

# Election Time Draws Near

Elections for Mr. and Miss Jacksonville State and Mr. and Miss Friendliness will be held on Feb. 25. Any student of Jacksonville State College may nominate candidates for these top honors, and ballots may be placed in the SGA ballot box located in the student union building, or they may be given to any SGA officer. Winners will be decided by majority with no run-offs and should be announced as soon as the votes are tallied.

The boy and girl chosen as Mr. and Miss Jacksonville State must be of junior or senior standing and should have the qualities that make them a part of Jacksonville State College. They should represent the campus and student body in citizenship,

scholarship, sportsmanship, and should be all-round good students who have contributed much to our college.

The candidates for Mr. and Miss Friendliness must be of senior standing and should possess qualities of cheerfulness, friendliness, and optimism. They should evoke a sense of school spirit and truly be representatives of Jacksonville State College which is the "Friendliest Campus in the South."

These are the highest and most honorable awards any student may receive while at Jacksonville. Awards and trophies will be presented to the winners on Awards Day, May 5.

By Cindy Linehan

## Mr. William E. Gilbert Member Of Ala. Review

William E. Gilbert, assistant professor of history, is now a member of the editorial board of The Alabama Review, a quarterly published by the Alabama Historical Association.

He was appointed to a three-year term and it will be his duty to edit, give opinions and to contribute editorials to the quarterly.

William Stanley Hoole, University of Alabama, is editor

of the review, and James B. McMillan is director of the University Press.

Mr. Gilbert has been a member of the JSC faculty since 1954. He received his AB and MA degrees in history at the University of Alabama, and has done considerable work toward his doctorate. He has been active in the historical association for several years.

## JSC Awards Scholarships

Approximately \$1 million has been loaned in scholarships to students at Jacksonville State College over the past seven years, according to Mr. Baskin Wright, director of financial aid.

National Defense Loans will have been granted to 850 students at the end of the 1964-65 school year, amounting to \$763,091. Of this amount, the federal gov-

education by means of these scholarships.

When the loans were first offered in 1958-59, the National Defense Loans amounted to \$11,605. In 1964-65, the annual amount had increased to \$235,008.

JACKSONVILLE STATE COLLEGE, MONDAY, FEBRUARY 22, 1965

NUMBER FOUR

## Viveca Lindfors To Make An Appearance At JSC

True, Viveca Lindfors is an interesting name, but what really makes it so very interesting is the person with that name. Viveca Lindfors is a beautiful award-winning Swedish star of stage, screen, and television. She is now an American citizen and is married to the well-known Hungarian-born novelist and playwright, George Tab-ori, who dramatized "Brecht on Brecht."

Miss Lindfors will be presented by the Division of Languages on Wednesday

evening, March 3, in the Leone Cole Auditorium. Dr. W.J. Calvert, chairman of the division, has charge of the event. In her Jacksonville appearance, she is expected to read selections from the plays of Bert Brecht, regarded as the greatest living European playwright.

Like Greta Garbo and Ingrid Bergman, she is a graduate of Sweden's Royal Dramatic Theatre School; she also studied under Lee Strasberg and is a member of the Actor's Studio.

VIVECA LINDFORS

Before coming to the U.S., she was a star in her own country and received the Best Actress of the Year International Film Award, which is Europe's equivalent of Hollywood's Oscar.

Boardway first discovered Miss Lindfors exceptional abilities in the hit "Anastasia" in which she played the title role, winning the Antoinette Perry Award and superlatives from the critics.

She starred in a revival of Rodgers and Hart's "Pal Joey" at the New York City Center and has appeared off-Broadway in "Brecht on Brecht" and "The

## Woodwind Clinic Set For Thursday

A former Alabamian, and student at JSC, Jean Kershaw of Gadsden, a flutist, and her husband, Lester Cantor, who plays the bassoon, will hold a woodwind clinic and be presented in a concert at Jacksonville State College on Feb. 25, it has been announced by John Finley, head of the music department. Harold Thompson, a member of the music faculty, will play their accompaniments.

Jean Kershaw is a graduate of the Eastman School of Music, and has been principal flutist with the Nashville (Tenn.) and Florida symphony orchestras. She was soloist with the Nashville orchestra and St. Louis String Ensemble and has performed with a number of other well-known orchestras.

Mr. Cantor, who graduated from the Juilliard School of Music, was principal bassonist with the St. Louis Symphony for four seasons, and has been associated with a number of other leading orchestras, including American Opera Co., New York City Center Opera, Festival Orchestra, Canadian Ballet, Radio City Music Hall, St. Louis Symphony and others.

The couple began performing together in New York six years ago, when they played with the National Orchestral Association in a woodwind quartet.

Their concerts this season

students at the end of the 1964-65 school year, amounting to \$763,091. Of this amount, the federal government's contribution is \$665,713, and the college's matching funds totaled \$73,968. Principal and interest collected and re-issued amounts to \$23,410.

In addition to the government loans, the college has the Logan-Walker Scholarship Fund which comes from interest on a \$1 million bequest left to the college by Mrs. Nannie Logan about 10 years ago. Logan-Walker loans have been made to 173 students in the amount of \$145,275, making a total of \$908,366 loaned for scholarships.

Over the seven-year period, 1023 students have been aided in obtaining an

## Notice

All candidates for graduation in July, 1965, are cautioned to make an appointment with Dean Miles to go over their requirements for graduation, beginning on March 17.

The candidate for graduation will not be notified of any deficiency in his requirements immediately following registration in the summer, as has been done in the past.

The increasing number of candidates makes it impossible to process the necessary information in time for the schedules to be changed.

## Richard Cass Scheduled For Concert March 1

The Jacksonville Community Concert Association will present Richard Cass, pianist, on Monday evening, March 1, in the Leone Cole Auditorium. This will be the third offering of the current season.

Mr. Cass, a native of Greenville, S.C., is said to be one of the rising young stars on the American musical scene, and is compared to Van Cliburn by those who know him and have heard him play.

He was chosen pianist winner of the Twentieth Biennial Young Artist Auditions of the National Federation of Music Clubs 12 years ago and since that time has won acclaim at home and abroad.

In the summer of 1964 he made his London debut in Wigmore Hall, the city's equivalent of New York's Town Hall. The next day two of London's most important and conservative newspapers were lavish in their praise.

The London Times critic reported that "he is the possessor not only of a pair of

most agile hands but of a mind fully capable of directing them to musical purposes . . ."

The London Daily Telegraph critic called him "an important pianist from America who offered a stimulating and satisfying recital. He is a complete artist."

After winning the music federation's coveted honor in 1953, he was offered a contract for concert representation by Columbia Artists Management, Inc. Then he was awarded a Fulbright Scholarship for study abroad, and he spent two seasons at the Ecole Normale de Musique in Europe, also making his Paris debut. He was chosen winner in the Viotti International Contest in Vercelli, Italy, and filled professional engagements in many cities in France.

He has given two recitals in Carnegie Hall and has made coast-to-coast tours, re-booked everywhere he has appeared, and with a "sold out" schedule this year.

## Glamour Magazine Wants The Best Dressed Girl From JSC

Time is rapidly running out for nominations of the "Best Dressed Girl" of Jacksonville State College. Nominations have been rolling in fast so be sure to hurry and get yours in.

As we stated in the last issue of the COLLEGIAN, three photographs will be made of the girl chosen to represent

Jacksonville. They will be sent in to the national magazine, Glamour, for competition with girls from campuses all over the country. Winners have come from UCLA, Sweet Briar, Oregon State, Wisconsin, and many others. This is the year for

See Best Dressed, Page 3

Joey" at the New York City Center and has appeared off-Broadway in "Brecht on Brecht," "Miss Julie," "King Lear," and others.

The Best Actress Award at the Berlin Film Festival for the motion picture, "No Exit," and the Special Award at the Venice Film Festival for two films "Weddings and Babies" and "The damned" are some of the awards Miss Lindfors has won because of her extraordinary capabilities.

Viveca Lindfors has provided some of television's most electrifying moments, notably as Natasha in Dostoyevsky's "The Idiot" in CBS's Camera Three, and as LaPerichole, the flamboyant South American actress in a special TV presentation of Thornton Wilder's "The Bridge of San Luis Rey," which co-starred her with Judith Anderson.

In her platform appearances, whether portraying a character from Brecht, Strindberg or any of the other great authors she admires, Miss Lindfors is said to always be ready to transmit some of her own intense enthusiasm for the theatre in answering questions from her audience and, in general, communicating a sense of what it means to give dimension to a character on the stage.

By Theron Hendrix

## Notice

All students now enrolled who plan to return for the summer and/or the fall semester of 1965 are requested to complete a permit to register and housing reservation form for either or both semesters.

These blanks will be available in the lounge of Graves Hall (across the hall from the office of admissions and records) according to the following schedule:

Tuesday, Wednesday and Thursday through the month of March; 10:30 a.m.-12:30 p.m., 1:30-3:30 p.m.

Students are cautioned not to forget that if a permit to register and housing reservation form are not submitted by April 1, they will not be accepted after that date.

with the National Orchestral Association in a woodwind quartet.

Their concerts this season include chamber music programs for winds, recital for flute, bassoon and piano concerts in the Northeast, and a tour of recitals and clinics in the Southeast.

## Valentine Dance Held At JSC

The SGA held its annual Valentine's dance at Cole Auditorium Saturday night, Feb. 13, from 8 until 12.

Couples dressed in semi-formal attire danced to the strains of music supplied by Jimmy Simpson and his orchestra. Most of the music was slow, with an occasional cha-cha, tango or bossa nova to change the pace of the dance. The slow, smooth selections helped to create a romantic atmosphere appropriate to Valentine's Day.

The orchestra was seated on the stage against a backdrop of hearts. Various sizes of red and white hearts surrounded one big red heart on which the word, "I love you," were inscribed in glitter. Flickering candles illuminated the auditorium.

GEM OF THE HILLS--Since history is in the making lately, with space rockets being sent up nearly every week now, our Gem of the Hills has decided to get into the swing of things by bringing out her space helmet. Actually, she is commemorating John Glenn Day, which was Feb. 20. Our pretty Gem of the Hills is Kaye Walker, a senior from Birmingham.

## Commercials, Commercials!!

It would be difficult to substantiate that an intentional slap at Alabama was made during the parade of bands on Inaugural Day in Washington. But it would be equally difficult to convince the many Jacksonville students, who kept close by their television sets to watch Alabama's official band march down Pennsylvania Avenue, that it wasn't.

A commercial appeared just at the time the Jacksonville band would have come into view.

Disappointment among the students was keen.

While the incident may not have been a premeditated vindictive

move, certainly it is obvious enough that the commercial was ill-timed.

It would seem that television's major objective is to reach as many viewers as possible and, public relation wise, to win friends.

The Inaugural Day snafu took the extreme opposite course as far as Jacksonville students are concerned. And it may well be that they are not too far from the truth in their assumption.

"If it's time for a commercial, let's do it on Alabama time."

This occurred to some degree. There's no doubt about that.

Gadsden Times

## U.S. Through Vietnamese Eyes

In view of all the expressions of our attitudes toward the Vietnamese and the situation in Viet Nam, it seems appropriate to consider Vietnamese attitudes toward us. We cannot understand how the Vietnamese can call us "imperialists" and resent our presence there, when all the while we are defending them from imperialism. Perhaps a better understanding of the historical basis for their attitudes will shed light upon the subject.

Until World War II, Asians considered the United States a good friend and they thought of us as a truly sympathetic nation. The Asians were revolutionists in nature and the United States had been born of revolution; and the United States had not engaged in exploiting Asia to the extent that European nations had.

During and after World War II, the southeast Asians began to wonder why we fought harder to defend Europe than we did for Asia, when Asia was hard pressed by the Japanese.

Why were two atomic bombs, the greatest destructive forces the world has know, dropped on two Asian cities and on no German or other European cities? Was it because the United States thought less of Asian cities?

After the war, why did we spon-

sor vast amounts of economic aid for the reconstruction of Europe and offer very little aid to Asian countries? Why was there no Marshall Plan for Asia.

Soon after the war, NATO was established for the protection of Europe; SEATO was organized much later. Why should NATO be many times more potent than SEATO?

The United States rebuilt and protected Europe, but occupied Japan and Korea with troops and rebuilt little in Asia. Because of this, Asians associated the United States with European nations, which had long been recognized by them as imperialists. Hence, we too are regarded as imperialists.

Certainly the United States had good reasons for its actions during and after the war in relation to Asia. But the Vietnamese and other southeast Asians have yet to comprehend these reasons. Add to this the constant Communist infiltration and propaganda to which these people are subjected and their attitudes become even more understandable. Perhaps if we kept these things in mind we could better understand the Vietnamese and our relation to them in their present situation.

By Harold Hodges

## Letters To The Editor

Dear Houston:

I wanted to write just this note to tell you how proud we all were of the Jacksonville State College Band in the Inaugural Parade. It did itself proud representing the State of Alabama.

I am sure you saw it on television and that you enjoyed it as fully as we did. However, here far away from home it gave all of us a thrill.

With best wishes and kindest personal regards, I am

Sincerely,  
John Sparkman  
United States Senate

Dear Sir:

I happened to be watching the Washington inaugural parade yesterday and saw your band as they passed the reviewing stand. Congratulations on a fine group because they both looked good and sounded well.

On checking on the football schedule, I notice that your team is scheduled to play here Oct. 9, and I am wondering if there is any possibility of your bringing the band here to share the pre-game and half-time show with us. I realize that this is quite far, but we want you to know that we would be most happy to have you and the band as our guests for that game.

Sincerely yours,  
LeRoy F. Mason, Director  
Golden Eagles Band  
Southeast Missouri State College

Dear Director:

Please accept my compliments to you and the members of your Band for a fine performance in the inaugural parade. I watched the proceedings on television from my office, and was much impressed by the spirit, fine sound and wonderful appearance of the group. Your contribution was much appreciated by an ardent band-fan, I assure you, and I hope that your trip to the Nation's capitol was a rewarding as well as enjoyable one.

My very best wishes to you and the band for a most successful year of continued fine musical experiences.

Sincerely yours,  
Robert H. Rubin  
National Executive-Secretary  
Kappa Kappa Psi  
Honorary Band Fraternity

P.S. I particularly enjoyed the good solid sound in the Latin idiom. Congratulations!

### Newman Club News

The Newman Club, which is the Catholic organization on campus, has an interesting and varied schedule of events planned for this semester.

Many prominent members of the faculty and community have consented to speak to the Newman Club. Speakers and topics include the following:

Dr. Walker, "Freud"; Dr. Salls, "Physical Fitness"; Dr. Calvert, "Cardinal Newman and Literature"; Mr. Cheney, "Delinquency"; Rev.

## Welcome To JSC Major Stanley

MR. STANLEY

Those who have visited the business office lately may have noticed a new face, that of Maj. Norman O. Stanley who recently accepted the position of accountant. This has been his first employment after a year of retirement from the United States Air Force.

Maj. Stanley retired while he was stationed at Fort McClellan after a career of 26 years of military life. He was promoted to the rank of Master Sergeant as an official in administration. He worked in a clinical laboratory and while stationed at Camp Gordon, Ga., during World War II, helped activate the hospital there.

Originally the Major is from Haleburg. His wife, Annell, was born in Middlon City. Their family consists of five children. The oldest, Norman L., graduated from JSC in 1963. He is now stationed at Columbus Air Force Base, Miss., as a second lieutenant. Joyce Stanley is married and makes her home in Sandersville, Ga. The second son, William R., is a junior here at JSC. The Stanleys also have a son, Stephen, in the 10th grade and a daughter, Nancy, in the 7th grade at Jacksonville High School.

Maj. Stanley enjoys fishing, gardening, and bowling in his spare time.

He considers JSC a fine

## Let's Take A Look At Ourselves

The time has come when some of the so-called prominent members of the student body at JSC should take a good look at themselves in the mirror of time. It is time, you, the leaders of clubs and organizations on the campus, give serious thought to your example and the influence you are having on your followers.

You know among yourselves, and it is known by others on campus, about the dirt, lying and underhandedness that is carried on. This goes on at other colleges, too, we are sure, but perhaps we could be the first to clean it up.

The consensus seems to be that to get anywhere a person must be a part of all this filth. It is accepted as natural for students to undermine others yet continue to maintain their positions in their hypocritical attitude.

We have here at this college the opportunity to learn, to influence others for good and to prepare ourselves to become leaders after we graduate. But if this low example of leadership is allowed to continue, few from Jacksonville, whose names now appear prominently around the campus, will ever be recognized in our world of the future.

Our life here at Jax State is a small scale of real life. This is what we might call a testing ground between our homes, where decisions were made for us, and real

life, where we make the decisions.

As yourselves these questions, LEADERS: Am I really making a contribution to my school? Do I put God first in my life? Do I have the interest of my organization at heart? Do I always put the other fellow first?

Yes, really think about these questions and of the times you have not conducted yourselves as leaders. You wouldn't want that information to be broadcast around the campus, would you?

It's fine when someone says, "Oh, I've heard of you; you're the president of such and such a club, aren't you?" The prestige that goes along with your position is great, but what about the times you were involved in cases where the minority was crushed, where untrue slander was spread about others? Too many times we let personal feelings interfere with school business and what is right for Jacksonville.

A cartoon appeared in a newspaper the other day that could be applied to our campus. It was supposed to be funny, but there was truth in it, too.

The king said to the court jester, "This kingdom is a great melting pot for all people."

"That's true," replied the jester. "But the only thing wrong with melting pots is that everything on the bottom gets burnt and the slime always comes to the top." J.B.

### Staff Writers

Micky Craton, Barbara Downing, Cynthia Linehan, Dioma Talley, Gloria McDonald, Anita Erskine, Jimmy Bush, Joyce Gilbert, Sandra Garrick, John Gregg, Theron Hendrix, Pat Stevens, Benny Character.

lowing:

Dr. Walker, "Freud"; Dr. Salls, "Physical Fitness"; Dr. Calvert, "Cardinal Newman and Literature"; Mr. Cheney, "Delinquency"; Rev. Mulvancy, "The Council"; the Drs. Medina, "Communism and Cuba"; Mr. James Klinefelter, "The Laws of Marriage"; and Mr. Davis, "Criminology".

Several social events will also be held. On Feb. 28, the Newman Club will hold a Mardi Gras Custom Ball. All members are invited to attend and bring their friends.

This year the Jacksonville Newman Club will be host for the Gulf State Province Executive Committee, meeting to be held in March. Newman clubs from five states, including Alabama, Arkansas, Louisiana, Mississippi, and Tennessee will be represented.

Also, the Province Executive Committee is sponsoring an essay contest for the purpose of formulating definite study opinions on current controversial issues and to further student thought and educational programs. The contest is open to all Newman Club members. First prize will be an all-expense paid trip to the 1965 National Congress in New York City this summer. Further information about this contest can be obtained from any club officer.

This semester Newman Club meetings will continue to be held on Sunday evenings beginning with supper at 6 p.m. at Our Lady of Wisdom Chapel in Jacksonville. All members are urged to attend these meetings and a special invitation is extended to all new Catholic students on campus.

## Rifle Team Loses

The Jacksonville State rifle team fell victim to Auburn's rifle team for the second time this season by a score of 1312 to 1273.

High scorer for Jax State was A.J. Self with a score of 267.

The rifle team will travel to Marion Institute on Feb. 19-20 for the Third Annual Alabama Intercollegiate Rifle Match.

The Jaxmen will be defending champs but stiff competition is expected.

Secretary to Mrs. John R. Stewart, director of the International House Program.

Among her activities, Mrs. Walters is president of the Faculty Wives Club, mother of three lovely children, and wife of Mr. David Walters, director of "The Southerners", the college band.

Mr. and Mrs. Walters reside in a charming home in Jacksonville with their children: Marda, 12; Joe, 13; and Timothy, a Cub Scout of nine years. Like their father, the children play musical instruments, but Mrs. Walters denies any musical ability other than "producing musical children."

Mrs. Walters has been at her secretarial position for only a month, yet she says she finds the International House interesting and "an enjoyable experience." She and her family have been in Jacksonville for four years and they express happily that "we love it here."

Before coming to Jacksonville, Mr. Walters worked in New Berne, N.C. Prior to that they were at Miami University, Oxford, Ohio, where Mr. Walters received his BS degree. Mrs. Walters has a BS degree from Florida State University, Tallahassee, Fla., where Mr. Walters earned his master's degree.

In addition to her heavy schedule, Mrs. Walters, as well as her husband, sings in the choir of the First Presbyterian Church.

## Criminology Cases

"Probation for parolees is one of the best things to happen in Alabama", Fred B. Bryant, retired probation and parole supervisor, told a class in criminology taught by Robert P. Davis.

"Roscoe Pound, dean of Harvard Law School said it was the most significant legal advancement since the Magna Carta.

In Alabama, up until 1939, the Governor of the State had the power of parole, with the assistance of an advisory board. This plan fell into disrepute so an amendment was introduced in the Legislature during the Dixon administration and passed by a vote of the people setting up a three-man parole board to serve six-year staggered terms. The board had the power to parole but could not commute a sentence; only the Governor had that power.

In 1951, because of abuses, the act was amended making it mandatory for members of the board

to grade at Jacksonville High School.

Maj. Stanley enjoys fishing, gardening, and bowling in his spare time.

He considers JSC a fine institution and decided to settle here because of its location.

By Sandra Garrick

## Amendment To Be Voted On

Tuesday, Feb. 22, the student body of Jacksonville State College will have a chance to voice their opinions on the proposed amendment to the constitution. The amendment would change the existing requirement of an overall 1.25 quality point average, which must be maintained in order to seek and hold a SGA office, to a requirement of a 1.00 quality point average.

The amendment will read as follows if it is passed:

Amendment Number One: To be eligible for an executive office of the Student Government Association, a person must have and maintain at least a 1.00 over-all average on all college hours attempted.

The amendment as it stands applies only to executive officers of the SGA.

We of the COLLEGIAN would like to urge you to be sure to register your opinion by voting Tuesday.

to vote unanimously before a prisoner could be paroled who had not served at least one-third of his term. He must serve all of his sentence or have been out of prison five years to receive a pardon.

After a prisoner is paroled, he is placed under the supervision of a trained probation supervisor who advises and counsels with him. The supervisor studies the individual, develops a parole plan, helps the parolee find a place to live, and a job offering suitable employment. He is not free from this supervision until his sentence has been completed.

"Probation is increasingly used, and about 50 per cent of all prisoners in Alabama are placed on probation", Mr. Bryant pointed out.

It is not known when the parole system originated but penology began soon after the War Between the States.

# Senior Spotlight

how Freddy had time for college, he did, and at Jacksonville he has made quite a name for himself among students and music lovers alike.

In 1960, Freddy was a student director for the A Cappella Choir. He has also been a member of Phi Mu Alpha National Music Fraternity.

Today the jobs and honors Freddy holds are amazing. Besides taking four subjects totaling ten hours, Freddy is drum major for the South-erners and band director for the ROTC Band. He is also minister of music at the First Baptist Church in Centre where he is in charge of six choirs and recently he has filled the position of band director at Boaz High School. There he is in charge of three bands.

For the past two years Freddy has also found time to play Bass Trombone with the Huntsville Civic Symphony and he was an apprentice conductor under Russell Gerhardt who studied under Fritz Riener.

Freddy has studied here at Jacksonville three years, and he has also taught school three years. For two years he was band and choral director at Hanceville High School, leading the band to excellent ratings in state contests. The other year he was band director at Sardis.

Other honorable positions that Freddy has held are those of guest conductor at Johnston Junior High School in Anniston, Emma Sansom High School in Gadsden, and he is soon to appear as guest conductor of the Munford, East Rome, and Collinsville High Schools. On band day at JSC last fall, Freddy was the first student to direct the massed bands.

It is almost impossible to

Glenda Justice, our spotlight personality, is a student of great scholastic accomplishment. She also possesses the qualities that constitute a warm and friendly personality. It can truly be said of Glenda that she has dared to accept the challenge of education and as a trophy, the world has won a remarkable, dedicated individual.

She is the daughter of Mrs. Jenettie Justice of Ider. While in Ider High School, she began developing special abilities

**Glenda Justice**

and as a result she received awards in history and English. She was valedictorian of her senior class, Good Citizenship Girl, and editor of the school annual. She was also chosen by her fellow students as Best All-Round Girl.

Glenda entered Jacksonville State College in the fall of 1961, choosing as her major, English and history as her minor. She has also become adept in foreign languages, and lately, has been teaching German at Jacksonville High School.

Glenda is a member of the Student National Educational Association, president of Pi Gamma Mu, and secretary-treasurer of The Writer's Club.

When she has a free moment, she enjoys reading, hiking, collecting arrowheads and rocks, and writing poetry. She is also fond of all sports.

## Chit Chat

With Pat

Brushes, not diamonds, are a girl's best friend. Why?? Because the soft look in fashions demands a soft look in make-up and hair-styles, and how can you better achieve this look than with feathery brush strokes? Everything in make-up may now be applied with a brush.

The newest of the brushes are the pressed powder eye shadows----with a brush it is easier to control the amount and placement of color. To highlight your eyes brush a bit of white shadow along the bony ridge above your eyes and a bit more under your lower lashes. Brush shadow should be used as a base for other colors just as liquid make-up is a base for powder.

Blushers started the rage for brushes. The big, sable brush fluffs on pink-tone powder, gold-toned powder, or no-toned powder to radiant perfection. With a brush and pressed powder there is no need to worry about streaks, smears, or excess powder.

Brow-coloring brushes are the greatest of the make-up brushes simply because they do their job so thoroughly

yet so discreetly. You can shape and shade your brows to your satisfaction without the harsh glare so often produced with a pencil. If you prefer to use a pencil, you can give your brows a soft, natural look by brushing a touch of powder over them.

For removing make-up and thorough complexion cleansing try a complexion brush. Use it with any sudsing cleanser. If you have a problem with blackheads, you will find that cleansing with a brush (Dad's old shaving brush will work just fine) and foamy cleansing grains will clear up problem quickly.

Lipstick brushes are perhaps the hardest brushes to use. Practice is the only way one can become an expert in using one.

It goes without saying that hair brushes are the busiest of the brush sisters. No matter how often you use your hair brush you will not be over-using it ---- unless you are using it to tease your hair. Nothing will ruin your hair as quickly as improper teasing. Gently back comb it, do not pull or stretch it.

### Miss Yancey In Senior Recital

Martha Yancey, soprano, was presented in her senior recital on Thursday evening in the performance center of Mason Hall. She was accompanied by Jimmy Roberts of Anniston.

Her program included selections from the Barber of Seville and LaTraviata; groups of English, German and Italian songs; folk-songs; and a group of contemporary poems written by Emily Dickinson and set to music by Vincent Persichetti.

She is a pupil of Thomas Warren and is a member of the A Cappella Choir, Mad-

our college to be added to the list of these other great colleges.

Each year the "Top Ten" girls winning the contest visit Glamour for two weeks as honored guests. They fly to New York via American Airlines, stay at the lovely Barclay Hotel. Though the activities vary from year to year, the fun and excitement are constant. The winners learn the inner workings of a magazine, visit with leaders of the fashion and beauty industries, are entertained with the infinite variety that can only be found in New York.

Last year the girls visited the World's Fair; went to the Charles of the Ritz plant in Connecticut to learn how cosmetics are manufactured; had tea with Madame Helena Rubinstein in her art-filled penthouse; even went swim-

ming at a party at the City Square Motor Inn. Among the fashion shows they attended were those of a brand new designer, William Biddle, and the fall fashion previews by great couturiers, Pauline Trigere and Luis Estevez. The winners went backstage after Broadway plays to meet Richard Burton, Beatrice Lillie and Sandy Dennis, and were given the opportunity of being stars themselves on Johnny Carson's "Tonight Show".

To enter a girls name in the contest please fill in the entry blank below by March 2, and turn it in to any COLLEGIAN staff member. The entries will be judged by a student committee with a faculty adviser and will be announced in the next issue of the COLLEGIAN.

rigalians, marching and concert bands, brass choir, and Delta Omicron honorary music fraternity. She was chosen for "Who's Who Among Students in American Universities and Colleges"; she is an honorary colonel in the ROTC, and a senior beauty.

Last summer she made the top 10 in the "Miss Alabama" contest, and was named "Miss Freedom" last fall.

## Jax State Student Licensed To Preach

BILL CAUDLE

Bill Caudle, a sophomore, has received a license to preach. This was voted on and approved Oct. 7, 1964, by the First Baptist Church of Huntsville.

Majoring in history and minoring in biology, Bill has been very active in the BSU here at Jax State. Along with

CAROLYN LESTER

Carolyn Lester, a junior home economics major at Jacksonville State College from Cedartown, Ga., will be installed as president of the college section of the Alabama Home Economics Association at the annual convention to be held at Huntingdon College on March 5-7. Her term will begin in the fall.

As is customary with the organization of college and university home economics section, the 1966 convention will be held on the campus of the current president, which will be Jacksonville State College.

Carolyn is a member of the Leone Cole Home Economics Club, Student NEA, and the Baptist Student Union. She plans to teach after graduation.

A graduate of Cedartown High School, she is the daughter of Mr. and Mrs. J.F. Lester.

working on several committees of the BSU, he is presently the brotherhood chairman of the BSU. Teaching Sunday School at the First Baptist Church, Jacksonville, is only one of the many duties of this young, energetic Christian.

Since receiving his license, Bill's preaching experience has included four different churches: First Baptist, Jacksonville; Angel Grove, Gadsden; First Baptist, Smyrna, Tenn.; and the First Baptist, Huntsville.

Bill's future plans include going to the Louisville Seminary after graduating from Jax State. He hopes to receive his bachelor of divinity there.

"This (the license to preach) gives me the opportunity to which I have always looked forward--being able to carry God's words and message more effectively through the church," says Bill.

Congratulations are in order for this young preacher.

By Benny Character

When she has a free moment, she enjoys reading, hiking, collecting arrowheads and rocks, and writing poetry. She is also fond of all sports.

Glenda will graduate in May, 1965, having obtained a BS degree in secondary education. She will be awarded a BA degree in July.

Thinking about Jax State College, she has said, "It's been a real home for me. I've been exposed to culture here that I would have missed otherwise. I enjoy the general mixture of people's languages, and being here has shown me how other people think and live and that's what makes life interesting."

By Joyce Gilbert

"I would like to see added to the curriculum of Jacksonville State College a required course in the fine arts such as music or art appreciation so that fellow students can be educated to appreciate the beauty of the fine arts."

The above statement was made by Freddy Pollard, the very busy and talented young man who has been chosen for this month's Senior Spotlight.

Freddy's home is in Gadsden and there he went to Emma Sansom High School.

His music career began early for in high school Freddy was a member of the band for four years, the A Cappella Choir of which he was president in his senior year, and Tau Mu Kappa Band Fraternity.

He played the bass trombone and was a member of the trombone section which played at the Little League World series in Williamsport, Pa. During the time Freddy was a member of the band, the band won three national competitions in a row and toured New York, Miami, Los Angeles, and Philadelphia.

Furthering his education after graduation, Freddy studied the trombone at Carnegie Hall in New York under Roger Smith. Smith is the first trombonist with the Metropolitan Opera Company. He also studied Bass Trombone under Alan Ostrander of the New York Philharmonica Orchestra.

In 1963 he studied conducting under Dr. Elaine Brown, who is in charge of Singing City a two-hundred voice choir in Philadelphia, and who does the choral work for Leonard Bernstein.

Though one might wonder

Freddy Pollard

believe that a fellow like Freddy ever has time for hobbies, but Freddy takes time for not only one but many hobbies.

Among his many hobbies he includes tropical fish, movies, reading, horseback riding, waterskiing, watching television, talking to people, going to concerts, and listening to the stereo. Freddy enjoys all kinds of music, but his favorite composers are Bach, Beethoven, Tchaikovsky, Brahms, and Hindemith.

Freddy's pride, however, is the Jax State band, the Southerners, and he proudly relates how our band was the only band to catch the photographer's eye and get its picture in the WASHINGTON DAILY NEWS when the band went to Washington. He also believes that the band will continue to grow and achieve national fame as well as continued Southern recognition.

When asked his opinion of the music department, Freddy stated, "I think the music department will continue to grow to be one of the finest departments in the South and through continued support of the students and school administration will some day achieve national recognition."

After graduation Freddy plans to go to Indiana and get a degree in symphony conducting. In the near future he would like to do college symphony work and if he keeps up the work he has already begun, then it won't be long before Freddy Pollard himself receives national fame.

## Jacksonville Defeats Shorter

The JSC basketball team hit Shorter College with both barrels in a very exciting game. Playing in for territory the Jacksonville cagers increased their season's record to 11-6. Shorter College came into the game with a 19-3 record, being beaten by the men from J'ville earlier in the season. This second defeat of the year was a hard one to lose for the Shorter team.

The scoring was fairly close throughout the game, although there was not much scoring in the first half. With almost eight minutes gone in the first period the score stood 9-8, in favor of Jacksonville. The scoring was slow, but you might say steady. With 9:40 showing on the clock Jacksonville was ahead 13-8. With 4:40 left in the first period of play the J'ville cagers shared the score with Shorter 18-18. When the buzzer sounded the score stood 22-21 in favor of the Gamecocks.

The second period of play was a different story all together. Shorter was credited with eleven personal fouls compared to four in the first period of play. Jacksonville had five personal fouls the first period, three of these belonging to Terry Owens and play.

With 14 minutes to play Jacksonville had pulled into a seven-point lead (34-47). This lead was increased to nine points in only one more minute of play (38-29); more points than had been scored in the first eight minutes of the ballgame. Shorter whittled the lead down to five points (44-

## JSC Football Outlook For 1965

Jacksonville State's new head football coach, Jim Blevins, has announced his 1965 football schedule and one quick look shows that the going could be rough for the new mentor.

Included in the nine-game slate will be eight clubs the Gamecocks played last season plus newcomer Howard College of Birmingham.

And adding more gravel to the outlook is the fact that the defending Alabama Collegiate Conference champs will have to play all their conference games on the road and will have only three contests on the Jacksonville campus this year.

The Gamecocks' three home games will be against Howard, Sept. 18, Mississippi College, Oct. 23, and Delta State, Nov. 6.

The battle with Mississippi College has been set as homecoming for the Gamecocks.

Opening a week later than last season, the Gamecocks lift the lid on their campaign with powerful Chattanooga Sept. 18.

Other road games will find Jacksonville traveling to Troy, Oct. 2, Southeast Missouri, Oct. 9, Tampa, Oct. 30, Livingston, Nov. 13, and Florence, Nov. 20.

All Jacksonville State home games will start at 7:30 p.m. except the homecoming battle as it is geared for a 7 o'clock starting time to allow more time for fans to get home after the contest.

Last season the Gamecocks ended the season with a 4-4-1 record and won the ACC title by defeating Troy,

Livingston and Florence.

Jacksonville's only other win was over the University of Tampa while the tie came against Mississippi College, 24-24, in Clinton, Miss.

The return of Howard College to the Jacksonville State schedule will mark the end of a nine-year span when the Gamecocks and Howard tie Sept. 25 at Jacksonville. The two clubs last played in 1955.

Scores of Jacksonville's games last year were Jax 10-Tampa 8; Jax 0-Delta State 13; Jax 38-Troy 0; Jax 0-

Southeast Missouri 24; Jax 9-Louisiana College 41; Jax 0-Chattanooga 21; Jax 24-Miss. College 24; Jax 40-Livingston 7; Jax 28-Florence 0.

The Gamecocks will begin spring drills April 1 and will cap their practice with a J-Day game on May 8.

A couple of new faces on the Jacksonville State coaching staff will also be present on the scene when the Gamecocks open practice in the persons of Carlton Rankin, backfield, and Ken Beard, line.

By Rudy Abbott

## Jax State Cagers Romp Over Florence

It was a sweet victory for the Jax State cagers when they overpowered the Florence State Lions 76-62. It was the Gamecocks all the way in this winning battle. The cagers took an early lead (10-0) and eased into the half with the score standing at 28-18. The Gamecocks could not be stopped in the second period of play and went on to win.

The Gamecocks hit thirty-three field goals to the Lion's twenty-six. Doug Key, Florence's star guard was held to only two points by a determined Jacksonville defense,

although he was held out of action most of the second half.

Five Jax-men were listed with double figures. Charles Ayers was high point man for the Jacksonville team with seventeen points. Terry Owens was just behind Charles with sixteen. Bill Jones, Fred Lovvorn, and Roger Pate followed with twelves, eleven, and ten respectively. Others scoring for the Gamecocks were Paul Trammell with six, with Henry Mathis and Jim Henslee with two each.

## Smoking Doesn't Pay

By PE Department

Dr. Robert K. Oliver, medical director of Hale Memorial

than your neighbor who doesn't smoke.

Dr. Robert K. Oliver, medical director of Hale Memorial Hospital, Tuscaloosa, visited this campus recently through the invitation of Mrs. William Calvert, head of the department of physical education.

Dr. Oliver came to lecture on "Smoking and Health," and his lecture consisted of statistics quoted from the Surgeon General's Report prepared for the U.S. Public Health Service.

All of his statistics and illustrations pointed out that smoking is beyond any doubt or intellectual rationalization a definite deterrent to longevity. The fundamental basic principle is that smoking is the pollution of one's own air; it paralyzes the membrane of the respiratory system because dust is collected which is called mucus, and the smoker cannot cough it out. He listed some significant materials which cigarettes contain that lead to lung cancer. One is glycerine, which when burned produces two chemical irritants and as a result a new production of mucus is formed; and carcinogen, which is a cancer-producing material.

While skin cancer is hard to produce, the lungs are among the most delicate organs, and cancer of the lungs is easy to produce.

There are four kinds of radio-active fallout materials in cigarettes; the powerful drug nicotine and 12 micrograms of metallic arsenic are in two packs of cigarettes. Chemists found that the same chemicals in bug killers are in cigarettes. Of course, all these materials are in small amounts, but in time they add up.

In discussing filters, Dr. Oliver said that when they were produced the taste did not suit the smoker. As a result, low qualities of tobacco were used and the taste came through. But the difficulty is that had tobacco canceled out the filter and the same ill effects are there.

If you smoke one-half pack a day your excess death rate is 40% more than your neighbor who does not smoke. If you smoke one pack a day then your excess death rate is 70% more than your neighbor and 2 packs is 90% more

than your neighbor who doesn't smoke.

Dr. Oliver concluded by saying that lung cancer is incurable. He said that the air sacs in the lungs is a place where an exchange of breath takes place and if one smokes, then mucus is clogged and air cannot get through. The air sacs burst.

Dr. Oliver and his wife, who assists him with the slides, are dedicated people who are interested in presenting this valuable information to as many young college people as is possible. We were glad to have them visit our campus.

### Mrs. E. W. Franklin Coffee Shop Hostess

MRS. FRANKLIN

Mrs. E.W. Franklin is the attractive new hostess in the coffee shop, in the event you haven't been introduced to her. She succeeded Mrs. Thomas Screven who became manager of the bookstore.

Mrs. Franklin is the mother of Mrs. Cecil Marbut, Jr. (Louise Franklin) who graduated here last year and teaches at Anniston High School. She also has a son, Mike, who is a student at Jacksonville High School.

She is a native of Georgia but has lived in Jacksonville for 10 years and she and Mr. Franklin live on 9th Ave. She was employed as cashier at the Jitney-Jungle store in Jacksonville for several years and made a wide circle of friends among the customers.

Nov. 13	Livingston State College	Livingston	8 p.m.
Nov. 20	Florence State College	Florence	7:30 p.m.

## ROTC Holds Inspection

The annual formal inspection of the Military Science Department will be held on March 3. The Cadet Brigade will be inspected that day on the lawn in front of Bibb Graves Hall. The chief inspector will be Col. John J. Klein, ROTC Coordinator for the IV U.S. Army Corps, and he will be assisted by other designated Corps officers.

The purpose of the inspection is to observe the state of training of the cadets as well as the administration, supply, and other facilities of the

Military Science Department. Some of the specific things checked are the general military knowledge of the cadets, their appearance, and the military courtesy displayed by the cadets.

The rating we get at Jacksonville is a reflection upon the school, the advanced course cadets, and upon the staff of the Military Science Department. This rating will be compared with that of other colleges of the IV U.S. Army Corps area which includes Alabama, Mississippi and Florida.

## Pershing Rifles And ROTC Plan Trip To Mardi Gras

The Pershing Rifles and the ROTC Band will leave on Friday, Feb. 26, for New Orleans and will return early the following Monday morning. While in New Orleans the group will participate in two Mardi Gras parades on Feb. 27 and 28. The PR's will be commanded by Cadet Lt. Henry L. Rabin of Anniston and the band by Cadet 1st Sgt. Freddie Pollard of Gadsden. Captain Gordon H. Nobriga, S. Sgt. Robert M. Walston, Sgt. Robert C. Sexton, and Miss Geri Clegg will represent

the cadre and the college. The PR's and the ROTC Band will be the only representatives of JSC marching in the Mardi Gras parades.

To help finance their trip, the PR's sold football programs at all of the home games of the Gamecocks as well as Mason candies during the school year. Their second candy sale is currently in progress.

The ROTC band relied primarily on the sale of candy for raising funds. Their sale is also in progress.

## JSC Track Schedule

By James Partain

March 26	Berry College	Here
April 10	Troy	Troy
April 20	Troy & Howard	Here
April 28	Berry	There
May 4	Howard	There

All home meets are held at the Saks Stadium

or play (30-27); more points than had been scored in the first eight minutes of the ballgame. Shorter whittled the lead down to five points (44-39) with 10:20 showing on the clock. As the ball went back and forth, Jacksonville had once again pulled the lead up to ten points (50-40); with 6:20 remaining to be played in the game. This lead was sustained until the last minute or so in the game when Shorter pulled the lead up to 65-58 with 30 seconds left to play. There was not much more to be said for the Shorter team after one more field goal. The game ended with the score 65-60.

Roger Pate, a senior, once again showed his skills by being both highpoint man with 24 points and high rebound man with 14. Roger hit six out of six of the foul shots he attempted. Paul Trammell was next in line with 15 points hitting five of his six free throws. Terry Owens, Fred Lovvorn, and Bill Jones came next in scoring with ten, nine and eight respectively. Roger Ayers had one point.

Terry Owens followed Pate in rebounds with 10, the same number of points he had and Bill Jones had eight rebounds also the same number of points.

The top scorer for Shorter was Jim Chastain with 14.
