See what happens!**

# Summer Class Officers Elected

**QUESTION**

1. Is there a test to prove a couple is mature enough to get married?

(Answer — by Dean Willman)

Yes, there is a "test" to indicate whether a couple are mature enough to get married and generally suited for each other. It is known as the Marriage Prediction Scale and was developed by Burgess and Cottrell. It can be taken here at the College in Dean Willman's office. One would want to be careful not to lay too much emphasis on the outcome of the Scale. However, it does serve as a very good general indicator as well as helping a couple to think about the wide variety of considerations that there are before stepping into that many-splendored thing called Marriage.

**QUESTION**

What are the causes of divorce? (present ratio in 1952)

(Answer — by Dean Willman)

It has been said that there are three primary causes of divorce. In the order of their frequency liquor, sex and money. The first two causes are often lumped together in the courts and called "cruelty" or incompatibility." There are several underlying charges in the social structure of our nation that makes divorce more prevalent in the present generation, the foremost of which is the so-called emancipation of women. In these days many women consider themselves in ways the equal of men. Furthermore, many of today's women can, if they wish, go out and earn their own living and divorce themselves from what appears to them to be intolerable home situations. It does appear that in view of the recent statistics showing that one marriage in four is doomed to divorce that thinking college students would want to be very, very certain that they had made the right choice of a lifetime partner.

## Masque & Wig To Present I Act Play

A one-act play will be presented by the Masque and Wig Guild this summer.

Several plays are being considered. Big plans are being made, so watch for the announcement of tryouts.

It is not too late to join. If you have dramatic talents you are urged to come to the meeting on Monday — at 6:30 in the Little Auditorium.

Last week elections were held at J. S. C. for class officers and Student Government representatives for the Summer Session. The results of the election are as follows:

**Senior Class**—President, Sonny Roberts, Gadsden; vice president, Hondo Wilkes, Cedartown, Ga.; secretary, Emma Pruitt, Glencoe; treasurer, Joy Maddox, Glen Allen; reporter, Guy Rutland, Cedartown, Ga.; social chairman, Donald Moon, Birmingham; S. G. A. representatives, Buddy Simpkins, Sylacauga; Sandra Davis, Crossville.

**Junior Class**—President, Bill Kinzy, Cedartown, Ga.; vice-president, Billy Anderson, Vinemont; secretary, Wanda Roberts, Cedar Bluff; treasurer, Patsy Carr, LaFayette; reporter, Charlotte Snead, Altoona; social chairman, Sue Merrill, Heflin; S. G. A. representatives, Louise Pickens, Eden; Shelby Chandler, Selma.

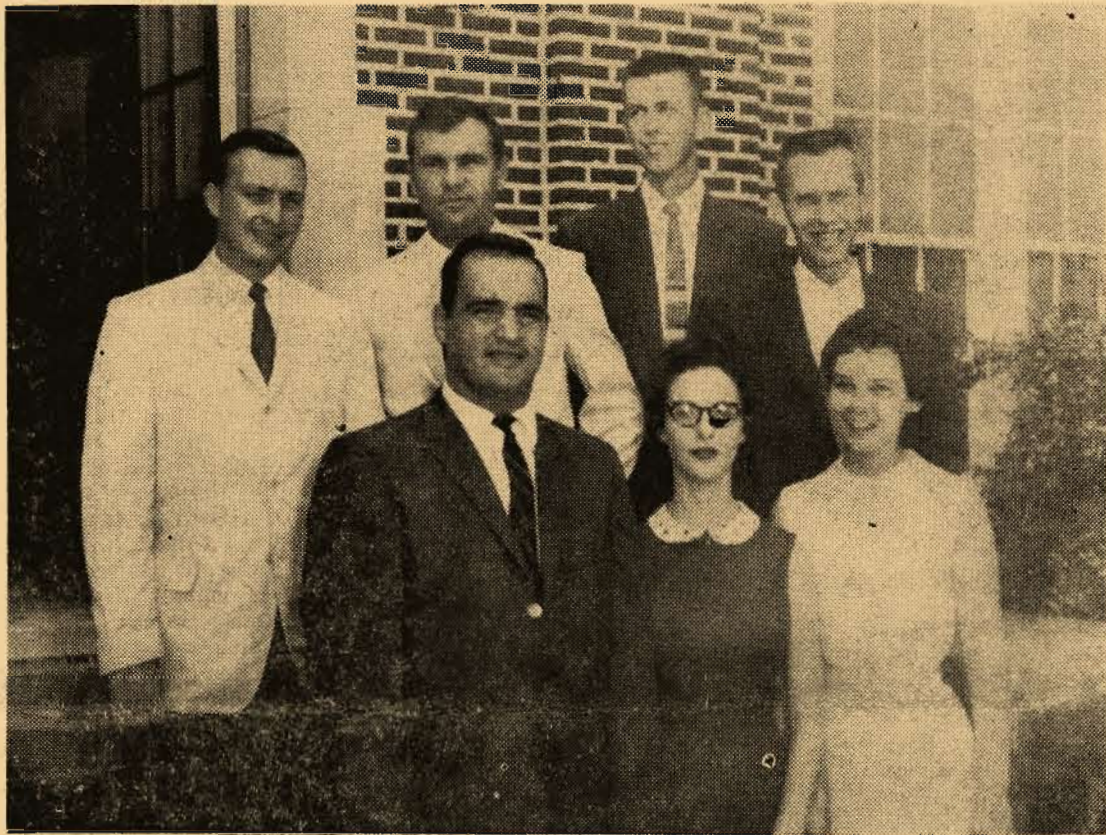

**Sophomore Class**—President, Barbara Lowe, Attalla; vice-president, Jackie Sue Moore, Attalla; secretary, Jane Barclift, Arab; treasurer, Judy Summerville, Rome, Ga.; reporter, Susan Barton, Rome, Ga.; social chairman, Fran Chandler, Cedartown, Ga.; S. G. A. representatives, Sandra Lester, Dadeville; Judy Lumpkin, Albertville.

**Freshman Class** — President, Paul West, Haleyville; vice-president, Jimmy Deerman, Rainsville; secretary, Glenda Simpson, Rainsville; treasurer, Naamon Culver, Sylacauga; Reporter, Tommy Dennis, East Tallassee; Social Chairman, Nancy Chitwood, Round Mountain; S. G. A. representatives Wallace Johnson, Jasper; Barbara Jones, Collinsville.

## New Dorm Is Logan Hall

Dr. Cole has announced that the State Board of Education will be requested to name the new boy's dormitory "Logan Hall" in memory of Mrs. Nannie E. Logan. Mrs. Logan, of Tampa, Fla., established the Logan-Walker Trust Fund which consist of an excess of an excess of half a million dollars. These scholarships will be granted to both graduate and undergraduate students who maintain at 1.5 quality point average and a good record of conduct in college.

As soon as the State has completed the driveways around the building, a public reception will be held to which all the students and dpeople of Jacksonville will be invited.

**SENIOR CLASS OFFICERS**—Front row, left to right: Sonny Roberts, president; Joy Maddox, treasurer; Sandra Davis, S.G.A. representative; Buddy Simpkins, S.G.A. representative; Hondo Wilkes, vice-president; Guy Rutland, reporter, Donald Moon social chairman.

## New Faculty Dean's List For Spring At JSC

To the entering freshmen all the faculty are new. However, some of the instructors this summer are also new to the older students. For the convenience of everyone, here are some facts about the very capable summer faculty:

Dr. James L. Howell is teaching graduate math. In the chemistry department Dr. Sammy Ingram will be a permanent addition this fall. Dr. A. L. Bailey, Dr. Frank Newell, and Dr. LeRoy Brown are members of the graduate faculty. Mrs. W. G. Boyd from the high school is in the P. E. department.

Dr. Clay Brittain has returned and is teaching psychology. Mrs. Lelton Cobb is teaching library science. Mrs. B. R. Hennes is conducting the speech clinic. Miss Margaret Griffis is in the Education department. Mrs. E. E. Nelson is teaching general science.

Don't believe the world owes you a living. The world owes you nothing — it was here first.

To err is human, but when the eraser wears out before the pencil, you are overdoing it.

The dean's list for the spring semester has been released at Jacksonville State College by Lawrence R. Miles, director of admissions and registrar.

Students having an all-A record were as follows:

La Rue Morris Allen, Lanett; Sarah E. Anderson, Sallie B. Voltz, Gadsden; Mary Lynn Bosworth, William B. Moore, Anniston; Joseph Daniel, Woodland; Anne Cary Dempsey, Margaret Ann Leonard, Jacksonville; Sarah M. Johnson, Fort Payne; Phyllis R. Lakatos, Oxford; Shirley Arnold Pike, Heflin.

Students with a B-plus average included the following:

Anne E. Aldrup, Edna M. Finley, Elizabeth L. Franklin, Elsa C. Gefer, Nancy R. Hammett, George Wayne Hill, Waymond W. O'Neal, Iva M. Sherard, Daisy Weller Smith, Carolyn P. West, Charles M. Whisenant, Jacksonville.

Robert H. Barnard, Union Grove; Jack R. Borden, Heflin; Robert D. Bradford, Rising Fawn, Ga.; Billie R. Bryan, Tommy A. Williams, Weaver; Gerald D. Bryant, Bertha Anne Cartwright, Charles E. Green, Peyton Lacy, Jr., Hazel Inez Mitchell, Ernest L. Potter, Charlotte B. Watson, Anniston.

Jerry A. Clonts, Jimmy G. Davidson, Joan Lasseter, Sam-

uel G. Russell, Ann D. Smith, Stephen C. Smith, Leon Walden, Gadsden; Mary Jim Daugherty, Oxford; Gerald D. Dupree, Huntsville; Glennis R. Gowens, Jimmy W. Green, Piedmont; Hubert P. Hudgins, Odenville; Mary J. Ingram, Pell City; James Daniel Johnson, Fort Payne.

Carolyn J. Kerr, Alabama City; Joe Kidd, Gary M. Luttrell, Childersburg; Mary D. Liveoak, Cedartown, Ga.; Robert J. Pike, Alexandria; Harry L. Rowe, Jr., LaFayette; Lurlene Robinson, Talladega; Sherrell O. Rice, Thomas R. Smith, Lineville; Jeffrey J. Smyth, Essex, England; Alvin W. Talley, Centre; Shelby Tankersley, Alexander City; Claude Bruce Thornhill, Pisgah; Vivian L. Voss, Fruithurst.

### MIMOSA NOTICE

The definite date for the arrival of the Mimosas has not been set, but they are expected no later than the second week in July. Annuals belonging to students not enrolled at J. S. C. this semester will be sent to the student by mail. There will be extra Mimosas available to those interested, and the price will be \$4.00 each.

This is all the information available on the Mimosas at this time.

# Concerning Inner Resources....

Because so much is done for so many of us, both by men and machines, because we have become accustomed to so much service, the use of hands and feet, and even of minds, has been minimized in many instances. Often in the boredom of any hour, or in any moment of inactivity, we will ask—Where can we go? What is there to do?—as if every waking moment should be filled with some excitement, or as if we had come to expect to be entertained continually.

What many of us need to learn in life is the self-resourcefulness that is not primarily dependent upon the efforts of others—an inner initiative for the filling of free time. Among the many things to do, there is much to be said for walking, for working, for practising, for making, for mending, for reading, for learning, for becoming acquainted in literature, in music, in art, in scripture, with the heritage we have. There is much to be said for keeping life balanced, for feeding mind and heart and spirit, for feeding all sides of ourselves. It is a favor to be incited to consider the balance of things, the value of things, and the resources we have within ourselves.

These lines Ruskin wrote: "If you want knowledge, you must toil for it; if food, you must toil for it; and if pleasure, you must toil for it. Toil is the law. Pleasure comes through toil, and not by self-indulgence and indolence. When one gets to love work, his life is a happy one." What is there to do now? Where is there to go next? There is much to be said for working, for walking, for thinking, for learning, for deciding, for doing many things for ourselves, avoiding the emptiness, the feelings of frustration that come when we fail to fill time fruitfully.

—The Improvement Era

## GEM OF THE HILLS...

**WHY THE UMBRELLA ???**—Who knows; but it does make a pretty picture when it is held over the pretty head of the COLLEGIAN'S "Gem of the Hills", Miss Tony Strain. Tony entered Jacksonville State College this summer after completing her high school career in Sylacauga.

## Jacksonville State Collegian

Published semi-monthly except August by the Student Body of the State College, Jacksonville, Alabama, and entered as second-class matter March 30, 1943, at the Post Office at Jacksonville, Alabama under the Act of March 3, 1879.

Editor ..... Fay Blackwood  
 Associate Editor ..... Diane Shutley  
 Sports Editor ..... Buddy Simpkins  
 Spotlight Editor ..... Sandra Davis  
 Circulation Managers ..... Bobby and Geraldine Welsh  
 Typist ..... Catherine Dunaway  
 Photographer ..... Opal Lovett  
 Faculty Adviser ..... Mrs. R. K. Coffee

## Music Majors Spotlighthed

If J. S. C. were to have a contest for the best all-round students, no doubt the Spotlight's choice for this week would be the winners. No other students better "fit the bill" than Buddy Simpkins and Bill Lazenby. These young men, known as "Sid" and "Laz", are two of our more sociable, amiable, and congenial campus personalities.

SID SIMPKINS

These two future band directors have many things in common: Phi Mu Alpha, the college band, and they play trumpets in the brass choir.

Sid, who graduated from Sylacauga High School in 1955, went to Auburn for two years, and entered J. S. C. in the fall of 1957. Since he has been here, he has continued his early-begun music career. He has been playing in a combo since he was 12 years old and anyone who has heard him play will agree that he is genuinely talented in his field.

This young man who plays drums in his own combo has been featured in many jazz concerts, and he and his combo won first prize in the spring talent show. He has been featured on the tympani and also plays trumpet in the brass choir.

Sid's musical interests are not limited to the jazz field, however, as much of his free time is spent as choir director of the McCoy Methodist Church in Anniston. One has only to listen to his members praise him to realize that he also excels in this area of music.

Sid's good personality and sound judgement have gained him many campus honors. He was chosen as a favorite by the senior class this summer.

Sid, who at the present time is serving as sports editor of this paper, has his future definitely planned. He will be married to our editor, Fay Blackwood, Aug. 9, and will continue his education here at Jacksonville until May, 1960, when he will be graduated and begin his career as a band director.

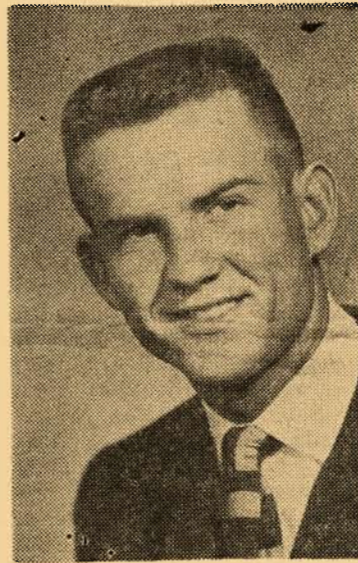

Bill, a native of Eclectic, entered Jacksonville in the fall of 1957, after having attended Southwest Mississippi Junior College in Summitt, Miss., and serving as band director at Holtville High School for one year.

Like Sid, Bill's career in music was begun early. He played in his high school band for seven years during which time he was president of the band and elected to all-state band for three years. He has continued this outstanding

work in music here at J'ville and now plays first trumpet both in the brass choir and the college band. He is also a member of the wind ensemble.

Even in high school, Bill's interests were varied and spread to cover the wide range of extra-curricular activities. He was president of the Beta Club, a member of the Student Council, and played both baseball and basketball for three years.

At Jacksonville, he has continued and enlarged his varied interests. His dependability and sound judgment were recognized by the J. S. C. students this spring when they elected him treasurer of the SGA. Bill, who began his term in office this summer, has begun showing the capability and sincerity that won him the students' votes. He is serving on several committees and is doing the good job that everyone was sure he could do. To the accumulated tasks of serving as treasurer of the SGA president, of Phi Mu Alpha vice-president of the Usher's Club, and treasurer of Kappa Phi Kappa, this fall Bill will add the duties and responsibilities of dorm counselor.

BILL LAZENBY

Bill's future is not as definite as Sid's, but with the above schedule of activities, it seems that he is going to be a very busy young man. He is a junior and plans to be graduated in July, 1960, after which he will continue his career as a band director.

Best all-round — that fits these two young men it certainly couldn't have happened to two nicer people.

## New Books

**Editor's Note:** This column, which will be a regular feature in the Collegian, will present a cross-section of the new books that have come into the Ramona Wood Library. This list by no means comprises the entire list of new books.

Adams, Ben — **Alaska: The Big Land.** An interesting look at the land that is our forty-ninth state.

Allen, George E.—**Presidents Who Have Known Me.** Background of the Truman and Roosevelt administrations.

Bender, Lauretta — **Aggression, Hostility, and Anxiety In Children.** Suggested help for the troubled child.

Hughes, Langston — **Tambores To Glory.** A story of two Negro women who establish a church in New York from sidewalk beginnings.

Kiplinger Willard M.—**Kiplinger Looks To The Future: Boom and Depression Ahead and What You Can Do About It.**

Overstreet, Harry & Bonara — **What We Must Know About Communism.** Considered a must for every American's reading list.

Loomis, Noel—**The Texan-Santa Fe Pioneers.** Recommended for those interested in Western history.

Pasternak, Boris — **Doctor Zhivago.** Winner of the Noble Prize in literature.

White, Robin—**Elephant Hill.** Harper prize novel about a teacher who goes to visit her sister in India. A story that is different.

Wynn, Wilton — **Nasser Of Egypt.** Timely biography of one of the most important figures in the Near East.

The new typist was woefully inefficient and just now she was burrowing madly in the files, a trouble frown creasing her beautiful brow.

"Lost something" asked her employer.

"Yes," the girl cried in an exasperated voice

"Well," said her employer soothingly, "it can't be that serious."

"But it is," she moaned. "This time it's my lunch."

It is no great thing to be humble when you are brought low, but to be humble when you are praised is a great and rare attainment.

## JSC Sponsors Speech Workshop

The first speech workshop in the state, sponsored by the Calhoun County Chapter for Crippled Children and Adults, is being held at Jacksonville this summer. The workshop, which is being held in the Elementary Laboratory School, is under the direction of Mrs. B. R. Hennes, speech therapist for the Elementary Laboratory School.

Mrs. Hennes is one of the few trained specialists in this field in Alabama. She is working with the children in the class, illustrating how to improve speech sounds of those who have lisps, cleft palates, nasality, and other defects.

Realizing that classroom teachers are in need of information and techniques for

handling children who have speech defects, the chapter offered scholarships to elementary school teachers in this area to attend the workshop. Fourteen teachers are enrolled, and seven mothers are participating. There are also 31 children in the classes who are receiving correction.

The teachers are shown how to identify the various defects, how to break down sounds, psychology in handling children, and other techniques which develop better articulation.

The workshop at Jacksonville will probably lead to expansion of speech therapy in the state, and the opportunity will probably be given more classroom teachers to learn the additional techniques in this area.

# Ist SGA Report For Summer

The Student Government Association held its first meeting for the summer session Wednesday, June 10, at 7:30 p. m.

The following committees were appointed to serve for the summer:

**Planning Committee:** Chairman; Gene Motley, Judy Graves, Sue Merrill and Bill Kinzy.

**Ways and Means:** Chairman; Bill Lazenby, Donald Moon, Sandra Davis and Judy Lumpkin.

**Co - Ordinating:** Chairman, Sonny Roberts, Faye Blackwood, Cecil Pruett, and Barbara Jones.

**Social Committee:** Chairman; Gene Motley, Fran Chandler, Donald Moon, Nancy Chitwood, and Sue Merrill.

**Talent Show:** Chairman, Sonny Roberts, Barbara Lowe, Judy Graves, Sandra Davis, and Donald Moon.

**Committee For Class Officers' Dance:**

**Band Committee:** Bill Lazenby and Buddy Simpkins.

**Decorations:** Chairman, Louise Pickens, Wallace Johnson, Susan Hagan, Fran Chandler, Sandra Lester, Paul West and Donald Moon.

**Publicity:** Chairman, Faye Blackwood, Susie Hicks, Nancy Chitwood and Cecil Pruett.

Donald Moon will serve as the editor of the STU-JAX this summer.

The traditional summer Talent Show will be held the week of June 28th.

The Class Officer's Dance has two tentative dates: Wednesday, July 8, or Friday, July 10. The band committee will give a report on the bands available on these dates at the next SGA meeting.

Since an editor for next year's Mimosa has not been appointed, Betty Alverson, a former editor who is in Graduate School, and Richard Belcher, will begin work on the annual this summer. Appointed to help them were Louise Pickens, Sandra Lester and Donald Moon.

Cutting the chow line was explained to the council. It is the policy of the SGA member caught cutting chow line will be expelled from his position. Also any member of SGA is to remind anyone they see cutting line that the next time he is caught he will be fined \$1.00. If the fine is not paid, his semester grades will be held.

The SGA sincerely hopes that all the students will participate in the activities which have been planned for the summer.

## B.S.U. Retreat

"Changing My World For Christ" was the theme of the 33rd Baptist Student Union Retreat that was held at Ridgecrest, North Carolina June 4-10.

Gerald Patterson, B. S. U. president, Virginia Brown, graduate and Len Roten, director, had the privilege of being just three of the more than 1900 students to attend this retreat and hear such outstanding personalities as Mr. Howard E. Butt, Christian layman from Corpus Christi, Texas; Dr. Roy O. McClain, pastor of the First Baptist Church, Atlanta, Ga.; the honorable Walter H. Judd, member of Congress from Minnesota, Washington, D. C.; and Mr. Chest Swor, speaker-counselor from Jackson, Miss.

There were numerous opportunities at Ridgecrest this year. Some of them were the Daily Morning Meditations, Resource Sessions on techniques of the B.S.U. officer, Bible study, Panel discussions on timely subjects such as "love, courtship and marriage," seminars on communicating our faith, recreational activity, campfire devotionals and talent shows.

Many of the afternoons were free for sightseeing and scheduled tours through the mountains.

Words cannot express the beauty and grandeur, fun and inspiration that is your when you attend Ridgecrest. As one student put it, "It's the land in the sky."

Many of you couldn't make it to Ridgecrest — But you can attend the Student retreat at Shocco Springs, Talladega, July 17, 18, and 19. Circle this date on your calendar.

Next week in Morning Watch and Vespers the theme will be "Dedicated Vocations Week". Why don't you start the day with God and end it with him — by attending Morning Watch at 7:45 a. m. and Vespers, 6:00 p. m. each day? You'll be richer for it!

"There's a place for YOU in B. S. U." Won't you find your place, beginning today? ? ?

## WSCS Treat Methodist Youth

The WSCS of the First Methodist Church in Jacksonville treated the new students as well as the old ones to a picnic supper in the recreation room of the educational building of the Methodist Church Wednesday, June 10. Recreation and entertainment were provided to furnish an enjoyable evening for those attending.

The affair was attended by a small group of summer students.

It is not a tragedy to have only one talent; the tragedy is in not using it.

Man can read some people like book but can't shut them up so easily.

drums, Rita Grizzell on piano, Doyle Grizzell on bass, and Walter "Beatnik" Boswell on the tenor saxophone.

The date for tryouts will be announced soon. So, you students possessing talent start polishing up your acts and enter. It is your show. Make it a night of enjoyment for the entire Jacksonville Student Body.

**JUNIOR CLASS OFFICERS**—Left to right, front row: Louise Pickens, S.G.A. representative; Shelby Chandler, S.G.A. representative; Wanda Roberts, secretary; Patsy Carr, treasurer. Second row, left to right: Bill Kinzy, president; Billy Anderson, vice president; Charlotte Snead, reporter; Sue Merrill, social chairman.

## Library Science Program

Jacksonville is again presenting courses in Library Science this summer. The program, under the direction of Mrs. Lelton Cobb, is being presented by only three other colleges in Alabama, who recognize the need for trained librarians in order for elementary and high schools to meet state and Southern Association requirements.

The classes in Library Science are held in the high school library so that the students will have access to the necessary tools. Students enrolled in the classes include 12 teachers, two graduate students, and two undergraduate students.

This summer three courses are being offered. Course 322, Introduction to Reference, is a coverage of the basic reference books needed in the school library. An attempt is made to examine the recommended books so that a wise and careful choice can be made to fit the needs of the school curriculum and the student body.

Course 324, Non-Book Materials, includes a study of magazines, information files, pamphlets, pictures, films, film-strips, recordings, graphs, charts, maps, figures, models, and such materials that are increasingly becoming essential parts of the material centers of the schools.

Course 325, Function and Use

of the School Library, is a practical approach to the various functions of the library in the school program. The library is studied as a part of the reading, guidance, and instructional program of the school. This class is preparing a manual to serve as a guide for school librarians both trained and untrained. Included in the manual will be the many phases of library services and a brief and concise plan for the best adoption of these services.

Students in these classes are preparing displays to be used in the library.

## High Summer Enrollment

Statics prove it! Summer enrollment is increasing. Here is how the record now stands:

Undergraduates	1,088
Graduates	107
Evening Students	265
	1,460

With the arrival of 60 Brazilian students expected shortly this total will reach 1,520. Last summer the total enrollment was 1,411.

We read that in some European countries they are considering placing tax on American tourists. Maybe they just want to make them feel at home.

Peggy Johns of Talladega received the UDC scholarship given in honor of Annie Forney Daugette (Mrs. C. W.), wife of Dr. Daugette who served as president of JSC for 42 years. Peggy is majoring in home economics.

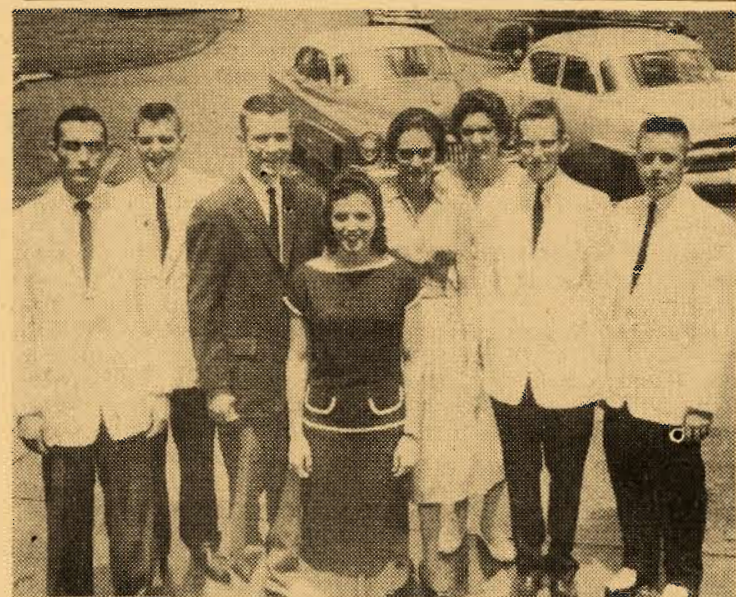

## Talent Show Set For June 28

The Talent Shows given each semester in the Leone Cole Auditorium have a larger attendance than any other single student sponsored event on the J'ville Campus. There is always new entertainment provided by talented people in the student body.

This summer's talent show, which will be during the week of June 28, will have as emcees three of the most professional amateurs in show business: Sonny Roberts, Hal Hayes, and Clark Gable. Yes, they are the same trio that did such a remarkable job on last spring's show.

There will be music of all types, from rock-n-roll to the jazziest of jazz.

There are three cash prizes given. Last year's spring show winners were: Ross Caldwell, soloist; Tom Camp, pianist; and "The Buddy Simpkins Combo" featuring Buddy on

**FRESHMAN OFFICERS**—Front row, left to right: Paul West, president; Wallace Johnson, SGA representative; Jimmy Deerman, vice-president; Barbara Jones, representative; Glenda Simpson, secretary; Nancy Chitwood, social chairman; Naamon Culver, treasurer; Tommy Dennis, reporter.

**SOPHOMORE CLASS OFFICERS**—Front row, left to right: Barbara Lowe, president; Jackie Sue Moore, vice-president; Jane Barcliff, secretary; Judy Lumpkin, S.G.A. representative; Judy Summerville, treasurer. Second row, left to right: Sandra Lester, S.G.A. representative; Susan Barton, reporter; Fran Chandler, social chairman.

## SECOND GUESSING

Now that summer school is under way we find that the students are taking a great interest in softball. There are six teams participating in this relaxing sport which is rolling at top speed. (The teams are, the Rinky Dinks managed by Roy Fulmer; the Pros managed by Robert Usry; and the pros managed by Richard Belcher.) As we go into the second full week of play, we find the Rinky Dinks leading the league with the Pros, Governors and Rockets following.

SIMPKINS

Here is news that you may have heard but in case you haven't . . . soon Jacksonville and Piedmont will be proud to offer its citizens and students the privilege of the great sport of golf. We have been assured by the program committee that the golf course will be completed in about six months. It will be located about half way between Jacksonville and Piedmont.

There is something about this coming football season that keeps everyone, (at least everyone interested in the Jax State football team) talking. The general trend of conversation leads to the point that Coach Salls and his staff have probably the most talented and experienced squad returning for the '59 season that they have ever had at Jacksonville. The Gamecocks lost one man from last years squad—end Phil Powell. It seems pretty definite that E. G. Taylor, last season No. 1 center and team Co-Captain, will be back for another season.

MAX BASS

Where can you find a more talented crew of football players than Roy Fulmer, guard; M. G. Hodges, guard; Charlie Baker, tackle; Tom Maddox, center Mickey Grimmett, tackle; Gerald Haplin, end; J. E. Phillips, center and end; Jim Mayben, quarterback; Charlie Clark, fullback; Arlin Carter, fullback; and Ronnie Horton, halfback.

KINZY

Jax State has three Little-All-American candidates in halfback Bill Nichols, end Ted Boozer and tackle Jim Glasgow. The question is . . . How can these three miss?

Jax State has three of the finest backs to be found anywhere—halfback Bill Nichols and fullback Wayne Keahey.

Another halfback has to be mentioned with these three . . . Bill Kinzy from Buchanan, Ga. Bill play the hustle and guts he has and this is one reason he ran No. 1 left halfback most of last season

HAMILTON

In the intramural softball league, a fellow student who has put his whole heart into every intramural sport activity since coming to Jax State is once again taking part in the intramural programs. Woody Hamilton from Section, certainly deserves more recognition and credit than he has received in the past. Woody is always striving to stimulate more interest in the intramural program.

### Rinky Dinks Squeeze By Pros By A Score Of 6-4 Behind Wilkes

The Pros behind the pitching of Hondo Wilkes finally were defeated June 12. The Rinky Dinks stopped the Pros 6-4.

Wilkes allowed only 6 hits but each hit seemed to account for a run.

### Rinky Dinks Defeat Governors 6-4

The first intramural softball game was played June 8 with Roy Fulmer's Rinky Dinks defeating the Governors 6 to 4. The Rinky Dinks had 6 runs on 5 hits; the Governors had 4 runs on 8 hits.

Bobby Skates was the winning pitcher for the Rinky Dinks. C. Posey got credit for the loss.

THE GOVERNORS—managed by Woody Hamilton, are in third place in the Jax State Intra-mural softball league.

### Jax State Baseball Players Playing Summer Baseball

Many of Jacksonville State baseball players are continuing their baseball talents in the Northeast Alabama Industrial League.

The league is made up of Piedmont, Ganes, Anniston Anniston Linen & Thread Co., Alabama Pipe of Anniston, General Electric of Anniston, and Geraldine. At the present Glencoe is leading the league.

Jax State players are with three teams; outfield Bud McCarty plays for Anniston Linen and Thread Co.; outfielders Jim Mayben and Bill Bowen are playing for Glencoe, the league leaders. Eight Jax State players are on the Piedmont squad, namely, catcher Bob Ford, infielders Butch O'Neil, Hank O'Neil, outfielder Jim Emfinger, Lefty Bollinger, and pitcher Sammy Whiteside, Ernie Willingham and John Smith.

### Bobby Skate Leading Intramural Pitcher

Bobby Skates of the Pros is the leading pitcher in the intramural league with a 3-0 record.

Hondo Wilkes is the second pitcher in the league with a 3-1 record. However, Hondo is way out ahead of the other pitchers in number of strikeouts — 41.

Dewitt Dodd of the Governors is in third place with a 1-1 record and 11 strike-outs.

	w.	l.	s.o.
Boddy Skates (Pros)	3	0	13
Hondo Wilkes (RD)	3	1	13
Dewitt Dodd (G)	1	1	11
Sonny Lewis (R)	0	1	0
C. Posey (G)	0	1	0

### Wilkes And Pros Stop Governors

Hondo Wilkes allowed the Governors 3 hits as the Pros chalked up a 4 to 1 victory, their second in intramural play. The Governors had 1 run on 3 hits, including a triple by Dewitt Dodd.

Wilkes and Richard Belcher had two hits each for the winning Pros.

Wilkes was the winning pitcher and Dodd was the losing pitcher.

### Rinky Dinks Squeeze By Governors, 1-0

The Rinky Dinks and the Governors had only three hits per team in a close game won by the Rinky Dinks 1-0. The June 16 game saw the Rinky Dinks hurler Bobby Skates and the Governor's hurler Dewitt Dodd allow only three hits.

Tommy Young of the Governors had two hits and one hit had the potential typing run heading for home—but that is the story—the run was cut off at the plate.

### Pros Rout Rockets By Tune Of 10 to 1

The Rockets are having trouble getting enough runs to win a ball game. This time the triumphant team is the Pros by a 10-6 score. This is the second victory for the Pros over the Rockets.

Two outstanding stars for the Rockets were second basemen John McDouglas and Joe Medlock, the catcher and man Africian Unbagls call Joe. Joe had two hits for the Rockets

Ted Ford had 4 RBIs for the Pros and Roy Heath had two hits for the winners.

Hondo Wilkes got credit for the win—his third—and Marsy was the losing pitcher.

### Pros Defeat Rockets 10-1

June 9 at the intramural softball field Hondo Wilkes pitched a 2 hitter for the Pros holding the Rockets to one run as the Pros went on to a 10-1 victory. Wilkes struck out 13 opponents.

The Pros had 10 runs on 15 hits, the Rockets had 1 run on 2 hits.

Getting two hits each for the Pros were; Pike, Prueff, O'Neil, Higgenbotham and Don Moon.

Sonny Lewis got credit for the loss.

### Coming Week's Schedule

Monday—Governor vs Rockets  
Tuesday—Pros vs Rinky Dinks  
Wednesday—Rinky Dinks vs Governors  
Thursday—Pros vs Rockets  
Friday—Governors vs Pros  
—All games begin at 5:30

### 36 ROTC Cadets Left For Training

Thirty-six Jacksonville State ROTC Cadets will reported to Fort Benning, Ga., on June 20 for six weeks of intensive field training designed to provide the cadets with practical applications of techniques learned in the classroom. They will be a part of over 1700 cadets from colleges and universities throughout the southeastern states which will participate in the General Military Science encampment at the U. S. Army Infantry Center. Following the encampment and one year of academic study on the campus, these cadets will be commissioned as second lieutenants in the Army Reserve.

Nearly one-third of the encampment period will be spent in learning to use the family of infantry weapons, from the rifle and carbine to the heavy mortars and recoilless rifles. Considerable time will be spent in learning the tactics and techniques of small infantry units operating in the field. Other subjects will include physical training, map reading, chemical, biological and radiological training; organization, function and missions of all of the arms and service branches within the army; and drills, parades and ceremonies. In addition the cadets will be given orientation demonstrations in airborne and ranger training, the Army Aviation Program, and characteristics and effects of nuclear explosions.

Throughout the training, each cadet will be closely observed by tactical officers and non-commissioned officers to determine his leadership potential. The most outstanding cadets will be designated as Distinguished Military Students which, if they maintain this standing throughout their senior year, will entitle them to be commissioned in the Regular Army, if they so desire. Twelve of the Jacksonville State Cadets have been tentatively designated as distinguished students based on their previous three years of academic work.
