Summer Class Officers Elected

Last week elections were held at Jacksonville State College by the Student Government representatives for the Summer Session. The results of the election are as follows:

**Senior Class**—President, Sonny Roberts, Gadsden; vice president, Hondo Wilkes, Cedartown; secretary, Emma Pruitt, Glencoe; treasurer, Joy Maddox, Centre; reporter, Gay Rutland, Cedartown; social chairman, Donald Moon, Wetumpka; G. A. representatives, Buddy Simpkins, Sylvanburg; Sandra Davis, Centre.

**Junior Class**—President, Bill Kinsey, Cedartown; vice-president, Billy Anderson, Vinton; secretary, Wanda Thompson, Cullman; treasurer, Paty Carr, LaFayette; reporter, Charlotte Stokd, Altoona; social chairman, Son Vowell, Heflin; S. G. A. representative, Lemuel Edwards; EDS; Dr. Cole, Attalla.

**Sophomore Class**—President, Barbara Lewis, Attalla; vice-president, Jackie Sue Moore, Arley; secretary, Judy Summerville, Rome, Ga.; reporter, Susan Barton, Rome, Ga.; social chairman, Frank Chandler, Cedartown; S. G. A. representatives, Sandra Lester, Dadeville; Judy Lumpkin, Albertville.

**Freshman Class**—President, Paul Woot, Haleyville; vice-president, Jimmy Deerman, Rainsville; secretary, GLenda Thompson, Rainsville; treasurer, Naomi Culver, Sylvanburg; reporter, Tommy Denley, East Tallahasee; Social Chairman, Nancy Chitwood, Round Mountain; S. G. A. representatives and Dr. Cole.

**New Faculty at JSC**

The department of chemistry at Jacksonville State College has been given a new chief and, as Dr. Clay Britain has returned and is teaching psychology, Mrs. Leland Cobb is teaching library science. Mrs. B. R. Hardee is conducting the speech clinic. Miss Margaret Griffin is the English department, Mrs. E. E. Nelson is teaching general science.

Don’t believe the world owes you a living. The world owes you nothing — it was here first.

To err is human, but when the pencil wears out before the pen, you are overdosing it.

**Masque & Wig To Present I Act Play**

A one act play will be presented by the Masque and Wig Guild this summer. Several plans are being considered. Big plans are being made to advertise the performance. It is not too late to join. If you have dramatic talents, try out for a part in the play — at 8:30 in the Little Auditorium.

**New Dorm Is Logan Hall**

Dr. Cole has announced that the State Board of Education will request the name of the new boy’s dormitory “Logan Hall” in memory of Mrs. Nan- nie B. Logan, of Tallahassee, Fla., established the Logan-Walker Trust Fund. This fund consists of an excess of half a million dollars. Those scholarships awarded at 15 quality point average and a good work record in college. Dr. Clay Britain has completed the drive ways for this building and the public reception will be held to which all the students an d faculty of Jacksonville will be invited.

**Dean’s List For Spring**

The dean’s list for the spring semester has been released at Jacksonville State College by Lawrence R. Miles, director of admissions and registrar.

Students having an a-all-A record were as follows:

La Rue Morris Allen, Lanett; Sarah E. Anderson, Sallie B. Votz, Gadsden; Mary Lynn Bosworth, William B. Moore, Anniston; Joseph Daniel, Woodland; Anne Cary Dempsey, Margaret Ann Leonard, Jacksonville; Sarah M. Johnson, Fort Payne; Phyllis R. Lako, Oxford; Shirley Arnold Pi, Heflin.

Students with a B-plus average included the following:

Jerry A. Cloutis, Jimmy G. Davidson, Joan Laster, Sam-
Concerning Inner Resources....

Because so much is done for so many of us, both by men and machines, because we have become accustomed to so much service, the use of hands and feet, and even of minds, has been minimized in many instances. Often in the boredom of any hour, or in any moment of inactivity, we will ask—Where can we go? What is there to do?—as if every waking moment should be filled with some excitement, or as if we had come to expect to be entertained continually.

What many of us need to learn in life is the self-resourcefulness that is not primarily dependent upon the efforts of others—an inner initiative for the filling of free time. Among the many things to do, there is much to be said for walking, for working, for practicing, for making, for mending, for reading, for learning, for becoming acquainted in literature, in music, in art, in scripture, with the heritage we have. There is much to be said for keeping life balanced, for feeding mind and heart and spirit, for feeding all sides of ourselves. It is a favor to be inclined to consider the balance of things, the value of things, and the resources we have within ourselves.

These lines Runkin wrote: "If you want knowledge, you must toll for it; if food, you must toll for it; and if pleasure, you must toll for it. Talk is the law. Pleasure comes through toil, and not by self-indulgence and indolence. When one gets to love work, his life is a happy one." What is there to do now? Where is there to go next? There is much to be said for working, for walking, for thinking, for learning, for deciding, for doing many things for ourselves, avoiding the emptiness, the feelings of frustration that come when we fail to fill time fruitfully.

—The Improvement Era

Music Majors Spotlighted

If J. S. C. were to have a conflict for the best all-around students, no doubt the Spotlight choice for this week would be the winners. No other students better fit the bill than Blythe Simpson and Bill Lazenby. These young men, known as "Sid" and "Laz," are two of our most unusually talented, and congenial campus personalities.

SID SIMPKINS

These two future band directors are often seen in common: Phi Mu Alpha, the college band, and they play trumpet in the brass choir.

Sid, who graduated from Sylacauga High School in 1955, went to Auburn for two years, and entered J. S. C. in the fall of 1957. Since he has been here, he has continued his early background in music. He has been playing in a combo since he was 12 years old and anytime now he will agree that he is genuinely talented in this field.

This young man who plays drums in his own combo has been featured in many jazz concerts, and he had his combo win first prize in the spring talent show. He has been favored as the tympanist and also plays trumpet in the brass choir.

Sid's musical interests are not limited to the jazz field, however. He feels that his past time is spent as choir director of his local Methodist Church in Anniston. He has had the privilege of getting as many people as possible interested in music.

Sid's good personality and sound judgment have gained him many campus honors. He was chosen as a favorite by the senior class this summer.

Sid, who at the present time is working as sports editor for this paper, has his future definitely planned. He will be majoring in industrial education, and plan to stay Blackwood, Aug. 9, and will continue his education here at Jacksonville until May, 1959, when he will be graduated and begin his career as a band director.

Bill, a native of Eclectic, earned his high school degree in 1957, after having attended Southwest Mississippi Junior College in Summmit, Miss., and serving as band director at Hollyville High School for one year.

Like Sid, Bill's career in music was begun early. He played in his high school band for seven years during which time he was president of the band and elected to all-state band for three years. He has continued this outstanding work in music here at Jylve and now first trumpet both in the brass choir and the college band. He is also a member of the wind ensemble.

Even in high school, Bill's interests were varied and spread to cover the wide range of extra-curricular activities. He was president of the Beta Club a member of the Student Council, and played both baseball and basketball for three years.

At Jacksonville, he has continued and enlarged his varied interests. His dependability and quiet judgement were recognized by the J. S. C. students this spring when they elected him treasurer of the SGA. Bill, who began his career in office this summer, has begun showing the capability and sincerity that won him the student body vote. He is serving on several committees and is doing the good job that everyone else says he could do. To the accumulated tasks of serving as treasurer of the SGA, president, of Phi Mu Alpha vice-president of the Gamma Chi, and activities chairman, of Phi Kappa, this fall Bill will add the duties and responsibilities of dorm counselor.

BILL LAZENBY

Bill's future is not as definite as Sid's, but with the above schedule of activities, it seems that he is going to be a very busy young man. He is a junior and plans to be graduated in July, 1960, after which he will continue his career as a band director.

Best all-round—that fits these two young men, for it certainly couldn't have happened to two nicer people.

New Books

Editor's Note: This column, which will be a regular feature in the Collegian, will present a review of books that have come into the Ramona Wood Library. This will provide an opportunity for the students to read about new books.

Bonner, Harry & Barron—What We Must Know About Communist Domestic and Foreign Policies. A book about the dangers of communism and what we must know to fight it.

Loomis, Noel—The Texas Santa Fe Pioneers. Recommended for those interested in western history.

Pascrats, Boris—Doctor Zhivago. Winner of the Noble Prize in literature.

White, Robin—Elephant Hill. Harper & Brothers, 1959. A story of a young man who goes to visit his father in India. A story that is compelling.

Wynn, Wilton—Nasser Of Egypt: A biography of one of the most important figures in the Near East.

The new typist was woefully inexperienced, until just now she was beating madly in the files, a trouble found creating her own work.

"Lost something" asked her employer.

"Yes," said the girl cried in an exasperated voice.

"Past something" asked her employer.

"Phone," said the girl.

"Who has heard him play drums in his own combo has been featured in many jazz concerts, and he had his combo win first prize in the spring talent show. He has been favored as the tympanist and also plays trumpet in the brass choir.

Sid's musical interests are not limited to the jazz field, however. He feels that his past time is spent as choir director of his local Methodist Church in Anniston. He has had the privilege of getting as many people as possible interested in music.

Best all-round—that fits these two young men, for it certainly couldn't have happened to two nicer people.

JSC Sponsors Speech Workshop

The first speech workshop in the state, sponsored by the Calhoun County Chapter for Crippled Children, is being held at Jacksonville this summer. The workshop, which is being held in the Elementary Laboratory School, is under the direction of Mrs. H. J. Hines, speech therapist for the Elementary Laboratory School.

Mrs. Hines is one of the few trained specialists in this field in Alabama. She is working with the children in the class, illustrating how to improve speech sounds of those who have lips, cleft palates, nasality, and other defects.

Realizing that classroom teachers are in need of information and techniques for handling children who have speech defects, the chapter offered scholarships to elementary school teachers in this area to attend the workshop. Fourteen teachers are enrolled, and seven mothers are participating. There are also a few pupils who are receiving correction.

The teachers are shown how to identify the various defects, how to break down sounds, and how to get the children to learn new speech sounds and other techniques which develop better articulation.

Jacksonville State College will probably lead to expansion of speech therapy in the state, and Jacksonville State College may be given more classroom teachers to learn some of the additional techniques in this area.
Page Three The Collegian Monday June 22, 1959

1st SGA Report For Summer

The Student Government Association held its first meeting for the summer session on Wednesday, June 19, at 1:30 p.m.

The following committees were appointed to serve for the summer:

Planning Committee: Chairmen: Gene Melley, Judy Graves, Sue Merrill and Bill Kimzey.

Ways and Means: Chairmen: Bill Lazlenby, Donald Moon, Sandra Davis and Judy Lumpkin.

Co-ordinating Committee: Chairmen: Sonny Roberts, Faye Blackwood, Cecil Pruett, and Barbara Jones.

Social Committee: Chairmen: Gene Melley, Frank Chandler, Donald Moon, Nancy West, and Sue Merrill.

Talent Show Committee: Chairmen: Sonny Roberts, Barbara Lowe, Judy Graves, Sandra Davis, and Donald Moon.

Committee for Class Officers' Dance:
Chairmen: Bill Lazlenby and Buddy Simpkins.

Decorations: Chairmen: Louise Pickens, Wallace Johnson, Susan Hagan, Frank Chandler, Sandra Lester, Paul West, and Donald Moon.

Donnel Moon will serve as the editor of the STU-JAC this summer.

The traditional summer Talent Show will be held on June 29th.

The Class Officer's Dance has two tentative dates: Wednesday, July 8 or Friday, July 10. The band committee will give a report on the bands available in these dates at the next SGA meeting.

Since an editor for next year's Minnix has not been appointed, Bitty Altvogen, a former editor who is in Graduation College, will begin work on the annual this summer. Aided to help them were Louise Pickens, Sandra Lester, and Donald Moon.

Cutting the chow line was explained to the council. It is the policy of the SGA member caught cutting the line will be expelled from his position. Also any member of SGA is to rescind anyone who see cutting the line that the next time he is caught will be fined $1.00. If the fine is not paid, his semister grades will be held.

The SGA sincerely hopes that all the students will participate in the activities which have been planned for the summer.

Talent Show Set For June 28

The Talent Shows given each semester in the Leacie Cole Auditorium have a larger attendance than any other single student sponsored event on the STU Campus. Three times a year entertainment provided by talented people in the student body.

This summer's talent show, which will be during the week of June 26, will have some of the most professional names of the most professional talents. Sydney Roberts, Hal Haynes and Clark Cable, yes, they are the name of this show. They were the remarkable task on last spring's show.

There will be music of all types, from rock-n-roll to the fastest of jazz.

There were three cash prizes given. Last year's spring show were: Rose Caldwell, winner of $10.00; Ten Camp, planter of "The Buddy Simpkins Combo" winning $5.00; and "Buddy Simpkins Combo" winning Buddy on the piano, Alice Johnson on the drums, and W. D. Simpkins on the bass.

Junior Class Officers—Left to right: Bill Kimzey, president; Leslie Pickens, SGA representative; Judy Graves, secretary; Barbara Lowe, vice-president; Barbara Lowe, treasurer. Second row: Peggy Johnson, president; Nanon Culver, treasurer; Tommy Dennis, reporter.

B.S.U. Retreat

"Changing My World For Christ" was the theme of the 33rd Baptist Student Union Retreat that was held at Ridgecrest, North Carolina June 4-10.

Gerard Petersen, B. S. U. president, Virginia Brown, graduate and Len Molen, director, held the privilege of being just three of the more than 850 students to attend this retreat and hear such outstanding personalities as Mr. Howard B. E. Bush, President of Wheaton College, Dr. Hoy O. McLean, pastor of the First Baptist Church, Atlanta, Ga.; the honorable Walter H. Hudd, member of Congress from Minnesota, Washington, D. C. and Mr. Cleve Scott, speaker and emcee from Jacksonville, Miss.

There were numerous opportunities for Ridgecrest this year. Some of them were the Daily Morning Meditation, Resource Stationaries on techniques of the B.S.U. officer, Bible studies, Panel discussions on timely subjects such as: "Love, Marital and marriage, "Tem- nation of the Church," "The Church and its Prac- fath, recreational activity, camping, devotions, and talent shows.

Many of the audiences were encouraged to schedule various tours through the mountains.

Words cannot express the beauty and grandeur, fun and inspiration that is yours when you attend Ridgecrest. As one student put it, "It's the land in the sky!"

Many of you couldn't make it to Ridgecrest—but you can attend the Student Retreat at Shokey Springs, Talladega, July 17-19. View this date on your calendar.

Next week in "Morning Watch" and "Vespers" the theme will be "Dedication: Vocations Week." Why not you start the day with God and end it with him by attending "Morning Watch" at 7:45 a. m. and "Vespers" 8:00 p. m. each day? You'll be richer for it.

"There's a place for you at B.S.U." Won't you find your place, beginning today? 7 ?

WSCS Treat Methodist Youth

The WSCS of the First Methodist Church in Jacksonville treated the new students as well as the old ones to a picnic supper in the recreation room of the educational building of the Methodist Church Wednesday, June 19. Recreation and entertainment were provided to turn on enjoyable evening for those attending.

The effort was attended by a small group of summer students.

It is not a tragedy to have only because the tragedy is in not using it.

Man can read some people like a book but can't shut them up so easily.

JUNIOR CLASS OFFICERS—Left to right: Bill Kimzey, president; Leslie Pickens, SGA representative; Judy Graves, secretary; Barbara Lowe, vice-president; Charlotte Seved, reporter; Sue Merrill, social chairman.

Library Science Program

Jacksonville is again present- ing courses in Library Science this summer. The program, under the direction of Mrs. Lepton Cob, is being presented by only three other colleges in Alabama, who recognize the need for trained librarians in order for elementary and high schools to meet state and Southern Association requirements.

The classes in Library Science are held in the high school library so that the students will have access to the necessary tools. Students enrolled in the classes include twelve teachers, two graduate students, and two undergraduate students.

This summer's three courses are being offered. Course 322, Introduction to Reference, is a coverage of the basic reference books needed in the school library. An attempt is made to examine the recommended books so that a wise and care- ful choice can be made to fit the needs of the school curriculum and the students body. Course 324, Book Selection, is such materials, includes a study of magnetic, informa- tion, filmstrips, pictures, films, filmstrips, recordings, graphs, charts, maps, figures, models, and nontext materials which are increasingly becoming essen- tial parts of the material curricular of the school. Course 325, Functions and Use of the School Library, is a practical approach to the various functions of the library in the school program. The library is studied as a part of the reading, guidance, and instructional program of the school. This class is preparing a manual to serve as a guide for school librarians both trained and untrained. Included in this manual will be the many phases of library services and a brief and concise plan for the best adop- tion of these services.

Students in these classes are preparing displays to be used in the library.

High Summer Enrollment

Stats prove it! Summer enrollment is increasing. How is the record now standing? Undergraduates 1,068 Graduates 197 Evening Students 285 1,460

With the arrival of 83 Brazilian students enrollment of the total will reach 1,530. Last summer's total enrollment was 1,413.

We read that in some Eu- ropean countries they are con- sidering placing tax on Ameri- can tours. Here we just want to make them feel at home.

FRESHMAN OFFICERS—Front row, left to right: Paul West, president; Wallace Johnson, SGA representative; Jimmy Benefield, vice-president; Barbara Lowe, treasurer; Glenda Lester, secretary; Nancy Chipitd, social chairman; Naanom Culver, treasurer; Tommy Dennis, reporter.

SOPHOMORE CLASS OFFICERS—Front row, left to right: Barbara Lowe, president; Jackie Sue Moore, vice-president; Jane Barrett, secretary; Judy Looman, SGA representative; Judy Graves, representative; Sonja Louden, SGA representative. Second row: Sonny Roberts, president; Sandra Davis, executive, Miss Anderson, SGA representative; Wanda Roberts, secretary; Patsy Carr, treasurer.
SECOND GUESSING

Now that summer school is under way we find that the students are taking a great interest in softball. There are six teams participating in this relaxing sport which is rolling at top speed. (The teams are, the Rinky Dinks managed by Roy Fulmer; the Simpkins by Robert Urey; and the pros managed by Richard Belcher.) As we go into the second full week of play, we find the Rinky Dinks leading the league with a 3-0 record, followed by the Pros and Rockets.

Here is news that you may have heard, but in case you have not...soon Jacksonville and Piedmont will be proud to offer its citizens and students the privilege of the great sport of golf. We have been assured by the program committee that the golf course will be completed in about six months. It will be located about half way between Jacksonville and Piedmont.

There is something about this coming softball season that keeps everyone, (at least everyone interested in the Jax State football team) talking. The general trend of conversation leads to the point that Coach Ballew and his staff have probably the most talented and experienced squad returning for the ’59 season that they have ever had at Jacksonville. The Gators were one of the best teams in the nation last year. Now that the Gators have moved on, Jacksonville is expected to take their place. At the present time Glennie is leading the league. Jax State players are with three teams; outfield Bud McCarty plays for Autism Linn and Chattanooga; center Carl Matheny and Bill Bowman are playing for Glennie. The league leaders are; Eight Jax State players are on the Piedmont squad, namely, catcher Bob Ford, pitchers Bill Utley, Hank O’Neill, center and end, Jim Mayben, quarterback; Charlie Clarke, fullback; Arlin Carter, fullback; and Ronnie Horton, halfback.

Jax State has three Little All-American candidates in halfback Bill Nichols, end Ted Boozer and tackle Jim Glennie. The question is how can they three man?

Jax State has three of the finest backs to be found anywhere—halfback Bill Nichols and fullback Wayne Kelsey. Another halfback has to be mentioned with these three... Bill Kinsky from Buchanani, Ga. Bill plays the halfback and has and is one reason the run No. 7 left halfback most of last season.

In the intramural softball league, a fellow student who has put his whole heart into every intramural sport since coming to Jax State is once again taking part in the intramural programs. Woody Hamilton from Section, certainly deserves more recognition and credit than he has received. Woody has always been trying to stimulate more interest in the intramural program.

At the present time, Woody’s intramural team, the Governors are third in the intramural standings with a 1-3 record.

Rinky Dinks Squeeze By Pros By A Score Of 6-4 Behind Wilkes

The Pros, behind the pitching of Roy Wilkes finally defeated June 12. The Rinky Dinks stopped the Pros’ five-game winning streak and moved into second place in the pros.

Rinky Dinks allowed only 6 hits but each seemed to account for a run.

Rinky Dinks Squeeze By Pros By A Score Of 6-4

The first intramural softball game was played June 8 with Roy Fulmer’s Rinky Dinks leading the Governors 6 to 4. The Rinky Dinks had 6 runs on 5 hits; the Governors had 4 runs on 8 hits. Bobby Skates was the winning pitcher for the Rinky Dinks. C. Posey got credit for the loss.

Rinky Dinks Defeat Governors 6-4

Rinky Dinks allowed the Governors 3 hits as the Pros chalked up a 4 to 1 victory in the baseball game Monday afternoon. The Pros had 1 run on 3 hits, including a triple by Dewitt Dodd. Wilkes and Richard Belcher had two hits each for the winning Pros.

Wilkes and Pros Stop Governors

Hondo Wilkes allowed the Governors 3 hits as the Pros chalked up a 4 to 1 victory in the baseball game Monday afternoon. The Pros had 1 run on 3 hits, including a triple by Dewitt Dodd.

Rinky Dinks Squeeze By Governors, 1-0

The Rinky Dinks and the Governors had only three hits per team in a close game won by the Rinky Dinks 1-0. The June 16 game saw the Rinky Dinks hurler Bob by Skates and the Governor’s hurler De- shirrt hold all but three hits.

Tommy Young of the Governor had two hits and one hit had the potential tying run heading for home—but that is the story—the run was cut off at the plate.

Pros Rout Rockets By Tune of 10 to 0

The Rockets are having trouble getting enough runs to win a ball game. This time the triumphant team is the Pros by a 10-0 score. This is the second victory for the Pros over the Rockets.

Two outstanding stars for the Rockets were second baseman John McDouglas and Joe Medlock, the catcher and center. African Unagans called Joe, Joe had two hits for the Rockets.

Wilkes and Pros pitching the Pros had 4 RBIs for the Pros and Roy Hayd had two hits for the winners.

Hondo Wilkes got credit for the win—his third—and Marny was the losing pitcher.

Pros Defeat Rockets 10-1

June 9 at the intramural softball field Hondo Wilkes pitched a 2 hitter for the Pros holding the Rockets to one run as the Pros went on to a 10-1 victory. Wilkes struck out 12 opponents.

The Pros had 10 runs on 15 hits, the Rockets had 1 run on 2 hits.

Getting two hits each for the Pros were: Pike, Pruett, O’Neill, Higgenbotham and Den Moore.

Sunny Lewis got credit for the loss.

Coming Week’s Schedule

Monday—Governor vs Rockets Tuesday—Pros vs Rinky Dinks Wednesday—Rinky Dinks vs Governors Thursday—Pros vs Rockets Friday—Governors vs Pros—All games begin at 5:30

36 ROTC Cadets Left For Training

Thirty-six Jacksonville State ROTC Cadets will reported to Fort Benning, Ga., on June 12. The six-week air defense field training designed to provide the cadets with practical applications of the B-40 rocket is being taught in the classroom. There are 400 ROTC Cadets from colleges and universities throughout the nation taking part in this particular course in the Army Reserve.

Nearly one-third of the one-year of enrollment period will be spent in learning to use the family of infantry weapons, from the rifle and carbine to the heavy mortars and recoilless rifles. Considerable time will be spent in learning the tactics and techniques of small infantry units operating in the field. Other subjects will include physical training, map reading, chemical, biological and radiological training, organization, function and missions of all of the Army and Army service branches. The training is designed to prepare the cadets for their roles as instructors and leaders in the Army Reserve.

In addition the cadets will given orientation demonstrations in airborne and ranger training, the Army Aviation Program, and characteristics and effects of nuclear explosions.

Throughout the training, each cadet will be closely observed by tactical officers and non-commissioned officers to determine his leadership potential. The most outstanding cadets will be designated as Distinguished Military Student while completing ROTC this summer. They will be commissioned at the end of the summer, to be commissioned in the Army, if they so desire. They will be part of the 1750 cadets who have exhausted their three years of academic work.
