The Senior Ball proved to be one of the best balls ever staged at JSTC. Every student who attended said that he really had a wonderful time. Well, it’s no wonder. With the theme “Now Is The Hour” and Johnny Long and his orchestra, the music was just as enjoyable as the dancing. Everyone who heard this delightful music said that he really had a wonderful time. Morgans Win Annual Debate

The annual clash between the Calhoun and Morgan literary societies of Jacksonville State Teachers College was staged on May 3, in the assembly room of Graves Hall, before capacity crowds of students, friends, and alumni. Everyone who heard this debate declared that it was one not to be soon forgotten. The topic that was so thoroughly treated by the debaters was: Resolved, that the St. Lawrence Waterway Treaty should be ratified by the U.S. Senate and construction should begin immediately, thereafter. The Morgans defended the affirmative side.

The participants in this event were very well versed on the subject, and every speech was delivered with fluency and emphasis. The speakers for the Calhoun Society were James Hubbard, first speaker; John Martin, second speaker; and Laven Talley, third speaker. The Morgan team consisted of Dan Packard, first speaker; Ed Snoddy, second speaker; and Ripton Gilliland, alternate.

Dr. Beuben Self, in his capacity as moderator for the debate, charmed the audience with clever humor. Bill Collier and Jim Sides were the timekeepers.

The Morgans won first place in the debate, and second place in the play-off. The J-Qub, led by second speaker and Lavon Talley, were the third-place winners.

YOUR MANNERS ARE SHOWING

Remember how Dale Carnegie's How To Win Friends And Influence People stressed the value of a smile and honest appreciation. No one wants to be gushed over; no one likes to be flattered. Above all, don't nag. Nagging has been defined as frequent repetition of the untruth. Don't try to reform your spouse, your friend or your reader. With these points disposed of, we shall begin our story.

The traditional Friendliness of Jacksonville is being ignored by small cliques who evidently assume that their social prestige is measured by the number of people they snub. It is, but it comes from a snob, that lack of courtesy is generally regarded as proof that one is ill-bred and not as evidence of gentility. If your relatives are the elite of Possum Hollow, a friendly air will show it more than hot air.

The dining habits of some among us would be amusing if half the world were not facing starvation. If any food other than field peas, corn pone, and the like is served, Finicky Frank snacks suspiciously and leaves it untouched, wondering all the while why something similar to his Grandmother Clark concocted. Evidently, Mom used to prepare starchy victuals and boil the vegetables until every vitamin succumbed under an lash of pork drippings. Too, a good religious argument adds just to any meal by promoting a friendly atmosphere and aiding digestion. One should make sure that his views that any Christian who doesn't believe in shoeing

Breaking bow lines is another profitable passtime. Oddly enough, the vultures, who should know how to show their way around, apparently aren't interested in the sweet young things. One should hesitate to "pick up" magazine from the mail chair. The owner can bend over the library, preferably at closing time. Of course, some librarians are rude enough to switch off the lights at 9:30. Such ill-bred people are best ignored.

Good evening, ladies and gentlemen. The USF Wire has just docked; the long voyage is over. The proud, happy, and confident passengers are: Kathleen Sheehan and Opal Lovett, vice-president; Barbara Carley and Earl Ford, Mr. and Mrs. Bruce Clark, Mr. and Mrs. Ben Garmon; Sara Hardaker, Jimmy Gay, Eve McElroy and Howard Bishop, Margaret McGraw and Jim Shirley, Mr. and Mrs. McCollum, Mr. and Mrs. Turk McEwen; Mary Lu Pittard and Jett Baggett, Audrey Shafer and Ray Shaw, Mr. and Mrs. Fred Sibert; Jane Scott and Bill McWhorter; Mr. and Mrs. Raymond Smallwood; Frances Story and Wilson Riley; Martha Thorne and Jimmy Lastetter; Ruth Chavers and Charles Pyron; Mr. and Mrs. Philip Guy; Mr. and Mrs. Hallock Nelson; Mary Ellen Balcom and James Robinson; Mr. and Mrs. Ernest Newman; Jean Straus and Neil Posey; Hazel Dishman and Mr. Bush, class sponsor; Polly Callis and Earl Lindsey, class president.

God speed you newly elected JSU Alumni as you embark on another and greater journey.

Use your old powder puffs to apply polish on shoes.

Drinking On The Campus

(Editor's note: On browsing through an old issue of the Teacola we came across the following editorial.)

"A. F. Lokey, Birmingham, Alabama, in a recent letter to the Birmingham News-Age Herald, deplored the fact that so many college students were arrested for drunkenness at a football game in Birmingham. Mr. Lokey paid high tribute to the Jacksonville Teachers College by calling attention to the fact that as a student here years ago he knew another student who was severely disciplined for drunkenness. We are glad to state that these weaklings who cannot resist temptations are still punished at Jacksonville. We are proud to state that this institution has experienced a remarkable growth, but the growth has not been the result of enrolling whiskey drinkers and other rough-necks. Jacksonville students are given a wholesome environment in that respect. Many mothers and fathers in looking for the proper place to educate their sons and daughters should bear this in mind. Jacksonville students have always been of a high type and it may be said that drinking and gambling will never be tolerated on the Jacksonville campus.

We appreciate Mr. Lokey's commendation of this institution and assure him that he may continue to feel proud of his Alma Mater."

The Spotlight Shines On

The Spotlight turns and burns. This month the spotlight shines on Earl Lindsay (E-I-N-D-S-A-L-Y), that is, president of the senior class and a Southern gentleman of the old school. He was born in Alexandria, and attended school there before moving to Anniston, his present hometown.

Earl first entered Jacksonville in 1942, but he interrupted his studies to serve three years as an officer in the United States Navy, which he did in the United States and the Pacific. He returned to Jacksonville in the fall of 1945.

Besides serving as president of the senior class, Earl was chosen as a charter member of Alpha Mu Gamma; he is past president of the Calhoun Literary Society and the sophomore class. He served as treasurer of his freshman class, and as sports editor of the "Tea-

col") bulletin. At the present time he is a sophomore in science and math, and he is not considering teaching as a profession. Earl is very conscientious and willing to work, with a bachelor of science and a bache-

It would be difficult to name any sport in which Earl doesn't participate. He is an avid sup- porter of the Anniston Rams, even though the support is costly some times. He was a member of the Fannell Independent basketball team, a member of the Fannell State football team, and he participated in the recent tennis tournament.

Earl's scholarship has been very high, and his tireless, cooperative work in extra-curricular activi-
ties has won him many friends outside his studies. He was captain of the track team for dance was one of the outstanding events of the school year, and also considered the most successful event. A major part of the work of the senior-class-treasurer, was on hand from the beginning to provide the type of leadership that insures success.

Thus far we have been unable to determine just when and where he will go to school. Earl says that every country has something that is famous for, and America has its wars. We hope he will continue to go to school. Earl's says that he pays for his education.

The J Club team came from behind in the league to finish in first place, and then went on to win the play-off by topping the Town team two games to one in the first series of play and then beating the Abercrombie team two straight games in the final series.

At the end of regular play in the league, the final standings were:

There's still plenty of time for all of you softball players to win championship honors for your respective teams. Plans are already underway for the organization of another intramural league for this summer, so keep your eyes open and be ready to start playing again soon after the summer quarter begins. Any organization other than those named above that wishes to enter a team in the league may do so by contacting Coach Dillon or Coach Sharp.

of interests. For example, a person with high scores in music, literary, and persuasive interests might succeed in some type of newspaper work or writing, as a music critic, teacher or performer, in handling radio script and programs, or in the field of advertising. On the other hand, if the tests are not satisfactory, in the judgment of the Instrutor, another test is given.

The marriage tests are new and have aroused much interest among students, particularly in sociology classes. Engaged couples are encouraged to take these tests, and authorities say they should score high so that they will be able to meet the challenges of married life in a successful manner.

| The annual Doubles Tennis Tournament held this spring proved to be one of the best. There were twenty-five teams entered, and some highly contested games in the early brackets. The semifinals found George Hoot and Gilberts Ayers teamed against Darrell Jordan and George Nancarrow. The Jordan-Nancarrow team eased out their opponents and moved themselves into the finals. In the lower half of the semi-finals Gregory Glasscock and Dixie Brown entered victorious over Jean Albinic and Ceci Simpson. This placed their team in the finals. The final match between the Jordan-Nancarrow team and the Glasscock-Brown couple proved to be a keen, exciting game, with some expert tennis being played by all concerned.

The final game was on a three-set basis, and the Jordan-Nancarrow took two out of the first three games. From this point on it was Glasscock and Brown, and they pulled away to become 1944 Doubles Tennis Champions.

Shown above are the winners of the recent tennis tournament: Dixie Brown and Gregory Glasscock.

**MODERN TIPPING IS NOT A REWARD**

The letters tip originally stood for the words “to insure promptness.” It was the custom to hinge a box on the inner wall, into which the customers dropped a few coins to insure quick service. Imagine today going into a crowded restaurant, with so many people and so few waiters. First somebody would wave a dollar bill for service. Then a man down the aisle would offer two dollars. There’s no telling how high the bidding would go. The poor fellow with only a few cents in his pocket would go hungry, I fear.

Actually a tip now is expected and perfunctorily given. It is very seldom stands as a reward for good service, a token of appreciation. It’s more like paying sales tax.

CORALS ARE ANIMALS

Corals were thought for a long time to be sea flowers, but were discovered to be animals whose habitat is generally in shallow water of the warmer seas. The parent coral animal originates as an egg and begins life as a free swimming creature. Later, it settles down as a polyp on a rock or piece of dead coral.
