

MISS MIMOSA — Pictured above as she makes her way down the broadwalk is, Cecilia Upton, "Miss Mimosa".

## Columbia President Will Speak At JSC

Dr. John Henry Fischer, dean and president-elect of Teachers College, Columbia University, will speak at Jacksonville State College on Wednesday, April 18, at 7 p.m., in the new Leone Cole Auditorium. In making the announcement, Presi-

lieves schools should give priority to "intellectual competence" instead of becoming centers of "entertainment, civic development and charitable enterprises".

He has openly opposed the scattering of schools' educational resources to teach "the whole child"—that is, giving attention to mental, psychological, physical and social development.

He has been quoted as saying, "Neither exuberance of subject

## JSC Riflemen Win In Mobile

By DONALD E. COOK

The Jacksonville State College Rifle Team returned from Mobile on Sunday, March 25 with another feather in its cap after defeating the Springhill College team by a score of 1362 to 1299. The outstanding firers for the Jacksonville team were: M. Dorsett, 276; D. Stephenson, 274; J. Caldwell, 267; E. W. Frankl, 267; W. K. Abbott, 259; and J. J. Jones, 257. High was A. T. Self with 234 out of a possible 300.

The second match with Springhill will be held April 14, at the Jacksonville Firing range, directly behind the ROTC building.

These young men work hard to represent this college in a decent way in competition with other colleges of the South, and the reputation they have established is one of which the college can be proud. Since they are representing the college, the college should in turn have enough loyalty to support them by attending the matches, especially the ones that are held in Jacksonville. It takes practice, determination, and intestinal fortitude to be able to fire a rifle properly, so let's let these men know that the college appreciates and respects the fine job they are doing in representing us.

Anyone who wishes to try out for the rifle team should see either Sp. 5 Lee in the supply room or Sgt. Heard in the arms' room between 9 a.m. and 3 p.m. each day.

## Brad Mitchell SGA President; Senchak, Waldrop In Runoff

BRAD MITCHELL

JOAN SMITHEY

## Smithey Is Secretary; D. Justice Treasurer

Born out of the largest turnout of voters in the history of student elections here, Brad Mitchell Thursday was elected president of the Jacksonville State Student Government for next year. A record number, 1301, went to the polls and chose between the new leader and popular Johnny "Choc" Hamner.

Tying for the number two seat in SGA, that of vice president, George Senchak and Gerald Wayne Waldrop ended Thursday's voting in a run-off election which is set for this Thursday, April 12.

Unopposed candidates, Joan Smithey and Dickey Justice were natural sho-ins for the offices of Secretary and Treasurer, respec-

## Science Fair Success; Winners Are Listed

The two-day Northeastern Alabama Regional Science Fair ended Saturday at Jacksonville State College with an assembly in the Leone Cole Auditorium during which winners were announced and awards presented.

Richard S. Kneisel, education officer, U. S. Army Chemical Corps School, Fort McClellan, was the principal speaker at the final session Saturday morning of the Northeastern Alabama Regional Science Fair held at Jacksonville State College Friday and Saturday. His topic was "So You Want to be a Scientist".

Pointing up some of the values, advantages and disadvantages of science fairs, Mr. Kneisel said there are many reasons why emphasis is being placed upon the study of science and why so many science students and teachers are holding science fairs, but the principal reason is because most of the people are genuinely interested in science.

He gave as his definition of

JAMES JUSTICE

Mitchell and Hamner, conduct-

College, Columbia University, will speak at Jacksonville State College on Wednesday, April 18, at 7 p.m., in the new Leone Cole Auditorium. In making the announcement, Presi-

**DR. JOHN H. FISCHER**

dent Houston Cole stated that more than 1,000 visiting educators are expected to be present to hear Dr. Fischer.

A native of Baltimore, Md., and former superintendent of the Baltimore schools, Dr. Fischer received the MA and Ed. D. degrees at Columbia University, and eight years later was called back as dean in 1939. He was elected president in December and will take office in July.

Dr. Fischer is regarded as a "no frills" educator, and his achievements and educational philosophy are now being widely commented upon in the national press. He be-

stead of becoming centers of "entertainment, civic development and charitable enterprises".

He has openly opposed the scattering of schools' educational resources to teach "the whole child"—that is, giving attention to mental, psychological, physical and social development.

He has been quoted as saying, "Neither exuberance of subject matter nor solicitude for children is enough. To convert talent into skill, education requires knowledge, discipline and imagination".

Dr. Fischer will be honor guest at a reception after the address to which graduates of Teachers College, Columbia University, are invited, Dr. Cole said.

## Student N.E.A. Holds Meeting

The student N.E.A. held its regular monthly meeting at 6:30 April 3, in room 117 Bibb Graves Hall with Susan Puckett presiding.

The nomination committee suggested that a called meeting be held later in the month for the election of officers.

As a special treat, we had Suzanne Hanon and Francisco Tamez to tell us how the education of their countries compares to the education of our country. Suzanne told about the education of Belgium and Francisco about the education of Mexico. Everyone enjoyed their talk.

The meeting was then adjourned by the president.

## Gordon T. Simpson Is Elected President Of Alabama FBLA

By **LESTER DEAN**

Gordon Thomas Simpson, one of the outstanding students here at Jacksonville, has been elected state president of the Future Business Leaders of America for 1962-63. Gordon, a junior, is married to Ruth Blair and is the proud father of two boys—Gregg, 4, and Mike, 6 months.

Gordon attended prep school at the Castle Heights Military Academy in Lebanon, Tenn. At Castle Heights, he was on the football, track, basketball, and soccer teams; member of the Fancy Drill Platoon, Key Club, and Monogram Club. After graduating in 1955, he served in the U. S. Air Force four years as personnel clerk and military training instructor assigned to the Air Training Command and Strategic Air Command.

It was in the fall of 1960 that Gordon entered college here at

Jacksonville. He is majoring in business administration, with a minor in economics; has been on the dean's list twice; and at present has an overall 2.2 average. Here at Jax State he is vice president of Phi Beta Lambda, president of the Canterbury Club, and has recently become a member of Pi Gamma Mu.

Gordon is also very active military-wise. Besides being First Sergeant of Headquarters Company in ROTC and member of Scabbard and Blade, he is the commanding officer and founder of the new organization for ROTC drill teams, Pershing Rifles. He has had a work scholarship but now has the Logan Walker scholarship and is a clerk at the U. S. Post Office here in Jacksonville.

And now, as well as being a great leader on our campus, he is state president of FBLA. Congratulations, Gordon.

**MYSTERY PLAY** — In a scene from the "Night of January 16" is Jonita Sharpe and Robert Owens.

## 'Night Of January 16th' Cast Revealed; Play Set April 11-12

With announcement of the players who will take the various parts, construction of the setting begun, and rehearsals starting tonight, production of "Night of January 16th" scheduled for April 11 - 12 is now well under way, according to Janet H. LeFevre who is directing the play.

Strictly speaking, this is a play without a heroine, but Jonita Sharpe has been chosen for the leading feminine part, that of Karen Andre, defendant in the murder trial. Nor has it a hero, the

principal male role being that of the prosecuting attorney, which will be taken by Fred Clontz. Other feminine roles are cleverly played by Jane Gilliland, Linda Coleman, Linda Williams, Barbara Grund, and Gayle Smith. The male characterizations are ably handled by Merrill Owens, Kenneth Abbott, Joe Gilliland, Jim Ashley, Fred Green, Jack Boozer, Tommy Dennis, and Sgt. Jim Hilliard.

Twelve important members of the cast remain to be chosen, but

advantages and disadvantages of science fairs, Mr. Kneisel said there are many reasons why emphasis is being placed upon the study of science and why so many science students and teachers are holding science fairs, but the principal reason is because most of the people are genuinely interested in science.

He gave as his definition of science, "Science is the endeavor to find out the whys, wherefores and whats of our worlds by a logical study of what we already know". "Worlds" referred to the progress made in the last five years in space age by such men as Von Braun, Glenn and Gagarin.

He listed the qualities that are required of a scientist as patience, the art of critical thinking, diligence, physical stamina, resourcefulness, aptitude, and self-analysis.

"Plowing up old ground will not make progress", he declared. There must be a certain quality of imagination or creative thinking based on the concept that the lack of solutions to some areas of investigation is as important as the ultimate solutions themselves.

"The true scientist, each individual must be, as Polonius said in Hamlet, 'This above all else, to thine own self be true'. This must be tied in with an abiding faith in a

(Continued on Page 4)

## Dr., Mrs. Mainland Get Science Grants

Dr. and Mrs. Gordon Mainland have received grants from the National Science Foundation for special work in the field of science this summer.

Dr. Mainland will go to Tulane University for eight weeks to study radiation biology. Mrs. Mainland, who teaches at Piedmont High School, will spend nine weeks at Texas Womans University, Denton, Texas, where she is working on her master's degree.

## JAMES JUSTICE

tively, next year. This new cabinet of student officers take office May 1.

Mitchell and Hamner, conducting forces behind one of the most competitive, yet friendly campaigns seen here in many years, are both winners. The choice was one of yeoman size as the deciding margin implies.

Mitchell polled 701 votes and Hamner, Tuscaloosa junior, carded 597. Mitchell is a junior from Wedowee.

The three-way fight for Veep recognition was truly one of color and interest. Gadsden sophomore Gerald Wayne Waldrop, polling 522 markers, and George Senchak, a junior from Indiana, fought the way into two man run-off over Albertville's Jim Rayburn, a junior Senchak collected 409 votes.

The new secretary, Joan Smithey is a junior in the college from Gadsden. Justice, to take the reins as Treasurer, is a sophomore from Gurley.

Reeves Smith, Lineville senior, was election chairman.

George Senchak and Gerald Wayne toe the election line again Thursday as Jacksonville State chooses its vice president of Student Government for next year. Election headquarters will again be located on the southeast end of Bibb Graves' first floor.

The polls, according to Troy Dobbins, election committee member will be open from 8 a.m. until 4 p.m. All students are urged to come out and vote in this very important run-off.

Both candidates caused the need for Thursday's run-off by virtue of their vote-getting appeal in last Thursday's first SGA primary. Waldrop received 522 votes and Senchak gathered in 409.

Bradley Mitchell, Wedowee senior, was named president of SGA in the Thursday election. Joan Smithey, Gadsden junior, was named Secretary and James (Dickey) Justice won the seat as Treasurer. Justice is a sophomore.

## Talent Show April 16

By **JIM TRAVIS**

Another in the popular series of talent shows will brighten the stage of Leone Cole Auditorium on Monday evening, April 16.

Emcees for the occasion will be Mike Kimberly, Jackie Cooley and the sharp-witted Hal Hayes. Hal, a veteran of 54 such shows in four years, is coming out

## Support Them

By Troy Dobbins, Editor

The newly-elected Student Government Association officers take office the first of May with fresh enthusiasm and determination. During their campaigns, they have made promises and developed new ideas with the help of their supporters and have pledged to achieve certain goals. They won the election by having your support and they will need your support as long as they are in office.

Too often officers are accused of forgetting campaign promises as soon as they are elected. This will not be true of this group as long as the student body stays behind them. If they do not achieve the goals set forth in their campaigns, it may be your fault and not theirs.

By taking an interest in the affairs of the SGA and by backing and encouraging efforts of your leaders, you make it possible for them to live up to their intentions.

You can help them by keeping active in the SGA and functions of the organization. This is the only way to achieve something of value for Jacksonville State College. With the election fresh on your mind, make a resolution to be a supporter of the Student Government Association or (Student Council). And keep that resolution.

One thing every candidate in the recent election of SGA officers knows is that there was not a loser in the group. Each of them gained something through participating.

The fair play which was used or exercised by our candidates should be taken to heart by our candidates running for state and national offices. These students have shown what it takes to make a man or a woman into a useful citizen. Each of you were a winner.

## Editor Answers Davis

Dear Mr. Davis,

I agree with your letter in one respect—Misses Nixon and Vaughn should receive a pat on the back for standing up for what they believe. We need more students of their calibre; ones that are not afraid to peak out and take criticism. So Donna and Liz, here's my pat.

Also I have an apology to make to Misses Nixon and Vaughn. I was one of those few people to use Mr. Davis' terminology, stupid enough to believe there was such a person as Miss Josie Andrew. Actually according to records Miss Vaughn and I checked there is in reality no such person.

GEM OF THE HILLS — Swingin' into spring is Elizabeth Nixon from Heflin. Liz is a junior at Jax State and is this issue's "Gem of the Hills".

## This Is YOUR Life

By HELEN STEAKLEY

Smith is a common name around the Jax State Campus, but when Garland Smith's life is read, no one will think there is anything common about him. Garland means a decoration. Garland Smith is one who is surely decorated with many honorable and worthwhile positions.

Garland, a native of North Carolina, graduated at West Yadkin High School in 1958 at Yadkinville, N. C. He is the son of Mr. and Mrs. D. Gray Smith.

Garland's adornment began in high school where he held many

seen her helping with the bread when she has finished serving the teachers.

In high school, Sara was a member of FHA, serving as Secretary. She received her Junior, Chapter and State degrees. She was very active in 4-H Club, holding local and county offices, and was nominated for a state office. She won many honors, one of which was being Randolph County Dairy Maid for two years.

She was a charter member of the Randolph County High School Beta Club and Advertising Editor of the Annual Staff.

Her senior year, she was elected D.A.R. Good Citizenship Girl, Betty Crocker Homemaker of Tomorrow, and worked as office assistant.

She was chosen School Favorite and was in senior Who's Who.

Sara was married to Gerald Huddleston, February 3, 1962, and I think he is very lucky to have such a wonderful person as Sara for his wife.

Upon graduation, Sara plans to teach Vocational Home Economics in North Carolina, as she and Gerald create a happy Christian home. By knowing these two wonderful

## Letters To The Editor

Dear Mr. Editor:

It seems that a pat on the back should be in order for Liz Nixon and Donna Vaughn. It is very evident that these two young ladies do have a strong love for Jax State and for the truth. It does the soul good to finally see someone express how they (and many others) feel regardless of how many toes are stepped on. It seems strange that they were so sharply reprimanded for stating their beliefs. After all, we still live in a democracy.

In the edition of the COLLEGIAN following the Liz and Donna letter came a letter signed by one Miss Josie Andrews. Of course, there are very few people stupid enough to believe there is such a person. The letter gave Wallace Johnson such a build-up, it makes one stop and think who could have written the message. At least, Donna and Liz did have enough common courage to sign their real names.

One of the letters hinted that Liz and Donna were not very great assets to the school or anyone in the school. If the person who wrote the letter would check the student directory or attend their class meetings he (or she) might find that the two ladies in question are, on the contrary, very active in student affairs.

I would also like to ask if the views expressed in the Kampus Korner are the views of the Collegian as a whole or merely of the person who writes it. There certainly have been some statements made with which many people (including myself) are in complete disagreement. For instance, there were words to the effect that the present SGA administration is better than the ones under Joe Garner, Richard Belcher, or Bill Anderson. Actually, I don't know what sort of set up or grading system was used, but I think some wires become crossed in the process.

In one edition of K. K., there was a question that asked what other presidents before now had started after-dinner dances and week-end dances. The answer to that is none before now and none till yet. Those activities were originated by a social committee that met under Dean Willman last fall. The writer of K.K. was either grossly misinformed or simply guessing.

Seriously, now peple, let's have some peaceful coexistence on this campus for a change. We have enough problems else where without fighting among ourselves.

Maybe we can even change the name of our paper back to the

Editor's note — The following letter was written by the mayor of Jacksonville in answer to a recent student letter which was printed in the Collegian a few weeks ago.

Jacksonville State Teachers College Jacksonville, Alabama

Dear Students:  
Let me express my thoughts on the subject of some place to bowl, a good show, a fine place to eat and a motel for parents and friends to stay while visiting students on the campus. The possibility of all these things depend on three things. One, finding someone with the money to invest. Two, a clientele that would support him, Three, these facilities usually do much better on a four-lane highway.

As you know, we have been working and talking for a four-lane highway from Anniston. Should this develop and go on to Rome or Chattanooga, we would be in a position to attract people with money to invest.

A lot of hard work and money have been invested in land beyond Germania Springs looking toward securing a large industry here. We probably have not been so asleep as many think.

Let me say, I probably know as many people who have gone to school here as almost anyone. Among the most successful have been boys and girls that had very little time or money for recreation other than the normal activities on the campus plus their church work.

We hope people to come by quite often looking for a place to go into business of one kind or another. You can be assured we do our best to help them.

Yours very truly,  
Frank D. Casey, Mayor  
City of Jacksonville, Alabama

## CAMPUS KORNER

By WALLACE JOHNSON

Words are so inadequate to use when trying to describe the Miss Mimosa pageant. Since I have been at Jacksonville, I have never seen anything run so smoothly. The Mimosa staff deserves much thanks from the student body. Reeves, JoAnn, Josephine and Crawford—you and your staff did an excellent job.

Congratulations to Hiram Powell who recently received the Paul Snow Memorial Scholarship. Hiram works in the dining hall and is a

and Vaughn and receive a pat on the back for standing up for what they believe. We need more students of their calibre; ones that are not afraid to peak out and take criticism. So Donna and Liz, here's my pat.

Also I have an apology to make to Misses Nixon and Vaughn. I was one of those few people to use Mr. Davis' terminology, stupid enough to believe there was such a person as Miss Josie Andrew. Actually according to records Miss Vaughn and I checked there is in reality no such person. The person who wrote the letter as Mr. Davis stated, "did not have enough common courage to sign the real name."

Mr. 'Davis, you asked me if the views express in K. K. were the views of the COLLEGIAN as a whole or merely the one person who writes it.

My answer you should know. I have been under the impression that you yourself are a major part of the COLLEGIAN. Am I wrong?

Mr. Johnson writes the column, I don't. You are right in another statement: neither the president or former SGA president was responsible for those activities; Dean Willman and his committee should have been given the credit. The writer of K. K. was misinformed as he is neither a member of the SGA nor a member of that committee.

You asked for peaceful coexistence on campus for a change. That's a good idea, and you might help us set the example.

As for changing the name of the paper back to the COLLEGIAN instead of the "Bi-monthly Slander Sheet" I didn't know it had been changed; I feel it's a matter of interpretation, but then I'm only the editor.

Sincerely,  
TROY DOBBINS, EDITOR

P. S. I checked and incidentally Clyde Davis does exist.

## Credit As Deserved

Last week you, the students went to the polls to elect your leaders for the coming year. Three of the SGA officers were elected. Some people seem to think that the SGA elections are not important. However, students seemed to have taken a greater interest in the elections this year than they ever have in the past. Those who did take the elections seriously should certainly be commended. Those people who did not take the elections seriously should think twice before taking this attitude.

People who do not take the SGA elections seriously seem to think that the SGA is not an important organization. This thought is far from the truth. The campus of JSC could not survive without the SGA. The SGA controls almost every social activity on the campus. It also performs many other acts which help the students. Yet, most of the students never know exactly who is responsible for these deeds which help them so much.

The SGA this year has done a good job. It has gotten many things accomplished for the students, and has worked with the administration well in every case. Some people have complained about the SGA this year, yet these people seem to forget that they are the ones that elected the people who are in the SGA now. This should not happen this year. A good set of officers have been elected for the coming year by the majority of the students. They will naturally make mistakes, which is only a human characteristic. Yet, these mistakes will be made in good faith and the people who make them will profit by them in the future. Students, support the people whom you elected for next year. If you voted for a winner, then stand behind that person and remember that it was you who put that person into office. If you voted for a loser, then be mature enough to support the people who the majority of the people elected. Best wishes to the newly elected SGA officers. We know that you will work hard.

GARLAND SMITH

positions as being top man in club offices. He was president of Sportman's Club, Social Science, FFA, and vice president of the Automobile and Conservation clubs.

Garland entered Jax State in the fall of 1958. He was president and two years vice president of Wesley Foundation, circulation of Methodist newspaper, publications chairman of Wesley Foundation, publicity chairman and vice president of state Methodist Student Movement, announcement chairman of Religious Emphasis Council for three years, and discussion leader during R. E. Week. Garland is a member of the Pi Tau Chi. He holds two letters of appreciation presented by Governor John Patterson on Awards Day.

Besides being a full-time student Garland is a licensed Methodist minister. He works with the Roebuck Funeral Home as a director during his spare time. Garland is assistant pastor at the White Plains Methodist Church, member of White Plains Men's Club, and member of the Jacksonville Chamber of Commerce.

Garland is majoring in history with a minor in political science. He plans to enter Emory University upon graduation. Afterwards he plans to be pastor of a church.

See! I told you he was not very common! He's busy all the time!

By POLLY LORREN

There could not have been a person chosen for this is your life more sincere, hardworking and friendly than Sara Huddleston. Her quick wit and humor make her a person you can never forget.

She is the daughter of Rev. and Mrs. A. L. Dempsey, and has a sister, Connie and a brother, Steve.

She arrived at Jax State in the Summer of 1960, ready, willing and able to do the most to be a success in her college work. Since she is majoring in Home Economics, she joined the Leone Cole Home Economics Club, in which she has been an asset indeed. This year she has fulfilled the office of reporter, getting the club news out promptly and completely.

She works in the dining hall for Mrs. Hudson, and I'm sure you've

and was in senior Who's Who. Sara was married to Gerald Huddleston, February 3, 1962, and I think he is very lucky to have such a wonderful person as Sara for his wife.

Upon graduation, Sara plans to teach Vocational Home Economics in North Carolina, as she and Gerald create a happy Christian home. By knowing these two wonderful people, I am sure their life together will be a happy one.

May the best in life come your way, Sara Huddleston.

grossly misinformed or simply guessing.

Seriously, now people, let's have some peaceful coexistence on this campus for a change. We have enough problems else where without fighting among ourselves.

Maybe we can even change the name of our paper back to the COLLEGIAN instead of the "BI-MONTHLY SLANDER SHEET".

Sincerely,  
CLYDE DAVIS

## —SENIOR SPOTLIGHT—

By HELEN STEAKLEY

Margie Mask, a very pretty senior from Dadeville, is a branch that has been added to the tree of wonderful personalities sprouted upon the Jacksonville State campus. Margie is the daughter of Mr. and Mrs. H. D. Mask of Dadeville.

She has branched into many activities while in high school. Her activities cover a wide scope of interests. She was secretary of the Beta Club, vice president of the

Mimosa and Homecoming Queen, Gem of the Hills, ROTC sponsor and Circle K Sweetheart. Also Margie makes a wonderful counselor for second floor Pannell Hall. We girls love her dearly.

She is majoring in elementary education and plans to teach a while after graduation in July, then perhaps marry. She enjoys sewing, cooking, and reading. She began reading classical reading at an early age.

Margie is doing practice teaching at the elementary school in Jacksonville. All the children just love the vibrant Miss Mask!

MARGIE MASK

FTA, publicity chairman of FHA, treasurer of GAA, cutest girl in senior "Who's Who", Good Citizenship Girl, and homecoming sponsor.

Margie entered Jax State in the fall of 1959. Since coming her interests have spread over a larger area. She is member of Westminster Fellowship, SGA representative for two years, candidate for Miss

## Sigma Tau Members Get Work Published

Two members of Sigma Tau Delta, Jimmy Wilson and W. O. Chitwood, Jr., had pieces of writing published in the spring edition of "Rectangle", national Sigma Tau Delta magazine.

Jimmy's piece was a short story, "The Hunt", told in the words of a hunt and killing. W. O.'s was a poem, "Sidewalk Reverie".

Both are also members of the Writers Club.

## 'Read—And Watch Your World Grow'

By JANE GILLILAND

Would you like to tour Europe, find out what makes your roommate tick, fall under the spell of Cleopatra, ship out on a whaler, talk intimately with Eleanor Roosevelt, or Marilyn Monroe? Do you want to learn how to lose weight, find a husband, dissect a frog, dance, make a million dollars? Then leave your room, walk to the library, open a book and READ!

"Read—And Watch Your World Grow!" is the theme of National Library Week, April 8-14. National Library Week is sponsored by the National Book Committee, Inc., in cooperation with the American Library Association.

The American Library Association, an organization to "promote library service and librarianship," is composed of librarians, trustees and friends of libraries over the world. Outstanding citizens from all fields of endeavor constitute the National Book Committee, Inc., an independent, non-profit citizens' organization which represents the public interest in books and in reading of all kinds. These organizations join hands to encourage you to read the personal rewards available to you through books. They realize the importance of reading, as Napoleon did when he said, "Give me a family of readers and I will show you the people who rule the world."

any run so smoothly. The Mimosa staff deserves much thanks from the student body. Reeves, JoAnn, Josephine and Crawford—you and your staff did an excellent job.

Congratulations to Hiram Powell who recently received the Paul Snow Memorial Scholarship. Hiram works in the dining hall and is a very deserving person.

It was mentioned to me in the "Grab" that the Pershing Rifles should take over the flag detail. I talked with Gordon Simpson and he also thought it was a good idea. Knowing Gordon, he will do something about it too. I knew that it would take some sector of the ROTC Department to really get something done and done well.

Again, I must say that the recent military ball was great. I wish we could have more dances like the military ball. I never missed a military ball since I have been at Jacksonville, but this past one tops them all.

Well, I guess most of you knew that it was coming sooner or later. Yes, this is the last KK. I feel that my column has caused much trouble and hard-feelings between the student body and the paper, and that was the last thing that I wanted. I knew there would be disagreement, but I did not want anyone to actually get mad. I wish that we could forget about KK and put it in the files with "Learned From the Chimes" (a former column in the Collegian similar to Kampus Korner). I had not intended for Kampus Korner to be the type column that it has turned out to be. I wanted it to be to Jacksonville what Hugn Sparrow's column is to the state of Alabama. Something good and something that will let the student body know what is going on. I feel that the column has been used unnecessarily by me in particular to cut people who actually were not deserving of cuts. It developed to the point I had to use it to defend the SGA, the editor of the Collegian and myself. As, I said that this was not the intention of the column. Maybe someone in the future will start a column similar to this one that will provide good constructive criticism as this column was originally intended.

I would like to say thanks to Miss Liz Nixon, Miss Donna Vaughn, Mr. Roscoe Carden, Mr. Clyde Davis and Miss Josie Andrews, whoever she is, for writing the letters and has brought much controversy. I admire each and every one of you for having the "guts" to write what you feel and not be afraid of what someone would say about it.

Don't forget the BIG TALENT SHOW APRIL 16 and the ANNUAL CLASS OFFICERS DANCE ON APRIL 21. These two events, sponsored by the SGA should prove to be good.

## Michael R. McGuire Chosen JSC's 'Cadet Of The Month'

By DONALD E. COOK

Cadet Cpl. Michael Roger McGuire of Birmingham, son of Lt. Col. Herbert J. McGuire, USAFE received the Cadet of the Month citation at battle group drill on March 23. McGuire was born in Ventura, Calif., but moved to 4184 S. Goode Street in Montgomery when his father left for overseas duty.

McGuire is majoring in accounting with a minor in economics and holds a third alternate appointment to the West Point Military Academy where he hopes to complete his formal education.

McGuire's achievement gave drill team of Headquarters Company a startling record of four out of five men to receive this award this year. Winners of this award are: J. C. Woodruff, who is now on active duty, drill team, October; R. L. Morton, Company D, November; F. J. Allen, drill team, December; A. W. Bolt, drill team, January; W. M. Allen, drill team, February; and M. R. McGuire, drill team, March.

### Federal Inspection Results

Colonel LaFlame, General Staff Officer of Intelligence of the 4th Army Corps of Birmingham, and Lt. Colonel R. J. Teyssier, present commanding officer of the Mobile Sub-sector Command, were pleased with inspection results of the ROTC department on March 29-30.

Colonel Teyssier recommended their response and participation in class.

Colonel LaFlame, also battalion commander of the 11th Airborne in the Pacific campaign, expressed his regret that the battle group inspection had to be called off because of rain. He added that he was sure, however, that men of the battle group were well trained and responsive, judging by the way they secured the weapons from the truck and fell into formation before the rain started.

The two officers had lunch with Dr. Cole, president of the college, and Dean Montgomery on Friday after the unsuccessful attempt at inspection and again expressed their approval of the work being done by the ROTC department at Jacksonville.

**TWISTING AT THE ROCK-OUT** — Below are shown some students enjoying the twist at the rock-out which was recently held at Jax State. The band in the background is the Vibrations from Alabama College at Montevallo. The rock-out was sponsored by the freshman class at JSC.

## Writers' Club Is Very Active

The Writers' Club was organized in 1948 to give students an opportunity to write and have their writing criticized.

Before it was organized, many talented students never had an incentive to write after they took Freshman English. This could have been a real loss to literature. After all, there might have been a budding Hemingway or Faulkner among those students.

After the club was organized many students took advantage of the opportunity to develop their writing talent, and many of them have finished college and gone on to become novelists, short story writers, and newspaper editors and reporters.

One of the stories written by a member of the Club was later published in a national magazine, for example. Another ex-member is working on an Arabic-English dictionary.

Some of the students who were members of the Writers' Club have entered the borderline fields like ghost-writing and publishing.

Not only has the club developed writing talent, but students who were members during their college careers have later become promi-

nent in other arts, like stage design, acting, and art. One man has appeared in a play on Broadway.

Other professions entered by ex-members include teaching, engineering, the ministry, and Red Cross work.

One ex-member was accused of being involved in a local hold-up. Evidently his experience in the Writers' Club created in him such a strong awareness of the wrongs of society that he decided to improve matters by making like Robin Hood, stealing from the rich and giving to the poor.

In 1949, the Writers' Club began publishing an annual: **Soundings**. This magazine is a collection of short stories, essays, and poems written by the members.

For many years **Soundings** was the only annual published by a writer's club in Alabama. Copies are sent to high schools all over the state.

All types of writing are represented in the magazine. Humor as well as serious writing is included.

**Soundings** will be on sale soon. We urge everyone to buy a copy and see what kind of talent Jacksonville State is producing.

## Phi Beta Lambda Takes Lead At State FBLA Conference

### Wins State Offices and Contests

A Jacksonville State College business administration major, Gordon Simpson, was elected president of the state Phi Beta Lambda—Future Business Leaders of America at the 1962 annual convention held last week at the Wellborn High School.

Another Jacksonville business senior, Sonja O'Kelly, secretary of Jacksonville's Phi Beta Lambda, was selected by a board of judges as "Miss Future Business Executive if Alabama." A future Jacksonville business major, Leigh Dalton, senior at Shades Valley High School, Birmingham, was given second place in the "Miss Future Business Leader of Alabama" contest and was awarded a \$50 college scholarship by the Associated Industries of Alabama. D. Trotted Jones of Birmingham, executive vice president of Associated Industries, presented Miss Dalton the scholarship award and another \$50 scholarship award to Wayne Richardson, a senior at Wellborn High School, who was chosen by the judges as "Mr Future Business

voting delegates were Eva Pennington and Wenona Jones. Other representatives from the college chapter were Barbara Strawn, Judith Fortenberry, Robert Dalton, Jerolyn Odom, and those mentioned above, Gordon Simpson, Troy Dobbins, Sonja O'Kelly, John Champion, Larry Crowder.

### PLAY

(Continued from Page 1)

they, fortunately, need no rehearsing, and will not be selected until the night of the performance. They are the jury, who will listen to the evidence and render the verdict on which will depend which of the two endings written for the play will be used. Among the well-known people who have served on the jury during professional performances of the play are Jack Dempsey, James Roosevelt, Ricardo

## Students Will Perform BSU Mission Work

By CLOVIS GASKIN

Six outstanding BSU students from different campuses in Alabama have been selected to represent Alabama Baptist students in summer mission service in 1962.

Named to serve in areas under the supervision of the Home Mission Board were: Annella Junkins, sophomore in nursing at the University of Alabama; Elizabeth Owens, junior in public school of music at Alabama College; and Billie Sue Turner, junior in elementary education at Howard College.

Prayerfully selected to represent Alabama BSUs in areas beyond the borders of the United States were: Larry Eiland, junior math major at Troy State College; David Lee Moon, junior biology major at Jacksonville State College; and Allen Orr, junior English major at Auburn University. Larry Eiland will be going to Holland, Allen Orr is going to Australia, and David Moon to France.

These students will serve without salary for a 10-week period of service during the summer of 1962. Their expenses will be borne by gifts of Baptist students from all of the campuses in the state. Additional funds are provided by offerings at state student meetings.

Jacksonville State has set its goal at \$325. To raise money the BSU has sponsored starvation suppers, car washes, rummage sales, pledge cards and the well known mission's jar that everyone sees at vespers. We would like to have our goal reached by the time we go to Shocco, April 27.

David Moon, our BSU president at Jacksonville State, is the son of Mr. and Mrs. Rufus L. Moon of Sycamore. David participates in the International House program at Jacksonville and is a member of the Ushers' Club. He has served as student center chairman of the executive council. He has done extensive work with Royal Ambassadors in his home church. He will serve this summer in English-speaking churches in France in youth work. We are proud of David and our prayers will be with him this summer.

Cortez, Babe Ruth and Helen Keller.

Tickets are now on sale by any member of the Masque and Wig Guild. They are 50c and 75c. If you are looking for something enjoyable and interesting, be sure to be present either Wednesday night, April 11, or Thursday night, April 12, at the new Leone Cole Auditorium for the production "Night

members of the Writers' Club have entered the borderline fields like ghost-writing and publishing.

Not only has the club developed writing talent, but students who were members during their college careers have later become promi-

mented in the magazine. Humor as well as serious writing is included.

Soundings will be on sale soon. We urge everyone to buy a copy and see what kind of talent Jacksonville State is producing.

**CLASS OFFICERS DANCE** — The Dave Guard Singers will be featured at the Class Officers Dance to be held at Jacksonville State College on April 21, sponsored by the Student Government Association. Dave Guard was the originator of the famed Kingston Trio and later organized the Dave Guard Singers. They will entertain for two hours during the dance. The Dave Guard Trio, with a featured girl, is composed of David "Buck" Wheat, comedian and bass; Cyrus Faryar, folk singer, banjoist-guitarist; Dave Guard; and Judy Henske, the girl.

Business Leader of Alabama" contest and was awarded a \$50 college scholarship by the Associated Industries of Alabama. D. Trotted Jones of Birmingham, executive vice president of Associated Industries, presented Miss Dalton the scholarship award and another \$50 scholarship award to Wayne Richardson, a senior at Wellborn High School, who was chosen by the judges as "Mr Future Business Leader of Alabama," and who will enter college next year.

The featured speaker at the awards banquet was James Martin of Gadsden, state president of Associated Industries of Alabama, who gave a most challenging and timely address to the delegates, describing the present economic situation and pointing out their future responsibilities in the business world. Mr. William E. Gilbert, of the college, gave the invocation.

John Champion, state president, and a Jacksonville College freshman, presented the gavel to the newly-elected state president, Gordon Simpson, 2nd vice president of Jacksonville Phi Beta Lambda, at the Saturday night banquet. Gordon will take office following the national convention which will be held in June in Cincinnati. Troy Dobbins, Jacksonville College 1st vice president of Phi Beta Lambda, was convention reporter. Larry Crowder, of the Jacksonville College chapter led the discussion group on chapter finances and money making projects.

Along with the title "Miss Future Business Executive," Miss O'Kelly was awarded a beautiful swim suit, as well as a plaque for the college and a medal for herself.

Jacksonville's Phi Beta Lambda

## BSU Officials Are Elected

By CLOVIS GASKIN

The Baptist Student Union has chosen the following people to serve as new office holders: David Lee Moon, president; Jeff Harbison, vice president; Linda Owens, secretary; James Galloway, Stewardship; Movene Nelson, devotional; Janet Fisher and Eddie Bowman, enlistment; Roscoe Carden, music; Martha Ann Morris, Y.W.A. Chairman; and Jimmy Gibson, Brotherhood.

Glenda Penton, Sunday School; Addie Fuller, Training Union; Jane Prestwood, missions; Fannie Lee Fuller, social; Geraldine Gray, Westside; Philip Hart, student center; Jane Gilliland, drama; Pat Chislom, Christian citizenship; Mr. Tom Dixon, faculty; Dr. Billy Adams, pastor adviser; and Norma Owens, Morning Watch.

INEZ BROWN

Here is a girl who likes to cook, swim, and bowl. It has been said that the way to man's heart is through his stomach. Maybe this is why she wears that diamond on the left hand!

Inez is the daughter of Mr. and Mrs. Hubert C. Brown of Lineville. She graduated at Lineville High and entered Jacksonville in 1960. While at Lineville High, she was vice president of senior class, vice president of Student Council, president of the Beta Club, vice president of FHA, member of FTA, voted girl "most likely to succeed," and salutatorian of the senior class.

Inez still finds time to enter into activities along with her full schedule of classes and work in Dean Willman's office. She's a member of the Three Keys, Phi Beta Lambda and Kappa Delta Epsilon (an education sorority). She is majoring in English with a minor in secretarial science.

Her plans for the future, teaching in a public school and getting married.

## English Teachers To Be Here April 13

\*\*\*

Teachers of English from 17 counties will assemble at Jacksonville State College on Friday, April 13, for an area session on "The Function of English in the Total School Program." Dr. W. J. Calvert, head of the language division, and members of the English faculty, will be hosts.

Registration will begin at 3 p.m., and the meeting will get under way at 3:30 p.m., in the new Leone Cole Auditorium.

Mrs. Mary Elizabeth Hughes, Piedmont High School, will preside during a discussion of the following topics:

"Team and Block Teaching", Mrs. Evelyn Lowman, Sylacauga High School; "Improvement of Writing", Charles Nunn, Jacksonville High School; "Encouraging Reading", Mrs. Alma C. Bates, Woodlawn High School. A question period will follow the discussions.

At 5 p.m., a reception will be given at the home of President and Mrs. Houston Cole in honor of the visitors. Dinner will be served in the new dining hall at 6 p.m.

PAT MARTIN

This versatile, smiling, and attractive girl is a freshman at Jacksonville State College. She is the daughter of Mr. and Mrs. Victor Martin of Jacksonville, and a 1961 graduate of Jacksonville High.

Pat's high school years were centered around many activities. Some of her interests were band, school paper staff, FBLA, reporter for FTA, secretary of the dramatics club, and senior play.

Pat is majoring in physical education and with a minor in biology. She plans to teach after graduation from college.

Being a physical education major, Pat is interested in all sports, but she particularly likes swimming, drawing and painting and bowling.

Pat can be found working in the office of Mr. A. D. Edwards, director of housing.

Cortez, Babe Ruth and Helen Keller.

Tickets are now on sale by any member of the Masque and Wig Guild. They are 50c and 75c. If you are looking for something enjoyable and interesting, be sure to be present either Wednesday night, April 11, or Thursday night, April 12, at the new Leone Cole Auditorium for the production "Night of January 16th".

### TALENT SHOW

(Continued from Page 1)

of "semi-retirement" to make this the 55th — and as he puts it, "my last."

Featured will be performers from previous talent shows and, it is hoped, some new faces on the college entertainment scene.

As in the past, anyone with any kind of performing ability and who is unafraid of applause, or the lack of it, is more than welcome to try out. No matter if you read beatnik poetry, play a two-stringed guitar and/or have been a loser on the Amateur Hour, the man to see is Hal Hayes. He can be found, after diligent search, most anywhere on campus.

Please see Hal before Wednesday of this week if you would like to enter. There will be no tryouts.

**MISS CONGENIALITY** — Babs Osborn receives her trophy from Reeves Smith, Editor of the Mimosa, during last minutes of the pageant.

# UNDER THE HAYES STACK

WITH HAL HAYES

Victim of spring fever . . .

It's those April showers, Al Jolson once warbled, that bring the beauty to May. But neighbor, it will require more than just flowers, as the late "Mammy Boy" sang, to make May as appetizing to this corner, say as a tomato sandwich would be.

May spotlights the closing of Bibb Graves' doors for another regular session, sure, but the unpleasantness is: When the corridors are again filled with students, some of the 'old gang' won't be around.

A treasure chest of memories has been collected since the HAYES STACK was first introduced to the commonwealth of Gamecockland. And everytime any one of the multitude who has made the stay so enjoyable leaves, it kinda brings basketball-size lumps dribbling to the throat.

Yes sir, I'm gonna hate to see May roll around.

\*\*\* \*\*

No more star gazing, tea leaf reading or ouija mediums . . .

That vodo hodo put on the Hayes' talisman of last issue was you might say, self-inflicted. But anyway, the usual bubbling fount of optimism found here will no longer reside in this vicinity.

HAYES

Little did your writer know that as March 26th's column was being prepared, three stalwarts of the '61 tennis squad would not be dressed out for the first match of the season. When the force of the situation fell, however, it struck one H. H. with the sheer delight one gets from dropping an anvil on his toe.

No line of 'knifing' the tennis squad is meant from this demonstration. Only the author should be subjected to the needle, and that service has been rendered since about 9 a.m. March 26. The responsible party should not have been so froggy and been ready to jump so far, so soon, etc.

That "one way street" might just still be lined with rich rewards. But you can't skin a cat unless you have one.

So, henceforth, we're gonna sit back and wait or someone to locate a "cat".

\*\*\* \*\*

Carl Burchfield, combat tested sophomore shortstop of our baseball Gamecocks, played and starred in the 1959 East-West High School All Star Baseball Game at Birmingham's

## Friday 13th Lucky Day For Gamecocks — Drills End

By CLYDE DAVIS

On Friday, April 13, at approximately 5 o'clock Ray Gentles and his troops (Pappy Evans, Jerry Warren, James Bryson and Don "Zip" Manley) can pack away the gear until September when the Gamecocks prepare to meet arch-rival Florence State on September 15.

This week will wrap it up for the spring, which has been tabbed successful despite the fact that offense has not been up to expectations.

Fullback has been a thorn in the coaching staff's side all spring. But this problem was solved when Ray Gentles and Jimmy Lee were moved from right and left half, respectively, to that position to assist Roy Milam and Phil Jolley.

Sixteen lettermen return from last season. They are:

End—Ronnie Harris, Jackie Jackson.

Tackle—Paul Beard, Larry Joe Davis, Cecil Dunn.

Guard—Arn Terry, Bobby Johnson, Zack Roberson.

Center—Wendell Hubbard.

Quarterback—Lamar Caldwell, Doug Wheeler.

Fullback—Ray Gentles.

Left Half—Arland Carter, Eugene Griep.

Right Half—Johnny Tipton, Tom Reid.

One of the brightest spots in the spring drills has been Jackie Jackson's outstanding play at end. Coach Don Salls shifted Jackson from his former position at tackle to flankman at the beginning of drills. It is very impressive to watch "Roosevelt" crash through interference and nab the ball carrier.

Other promising aspects of the coming season are the fine play of Jimmy Lee of Red Level, Jerry Hollifield and Bob Chastaine, both of Birmingham, Joe Marler of Attalla and the determination and hustle of the "Red Raiders", a team set aside for defensive purposes. The Raiders present some tough opposition for the Go and Stop teams will agree that Tom House, afternoon, and the two offensive teams will agree that Tom House, Butch Hill and Company can hold their own anywhere.

Cecil "Farmer" Dunn, a regular lineman from Lineville, has missed the entire spring sessions due to an injured shoulder. Paul Beard is also on the walking wounded list. Paul is a sophomore tackle from Hartselle.

Left half is probably the strongest position at this time. Here we have Little All American Arland Carter and the flashy Eugene Griep, former Centersville All Staters.

When the cry came up for more offense, Griep was there to fill the bill last week when he led the Go team to a win over the Stop team in a 30-minute scrimmage. Griep, with his passes to Harris, Tipton and Jackson, paved the way to victory with Lamar Caldwell booting through the PAT's.

Coach Salls has stated that where will not be a "J" Day game this spring, although there will probably be a fairly long scrimmage. Let's back the Gamecocks next fall as they open with the "big one" September 15 with Florence.

The schedule is as follows:

- Sept. 15 M Florence State — Here
- Sept. 22 — S. E. Missouri — Here
- Sept. 29 — Delta State — There
- Oct. 6 — Troy State — Here
- Oct. 13 — Arkansas Tech — There
- Oct. 20 — Miss. College — There
- Oct. 27 — Austin Peay — There
- Nov. 3 — OPEN
- Nov. 10 — Louisiana College — There
- Nov. 17 — Livingston State — Here

## Gamecocks Face St. Bernard For Fourth Outing Of Season

By RAY JORDAN  
COLLEGIAN Sports Writer

The pronoun Saint isn't usually thought of in terms of tones of defeatism. But, that's exactly what Coach Gene Hanson's baseball Gamecocks will have in their minds tomorrow (Tuesday) as Cullman's St. Bernard hosts Jacksonville State. Beat the Saints!

I will be the fourth outing of the season for the baseball Gamecocks, victorious in their seasonal opener against Southern Union. But fret not, the victories will come!

That final sentence is not one of over-optimism. Jacksonville has a good ball club and just as soon, and don't look for it to be too long in the future, as the team gets its "hitting eye"—bingo! Jacksonville State's 1962 edition of the hardball Jaxmen will be hard to beat.

"I feel we're going to have a good ball club," Coach Hanson told the COLLEGIAN late last week. "Right

Camp, centerfield; Austin, second; Powell, left field; Bobo, first base; Holder, catching; Townson, right field; Burchfield, short; Wadsworth, third; and, Bohannon or Vick toiling on the mound.

One week from today (Monday, April 16) the Gamecocks return home for their outing before the

Union's Bisons will supply the opposition.

On Wednesday (April 18) a trip to South Alabama will find the JSC hardball taking on Livingston. Friday (April 20) and it's back home again to host Alabama College of Montevallo.

All home games carry a 2:30 starting time.

## Intramural Softball Season Is Off To Exciting Start

By LESTER DEAN

The intramural softball season has started again. With eight teams entered in the league and Ciach Stevenson in charge, this season should prove to be a very good one. The teams and their managers are as follows:

Hosses, Carter Mays; Jets, Lester

win over the Suds, 8 - 0. Nevertheless, it was a hard-fought game and required skill on the Hosses' part.

That's the way the softball season began this year. It should be interesting to see who becomes the champion in May. However, there are still many games to be played and there's no way of telling who

## Golfers Record Two Victories

By CLYDE DAVIS  
COLLEGIAN Sports Writer

No Arnold Palmers, Gary Players, Sam Sneads or Ben Hogans dress their lineup, but Jacksonville State may have just hit the 'jackpot' on 1962's intercollegiate competitive gold trail. That's the impression one gets after learning the facts of JSC's '62 golf team.

Tuesday they play St. Bernard in Cullman.

Real decisive victories have been posted thus far in two of the golf team's 8-game schedule for the season. This is the second season this North Alabama institute of higher learning has fielded a link's team.

Monday afternoon (March 28) was the '62 debut of Gamecock linksmen, and it was a jubilant occasion. JSC soundly thrashed Alabama College of Montevallo, playing on the Anniston Country Club Course, 16½ to 1½. All home matches will be played in Anniston.

Tuesday (April 3), it was Troy State's turn to become acquainted with the power-packed Jacksonville tour. This time it was 14 to 4, Jacksonville along the fairway.

The driving force behind '62's clan of duffers is Darwin White, club pro at Anniston Country Club. This season he is coaching the team for free, giving free lessons and even taking the team to the matches, free of charge.

Members of this season's unit include:

Simon Banister, Anniston sophomore, and Gadsden freshmen, John Robertson, Arnold Walker and John Nickles. Banister, lone letter-winner from last season, was named to the All-Alabama Collegiate Conference All-Star team last season.

The golf team's schedule: April 10, St. Bernard, there; April 24, West Georgia, there; May 3, St. Bernard, here; May 7, Alabama College (tentative), there; and, Troy, there.

### SCIENCE FAIR

(Continued from Page 1)

Supreme Being that has out order in the science of the worlds.

"So you want to be a scientist—then go out and be one!" he concluded.

The grand prize went to John Doff Quenelle, a 16-year-old tenth-grader from Sylvania High School. He will be given an expense-paid trip to the National Science Fair.

our baseball Gamecocks, played and starred in the 1959 East-West High School All Star Baseball Game at Birmingham's

CARL BURCHFIELD

GLENN WADSWORTH

Rickwood Field. Although his club (West) fell 6-2, the Oak Grove lad, who out rassled Sylacauga freshman Harold Brooks for starting recognition, had one for two. His was a single.

Glenn Wadsworth, the Hueytown sophomore now baron of third base for JSC, was also a member of the West squad in '59. He was, then, a second baseman.

\*\*\* \*\*

Col. John H. Glenn was the first American to orbit the earth, sure. (Although we've, personally, known a lot of folks before him who were out of this world.) But, a phone call the afternoon of March 23 propelled this country's first "Baby Blimp" higher than Cloud 9.

A. G. Bell's communicable device brought forth the news: Mrs. Hayes' biggest of all big male children had been chosen by the 3rd Army to interview Fort McClellan's special guest of honor June 6. The celebrity was to be on hand for the opening of that military post's Little League Baseball program.

The purpose of rocketing this 'un here skyward? That special guest is to be none other than the famed New York Yankee Hall of Famer, Joe Di Maggio, the "Yankee Clipper"!

\*\*\* \*\*

That thud-pop sonata of football, these lyrics written in the springtime, will soon have ended its "chorus". This coming Friday, spring training closes shop.

Thus, Coach Don Salls will have finished his 15th spring at the helm here. Was way back in 1947 that the former University of Alabama gridsman began his career as chieftain of the Gamecock pigskin program.

\*\*\* \*\*

Gerald "Jerry" Dupree, one of the most colorful and gifted young men I've ever known long the JSC athletic route, stopped by the room recently for a real interesting reunion of old pals. It was great seeing the former captain of Coach Tom Roberson's basketball Gamecocks and shortstop on our baseball nine.

Now he's 1st Lt. Gerald Dupree, U. S. Army, stationed at Fort Campbell, Ky. But for the next month, the good looking 23-year old soldier is to be stationed at Fort McClellan.

Upon graduation from JSC, Jerry, married and the father of two, entered the Army on an ROTC commission as a 2nd lieutenant. Since then he has graduated from Army

SALLS

over-optimism. Jacksonville has a good ball club and just as soon, and don't look for it to be too long in the future, as the team gets its "hitting eye"—bingo! Jacksonville State's 1962 edition of the hardball Jaxmen will be hard to beat.

"I feel we're going to have a good ball club," Coach Hanson told the COLLEGIAN late last week. "Right now our hitting hasn't jelled like it is capable, but we are getting good wood on the ball and those hits are gonna start falling real soon."

A two-run Troy State homer in the 8th inning spelled defeat for the Jaxmen last Monday (April 3), 5-3. The JSC unit held a 3-3 tie with the visitors until third sacker Tom McCall clouted his drive to deep left-center field.

Righthander Johnny Smith, Piedmont senior, was tagged for the loss. He was relieved in the 8th by Rudy Abbott, Anniston sophomore.

Jacksonville picked up 4 hits during the afternoon while Smith and Abbott were reached for 7. Three of the safeties earmarked for JSC came in a 3-run second frame.

With two out, Rightfielder Williard Townson, Section senior, smashed a clothesline single to left. Shortstop Carl Burchfield, Oak Grove soph, worked winning pitcher Jim Payne for a walk, moving Townson to second.

Glenn Wadsworth, then, poked a 2-1 Payne delivery into left center to score Townson. Wadsworth is a sophomore from Hueytown.

A sharp single off the bat of Johnny Smith tallied two more Jacksonville runs.

Tuesday, Coach Hanson is expected to start either Charles Bohannon, Lanett lefty, or righthander Jimmy Vick, Oneonta freshman, on the mound. Bohannon is a junior.

The following is the probable starting lineup J'ville may fling at the Saints:

Airborne and Ranger Schools. He has made 27 parachute jumps.

Athletically, Jerry played third and short last season for 506th Infantry and guided his team to the 3rd Army baseball championship. He hit .327 through the 25-game schedule.

Always good to see and hear from Jerry. Not only is he a great guy and athlete, but also a person after my heart: he never forgets his old buddies.

\*\*\* \*\*

After courting with the idea of signing to play pro baseball for a long time, Anniston's Bobby Sides took a little stroll to the bank the other day with a "modest" bonus from the San Francisco Giants. At school's end he is to report to the Newton-Conover Twins, Western Carolina League, Newton-Conover, N. C.

The former Anniston High and Gamecock baseball star, married to the former Miss Scarlett Owen of Anniston, hit .349 in '60 as a Gamecock rookie and bounded the hoss hide at a .328 clip last season. Sides is a third baseman by trade and outfielder by choice.

Speaking of traveling . . .

By LESTER DEAN

The intramural softball season has started again. With eight teams entered in the league and Ciach Stevenson in charge, this season should prove to be a very good one. The teams and their managers are as follows:

Hosses, Carter Mays; Jets, Lester Dean, (hey, that's me); Sodbusters, Mack Lee; Spartans, Andy Page; Sports, Charles Tillot; Studs, Lyle Haas; Tobbies, Doug Wheeler; Warriors, Thomas Young.

As of Wednesday, April 4, five games have been played. In the first game, the Tobbies slightly beat the jets, 17 - 5. The Jets took the lead in the first inning, but after two close calls, the Jets began to do everything wrong. Robert Haley of the Jets and Neal of the Tobbies both pitched very well. The next game was a very close and thrilling ball game. The Hosses played the Spartans and in the first inning, the Hosses came home three times. Neither the Hosses nor Spartans scored in the second inning, but in the third, the Spartans got two runs, then in the fourth, they got two more. The game ended 4 - 3, Spartans' favor. Robert Alexander pitched for the Spartans and did a wonderful job. Carter Mays pitched a good game also for the Hosses.

The next game was between the Warriors and the Sports. Spurred on by the fine pitching of Tommy Ballard and Don Richardson, the Warriors won easily over the Sports. It was the Warriors' game all the way without any real threat from their opponents.

The fourth game saw the Sports on the field playing the Tobbies. Tobbies again won easily and proved to have a strong team, this time with Pat White at mound. And the fifth game saw the Studs and the Hosses challenging each other. The excellent pitching of Carter Mays led the Hosses to a

win over the Studs, 8 - 0. Nevertheless, it was a hard-fought game and required skill on the Hosses' part.

That's the way the softball season began this year. It should be interesting to see who becomes the champion in May. However, there are still many games to be played and there's no way of telling who will stay in the race.

#### Standings:

	Won	Lost
Tobbies	2	0
Hosses	1	1
Spartans	1	0
Warriors	1	0
Sodbusters	0	0
Jets	0	1
Studs	0	1
Sports	0	2

## Netmen After 2nd Victory

By RUDY ABBOTT

COLLEGIAN Sports Writer

Jacksonville State's tennis Gamecocks do an about face to the old song "When The Saints Come Marching In" tomorrow (Tuesday). That's when the "Gamecocks Go Marching In." Into Cullman, that is, to face the Saints of St. Bernard.

For the local racqueteers, looking for big victory number two in '62, it will be the first of four Alabama Collegiate Conference matches before next COLLEGIAN time. Currently, the Jaxmen are 0-2 in league play, losing to both Alabama College of Montevallo and Troy State.

Jacksonville recorded its first win of the season two weeks ago by trouncing Southern Union 9-0. All of the Jaxmen got in on the win in this one.

Following the trip to the Land of Saints, Jacksonville plays host to Florence on April 12, Thursday afternoon. Friday of that same week, April 16, Southern Union comes here for a return engagement.

On April 19 (Thursday) the Gamecocks hit the road again and this time head towards Livingston. Tuesday, April 24, West Georgia rolls out the welcome carpet.

Members of the 1962 squad include:

Captain Jackie Cooley, Tommy Moon, Tommy Hamm, Barry Holdridge, Bruce Parrish, and Huey White.

The remaining half of the schedule:

April 10, St. Bernard, there; April 12, Florence, here; April 16, Southern Union, here; April '8, Livingston, there; April 24, West Georgia, there; May 1, Florence, there; May 3, St. Bernard, here; May 6, Montevallo, there; May 12, Troy, there; May 15, Livingston, there.

men go out and be one!" he concluded. The fair was composed of 249 exhibits and 25 papers from 54 junior and senior high schools from this area of the state. The grand prize went to John Doff Quenelle, a 16-year-old tenth-grader from Sylvania High School. He will be given an expense-paid trip to the National Science Fair, Seattle, Wash., in May. His project was "hypothermia" in the field of biology.

Other winners were as follows: 1st place, biology: Essie Friday, Sylacauga High; 2nd place, Tommy Jester, Fort Payne High. 1st place, chemistry: Billy Bobbitt, Sylacauga High; 2nd place, Lin Jennings, Anniston High. 1st place, mathematics: Jackson Smith, Talladega High; 2nd place, Richard Peterson, Childersburg High; 1st place, physics: Creed Clayton, Fort Payne High; 2nd place, Frank Douglas Meriwether, Sylacauga High.

In the junior high division the winners were as follows:

1st place, individual winner, biological science, Manolo Gomez; 2nd place, Gregg Vaughn, both of Sylacauga Junior High; honorable mention, Kent Kneisel, Oxford Junior High. 1st place, individual winner, physical science, Tommy Rhorer; 2nd place, Bill Friday, both of Sylacauga Junior High.

1st place, group, physical science: Ronnie Musselman, Victor Malichis, Disque Junior High; 2nd place, Lynn Edge, Sarah Creed, Ragland Junior High. 1st place biological science, Barbara Coombs, Disque Junior High.

The U. S. Navy cruise went to Allan Cole, 11th grade student at Talladega High School for his project on sound searching parabolic microphone, in the field of physics. Alternates are John Quenelle for his project "Hypothermia" and Lin Jennings for his project on crystallography.

Reuben Boozer and Dr. Harold Strickland, both members of the Jacksonville science faculty, have served as coordinator and counselor for the fair which is sponsored by the Alabama Academy of Science.

#### ESSAY WINNERS

Twenty-five essays were entered and winners were announced as follows:

Margaret Crabtree, Anniston High School, 1st place on paper, "The Chemistry and Physics of Thyroid"; Danny Clecker, Childersburg, 2nd place on paper, "A System of Vectors".

In the junior high division, David Edwards, White Plains High School, won first place with his paper on "Space Travel". His teacher is Mary B. Cobb; second place went to Debbie Childs, Disque Junior High Gadsden, for her paper dealing with a phase of psychology.
