Elaine Haver places fifth in competition

Miss Elaine Haver, business administration major at JSU, won fifth place recently in the National Miss Future Business Executive of America competition held in San Francisco, Calif. The daughter of Mr. and Mrs. A. C. Haver of Wellsville, she is a graduate of Alexandria High School. Numerous other awards have been won over the years by Jax students. The chapter itself has also received numerous awards.

Hamrick appointed Mimosa editor

The Publications Board at Jacksonville State University recently announced the appointment of Jeff Hamrick as the Editor of the Mimosa for the school year 1967-68. Jeff is well qualified to handle this job as he served as Activities Editor for the past year.
Jeff Hamrick

Jeff Hamrick

Future Georgia Afterwards Chairman

Jeff Hamrick is a student at Jacksonville State University. He is currently serving as the President of the SGA (Student Government Association) and is an active member of Lambda Chi Alpha fraternity. Jeff has been involved in various campus activities and organizations, including the Student Senate, as well as participating in community service projects. His academic achievements include being a member of the honor society and participating in several leadership roles. Jeff's dedication to his studies and involvement in extracurricular activities have helped him grow both personally and professionally. He is an example of a well-rounded student who balances academic success with active participation in university life.
I Speak for Democracy

By ELIZABETH ELLEN EVANS

An American named Carl Sandburg wrote these words:

"I know a Jew fisherman down on Maxwell Street with a voice like a north wind blowing over corn stubble in January. He dangles berring before prospective customers evoking a joy identical with that of Pavlova dancing."

This is the face of a man terribly glad to be selling fish, terribly glad that God made fish, and customers to whom he may call his wares with a pushcart.

There is a voice in the soul of every human being that cries out to be free. America has answered that voice.

America has offered freedom and opportunity such as no land before her has ever known, to a Jew fisherman down on Maxwell Street with the face of a man terribly glad to be selling fish. She has given him the right to own his pushcart, to sell his herring on Maxwell Street.

This is my answer, Fascist, Communist!

Some people who exercise in the form of the arts do like these forms of exercise will find things like swimming or hiking more enjoyable. Or many will exercise in the form of music.

Children have the best opportunity to receive both enjoyment and exercise. Today, parents send their children to some type of summer camp, where they will be exposed to such sports as baseball, hiking, swimming and many other forms of good exercise.

Boys have such organizations as Little League, American Legion, and the American Legion to keep busy during the summer. These baseball programs reach the boy from age eleven to fifteen. These baseball programs teach the individuals the value of play plus teaches the importance of winning and losing.

And those 160,000,000 Americans — those 160,000,000 free Americans — have more roast beef and mashed potatoes, the yield of American labor and land; more automobiles and telephones; more radios and bathtubs; more Orion sweaters and aureomycin, the fruits of American initiative and enterprise; more stable schools and life insurance policies, the symbols of American security and faith in the future. And these 160,000,000 Americans — those 160,000,000 free Americans — have more laughter and song — than any other people on earth!

This is my answer, Fascist, Communist!

I am an American. Listen to my words, Fascist, Communist. Listen well, for my country is a strong country, and my message is a strong message. I am an American, and I speak for democracy.

Take a ride on the Reading

Desperation

Shadows fall deep and all around
Wanting, twisting, and far away
The glimmer of hope is as the receding Comet - seen small and fading gradually
The years are heavy and never lighter.

Feet stop in the doorway and pause - and
Decide not what to do
Hands grasp, pulling for reality, but
Finding it not - neither find fantasy.

Life is barely here, barely there.

Never stable - always waving back and forth:
Evil falls, and I listen, but never do answer.

Why invite? Why laugh? Why cry?
Why love?

The STUDY OF KISSING

SAINTS MARY, A.P. (AP) - Information released by Mrs. Shota of Shota, has offered to organize seminars on kissing on the screen.

Seth told a friend here that the government wants to ascertain the views of the public before permitting kissing in films.

Kissing is taboo in Indian films and western films are mercilessly pruned to avoid kissing. Only scenes are to be shown with the consent of the two, or both, individuals involved.

The purpose of this column is to find out what the students of JSU are thinking about kissing.

I know that once I've enjoyed escaping the pages assigned to you, and read a bit for your own interest. If you have recently enjoyed a truly novel story, let me know. So what we curl up and read.

Peggy Crowder

Do you know how to restore the breath of life?

1. Place one hand under victim's neck and lift. If head does not remain up as far as possible holding the crown of the head with your other hand.

2. Pull chin upright until the head is tilted back fully. This is especially important keeping the air passage open.

3. Your mouth should touch the victim's mouth tightly, and air should be forced in.

4. Remove mouth. Listen for sound of returning air. If you don't hear, repeat above step 1. If you hear, stop.

Expenditures by all travelers in 1960 were: for a hotel: $365 million, expenditures by out-of-state tourists for $2 million instead.

There are two different words in all within our solar system. Each has its own special role in space. There are 21 roughly are 31 moons in all.

The festival of Whitsun, or Pentecost, falls on the seventh Sunday after Easter. The French celebrate Whitsunday with games, sports, dancing, picnicking and greenery.

You and Mike stay home and bath it this summer, and Jan and I will work. We'll live on the Jax State campus, said Mrs. Bill Rains, of Columbia University. "I'm leading China."

Her husband - Bill Rains, principal of Sardis High School in Etowah County - and the two children agreed. It happened. Jan and her mother now are college students, and Rains and his son are living at home.

A report can't be made from this end on how the two male members of the family are occupying themselves and the many other menial tasks of housework, but Mrs. Rains and Jan are doing well. Jacksonville State University.

"We go home every weekend and see the family," said Mrs. Rains. "They have to do the beat they can while we are away, but so far no trouble."}

Jan Rains drove 80-90 miles roundtrip to Jax State for the past two semesters for night classes, but as she says, "I'm loving it."

Jax State campus is "very enjoyable," the 16-year-old said. By taking college courses now, she is getting a thorough understanding of all else, this major world thing.

Mrs. Rains, as a teacher at Sardis, is doing advanced work in liberal science and Jan, although a high school junior, enjoys the advanced work in liberal science. "The physics are very strong desire to stay and study," said Mrs. Rains.

Rains and his family are "the principal warm welcome, "she said. By taking college courses now, she is getting a thorough understanding of all else, this major world thing.

Mrs. Rains, as a teacher at Sardis, is doing advanced work in liberal science and Jan, although a high school junior, enjoys the advanced work in liberal science. "The physics are very strong desire to stay and study," said Mrs. Rains.

MOTHER AND DAUGHTER TEAM-UNIQUE STUDENTS AT JAX STATE THIS SUMMER-Jan and Mrs. Bill Rains of Sardis meet other students, Amelia Watts, Talladega and Ted McDow, Piedmont, between classes.

her housework alone. She says she is reading. Sara had learned cooking, and when asked how she could tell when the food was cooked properly, she said it was a special insight called "smell-vision!" She has a very strong sense of smell, from knowing how to cook food.

Another favorite pastime that Sara participates in is reading. She reads books in braille, also current magazines and newspapers on records. When asked if anything about the campus confused her, she replied that she was able to extend an extra special "sixth sense" to her advantage.

This student is Ms. Sara Carmack. Sara was born in Birmingham, Alabama, and worked there prior to her marriage. She transferred to the New York University School of Law in 1955 where she graduated with a B.A. degree in 1956. She then entered the College of Arts and Sciences at the University of Virginia, where she earned her law degree in 1960.

Sara has been teaching at the College of Arts and Sciences for many years. She teaches the second year of English and works on a Ph.D. dissertation in the area of women's studies. She will only be able to continue her studies during the summer semester, for she teaches during the fall and spring semesters. She is a widow and her husband was also a widow, with whom she desires to be married.

When asked about her hobbies, her fact fit up a small smile and turned the question over to the one who had been asking, "Oh, my hobby is sewing. I make all of my clothes." She then showed some of her creations, which looked like well-sewn dresses.

Sara learned to sew at the age of 12 while she was living in Boston with her parents. She has been sewing since. Housework is also another favorite of hers that she does all of her household work alone. She mentioned cooking, and then asked how she could tell when the food was cooked properly, she said it was a special insight called "smell-vision!" She has a very strong sense of smell, from knowing how to cook food.

When asked if anything about the campus confused her, she replied that she was able to extend an extra special "sixth sense" to her advantage.

Intramural games begin at Jacksonville State

The boys’ intramural softball season got off to a fast start as all eight teams saw action in the opening week, with acrobatic race predicted this season.

The opening game, Jerry Johnson and Jimmy Ellis of the Nameless 9, combined to no-hit the Coxmen with a 5-1 win for the Nine. Johnson pitched five innings, and Ellis finished up with two perfect innings of relief.

The leading attack for the Nine was Richard Ellis, who had two doubles in three at-bats and Rudy Braham who cracked a long home run to give the Nine a 5-1 lead.

In the second game the Cobras, (formerly the Go – Hards, who were IM champs last summer) blasted the Cherries by the score of 9-2, making them a strong contender for the title.

Pacing the Cobras were Tooty Smith, Jackie Brown and Dwight Holcomb.

Marc Calton plays in county golf tournament at Anniston

Marc Calton, who served as golf coach this past spring at Jacksonville State has gained one of the spots in the final of the Calhoun County Golf Tournament, being conducted at the Anniston Country Club. The final round will be Sunday June 25.

Calton qualified for the tournament by shooting a round of 72, and has defeated several top golfers in the county to gain a place in the finals. In the first round, Calton defeated John Sellers, Marc shot a 72, and Sellers a 75. In the second match, Calton defeated Dick Beckman, who shot a 69, in the qualifying round. Calton shot a 67, and Beckman shot a 72. Last Sunday Calton shot a 69 to beat Charlie Wilson who had a 72.

If he wins the tournament, he will win a new set of Arnold Palmer irons and a years free membership at the Anniston Municipal Course. If he finishes second he will win a set of Arnold Palmer woods. Calton, a student, coach at JSU, guided the Gamecock link to a 54-1 for record in their first year of competition in many years. The Gamecock also finished third in the Alabama Collegiate Conference Tournament. Other Jacksonville students who took part in the tournament were Larry Hudson, George Veitch, Rick Kelly, Sonny Harwell and instructor Don Salle.

**Quiz**

Here are the answers to the questions which appeared in the last issue of the paper. Also here are some more questions.

**ANSWERS**

(1) 406

(2) Ralph Branca, Brooklyn, threw a home run ball to Bobby Thomson, N.Y., in the last of the 9th inning. The game was won 1-0.

(3) Ty Cobb, most lifetime hits

(4) They all do, we didn't say "only one leg".

(5) He hit .438

**QUESTIONS**

1. Why was Thom Zabary, Washington Senator pitcher, unhappy with Babe Ruth in 1927?

2. Billy Wamback, (that's right), Cleveland, has something to do with a trip in the 1920 World Series. What was it?

3. Test your grammar: Which is correct? Paul Wanne was a Tiger outfielder, or was he?

4. His nick-name was "Twinkletos." He replaced Babe Ruth in right field for the Yankees. Who was he?

5. Who was the pitching terror for the Giants in 1954 World Series against the Indians?

All games begin at 5:45 p.m. Rainout game may be made up at end of season is possible.
