Morgans Win Annual Debate

The annual clash between the Calhoun and Morgan literary societies of Jacksonville State Teachers College was staged on May 3, in the assembly room of Graves Hall, before capacity crowd of students, friends and alumni.

Everyone who heard this debate declared that it was one not to be soon forgotten. The topic that was so thoroughly treated by the debaters was: Resolved, that the St. Lawrence Waterway Treaty should be ratified by the U. S. Senate and construction should begin immediately, thereafter. The Morgans defended the affirmative side.

The participants in this event were very well versed on the subject, and every speech was delivered with fluency and emphasis. The speakers for the Calhoun Society were James Hubbard, first speaker; John Martin, second speaker; and Lavon Talley, alternate. The Morgan team consisted of Dan Packard, first speaker; Ed Snoddy, second speaker; and Burl Gilliland, alternate.

Dr. Reuben Self, in his capacity as moderator for the debate, charmed the audience with clever humor. Bill Collier and Jim Sides were the timekeepers. The judges, who rendered a unanimous decision for the affirmative were Mrs. C. W. Hughes, Mrs. Roy Jennings, and Mr. Clay Knight, all of Piedmont.

Alpha Mu Gamma Invites Seven And Sponsors Banquet

At 5:30 on the afternoon of May 12, the "Maison Francais" was the scene of the initiation of seven

Kappa Delta Pi Banquet, Initiation And Installation

The Kappa Delta Pi initiation Banquet was held at the Rec on Saturday, May 22, at 8:00 p. m. The decorations were chosen around a green and purple color scheme.

Mr. Ernest Stone was toastmaster for the occasion. Jackie Cobb's welcome to the new members was responded to by one of the initiates, Nancy Harper.

Barbara Cayley, present president of the organization introduced the new members.

Lynn Mullinax was in charge of the music.

The speaker for the evening was Mr. Rayburn J. Fisher of Anniston. He is superintendent of the city schools there.

Preceding the banquet was the initiation of the new members and the installation of the new officers for the coming year. This was held in the lounge at Bibb Graves Hall. The following new members were initiated and were present at the banquet: John Albea, Pearl Brown, Dot McCullars, Dorothy Blake, Cecil Bearden, John Martin, Joan Martin, James Gamble, Charlie Jean Payne, Nancy Harper, Walter Mason, Jesse Morton, Charles Sprayberry, Horace

This time Jacksonville is going all out for its freshmen. Registration day will usher in a new era in the history of the Frosh Orientation program. During the two-day registration, May 31 and June 1, the new-comers will obtain first hand contact with the friendliness and hospitality that JSTC is famous for throughout the state.

Each freshmen girl will have a Big Sister to assist in every way possible to help the tenderfoot become acquainted with the life of a collegiate. The male members of this frosh class will not be forgotten. Six experienced hands will assist in showing them to their campus and giving them the low-down on college life and the "femmes" particularly.

On Sunday evening the churches will welcome the freshmen attending the evening services. Members of all denomination are urgently requested to attend this

Senior Ball Climaxes Dance Season

On Friday evening, 8:30 p. m., May 4, 1948, the annual Senior Ball was held in the JSTC Gym to the music of Johnny Long and his orchestra. The inertia at the beginning of most dances was overcome almost immediately, and the pitch of the dancers was raised to high good humor early in the evening.

The quieting and soothing effects of the theme "Now Is The Hour" climaxed the dance at the leadout. This special part of the program was led by the senior class vice-president, Opal Lovett, with Kathryn Shehane, and followed by the senior classmen, their escorts and dates, and Mr. Bush, class sponsor, with Hazel Dishman. The class and sponsor formed a hollow circle and received their president, Earl Lindsey, with Polly Eller. Flowers were presented to Miss Eller by Mr. Bush and Miss Dishman, and then the seniors danced a dance which they will long remember—this leadout.

With all of the appropriate gaiety and gravity, the honored seniors of JSTC class of '48, upheld the time-honored phrase "dignified seniors", in all of its many aspects. The ball, the leadout, the music, and the theme, "Now Is The Hour", well nigh reached the superlative descriptive—perfect.

SYMPHONY ORCHESTRA PRESENTS CONCERT AT MUNICIPAL AUDITORIUM

The JSTC Symphony Orchestra and Vocal Ensemble presented a concert on Thursday evening, May 20, in the Municipal Auditorium in Anniston.

The Scratch and Growl Club, the junior string orchestra, was the special feature of the

Commencement Exercises To Be May 27 On Graves Hall Terrace

FREE GUIDANCE CENTER FOR STUDENTS TO BE EXTENDED

Many young people reach graduation in high school without ever really making up their minds about what profession they desire to enter when they go to college or have any idea in what field their talents lie. That might have proved a serious handicap in years past, but nothing is left to guess work at most leading institutions and colleges these days, where emphasis is being placed upon scientific tests to help students learn things about themselves that they never really knew before.

At Jacksonville State Teachers College a free guidance service is maintained by trained instructors, and students there can not only find out the vocation for which they are best suited but also determine whether or not they will make a success of their marriage in the event they contemplate marriage or are already married.

To the average person it would mean nothing to be asked such a question as, "Do you think you could become so absorbed in creative work that you would not notice a lack of intimate friends?" but to the trained guidance instructor an answer may mean that one is not socially inclined, that he is an introvert, or perhaps not well-balanced emotionally. Therefore, he is not psychologically suited for the profession of teaching, which demands sociability, persuasive interests and the social services, or for a career of any kind which deals with people and public life. The tests are not regarded as "fool proof", but they are better than nothing.

On Thursday, May 27, at five o'clock in the afternoon, spring commencement exercises will be held on the terrace in front of Bibb Graves Hall.

The commencement speech will be delivered by Dr. John Gallalee, president of University of Alabama. The subject of his speech is to be "The World to Which You Go."

Music for the occasion will be furnished by the college symphony orchestra, directed by Fritz Heim. The academic procession will march to the strains of Elgar's "Pomp and Circumstance." The college orchestra will also play "Tales From the Vienna Woods" by Strauss, and the "Recessional" will be by Frances Engle, a music major at Jacksonville.

The Reverend John Oldham, rector of St. Luke's Episcopal Church, will give the invocation and pronounce the benediction.

The following degrees will be conferred by President Cole and Dean Wood:

B. S. degree in secondary education: Gilbert Perry Adams, Wadley; Elijah Holt Bailey, Crossville; Mary Frances Braswell, Wedowee; Blanchie M. Biddle, Gadsden; Sarah Cox, Ashville; Wayne House Finley, Lineville; Lenhardt C. Fite, Weaver; Thurman W. Hancock, Goodwater; Ruth M. Hand, Piedmont; Sarah Helen Hardegree, Ashland; George Pierce Hendrix, Jr., Piedmont; Julia Marie Hodge, Gadsden; Opal Rufus Lovett, Sylacauga; Quentin McKay, Gadsden; Jesse Elton McEwen, Jacksonville; Harlin L. Nelson, Goodwater; Robert Ozment, Anniston; James Claude Plylar, Parrish; Reba Frances Sherr, Buffalo, Ala.

lem. Of course, as for us, we only ask, "When do we go swimming?" What a life!

The softball league, though exciting as it was, has ended. And which team won? The J-Club, of course. Since those boys are the only true athletes on the campus, naturally they won. Boys, we think you deserved a championship — Congratulations. Taking second place in the play-off was the hard fighting team from Abercrombie Hall. Those boys with never-say-die as their motto, went down swinging. We mean that literally. They fought a good fight, but their razor was dull.

The annual doubles tennis tournament is well under way and is truly proving to be the most exciting one yet. Talent for the courts has been shown this year from the most unexpected places. It seems that the final sets are to be played by Jordan and Nancarrow one team vs. Glasgow and Brown on the other. Good luck to you guys. We hope the best team wins. And, come to think of it, it probably will.

The Masque and Wig Guild held tryouts for new members a week or so back, and, brother, did it procure some talent? Congratulations to you good people who made it and welcome. We are glad to have you in our club.

As the spring quarter draws swiftly to a close we bid sad farewells to those students who leave us. You have been our friends for so long we hate to see you go, but when you get out in this old mean world of ours think about us once in awhile, won't you? Write to us now and then and please, please come back to see us.

Summer time is coming soon and we are all anxiously looking forward to the grand opening of the swimming pool. Join us there for a refreshing splash, won't you?

JACK BOOZER RECEIVES McCLUER SCHOLARSHIP

This year Mr. and Mrs. Leon McCluer are again sending a Jacksonville student to Camp Minniwanca, the American Youth Foundation Leadership Training Camp, near Muskegon, Michigan. The student chosen for this honor is Jack Boozer, son of Mr. and Mrs. Alton Boozer of Jacksonville, and a freshman at JSTC. Jack finished high school at Jacksonville last year with almost a straight "A" record. He was editor of the high school newspaper, the SELGAE, his senior year. He is a very conscientious, young violinist and plays with the College Symphony Orchestra.

The camp to which Jack will go

Alpha Mu Gamma Invites Seven And Sponsors Banquet

At 5:30 on the afternoon of May 12, the "Maison Francais" was the scene of the initiation of seven new members into the Alpha Mu Gamma, a national foreign language honorary society which was recently organized on the campus. These initiates, who had excelled in the study of French, were: Betty Nelle Adams, Gadsden; Merlin Berg, Anniston; Marzell Culberson, Sylacauga; Ruth Hand, Piedmont; Frank Owens, Anniston; Boyd Pruett, Altoona; and Reginald Tidwell, Cleveland.

The initiates were ushered into the room by Margaret Ann Swann, the vice-president acting as marshal, and repeated the pledges to Charles Sprayberry, president. When the pledges had been made and accepted, a history of the Alpha Mu Gamma and an explanation of the ritual were read by Joan Martin, secretary. Then "The Golden Bough," from Virgil's "Aeneid" was read by Elene Sparks. The pins, which are in the shape of a scroll, were presented by Dr. J. H. Jones, faculty sponsor.

The initiation was followed by a banquet at which Dr. C. E. Cayley stressed the importance of the sympathetic understandings of other peoples as the only means leading to a world peace.

Yellow flowers and candles decorated both the initiation room and the banquet tables. Soft music was played throughout the initiation by C. L. Simpson.

After the banquet, an hour of dancing was enjoyed by everyone.

this August is located on the sand-duned shores of Lake Michigan. The many activities and daily classes of the camp are directed by a large staff of youth leaders and professors from various colleges in the United States. Students from colleges over the nation who are potential leaders are sent to this camp and encouraged to become active leaders in their societies. At the girls' camp last year there were over six hundred girls representing forty-six states and seven foreign countries.

Last year Elene Sparks and James Hubbard were sent to this camp. They are sure that Jack will find, as they did, "truly wonderful living at this camp of golden splendor".

cers for the coming year. The banquet was held in the lounge at Bibb Graves Hall. The following new members were initiated and were present at the banquet: John Albea, Pearl Brown, Dot McCullars, Dorothy Blake, Cecil Bearden, John Martin, Joan Martin, James Gamble, Charlie Jean Payne, Nancy Harper, Walter Mason, Jesse Morton, Charles Sprayberry, Horace Porter, James Foshee, Maggie Will Frazier, Joe Steele, Marzell Culberson, Thomas Santich, Charles Calhoun, Aaron Saffels, and Clarence Chastain.

The old members present were: Dr. L. W. Allison, counselor, Dr. C. R. Wood, Dr. J. F. Glazner, Dr. Leonard Winier, Mr. Ernest Stone, Barbara Cayley, Jackie Cobb, Nan Davis, Marie Hodge, Tyrus Caldwell, Sara Cox, Reginald Tidwell, Margaret Swann, Kay Jordan, Charlotte Mintz, Ruth Hand, M. L. Roberts, Wayne Finley, Elizabeth Parks, Johnilee Harper, Helen Eiland, Doris Angel, and C. M. Nichols.

Besides the members, there were several guests present.

The new officers for the summer quarter who were elected to fill the place of the graduating members of the Kappa Delta Pi are: president, Nan Davis; vice-president, Tyrus Caldwell; secretary, Dorothy Blake; treasurer, Joan Martin; reporter, Margaret Swann.

Charles Motley

first service of the summer quarter.

The orientation program will start on Monday morning at 8:30. All freshmen are required to attend, sophomores are requested to attend, and those intelligent juniors and seniors are invited.

The president of the Student Government Association, Charles Motley, will address the students at 8:30 a. m. in the assembly room of Graves Hall. He will enlighten the ignorant on the mission of SGA for the coming year. The plans and platform of the newly elected members of SGA will be presented at this time.

Following this discussion there will be short talks by various students on the Student Handbook, sports, languages and traditions, and the last item, registration, will be explained by Emmett Woods. These will be short and designed to give the new-

(Continued on back page)

SYMPHONY ORCHESTRA PRESENTS CONCERT AT MUNICIPAL AUDITORIUM

The JSTC Symphony Orchestra and Vocal Ensemble presented a concert on Thursday evening, May 20, in the Municipal Auditorium in Anniston.

The Scratch and Growl Club, the junior string orchestra, was the special feature on the program. The members of this organization are beginners in the strings, and were organized into a club some time last quarter by Mr. Heim. The numbers they played were: "Merry Widow Waltz", "My Hero", "When I Grow Too Old To Dream", and "Sarabande".

The regular orchestra, conducted by Mr. Heim, gave a beautiful rendition of: Overture to "Pinafore" (Gilbert and Sullivan); Andante Cantabile (Tschai-kowsky); Songs of the Bells, Planquett; Intermezzo (Bizet); Jalousie (Gade); Dance of the Hours (Ponchielli); Tales from Vienna Woods (Strauss); and El Relicario, Padilla.

The Vocal Ensemble, directed by Mr. Mason, sang "Thine Alone", Herbert; "Embraceable You" (Gershwin); "One Morning In May" (Niles); "Italian Street Song" (Herbert).

After the concert, a dance featuring Jimmy Simpson's popular dance band was held in the auditorium.

Kappa Delta Pi Initiates

Shown above are students tapped for membership in Kappa Delta Pi. Reading from left to right, first row: Horace Porter, Joan Martin, Betty Mathews, Dorothy Blake, Nancy Harper, Charlie Jean Payne, Pearl Reaves, and Maggie Will Frazier. Second row: Joe Steele, Jr., Harlan Mathews, James Gamble, Dorothy McCullars, John Martin, Marzell Culberson, Charles F. Calhoun, Cecil Bearden, and Clarence Chastain. Third row: George Saffels, Charles Sprayberry, James Foshee, John Albea, Jesse Morton, and Thomas Santich.

live-perfect. Lenhardt C. Fite, Weaver; Thurman W. Hancock, Goodwater; Ruth M. Hand, Piedmont; Sarah Helen Hardegree, Ashland; George Pierce Hendrix, Jr., Piedmont; Julia Marie Hodge, Gadsden; Opal Rufus Lovett, Sylacauga; Quentin McKay, Gadsden; Jesse Elton McEwen, Jacksonville; Harlan L. Nelson, Goodwater; Robert Ozment, Anniston; James Claude Plylar, Parrish; Reba Frances Sharp, Buffalo; Kathryn Milner Shehane, River View; Lathem N. Sibert, Jacksonville; Frances Horton Spurlock, Alabama City; Polly Anne Stitt, Boaz; Ray Wedgeworth, Guntersville; James Calvin White, Langdale; Mary Delle Wilkins, Oxford; Etta Jewell Williams, Fyffe; Walala Johnson Woods.

CAP Shows Progress By Recent Activities

Considerable activity has revolved around the Jacksonville Squadron of Civil Air Patrol during the past few weeks, including the promotion of seven of its officer personnel to higher rank, flying in an L-4 aircraft on loan to the squadron by Alabama CAP Wing Headquarters, the issuance of the eighth private pilot's license to one of its members, the initiation of six new members into the Solo Club, the completion by forty of its members of an excellent class in navigation, and by another class of fifteen in engines and basic Link trainer instruction, the organization of a cadet unit in the high school, and a Solo Club picnic at the Greenleaf Field.

Promotion of Officers

Personnel orders have been received from National CAP Headquarters, Bolling Air Force Base, Washington, D. C., signed by Major General Beau, National CAP Commander, announcing the promotion of the following officers:

Lucille Branscomb, Commanding Officer of the Jacksonville Squadron, has been advanced from first lieutenant to the rank of captain; Robert H. Rivers, Training Officer, to first lieutenant, John Pruett, Operations Officer to second lieutenant; John R. Prickett, Engineering Officer to second lieutenant; James Edmondson, Communications Officer, to second lieutenant; Edward McKim, Adjutant, to second lieutenant; and Buren Hanson, Supply Officer, to second lieutenant. These promotions were recommended to the national commander by Wing Com-

MASQUES ENTERTAIN NEW MEMBERS AT CRYSTAL SPRINGS

The Masques of the Masque and Wig Guild entertained the newly elected members of the club at a picnic given at Crystal Springs last Tuesday afternoon. The picnic was given for the purpose of welcoming the new members into the club.

In the afternoon the joy seekers enjoyed swimming and sun bathing on the beach. When the sun went down, everyone retired to the picnic grounds and enjoyed picnic delights a la carte. After everyone had eaten the food he wanted, master "Turk" Moncus, Harry Howell, Bruce Miller and Herbert Tolleson entertained with novelty acts that only they can perform. Later the group danced to the music of the ten-cent juke box at the pavilion.

YOUR MANNERS ARE SHOWING

Remember how Dale Carnegie's *How To Win Friends And Influence People* stressed the value of a smile and honest appreciation. No one wants to be gushed over; no one likes to be flattered. Above all, don't nag. Nagging has been defined as a frequent repetition of the unpleasant truth. Don't try to reform your spouse, your friend or your reader. With these points disposed of, we shall begin our sermon.

The traditional friendliness of Jacksonville is being ignored by small cliques who evidently assume that their social prestige is measured by the number of people they snub. It is, but not in the manner they think. Lack of courtesy is generally regarded as proof that one is ill-bred and not as evidence of gentility. If your relatives are the elite of Possum Hollow, a friendly air will show it more than hot air.

The dining habits of some among us would be amusing if half the world were not facing starvation. If any food, other than field peas, corn pone, and the like is served, Finicky Frank sniffs suspiciously and leaves it untouched, wondering all the while why something "fitten to eat" isn't concocted. Evidently, Mom used to prepare starchy victuals and boil the vegetables until every vitamin succumbed under an inch of pork drippings. Too, a good religious argument adds jest to any meal by promoting a friendly atmosphere and aiding digestion. One should make sure that his views that any Christian who doesn't believe in shouting is a communist are audible in every corner of the dining hall.

Breaking chow lines is another profitable pastime. Oddly enough, the vets, who should know how to elbow their way around, apparently aren't as close to starvation as the sweet young things.

One shouldn't hesitate to "pick up" magazines from the mail chair. The owner can meander to the library, preferably at closing time. Of course, some librarians are rude enough to switch off the lights at 9:30. Such ill-bred people are best ignored.

OLD N. G. A. MEMBERS HOLD LAST MEETING; NEW ONES WELCOMED

"Wherever we are, whatever we're doing—we'll always be interested in you."

Last Monday evening the Student Council held its last meeting of the school year. The newly elected officers, Charles Motley, president; Boyd Pruett, vice-president; Luther Moon, secretary; and Charles Sprayberry, treasurer, were present.

Charlotte Kerr Mintz reported that all copy for the forthcoming edition of the "Student Handbook" was ready and that it would go to press shortly.

Clarence Chastain, president of the Student Government Association, made a brief talk in which he said that the present council had made significant beginnings along various lines, but that the group had failed to achieve as much as he had hoped it would.

He thanked the old officers, representatives, and Dr. Felgar, the faculty adviser, for their help, and welcomed the new officers. Chastain told the new officers he thought they were aware of the big task confronting them. He urged them especially to support the "second undefeated football team Jacksonville is going to produce."

Chastain said that he believed the newly formed National Student Association in an organization that could mean much to the students at Jacksonville, and he recommended participation in it. He said the new office and the

secretarial help President Cole assigned the council would help them build a permanent organization. He outlined the need for close cooperation between students and administration in the building of an even greater institution.

In closing, Chastain extended best wishes for success from the retiring officers, and, he added, "Wherever we are, whatever we're doing, we'll always be interested in you here, and we hope you will feel free to call on us."

Charles Motley thanked Chastain and the retiring officers. He said the new council was aware of the task before it, and he called all the members to join in making the student government an effective organization. Motley said the members of the new group had many plans which they would discuss further at the first meeting, on the second Monday evening of the new quarter.

Retiring officers of the Student Government Association are: Clarence Chastain, president, Anniston; Locklyn Hubbard, vice-president, Alpine; Frances Horton Spurlock, secretary, Attalla; Jay Baggett, treasurer, Ranburne.

WHY A WOMAN BUYS

There is usually one reason why a man buys, but with a woman it might be one of eight (so they say): (1) because her husband says she can't have it; (2) it will make her look thin; (3) it comes from Paris; (4) her neighbors can't afford it; (5) nobody has one; (6) everybody has one; (7) it's different; (8) "because."

SENIORS AND FACULTY ENTERTAINED BY COLES AT DeSOTO STATE PARK

On April 14, 1948, President and Mrs. Cole entertained the spring and summer graduating seniors and college faculty members with a picnic at the DeSoto Park in DeKalb County. Approximately one hundred students and professors went on this pleasure trip to Alabama's famous Lookout Mountain.

During the morning the majority of the guests hiked through the park and enjoyed the beauty of the mountain laurel and the rare rhododendron. Several went fishing in the cool mountain streams.

A delicious lunch was served at one o'clock. The menu consisted of barbecued pork, potato salad, tomatoes, pickles, rolls, iced bottled drinks, and ice cream sandwiches.

In the afternoon a group indulged in a game of softball. With Dr. Glazner, Mr. Miles and Mr. Bush making up the bulk of one team, the students were certainly faced with stiff competition. Others enjoyed swinging and the other activities offered in the playground.

In the early evening the party returned home via beautiful DeSoto Falls. After a short excursion to the various points of interest on this side of the mountain the last call for JSTC was given and the tired happy seniors journeyed home.

Every Senior is indebted to President and Mrs. Cole for this lovely day and for the hospitality shown each one. We wish to

SENIOR LEADOUT A DREAM FOR FUTURE

"Good evening, ladies, and gentlemen. The USS Hope has just docked; the long voyage is over. The proud, happy, and confident passengers are: Kathryn Shehane and Opal Lovett, vice-president; Barbara Cayley and Ed Ford, Mr. and Mrs. Bruce Chase; Mr. and Mrs. Ben Garmon; Sara Hardegree and Jimmy White; Eve Holcomb and Howard Bishop; Margaret McCain and Joe Shirley; Mr. and Mrs. McCullars; Mr. and Mrs. Turk Moncus; Mary Lu Pittard and Jay Baggett; Audry Shaffer and Ray Shotts; Mr and Mrs. Fred Sibert; Jane Seif and Bill McWhorter; Mr. and Mrs. Raymond Smallwood; Frances Story and Wilson Riley; Martha Thorpe and Jimmy Ledbetter; Ruth Chavers and Charles Pyron; Mr and Mrs. Guy Phillips; Mr. and Mrs. Harlan Neison; Mary Ellen Salmon and James Edmonson; Mr. and Mrs. Ernest Newman; Jean Strawn and Neal Posey; Hazel Dishman and Mr. Bush, class sponsor; Polly Eller and Earl Lindsey, class president.

WHAT'S UP DOC?

I am sure that we are not the only individuals on this campus who have observed strange happenings in the last few months. In the rear of Graves Hall, men—dozens of them—have been pounding little stakes over the head with nine-pound sledge hammers. To be sure, they may have been digging traps for those unfortunate people who are coming across the campus late at night in an effort to get home before the fireworks start at Abercrombie Hall. As all of you have noticed these unusual incidents, let us really inquire into the objectives these men may have in mind.

It could be that they are surveying for a multi-million dollar highway that is going to be used to haul submarines from the Gulf of Mexico to the Atlantic; or perhaps they are planning to construct that new parking area we need so badly. It would be convenient, to say the least, we hate to walk from Pannell to the chow hall.

They might even be planning to put in a swimming pool that is larger than a fish bowl. What a wonderful tan we could get then. With the invention of the atomic bomb, and all the secrecy about it, the men might be famous scientists who are building an underground air base for rocket ships. Just imagine—a chance for the students of JSTC to live next door to a rocket field. It surely is fun to let one's imagination run wild, isn't it?

All kidding aside, if any of you students know what these men are so busy trying to accomplish, would you please let us know so that we can inform others on the campus who are interested (President Cole and Dean Wood, for instance). Drop a note in the Teacola box beside the bulletin board in Bibb Graves. Maybe it will give us a scoop for the next issue.

While we're preaching we shudder to speculate on what an outsider might think if he had heard the following remark by a prospective elementary teacher: "I'm sure gonna learn them young'uns some English."

Drinking On The Campus

(Editor's note: On browsing through an old issue of the Teacola we came across the following editorial.)

"A. F. Lokey, Birmingham, Alabama, in a recent letter to the Birmingham News-Age Herald, deplored the fact that so many college students were arrested for drunkenness at a football game in Birmingham. Mr. Lokey paid high tribute to the Jacksonville Teachers College by calling attention to the fact that as a student here years ago he knew another student who was severely disciplined for drunkenness. We are glad to state that those weaklings who cannot resist temptations are still punished at Jacksonville. We are proud to state that this institution has experienced a remarkable growth, but the growth has not been the result of enrolling whiskey drinkers and other rough-necks. Jacksonville students are given a wholesome environment in that respect. Many mothers and fathers in looking for the proper place to educate their sons and daughters should bear this in mind. Jacksonville students have always been of a high type and it may be said that drinking and gambling will never be tolerated on the Jacksonville campus.

We appreciate Mr. Lokey's commendation of this institution and assure him that he may continue to feel proud of his Alma Mater."

WHO

Do you remember last year around Christmas time when you were called to a class meeting for the purpose of selecting beauties and favorites for the "Mimosa"?

And do you remember that from the class beauties that were selected a queen was to be chosen? Well, in the event that you have forgotten the results of that election, here they are: senior beauty, Mrs. Dorothy McCullars; junior beauty, Polly Eller; sophomore beauty, Barbara Burtram; freshman beauty, Betty Drake. Pictures of these lovelies, together with their "dimensions", were sent to the well-known artist Jon "Back Home For Keeps" Whitcomb, who has selected one of these beauties to reign as queen. No, you're not going to be told whom he selected. To find out that tasty bit of information, you must buy a 1948 "Mimosa".

You can get a "Mimosa" by seeing Marzell Culberson or Boyd Pruett or by subscribing for it on registration day.

McWHORTER-SMITH

Mrs. Estelle McWhorter announces the engagement of her daughter, Mary Elizabeth, of Birmingham and Jacksonville, to James Lynch Smith of Birmingham and Gainesville, Georgia.

The wedding will take place at the Fairfield Presbyterian Church on July 3.

The bride-elect received her degree at the State Teachers College after which she completed training to be a medical technician. She is now on the staff of the Carraway Methodist Hospital in Birmingham.

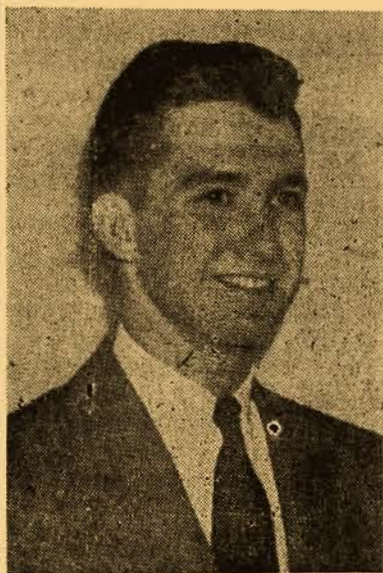

Mr. and Mrs. Alfred Roebuck are spending the week-end in Paris, Tenn., with Mrs. Roebuck's mother.

The Spotlight Shines On

The Spotlight turns and burns. This month the spotlight shines on Earl Lindsay (L-I-N-D-S-A-Y, that is), president of the senior class and a Southern gentleman of the old school, suh. He was born in Alerandria, and attended school there before moving to Anniston, his present hometown.

Earl first entered Jacksonville in 1942, but he interrupted his studies to serve three years as an officer in the United States Navy both in the United States and the Pacific. He returned to Jacksonville in the fall of 1946.

Besides serving as president of the senior class, Earl was chosen as a charter member of Alpha Mu Gamma; he is past president of the Calhoun Literary Society and the sophomore class. He served as treasurer of his freshman class, and as sports editor of the "Teacola." He has been on the Dean's list for a "B" or better average consistently, and, although he has done private tutoring in science and math, he refuses to consider teaching as a profession. Earl is graduating on May 27, with a bachelor of science and a bache-

EARL LINDSAY

lor of arts degrees.

It would be difficult to name any sport in which Earl doesn't participate. He is an avid supporter of the Anniston Rams, even though the support is costly sometimes. He was a member of the local independent basketball team, a member of the Pannell Hall softball team, and he participated

in the recent tennis tournament.

Earl's scholarship has been very high, and his tireless, cooperative work in extra-curricular activities has won him many friends outside his classmates. The senior dance was one of the outstanding events of the school year, and, all considered the most successful event. A major part of the credit for this goes to Earl, who was on hand from the beginning to provide the type of leadership that insures success.

Thus far we have been unable to find out what he plans to do, but it is likely that he will attend graduate school. Earl says that every country has something it is famous for, and America has its women. Was he speaking of one here in Jacksonville, one of those in Anniston, or the one in Miami?

Whatever he decides to do, and wherever he goes, we know that success will be Earl's, and, while the Spotlight shines on him, we take this opportunity to express best wishes and thanks from his classmates and the other friends he leaves behind at Jacksonville.

Anniston Ladies To Sponsor French program

Organization plans for a group to sponsor an International House at Jacksonville State. Teachers College were laid on May 19 at a dinner in La Maison Francaise, where about twenty Anniston women met Dr. J. H. Jones, head of the French Department, and members of his class including the French student-teachers.

The long-term purpose of the organization is to promote world peace through education by effecting an exchange group whereby students from France, Belgium, Russia, Canada, South America, and all over the world will be given an opportunity to spend a year on American college campuses, with foreign universities and colleges extending American students the privilege of study abroad.

The short-term purpose of the organization will be to raise \$7,000, of which \$1800.00 has already been subscribed, to enlarge and repair the French House.

Present at the meeting were: Mrs. F. A. McCartney, Miss Kate Bell, Miss Iva Cook, Mrs. W. W.

three check pilots named above, and Bill Irby and Vernon Boozer.

Number of Pilot Increasing

Alton Gilliland, has recently secured his private pilot's license in the record time of less than two quarters. Harvey Stewart and Daniel Cheatwood also have their private licenses, and Buren Hanson has qualified for his license except for the CAA check flight. Others who are within an hour or two of their private license are Frank Owens, Ed McKim, Gordon Wood, Fred Robinson, and Carlton Johnson. CAP members take their actual flight instructions under the GI Bill under an arrangement whereby they get their ground training in classes at JSTC and flight lessons from Lane Air Service.

Six soloists were initiated into membership in the Solo Club in a special ceremony at a picnic early in May at the Greenleaf Field. Four others have since soloed and are now eligible for membership. Those initiated were Fred Robinson, Carlton Johnson, Jeff Johnson, Warner Phillips, James White, and Henry Gilliland. The Solo Club now boasts a membership of 35. Ed McKim is president, Jack Prickett, vice-president, Steele Andrews, secretary-treasurer, and James Moncus, reporter.

Associate Editor and Business Manager Retire

Opal Rufus Lovett (preferably known as O. R.) enrolled as a freshman at JSTC in the fall of 1944. At that time very few men were in college, but, nevertheless, he had been assigned to a room in Daugette Hall; so you see his name gives him some trouble, despite the fact that it is an acknowledged gem.

Although Opal suffered severely from an attack of infantile paralysis at a very early age, he

warm friendship with President Cole, but Lovett wonders (when he presents a requisition for supplies), if Mr. Crow, the treasurer, harbors a friendly feeling for him. The fact that Opal has given worthy service to the institution cannot be denied when these facts are reviewed.

With all of his work Opal has found ample time for play. His bright smile and cheery greeting

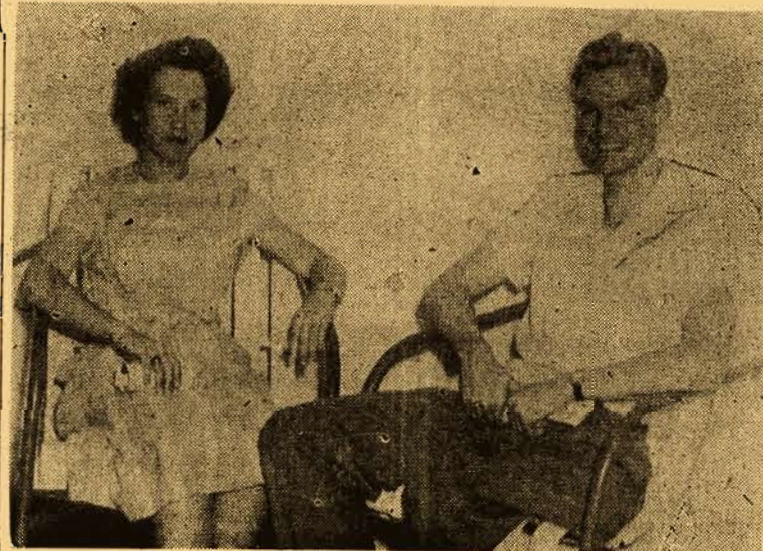

experienced life at Forney Hall before all of the boys came back to school. Since the first summer she has been a successful student and has shared extra-curricular activities as well as her regular course of study and a part-time job in the library. Ruth is very conscientious and is willing to work. This has been proven by the fact that she has paid most of her expenses through the part-time jobs she held during her college career.

Ruth (Miss Goza to her instructors) has a major in French and a minor in English. She is one of the charter members of the Alpha Mu Gamma, the French Honorary Society. During the past year one of her roommates was one of the exchange French students. Ruth has developed a lively interest in several foreign languages as a result of French—her first one.

While she speaks French more fluently than she does the other, she has a taste of Spanish and German and can boast of being able at least to conjugate some of the verbs—and that's more than some of us can do with the English language.

Besides her languages Ruth is deeply interested in journalism, which goes hand in hand with her major interest. She has been a member of the Teacola staff during her college career. Last year she was elected associate editor of the Teacola and during the summer of 1947 took full responsibility of editing the paper since the retiring editor graduated at the end of the spring quarter. This year she has efficiently filled the position of associate editor. We feel indebted to Ruth for the time and service she has given us in her work on the paper. It won't seem quite the same without her light knock at the door to ask for the Teacola copy only, to have to go away disappointed just yet."

In her leisure time Ruth enjoys reading—usually novels of the deeper type and essays. She also likes to visit and make friends, especially if those friends are likely to serve candy—candy of all kinds is one of her weaknesses. For strenuous recreation she likes nothing better than a long hike to Chimney Peak. She, with here closest friends, aver-

Ruth Goza and Opal Lovett are able to sit and take it easy during exam week—you see, they are graduating.

has not allowed the misfortune to handicap him. He has proven himself a most adaptable, capable person by tackling difficult jobs in many various fields and mastering all of them. In view of his physical defects, the fact that he has been self-supporting since he was in the early high school grades is very notable.

Opal has a major in history, but his chief interest is art—specifically commercial art and the advertising phases. He has had training and experience in photography and has the ability and opportunity to adopt that occupation for his life's work. He has filled the position of school photographer and business manager of the Teacola since he has been a student here. He has also been representative for Chesterfield cigarettes. Every student and faculty member is acquainted with him in one or all of these capacities. A few professors may be familiar with him as a student. Many of the pictures in the activities, sports, and club sections of the 1947-48 Mimosa are productions of his. He is also well known for studio portraits—the portraits of the opposite sex found in the

have gained the friendship of students, professors, and townspeople alike. For recreation he enjoys basketball and football games, picnics, reading, and movies (preferably educational films, comedies, murders, and mysteries, without too much romance). His latest hobby is collecting men's hats, but thus far he hasn't been able to find any decent ones. So, men, when you begin to rave about women's bonnets, just review Lovett's collection and you'll not be so willing to condemn your wife's lovely creation. Another activity which he most definitely enjoys is exchanging jokes—any kind and all kinds. Opal's bright smile has been known to die—but never for a long period, for when he becomes angry he has a noticeable temper and his words can grow too emphatic! Fortunately though, he is usually calm and friendly. Opal also likes to be a nuisance and tease people (especially girls who aren't interested in flirting).

Opal does not plan to enter the teaching profession. Immediately following graduation he plans to begin a career in the newspaper world. He has accepted a position

J-CLUB JABBER

The J-Club held its annual picnic at Crystal Springs on Monday evening, May 11, 1948. The group enjoyed swimming and singing under the leadership of Masters Shaky Hodges, Baldy Wilson. President Neal Posey supplied the jokes.

After the group activities were ended, the gang dined on barbecue and twelve cases of ice cold "pop". The barbecue was prepared by a local culinary artist and the pop was supplied by the American Legion Pist of Bynum.

A couple of "fish" had to be pulled from the lake, but they didn't get wet as they had already reached the saturation point.

Seen arm in arm at the shindig were Byron Shipp and Ada Bounds; Paul Adams, Betty Drake; Howard Warlick, Carolyn Wilson; Curtis Johnson, Estelle Sprayberry; George Nancarrow, Martha Campbell; Tony Daniel, Nadine Horton; Charley Siebold, Margie Sparks; Roy Anderson, J. C. Stansil, Terry Hodges, Emery Sewell, Martin Douglas, John Smith, Gilbert Ayers.

The above-mentioned group was chaperoned by: Mr. and Mrs. Bruce Chase, Mr. and Mrs. E. C. Wilson, Mr. and Mrs. Clyde Driskell, Mr. and Mrs. Charles Patty, Mr. and Mrs. Ham Rains, Mr. and Mrs. Gene Williamson, Mr. and Mrs. T. B. Meharg, Mr. and Mrs. George Bates, Mr. and Mrs.

mander, Colonel Howard Banton, and AAF-CAP Liaison Officer, Major Charles Ridings, in recognition of the meritorious work and achievement displayed by these officers in building up their unit.

Cap Members Fly Aircraft

The silver Piper cub with the blue star, seen flying lately over Jacksonville, is on loan to the local squadron for operation by its members, primarily for orientation flights. Only those members with private pilot's license or higher may fly the plane solo, and only those with 200 hours may carry other senior members or cadets as passengers. An aeronautical rating board, appointed by Captain Branscomb, reviews the qualifications and flight checks all eligible pilots to determine their ability to operate the aircraft with the proper skill and safety. The board is made up of the training officer, Robert Rivers, engineering officer, Jack Prickett, and operations officer, John Pruett. Their findings are reported to the unit commander and are forwarded to the Wing commander for confirmation. All three of these officer pilots are veteran fliers with over 1800

Field. Four others have since soloed and are now eligible for membership. Those initiated were Fred Robinson, Carlton Johnson, Jeff Johnson, Warner Phillips, James White, and Henry Gilliland. The Solo Club now boasts a membership of 35. Ed McKim is president, Jack Prickett, vice-president, Steele Andrews, secretary-treasurer, and James Moncus, reporter.

Cadet Unit CAP Organized

Miss Branscomb has organized a Flight of high school students as cadet members of Civil Air Patrol, which will be sponsored by the senior members of the squadron. Jack Prickett has been appointed as commandant of cadets and will instruct the group in the various ground subjects. Within a short time cadet officers will be chosen from these cadets who display the necessary leadership qualities.

been representative for Chesterfield cigarettes. Every student and faculty member is acquainted with him in one or all of these capacities. A few professors may be familiar with him as a student. Many of the pictures in the activities, sports, and club sections of the 1947-48 Mimosa are productions of his. He is also well known for studio portraits—the portraits of the opposite sex found in the dormitories verify this fact. His close association with the publicity program of the school gave him the opportunity of forming a

a long period, when he becomes angry he has a noticeable temper and his words can grow too emphatic! Fortunately though, he is usually calm and friendly. Opal also likes to be a nuisance and tease people (especially girls who aren't interested in flirting).

Opal does not plan to enter the teaching profession. Immediately following graduation he plans to begin a career in the newspaper world. He has accepted a position in the engraving and photography departments of the Mountain Eagle newspaper staff at Jasper, Alabama. Some time in the future he plans to do graduate work in the commercial art field.

So at the end of your college days, Lovett, we feel sure that you have every reason to expect success in your work and we sincerely wish for you a happy future.

In her leisure time Ruth enjoys reading—usually novels of the deeper type and essays. She also likes to visit and make friends, especially if those friends are likely to serve candy—candy of all kinds is one of her weaknesses. For strenuous recreation she likes nothing better than a long hike to Chimney Peak. She, with her closest friends, averages climbing this particular mountain at least once each month. Maybe that's the secret to her trim, neat appearance.

Ruth doesn't think too much of teaching as a profession. As she has not decided exactly what her life work will be. With all those foreign languages we hardly see how she can escape teaching. After a summer vacation she says she'll probably have in mind some definite idea as to what she really wants to do.

It seems strange that this tiny bit of humanity would be eligible to enroll in college, but she's been here for four college years and has made quite a record for herself. Ruth entered school in the summer of 1945 and was one of the freshmen girls who

Whatever your future may hold, Ruth, we wish you the greatest happiness and success, for we know that you deserve one, and we shall always remember to recommend you most highly as the fine, sweet person that you are and will continue to be.

Record Success Story!

RCA Victor's rising star of the keyboard
—Larry Green—scores another hit . . .
"GONNA GET A GIRL"

CAMEL
is the
cigarette
for me!

WITHIN the past few months, Larry Green has climbed right up with the top bands of the land! If you ask Larry how he did it, he'll light up a Camel and say: "Experience is the best teacher in the band business — and in cigarettes. I know from experience that sweet music suits my band, just as I learned from experience that Camels suit my 'T-Zone' to a 'T'!"

Try Camels! Discover for yourself why, with smokers who have tried and compared, Camels are the "choice of experience"!

And here's another great record—

More people are smoking **CAMELS** than ever before!

J Club Wins Tournament

The J Club team came from behind in the league to finish in first place, and then went on to win the play-off by taking the Town team two games to one in the first series of play and then beating the Abercrombie team two straight games in the final series.

At the end of regular play in the league, the final standing was:

	W	L
J Club	7	3
Abercrombie	6	4
Weatherly	6	4
Town	5	5
Pannell	4	6
Forney	2	8

In the first round of the play-off, the J-Club team won over the Town by scores of 9-6 and 4-2, the Town team winning one game by a 7-6 score. The other series of play found the Abercrombie and Weatherly teams playing, with Abercrombie winning by scores of 20-5 and 8-1; the Weatherly team won one game by a 15-10 score. The final round of the play-off found the J-Club and Abercrombie team playing for the championship with the J-Clubers winning two games in a row by the scores of 7-4 and 14-12.

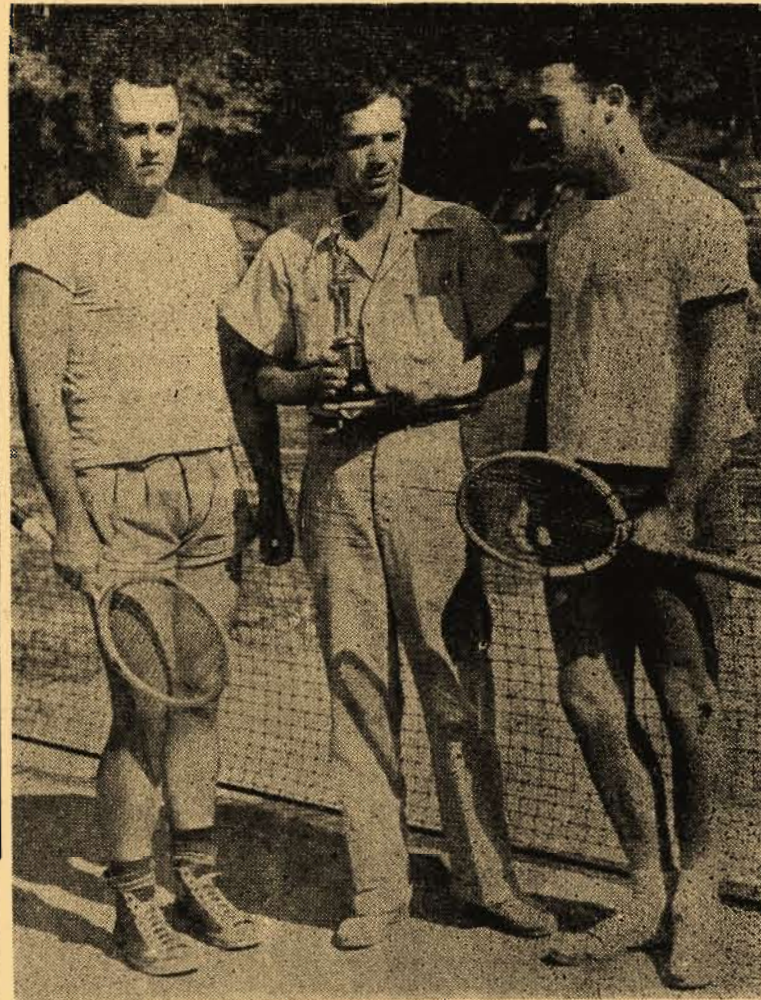

There's still plenty of time for all of you softball players to win championship honors for your respective teams. Plans are already underway for the organization of another intra-mural league for the summer; so keep the "old arm" limbered up and the batting eye keen and be ready to start playing again soon after the summer quarter begins. Any organization other than those named above that wishes to enter a team in the league may do so by contacting Coach Dillon or Grafton Sharp.

GUIDANCE SERVICE

of interests. For example, a person with high scores in music, literary, and persuasive interests might succeed in some type of newspaper work or writing, as a music critic, teacher or performer, in handling radio script and programs, or in the field of advertising. On the other hand, if the tests are not satisfactory, in the judgment of the instructor, another test is given.

The marriage tests are new and have aroused much interest among students, particularly in sociology classes. Engaged couples are encouraged to take these tests, and authorities say they should score 60 or above to show that they

TENNIS CHAMPS

Shown above are the winners of the recent tennis tournament: Dixie Brown and Gregory Glasscock.

TENNIS TOURNAMENT

The annual Doubles Tennis Tournament held this spring proved to be one of the best. There were twenty-five teams entered, and some highly contested games in the early brackets. The semi-finals found George Heath and Gilbert Ayers teamed against Daral Jordan and George Nancarrow. The Jordan-Nancarrow team eased out their opponents and moved themselves into the finals. In the lower half of the semi-finals, Gregory Glasscock and Dixie Brown emerged victorious over Jean Alhinc and Cecil Simpson. This placed their team in the finals. The final match between the Jordan-Nancarrow team and the Glasscock-Brown couple proved to be a keen, exciting game, with some expert tennis being played by all concerned.

The final game was on a three-out-of-five basis, and the Jordan-Nancarrow took two out of the first three games. From this point on it was Glasscock and Brown, and they pulled away to become the 1948 Doubles Tennis Champions.

COMMERCIAL CLUB MEMBERS HAVE OUTING AT CRYSTAL SPRINGS

At this time each year picnics for various clubs seem to be in fashion. Not to be outdone, the members of the Commercial Club gave themselves quite a nice party at Crystal Springs on Tuesday afternoon, May 18.

The picnickers rode out to the Springs on the back of Reuben Morgan's truck. When the wind-blown passengers had safely disembarked at their destination, they hurried to dress and go in for a dip (or splash as the case may have been). When they had tired of swimming, someone suggested renting a boat and riding awhile.

The most important part of the outing was that which involved eating the many cakes, cookies, marshmallows, wieners, etc., that the food committee had purchased.

Dancing in the pavillion climaxed the evening.

The Commercial Club members present were: Jay Baggett, Kathryn Smith, Luther Moon, Reba Sharp, Alline Evers, Martha Thorpe, Jim Edmondson, Frances Spurlock, and Betty Mathews.

ORIENTATION

(Continued from page one)

camers and old students alike a new insight into the collegiate life here in Northeast Alabama.

Monday afternoon is to be given to the arranging of rooms and becoming acquainted in the dormitories. There will also be an opportunity for everyone to make a trip up town and take a look at our fair city. Those new girls will also have the chance to spot the "wolves" before the step-singing and tea dance on the terrace of Graves Hall at 7:00 Monday evening. Music will be furnished by the famous ensemble, the RCA reproducing machine (records to the uninitiated).

Now it's Tuesday and the freshmen will be given FREE TICKETS to the local cinema. However, to get these tickets the Frosh will have to be in the assembly room of Graves Hall at 8:30 a. m. The show will start at 9:15 a. m., but the orientation committee will make sure the freshmen are taken uptown so that they won't get lost on the way.

Tuesday afternoon is the big time. Registration will start for the freshmen at 1:30. The Gym

in the place and the orientation committee will be on hand to help any struggling underfoot with his or her schedule.

The townspeople will turn out Tuesday night for the Freshmen Reception to be given at the Recreation Center. All students are invited to be there at 8:00 p. m.

The churches of Jacksonville will each hold a reception on Wednesday evening for the freshmen. The upperclassmen of the school are requested to accompany Frosh to the church of their choice.

All during the week there will be a continuous guidance program for freshmen by the faculty. Any special problems the freshmen have can be ironed out then.

A special Assembly program will be held during the latter part of the week, at which time President Cole will address the incoming students.

With the cooperation of the upperclassmen this can be the best Registration Week in the history of JSTC. Let's all get behind the orientation committee and really give these new collegians a welcome that they will never forget.

MODERN TIPPING IS

NOT A REWARD

The letters tip originally stood for the words "to insure promptness". It was the custom to hang a box on the tavern wall, into which the customers dropped a few coins to insure good service.

Imagine today going into a crowded restaurant, with so many people and so few waiters. First somebody would wave a dollar bill for service. Then a man down

the aisle would offer two dollars. There's no telling how high the bidding would go. The poor fellow with only an extra fifty cents in his pocket would go hungry, I fear.

Actually a tip now is expected and perfunctorily given. It very seldom stands as a reward for good service; a token of appreciation. It's more like paying sales tax.

vertising. On the other hand, if the tests are not satisfactory, in the judgment of the instructor, another test is given.

The marriage tests are new and have aroused much interest among students, particularly in sociology classes. Engaged couples are encouraged to take these tests, and authorities say they should score 60 or above to show that they possess qualifications for happy marriages.

Some of the qualifications regarded as important in the success and happiness of couples are health, occupation, church membership, civic responsibility, and the economic, marital, and social status of parents. Great stress is placed upon the family and home from which individuals come, and family relationships are most likely to follow the same pattern as those of the parents.

The Kuder Preference Record career pamphlets published by the Institute of Research in Chicago, and other types of highly recommended tests are used in the guidance center. The G. E. D. Test, which determines whether or not veterans who have not completed high school are qualified to enter college, is given to numbers of young men who are sent to the college by superintendents and principals from nearby towns and cities.

"The entire series of tests can be given in two hours," the instructors say, "but we try to have students come three or four different times over a period of two or three weeks. We get impressions from each visit which aid us immeasurably in assisting them with their problems and in making decisions which will affect their lives in the future."

This summer it is planned for counselling service to be extended to include every beginning student. Members of the faculty will constitute a committee to serve as counselors to students who are majoring in their particular fields. It is hoped that this counselling will continue until the students have successfully completed their college courses and are happily adjusted in their chosen vocations.

CORALS ARE ANIMALS

Corals were thought for a long time to be sea flowers, but were discovered to be animals whose habitat is generally in shallow water of the warmer seas. The parent coral animal originates as an egg and begins life as a free swimming creature. Later, it settles down as a polyp on a rock or piece of dead coral.
