Wade Is New ROTC Lt. Col.; Many Other Changes Made

City Of Jacksonville Has A Very Colorful Past History

As we walk through the streets of Jacksonville, do our shopping, attend to business transactions, we are conscious only of the pretty little town as it is today, peaceful, friendly, a typical college town. But what of the past, the events which led to the town's organization, the role it has played in the years since?

When the town was organized 121 years ago, it was named Jacksonville in honor of President Andrew Jackson. He gained the respect and appreciation of the citizens of the little community when he allowed them to buy the land on which they were living from the Indians rather than make them leave their homes.

The first city in Calhoun County at the time, Jacksonville became the county seat, and the county courthouse was placed in the center of the public square. It was after the Civil War that the courthouse was made the ante-chamber. As the little town of Jacksonville grew, education and religion played a large part. From the beginning the citizens of Jacksonville showed a moral consciousness. This was even evident in the tax laws of the city, which stated that no religious or educational organization must be taxed an amount, and any person violating this would be prosecuted by law. Very early, religious organizations were set up. The two oldest churches are the First Baptist and the Methodist, both over a hundred years old and valued more by the members because of their very antiquity. Today Jacksonville is an educational center in northeastern Alabama.

City of Jacksonville has a very colorful past history. The town was incorporated by the state legislature it was governed by a town council which had the authority to pass laws. If a law was not a benefit to the people, quite a few times the members of the council went into debt and came up with laws which would be ridiculous to us today. For example:

Unloading a road-wagon on the Sabbath brought jail and a fine of five dollars to the offender.

Shooting a gun without military orders or slaughtering hogs and other animals in the town incurred a fine of from one to two dollars.

Rolling balls on a Tin Pan Alley after the 9 o'clock curfew cost one dollar.

Fifty cents was the fine for loud following, swearing or galloping horses across the square. Also forbidden was camping on the public square.

Most people would be found guilty of these offenses today.

One of the first waterworks in Alabama was put into operation at Jacksonville in 1844. A private undertaking on the part of six individuals, it conveyed water from a large concrete spring on the mountain to the town via underground wooden pipes to the public square. This system was later rebuilt in 1869. Small list with initiative, the town pushed on.

When the trouble which led to the Civil War began, by-elections and shootings were frequent in Jacksonville. The most frequently told incident is that of the white teacher who was shot before he could educate the Negroes.

(Continued on page Six)
Students At Cross Roads; Choose Your Way Carefully

Well, the fall semester is finished and we are beginning another one—the first or second one at A.C. for some of us and the last for others. We are all eager to get started in the new courses, to try out some professors that we haven’t had courses under before, and to finish the other half of the school year with all fine motives that go into the acquiring of a college education. There is another factor that we might consider a possible driving force; however, that is trying to learn something.

Of course, we learn something when we see how little we can possibly get by with or which professor we can cheat under, but how much does this contribute to the well-rounding of our lives or to our financial gain in the years to come? Unfortunately for those who indulge in such practices, society does little for conversation on how one7 slipped through college without working or how to make a “cheat-sheet.” These products can be acquired from too many people already. Society values the man who is able to think and make decisions, if the thinking that is done and the decisions that are made are based on knowledge.

Knowledge can be acquired only through consistent and prolonged study and work. Let us emphasize again the word consistent. Cramming is fine and an excellent method, but it is much easier and less painful to work less diligently over a longer period of time than to wait until the week of exams and try to learn everything in that one week.

To ambitious freshmen and seniors who are trying to acquire enough quality points to graduate, here are a few tips: visit the building with the big rooms in front and the shelves in the back early, get your outside reading done early and at the end of the semester spend your time reviewing what you have read. Read something extra to acquire that extra knowledge that you might need in order to land the job in the summer or have a ball, whichever your conscience and early grades permit.

Organizations Once Strong, Are Now Little Known Here

The role extra-curricular activities play in promoting self-confidence, leadership, character, and initiative among students has been outlined many times in our student publication. Our organizations should have a distinct place in the training of our students for the years after college. Participation in these activities should provide the extra something that is needed to produce a well-rounded college graduate, but who is not afraid to tackle problems that come his way.

Unfortunately, organizations as a group on this campus are flaking for their last breath. At one time these organizations sponsored sports, took part in drives, and made themselves known and were something the campus could be proud of. As the COLLEGIAN sees it, there are only a few organizations that are very active on the campus year-round. What’s wrong with the others? Are the faculty advisors failing in their jobs because of lack of interest? Are the students who serve as officers in these activities neglecting the trust placed upon them? Who knows the answer.

There are many worthy projects on the campus that call for student participation; yet, when there is a call for volunteers the same small handful always shows up to give their time and efforts.

Perhaps if more freshmen were given the chance they could cobble what have become sewing circles instead of proud organizations. Some may think that新鲜 are not capable of doing the job usually given upper classmen, but this is not true. Both the COLLEGIAN and the Chapel Committee have given jobs to freshmen and they have done outstanding work.

If yours is one of those dull organizations, take stock and see what can be done. Don’t let the extra-curricular activities at J. S. C. die out.

Lost And Found

Articles Are Listed

By Joyce Bazemore and Lucy Durham

"Will the meeting of the Lost Club please come to or- der?" asked President Econom- icus Clark, "Mr. Coles, will you please read the minutes of the last meeting?"

"The December meeting was held in Lost and Found, Mrs. Coles' office, and gave a very interesting program on "How to Be Found" or "How Not to Be Lost." Miss Bookkeeping Book read the financial report. Miss Glove suggested that a lost and found list be placed on the bulletin board in front of the Grab. Miss Necklace seconded the motion. It was approved. After the business session, we were entertained by the Three Combs who sang songs in three last keys. They were accompanied by three jewer pipes.

"Thank you, Miss Coffee.

"Next business?"

"Yes," exclaimed the Eleven Fountain Pena. "We wish to petition our owners to come claim us."

After the meeting refreshments were served to the following: Mr. The Chap, Mr. and Mrs. Glass Case, Miss English Book, Mr. Chemistry Book and Miss Button.

Dormitory Changes Listed For Semester

The new freshman hall at Jacksonville State College will be opened for the spring semester on Monday, Jan. 15. Students began moving into the new building the past week-end.

Opening of the new dormitory brought about changes in directors. Mrs. Charles Pagan of Pemberton will be director for the new freshman hall. Mrs. Myrtle Kelly will transfer from Daugette Annex, freshman hall for men, to Mrs. J. J. Arnold of Anniston and will succeed Mrs. Kelly in Daugette Annex.

Where Is The Flag?

The question has been asked many times. "Where is the flag and why isn’t it flying today and other days?" The editor of The Collegian will answer this question and let the students take the matter from there.

During the summer a new rope was bought and attached to the flag pole, too long ago a new flag was purchased. The Student Government Association assigned the job of raising the flag to different class officers, each officer to have the job for three or four days at a time. This list and the person who was to be respon- sible was posted on the bulletin board.

There can be no doubt in the minds of the students that these class officers are failing to do their job. Since this is the case, the next question might be, "Why didn’t these people run for election if they didn’t want to do their jobs and take responsibilities?" The answer—they like to have the honor of saying they are class officers, they don’t mention the fact that they don’t do anything.

If you are one of the students who would like to see the American flag flying like it should be, then take a look at the list which is posted in the basement of Bibb Graves Hall and ask each one of your class officers on the list, look him up and tell him what you think and next time his name is on the ballot for election just give him a bike and look it and vote for someone who is con- scious of his duties.

### June's Jottings

**By June Nicol聲**

*Well, here we are, gang, and it's towards the middle of the month around the campus. The trees are gripped with leaves, and the students are losing weight, hair and ability to concentrate on work. Grades can be easily be should be reacted to on comment on such a day.*

*But never-the-less we have a few social notes here and now, after we begin with Cupid's bow and arrow.*

**Kay Lee and Jimmy Reaves** grabbed those weding bells over the Christmas holidays. It couldn't have happened to a more deserving couple.

**Sissy White** also gave up his freedom as he and Peggy Hunt married at the courthouse in this town, and now reside man and wife.

**George Kerch** and Carolyn Grant, who did their courtship in the school orange blossoms over the holidays. Congrats, Ketch and Kerch.

**Eloise Smith** "never had it so good," so says we're told, and thus her new man consults her and feels the same way.

**Santa Maria** have a whole bag of presents in store for us this Christmas, the most valuable book to us who understand you help us.

"Cupids Essay and General Literature Index" is given first place because term papers have a way of putting the writer in a position in the thinking of students which is comparable to a writer's Sometimes the difference is considerable in that it furnishes information in many special subjects not found in the Cited Criticals...at all costs to parts of the book. In conclusion, the works in this index are of great value.

"Closely related to Readers Guide, yet different in type of organization, is the American Index to Periodicals," which indexes more scholarly magazines in the humanities and the social sciences.

For those wishing to secure information concerning education, education books, it is possible to obtain this most helpful, because magazines and journals related to education are emphasized.

No recognition of most valuable book should be made without mention of the "World Almanac." For general, concise, authentic information on many subjects and topics this little volume proves to be a very comprehensive and most frequently useful. It contains statistical data on industrial, financial, religious, educational, and other subjects, gives the reader a very good picture of political organizations and societies and places the reader in touch with all the important events of our baseball team. We will turn our attention to students will support the Library Drive during the spring season.

**The "Grab"** is still brimming with talks and everyone rushes these usually catch up on the latest. Charlie Reaves has the best collection of the last, and he plans to share with those rhythm blues lately. Can't study, I know.**

Wan. Ad: Timrod, Billy Reaves are looking for Ranchers to work with.

**Commuters' News**

**By Sadi Kansos**

Judy, I hope you are well by now. I will find some of your girls. Yeshiva's news continued in this issue. As you know, ken Cousin and Miriam are gone. There is now a freshly unknown about all this, I know. Judy, you can do better, so go well soon. I am so glad you called, I have been here during the holidays, just don't put all the good cheer away for another fall or spring year.

The music department had a party. The audience was delighted with the music. It was such a happy experience that all really understood. Through all the chasitess was "they hang the Christmas tree song."

**Maxwell, our good Norr**

went home to Wisconsin

**D.ce**

During the holidays. To obtain employment, one should be able to carry the square table for your grandparents was a "carpet-dressing."**

When Mrs. Roebuck jokes about a serious operation in the"" she just Jimmy and sent me back,"tells me good morning as cherty as my guy is.**

Dr. Moore says very important to be a part of this little group. Mrs. Roebuck, please, put me in an unused neuron or two, and resolve to graduate even if the black left among this now growing group.

**Before I drive off I must say, thank you kind brightens your for your able assistance.**

From The Smokeystack

Another semester come to an end and many familiar faces disappear. There will be many changes here, as the campus undergoes this- change with each group that departs.

Speaking of faces around the campus, the most noticeable on the week-end looks like that of Margaret Crook. Margaret Crook could light up with plans for the week-ends.

For all our summer organizations, I wonder why more of them have not become so successful athis summer semester, the campus exists on the campus that has been "in the wild." This is the time when we clean out the old and take new ones back to school.

The campus is buoyant, but many fingers turn

"Lost time is never found again."

The nomes class is busy planning for the "Freshman Frolic" which will continue in February. So far none of their plans have been made public.

There is certainly a lot of glare around the campus with the field of the "Freshman Frolic" is a fine show of the spirit that many instructors have toward this log jam.

The freshman class is busy planning for the "Buckeye Frolic" which will continue in February. So far none of their plans have been made public.

"It's time for the Smokeystack to cut-off smoke so until next month, keep smiling!"

PHI MU ALPHAZ Phi Mu Alpha, National Music Fraternity hold formal Installation.

Those who attended were Des Moines University, Dr. Gabriel Boynton G o r y k and Carma Jo Bay, Joan Matthasen, Diana Raverin and Carma Jo Bay, Roth Carruth and Sammy Cain, Ronald and Annette Carter, Wanda Ann, and Vera Durham, W. Martin, and Barbara Schumann, G r i s b y Bingham and Mary Knapp, and Betty Angell, and Bob Miller, Dorothy Mangle and Shari, Andrea Baker, Rhonda Lassiter, Beverly Lockridge, Bill Tovar and Will Johnson, Nancy Kline, Jayne Newell, Ken Kline, Wanda Ray, and Mrs. Meacon, head of the Music Department.

**Readers' Guide to Periodical Literature**

Most valuable in finding material in current periodical literature, valuable in finding material for special reports. Perhaps students might use this source is taken from approxi-
Report To Voting Students

By Martha Terry

Desperately needed— one room, no matter how humble, large or small. Like the bee hives, the SGA is busy. Many of our meetings interfere with the "Millera" students' work, so we may soon be finding their hives in the office. As you read this, they probably are getting information and presenting it at meetings. They often spend the day working to cut down the government's budget: to buy $2700 to purchase the first computers for the machines. The bank would make the loan for three years at the interest rate. The committee might require that ten percent of the interest rate be paid per year and that 800 of this amount would be net profit.

After discussing the issue at three meetings and carefully studying the committee's report, three-fourths of the members present were in favor of the resolution while the other one-fourth was opposed. The net profit from the "Talent Show" was $76.73, and this money would be added to the SGA's general fund and appear on the board minutes. In the meantime we will be seeking a book to donate to the library board.

"The SGA President further toward having the lights installed until the treasurer's of- fice is made available. (Sometimes an organization is said to be "running in circles"; those circles "often" roll through a lot of red tape.)

Terry Rice has volunteered to be "Stu-Jack" editor; Mary Dailing, Terri Joiner, and Mr. Adams will serve as faculty advisor.

The SGA may be the first time, the SA awarded a trophy to the "most valuable football player" and "most valuable basketball team. The Refrigerator Bowl championship was won by the "Trip Smith" Smith to receive the trophy.

Edward Davidson appointed Joe Conyers the SGA's Sports award committee. He is the younger brother of Phyllis Nutrition, a member of the SGA. Smith is a "none of the above" and Mr. Joiner and Gerald Johnson will serve as committee members.

To help lay a foundation for the Honor System on our campus and to demonstrate a personal honor and responsibility.

"Were you really surprised when you saw that your brother and her boy-friend agreed to marry?"

"I'll say I was. I nearly broke my head on the door knob."

On the Road With The Gamecocks

Did you ever wonder what happens on a road trip with the Gamecocks? Well, lets is the story of the recent trip to Florence.

Shortly after the bus left Jacksonville, the players began to settle down for the long trip. Some of them pulled out test books and began to catch up on their studying. These books provided a wide range of knowledge, everything from English literature to business courses.

Other boys sat in pairs or small groups and talked or joked. Still others looked through the score book at past games.

In the rear of the bus game of the ball players had a book game underway. Coach Tom Roberson and Tom Langston had a fast game with Joe Craig and Bryan Yates; however, with Craig dealing the first hand his opponents didn't have a chance. The first hand proved to be the only one. The next game found someone else dealing and the game proved to be much closer.

Sam Truitt, the driver of the "Silk Goose," had plenty of help in finding the right route and we ended up going the long way around. Tom Richcys speed most of the trip over humble, baggy vegetables and into the usual sign before the game. Tom Langston arrived in Florence only to find that he had left his shoes in Jacksonville. He's never live that one down.

There was some doubt as to where the game was to be played and we picked the wrong place on our first stop, and what do you think happened? Right, we walked into the auditorium and found a play practice in session. This incident provided many laughs.

After finding the right gym, the team got to watch a couple of very good high school basketball games before time for them to play.

The Jacksonville team, ridden with more injuries than has been known to occur at any one time in basketball history here, lost to a fighting Florence five. There is a set up in the schedule for exams, this is it, it is hoped, will be time enough for the all Gamecocks to recover.

Intramurals in Full Swing

Jacksonville's intramural basketball program is giving many men and women the opportunity to play competitive games. Games are played every night when the Gamecocks or high school are not using the gym. These games are well played and provide entertainment for spectators as well as fun for the participants.

SCHEDULE LISTED FOR CAMPU$ BASKETBALL

Jan. 23, Scrubs vs. Balls; Rams vs. Vegabonds; Old Pan- nell vs. Duces.
Jan. 30, Leftovers vs. Vets; All Stars vs. Flirts.
Feb. 2, Vegabonds vs. old Pannell.
Feb. 6, Rams vs. 6 Balls; Scrubs vs. Leftovers.
Feb. 7, All Stars vs. Vets, aft.
Feb. 9, Pannell Annex vs. All Stars; Old Pannell vs Flirts.
Feb. 13, Rams vs. Vets; Vegabonds vs. Duces.
Feb. 14, Leftovers vs. 8 Balls.
Feb. 16, Old Pannell vs. Scrubs; Pannell Annex vs. Vets.
Feb. 20, All Stars vs. 8 Balls; Leftovers vs. Vegabonds.

Second Guessing

Looking over this season's basketball team is very satisfactory, indeed. The Gamecocks have won three out of three on the home court, and the prediction here is that they will remain undefeated on home grounds.

Coach Roberson was pessimistic about the center position earlier this season, but Don Gillis has filled the spot as well as could be expected. He is a freshman and still needs a few more college games behind him, but each game shows improvement. Tom Richcox has become an expert rebound man. He seldom allows the opposing team a second shot.

Football Awards

"Most valuable player" awards were presented to Philip "Babbit?" Smith and Johnny "Jolie" Johnson at the annual football banquet given by the Boosters' Club of Jacksonville at the Purefoy in Aniston. Both boys were selected by their teammates for these honors. Congratulations!

INTRAMURAL SPECTATORS - The group of students above are enjoying an intramural basketball game. Many good games are played several times each week.

Gamecocks of 1955-56 — Here is the 1955-56 Gamecock basketball team. They are from left to right, standing: John Shelton, Bill McCarthy, Joe Craig, Bobby Jackson, Tom Langston, Tom Richcox, Larry Oswalt, Donald Gill, Gerald Groogan, Bryan Talley, Bill Laney, Don Wilson, Bobby Mayes, and Joe Ingram. In front are "Chuck" Miller, assistant coach, and Jack Standridge, team manager. Coach Tom Roberson is not shown.
I, aster.

The Shuske Club at Jacksonville is made up of students selected by a faculty committee. The group has been active in programs sponsored by the League of American Auditors and for other special occasions. Members are: Front row, left to right, Charlie Grisham, Oneonta; Larry Day, Gadson; Ted Wilson, Alexander City; G. B. Beasley, Alabama City; Edward Davidson, Gunter-

...states. One of the two Asian students and the Greek beauty must have some affection for this state where their college spent their whole vacation...Steve Smalls, a graduate of the University of Alabama, visited his guardian, also a citizen of that state.

Shuske was as far as the representative from Korea, Ee Boon in, and he could get. There, Ee Boon was some of her best friends, while a part of Kietty family was to be residing there.

Humberto Godoy was due to go to Nassau, but he preferred Atlanta, Ga., where he stayed with some friends from Guatamala, his home. He wonder whether he had a good time, or gave them a rough time.

Now let me move from the moderate temperature of the Deep South to the "bellow zero" of the frozen North. In Detroit, Mich., Ada Ferrarone from Peru, was invited by an American girl, a prep for a long time. She even stayed over in Canada. The snowy city of New York was perhaps a good place, for two French girls, Nicole Noel and Marie Claire Bernard, to recall home at Christmas time. The Italian boy, Sergio Teitra Gliozzi, came back lucky excoted from his trip to Washington, D. C. All he says is that his hosts kept him very busy.

After the first week of the vacation in Jacksonville, a member, I joined Scorp to spend the other week and the few "bucks" I earned. I was invited by a nice married couple whom I met just last summer.

For some lost, they really had it made. They were guests of the Rotary Club in Florida. The group—the sixth one since the Shuske Club adopted the project—consisted of Maria etc. from Spain, Jacques Hermin from Belgium and Miguel Valdez from Cuba. "Oh, it was just wonderful," is the way they started and ended the description of their trip, which they enjoyed and were grateful for if you knew how they were treated. "Royally," they would say.

As a man of fact, the Boaternian have been careful enough to give their "Kings" and "Queens" the best of everything they had. Room and board was selected in the best hotels and restaurants. Five moves to the movies were granted. Visits to museums and other places of interest were also taken care of by the Boaternian treasury. Transportation for sight-seeing was furnished. Also, all these food, drinks, and gifts of Christmas were added to the luggage.

In return, these four students had to entertain their hosts with programs of native songs and dances, and short talks. During their stay, they were presented seven programs, three of which were on the radio.

The International House is deeply grateful to be given this privilege each year by the generosity of people whose desire is only to promote friendly acquaintance and better understanding, and help increase fraternal contests among the citizens of the world.

KAPPA DELTA PI HOLDS INITIATION

Members of Kappa Delta Pi, national honorary education society, held their initiation and banquet at "The Farm." Initiative was held May 12, 1960.

INITIATION

The initiation was conducted, by Tony Freeman, Rho, Vice-president; Patricia George, Hellen, secretary-treasurer; Mariam Lanier, Amnistan, past president; and Miss Lucille Brundin, counselor of the local chapter.

Admiring Charles J. Carter (retiring president of the chapter) and in attendance is the chapter president, who was elected at the last meeting of Scabbard and Blade. He was chosen to take the place of Richard Rutherford, who was chosen to take the place of Richard Rutherford, at the end of the last semester.

The author would like to say congratulations to the boys who welcomed ROTC at last semester. They are Richard Ruston, Harold Stone, Calvins, and Bill Aldridge.

When the practice of sealing up most in building foundations took place, the group of whites, the result was a "hiring down" of the blacks, and the structure was stopped in the Middle Ages, coming to this place to end human shadows as the best substitue. So to a century ago in the bucko-ray section of southeastern Europe, many men were selling their shadows to persons erecting new builings.

SEVENTY-TWO GRADS

(Continued from page one)

ROESEK, Fort Payno; Shirley Huff, Scarborough, Talladega; Betty J. Wilson, Oxford; Alfred Daves, University of Alabama; Harold Hines, Mobile, and a student in the day school.

JAX HISTORY

(Continued from page one)

children because he was an outcast from his own race. When a group of Negroes was caught shooting at a congregation of whites, the reaction was a lynching which included the innocent white teachers.

Contributions by Jacksonville to the Confederate Army were not limited to financial aid. The city contributed many dollars, many citizens of the city were of strategic importance. Jacksonvilleians from more members of the 72nd Regiment of the Confederate States, and many citizens from the town were wounded, many dying. The other regiment, the 73rd, was stationed perhaps, which the little town of Jacksonville, the home of the late W. Pelham, who distinguished himself as an officer of artillery. The town had a monument to the "Confederate This great man. The Jacksonville town square and the main street was named after him, probably influencing many a young boy to say to himself, "Some day I'll be another Pelham." A large fire destroyed many of the buildings in the city in September, 1882. Being wood, the buildings burned readily. Probably the fire was a blessing in disguise in that it let the townsfolk move back from the fire. The years following the fire probably involved the greatest growth seen in the town.

Jacksonville was left and has become today the very fine little city given. Jacksonville, the only President ever to visit Jacksonville, left the city and named it is my privilege to greet a great man. I must say that everyone is favored and with a name and a tradition so proud. It is my pleasure to say that you are a part of that fortunate family who continue to favor you in your progress to wealth and happiness.

These words could be spoken today as appropriately as they were sixty-nine years ago. College student, Jacksonville well, the city of my dreams, look around you and forget the place on ground which has felt the footsteps of Indiantes, settlers, merchants, and other people. Think of your heritage, and be proud if you are a part of the town of Jacksonville, Alabama!
