

## Water Show Presented To Large Crowd

By Mary Ann Waldrep

The physical education department presented to a large and approving crowd the Jacksonville Mermaids in the annual Summer Water Show, July 14, at the college pool. The eleven girls had been carefully coached and trained by Harold Jacobs.

The pool was decorated in a Hawaiian theme that persisted throughout the acts. Scott Williams, master of ceremonies, announced the act as follows:

A solo by Patsy Carr to the music "Quiet Village".

Cynthia Mozley and Patsy Thornhill to the "Isle of Golden Dreams".

Ann Oliver, Judy Graves, Catherine Dunaway to "Sweet Leilani".

Cynthia Mozley, Jo Chandler, Elizabeth Woolley, Carol Standridge to "Song of the Islands" and Ann Cushman, Ann Oliver, Betty Williams, Patsy Thornhill to "Drifting and Dreaming", Judy Graves, Patsy Carr, Jo Chandler, Elizabeth Woolley, Carol Standridge and Catherine Dunaway to "Hawaiian War Chant."

Lee Manners and Ed Parrish in a comedy act.

All the Mermaids to "Hawaiian Farewell Song."

Assisting with the lights were Donald Moon, Ellie Allen and Harold Marby. In charge of makeup were Gail Rudd and Betty Rose Jones. Video effects were handled by Kate Growell.

## HONORS

Mr. Lawrence Miles, registrar announced today the names of the 1959 summer graduates who will receive special honors in their major fields. Indeed this is a group of outstanding students. They are as follows: Ava Ann Nichols, special honors in English; Clara Ann Yarbrough, special honors in mathematics; Sarah Elizabeth Anderson, special honors in home economics; Annette H. Cavender, special honors in music; and Billie Ray Simpson, special honors in business administration.

## Fashion Show Held At The Home Management House

On Friday, July 17, an informal fashion show was held at the Home Management House. The students participating in the show were members of Mrs. John F. Green's clothing class.

The show was unusual in that the students modeled winter clothes, particularly tailored suits and coats. This incongruity was explained by the fact that this particular course, offered to senior home economics

majors, is usually offered during the regular session.

Members of the class are as follows:

Ovelle Benefield, Mary Culpepper, Fort Payne; Marcelline Bryan, Piedmont; Kay Aderholdt, Evelyn Ford, Jacksonville; Mary Weathington, Joy Maddox, Gadsden; Wanda Roberts, Cedar Bluff; Joyce Bollinger, Edna Reed, Albertville; and Peggy Johns, Talladega.

## Mrs. Lowery Makes Trip

Mrs. Mary Lowery, head of the Home Economics Department, attended the 50th Anniversary of the American Home Economics Association. The convention was held in Milwaukee, Wisconsin, during the week of June 22, Mrs. Lowery was one of 4,000 delegates from the entire country who participated in the event.

The convention, which was covered extensively in the Milwaukee papers, was also

publicized by the announcement from the office of Governor Gaylord Nelson that the week of June 22-27 was to be Home Economics Week in Wisconsin.

Mrs. Lowery made a trip in connection with the program to a home in West Bend, Wis., where the houseware and giftware produced by the West Bend Aluminum Company are tested.

The convention had the usual exhibits of new ideas and appliances that applied to this area of home economics.

Included in the program of

W. H. KIMBROUGH

the convention was a speech by Mrs. Eleanor Roosevelt, who spoke on the purpose of education in Russia. Another feature of the program was the issuance of a **New Statement of Philosophy and Objectives** for the association for the next fifty years.

The Home Economics convention at Jacksonville will be held the week of Nov. 1-8, 1959.

Jacksonville State College has 38 candidates for the Master of Science degree on July 24, the second group to receive the masters' degree since graduate work was added two years ago. Degrees will also be conferred upon 118 undergraduate candidates.

The summer graduation exercises will take place on Friday evening, July 24, at 6 o'clock in College Bowl. W. H. Kimbrough, superintendent of the Piedmont City Schools and president of the Alabama Education Association, will deliver the baccalaureate address.

## Just One Opinion

There has been much talk lately that we have to look after ourselves first because nobody else will take care of us. The whole idea is that Number One should be first on our minds, and Number One refers only to ourselves.

I have to disagree with this philosophy both as a human being and as a Christian. Did the Lord not tell us to "Love thy neighbor as thyself?" He did not mean that we should love our neighbors less than we do ourselves, or that we should adopt the idea that after me, you come first. After all, can't we see that we are our brother's keeper?

I find that those who look after Number One are the most unhappy people that I know. I would personally find life a dull thing indeed if I had nothing to think about or to talk about but myself. Of course, the element of self-centeredness or selfishness also is tied in here. How many selfish or self-centered people do you know that you really like?

We can look at the other side of the matter. Observe the really happy people that you know. Aren't they always taking care of the other fellow? The more that we can do for our fellow-man during our short span here on earth, the better off we will be. You know, happiness and "peace of mind" are quite valuable, and they can't be bought or sold. They are only acquired by constant practice. Life is more than money or things or glory or being patted on the head. Life is really the sum total of what that we are, and all that we can be. Sure, money is important, but it is not the important element. It would seem that being really human would be worth so much more to us. And part of this idea of being human is doing our part to make life as pleasant as we can for other people.

I am constantly reminded of the idea expressed by Ann Frank that people are basically good, if you have the time to look for the goodness. But we can't appreciate the good in others or in anything else if we are always looking after Number One first.

## This Week's Spotlight On Two Friendly, Busy Students

When you think of almost any function at Jacksonville, you invariably think of Lila Akin and Donald Moon. It is only natural that these two dependably friendly and active students should share the spotlight.

Lila is a 1956 graduate of Dadeville High School. During her high school days she was a very active and popular girl. She participated in such clubs as Beta Club, FTA, and FHA. She was chosen by the

LILA AKIN

FFA boys as "Sweetheart". A well known cheerleader at Jacksonville, Lila began her favorite hobby many years ago when she was selected and served as a junior cheerleader at her high school alma mater.

In the fall of 1956, Lila began her busy college career at Jacksonville. About all she will reveal about her first year was that she worked as a monitor in Daugeite Annex and attended almost every function held on the campus. She was also selected to attend the American Youth Foundation Camp at Camp Minnawanca, Michigan.

Since, then, Lila has served as SGA representative for the Sophomore and Senior classes

and has been very active in her duties. She is a member of WAA of which she will serve as secretary next year. For the past two years Lila has been one of the enthusiastic Gamecock cheerleaders and has been selected to serve in that capacity for a third year. The Collegian has previously chosen Lila as "Gem of the Hills."

For Lila it hasn't been all play, though. She has worked as a swimming instructor in Dadeville in the summer, as a student secretary in the Social Science office, and has recently been named as "Mama" in Daugeite Hall Annex.

She will graduate in May of 1960 with a major in physical education and a minor in math. She hopes to teach around Mobile.

We must consider Donald Moon as a "special" student, and indeed he is special. There could never be anyone else like him either at Jacksonville or at any other institution of higher learning. Moon was graduated from Woodlawn High School and immediately enrolled at Howard College. Later he went into service for three years. Soon after his discharge, Moon came to Jack-

DONALD MOON

sonville and was graduated in July of 1958. Last year Moon coached in a junior high school in Birmingham. Now he is at Jacksonville again taking some extra courses.

While at JSC, Moon been vice-president of the SGA during the summer of '58; president of the sophomore class; editor of Stu-Jax while it was known as the "Slander Sheet"; and social chairman of the senior class.

Committees which Moon has served on are as follows: class dances, homecoming, water show (for 3 years), and the talent show.

Intramural sports such as softball, basketball and football have been of great interest to him. He has a softball team known as the Moonglows. Moon was also the manager of the first baseball team.

Moon was one of the founders of the Three Keys. He is now working in the Freshmen dorm. For some strange reason, Moon has a definite liking for Sam Catchem.

The future holds a coaching job in Bremer, Ga.; for Moon and one day he wants to work toward a Master's degree.

## New Books

Kronenberger — **Marlborough's Duchess.** The life of Sara Churchill, wife of one of the greatest soldiers of the 18th century and the confidant of Queen Anne.

King Marian—**A Gallery of Mothers and Their Children.** Selected portraits of mothers and their children from galleries all over the U. S.

Stead, Evelyn — **Low-Fat Cookery.** Tested ways to cook for the low-fat dieter.

Briggs, Harold and Ernestine — **Nancy Hank Lincoln.** The story of the mother of the president. The book is a result of an exhaustive study of women on the frontier.

Knukef, Fritz—**In Search Of Maturity.** This book deals with the necessity for collaboration between religion and psychology.

Hall, Ennen R.—**One Saint And Seven Sinners.** The life of a Baptist circuit-riding preacher and his family at the turn of the century in the Indian territory of Oklahoma.

Briscoe, Robert—**For The Life Of Me.** The first Jewish Lord Mayor of Dublin reviews his happy and adventurous life.

Sodern, Frederick Jr.—**The Brotherhood Of Evil: The Mafia.** This begins with an account of the meeting of a grand council of the Mafia at Appalachin, N. Y., in 1957, and then describes the historical origin of the brotherhood in Sicily, its appearance in the U. S. during the last century, and its growth in activities from the Prohibition era to the present.

### Athletic Facilities

**Gymnasium** — The college gym is open for intramural sports and dances, except when home basketball games are played, or when the high school basketball team is scheduled to play there. The gym floor is arranged for all types of indoor sports. The gym is located in the Physical Education Building. (Continued on page 3)

WHAT A WAY TO PASS THE DAY—The Collegian's July "Gem of the Hills," Miss Sandra Davis, is pictured taking it easy because she is a graduating senior and her school days at Jacksonville are almost over. She is probably not studying for exams in this picture however. Sandra is a 21 years old lassie from Crossville.

# SGA Report Baptists To Gather At Shocco Springs

By Janice Williams

The regular meeting of the Student Government Association was held Tuesday, July 7th, at 7:00 P. M.

The Talent Show was a big success. The SGA cleared \$97.75 after the prizes and other expenses were deducted.

The SGA has purchased a radio which will be raffled off in the near future.

The 1959 MIMOSA should be here around July 20. Annuals will be mailed to students who are not in summer school.

The total amount owed on the annual is \$1,800. We will receive \$400 from the college, which will reduce the total liability to \$1400. There is a possibility that \$400 can be borrowed from the Chapel Fund which was started here several years ago. The SGA at the time contributed \$500 to the fund. This money could be replaced over a period of three years. This would help to avoid the interest which would have to be paid if the money was borrowed from a bank.

Chat-Em Inn has been closed for the remainder of the summer due to the lack of business.

This is the last SGA report for the summer. We hope that you have enjoyed being a part of the student body here in Jacksonville. We also hope to see you back again in the fall, joining in our activities to make this next year the best one yet at J. S. C.

## Two Capable Backs

When the 1959 season gets underway September 12 in the College Bowl with the Gamecocks facing Louisiana College, Coach Don Salls' forces will have two capable veteran backs in halfback Jim Clepper and quarter back Jim Mayben. Both Clepper and Mayben ran second string during spring training, but the strength of the ball club will depend upon the reserve strength.

**CLEPPER**

Jim Clepper, a 180 lb., halfback from South Pittsburg, Tenn., was an important factor in each Jacksonville game last season, and he was probably the most underrated back on the squad last season. Clepper was on athletic scholarship at Georgia Tech for one year.

Jim Mayben, a senior from Attalla, was also an important reserve man on the Gamecock squad last season. Mayben, an All-State performer at Etowah County High School, threw the longest touchdown pass last season against Livingston State, covering 50 yards with Ted Boozer on the receiving end.

**MAYBEN**

Mayben went to Alabama two years and ran second string quarterback his sophomore year for Coach Whitworth's red elephants.

Jax State fans can look for Jim Clepper and Jim Mayben to be outstanding in the Gamecocks grid picture this fall.

## All Stars Rap The Champs 14 Innings

The annual All-Star, the highlight of intramural season play, was climaxed in the fashion that every game in the league had been played all summer. The original All-Star game, played Wednesday, July 15, was stopped because of darkness all tied up 8-8. A second game played, Thursday, July 16 saw the All-Stars coached by Woody Hamilton top the league champions, the Pros, 6 to 3.

The All-Stars were: Catcher—Dub Hicks, pitchers; Dewitt Dobb and Bobby Skates. First base; Tob Sansom and Gerald Screven; second base; Jim Hanes and Bobby Simmons; third base; Martis Roberson; short stop; Jim Jackson, and Red Griffith. The outfield was composed of John McDougal, Sonny Roberts, Wayne Keahey, Bobby Hudgins, Jackie Myers and Jim Clepper.

The Pros had a lineup consisting of catcher, Cecil Pruitt, pitcher, Hondo Wilks, first base, Butch O'Neil; second base, Richard Belcher; third base, Ted Ford; short stop, Hank O'Neil; outfield, Jerry Higginbotham, Richard Pike, Ray Heath, Hershell O'dell, and John Washington.

The crucial play-off saw the Pros get off to a good start, retiring the All-Stars three up-three down in the top of the first inning. Then the Pros got one run in their half of inning number one. Richard Pike walked, Butch O'Neil doubled, Hank O'Neil ground out to the second baseman, Pike scored to give the Pros a 1-0 lead.

In the Stars second inning, Martis Roberson walked, Bobby Skates ground out, Sonny Roberts singled, scoring Roberson.

Third inning for the Stars was a big one. Jim Haynes walked, then Dub Hicks walloped a tremendous home-run to put the All-Stars ahead 3 to 2.

Butch O'Neil tied the game up again in the Pros half of inning number three with a home-run with no one on base.

Fifth inning, All-Stars Jim Haynes led off with a single, Jim Jackson hit a big triple scoring Haynes. Dub Hick walked, Roberson also walked, then Skates walked, forcing in Jackson to put the Stars out front — 5 to 3.

Stars made it 6 to 3 in the sixth inning with two out, Wayne Keahey singled, Jackson singled, then Dub Hicks got on because of an error by the Pros and Keahey scored on the error.

Seventh inning saw the Pros attempt to start a rally when

## Managers Taste Defeat and Victory

You win some, and lose some. That is the story of the managers who opposed each other in the intramural softball All-Star game, Woody Hamilton of the Governors and manager of the All-Stars and

Cecil Pruitt, manager of the Pros.

Cecil Pruitt had tasted victory when his team, cinched the league championship. However he ended the season with his team losing to the All-Stars 6 to 3. Cecil had this to say, "We had the best intramural softball team every assembled on the Jax State campus. Every man on the team

Ray Heath led off with a triple, John Washington got on with an error, but Heath was held at third. Butch O'Neil struck out, Ted Ford bounced to short stop and there Washington was caught in a run down between second and third. In the meantime, Heath broke for home, Jackson of the Stars threw home to Hicks, cutting the potential run off at the plate.

The All-Stars had 6 runs on 8 hits with Bobby Skates being the winning pitcher. The Pros had 3 runs on 6 hits, the league leading pitcher, Hondo Wilkes, was the losing pitcher.

Outstanding hitters for the All-Stars were Dub Hicks, Jim Jackson and Jim Haynes. Top hitters for the Pros were Butch O'Neil, Ray Heath, Ted Ford, Jerry Higginbotham and Richard Belcher.

Woody Hamilton, manager of the Governors and co-manager of the All-Stars commented: "It was a team victory, every one played a good game. I thought this was the best intramural season we have ever had here at Jax State and I have enjoyed it very much."

Cecil, manager of the Pros, had these words, "We had the best intramural softball team every assembled on the Jax State College campus. The breaks just went against us."

went to every game to bring back a victory. We had several outstanding players, but as a team we were well balanced with the power of Ted Ford, Butch O'Neil, Hank O'Neil and Jerry Higginbotham combined with the speed of Richard Pike provided a run producing team."

"I thought we had a very good defensive team. The playing of Richard Belcher at second base was excellent as was the playing of outfielder Ray Heath."

"Hondo Wilkes was the best softball pitcher I have ever had the privilege to catch. His record showed it."

Woody Hamilton and his Governors saw few victories, however they did defeat the Pros in their last game of the season 5 to 4.

Woody had this to say concerning the All-Stars, "it was a team victory, everyone played a good game, but key men if they had to be named would be the pitching of Bobby Skates and the catching of Dub Hicks."
