Jim's Jottings

Hi there!
Hope you have a minute to spare, you newcomers. Glad to have you with us. Guess you are all tangled up in registration red tape, getting started to classes, etc.; if you aren't now, you will be. We old'ens can sympathize with you; we've been through it many times before.

Wanted to tell you abut about the campus . . . to help a little in getting into the swing of things. We want you to feel at home here, and, above all, to feel that you belong. There are many fine, constructive organizations that need your support and interest, and we thought you might like to know about a few of them.

You might be interested in the religious organizations which sponsor the Morning Watch and Vesper services in the Little Auditorium every day. Forget your troubles for a few minutes and join in singing some of the old familiar hymns.

The Masque and Wig Guild offers many rewarding experiences if you are interested in dramatics. Mr. Miles, the director, and Mr. Hunt, the producer, have not presented a flop yet. The Guild has even branched into that current popular medium, the theatre-in-the-round.

There will be tryouts for cheer leaders early this fall too. If you one in college.

"The Teacola" can always use fresh talent. Articles are always welcome, and help is always gratefully accepted. If you would like to work on "The Teacola" just go in to see Mrs. Coffee, the adviser, in the dean's office or the editor at Pannell Hall.

The college has become well known throughout Alabama for the productions presented by the music department. The biggest one yet is being planned for this fall, a musical play that is not too long off Broadway. If you sang in high school or in church choir or if you just like to sing, the college chorus is the place for you. They'll need dancers, singers, sewers, painters, carpenters, and electricians when "play time" comes.

Welcome, New And Old Students-

Miss Milican, New Girl's Counselor

Miss Alta Millican who begins her duties as Girls' Counselor this fall is new to the job but not new to the campus. She has been director of New Hall for the past year, and for several years has been a supervisor in the Jacksonville High School, secondary laboratory school for the college.

This well-traveled counselor did not start out to be a counselor. She began her career as an elementary teacher in her home town of Valley Head. Then she was offered a position at Ider, also in DeKalb County, to teach junior high subjects, and later to teach in the senior high.

Then doing graduate work at the University of Alabama (she is an alumnae of Jacksonville State) she chose to minor in school administration and supervision. This included work in guidance—in studying the aptitudes, personality and potentialities of students.

Political Debate Set For JSC Oct. 2

One of the first events on the calendar of Jacksonville State College for this fall will be a political debate on Thursday evening, Oct. 2, in the Leone Cole Auditorium. Congressman Albert Rains, Democrat from Alabama, and Congressman O. K. Armstrong, Republican from Missouri, will debate the issues of the presidential campaign.

O. K. ARMSTRONG

Congressman Rains is an alumnus of this college and is a representative from the Fifth Congressional District. He is a member of several important committees in the House and is regarded as one of the outstanding members. He is in great demand as a speaker being noted for his oratorical ability which began when he was a student at Jacksonville State.

70th Session Beginning Marked With Progress

People You'll Meet

DR. C. R. WOOD

Dean . . .

E. BASKIN WRIGHT
Director Student Personnel . . .

Jacksonville State College began its seventieth year on Sept. 22 when registration for the fall quarter began. Registration was held on Sept. 22-23, and classes begin Wednesday.

During the interim of summer and fall quarters, the buildings have received necessary repairs and improvements. An infirmary has been equipped in Doughty Hall, and Mrs. William Satkowski has been employed as nurse. The new home management house for the home economics department has taken shape and will be completed early this fall.

A number of changes in personnel have been announced. Dr. Charles E. Cayley, professor of political science, has been appointed head of the social science division to succeed Dr. R. P. Felgar, who retired. Mrs. Estelle McWhorter has been promoted to head of the division to succeed Mrs. T. E. Montgomery, Jr., who resigned. Mrs. George Nielsen will be director of Pannell Hall, and Mrs. Ethel Dye Hill will be director of Forney Hall, both dormitories for men.

BEGINS 11th YEAR

the productions presented by the music department. The biggest one yet is being planned for this fall, a musical play that is not too long off Broadway. If you choirs of if you just like to sing, the college chorus is the place for you. They'll need dancers, singers, sewers, painters, carpenters, and electricians when "play time" comes.

You'll be asked to serve on committees; you'll be imposed on at the last moment for a job you had hoped you wouldn't get; and you may get fed up with the whole works. You'll have fun, though, and you'll carry away with you a lot of wonderful memories.

By the way, has anybody got a copy of the new book, "The Man Called Peter"? Everywhere you go somebody's talking about it. If it is really as good as "they say", a motion is hereby presented that a copy be purchased by the library.

Overheard with raised eyebrows: "Fellows, please give me back my medical books, I want to study."

What are all these murmurs about the Morgan-Calhoun debates? If they were as terrific as Dame Rumor whispers, maybe they could be re-instated.

Say almost forgot to mention the Writers Club. If you like to scribble for your own amazement, join the other scribes on the campus and all of you be amazed together.

If any other organizations has been left out, we wish to express our sympathy. You first timers will find the special niche in which you belong sooner or later, anyway.

Dear Cadenza

Dear Cadenza:

Haven't heard from you in quite a while now. Hope you had a fine vacation. I certainly did. This will have to be just a short note, I'm afraid, because I'm a little pushed for time.

Mr. Mason and Mr. Duncan were the only members of the music faculty I saw during the vacation period. Mr. Mason went to New York for his vacation, and Mr. Duncan has been at Peabody all summer.

The music department is planning a real whing-ding for this fall. It will be a musical play not long off Broadway. I'm not at liberty to officially give out the title yet, but take my word for it, it'll be the biggest thing we've done yet.

We plan to get the whole school in on it as much as possible. We will need singers, actors, dancers, painters, sewers, carpenters, electricians, musicians . . . just about everything you can think of. Surely hope that you'll be able to join us.

We'll see you,
Faust

MISS ALTA MILLICAN

ed such work.

After receiving her master's degree, she came to Jacksonville as supervisor in the secondary laboratory school—Jacksonville High School. This involved training college students to be teachers in high schools.

In 1949 she was selected by the government to go to Japan as a civil employe to work with the Japanese program of "Education for Democracy". She took leave of absence from Jacksonville, going to Nara, Japan, where she became principal of the American school there.

This school served as a laboratory school for the Japanese, and incidentally provided a rich experience for Miss Millican. She even helped organize parent-teacher groups.

Nara being the first capital of Japan, and nearby Kyoto, being the ancestral home of the Emperor, Miss Millican lived in one of the history-richest parts of Japan. She cites Kyoto's importance: The Emperor still goes there for the coronation rather than to Tokyo, which is the capital established by the war lords.

Meanwhile war broke out in Korea and Miss Millican's year was up. She returned and in the Fall of 1950 resumed her duties at Jacksonville.

Last Winter, President Houston Cole appointed her director of New Hall, a dormitory for girls. (Continued on back page)

Dean's List For Summer Quarter

Dean C. R. Wood released the dean's list for the summer quarter recently which will be of interest.

Students who made all A's or three quality points per hour credit were: June Murphree, Patricia Watson, Oneonta; James A. Phillips, Oxford; Bessie Rains, Albertville; Mary Charles Wiggins, Birmingham.

Students who made at least 2.5 quality points per hour were:

Coye S. Barnett, Centre; Gladys S. Carter, Roanoke; Yvonne G. Casey, Janet Clements, Mary Elizabeth Harrison, Richard P. Hearn, Florida Phillips, Sarah K. Sears, Jacksonville; Geraldine Chamlis, William Yancey Chawning, Wedowee; Betty S. Cole, Hazel G. Robinson, Birmingham; Imogene Craft, Mary S. Dickinson, Oxford.

Andrew W. Curley, Fruithurst; Carol A. Dunn, Rosemary Webb, Attalla; Polly B. Easterwood, Cullman; Beulah P. Eicheberger, Jewel R. Sims, Faye P. Sutton, Albertville; Ruth S. Epley, Gads-

den; Billy Gallahar, Boaz; Myrtle Goodman, Horton; Lois Head Gray, Priscilla Ann Walden, Francis W. Wallace, Elizabeth Ann Wilson, Anniston.

Delbert L. Heard, Wehadkee; Mildred M. Henley, Renfro; Buford Don Holt, New Hope; Delta Davis Horton, Dorsia K. Sotherland, Talladega; Gloria Jean Iverson, Graham; Mary Tully Johnson, Guntersville; Pauline B. Johnson, Heflin; Martha McKee, Clanton; Dorris Myers, Jasper; Benjamin Nodal, Havana, Cuba; Johnnie Phillips, Ragland; Ann P. Sibert, Clio; Mary Boring Smith, Douglas; Mollie M. Spurgeon, Arab; Hosea B. Thorne, Jr., Nauvoo; Frances Lee Treadaway, Fyffe; Mary Frances White, Ashville; William Thomas Wheatley, New York City.

Alabama is an Indian word said to mean "clear the thicket", which suggests making a permanent home, in terms of one task that confronted many of the first settlers. Years later, the words, "Here we Rest", were made part of the Great Seal of the State. Used with the word Alabama, they may be said to mean: "Here we stay and engage in those tasks

in the house and is regarded as one of the outstanding members. He is in great demand as a speaker being noted for his oratorical ability which has been a feature of his society debates.

ALBERT RAINS

Congressman Armstrong, a former newspaper man and staff writer for Reader's Digest, will be remembered as having taken part on the Town Meeting of the Air program which originated in Jacksonville in June, 1951. He was elected to Congress in 1959. During the spring of 1951 he visited Japan, Korea, and Formosa, and more recently returned from an extensive trip to Europe.

The debate is expected to be a lively one since both men are especially well fitted for presenting the issues of the day.

Friends of Miss Dora Wood will be glad to know that she is improving and hopes to be able to return to her duties soon.

involved in making conditions favorable for permanent homes."

E. BASKIN WRIGHT
Director Student Personnel . . .

LAWRENCE R. MILES
Registrar . . .

SPECIAL EVENTS

The following events have been scheduled at the college for the A reception honoring freshmen early fall:

Reception

and Student Council officers will be held at the home of President and Mrs. Houston Cole on Sept. 25 from 7:30 to 8:30. In case of rain the reception will be held in the student lounge. It is anticipated in the Town Meeting of the Air which originated here last year.

Armstrong, (Rep) of Missouri, will debate the political issues of the presidential campaign on the evening of Oct. 2, at 7:30 o'clock. Congressman Armstrong participated in Religious Emphasis Week.

Archibald Rutledge

Dr. Archibald Rutledge will lecture in general assembly on the morning of Oct. 1 at 10:30. He is a nationally-known author and naturalist.

Political Debate

Congressman Albert Rains, representative from the Fifth District (Dem.), and Congressman O. K. Religious Emphasis Week at the college is scheduled to begin on the evening of Oct. 13. Dr. Paul Wolfe, Pastor of the Brick Presbyterian Church of New York City will be the speaker. Dr. Wolfe is one of the outstanding ministers of the country and the college and town are fortunate to have him here this year.

FLASH—As The Teacola goes to press the announcement is received that Mr. and Mrs. Don Holt have a little son. Although he has not been officially named, he will probably be Junior.

DR. HOUSTON CALE
President J. S. C.

Dr. Emmett B. Fields has been added to the faculty of the social science division to teach history. James C. Wilks, formerly a member of the faculty of the University of Alabama, will teach biology. Bill McWhorter and Mrs. L. T. Wilson will also teach in the science department. Miss Alta Millican will begin her duties as counselor for girls.

Other Faculty Members

Other members of the faculty will be:

Division of Fine Arts, Walter A. Mason, head; J. Eugene Duncan, John T. Finley, Miss Olive Barnes, Howard Boyajian, Mrs. Pat Burnham, music department; Miss Stella Huger, Mrs. Dean Edwards and Dudley Hunt, Jr., are department.

Division of Education: Dr. L. W. Allison, head; Albert Dowdle, Millard Penney, psychology; Dr. Reuben Self, E. J. Landers, education; Mrs. W. J. Calvert, Don Salls, C. C. Dillon, J. W. Stephenson, Walter R. Wedgeworth, physical education; Miss Lucille Branscomb, Mrs. Lawrence Hicks, business education; Mrs. Mary L. Lowrey, Mrs. Margaret Rice, Mrs. S. B. Matthews, home economics.

Division of Languages: Dr. W. J. Calvert, head; Dr. H. B. Mock, Dr. Frank McLean, Miss Maude Luttrell, Mrs. Alfred Roebuck, English; Dr. J. H. Jones, foreign languages.

Division of Science and Mathematics: Paul J. Arnold, head; Charles M. Gary, Mitchell Modrafi, Dr. Hazel Wilson, James C. Wilks, science; Newbern Bush, Dr. L. T. Wilson, T. Lawrence Hicks, mathematics.

Division of Social Science: Dr. C. E. Cayley, head; Dr. T. E. Montgomery, Jr., sociology; Robert E. Williams, economics; J. M. Anders, Horace Lee Stevenson, Howard Prichard, history; Dr. J. Frank Glazner, Leon McCluer, geography.

ROTC: Major James Blodgett, commanding officer; Major E. B. Richardson, Major Frank Freeman, assistant professors in military science; Sgts., Ralph T. Carter, Aaron E. Hendrix, John R.

(Continued on page four)

Miss Maude Luttrell made a sightseeing trip to New England during the vacation period.

What Do You Expect Of College?

That's such a trite question. The usual answer is: Exactly what you put into it. The next question that always jumps into mind is: Well, what are you supposed to put in it?

The family says: "Now do good. Don't play around. Don't go girl (or boy) crazy. Don't . . . Don't . . . Don't! They mean well, you know that, but there's another side of the story. College is not all academic.

Try to make friends. This or any other campus can be a mighty dull place without someone to talk to. You can make friends and connections that will benefit you all your life long.

Join some organizations. They need you and you need them. You'd be surprised how many employers will look in your record and say, "Well, he was a very good student, but isn't he a good mixer? There aren't any outside activities listed. Doesn't he have any initiative?"

Why did you come to college? To catch a husband? To have a good time? To delay going to work a little longer? To learn something? To get an education?

To get an education! Psychology says that an education is what can be learned that will help the individual to get the fullest amount of living possible in his environment.

Enjoy these next four years, you freshmen. You'll have something pretty wonderful to remember all your life long. Work hard. Have some fun. Make some new friends. And build on the foundation you have already laid a good solid way of living.

Maybe all of this is a little corny to you. Certainly there are some cliches running through. We want you to like us; we want to like you. We want to help you in any way possible.

Glad to have you with us!

President Cole Celebrates 10th Anniversary As President

(Editor's Note—This personal story of Dr. Cole, our president, and his wife, is being presented for the benefit of the new students who have not had the opportunity to know him intimately yet. Dr. Cole complied with our request to publicize him reluctantly, and did so only because we assured him it would be of interest to the new students.)

Ten Years At Jacksonville

This school year of 1952-53 marks the tenth anniversary of president, Dr. Houston Cole, as head of Jacksonville State College. In order to commemorate the event and to introduce the newcomers to Dr. Cole, we are dedicating this first issue of the Teacola to him.

Just prior to his coming here, Dr. Cole was on leave of absence from his duties as administration assistant at the University to become state director of OPA. He came to Jacksonville in September, 1942. When he came here because of war conditions, there were only 119 students. Including the Anniston and Piedmont centers, he predicts a student body of 1200 for this year.

Jacksonville College has grown under his direction. During his administration additional degrees have been made a part of the curriculum. Now offered are B. S. degrees in Home Economics, in Music Education, Elementary Education, Secondary Education, Bachelor of Arts, Bachelor of Science.

A number of new buildings have been erected, including Pannell Hall, New Hall, the laboratory high school, auditorium president's home, class rooms added to the gymnasium, and a new football stadium.

People used to say, "We'd come to your football games if we could get there." Now there are two new highways leading into Jacksonville, one from Piedmont and one to the Anniston-Gadsden highway. Also the main street through Jacksonville has been

widened and improved with four lanes leading into town from both north and south. Dr. Cole says that there is a new one proposed to go over the mountain to Iron City and on to the Oxford-Atlanta highway. The college will soon be in easy access to students in all directions. Although Dr. Cole speaks lightly of the role he played in getting these roads through, we can certainly be proud of his enthusiastic interest.

Jacksonville has gained international publicity with its unique International House under the direction of Dr. James H. Jones. Dr. Cole has supported this program with his usual insight and understanding. The music department, too, has ballooned into one of the best in the state. New tennis courts, a baseball diamond, a new stadium with complete press box facilities have been constructed. Jacksonville has attracted some of the finest athletes in the state.

The new home management house for the home economics department is going up beside the International House. Dr. Cole says that the next big project for the coming year will be the construction of the science building. After that the addition to Pannell is planned.

Dr. Cole was correspondent for the Birmingham News when he was a student at the University, so he was sympathetic to this student reporter. He expressed this opinion about his years on the Jacksonville campus: "These ten years of my professional life in Jacksonville have been very pleasant. It has been my good personal fortune to have an able and cooperative faculty and staff. In addition to this, the people of the City of Jacksonville have been most cordial and helpful. If any progress has been made in this period, a great deal of credit must go to the fine people with whom it is my pleasure to be associated."

man and his Federal troops, and who gave names to Ladiga and Chinabee Streets and Choccolocco and Ohatchee Creeks.

As a magnet, the little town Drayton, which soon, in honor of

Anniston Center Begins Fourth Year

Jacksonville State College has three extension centers—Anniston, Piedmont and Talladega. The Anniston Center, directed by Dr. Baskin Wright, will begin its fourth year this week. Registration was held on Monday and Tuesday nights in the Chamber of Commerce office on Noble Street in Anniston. The enrollment is expected to be about 250, Dr. Wright said.

The Anniston Center will offer for the first time this year a Certificate in Secretarial Administration. For those who are interested the requirements are for 50 hours college work including the following subjects: secretarial techniques, business and industrial psychology, office management, English composition, business correspondence, economics, business law and accounting. This work can also be applied to a college degree.

The faculty and subjects to be taught are as follows:

Current History, J. M. Anders; World History (instructor to be announced later); American Literature, Miss Maude Luttrell; American Government, Dr. Baskin Wright; Elementary Accounting, Wallace Klein; Engineering Graphics, Dudley Hunt; Business Correspondence, Lawrence R. Miles; Engineering Drawing, J. C. Bennett; English Composition, J. A. Smoake; College Algebra, Newbern Bush; American History, Gus Edwards; Social Pathology, Dr. T. E. Montgomery, Jr.; Traffic Management, William G. Hood; Business Law, Guy Sparks; Marketing, Robert E. Williams.

William C. Hood is traffic manager for Allis-Chalmers in Gadsden; Wallace Klein is head of the J. I. Case Co.'s accounting department; J. C. Bennett is an architect; and Guy Sparks an attorney, all of Anniston. The others are members of the Jacksonville State College faculty.

School kid's definition of a tomahawk: "A tomahawk is what if you go to sleep suddenly and kawe without no hair there is an Indian with."

something pretty wonderful to remember all your life long. Work hard. Have some fun. Make some new friends. And build on the foundation you have already laid a good solid way of living.

Maybe all of this is a little corny to you. Certainly there are some cliches running through. We want you to like us; we want to like you. We want to help you in any way possible.

Glad to have you with us!

Ode To September

Sweet is the voice that calls
From the babbling waterfalls
In meadows where the downy seeds are flying;
And soft the breezes blow,
And eddying come and go
In faded gardens where the rose is dying.

Among the stubbled corn
The blithe quail pipes at morn,
The merry partridge drums in hidden places.
And glittering insects gleam
Above the reedy stream,
Where busy spiders spin their filmy laces.

At eve, cool shadows fall
Across the garden wall,
And on the clustered grapes to purple turning;
And pearly vapors lie
Along the eastern sky,
Where the broad harvest-moon is redly burning.

Ah, soon on field and hill
The wind shall whistle chill,
And patriarch swallows call their flocks together,
To fly from frost and snow,
And seeks lands where blow
The fairer blossoms of a balmy weather.

—George Arnold

Nothing Attempted, Nothing Done

Finding fault is a lazy man's job; it's easy to do. The galleries are overflowing with critics who crane their necks and wag their tongues. They play no ball; they fight no fights; they make no mistakes because they attempt nothing.

Down in the arena are the doers. They make many mistakes because they attempt many things. Edison, Burbank, Ford, Marconi, and the Wright brothers probably have an all time low batting average. Ford forgot to put a reverse gear in his automobile. Edison once spent two million dollars on an invention which fizzled. The gigantic creative experiments of these men in blazing new trails made mistakes inevitable. But who remembers the critics who laughed at them?

The man who made no mistakes lacks boldness and the spirit of adventure. He is a brake on the wheels of progress. There are no thrills in his life; and there are no monuments to his memory. But should a friend of his achieve the goal over a road that was rocky and rutty, he is the one who boasts—
"I knew him when . . ."

—Alfred W. Brandt

Flowers a part of gracious living . . .

Historical Background Of Jacksonville Is Interesting

In a recently published booklet by the Chamber of Commerce of Jacksonville in commemoration of the semi-centennial of the John H. Forney Chapter of the U. D. C., the information below was given about "Historic Jacksonville". It will be of interest to those who are here for the first time. "Benton County, Alabama, was created December 18, 1832, after the successful conclusion of the Creek Indian War. Into this lovely country, with its soft somnolent ridges and scattered hills, its virgin woodland, clear streams, and cool springs, poured settlers from the Carolinas, Georgia, and elsewhere, many with their households and slaves. They bought their land, in many instances, from the Indians, who stubbornly remained until transported forcibly by General Thomas C. Hind-

NEW HOME MANAGEMENT HOUSE GOING UP

to your football games if we could get there." Now there are two new highways leading into Jacksonville, one from Piedmont and one to the Anniston-Gadsden highway. Also the main street through Jacksonville has been

man and his Federal troops, and who gave names to Ladiga and Choccolocco Streets and Choccolocco and Ochathee Creeks.

As a magnet, the little town Drayton, which soon, in honor of Old Hickory, became Jacksonville attracted many, and held others who had first planned to journey through. They chose their homesites, set up their houses, mostly unpretentious, but soundly built from the native timber or bricks made from the local soil by slaves; developed their social and economic life; established their congregations and erected their churches. From the first they showed an interest in educating their children. A succession of schools attested their education-mindedness. One lovely old school building still stands, though now a private home, and the State Teachers College is the natural outgrowth of the first community. The town was especially attractive to lawyers, and many who gained distinction elsewhere moved to Jacksonville, seemingly, as a reward for their labors.

Upon the tranquility of the thriving community broke the War Between the States. An omen of what was to come occurred when the county name changed on January 29, 1858 from Benton, for the now unpopular opponent of the extension of slavery, Senator Thomas H. Benton, to Calhoun, for John C. Calhoun. The town was soon sending its sons to what were at first distant battlefields: Major John Pelham, the "Gallant Pelham"; two generals, John H. and William Henry Forney; and the great majority of its male citizens. But the war came closer, Jacksonville being on the direct route to the important Confederate arsenal in Selma. In 1864, first General Beauregard, then Generals Wheeler, Polk, and B. M. Hill, made the town their headquarters. Finally came the occupation by Federal troops, and the Old South was no more.

But the Old South still lives in the hearts of the old families, and many of its new citizens, in story and legend; and in the bricks and timbers of its early houses, which, however altered and veneered, still bespeak the earnest faith, the family affection, and the sturdy sincerity of those who erected them, not only for immediate uses, but for generations to come.

Two modern little girls, on their way home from Sunday school, were solemnly discussing the lesson.

"Do you believe there is a devil?" asked one.

"No", replied the other promptly. "It's like Santa Claus; it's your father."

State College faculty. most cordial and helpful. If any progress has been made in this period, a great deal of credit must go to the fine people with whom it is my pleasure to be associated."

Where You Will Live And Attend Classes-

HAMMOND HALL—(named for the late J. D. Hammond who helped secure state appropriation for the old State Normal). Here you will have your meals.

THE LIBRARY—You will spend many hours reading, studying and browsing in this building. It is one of the best college libraries in the state.

Jacksonville Campus Boasts Beautiful Buildings, Setting

Jacksonville State College has one of the most beautiful campuses in the state, as you will observe. The buildings, of English style architecture, are located on a hillside overlooking the town of Jacksonville, facing Chimney Peak, a foothill of the Allegheny Mountains.

The buildings pictured on this page are those which you, as new students, will be living in attending classes in, and seeing for the next year or years.

The old campus on which Forney Hall is located, was the original scene of the college. Hames Hall, which will soon be razed, was the first building to be erected. It was Calhoun College, and was donated by the citizens of the town when the state appropriated funds for the State Normal School, from which the Jacksonville State Teachers College evolved.

When the school outgrew its location, the site of the present "new" campus was purchased and since that time the buildings have been erected there, although the old campus is still in use.

Boys and girls, men and women have been walking on these sidewalks for 70 years or more, and the town of Jacksonville holds sacred memories for many. You will gradually learn the traditions and will carry them on for the present and immediate future. That is an important part of college life.

PANNELL HALL—(named for the late Dr. H. C. Pannell, an honored alumnus of this college) Pannell is a dormitory for men, located on the new campus. It is one of the most popular dormitories among the men students. Mrs. George C. Nielsen is the new house mother.

DAUGETTE HALL—(named for the late Dr. C. W. Daugette, who served as president of the college for 42 years) Daugette is the girls' dormitory, and was the first dormitory to be erected on the new campus. Mrs. John F. Rowan is the house mother.

LEONE COLE AUDITORIUM—(named for the late Leone Pruet Cole) the auditorium is one of the newer buildings on the campus. It is regarded as one of the most beautiful and artistic in the state, and is where you will be attending assemblies, lectures, plays, etc.

ROTC BUILDING—This is where all freshmen boys will be going for classes in military science. Located on the old campus, this building was at one time the Jacksonville High School. The drill grounds are located nearby for ROTC students. Major James Blodgett is commanding officer.

INTERNATIONAL HOUSE—Here you will meet students from many foreign countries. This building was erected five years ago after the International House Program had been conceived of and instituted here by Dr. J. H. Jones. With the sympathetic support of President Cole and the generosity of world-minded citizens, funds for erecting the building were raised. It has had many notables to visit there during past years.

erected here, although the old campus is still in use. Boys and girls, men and women have been walking on these sidewalks for 70 years or more, and the town of Jacksonville holds sacred memories for many. You will gradually learn the traditions and will carry them on for the present and immediate future. That is an important part of college life.

In years to come, you too, will point to Jacksonville as your alma mater, and the memories of your college days will be sacred.

The traditional friendly spirit of the Jacksonville campus is extended to you, the new students, and you will soon be a part of this atmosphere.

Korean Vets Given Advice By V. A.

Montgomery, Ala. — Veterans Administration this week told veterans how they can prevent unnecessary delay for education and training under the new Korean G. I. Bill.

First, said Harley A. Smith of the Alabama Regional Office of the VA, Alabama veterans should send their completed applications for training to the Alabama Regional Office at 400 Lee St., Montgomery, and not to VA's headquarters in Washington, D. C.

Smith said he had been notified that hundreds of applications had been going to Washington. This, he said, merely delays things since the VA Central Office must then forward the papers to the proper VA Regional Office for action. The Washington headquarters does not process any of the applications for training taken in the U. S.

The third way veterans can help VA help them, Smith said, is by preventing unnecessary delays to include photostatic or certified copies of their separation papers (Form DD 214) along with their applications for G. I. Training. VA must have the information contained on the separation papers to process the applications.

The third way veterans can help VA help them, Smith said, is by completely filling out their application forms for education and training. The form has five sections which the veteran must complete. 1. Identification of the veteran. 2. Program of education and training applied for. 3. Education and training received while on active duty. 4. Civilian education. 5. Employment experience.

Unless all necessary information is included on the form VA's can't take action on the veteran's application, Smith said.

Some old-fashioned mothers who can remember their husband's first kiss, now have daughters who cannot remember their first husbands.

DAUGEITE HALL—(named for the late Dr. C. W. Daugeite, who served as president of the college for 42 years) Daugeite is the girls' dormitory, and was the first dormitory to be erected on the new campus. Mrs. John F. Rowan is the house mother.

ABERCROMBIE HALL—(named for the late Dr. John Abercrombie, an alumnus of this college and one of the state's most noted educators), Abercrombie is also a dormitory for men on the new campus. Miss Lucille Branscomb is the house mother.

FORNEY HALL—(named for the late General John H. Forney, a native son who distinguished himself in the War Between the States). Forney is located on the old campus, but is one of the handsomest and most substantial buildings on either the old or new campus. Mrs. Ethel Dye Hill is the house mother this year.

Faculty Changes

DR. T. E. MONTGOMERY, Jr.

Dr. Houston Cole, president of Jacksonville State College, has announced changes in the Division of Social Science following the retirement of Dr. Robert P. Felgar, head of the division.

Dr. Charles E. Cayley, professor of political science, has been made head of the division; James M. Anders, head of the history department, and Dr. T. E. Montgomery, Jr., head of the soci-

DR. CHARLES E. CAYLEY

ology department.

Dr. Cayley, a native of Canada, has A. M. and Ph.D. degrees from the University of Chicago. He has been a member of the Jacksonville faculty since 1934.

Mr. Anders has B. S. and M. A. degrees from the University of Alabama with work on his doctorate at Peabody. He has been a member of the Jacksonville fac-

JAMES M. ANDERS

ulty since 1936.

Dr. Montgomery has M. A. and Ph.D. degrees from Duke University. He has been a member of the Jacksonville faculty since 1950.

Other members of the division are: Dr. J. F. Glazner, Leon McCluer, geography; Robert E. Williams, economics; Dr. Emmett Fields, Horace Lee Stevenson and Howard Prichard, history.

Dean's List For Summer Quarter

Dean C. R. Wood released the dean's list for the summer quarter recently which will be of interest.

Students who made all A's or three quality points per hour credit were: June Murphree, Patricia Watson, Oneonta; James A. Phillips, Oxford; Bessie Rains, Albertville; Mary Charles Wiggins, Birmingham.

Students who made at least 2.5 quality points per hour were:

Coye S. Barnett, Centre; Gladys S. Carter, Roanoke; Yvonne G. Casey, Janet Clements, Mary Elizabeth Harrison, Richard P. Hearn, Florida Phillips, Sarah K. Sears, Jacksonville; Geraldine Chamlis, William Yancey Chewning, Wedowee; Betty S. Cole, Hazel G. Robinson, Birmingham; Imogene Craft, Mary S. Dickinson, Oxford.

Andrew W. Curley, Fruithurst; Carol A. Dunn, Rosemary Webb, Attalla; Polly B. Easterwood, Cullman; Beulah P. Eichelberger, Jewel R. Sims, Faye P. Sutton, Albertville; Ruth S. Epley, Gadsden; Billy Gallahar, Boaz; Myrtle Goodman, Horton; Lois Head Gray, Priscilla Ann Walden, Francis W. Wallace, Elizabeth Ann Wilson, Anniston.

Delbert L. Heard, Wehadkee; Mildred M. Henley, Renfroe; Buford Don Holt, New Hope; Delta Davis Horton, Dorsia K. Sotherland, Talladega; Gloria Jean Iverson, Graham; Mary Tully Johnson, Gunterville; Pauline B. Johnson, Heflin; Martha McKee, Clanton; Dorris Myers, Jasper; Benjamin Nodal, Havana, Cuba; Johnnie Phillips, Ragland; Ann P. Sibert, Clio; Mary Boring Smith, Douglas; Mollie M. Spurgeon, Arab; Hosea B. Thorne, Jr., Nauvoo; Frances Lee Treadaway, Fyffe; Mary Frances White, Ashville; William Thomas Wheatley, New York City.

Elbert W. Walden, who received his degree in August, has been employed as manager of the new Bell Brothers Shoe Store in Anniston. He has been in the shoe sales business for several years while attending college.

Roy Thomas Watson, first student from Jacksonville to receive a Fulbright Grant, will sail from New York Sept. 24 for France where he will enter the University of Montpellier.

Roy received his B. A. degree in French and Spanish at JSC last May. He was active in the International House Program, and was chairman last year.

He will spend October in Paris attending an orientation course under the direction of the Fulbright Program and the American Educational Commission for France.

Upon his return from Montpellier he plans to continue graduate work, probably at Tulane University.

Students for the Fulbright Grant are selected on a competi-

Alumni Notes

A large number of Jacksonville State alumni received graduate degrees at the Georgia Peabody College in Nashville, Tenn., in August. The list included the following:

Norman Tant, Morehead, Ky., Ph.D.; Asa Duncan, Florence; Charles Gilbert Ayers, Hackleburg; Albert M. Bailey, Fyffe; Cecil A. Bearden, Albertville; Blanche M. Biddle, Calvin L. Biddle, Jr., Gadsden; Reuben B. Boozer, Curtis H. Johnson, Jacksonville; Ester Jackson Bryant, Weogufka; Stanley Butler, Joseph F. Sherer, Alma Sherer Deason, John P. Deason, Jasper; Hugh Donald Carter, Charles Edgar Patty, Anniston; Richard W. Chatterton, Rochester, N. Y.; Doris Marie Chumley, Keener; Ernestine Crane, Warrior; Louie Oliver Eiland, Jr., Pensacola, Fla.; George Milton Heath, Westmoreland, Tenn.; John L. Meadows, Hartselle; Maudie Mae Nelson, Huntsville; Vonnie Yarbrough Parker, Fort Payne; Millard F. Penney, Glencoe; Emmett J. Plunkett, Boaz; Dora Reed, Fort Lauderdale, Fla.; Jeanette Prickett Smythe, Attalla; Sara Elizabeth Stephens, Geraldine; Arvey Davis Vanderford, Piedmont; Walter Lee Wallace, Ider; Luther D. White, Pearl S. White, Dutton; Oakland Hoytt Wood, Cullman, M. A. degrees, with the exception of Mr. and Mrs. Deason, who received M. Ed. degrees.

With the 3rd Inf. Div. in Korea—Second Lt. Rex M. Wallace, Jr., son of Mr. and Mrs. Robert M. Wallace, Roanoke, Ala., Rt. 3, is directing artillery fire for the Third Infantry Division in Korea.

From a forward observation point, he watches enemy positions and relays fire directions by radio to rear area artillery units, making possible closer support of infantry troops.

Since his arrival in Korea in July, Lt. Wallace has been assigned to Battery C of the 10th Field Artillery Battalion.

A graduate of Jacksonville State College in 1951, he entered the army in August of the same year.

With the 3rd Inf. Div. in Korea—Second Lt. Winston L. Williams, son of Mr. and Mrs. William G. Williams, Newell, Ala., is beginning his second month as an artillery forward observer in Korea.

Assigned to Battery B, 39th

New Faculty Members

NEW FACULTY MEMBERS—Dr. Emmett Fields (left) will teach history for the first time at Jacksonville this fall. He has completed requirements for a doctor's degree at Vanderbilt University. Dr. Fields is a native of Arkansas. He and his wife are living in one of the Crow cottages on Fourth Avenue. James C. Wilks (right) will teach biology. He comes to Jacksonville from the University of Alabama where he had a teaching fellowship while working on his doctorate. He is a native of Troy and did his undergraduate work at Troy.

COLLEGE FACULTY

(Continued from front page)
Wix, instructors in military science.

Members of the Staff

Members of the staff are as follows:

Dr. Houston Cole, president; Dr. C. R. Wood, dean; Lawrence R. Miles, registrar; Miss Dora Wood, assistant registrar; Ernest Stone, director of extension and superintendent of schools; R. Liston Crow, treasurer; Solon H. Glover, Mrs. J. O. Pyron, associate treasurer; A. D. Edwards, assistant; Dr. Reuben Self, director of secondary education; Mrs. C. R. Albea, assistant librarian; E. Baskin Wright, director, student personnel; Mrs. H. B. Mock, supervisor, self-help students; Mrs. John F. Rowan, director, Daugette Hall; Miss Lucille Branscomb, director, Abercrombie Hall; Miss June Murphree, executive secretary; Miss Helen Christison, secretary to dean; Mrs. Mary Stevenson Poling, recorder; Mrs. Sybil Doss Reaves, transcript clerk; Mrs. James Haywood, secretary of extension; Dr. E. P. Green, Dr. John D. Rayfield, Dr. James Williams, school physi-

cians; Mrs. R. K. Coffee, publicity director; Opal R. Lovett, director of athletic publicity, instructor in visual aid; Mrs. W. C. Sargent, manager of book store; Mrs. M. B. Cass, manager of supply store; John Duncan, engineer and custodian of buildings; David Walker, custodian of grounds; Mrs. William Satkowski, nurse.

Secondary Laboratory School
Members of the faculty of the Jacksonville High School (secondary laboratory school) are as follows:

Ernest Stone, superintendent; Mrs. James Haywood, secretary; Mrs. J. M. Anders, Miss Beatrice Jones, Mrs. Paul Arnold, Mrs. James Blodgett, Robert B. Loren, junior high subjects; Mrs. Reuben Self, Miss Mary Moss Goggans, Mrs. J. W. Stephenson, Mrs. C. T. Harper, Miss Mildred Clower, Miss Frances Jones, Thomas Malone, senior high subjects; John T. Finley, music; James Haywood, diversified occupations; L. F. Ingram, vocational agriculture; Mrs. Jesse W. Newell, home economics; Miss Mildred Johnston, librarian; Ernest V. Newman, coach and physical education; Mrs. H. T. Smith,

dietitian; Mrs. Royce Hicks, assistant dietitian.

Elementary Laboratory School

Members of the faculty of the Elementary Laboratory School are:

Mrs. Ernest Stone, director; Mrs. Liston Crow, Mrs. A. B. Garmon, Mrs. Joe Rogers, first grade; Mrs. J. M. Caldwell, Miss Mary McCorkle, Mrs. Howard White, second grade; Miss Ferrell Bolton, Mrs. H. L. Stevenson, third grade; Mrs. C. C. Dillon, Mrs. W. M. Posey, Mrs. Gray Vowell, fourth grade; Mrs. Lawrence Miles, Miss Florence Bates, fifth grade; Mrs. C. F. Watts, Miss Una Hamric, sixth grade; Mrs. Pat Burnham, music; Mrs. J. W. Griffith, dietitian.

REPORTER'S STORY

A visiting bishop delivered a speech at a banquet on the night of his arrival in a large city. Because he wanted to repeat some of his stories at meetings next day, he requested reporters to omit them from their accounts of his speech. A rookie reporter, commenting on the speech, finished with the line: "And he told a number of stories that cannot be published."

Field Artillery Battalion, 3rd Division, he works in close cooperation with infantry units, adjusting artillery fire in support of their missions. In order to do a better job, he has made patrols into no-man's land with the foot soldiers.

After spotting a target, Williams watches for each artillery shell burst and relays corrections to the firing battery through a fire direction control center. His forward post is usually located on a prominent terrain feature that gives a commanding view of the surrounding territory.

A graduate of Jacksonville State College, Williams entered the army in August 1951, and arrived in Korea in July 1952.

JUST AN ORDEAL

A guy who goes for the up that cheers somewhat too much was finally cornered by his wife in a bar where he was dreamily contemplating a slug of rye. Being in a genial mood he offered her a sip, but when she took it she gagged and sputtered, finally coming out with: "How can you drink that horrible stuff?"

"See?" said the husband, "and all the while you thought I was having a good time!"

Sybil Doss Reaves, transcript clerk; Mrs. James Haywood, secretary of extension; Dr. E. P. Green, Dr. John D. Rayfield, Dr. James Williams, school physi-

cal education; Mrs. H. T. Smith, Newell, home economics; Miss Mildred Johnston, librarian; Ernest V. Newman, coach and physical education; Mrs. H. T. Smith,

he requested reporters to omit them from their accounts of his speech. A rookie reporter, commenting on the speech, finished with the line: "And he told a number of stories that cannot be published."

army and young women engaged in household work. Practically all of the academic and private schools were wiped out and the public schools were suspended in communities menaced by the enemy and outlaws.

Upon his return from Montpelier he plans to continue graduate work, probably at Tulane University. Students for the Fulbright Grant are selected on a competi-

Meet The International Students--

Students From Eight Other Countries Arrive This Week

Jacksonville points with pride to its International House. The International House Program, begun about seven years ago, is now firmly established. Each year a new group of students from other countries arrives in the fall to spend nine months on the campus. They live, study and play with the American students, and build up friendships that are lasting—thus international good will is established.

Each year the number of students has increased, and this year will show the largest number of countries represented.

You will have to see this program in action to understand and appreciate it, but by the time the year is over, you will be as proud of it as everybody else is. The new students this year are:

Hans Struth, Finthen - Mainz, Germany was given a scholarship by Mr. and Mrs. Arthur Page Sloss, 3840 Forest Glen, Birmingham. Mr. and Mrs. Sloss met him while touring Europe last summer and soon learned to like him. Hans is 24 years old. He attended school in the High School of Mainz, entered military service in 1944, saw active service in Russia and Poland, was captured by the Russians in Berlin and soon escaped behind the English lines. He was discharged in 1946, returned to Mainz High School and finished his studies there in 1948. Later he studied economics and law at Mainz University.

Elaine Amyot, Hatley (Quebec), Canada. Elaine was selected to represent her country at Jacksonville by Dr. W. P. Percival, director of Protestant Education in Canada. She is 20 years old, attended Quebec High School in Quebec City, and MacDonald College, School for Teachers, and received Intermediate Interim diploma. She taught intermediate grades and the French in grades three to ten at Hatley Intermediate School. She plans to prepare to teach high school French. Her favorite pastimes are: ice skating, sketching, swimming, reading, dancing, skiing, piano playing, football and basketball. She and her parents speak both English and French. Her mother is a member of the Anglican church and her father of the United Church of Canada. Her father is an electrical engineer and is assistant superintendent of the Joliette Division of the Shawinigan Water and Power Co. She does not smoke or drink.

Francine Cuitte, Vise (Liege), Belgium, younger sister of Lily Cuitte who was here in 1949-1950. Her father is a business man.

Anna-Regula Schlatter, Zurich, Switzerland, was selected by Lt. Jack Etheridge, former aide to Commanding General at Fort McClellan, who married her sister. Her father is pastor of a Protestant church and conductor of the Zurich Symphony Orchestra. All members of her family play one or more musical instruments. She is 23 years old, plays the piano, received the Bachelor's degree from Ecole Normale, and later a teacher's degree. She plays the piano, organ and violin. She likes art and sculpture, she has been an exchange student to Czechoslovakia, has visited Belgium, France and Italy, she speaks German, Italian, French and English, and has studied at the University of Lausanne.

Marguerite Pflieger, who was here in 1947-48. She has studied in England and speaks English fluently, as well as French. She also understands German. Marianne plans to major in political science. She is a member of the Protestant church, was a Girl Scout, plays the piano and does classical dances. She received the Bachelor's degree from the Lycee Pasteur de Besancon.

Mildred Fernandez, also of Havana, Cuba, is beginning her second year. She is Mimi's cousin, and took part in the program last year.

Yvonne and Rolande Goetze are from Venezuela. Their father is a University professor there. They are very "international". Their parents are European, they were born in Europe, but have lived for a number of years in South America.

Jacques Corman is also beginning his second year here. He comes from Belgium and proved

The Cuittes are friends of Mrs. Marshall, a Belgian woman who lived in Jacksonville for several years. She recently graduated from high school in the Athenee Royal in Vise with a major in economics and gymnastics. She studied English, German and Dutch. She served as Monitor "concerning all kinds of games. There we do many folk dances and learn lots of games to entertain people", she wrote Dr. Jones. She was a member of the singing club of her school; likes swimming, skiing and riding the bicycle. After her year here, she plans to study to be a physical education teacher at the University of Liege.

Marianne Malandre, Besancon, France. Is related by marriage to Marguerite Pflieger, who was here in 1947-48. She has studied in England and speaks English fluently, as well as French. She also understands German. Marianne plans to major in political science. She is a member of the Protestant church, was a Girl Scout, plays the piano and does classical dances. She received the Bachelor's degree from the Lycee Pasteur de Besancon.

Anna-Regula Schlatter, Zurich, Switzerland, was selected by Lt. Jack Etheridge, former aide to Commanding General at Fort McClellan, who married her sister. Her father is pastor of a Protestant church and conductor of the Zurich Symphony Orchestra. All members of her family play one or more musical instruments. She is 23 years old, plays the piano,

She likes art and sculpture, she has been an exchange student to Czechoslovakia, has visited Belgium, France and Italy, she speaks German, Italian, French and English, and has studied at the University of Lausanne.

The returning foreign students are as follows:

"Mimi" Pallart of Havana, Cuba, who is beginning her third year here. Mimi is majoring in home economics. She is active in the Methodist youth groups, and is greatly beloved on the campus.

Benjamin Nodal, also of Havana, Cuba, is a brother of Raquel Nodal, who graduated here and taught in Oxford last year. He is majoring in business administration and is active in the Future Business Leaders of America, incidentally, Benjamin is national swimming champion of Cuba.

Mildred Fernandez, also of Havana, Cuba, is beginning her second year. She is Mimi's cousin, and took part in the program last year.

Yvonne and Rolande Goetze are from Venezuela. Their father is a University professor there. They are very "international". Their parents are European, they were born in Europe, but have lived for a number of years in South America.

Jacques Corman is also beginning his second year here. He comes from Belgium and proved

JOKES

A man stopped in at a jewelry shop to look at some sale watches advertised at a below cost price.

"If you're selling these at less than cost, how do you make any profit the upstairs. After an in- "Oh," replied the jeweler, "we make our profit repairing them."

The housewife had hired a handyman on an hourly basis to profit?" he asked.

usual period of some painting around all was quiet in the upper regions of the house. Concerned that her painter was loafing on the job, the housewife called up the stairs:

"Are you painting, now?" "Yes'm" came the reply.

"I was wondering, because I hadn't heard any noise", she called back.

"Sorry, lady", he retorted irritably, "but I ain't putting it on with a hammer".

Teacher: "James, name three animals peculiar to the Arctic region."

James: "Lion, tiger, monkey." Teacher: "What makes you think that?"

James: "Because it would be peculiar if they were there."

himself a good 'mixer' last year. He took part in Masque and Wig activities, and spent the summer working in Baltimore.

You'll be hearing more from all these students.

MRS. J. H. JONES
Dr. and Mrs. Jones are father, mother, counselor and directors of the International House Program. Both speak French fluently, and have their hearts and souls in this program of international good will.

According to the report of the State Superintendent of Education in 1858, the last before the War Between the States, the average Alabama school term was six and a half months. However, several counties had nine months. In some townships the sixteenth section funds were sufficient to keep the schools going all year. The school population was reported at 180,160, and the enrollment was 98,274.

Gamecocks Begin Season With Promising Fledglings

DON SALLS
Head Coach . . .

RAY WEDGEWORTH
Assistant Coach . . .

The Jacksonville State Gamecocks took to the practice field this week to iron out several flaws discovered in their last quarter defeat at the hands of Livingston State, 20-13, Saturday night.

The defeat was a crushing blow to the more than 3,500 Jacksonville spectators who saw Jacksonville pile up a 13-9 lead in the first half and hold it to the last period. It was then that the inexperience of the Gamecock squad caught up with them as Livingston ignited into a blaze and scored 20 points with the aid of but 12 plays.

Coaches Don Salls and Ray Wedgeworth were not pleased with the score but added that they were very well pleased with the spirit the boys showed on the field. The Jacksonville defense was outstanding for the first three quarters with Livingston continually getting thrown for losses. The offense was fairly strong in the first half but virtually non-existent in the last two periods. Jacksonville's passing was as expected — ineffective. Coach Salls stated that he was well pleased with the attitude and cool-headedness of the boys.

Joe Dacus, halfback from Summerville, Ga., played an outstanding game at left half. He kicked punts of 64 and 67 yards. Right halfback John Krochina's running was impressive.

Little Bob Henderson was no less than spectacular for the Gamecocks. Bob was injured late in the second period and was carried to the hospital for treatment. The extent of his injury is not known, although it is believed he suffered a strained back muscle.

The Gamecocks will travel to Maryville, Tenn., this week to meet the Highlanders of Maryville College at 8:00 Saturday Saturday night. Salls hopes his squad will sufficiently shake off the woes of the Livingston defeat to turn their minds completely on the preparation for the powerful Maryville eleven.

Gamecock Team Analyzed

For the past three weeks 50 football players have been rugged training at Jacksonville State College. Coach Don Salls has put the men through a two-day practices which have rounded the men into shape very well.

The boys have been showing great spirit and hustle in their work. Salls is pessimistic about the coming season due to the lack of experienced veterans but

JODY CONNELL
Co-Captain, Gamecocks

BERNARD HAMMETT
Co-Captain, Gamecocks

They are green for the most part and late season should put some well experienced backs on the field.

The most encouraging news in the Jacksonville camp is the work of the defense. Wedgeworth is again working hard on his specialty, the strong defense. The boys have put a lot of work into the defense. Wedgeworth has been well pleased with the results except for the line backers. The passing defense has been strengthened considerably since the start of practice.

Salls has the backfield working smoothly with the offense working from the T and the box. The passing has not come up to what he wants but is improving every day.

This week the Gamecocks will travel up to Maryville, Tenn., for the game with the Highlanders. Maryville has lost 12 lettermen and has only 11 returning. It will be a hard fought contest as the Highlanders will be out to avenge a 28-0 drubbing by the Gamecocks last year.

Hi, Bob

B-O-B-B-Y! Hey Bob! When head football coach Don Salls calls for Bob he's likely to get 10 answers on the Jacksonville State College football field. Here they are: Left to right, front row: Bob Dobbs, tackle from Dawson; Bob Shelley, halfback from Guntersville; Bob Henderson, halfback from Anniston. Second row: Bob Nix, halfback from Summerville, Ga.; Bob Ledbetter, halfback from Albertville; Bob Harris, center from Oxford. Third row: Bob Toughill, end from Glassboro, N. J.; Bob Donahoo, tackle from Taladega; and Bob Coley, end from Lincoln.

FRESHMAN ORIENTATION FIRST ON CALENDAR

Plans for freshman orientation were announced as follows:

Registration was to be held on Monday and Tuesday, Sept. 22-23. Freshmen were asked to come on Sunday so they could get settled in the dormitories and be ready to register and started on their college careers Monday morning.

At 10:30 Monday morning there were achievement tests in English. An assembly was held at 2:30 in the afternoon in the little auditorium of Graves Hall for all freshmen at which time plans

were outlined. Registration began at 1:30 p. m., Monday and students were registered alphabetically, as follows:

Students whose last names begin with A through H, 1:30-2:30; I through P, 2:30-3:30; Q through Z, 3:30-4:30.

There will be a reception at the home of President and Mrs. Cole on Thursday evening, Sept. 25. Open house will be held at the local churches on Wednesday evening.

This issue of "The Teacola" was prepared especially for all entering students. It is your student publication. In it will be found information about changes in the

and training under the new Korean G. I. Bill.

First, said Harley A. Smith of the Alabama Regional Office of the VA, Alabama veterans should send their completed applications for training to the Alabama Regional Office at 400 Lee St., Montgomery, and not to VA's headquarters in Washington, D. C.

Smith said he had been notified that hundreds of applications had been going to Washington. This, he said, merely delays things since the VA Central Office must then forward the papers to the proper VA Regional Office for action. The Washington headquarters does not process any of the applications for training taken in the U. S.

The third way veterans can help VA help them, Smith said, is by preventing unnecessary delays to include photostatic or certified copies of their separation papers (Form DD 214) along with their applications for G. I. Training. VA must have the information contained on the separation papers to process the applications.

The third way veterans can help VA help them, Smith said, is by completely filling out their application forms for education and training. The form has five sections which the veteran must complete. 1. Identification of the veteran. 2. Program of education and training applied for. 3. Education and training received while on active duty. 4. Civilian education. 5. Employment experience.

Unless all necessary information is included on the form VA's can't take action on the veteran's application, Smith said.

Dr. and Mrs. Charles E. Cayley have returned from Canada where they spent the latter part of the summer.

Miss Lucille Branscomb spent the month of August at the University of Colorado where she attended a CAP workshop.

Gamecock Team Analyzed

For the past three weeks 50 football players have been rugged training at Jacksonville State College. Coach Don Salls has put the men through a two-day practices which have rounded the men into shape very well.

The boys have been showing great spirit and hustle in their work. Salls is pessimistic about the coming season due to the lack of experienced veterans, but he has said that the boys can have a winning season if their spirit and teamwork stay with them all the way.

With a tough schedule coming up this year it is doubtful that the Gamecocks can come out on the long end with such a green team. Livingston, Tampa, and Florence are three football teams that have to be fought to the last inch. Howard and South Georgia are no push-overs this year. Maryville, Austin Peay, West Georgia and Troy will all give the Gamecocks a run for their money. Salls has tried 1952 as a building year for the football squad and he will be more happy with a five and four record. He said that with fine spirit the team could better the mark but that if the hustle didn't prevail in every game, the winning percentage will be much lower.

The Gamecocks are not weak in potential. They have the finest squad of football players to come to Jacksonville in quite a few seasons. Experience is lacking and Salls and line coach Ray Wedgeworth are hoping that by the end of the season the boys will show up much better under pressure. They are working for the '53 edition of the Gamecocks. They are out to win this year but will work more on the preparation of the boys for the coming seasons.

Jacksonville is blessed with the finest group of running backs ever. There are more good running backs than in any other

travel up to Maryville, Tenn., for the game with the Highlanders. Maryville has lost 12 lettermen and has only 11 returning. It will be a hard fought contest as the Highlanders will be out to avenge a 28-0 drubbing by the Gamecocks last year.

MISS MILLICAN

(Continued from front page) Now she also has been appointed counselor for girls for the coming year. She will also teach two freshman classes.

One of these, Modern Social Customs, was originated by the late Leone Pruett Cole, so that freshmen could be taught rules of etiquette and social behavior.

"The enthusiasm and wholesomeness of youth itself is stimulating", thinks Miss Millican. "Teaching is a mechanical thing. Just as a skilled workman uses his tools to achieve certain goals, so a teacher works with people and sees ideas develop in their

Athletic Publicity Director . . .

minds. Too much emphasis has been placed upon freedom without recognition of the responsibility that goes with it. Influencing students to recognize this fact offers a challenge to me".

Slender, bright-eyed, she has needlework for a hobby. She makes her own clothes and keeps an electric portable machine in her room for constant use.

She is the incoming president of Sigma Chapter of Delta Kappa Gamma; a member of the Jacksonville Branch of the American Association of University Women; vice-president of the Wesleyan Service Guild of the Methodist Church; has worked with children and young people in the Sunday school; has served on the State Textbook Committee; and on evaluation committees in several towns as representative of the Southern Association of Colleges and Secondary Schools.

Don Holt
Holt of New Hope.

Don's a mighty busy man and if you should have to see him about something, you have to catch him on the run. He takes an active interest in many of the organizations on the campus. He has served in two capacities in Kappa Phi Kappa fraternity, president and secretary. Both the "Mimosa" and the "Teacola" have made use of his services as assistant business manager and business manager, respectively. His stretch in the Signal Corps probably is a huge help in his duties as communications officer of the CAP. Plus these activities, it

At 10:30 Monday morning there were achievement tests in English. An assembly was held at 2:30 in the afternoon in the little auditorium of Graves Hall for all freshmen at which time plans

Don is assistant to Dr. Self in operating the veterans' office, a member of the National Guard and night manager of the Vann Thomas Motel.

Don's hobby at the present is model airplanes, and his favorite reading historical novels. He is a family man, too. He and his wife, Betty, live in an apartment at the motel.

He isn't sure what he wants to do when he graduates, but here's a bet that he'll make a success of it.

Monday and Tuesday, Sept. 22-23, Z, 3:30-4:30. There will be a reception at the home of President and Mrs. Cole on Thursday evening, Sept. 25. Open house will be held at the local churches on Wednesday evening.

This issue of "The Teacola" was prepared especially for all entering students. It is your student publication. In it will be found information about changes in the faculty and other bits of news. Some of the articles will enlighten you about the social life on the campus; acquaint you with your Student Government Association officers, and other information which may prove helpful.

Some Mississippi farmers sued a seed firm for \$50,000, alleged damages, claiming they were sent the wrong kind of watermelon seed. That's just the way I felt after believing the pictures and descriptions in the catalog.

... But only Time will Tell

Test CAMELS for 30 days for Mildness and Flavor

CAMELS are America's most popular cigarette. To find out why, test them as your steady smoke. Smoke only Camels for thirty days. See how rich and flavorful they are — pack after pack! See how mild CAMELS are — week after week!

CAMEL leads all other brands by billions of cigarettes per year!
