Cheating Yourself

It has been amusing during the last year and a half to sit back and watch the people in attendance heading south in various symmetrical figures, trying desperately to summon the dignity and air of studious intent that (they believe) should be the mainstay of the standardized student—erroneous conception that this is.

The tragedy of this outlook is not to be exaggerated; these people are pleasing themselves of the greatest experience that a spur life such as ours can offer. To engage fully and wholeheartedly in extra-curricular activities provides a stimulating and invigorating joy of living which tends to lessen the rates of the world and to diminish these trivial worries which cause preposterously gray heads. The extra-curricular activities do not include party raids, destructive assemblies and the like but, rather, the participation (with greatest gravity and respect for the sovereign Kangaroo courts) in such activities as the Jumble, now in its thirty-first year. It should progress almost religiously, in order that a spacy undercurrent of mirth should be saved to the fullest.

For your own benefit, and ours, may I urge you to enter into the forthcoming occasion with all the spirit it deserves; do not ignore it and exclude memories which in later years will be held among the most scared of your educational career. lend your support in any and every year.

Dear Mr. Bolcher:

Yes, we are working hard toward preparation for homecoming. It is my desire that we all make sure we are putting our suggestions that might be helpful to you and the school.

I thought we should do a wonderful job this year, and I think we should have this again if possible. I am a member of the `62 and I know that you will have a lot of sadness toward us in the spirit, and you will have a lot of sadness toward us in the parade also, I think this parade should be restricted to Jack-

sonville State only. We should put a big guy who smiles all the time and people like every-

one. We urge you to see any of the looks of things! We will start things off right when we have the queen's float at the Home-

coming. We can have the parade dedicated to us, and we will sponsor and Mary Ann Huff, who was the Junior Miss Jacksonville, Miss Gadsden, will be attendants for her majesty, Helen LaFollette.

Important Election Names 1958-1959 Class Officers

Tuesday, Sept. 16, was a big day for 2,882,000 students throughout the state of Alabama. It was one of the most important days in the lives of these students. This day was election day, and thousands of students went to the polls to decide who would represent them for the coming school year.

Jim Bennett, Chandler, su& gm as there mouth, Hush my in of As a producer treasurer; Shelby Dunaway, Chandler, has now been elected as the new president of our college. Joe Dooley, Fort Payne, has been re-elected as the vice-president of the student body. Sandra Baker, Cullman, has been elected as the new treasurer.

PHI MU ALPHA PICKS SWEETHEART

Last week, Eylon Mu chap-ner selected a new class as its fraternally sweet heat. Louisa is the first girl on the Jacksonville campus to be ac-lected for this honor. A sopho-more, she is majoring in physical education and minoring in English. Louisa is from Tuscumbia after her graduation from St. Clair County High School, Louisa has been very active in campus activities. She is social chairman of Kappa Mu Epsilon, as she has been seen very responsi-ble performance as a cheerleader at "halo" and "bunny" games. Members of Phi Mu Alpha consider themselves lucky to have such a sweet heart as Louise for their fraternity sweet heart.

This year, Phi Mu Alpha has a very busy calen-der of events. On Sept. 15, the fraternity had a smoker in the faculty clubhouse for the pur-pose of introducing new mem-bers with prospective mem-bers. Later, a meeting was held with the new freshman in the football football. A big crowd is expected for this event since this will be the best concert yet.

Gameccepts Open Season with Loss Coach Don Schu and his Gameccepts took the lid off of the 1958 football season under steroid names in Rainsville. After 40 minutes of grueling football, the final whistle was blown on the first game of this season with Jacksonville on the small end of 28-0 score.

The other team in this game fields one of the best teams that the schools ever had had. Showing more than a little pride, the Gameccepts fans made noise on the last goal line four times in their season opener.

Gameccepts, however, did not play cold, but instead fought their hearts out. The Gameccepts score was one of the best in the state. They scored a goal in the last goal line four times in their season opener.

Another F. B. L. A. year has now begun. The first meeting was held on Westwood, Oct. 7 and officers elected. Those clected were as follows: Jimmy Davidson, Gadsden, president; Walt Show, Citrus, vice-president; Treene Smith, Birmingham, secretary; Robert Taylor, Remlap, treasurer; Joesie McCall, Childers- burg, editor.

Plan for the coming year are numerous and interesting with projects to elected. Those elected were as follows: Janice Warren, Phenix City, social chairman;纻e Happy Tinsley, LaFayette, secretary; Bub Taylor, Remlap, reporter; Doe Dooley, Cadet, presi-dent; Hilda Brown, Alex City, vice-president; Jim Laughlin, Gadsden, secretary; Rut Abe-ce, Gadsden, treasurer. Sheldon Chandler, Selma, Jim Bennett, Chattanooga, SGA representa-tives; Louise Jenkins, Eden, social chairman; Norman Lyons, Godwin, reporter.

Assembly Calls Of Campus Clubs

An assembly was held Wed-sday, Sept. 24, in the Leone Cole Auditorium. The purpose of the assembly, which was sponsored by the Order of Three Keys, was to acquaint freshmen with the various clubs on the campus.

Thomas Hooper, representing the Order of Three Keys, acted as master of ceremonies. Dean William H. Clepper ran exe-cutively well, and Mr. Mason accompanied by Peggy Harris at the piano, brought the assembly to a close.

These interesting little statues are not really so impor-tant, but we can certainly see why they going to do? Fortunately, there is no need to worry about what they should. They can find information tell-ling them about the wonderful things that are going on. Unfortunately, there are no such rules telling the majority of us if they are really justifiable, and if it is constructive. It is up to each of us to make sure that these rules exist and that they may be not only a good idea in a narrow few.

There are just a few, and possibly there are after just as important. Think of this before you hold others to the highest standard. It is important that you are aware of these things and take them into account when you make your final decision.

Invitations have been sent and the fraternity has started planning new members. In the coming weeks, Phi Mu Alpha will be starting a new school average and can certainly be considered "top" as a person. His warm, friendly, and al-ways easy-going manner has won him many friends on the staff and faculty, as well as the student body.

John Drake is a worker. He belonged to, the honor roll of the students that have been accepted into the college. He has been that girls are not as feminine in modern dress as they once were. Hush my mouth, there never was such grace as that which is being exhibited during this celebration in 1958.

JOHN DRAKE

A woman waiting at the door ready to go to the store had her arm full of cute and four little children on her side. Her husband, coming down the street, asked why she was standing there. She replied, handing him the coins, "This time you put the children's and I'll go back the horn."
Plan Homecoming Activities

Mr. Floyd P. Tredaway, a member of the Jacksonville State College faculty, and Richard Belcher, president of the SGA, have done a remarkable job of planning for the Homecoming program, as it carries out the theme—75th anniversary. Long hours of hard work have already made this a wonderful pre-Homecoming period.

As the week progresses, note the clever exhibition of talent which Mr. Tredaway and Mr. Belcher have assembled. Thanks to these two hard-working men, this will be a Homecoming to remember.

Conduct Rules On Smoking, Attire

During the summer, there were revisions made in the Student Handbook concerning conduct. All of the general regulations of conduct on the campus are very important, however, the rule listed under smoking and attire is of particular interest. They are as follows:

1. Smoking is not permitted in classrooms or in the library at any time. Women are required to have a cigarette case in their hand.

2. Students are expected to be appropriately dressed at all times.

Quiet Hours Are No Joke Says President Belcher

During the week of registration all of the dormitories were scheduled for a house meetings. These house meetings were very important because the matter of quiet hours was discussed. Because of the raising of standards and the lack of library facilities to accommodate all the students, some means of raising the standards of quiet hours in the dormitories was found to be necessary. The pattern which was presented was suggested and approved by Dr. Cole and the college administration. This plan was then put before the SGA for support and enforcement. Quiet hours under this same plan were put into operation during final tests of last year. They were found to be successful and Richard Belcher said they will work again.

The plan for quiet hours is set to begin at seven in the evening and run until ten o'clock. From ten until eleven there will be an hour break during which a reasonable amount of music can be made without being cussed down. At eleven quiet hours will resume until seven o'clock in the morning. The hour break from ten to eleven can be changed to another hour if a dormitory desires the change. This will be left up to each dormitory to decide.

The important thing to remember is that IT WILL WORK so you can save yourself and a lot of other people a lot of time and energy by your cooperation. IT WILL WORK!

PHI MU CHI BETA NEWS .

The Jacksonville Science Club met Sept. 24, to elect officers for the coming year. Officers elected were: Felix Hurley, president; Glenn Tucker, vice-president; LaRue Allen, secretary; Arnold Wallace, treasurer; Ava Ann Nichols, reporter; and Genette Tatum, historian. What Homecoming Means—Freshmen Give Comments

By Kay Robinette

This year the largest freshmen class in the history of Jacksonville State College will participate in the annual homecoming festivities. A college homecoming such as this is a completely new experience for Florida's 600 freshmen.

Homecoming is one of the highlights of the year at every college. This year Jacksonville's homecoming will be more than just theannual gaiety and excitement; it will be the seventy-fifth anniversary of the college. Therefore it should be the biggest and the best ever.

The excitement and the enthusiasm are already stirring among the students and especially the freshmen. The dormitory students are offering suggestions and planning the anniversary theme for their decorations.

Two groups which will work especially hard to do each other a favor are the boys of the Freshmen Hall and the girls of Daugnette Annex. Each group will try to show its school spirit by their creative ability in making decorations for the homecoming festivities. The competition is expected to be keen and the decorations some of the best ever made at Jacksonville.

Through their willingness to work and plan, the freshmen have to show the upperclassmen that they too have an abundance of school spirit.

In talking with several freshmen and asking them what they were looking forward to most about this homecoming, I came up with a variety of answers. I learned that they are anxious to help plan displays, work on floats and to participate in group activities.

To the freshmen this means getting to know more people and learning to work together with other students. Since the dormitories will be open to all visitors and students, several days must be spent "house cleaning" in preparation for homecoming visitors. Freshman girls will be especially glad when the beards that the boys are sporting are gone.

Predictions

With the results in fresh the seven football games in Prediction Corner played September 30, each prediction picked 96% or more teams correctly ahead of one. You can visualize in parenthesis beneath the prediction's name his record from previous games. Coach Tom Roberson was top predictor on the September 30th ballot. The bulldog is riding high by taking Kentucki over Georgia Tech Kentucky upset Tech, favored by 6 point, 13-0. Color blue games were: Texas 12-Georgia 8; Middle Tennessee 12-Austin Peay 6; Stetson 6-Viger 0 - Tennis Tournay

The annual Jacksonville State Fall tennis tournament got underway Monday, September 30, with top seeded players advancing into the finals which are scheduled for Monday afternoon at three o'clock. Sixteen tournament entries met in the first round with Tommy Gillispe, John Cooley, (Gee, (Willmot) Mettler, Dr. Taylor, Lee Manners, Robert (Shugger) Brooks, Robert and Tim Cross, Tommy, advancing into the second round. In the second round Gillespie defeated Cooksey 6-2, 6-2; and Manners defeated Brooks. Moving into the final are Gillispe and Manners. In the semi-finals Manners defeated a tough match from Dr. Taylor 7-5, 8-6; and Manners eased by Atkins 6-1, 6-0. Linman Score Touchdown—Jax State Scoring

J. E. Phillips, a big rugged 240 pound tackle is the leading scorer for the Jax State Gamecocks. J. E. known to most of the team as Philly, has been the only touchdown credited to Jacksonville this season, against Louisiana College. J. E. intercepted a blupasser pass and raced 69 yards into the end zone, completely out-running Louisiana College defenders. J. E. com mented, "As I crossed the goal, the referee took the ball and started back up the field. I thought he was going to call the touchdown back, and for an instant I felt disheartened. But then he turned, placed the ball in position for the extra point try and congratulated me." Scoring touchdowns, however, is not new for J. E. While a star fullback at Minor High School, he was the second leading scorer in Jefferson County.

Intramural Football Begins

Mr. H. L. Stevenson is hard at work planning the intramural schedule for this new school year. Teams are being orga nized now to play in the intramural football league that will start this week. Boys interested in athletics are encouraged to take part in the intramural program throughout the year.

Baseball

Last Wednesday morning about forty baseball prospects met with Coach Frank Lovich in the Little Auditorium to discuss the number that attended the organizational meeting of the 1958 Jax State baseball squad.

It has been rumored that plans are under way to organize a baseball league composed of several colleges in this section. Some of the college expected to enter into this league or confer ence, are Jacksonville, St. Bernard and Neward. We certainly hope that our school can enter into this league and because we felt that it would help strengthen the spirit of baseball among the small colleges of this area.

SECOND GUESSING

The Jaxmen have gone onto the gridiron twice this season and once during the week-end. The final score emerged one half of an hour after the end of the score. It must be remembered that the two teams that defeated our Gamecocks have the strongest teams they have had in years. The students say this past week that the S. G. A, the theologians, and everybody else talks about school spirit, but how can we have school spirit without a winning football team? However, we do not have a losing football team. Sports writers have predicted that the Gamecocks will not win a game but we the student body know that this is true because we know that we have a good football team this year.

This year's edition of the Gamecocks has scored its first touchdown after eight minutes had elapsed in the first quarter. A blocked kick and a fumble set up a key play and the team forced a 7-0 lead by a first quarter effort, followed by a 40 yard field goal by Bob Moore in the second quarter, to boost the score to 10. The Fighting Gamecocks took it to the 30 yard line with 65 seconds left in the half and the team had the ball again on the 13 yard line, but was unable to get the first down and were forced to punt. The Gamecocks then went on a 67 yard drive in a little over 2 minutes, highlighted by a 40 yard first down run by Chuck Moore. Moore completed a 20 yard pass to Jim Brown, and then ran 14 yards for the touchdown. This was the third touchdown of the season for Moore.

TALKING IT OVER—Three top quarterbacks look over the plays with Coach Bells which will be called into action during the Homecoming game against Troy. The Gamecocks are look ing for a victory. Pictured left to right are Rayford Taylor, Coach Bells, Jim Mayben, and Harold Shankle.

LOUISIANA GAME

(Continued from page three) Louisian boys.

Even though beaten by 20 points, the Gamecocks played their hearts out in the see-saw opener. And so "Jay" Gamecock looks back at Pineville, La. and says, "Wait til next year!"

A good crowd of Jacksonville State supporters went with the Gamecocks to Chattanooga and witnessed with keen eyes, the massacre of our fine team by the powerful Mocsins. Coach "Scrapy" Moore's squad is one of the last small college teams in the country this year and they showed a lot of power and speed as they toppled the Gamecocks by a 55-0 count. The Chattanooga squad only three seniors listed on its roster and has lost several key, more games than we lose.

Here at Jax State, school spirit is definitely low. If we, the members of the student body, would remember that the Jax State football team is our team instead of going home every week to see our high school teams play we could have more spirit and a stronger team.

It is a definite fact that if we back our boys 100%, they will play a lot better. We are not trying to persuade you to forget your high school teams but we do encourage you to come back to Jville and see the Gamecocks play each Saturday night.

Well, that's the only way and I guarantee you, you'll see those Gamecocks win some ballgames.
