The COLLEGIAN would like to say that the photograph of Janet Cook, the last issue's "Gem" did have a checker board in it--but somehow it got cut out. Our apologies to Janet.

In a political science classroom last week was the following

From Fred How To Stay Awake

For those who find it hard to stay awake in class, this suggestion is respectfully submitted.

A system used by two young enterprising scholars attracted this reporter's eyes not long ago as he was sitting in a particularly boring class (insomnia keeping sleep from dulling his own brilliant senses.) The system ran thusly; one boy would punch the other every five minutes to keep him awake. It worked beautifully (disregarding bruises and occasional bursts of unhampered laughter which bordered on hysteria.) The only problem was that boy A--the puncher--became sleepy after about two or three weeks of this and a new plan of action had to be taken. This time, boy B--the punched--would alternate with boy A and every ten minutes punch him to keep him awake and remind him to punch next.

Well, this turn-about-poking went on for quite some time with nominal success (the teacher still refused to believe his lectures so amusing as to merit the spontaneous hilarity which now and then broke forth from one of the two) and finally the inevitable happened. One day, by some strange accident, both boys punched at the same time--their fingers met in mid-air and their fingernails met with a crash. Sparks flew about wildly and one girl almost lost a full head of blond-spray-netted-teased-up hair. A boy in the back of the room--who had apparently been day dreaming--immediately knelt, placed his hands across his chest and began repeating his paternoster.

When the smoke had cleared and the confusion had been de-throned, the instructor looked about as if nothing had happened and began again to lecture in an even more dull and stupefying manner. This was too much. The boys--both now sporting a well blackened forefinger and having a very bad

case of self-induced D T's--were forced to listen to the remainder of the lecture with the problem of who had punched out of turn on their mind. Because neither could figure out who was wrong, neither punched again for fear of creating a similar disturbance and thus both feel asleep.

Amendment: Wear non-flammable nail polish for protection if you decide to use this method, and make out a punching chart to make sure no one punches out of turn.

From The Library

In the future, articles of interest to library patrons will appear in the COLLEGIAN. These articles will be relevant to library service and will include statements of library policies, annotations of important reference books, reviews of books, descriptions of new equipment and any other news that will serve to help patrons use the library materials more effectively.

Presently, your attention is called to a New Book section located to the right of the entrance to the main reading room. As new books are brought from the catalog room, they will be placed on the shelving near the informal grouping of chairs at the front, east corner of the room. These books are placed there for your examination and may be checked out if you find one which interests you.

Any book from any display may be checked out if you wish to take it with you.

Those interested in new trends in education will like to study pamphlets found in Princeton Files in the education collection. These booklets and pamphlets are fully cataloged and may be checked out. Many contain information too new to be included in books and for that reason fill a special need for education majors.

FACTS ON FILE has recently been added to our periodical collection. It is probably the most complete condensed coverage of major news events. The annual volume with index will serve to locate any news item of interest for the year covered, and the weekly issues will keep news coverage up-to-date. You will find FACTS ON FILE one of the finest reference tools for locating facts about current and past news. It is kept at the attendant's desk in the periodical room. In a political science classroom last week was the following message--

Constitutional Law Class vs. Dison

Facts: Mr. Dison has not delivered a case in this class all semester. A writ of mandamus is requested, compelling him to deliver a case.

Question: Should Mr. Dison be required to deliver a case?

Answer: Yes

Reason: Because the rest of us have done so. We plead "equal protection" under the 14th Amendment.

As a professor said, with friends of that sort this fellow needs no enemies.

(A later report: Mr. Dison has now delivered a case.)

You can tell that it's election time again. We came through the dining hall line the other night, and who was working and meeting the guests? Yep. John Ray and Larry Payne, both of them candidates for vice president of the SGA. They say that this is one way to meet the voters. And why not? We know some others who have found this system to work very well.

We understand that the candelabras in Leone Cole Auditorium are due to the efforts of the Scabbard & Blade, the "J" Club, and Mr. Heinrich Mueller. (They're designed so that the auditorium can be lighted by 54 candles.) Thanks, fellows.

A student going through the rather rigorous initiation of a campus club cried, "You can't do this to me, I've got rights!" He was asked what rights he had and he replied, "I'm a human being!"

A professor recently commented on the millions the "Beatles" are likely to reap this year, and then asked, "Isn't THAT a travesty?"

He is demanding as a teacher, but when a student passes one of Dr. Cantrick's courses, he pretty well knows the material backward and forward.

As a musician, Dr. Cantrick excels as a composer, performer, and conductor. Some of his compositions have gained national recognition and his original "buzz" method of producing a tone on the flute has attracted quite a bit of attention from interested musicians across the nation. As a performer, he is one of the finer flutists in this section of the country.

Dr. Cantrick has achieved several "firsts" for JSC. The most notable of these is Mason Hall, although being handicapped by the facilities (?) of the old Music Building did not stop Dr. Cantrick and his colleagues from producing fine musical performances. He spends hundreds of hours planning Mason Hall, so that it would offer the best facilities possible, with the most efficiency. His devotion and dedication to the future of music students here is perhaps best evidenced by the conveniences of this lovely building that he planned especially for them. A visit to the study center, on the listening seminar, or the tremendous performance center will impress one with the amount of effort and thought that went into it. Dr. Cantrick is to be congratulated for keeping such widely differing departments as music, business, home economics, and art under the same roof without an outbreak of civil war!

Another of the firsts under Dr. Cantrick's supervision was the faculty Woodwind Quintet, recently presented in concert here. We have been told that their performance here was on a par with that usually found only in large universities.

Dr. Cantrick is leaving at the end of this semester to accept the position as dean of fine arts at Wisconsin State College, Stevens Point, Wisconsin. We offer our congratulations to Wisconsin State.

Dr. Donald Salls, head football coach at Jacksonville State College, today announced the 1964 football schedule. The season opener is scheduled to be played at Cliff Hare Stadium.

Already the game's oddsmakers rate the Gamecocks a favorite to win, but predict that Auburn High will make the game a close one.

SGA Calls Cole "Trouble Maker"

At last week's meeting of the Student Government Association, the group considered a proposal which demanded the ousting of several of the officers for inefficiency.

After a heated debate on the question, the SGA voted in favor of retaining all officers.

Following the meeting, Student Government officers remarked that the proposal was "ridiculous" and all agreed that the sponsor of the proposal, Jax State senior, Randall Cole, was "nothing but a troublemaker."

ANOTHER OPPORTUNITY FOR THE ATHLETIC DEPARTMENT

Several persons on campus have wondered out loud why we no longer have a golf team here at Jacksonville State College. There are several students on campus who play well enough to compete in collegiate competition. Facilities for practice and a qualified coach shouldn't be too much trouble to obtain. And the expense of a golf team certainly wouldn't compare with the costs involved in other varsity sports. Members of the teams would have their own clubs and accessories.

I think the idea is worthy of the consideration of the appropriate administrative officials. It certainly would be another step forward in the athletic program of Jacksonville and would offer yet another field of activity for boys who don't feel suited for other varsity sports.

"MIGHTY MOUSE" CLAY IN HOT WATER

Cassius Clay has managed to stir the animosity of a lot more people than those who make their living as heavy-weight prizefighters. The World Boxing Association's president is pushing for Clay's title to be revoked in face of some of his recent activities and associations.

One of the WBA's biggest gripes is the contract Clay had made with a company of which Sonny Liston is president. The contract in question signed before their title bout, guaranteed Liston's promotion company the right to name the site, date and opponent for Clay's next fight if he won the title from Liston. Clay's handlers promised these privileges in return for \$50,000.

Another pet peeve of the WBA is Clay's association with the Black Muslim organization and with Malcolm X, the Negro who last week told 1,000 Negroes in New York City that they should start backing their ballots with bullets. Clay has become intrigued with the Muslim organization to the extent that he insists on being addressed as Muhammad Ali.

Gamecocks To Play Florence

Coach Ray Wedgeworth's baseball nine embark upon a 14-game slate Thursday when the Gamecocks host Florence in the afternoon.

Wedgeworth, new tutor of the Gamecocks, replaces former coach Gene Hanson, who has taken a leave of absence.

And with a complete starting unit returning in the infield the Gamecocks' defense looks like a strong point while pitching and hitting leave a big question mark at present.

Only veterans on the mound staff returning are righthanders Tommy Fite and Jimmy Vick and leftie Jimmy Gregg.

In the infield Lane Blankenship holds down first base while Harold Brooks guards the second sack. Dennis Love will be at shortstop and Glenn Wadsworth will play the hot

corner.

Wadsworth was the leading hitter for JSC last season and was voted most valuable player.

Other infielders making strong shows are first baseman Wendall Hubbard and shortstop Arthur Stewart.

Behind the plate will be Larry Holder, a starter for two years, and Randy McCord.

In the outfield Allen Stevenson, Larry Patterson and Bobby Martin are making impressive showings thus far.

And while Wedgeworth refused to name a starting pitcher he will give the starting nod to either Fite, Gregg, Vick or newcomer, Gar Wilson or Jasper Clark.

The opener for JSC will be played at the old mill field but the remainder of J'ville's games will be held at the Piedmont YMCA field.

Intramural Sports

The players of the Basketball Intramural teams recently selected a team of all-stars. Named to the first team were Richard Johnson of the Razorbacks, Terry Owens of the 409's, Alan Stephenson of the Razorbacks, David Myers of the Studs and Randy McCord of the 409's.

Named to the all-star second team were Jimmy Wilson, Charle Tucker, T. Patterson, Randy Proctor, Bobby Johnson, and J. Green.

SOFTBALL SEASON TO BEGIN

Softball season begins today. If you want to participate and have not yet joined a team you may sign up for the league this week in Coach Stevenson's office.

GIRLS' INTRAMURAL PROGRESSING WELL

The girls' intramural program started March 10 with volleyball. There was a good response from the girls on campus and it looks as if the program will be a permanent fixture.

They are divided into three leagues of six teams each.

RESULTS OF TOURNAMENT

The Bengals swept honors for the boys' Intramural Basketball Tournament in the X League this year with a perfect 10-0 record. Tied for second place were the Boppers and 409's with identical 8-2 records.

In the Y League, the Razorbacks set the pace with a season's record of 9-0. The Spartans also won nine but took second place with one loss.

J-Day Activities Cancelled

The J-Day football game, originally scheduled for this Friday has been definitely cancelled due to so many injuries and dropouts.

Starting the spring with some 60 candidates on hand, Coach Salls' squad has been narrowed to only 30 members.

And Salls, a man who has a right to be on the blue side, hit the nail on the head last week during an interview.

"Never can I remember so many injuries, loss of key personnel or days lost due to bad weather since I have been at Jacksonville State.

"We have accomplished very little because of these conditions, and the changing of our offense from the single wing to the pro 'T' has furthered our difficulty in making any progress."

Latest dropouts on the Jax State squads are ends Terry Harris and Toney Adams and guard David Dunlap.

On the injured list, which has shot the first-string for-

First Track Meet

The first track meet in recent Jacksonville State history will be held Thursday between J'ville and Florence and will be the first of five meets slated for the Gamecocks this season.

Coach Buster Douthit labeled the squad as young, but has been working hard and the meet with Florence should open a few doors for the Gamecocks.

The meet with Florence will be held at Saks High School because of the fine facilities there and will begin at 2 o'clock.

The Gamecocks will hold a game-like scrimmage this Friday, but spring drills will probably continue through next week because of so many rained-out practices.

JFK A Lover Of Sports

By Dick Johnson

Much has been said since November 22, 1964, about the contributions of John F. Kennedy to politics, national government, and domestic and foreign relations.

Little, however, has been said about JFK's contributions to sports. And this is too bad, for he left America with a new interest and concern for the physical fitness of the American people.

John Kennedy lived the life of an athlete, he promoted athletics and sportsmanship, and he died a symbol of the physical perfection man can reach. Many of his closest advisers were former athletes, some of considerable renown like Byron (Whizzer) White.

SPORT magazine recently carried an article on JFK's legacy to sports. It said that, despite some evidence of cheating and corruption in sports, John Kennedy "has not cheated us. He martyred himself to excellence, and was slaughtered by mediocrity, but he made us see the difference. No longer shall we be satisfied with the defilers of our dream. This is his legacy to sports."
