New Policy Adopted For The
“Chow Line” By S. G. A.

The new policy replaces the old practice of cutting the serving line. Under the old system, the serving line was divided into sections, and the students were required to stand in line before being served. The new policy has been designed to eliminate the practice of cutting the line, thereby improving the efficiency of the serving process.

The Spotlight

By Richard Nordman

To our collection of outstanding students that we put in the "Spotlight" we present this month Miss Alice Jane Williams.

Alice Jane Williams

Alice Williams is fun and she is cute. My interview with her ran very smoothly and without any of the formalities a reporter usually has to experience.

To start with, she doesn't roll out a red carpet for you. In fact she is missing a chance to know one stocking anyway! Indeed rated tops by everyone. Last night she got so steady, she hardly there a month Miss Alice Jane Will- Can

The most amazing and astonishing characteristic Alice Jane has is that she makes all of her clothes. It isn't sufficient that she done some sort of proof of her charm that.

Love is like knowing there is no Santa Claus.

But finding something in your stocking isn't the half of it. You also drinks to calm himself. His steadiness to improve. Last night he got so steady. He couldn't even move.

Wesley Foundation News

The annual Wesley Foundation Thanksgiving breakfast was held on Sunday, Nov. 12 in the education building at the First Methodist Church. In spite of bad weather a very good number attended.

The food committee prepared a very delicious meal of fruit juice, bacon, eggs, jam, biscuits, doughnuts, and coffee. After everyone has finished eating, the group heard a very inspirational talk by Miss Luttrell, the guest speaker. Miss Luttrell pointed out the qualities of a home which included Christ in its activities.

A home with Christ is in one which has a warm friendly atmosphere, one in which you feel welcome and at home, and in which the members of the family feel that they have a responsibility and are needed. A home of this type has family worship and all the members of the family attend church. Emphasis was also placed on the fact that wealth does not make a home.

To illustrate her points, Miss Luttrell gave an example of what she meant. Mrs. Luttrell paid a call on a family whose home was not exactly a home. She found that the family was not at all ready for a spiritual visit. The children were not interested in religion, and the parents did not seem to care much about it.

The family was living in a rented house, and the landlord had recently raised the rent. The family was struggling to make ends meet, and they were worried about paying the rent on time. Mrs. Luttrell explained to them that a home with Christ is not just a place to live, but a place to worship and to grow in faith.

The family agreed to go to church and to start attending spiritual services. Mrs. Luttrell gave them some books and pamphlets to help them understand the Bible and to learn more about Christianity.

A year later, the family was living in a comfortable home, and the children were attending school. They were happy and content, and they knew that they had a home with Christ. Mrs. Luttrell went back to visit them, and she was pleased to see how much they had grown in faith and in love.

Miss Luttrell's words were very inspiring to the group, and they all agreed that a home with Christ is more important than wealth or possessions. They decided to start attending church and to learn more about Christianity.

A record? No, three records. Three was the sum total of the records broken by Howard "Mousie" Waldrep. Jacksonville's big 6'7" center in the game with Livingston on December 3rd. At the half "Mousie" had sunk 35 points, a record for one-half, at the end he had chalked up another record, topping all Jax individual scoring records, and also a record number of talley's scored in the Jax gym, including high school and college scoring. "Mousie" sure had himself a field day, hooking with both hands. Out of 23 buckets sunk by the team as a whole, "Mousie" got 17.

JAX-ALABAMA

All the strength the Gamecocks could muster was not enough to stop Alabama's mighty Crimson Tide. The Jammers were swamped by a strong Jax-Alabama reserve.

Jax took an early lead but soon relinquished it and the Tide led at the end of the first quarter 17-15 and never faltered throughout the game. Lone and lanky defenders prevented the outside shots by Berto Wilson and Floyd Mayes. The defense employed by the Tide kept the ball away from Waldrep. The contest ended with Jax on the short end of an 82-70 score.

Waldrep was high man for the Jammers and the game with 20 points. Following Waldrep were Binkley with 15 and Craig accounting for 11.

High man for the Tide were Lisa with 19 and big Jerry Harper with 15.

JAX-REDSTONE

The Gamecocks met Redstone Arsenal twice on the dates of December 1st and 2nd. Both times emerging victors. In the first contest Jax took the lead in the first quarter and retained it throughout the game. It ended with the Jammers tallying 73 and Redstone getting 63. Waldrep was the Gamecock getting 34 points while Mayes and Binkley got 15 and 10 respectively.

In the second meet Jax again took the lead at the half 36-32 and again stayed out from all the way. Redstone played head-up defense in the early moments of the fourth quarter and almost took the lead, but the Jax Carter came back in the closing moments with a volley of buckets and eye thrown as the game ended Jax 61 and Redstone 44. The points were equally distributed among the Gamecocks with Craig, Waldrep, Wilson and Mayes each getting 12 while Binkley sank 11.

JAX-LIVINGSTON

While leading his teammates to a 69-58 victory over Livingston, big 'Mouse' Waldrep broke three scoring records and netted a total of 45 points. In this game the Gamecocks proved their pow-
