Concert Association Begins Annual Membership Drive

Today the Jacksonville Community Concert Association will begin its week-long membership drive which has for its purpose the presentation of four concerts during the winter session in the new Leonte Cole Auditorium.

The association is organized on a membership basis. Each adult will pay $7.00 per year and students will pay $3.50. This will entitle them to attend four concerts during the season without additional expense.

This membership is obtainable during a one-week campaign and at the end of the campaign no one can join for another year. The tickets are transferrable in case of illness or for some other legitimate reason.

Every membership dollar submitted in dues is used for artists, special attractions and local expense coincident to the presentation of the series. Only members may attend concerts and no single admissions will be sold.

When the membership campaign is completed the list of the association is assured, and artists for the series will be selected immediately. Two of the concerts have already been chosen—the grand opening Symphony Orchestra on Feb. 1, and Whittmore and Lowe a duo-piano team, in January. Two others will be chosen after the membership drive.

The Community Concert Association is a non-profit, self-supporting organization.

Dr. Cantrick Featured In N. Y. Times

Dr. Robert B. Cantrick, chairman of the Division of Fine Arts was featured in the Aug. 28 edition of the New York Times. Following is an exact quotation of that article:

BUZZ: At a time when some instrumentalists are quaking in their boots lest electronic music put them out of work, others are still exploring new ways of playing the instruments they already have. One such exploration has been going on at Jax. (Ala.) State College, where Dr. Robert B. Cantrick, head of the Division of Fine Arts, has developed a new technique of flute-playing.

Dr. Cantrick has found that by buzzing the lips directly into the hole of the flute, a player can extend the range of his instrument almost two octaves downward. The buzzing, says Dr. Cantrick, is done somewhat the way brass players blow into their mouthpieces. It may be combined with hum, flutter, vibrato, and may also be interchanged quickly with the more normal tone. It can also be used to produce a much louder sound than most flutists can make normally. Special fingerings have been worked out to accommodate this new manner of playing.

Dr. Cantrick gave a public demonstration of his new technique at the University of Alabama in May during the Annual Composer’s Forum. He played his own composition, “Sonorities for Flute and Orchestra.” Two works were commissioned by the University for the occasion.

ROTC Student Winner In Rifle Meet

Cadet First Lieutenant Herbert Griffin, a junior and member of the ROTC Rifle Team took part in the national rifle matches at Camp Perry by being a member of the Third Army’s ROTC Rifle Team and tied for first place in the matches.

He was top firer for his team which placed third in its category. In the national individual trophy match he placed second with a score of 424.15. The winning score was 424.20. As a result of his achievement he received the first leg on international large-bore standing firing in which it takes three legs to qualify. Upon completion of three legs he will qualify for the Distinguished Marksman, of which there are only a few in the United States. He is the first Jacksonville State student to make such a record.

Cadet Griffin was top marksman on JSC’s Rifle Team in 1960-61 and 1961-62. The team made an outstanding record in intercollegiate matches.

Pershing Rifles Fraternity Has Openings For Frosh

The military fraternity of Pershing Rifles is now considering applications for membership from the freshman class. Anyone who is interested in joining should get in touch with Captain Mosley, military sponsor of the unit, or one of the senior members.

The main purpose of Pershing Rifles is to develop a keen interest for, and increase the ability of the cadets in military science and drill. The unit represents the ROTC on the campus.

Class Officers Elections To Be Held Next Week

Students began politicking in typical fashion for class offices and for representation on the Student Government Association over the weekend. Names of candidates who have qualified were released Thursday and the election will be held this week.

The list of candidates is as follows:

**Freshman Class: For president, John Barnett; Gordon Ferragne, Anniston; Gary Caldwell, Bessemer; Billy Lom, Arab; John Mann, Cedar Bluff; Jimmy Wilson, Dutton; for vice president, Geraldine Brewer, Larry Payne, Gadsden; Tommy Hill, Oxford; Lanny Williamon, Anniston; secretary, Tommy Nau, Anniston; Johnny Wolfe, Chambers, Ga.; treasurer, Jackie Mineay, Gadsden; SGA representative, Al Fulse, Birmingham; Lillian Haber, Talley, N. J.; Lillian Starcher, Columbus.

**Sophomore Class: For president, Betty Cloftesler, Gadsden; vice president, Glynn Hester, Bessemer; Helen Steakley, Crossville; secretary, Betty Freeman, Hargrave; treasurer, Joella Cornelius, Walnut Grove; SGA representative, Manola Harper, Fyffe; Gail Waldrop, Gadsden.

**Junior Class: For president, Johnny Brooks, Gadsden; Mike Oliver, Wartac; vice president, Wayne Cloftesler, Gadsden; secretary, Delores Butler, Bynum; Wenona Jones, Guntersville; treasurer, Linda Clements, Anniston; social chairman, Jimmy Brookes, Gadsden; Dale Dixon, Talladega; SGA representative, Catherine Burn, Jate Hubbard, Anniston; Mary Gibbs, Gadsden.

**Senior Class: For president, Skip Rumsey, Gadsden; vice president, Charles Alexander, Douglas; secretary, James Huffman, Birmingham; treasurer, Tommy Hightower, Anniston; SGA representative, Carol Bryant, Gadsden; Greg Adams, Anniston; social chairman, David Elrod, Gadsden; secretary, Tommy Holman, Anniston; treasurer, Delores Butler, Bynum; Wenona Jones, Guntersville; SGA representative, Catherine Burn, Jate Hubbard, Anniston; Mary Gibbs, Gadsden.
Piano Recital

The Department of Music will present Linda Bryan Sparks, pianist, in recital on Thursday, Sept. 27, at 8 p.m., in Hammond Hall Auditorium. Mrs. Sparks joined the music faculty this fall.

She holds the BA degree from Jacksonville State where she graduated with honors in music. At Jacksonville she was a pupil of Albert Singerman and Harold Thompson.

In August Mrs. Sparks received her master of music degree in piano at the University of Alabama where she did graduate study with Roy McAllister. Her husband, Dan C. Sparks, has been a member of the music faculty since 1957.

Her program will be as follows:

Chromatic Fantasy and Fugue (Bach); Sonata (1926) (Bartok); 32 Variations in C Minor (Beethoven); Honegger: des Oiseaux; Alborado del Gracioso (Ravel); Funeraliies (Listz).

The public is cordially invited.

The new pledges of the unit are Herman Jagger, John Mul- den, Bobby Devine, Winford Buckhouse, Louis Nelson Paul Parker, Richard Castellani, Ken- neth Welch, Harold Tillison James Hoffman, David Barth, John Barnett.

New Nurse

At College

Mrs. Gordon Simpson has accepted the position as college nurse for Jacksonville State Col- lege, it was announced last week by President Houston Cole. She succeeds Miss Gladys Self who joined the staff of Anniston Memorial Hospital.

Mrs. Simpson is the former Ruth Blair, daughter of Mr. and Mrs. E. G. Blair, now of Jacksonville. She and her family lived in Hampton, Va., for many years and she received her nurse's training at the Univer- sity of Virginia and Fort Sanders Hospital, Knoxville, Tenn., graduating there in 1956.

She has worked in her profession in San Antonio, Texas, Co- lumbus, Ohio, and at Anniston Memorial Hospital. Her husband Gordon Simpson, is a senior at the college, and they have two children.

Frank M. Lovrich Rejoins Faculty

Prof. Frank M. Lovrich has returned to his place on the faculty as associate professor of sociology after completing requirements for his Ph.D. degree at the University of South Dakota. He has had a leave of absence for the past year for that purpose.

He holds the MA degree from Louisiana State University and has taught at LSU, the University of South Dakota and Adrian College, Adrian, Mich. Before coming to Jacksonville in 1957 he had a fellowship to study socio-economics from Case Institute at the University of South Dakota and served as coordinator of the South Dakota Indian Survey Project.

In addition to his academic work, Mr. Lovrich served as baseball coach for the college. For six years he had played professional baseball with the New York Giants' minor league, and the Jacksonville baseball teams had successful seasons under his tutelage.

Notice To Seniors

Seniors whose pictures have been made for the Mimosa, are requested to make a list of all the campus organizations to which they belong and any honors received while enrolled at JSC. This list should be turned in as early as possible by Judy Hughes, Chic Hamner, George Senchak, or Joan Smithey.

Linda Sparks

Piano Recital

September 27

The Department of Music will present Linda Bryan Sparks, pianist, in recital on Thursday, Sept. 27, at 8 p.m., in Hammond Hall Auditorium. Mrs. Sparks joined the music faculty this fall.

She holds the BA degree from Jacksonville State where she graduated with honors in music. At Jacksonville she was a pupil of Albert Singerman and Harold Thompson.

In August Mrs. Sparks received her master of music degree in piano at the University of Alabama where she did graduate study with Roy McAllister. Her husband, Dan C. Sparks, has been a member of the music faculty since 1957.

The public is cordially invited.
Senior Spotlight

Where music is his game and the trumpet his forte. At the music department he maintains not only the usual practice burs of a good musician, but also a student workshop as Mr. Lybrand's typist.

Jewell Lybrand Joins JSC Faculty

A writer of fiction and former student at Dr. H. Stroud, Jewell Lybrand of Oxford, has joined the English faculty, it has been announced by Dr. T. A. Montgomery.

Mr. Lybrand is also working on a novel which he has already sold to Harcourt and Brace publishers, and he has sold numerous articles to magazines.

He received his AB degree at the University of Alabama in 1984 after which he taught at Tuscaloosa High School and worked on his master's degree.

He studied creative writing with Dr. Stroud, taught at the University of Alabama and did free lance writing until 1985 when he became associated with General John B. Medaris at Redstone Arsenal as writer and public relations representatives.

He stayed in General Medaris' employ after his retirement from Redstone and subsequent career in industry until earlier this year when he resigned to devote full time to the writing of his book.

He will teach freshman English, American Literature and Speech. Mr. Lybrand, his wife and three children now reside in Anniston.

Club Calendar

Phi Beta Lambda will have its first meeting on Wednesday, Sept. 19 in Room 306, Bibb Graves Hall. Every member is urged to be present and to bring visitors. The Jacksonville chapter has produced a state president, Mr. Simpson, who will be present at this meeting to discuss the years plans, according to Lawson Shaw, chapter president.

First meeting of the year will be held for both the Kappa Delta Pi and the Accounting Club on Wednesday, Sept. 26 at 10 a.m.

The Civil Air Patrol will meet every Tuesday at 7 p.m. All members are urged to be present by Johnny Hampton, finance officer; B. C. McNair, assistant training officer, and Don Lacey, commander of cadets.

Kappa Phi Kappa, national honorary education fraternity for men, will meet the first Tuesday of each month in the Irving room. The reception of new members will be the topic of the next meeting.

Members are selected on an academic basis along with leadership ability. Men are selected from junior standing who are pursuing an education degree. President of the Jackson chapter is Jim McCarthy.

Anyone who wishes to publish information in this column, please see Lawson Shaw or anyone at the Collegian office in the Student Union building, Hammond Hall.

Phi Mu Chi Beta, the science club of Jacksonville State would like to invite all interested science or mathematics majors and minors to the initial meeting set for this year on Monday, September 18, at 7 p.m. Other requirements for membership include an overall 1.5 average. The meeting will be held in Room 100 of Ayers Hall.

Marlene Robinson

One of the friendliest, smiling-est, most cheerful senior girls on the campus is Marlene Robinson, a graduate of Sand Rock High School. Anyone who knows Marlene knows that it is sheer exaggeration to say her favorite hobby is meeting people and making new friends. By this time she has a friend in practically every Jacksonville State.

Here at Jacksonville State, Marlene has seen her special interests blossom almost into a career. She is a major in the field of home economics, and a minor in science. This semester she is doing her practice teaching at Jacksonville High School, and graduation comes in January, 1963. After graduation she plans to go into either the teaching profession or home demonstration work. She also hopes to do graduate work in her field, and has decided on Auburn University for further study.

This active senior has participated in many activities during her college days, and to her the most important has been her work with the Baptist Student Union. Her dedication to this organization deserves recognition, for she has served as publicity chairman of the B.S.U. council, sings in three church choirs, and has given of her time in many other ways. She also is a member of the Leone Cole home economics club, the Three Keys organization, Phi Mu Chi Beta science club, and is social chairman of Abercrombie Hall.

Gerald Cofer

He showed his talent as a member of the concert band. However, his abilities were not limited to sharpness and finesse — he lettered in football and basketball also. His parents are Mr. and Mrs. Wheeler Jones of Lafayette.

Immediate plans for this senior call for completion of his indenture at the "MD" next January, and receiving a bachelors of science degree in music, with a trumpet major. After graduation Gerald plans to be a band director at some fortunate high school. To this energetic and talented senior the Collegian extends its salute and best wishes.

Student Forum

The Student Forum, an organization aimed at giving opportunities for discussion, will hold its first meeting this fall.
Coffee Table Brought To JSC By Chinese Student

It's an old Chinese custom to bring gifts when exchanging visits with friends, so Diana Chu, 19, of Hong Kong brought a handsome brass coffee table to the International House at Jacksonville State College when she arrived there this week. Engraved with symbols of good luck and happiness, it is now a treasured piece in the house where there are gifts from countries around the world.

Diana's coming to Jacksonville has an interesting story behind it, just as every student has who comes here. Perhaps there is more appealing than most since she and her family escaped from their native China to Hong Kong only hours before Communists moved in.

In 1961 when Roy D. Hickman of Birmingham attended the annual convention of Rotary International in Tokyo, he was given a letter of introduction to Dr. Kelly Chu of Hong Kong, father of Diana, by a friend, Monroe Lanier, Alabama shipbuilding executive. The Chu and Hickmans became friends while Mr. and Mrs. Hickman and their daughter, Mary Lynne, were in Hong Kong. Mr. Hickman, a former trustee of the International Endowment Foundation, made application for Diana to come to Jacksonville when he returned to the U.S.

Diana sailed from Hong Kong for San Francisco on Aug. 1 and they brought her to Jackson- sonville. She will be here for the day and evenings for study or recreation. The BSU choir meets on Tuesday evening. For all off-campus activities the new white bus will circle the campus about fifteen minutes before the schedule meeting time.

Newman Club

The Newman Club, The Student Forum, an organization for those students associated with and interested in the Church of Christ, meets twice weekly in the new chapel. These meetings are at 6:30 p.m., Tuesday evening and at 7 p.m., Thursday evening.

This year the forum is very fortunate to have as its director and student adviser Bill Bowen, who has recently received his master's degree in religious education from Harding College, Memphis, Tenn.

The Student Forum extends a cordial welcome to all interested students to attend its meetings.

BSU

The Baptist Student Union urges all Baptist students on campus to join the Church at College. The BSU activities include Vesper Services three nights a week in the Chapel and Morning Watch every day at 7:45 a.m. The Westside and Fayetteville Chapters have both offered students facilities and programs. The Student Center of the First Baptist is available during the day and evenings for study or recreation. The BSU choir meets on Tuesday evenings. For all off-campus activities the new white bus will circle the campus about fifteen minutes before the schedule meeting time.

Newman Club

The Newman Club, and organization of Catholic students, wishes to announce that regular meetings will be held on Sunday afternoon around 5 p.m. at Our Lady of Wisdom Chapel on Seventh Avenue. Catholic students are invited to eat supper, tell about your school, and then have a small price, and bring friends to an informal "get-together". Catholic boys interested in acquiring housing facilities at the Chapel are urged to contact Fr. Praktir Giri as soon as possible. The rooms are expected to be furnished soon. Mass is held regularly each Sunday at 11 a.m.
Oblong Observations

Dr. Montgomery, dean of the college, always so very busy, yet always finding time to be friendly to the students.

How easy it would be to lose the excellent facilities provided by the SUB, by carelessness. If unthinking students continue to scatter their cups and papers all over the campus, we are warned, the source of all this waste can be closed.

A senior girl wearing flip-flops. OK. But they were both for the right foot!

An excellent spirit at the Saturday night pep rally and dance... cooperation was commendable. Even some "Bigwigs" were there. Keep up the good work.

A couple of Yankees leaning against the wall very nonchalantly when "Dixie" was played for the first time this season. Wonder what would happen if the band learned "Yankee Doodle."

—Francis Bacon

Friendliest Campus In The South

Along with the eminence of ranking scholastically second in the state of Alabama, Jacksonville State College also claims the distinction of having the friendliest campus in the South. The scholastic rating is an accomplishment of the administration and faculty. The friendliness is an accomplishment of the students. We, the students, have little control of the scholastic quality of the school, but we have complete control of the quantity of friendliness here.

Friendliness at Jacksonville State is a tradition almost as old as the college itself. But regardless of a tradition's age, it must be nurtured if it is to continue to live.

With the increase in the size of a college there is always the threat of a decrease in friendliness. Jacksonville State is larger this year than ever before. The threat presents a challenge. Will we sacrifice our friendliness as we grow or will we manage to be both a big school and a friendly school? It depends entirely upon the student body.

—Cole

Students — Please Drive Carefully

As You Travel To and From Home

Student Code Of Ethics

The following, which, though prepared by a group of High School students, has much food for thought, for us all:

As a foundation for better citizenship, we, the students of Niles Township High School, hold as our desire to preserve the advancement of our ideals.

We regard a person's individuality as one of his most priceless possessions. We believe in scholarship, which represents opennessmindedness toward knowledge and ideals; leadership, which understands the obligations of living in a democracy; service, which fosters personal responsibilities; friendliness, which recognizes no barrier of race color or creed; and respect for authority, which is a necessity in an organized society.

As American citizens we realize the need to develop character and courage to maintain government in defense of democracy, and to accept honesty and spiritual value in every day living. In order to attain these ideals, we, the students of Niles Township High School, submit this code:

Definition of Horse-sense: Stable thinking.

"Read not to contradict and confute; nor to believe and take for granted; nor to find talk and discourse, but to weigh and consider...."—Francis Bacon

Do You Wish Extravagantly?

Many people throughout their lives have desired to have many luxuries, or they have traveled trips like people of wealth take. Well, to those who don't know, the price of their desires, here are some examples.

To spend a year in Paris [with the same standards] would cost about the same as in an American city. A student who is willing to live in a dormitory or garret room and eat skimpily can live on $2,000 a year.

To charter a 35-foot yacht for three days would cost one $150. One can charter a 45-foot boat with a captain aboard for $400-$500. This includes crew's wages but not food or fuel.

Tickets for seats on opening night at the Metropolitan Opera, in New York City, would cost $3.50 per seat at the rear of the family circle just under the roof, and $45 for a seat in the orchestra. "Diamond Horseshoe" boxes seating right people cost from $650 to $450 in the side section. Standing room prices start at $1.25. The line for a great seat is to be seen not only the evening of the performance, but for days ahead of the performance.

No one can completely take over the Stork Club, but a dinner for 250 would cost $5,000. If one wanted to dance, he'd have to hire his own band at $25-$50 per man. The band leader gets double plus eight percent of the band's entire earnings.

To charter a helicopter in an eastern city would cost $100 per hour for a copter's seating of three plus the driver. A seating of 15 would cost one $360 per hour.

To take a steamship voyage around the world would cost from $2,300 for an inside cabin to $6,200 for one $360 per hour for the driver. A seating of 15 would cost one $360 per hour.

The program, in conjunction with the Department of Highway Safety, has been placed on cars on a constant emphasis basis. The program, in conjunction with the Department of Highway Safety, has been placed on cars on a constant emphasis basis. The program, in conjunction with the Department of Highway Safety, has been placed on cars on a constant emphasis basis.

Ex-IH Student Visits At JSC

Hansperet Goot, a former International House student from Moscow, Russia, was accompanied to Jacksonville by Mrs. and Mrs. Jack Stone, who sponsored Hanspeter at the International House, and Mrs. Estella Langley of Hartsville.

Hanspeter was a student here in 1957-58, and this is his first return visit. He has had a wonderful time showing his wife the cities of New York, Philadelphia, Washington D. C., and the college campus. He has also enjoyed introducing her to friends in Hartsville where he spent holidays and vacations.

Hanspeter is an air traffic controller at the International Airport in Zurich. His wife is a secretary at the airport. They made the trip to the U. S. on a BC-8 Jet airliner and will return about the same way the latter part of the month.

Since leaving here Hanspeter has served his military tour and for one year he taught school in a small Swiss town. He had asyap's training for his present work in which he directs traffic for planes, landing and taking off at the large airport. It is necessary for him to speak several languages in communicating with the pilot.

Hanspeter plans to return in 1963 for the International House reunion which many former students plan to attend.

The students of this institution are bearing the sticker and to do so is to do all he can to insure that not only will he arrive alive, but also that he will give the other fellow a chance.

The program, in conjunction with several industries and civic groups in Alabama, will continue on a constant emphasis basis. Many thousands of the red and green bumper stickers have been placed on cars on a voluntary basis.
REGISTRATION AND RAT WEEK — Told here in various and sundry “pictures that speak louder than a thousand words” is the story of a week of confusion and profusion. The week of registration is, to some, the long awaited chance to get revenge for the treatment they had to take during their own first week on campus. For others it is an eternal waiting line in the heat of the sun. For all of us it is a chance to spend time in pure socialization, with no worry about homework, classes, or a lot of responsibility. Top left is our hardworking VP, Gerald Waldrop, lost behind a mountain of “Hat hats.” To his right are his hijacking cohorts, the cheerleaders, Sandy Huggett and Paul Bain, who helped him eject a dollar bill from every rat who entered the auditorium door. Below them is the result of their efforts — a sea of red and white beanies with white name tags. In the upper right hand corner is that illustrious ward of discipline, Miss Gerrry Clegg, assistant director of housing. Excited rats seated against the back wall were the objects of her smiling and sympathetic “Shhh.” Below them are lines, lines, and more lines. The sure sign of patience like unto Job is anyone in these pictures who is smiling. This was the beginning, the arrow has let fly, and where she lands, nobody knows.
Beat the Indians!!

Sportswise...

By LESTER DEAN
Dean of Sports

The football season has begun for Jacksonville. Even though the game with our strongest rival, Florence, is behind us, we still have a rough schedule ahead of us. This Saturday the Gamecocks meet SEMO here at the Memorial Stadium. We have a strong team and I urge all students to back your team this weekend by being at the game ready to cheer the Gamecocks on to victory. Last year we were beaten in a very close game, 13-12.

Better start making plans for homecoming. It's only three games away—Oct. 6. This year we play Troy State. But we won't let them spoil our homecoming, will we?

Hal Hayes and Ray Jordan have edited a colorful and informative football brochure. The covers are in color with a picture of Arland Carter, Little All-American, Lamar Caldwell, 1961 Most Valuable Player, and Coach Sallis on the front, and a very good picture of Coach Don Sallis on the back. Its primary purpose is to inform the press, radio and TV about the 1962 JSC team and its jammed full of information. It tells about our players and coaches and all about the 1961 season.

But that's not all. It has some other very interesting articles. In its生动的 about the bowl game, JSC has won, Little All-American players Jax State has had, and JSC football since 1940. Well, I could go on and on describing the booklet. I understand that Coach Sallis had a great deal to do with getting the booklet put together and I think he, Hal Hayes, and Ray Jordan should be commended for a wonderful job.

Meet the Gamecocks

By LESTER DEAN

Ronnie Harris, a very good student and a great ball player, has the position of end on the Jax State football team. Ronnie is one of the best sportmen and also one of the best players Jaxco. Ronnie has ever had on his campus. He is 6'1", weighs 185 pounds and hails from Crossville on Sand Mountain.

Ronnie graduated from Geraldine High School in 1960 and is a junior here at the college.

While attending high school, he was a good student and received several honors. He was president of the Beta Club, selected Good Citizenship Boy and Mr. Geraldine, was president of his junior and senior classes.

Meet The Gamecocks

By JAMES E. HASTINGS

COLLEGIAN Sports Writer

The football team of South-east Missouri State, better known by the initials S.E.M.O., will come to Gamecock land Sept. 22 for the first time to do battle with our Gamecocks here at Jacksonville.

The current series between the two schools started at the Indians' home stadium in Cape Girardeau, Missouri. The Indians came out on top by only a point, and the Gamecocks will be seeking to turn the tables this year.

Coached by Kenneth Knox, the Indians have been perennial champs and runner-ups in the M.I.A.A. conference for small colleges in Missouri. The Indians have several returning from last year's squad plus a promising crop of sophomores that give the Indians the balanced team. This was proved in their intra-squad game as the first and fourth units teamed up to defeat the second and third units at twenty-six to seven. In this game the backfield proved that it could move the ball and the line play was very stout.

This will be the second game for the Indians this fall as their first game was with Western Kentucky. The Indians lost out of a split "T" formation with more emphasis on the passing attack. The men to watch in the backfield are Lyman Brown and Gary Lynch. They also have a pretty good place-kicker in Bob Allendorf.

Defeated this past week in Paul Snow Memorial Stadium will tell the tale as Jax State students turn out to see their 36-14 victory.

Sept. 10, Count Wolfgang von Trips, 33, and 11 spectators were killed when a plane carrying the team to the race was shot down and crashed in the mountains of Italy, during the Italian Grand Prix. The race was won by Phil Hill of Santa Monica, Calif., who also won the 1961 world drivers' championship. On this same day Raymond of Australia won the Italian Grand Prix in a car driven by John Surtees of England.

In 1901 the American League came into existence but the two leagues were not on the best of terms for a few years. Finally they got together and the American League completely whipped the National League. From then to now the competition between the two leagues has been terrific.

In 1961 the America's Most Valuable Player vote was won by Mickey Mantle, who also won the 1961 American League's Most Valuable Player. The race was won by Phil Hill of Santa Monica, Calif., who also won the 1961 world drivers' championship. On this same day Raymond of Australia won the Italian Grand Prix in a car driven by John Surtees of England.

The next period in World
series history is called, of
which he made from 1916 to
summer. And, of course, Ronnie

You can look for Doug to be
in the starting lineup often this
year and see quite a bit of ac-

Football is not the only sport
in which this young athlete has
earned a letter. He plays basket-
ball equally well as a forward
on Coach Roberson’s team. He’ll
be in the starting lineup in
both sports again this year with
to go. Ronnie’s specialty in foot-
team you see he is a tremen-
dous asset to the JSC

The pennant race in major
league baseball is really a tight
one. The New York Yankee
practically have the American
League pennant but it’s neck
and neck between San Fran-
cisco and Los Angeles in the
National League. It looks like

Ray Jordan, a senior from
Gaddeden, is the sports publicity
director for this year. He be-

dated and has been doing
fine job. Ray is a hard worker,
very interested in sports, and is
one of the friendliest students
on campus. He will be a great
asset to the sports department
of our college.

How many of you have no-
ticed the backboard behind the
east goal post? The board is in
a very shabby shape and would
be a good project for one of
the organizations or clubs on
the campus. The poor Gamecock
is about to fall to the ground.
some of the boards are un-
painted, and one or two are
even broken.
