**Class Officers Dance Friday, July 10**

Ronnie Brooks
Band Engaged

The regular meeting of the Jacksonville State Student Government was held on June 23, at 7 p.m.

The president urged all members to be on time for all SGA meetings. The meetings have been moved up to 7:30 because of the intramural softball games.

The minutes of the Talent Show requested that the performance be presented on Wednesday night, July 1, at 7:30. The council approved. The admission was set, 50c, for SGA members.

The Class Officers' Dance will be held on July 10th from 9:00 until 11:00 p.m.

Bill Lazenby reported on the band which will be available for the dance and the prices they would charge for playing. These were as follows: Buddy Simpkins, $80; Doyle Grizzell, $80; Buddy Simpkins, $60; and Cohebey, $60. The motion was made and seconded that Ronnie Brooks be engaged to play for the dance at the price of $65.

There was a discussion on whether regular bids or just popular bids could be used. The council agreed that the decision would be made by Richard Belcher after he had checked on the prices for printed bids.

It was suggested that the SGA buy either a radio or camera and raffle it off to help raise money for the dance.

Decals with Jacksonville on them have been ordered and will go on sale soon.

The SGA hopes everyone will plan to go to the class officers' dance Friday night.

Some committee members were also appointed. Smith Trio, Sandra, Jackie, and Genda sang "May You Always".

The highlight of summer campus activities was definitely the Frosh-Junior dance which was held on July 9. For this, the SGA committee in charge of the show (Barbara Lowe, Sandra Davis, Judy Graves, Donald Moon, and Sonny Roberts) unearthed a group of students who had wandered around all summer quite ordinarily like— and then, along came the Talent Show and we discover their celebrities.

Walking away with first prize for individual competition was Gary Cook; second place in this category went to Jean Drake.

What About Our Work?

Have you noticed lately the trend that we students are following? Think for a moment and you will realize that I am talking about our present enslavement to our "folding green," and to our acquisition of a dollar sign gleam in our eyes. Do we realize that this is happening, and do we care?

This dollar sign gleam is symbolic of our whole new attitude toward our lives and our purposes for living—if we don't get paid we won't work. We were not taught that our work was something of which we should be proud. In our modern society we have been taught that we should work to live, rather than live to work. We are oozing with ideas of coffee breaks and easy living, and we are fast traveling down that merry road to inertia. We have done our best to promote this idea among our friends, and to convince ourselves of its doubtful logic, but do we realize that we are doing it?

You might say that we helped to promote this idea when we first asked a friend about his salary, and then about his satisfaction of a job well done. Unfortunately, this idea stuck with us, and it came to us with school. Have you seen the manifest-ations of ideas?

Just look around. Think of the number of students you know at J. S. C. who are majoring in something they don't like just because there are good jobs in that field. What do they call a good job? One with a lot of money or prestige? Have we as students agreed to think that for us a good job should be the type of work that we like most to do? Is this idea too far off base for us?

This money idea can and will cut us off from our friends. After a while we will find that making money is more fun than being married, and then we will be lost. Consider the fact that we arrive on earth well in advance of the Federal Reserve System. To put money first in our lives seems very much to be putting the cart before the horse.

Of course, we can always say that this is someone else's fault. After all, we haven't had the advantage. The current problem is, nobody goes to Chatham. Reports are that some nights as little as five dollars is made. Of course it cannot remain open if this keeps up. Already in SGA meetings there is talk of closing Chatham Inn at least for the rest of the summer. Until we can appropriate enough money to build a recreation center in a union building. We are making progress.

One of the campaign issues on which Joe Garner was elected president of the SGA was to air-condition Chatham. But what's the use? If only an average of 10 people go to Chatham each night during the summer, why bother to air-condition for certainly we won't need it in the winter. The SGA will be forced to choose to spend student's money in some other way which would benefit more of the student body if business doesn't pick up in Chatham.

The trend is to improve the college in every way. Let's not fumble the charge of air-conditioning Chatham. Spend more time and money there.

Spotlight—Spotlight Focuses On Two Well-Deserving Students

In its search for two likeable, popular, and congenial students, this week the Spotlight focused on two outstanding seniors—Betty Sue Williams and Sonny Roberts.

While attending Danville High School of which she is a 1955 graduate, Betty Sue participated in many school activities and received many honors. She was president of her local F. T. A. Chapter and County President one year; both president and secretary the second year; and F. H. A. during her three-year membership. She was voted "prettiest" and "most popular" by her senior class. She was good job seeking the talent they lost last Wednesday night. This wasn't a new experience for him, though, because he and

Sonny Roberts

Hal Bivens along with Clark Gable did an equally out- standing job in the spring talent show.

Sonny who graduated from Hokes Bluff High School in 1955 now lives in East Gadsden. He modestly said that he played football for four years and was president of the Lice ter Club while in high school, but he must have been better than he would admit because he received a football schol- arship to Jacksonville College where he went for one semes- ter and then transferred to J. S. C. in the spring of 1956.

Sonny has participated in many extra-curricular activi- ties while he has been at J'ville. He was chosen as a class favorite his sophomore year, he was a member of the Mimosa staff his junior year; and he is now a member of the Julem Club. This spring, he received an award for being the most outstanding member of the J'ville men's football team.

Sonny, who has played both interior offensive and defensive football during his years at J'ville, is captain of the Jacksonville College football team and is the Governor's football team.

This summer, Sonny was elected president of the senior class and in this capacity is a very busy young man. He is a member of the S. G. A. and active on several committees including the talent show committee of which he was chairman.

Sonny will be graduated this summer with a chemistry major and a math minor and will return to Jacksonville College as a student for one semester. Next fall he plans to teach in high school although she didn't say so, her plans probably include a young man named Hodges.

Sonny Roberts is one of the young men who did such a

SECOND GUESSELLING

The Jacksonville Intramural All-Star softball game has been set for July 17. This is the highlight of league competition when the best of the league is named.

The picked All-Star team plays the league champions in the final softball game of the summer.

With three weeks remaining, the Pros are two full games in first place. However, you can't tell what might happen in any one game. June 26, the Rinky Dinks were in first place undefeated, one game ahead of the Pros. By July 1, the Rinky Dinks have lost three straight games and are now in second place, and as said before, two games out of first place.

The All-Stars are picked by the team managers and league umpires. This selection committee includes: Woody Hamilton, manager of the Governors, Robert Usry, manager of the Rockets, Roy Pulmer, manager of the Rinky Dinks, Cecil Pruitt, manager of the Pros, and umpires, Carl Pruet, Cari Bain, Herbell O'Dell, Grew Motley and Martin Robinson.

Some of the top contenders for the All-Star positions (which is certainly not official) offers the selecting committee a difficult task. Three catchers in the league who are possibilities include Joe Medlock of the Rockets, Dub Hix of the Governors, and Jim Glasgow of the Rinky Dinks. Top first baseman is Butch O'Neil of the Pros, and at second base, possibilities are Jim Mayes, of the Governors, and John Henry Dunlap of the Rinky Dinks. Third base offers a hot race between Bobby Brown of the Rinky Dinks and Ted Ford of the Pros. Short Stop is just as tough with Jim Jackson of the Governors and Hank O'Neill of the Pros.

Five top outfielders in the league are good bets for All-Star berths, they are, John McDougal of the Rockets, Sonny Roberts of the Governors, Jerry Higginbotham of the Pros, and Wayne Kersey and Bobby Hudgins of the Rinky Dinks.

What some of the Jax State football players are doing this summer—TED BOOZER is playing Pony League and Industrial League baseball in Anchorage.

GROVER WARE (sophomore) is a pitcher for the Jax State Softball team. MICKY GRIEMSTITT is a league leader at the Officers Club pool at Ft. McClellan.

BILL NICHOLS is hauling pulp wood. JIM MAYBEN is playing baseball for Glencoe and is also managing a little league team in Atalanta.

CHARLIE CLARK is at ROTC Summer Camp.
