worthy of trust. A treasurer of any organization should be not only honest but careful, systematic, and accurate. If elected as treasurer of the Stu-

dent Government Association, I shall do my best to manage the

ut of the office in a satisfactory manner.

Jay Baggett

Candidate for Treasurer

As candidate for secretary of the Student Government Association, I pledge my wholehearted support of all measures which will benefit the school and which will keep it ever going for-

ead on the road of progress.

More student participation and cooperation of the student-teacher coop-

ration will make our college grow. I shall deeply appreciate your support on election day.
