VOLUME 13

JACKSONVILLE, ALABAMA, WEDS., JAN. 25, 1950

NUMBER FOUR

Overheard at a basketball game:

"Isn't Jacksonville old-fashioned? Our boys wear red flannels and the shorts of the girls aren't nearly so brief as the briefs of the girls on the other team?"

This might be the proper moment to pay tribute to Burl Gilliland, who wrote this column (or three-fourths of it—he used to underestimate the size of his handwriting) before he graduated in December.

Burl, take a bow.

We wonder if Dr. Jones' exchange program is really paving the way for international understanding. In a recent speech Michel Bevilard intended to say that there are many drinks in France. His actual words: "We have many drunks in France."

And the winsome Mademoiselle Gaillotte has taken the eye of more than one male whom an American girl considered strictly her private property.

Work has begun on the 1950 Mimosa. And putting out an annual is work. Editor Brumbeloe deserves the cooperation of every student. Let's get behind this Mimosa and make it the best ever. You can do it. And only you.

Lily Cuitte disappeared at the Rec one night soon after her spotlight appeared.

"Where've I been?" she explained later. "With some boys. They wanted to kiss me. But I say no."

Lily has now decided that her ideal man is not only light-hearted, light-haired, and light-headed, but he has a car, a sense of humor, a car, considerable height, and a car.

Bill Jones thinks the recent J Club initiation was just ducky. Don't ask him why—he is president of the Westminster Fellowship and must watch his language.

And Betty Morgan was delighted with the gag the basketball squad pulled on her. "It's strictly com—off the cob," she said.

C. L. Simpson, who is now an

## Scheuer Speaks On Cold War And Marshall Plan

Sidney H. Scheuer, government economist and textile executive, addressed a group of students on January 13 in the Little Auditorium. Dr. Cayley introduced Mr. Scheuer, referring to his knowledge of Lend Lease and the Marshall Plan.

Mr. Scheuer spoke of the cold war against communism, emphasizing "the spiritual dedication of the Russian people to something we don't believe in, aroused to a dedication that we believe false. But they believe".

"Government policy is a good as the quality of the citizens who back it up", he said. "No people ever counted much without idealism, quality leadership, and quality people."

He pointed out that quality people are honest with themselves, that they can truly evaluate themselves, and discover their pluses and minuses.

"To civilized man the real test, the ultimate test, is whether he is honest with himself." Of course, too severe self-criticism can lead to an inferiority complex.

"Nevertheless, the springboard of accomplishment is honest self-appraisal. Every man has terrific potentialities. Develop objectivity and treat your fellows fairly, squarely, and generously. Real strength lies in the ability to stand up as an honest man or woman.

"The strength of a man or of a nation is not just material possessions. Character of the people is the most important asset. It is a sad commentary on mankind when the world finds itself lumped in a sterile, negative condition where budgets are consumed for armaments instead of research, education and physical betterment.

"We have been irregular and short-sighted in our policies. The success of our policies is not determined by the winning of an election or carrying our point in some political crisis in France, Italy or some foreign country, but it is rather determined by the people's being satisfied to go along with our policies permanently. It is necessary for us to

## New Auditorium To Be Formally Opened February 1

The Leone Cole Auditorium will be formally opened on Wednesday evening, February 1, and Thursday morning, February 2, it has been announced. The auditorium was named in memory of the late Mrs. Houston Cole by the State Board of Education.

The Wednesday night opening will begin at 8 o'clock and will be for citizens of Jacksonville and out-of-town visitors. The Thursday morning program will be held at 10:30 o'clock and will be for students. The auditorium will seat only 800 and it is necessary to have two programs in order to accommodate the large number of citizens and students, it was stated.

The auditorium was built with funds derived from a special school tax which citizens of Jacksonville imposed upon themselves, with a supplement by the college. It is handsomely appointed and fully equipped for stage productions of all kinds.

The opening program will include a brief talk by Dr. A. R. Meadows, state superintendent of education, and a musical program by the Department of Fine Arts, under the direction of Walter A. Mason. At the conclusion of the program, the auditorium and adjoining laboratory high school will be open for inspection.

The auditorium is the fulfillment of a long-felt desire in Jacksonville. The college gymnasium has been the only building large enough to accommodate large audiences, and because of its poor acoustics has not been satisfactory for graduation exercises, stage productions and concerts.

Several attractions will be offered in the new auditorium in the near future, including the stage production of George Bernard Shaw's famous comedy, "Caesar and Cleopatra" on February 20, and the light opera, "Naughty Marietta", later in the spring.

UNUSUAL QUARTETTE, BAND ARE FORMED

A group of musically-minded

of humor, a car, a considerable height, and a car.

Bill Jones thinks the recent J Club initiation was just ducky. Don't ask him why—he is president of the Weaminster Fellowship and must watch his language.

And Betty Morgan was delighted with the gag the basketball squad pulled on her. "It's strictly corn—off the cob," she said.

C. L. Simpson, who is now an exchange student in France, writes that he is coming home in February. His article on nightspots in the Latin Quarter of Paris is printed in this issue.

"I have already described Paris in so many of my letters that it's beginning to be distasteful to repeat. De toutes facons, the climate is hardly Utopian—gray and dreary all the time.

"Living in Paris in the winter is not the pleasantest life in the world—the daily grind, that is. If one has a lot of money and free time, he can have a really formidable sojourn here.

"There are wonderful things to see in Paris—the museums, etc.—but all in all, I like small sunny towns best. Someday I shall go to southern France, maybe for a year. That would be wonderful, I think."

"As You Lump It", our letter-to-the-ed (and not to the co-ed, as some enterprising printer printed) section is lagging. Remember that Herbert Cunningham will award a free carton of Chesterfields to the student writing the most intriguing letter. If only one missive is received and you are the writer, you receive a free carton of Chesterfields.

If our Gamecocks continue bringing home the trophies, the school will be forced to provide a show room. The library is getting crowded. Writing of gamecocks, the textbook used by French classes in Dr. Jones' international program, *Nouveau Cours Pratique De Francais Pour Commencants*, is a patriotic red and white and sports a golden rooster on the cover.

We aren't exactly successful in convincing the exchange students that this unseasonable weather is a minor miracle. "If fall comes can winter be far behind?" is an unnecessary question if one lives in Alabama, they think. European ideas of the south have been colored by *Gone With The Wind*, *Tobacco Road*, and *Uncle Tom's Cabin*, and all subjects from the climate to the race problem have been tinted.

As the paper goes to press, plans for the Freshman Frolic have not been completed, but a definite date has been set—February 16. President Bob Dillon and class might remember that Tom Shelton is an authority on arranging freshman frolics, graduating from the system last year.

consumed for armaments instead of research, education and physical betterment.

"We have been irregular and hort-sighted in our policies. The success of our policies is not determined by the winning of an election or carrying our point in some political crisis in France, Italy or some foreign country, but it is rather determined by the people's being satisfied to go along with our policies permanently. It is necessary for us to realize how integrated we have become and that what happens in Indonesia or some other remote spot of the world directly affects our economy and our ways of living."

Mr. Scheuer said that few realize the power of simple men who rise above material things. India, he said, gained her independence through the faith of one simple man—Gandhi. And Gandhi's non-violence policy won over tremendous odds. Indonesia, too, has created a nation.

Mr. Scheuer said that he refused the position of governor general of Korea because he would not have had any real power, and would have been only a front and figurehead.

Many first-rate men who served the government during the war have resigned their positions because they did not wish to become the helpless tools of political machinations. Third-rate men have replaced them.

The job of an aroused democracy, Mr. Scheuer said, is to keep up with what senators and representatives are doing.

During a question and answer period he was asked what would happen if the United States cut off Marshall Plan funds. He answered that we cannot stop the plan now because the money already spent would be invalidated. For our own safety we must make certain that Europe is economically self-sufficient. Germany can't be held down economically without throwing all Europe off balance.

Mr. Scheuer pointed out that the 71 per cent of the income that our government spends in armaments is largely responsible for the unbalanced budget. Deficit spending is not sound economy, but until the impasse between Russia and the United States is relieved, appropriations for defense are necessary.

"Has democracy failed?" a listener asked.

"Democracy cannot fail," Mr. Scheuer said. He emphasized that the Russians are a tough-minded, stubborn, suspicious Slavic people who know how to annoy us and make the best of a cold war, but they will not destroy our faith."

Dr. Cayley, who described himself as a typical Southern Bourbon, asked if the speaker thinks that the United States will low-

es its tariffs after European-recovery funds are stopped.

Mr. Scheuer related the trials of a Dutch manufacturer who phoned that he admired Mr. Hoffman's speeches praising international cooperation and free trade, but that he could not sell his rayon in the United States because of the high tariff. Could not Mr. Scheuer ask Mr. Hoffman to reduce the tax?

Pointing out that tariff lowering is not so simple as that, Mr. Scheuer said that he expects a gradually reduced tariff.

#### SCABBARD, BLADE UNIT FORMED AT J. S. T. C.

A chapter of Scabbard and Blade was organized on this campus Saturday for cadet officers of the ROTC. Colonel Thomas B. Whited, commanding officer of the local unit, is acting advisor for the group.

#### UNUSUAL QUARTETTE, BAND ARE FORMED

A group of musically-minded students at the college have organized two novelty groups—a German band called "The Hungry Fivt", and a quartette which they have named "The Cadaver Quartette." Both groups are under the direction of Asa Duncan, Florence, a music major.

The band, which gives novelty imitations of a German beer garden quintette, is composed of James Baker, Anniston; Clyde Robertson, Cedartown, Ga.; Bill Elton, Matthew Gage, Gadsden; and Ernest Dover, Attalla.

Members of the quartette are: Asa Duncan, Florence; Maurice Lacey, Guntersville; Clyde Robertson and James Baker.

The two musical groups performed for the Exchange Club "Ladies Night" on Wednesday night and for the Methodist men's fellowship supper on Tuesday night. Both events were held at the Community Center.

The name of the band will be announced later.

Billy Gunnels and Clark Lewis are serving on the publicity committee. Roy Wallace, Betty Jean Young and Faith Hedgepath are in charge of decorations and other arrangements. The bid committee includes Don Collins and Joyce Lewis. Bob Dillon is in charge of the clean-up arrangements.

## Strange, To Say The Least

The mother and brother of a nudist cultist on trial for murdering his wife testified that he had always been "different."

As a six-year-old, his mother said, he was given to biting chunks out of a wooden table.

Later, his brother testified, he collected dead goldfish, keeping them neatly wrapped in a bureau drawer.

The defendant is charged with burying his infant daughter alive with her mother.

We haven't discussed the matter with Dr. Allison, but after a casual survey of Abnormal Psychology, we agree with the defendant's relatives that his behavior is slightly erratic.

He's probably an uninhibited extrovert. Who else would join the nudists?

## LETTER TO THE EDITOR

Dear Editor:

It seems that a college of this size could have a place in the administration building to take care of the commuters who sometimes become ill during the day.

In case of sickness no one knows what to do, where to go, or whom to see. It seems that even if a room cannot be provided, at least the college lounge could be available.

## Record News

News of the record world is at hand. Victor has compromised. The company will now press all records at all three speeds (78, 45, and 33 rpms). Though its campaign to sell 45s has been slightly successful, the prestige connected with classical music has passed over to Columbia. Only Capitol presses 45s and makes 33s, too.

## C. L. Simpson Writes From France

C. L. Simpson, who is studying in France, has sent the Teacola his account of life in Paris night clubs:

Around the Latin Quarter there is an astonishingly wide assortment of "Boites de nuit". Dimly lighted little holes-in-the-wall cluster patiently around the St. Germain des Pres section and are open to nocturnal visitors until late hours. The larger than usual influx of students keeps the smaller clubs and hot spots flourishing—and the francs rolling in.

"La Rose Rouge is a quasi-exclusive club open only to members who have paid their yearly dues of 500 francs. Here, nightly, Les Freres Jacques, an octet of amazingly versatile singers and comedians, scamper through their routines. They usually sing at least one song of serious calibre. The other ditties are not so serious—the penchant being somewhat toward the blue side.

One of these bright and pungent little melodies claiming the unassuming title of "Sans Nombré", is sung with a lilting naivete that disarms even the most recalcitrant. Les Freres Jacques' technique of mock seriousness has the customers in excruciating stitches—and yelling for more. "Without a Navel" begins innocuously enough. It seems that once upon a time there was in France a navel in the shape of a five. From this point the singers go into hilarious detail over the supposed phenomenon. They finish with a flourish and a dramatic revelation—that the unusual umbilical pattern, according to assorted soothsayers, is representative of the Fifth Republic.

"La Gargouille" is one of the more popular student hang-outs. Here amateur talent is utilized in the form of a small jazz orchestra consisting of a piano, bass, guitar, drums and saxophone. A saturnine gargoyle squats contemplatively on a platform behind the bar, and an obscene statue in one corner of the room completes the scanty ornamentation. When the fancy strikes them, a group of volatile students burst into risqué song. Their mood shifts rapidly from a gay patter song to something more measured, and they sing somberly of the peregrinations of a couple of lice.

Not far from "La Gargouille" is a miniscule night spot labelled "Au Petit Chatelet" but referred to more familiarly as "Chere Grand'mere". Somewhere in the dim past Grand'mere, an amiable old crone, was a dancer and sing-

## "CEASAR & CLEOPATRA" TO BE PRESENTED BY THE TOURING PLAYERS

The Masque and Wig Guild will sponsor a professional production of "Caesar and Cleopatra" to be given in the Leone Cole Auditorium on February 20.

Bernard Shaw's famous comedy will be presented by The Touring Players of New York.

The Guild will bring other professionals to the campus if "Caesar and Cleopatra" is successful.

In March the Guild will give three one-act plays, all comedies, directed by students. The three directors under the supervision of Mr. Miles are Ray Swords, Tom Shelton, and Howard Maxwell.

As Nonagene Morrow has left Jacksonville, Tom Shelton has taken over the presidency of the guild. Faye Bonds is the new vice-president.

## B. S. U. PLANS 1950 WORK

The Jacksonville Baptist Student Union has worked out a full calendar for 1950.

J. W. Raley, who is now pastor of a church, was succeeded as student worker by David Richardson.

Jacksonville was represented at a state planning meeting of state officers and local presidents by Joy Cunningham and J. W. Raley. This meeting was held at Judson College on January 13-14.

A mass meeting of students at the First Baptist Church on January 17 was sponsored by the BSU.

A week-end revival on January 20-22 was also sponsored by the First Baptist Church on Janderend Thomas Collins, a graduate of Southwestern Seminary, conducted the meeting.

# Mark Antonia

Dear Mark Antonia:

The other night I had my first date. The record of the evening was as follows: He wanted to dance; I couldn't. He wanted to skate; I couldn't. He wanted to neck; I wouldn't.

He got awfully mad and said that he sees that I intend to be an old maid.

"Plenty of people refuse to neck in parked cars," I defended. "Yeah, the woods are full of them," he sighed enviously.

Then he got out a road map and we spent the evening looking for Nance's Creek, my home town, on the map.

Somehow he did not seem to be enjoying himself. I felt rather sorry for the poor boy—he looked like the little man who wished he wasn't there.

Mr. Antonia, I don't want to make a fiasco every time I go out. How can I stop blushing and start blooming?

Evelyn

Dear Evelyn:

How to stop blushing and start blooming? A bottle of bourbon is the quickest method. Drink makes you beautiful—if your escort is doing the imbibing.

Mark Antonia

Dear Mark Antonia:

I'm living in a nightmare. My daughter Josephine's dream man married another woman and she's been crying for weeks. My attempts to arouse her from this silly and futile infatuation have been as futile as her tears.

"Stop it," I tell her. "Clark Gable's married and already is honeymooning in Hawaii."

But my pointing out that I cried only for two days has little effect. She still yearns for Gable.

Mrs. Moore

Dear Mrs. Moore:

Well, you've seen that "Don't cry, Jo, let him go" isn't having any effect on your daughter. So take her to see a Montgomery Clift movie. She'll cry for joy.

Dear Mark Antonia:

Rudolf proposed the other night. He gave me the diamond that his father had given my mother and half the other flappers in town before finally bestowing it on Rudolf's mother back in the twenties.

This morning I was excitedly giving mother the details: "Red (Rudolf's nickname) asked me to marry him last night and . . ."

The phone rang. Red's mother was calling.

"But Mrs. Collier," I finally interrupted her diatribe. "I didn't know your son was loaded. And I'm so sorry, my friend. I didn't know your son was loaded."

But she was interrupting. Everyone knows that her Rudolf, the red-nosed dear, stays loaded, financially and otherwise. And she wanted that ring back pronto. A drunk isn't responsible for his proposals, she says.

Rudolf certainly isn't in the red financially. Except for his nose, he's in the pink of condition. But what hurts about giving him up is that I had planned to write his biography, SO RED the NOSE.

Well, Mr. Antonia, what do you propose?

Rose

Dear Rose:

I think you've had enough proposals for one week-end; so I'll offer some suggestions.

Frankly, Rose, I can't see a rosy future for you and Red. Maybe you had better write an autobiography, Live Alone And Lump It.

So give Mrs. Collier a ring, telling her that you're returning Red's ring. After all, she would freeze funds as well as you if you married him.

With Red all lit, and his mother's putting the red light on your engagement, you will have to forget Red's proposal. He probably has.

## Record News

News of the record world is at hand. Victor has compromised. The company will now press all records at all three speeds (78, 45, and 33 rpms). Though its campaign to sell 45s has been slightly successful, the prestige connected with classical music has passed over to Columbia. Only Capitol presses 45s and makes 33s, too. All other companies have gone with Columbia's 33 rpm LP's.

Columbia has shown no signs of making 45s, but will probably have to, in popular music, at least. Thus the war will end in a negotiated stalemate.

Some of the virtues and faults of each system have turned up in the last year. Both are cheaper than the old 78s. Both take up only a fraction of the room. Both are unbreakable. Both offer better fidelity. The machines put out by both companies specifically for their systems have such low fidelity that on them plastic 78s would sound just as well.

Usually the LPs will be cheaper, but when a three record album is transferred to 10" LP and to three 45s the 45 will be cheaper (\$3.35 against \$3.85). If the three record album is put on one side of a 12" LP the LP will be cheaper. (\$2.45 against \$3.35). The standard album would be \$4.50. The prices above apply to all records except a few imports such as Polydor and to some Society releases.

On a changer the LPs will play four or five hours, the 45s about fifty minutes. It is possible with together. It is a lazy man who the LPs to eliminate changers can't get up every thirty minutes together. It is a lazy man who to turn a record over. It is possible, though it is not always done, to play any work shorter than thirty minutes without interruption. With the 45s, one has to change in the middle of any work longer than five minutes—and the changer is so rabby that if you don't race to the changer before the music is over, it will start again before you can stop it. In spite of its virtues as a changer (simplicity, speed, easy repair, almost never needing repair), it has no automatic cut-off at the end.

Conversely, the Columbia system can produce no good reason for putting four Al Jolson songs on one side of a record. Decca has done it, though, on an LP. Four on the other side, too. There Victor comes in. You can mix the records up a little better. The advantage in popular music is immediately visible—and it is a big advantage, too. Columbia has a 7" record, too, but has not pushed it. Only recently was a machine put on the market which would change these records. Webster has put out a changer called the Duo-Seven, which

ton; and Larry Edwards, Anthony, New Mexico, are class favorites.

Libby Wilson, Anniston, was chosen junior beauty. Favorites are Hugh O'Shields, Dawson; Nadine Horton, Alabama City; Kermit Hudson, Cullman; and James Lee, Winfield.

Louise Nance, Lincoln, is the senior beauty. Bonnie Ferguson, Sylacauga; Lewis Clark, Falkville; Frances Harkins, Ashland; are class favorites.

### WORK BEGINS ON MIMOSA

The 1950 Mimosa is under way. Editor Julia Brumeloe has signed contracts with the Myers Company in Topeka, Kansas, and she, along with assistant editors Roy Wallace, Janie Evans, and Betty Morgan, is mapping out the work.

Yearbook committees selected from a group of volunteer students are as follows:

Class sections: Phyllis Hudson, Mary Jobson, Ann Daniels and Joan Hackney.

Features: Pattie Driver, Yvonne Rogers, Betty Currie, and Merita Honea.

Organizations: Betty Traylor, Nannie Bonner, Dan Traylor, Jack Kerby, Verdis Bible, and J. W. Raley.

Art and layout: Mary Elton, John Williams, James Machen, Marie West, Marthalie Browning.

Athletics: Billy Shipp, John Williams, Sarah Williams, Bobby Day.

Typing: Martha Elton, Jo Etta McGinty, Gene Stone, Frances Gunter and Thomas Weems.

Business Manager Robert Palmer is assisted by Martha Cromer, Dan Walker, Peggy Stevens, Sara Ann Roberts, Dan Traylor, Glenda Blake, Martha McKee, Bobby Day, Paul Farrow, and Jo Etta McGinty.

Pictures for the class sections have been made and the layouts are being prepared. Other sections will be begun soon, Editor Brumeloe said.

Annuals are expected to be on sale by May 15.

changes all records. It has an automatic cut-off.

The Victor 45s vary easily, but track well on the Victor machine. However, that is the rabby one—which also has a low-fidelity cartridge which is off-shape and cannot be replaced by a magnetic cartridge which could take advantage of the better tonal qualities of the records. On all other machines the wrapped records will sound as off-pitch as any wrapped record.

A final word of warning. If you want to compromise and have both new systems and the old one, too, keep them separate. Edward Tatnall Canby in the Saturday Review of Literature advises so and I can imagine why. Two

burst into risqué song. Their mood shifts rapidly from a gay patter song to something more measured, and they sing somberly of the peregrinations of a couple of lice.

Not far from "La Gargouille" is a miniscule night spot labelled "Au Petit Chatelet" but referred to more familiarly as "Chere Grand'mere". Somewhere in the dim past Grand'mere, an amiable old crone, was a dancer and singer at Montmart. Her little "salon" is designed especially for students, and Grand'mere persuades most of her clientele to display their talents at the piano, in song or in recitation. This unique method of entertainment is a feature which has remarkable drawing power, and Grand'mere seldom complains of lack of customers.

On Saturday nights the clubs of the Latin Quarter are at their apogee. The dark little streets come alive with students, and there is a feeling of movement, of febrile gaiety mixed with a certain anxiety in a group of people searching for amusement in the night.

### KAPPA PHI KAPPA RECEIVES RECOGNITION

In the latest issue of "The Open Book", the Kappa Phi magazine, Beta Eta Chapter of Jacksonville was featured. There was a picture of the present active members and an article telling of the scholarship fund to be sponsored by this chapter for some deserving boy. The scholarship will start in the summer quarter of 1950.

Kappa Phi Kappa is an educational fraternity and is, at all times, striving to promote the understanding of education and to encourage men to "engage in the study of its principles and problems."

At a recent Kappa Phi Kappa meeting, the following men were initiated: Eston Cobb, David Logan, Robert Lockridge, James Hendon, John Atkins, James Akers, Eugene Holley, Jimmy Simpson, Bill Sheats, Earl Roberts, Paul Adams and John Williams.

"Here is a letter from your wife saying you are the father of a ten-pound boy."

"Does she say anything else?"

I suppose that's the report. Now make your choice. Some have kept out who are genuinely interested, but wary. It has been their loss.

## DR. STOUT GUEST OF ALPHA SIGMA NU

Dr. Barrett Stout, dean of the school of music at Louisiana State

By Helen Greenshaw

We are honored this week in bringing our spotlight to focus on Paul Adams, a tall, broad-shouldered Apollo and intellect, who made "Who's Who In American Colleges and Universities."

Paul hails from a place on Sand Mountain called Guntersville. Strange as it may seem, girls, this big handsome hunk of man was very shy and reticent in giving out with this interview.

In fact, he is so tender-hearted that when he scolded his third-grade pupils for misbehaving, he had a nightmare about it. The fact that he was brought up among a bevy of femininity (he has four sisters) might have something to do with his retiring manner. However, after much prodding we managed to get a few pertinent details, so get out your little black books, girls.

passes.

Question: What are your special interests, Paul?

Answer: I like all kinds of sports, such as football, basketball swimming, and tennis. Football is my favorite, of course.

Question: Do your plan to use your athletic training vocationally?

Answer: Yes, after graduation I'm looking forward to getting a job as coach in some high school.

Question: Did you play football in high school?

Answer: I played two years, and I also played two years of basketball.

Question: You were in the armed forces?

Answer: Yes, I finished high school at Marshall County High in 1945. In the fall of that year I came to Jacksonville. In 1946 I joined the marines. After I was discharged, I returned to Jack-

sonville, and here I am.

Question: What other pastimes interest you besides sports?

Answer: Well, I like to dance and I like to eat.

Question: Any special kind of food?

Answer: Nope, just so it's food.

Question: (The way to a man's heart is through his stomach); What about your romantic life, Paul?

Answer: I've never been married and I'm still eligible.

Question: What type of girls do you like?

Answer: I have no particular objective. I like 'em all—blondes, brunettes, redheads—just so they have personality.

Just a minute, girls. That sounds like a cue, but we happen to know that he has a preference right now for tall, blue-eyed, blonde freshmen. So watch those passes.

### YOUTH REVIVAL HELD AT FIRST BAPTIST

By Linda Trotter  
 During the week-end of January 20-22 the Baptist Student Jaion has as its guest the Reverend Tom Collins from Carrolton, Alabama.

The Reverend Mr. Collins was the speaker for a week-end revival held at the First Baptist Church. He is a graduate of Mississippi State College and of Southwestern Seminary. He is pastor of a Baptist church in Carrolton.

A very versatile man, Mr. Collins not only speaks exceptionally well, but also sings and has composed a spiritual chorus. He proved to be an immediate mixer with the young people, and many found his friendship and counsel to be a great help in solving their individual problems.

Services for the revival began Friday night and were conducted on the following Saturday morning, Saturday night, and Sunday.

David Richardson presided over the services.

Mr. Collins taught the Sunday School class for young people Sunday morning.

The theme for the revival was "I'd Rather Have Jesus." Oris Lee led the singing and to help him were Betty Jean Young, organist, and Clyde Roberson, pianist.

The theme was carried out in a large sign which hung above the pulpit, with the words "I'd Rather Have Jesus" printed on

### DR. STOUT GUEST OF ALPHA SIGMA NU

Dr. Stout is a member of Music Teachers National Association, Music Educators National Association, Phi Mu Alpha Sinfonia, Phi Delta Kappa, Kappa Delta Pi, and Who's Who in American Education.

He received his B. S. degree at Kirksville Teachers College, Kirksville, Missouri; his M. A. at New York University; and his Ph. D. at the University of Iowa.

He taught music in the public schools of Missouri from 1910 until 1915, at Kirksville Teachers College from 1937 until 1943, and has been at Louisiana State since 1943. He is the author of *The Harmonic Structure of Vowels in Singing in Relation to Pitch and Intensity*.

The following candidates were pledged while Dr. Stout was here: Bill Buchannon, Asa Duncan, Jack Everett, Matthew Gage Billy Gunnells, Jack Hamilton, Ed Hand, Hugh Hall, R. R. Maddox, James Prickett, Jack Smith, L. A. McConatha, Bill Elton, Wendell Jolly, Ernest Dover, Marion Johnson, William Lowery, and Willie Watson.

Saturday night after the service the young people gathered in the basement of the church for a fellowship.

**EXCHANGE STUDENTS ARE GUESTS OF LOCAL WOMEN'S CLUB**

By Martha Elton

Once more we have occasion to be proud of our exchange students.

On January 11 the Business and Professional Women's Club of Jacksonville invited Monique Gaillotte, Arianne Weber, and Michel Beviillard to be the guests at the club's semi-monthly supper at the Recreation Center.

An open forum was held immediately after the meal. Students answered questions about their respective countries. Some of the most interesting discussions centered around the educational systems of France and Switzerland and conditions in France after the war.

Arianne's collection of dolls dressed in the native costumes of Switzerland were exhibited. The costumes represented are now worn only on special occasions.

We are always happy to have the international students represent our school, and it pleases us to know that the people of Jacksonville, as well as the college students, are developing a new interest in international understanding.

**PANNELL NEWS**

By Herbert Thompson

Once again the boys at Pannell realize that they are lucky in having "Mom" Gerstlauer as house mother. Mrs. Gerstlauer gave a Christmas party on December 14 for her boys. After the group singing, Santa Claus appeared, proving that we had all been good boys during the year. Mom served fruit cake and unspiked punch.

Pannell was well represented at the Paper Bowl in Pensacola. About half of the dormitory went to support our team. There was only one Pannell casualty—John Williams suffered a broken jaw.

Loud pajamas, socks, and new sports coats can be seen around the halls, a carry-over from Christmas. The boys are now settling down to their studies and Canasta, which has replaced the he-man game of poker. We are cultured at Pannell.

Some of the boys are exercising to lose weight (the URP's are dieting) in order to thrill Mrs. Rowan's charges when summer and bathing trunks roll around.

The dormitory welcomed four new men this quarter: Jim Collins, Jack Landers, J. T. Bishop, and Bill Gallahar.

**URP ORGANIZE; TURNER PRESIDENT**

Luther Turner was elected president of the URP club, an organization formed on January 10, following the recent epidemic, by the boys at Pannell.

Other leading sufferers who took office were Lodric Maddox, vice - president; James Akers, secretary; and Russell Wingard, treasurer.

The URP's have 56 charter members.

**EXCHANGE GROUP VISITS GADSDEN**

On January 13 the exchange students, Monique Gaillotte, Michel Beviillard, Lily Cuttie, Noemi Ballart, Raquel Nodall, and Arianne Weber, and Betty Morgan, Benny Hilley, and Jean Kershaw presented a program at the Gadsden High School.

First on the program was a conga by Raquel and Noemi Ballart, followed by a waltz by Michel Beviillard and Arianne Weber.

The entire group then sang "Junto al Rio" and "A la Claire Fontaine."

Next on the schedule was a tango by Raquel Nodal and Benny Hilley, and the mihuet by Monique Gaillotte and Michel Beviillard.

The last dance was a group version of the conga.

After the program, the high school students came backstage to talk with the exchange students. The teen-agers who were taking Spanish or French tried to speak those languages with the foreign students.

**RIFLE TEAM IN PAPER MATCH**

The rifle team of the college ROTC fired a paper match with Mississippi State College during the week of January 9-14.

The results of the match, fired at the respective schools, will be sent to a judge, and the scores will be published.

This, the first match of the local team, shows good promise for future matches between the locals and teams from near-by colleges, reserve components, and teams from this military district.

The teams and their respective scores in the recent match are as follows, the highest possible score in each case being 400:

Spuriack, 337; Hendon, 337; Selmas, 331; Ford, 327; Owens, H. L., 325; Gaither, 323; Smith, Ivan, 311; Dickinson, 310; Strickland, 307.

**CITIZENSHIP FORUM ELECTS OFFICERS**

Faye Bonds of Maplesville was elected president of the Citizenship Forum on January 3.

Other officers chosen for the winter quarter include Ed Campbell, vice-president, Huntsville; Bonnie Cobb, secretary, Jacksonville; Betty Morgan, treasurer, Piedmont; and Tom Stephens, reporter, Hazel Green.

Mr. L. L. Patterson is faculty adviser.

The forum meets every Tuesday morning at 10:30.

All students and faculty members are invited to attend these meetings in which current political, economic, and social issues are discussed.

Anyone desiring to have a particular topic discussed may suggest this topic to the program committee.

The purpose of the Forum is to promote better citizenship by arousing in individuals a sense of civic responsibility.

Announcements of coming speakers will be posted on the bulletin board.

Gubernatorial candidates will be invited to address the Forum during the coming months.

**JOHN WILLIAMS ELECTED HEAD OF PHYSICAL ED CLUB**

Physical education majors met with Coach Don Salls and Mrs. D. G. Wempie on January 10 to organize a physical education club.

The purpose of this club is to stimulate interest in health, physical education, and recreation.

John Williams of Gadsden was elected president.

Other officers include Wesley Hardy, vice-president, Sylacauga; Inez Gilliland, secretary, Steele; Bill Hawkins, treasurer, Keener; and Elsie Bryant, reported, Sylacauga.
