ernor was introduced by Dr. Houston Cole, university president. John R. Stewart, director of International House, presided.

Special guests were Pro Tem of Speaker the House Hugh Merrill and Mrs. Merrill, State Senator Woodrow Albea and Mrs. Albea, An-niston; Mayor Frank Casey of Jacksonville and

Mrs. Casey; Mrs. Houston Cole, Mr. and Mrs. Jack Hopper.

Marilyn Holland, Huntsville; Roy Griffith. and Paul Troup, Scra-

anton, Pa., were introduced as new members of the International Program.

Manners wins at festival

Lee R. Manners, head of the art department of Jacksonville State University, was presented a \$200 cash prize and

Lt. Gov. Brewer told his audience that the state system of government is patterned after the federal government, that the U.S. and Constitution served as a model for the state's.

In outlining duties of the three branches of government, he expressed the opinion that the legislative branch is limited in its effectiveness by the infrequency of sessions. He exits pects that some change will be introduced that will give the lawmakers a better opportunity to take a more active role in

state government. "The state government is a bridge between city-county and federal government," Lt. Gov. Brewer declared. "I am proud of what has been done in the fields of public education, health safeety, highways and other areas during my years in the House of Representatives. I am proud to be part of a governmental environment that is conducive to this kind to progress," he con-cluded.

rector of the University

might apply to the stu-dent body of Jacksonville State. For the past several years this institution has ranked last in the standings of blood donations among the colleges and universities in the state. From this rating it would be safe to assume that JSU has quite a few turnips. But now you, the student body, have a chance to do something about this problem, and if we all get in the swing of things, JSU can move from last place to first place.

blood out of a turnip,'

On Wednesday, Feb.15, the Red Cross Blood Mobile will be on campus all day to receive your donations. And this year plaques will be presented to the girls' and to the boys' dorms which has the highest percentage of donors. These plaques will be awarded by the Red Cross and presented to the dorm directors to be placed in the win ning dorms for their fine accomplishment. Also, the problem of students not being able to give because of missing a class has been solved. Dean Theron Montgomery with the help of Taylor Hardy, who is the stu-

dent chairman for the drive, have arranged for people wishing to give blood to either be excused from class the period they are giving

There is really no excuse why the entire student body cannot make a honest effort to donate an hour of their time for such a worthwhile venture. If most students would stop for a minute and think of the blood being shed for them in

Viet Nam so that they may go to school, sacrificing a pint of one's blood is a small way of saying thanks.

Just remember that blood is medicine, none is ever wasted.

The Blood Mobile will be on campus Wednesday, Feb. 15, from 9 to 4, and it will be located in Leone Cole Auditorium.

IH student tells of France

Ana Sophie LaCarriere of Paris represents France at the International House this year. She is a friend of Mrs. William Lathrop of Birmingham, a trustee of the International Endowment Foundation, who is also a native of France.

Ana Sophie had one year at the Catholic Institute of Paris before coming to the U. S., and she will go to the university, which is a part of the Sor bonne, when she returns

SWEETS FOR THE SWEET -- Sweet Miss Jeannie Long reflects the beauty of St. Valentine's Day and reminds all of you guys of the chance to say it in a really big way this Wednesday. Our lovely Gem is from Centre, and is majoring in elementary education.

Weatherly Hall dance a success

Weatherly Hall initiated another "First" for Jacksonville State University on February 10, 1967 when they presented their first formal dance in Leone Cole Auditorium. This was

Broadway credits include the musicals, "My Fair Lady", "Happy Twon", and "Beg, Borrow or Steal", and others. She has appeared frequently on the Garry Moore Show and on the "Ethel Merman Spectacular." With Mr. Maule she appeared in the University of Utah's complete "The Nutcracker" with the Utah Symphony, and starred with him in a sixweek engagement at Radio City Music Hall, New York.

Both guest stars, Thatcher Clarke and Jeanne-Marie Aubert, a native of Switzerland, have appeared with leading ballet companied in this country and Europe.

The program will include the following:

Pas de Deux (The Nutcracker), Michael Maule and Jeanne - Marie Aubert; Ballet Versus Jazz, Colleen Corkre and Thatcher Clarke; Carib Peddler, Waltz, Thatcher Clarke and Jeanne-See Concert, Page 4

Boy's Town is well known all over the U.S., but Andrew is its first graduate to enter Jacksonville State. The school has 1,000 students; it is supported by donations from the public; and unlike many institutions of this kind, its student body is not made up of delinquents, but of boys who have promise and need help to continue their education.

Two years before Anrew was ready for Boy's Town, he made application and it was a

Air Force offers school to graduates

Local U.S. Air Force Recruiting Sgt. Fred Mays had good news to-day for college seniors. He reported that it is now possible for them to complete their application for Air Force Officers Training School and enter class in the month of their choice following graduation. The Air Force Of -

ficers Training School is a three month of instruction leading to a com mission as second lieutenant in the USAF. Open to both men and women college graduates, it has become - - in the short span of three years - - the largest source of Air Force officers.

Jacksonville State University graduates may apply for this programat the local Air Force Recruiting office in Anniston.

For the benefit of all seniors, an Officer Training School selection team will be at Jacksonville State University on Feb. 27-28. Anyone interested in the program should contact a member of this team on those dates or contact Sergeant Mays at the recruiting office in An-niston. Phone number 236-5587.

Editorals...

Do you know?

Do you know what the S. G. A. is doing? You do? Let me congratulate you upon an accomplishment. For one to be aware of the activities of our Student Government Association takes a bit of research on the part of the student. The failure of our representatives to place posters in the dormitories and of requesting hall meetings to inform students of forthcoming, elections, dances, concerts, and other student activities of a non-sports variety is a breach of trust.

The affairs of the S. G. A are not their affairs alone, but those of every student attending Jacksonville State University. Often lack of knowledge concerning student activities is caused by our tardiness is reading the S. G. A. newsletters and the Collegian. The representatives are obligated to inform students of cancellations of events for plans have often been made for attendance.

A person could drone on endlessly about the failure and mistakes that are in the past, so now let us gaze on the accomplishments of the S. G. A. Among these are the installation of washing machines in Daugette Hall, telephones in halls that did not have phones, jukeboxes in the chowhalls, and the publication of newsletters. There are many things here that we should take pride in and things that we, as participating students could change with better communication.

--SANDRA PRESTWOOD

Business responsibility

WASHINGTON - - In a discussion of the workings of the private enterprise system, it could be expected for a group of businessmen to en dorse the statement that "economic progress depends on economic opportunity."

Recently, a group of leading business and industrial executives did repeat that statement. Their utterance, however, wasn't intended as merely a part of their comments on the operation of our business system. Instead, they were concentrating on the problem of poverty -- what can be done about it-and the phrase "economic op portunity" figures strongly in their thinking.

They reached this conclusion: "Lack of education and lack of productive and rewarding employ – ment have impaired the opportunity for self – improvement which is at the core of traditional American social philosophy."

This observation came from 100top - flight representative spokesmen of American firms, speaking jointly as members of a Task Force on- Economic Growth and Op portunity.

Created by the Chamber of Commerce of the United States, the Task Force for two years has been quietly and exhaustively studying the problem of the existence of poverty in the midst of prosperity. Contributing to the research were many academic schools and scores of additional experts on poverty.

In its third report, entitled, "The

The recommendations in many instances are bold, far - ranging proposals, some startling and some controversial.

They include, for instance, tuition - paid vocational - technical courses for students in on - the job training in industries; serious study by Congress of proposed Federal revenue sharing with the states to relieve school financial burdens, and even competition between public and private schools giving parents a choice, hopefully the catalyst for improvement in both kinds of schools as they attempt to attract and hold pupils.

In the employment section, the Task Force wants equal enforcement of fair employment laws on both labor unions and management; a teenager minimum wage rate below the adult minimum so youths can gain work experience, and more promotion of private entrepreneurship among Negroes.

The recommendations were sent to the Chamber for consideration by its committees and officers. The proposals may - - or may not-be approved as official Chamber policies. In addition, the recom mendations are for the benefit of the Congress and the Administration.

More than 20 recommendations are included in the report. The depth of the study, and the serious, persuasively supported recom mendations show the clear - thinking that American business is giving to the social ills of the coun-

Letter from the editor

As your new editor, we wish to let you know what is in store for the COLLEGIAN. First of all, the editorship is not a political position -neither the ins nor the outs have any strings attached. We will endeavor to give the news exactly as it presents itself so that you may know what has happened, not so that you may be exposed to only one side of any happening. The job of editor is one of greathonor, great responsibilities, and hard work.

The duty of an editor is such that he is bound to give an unbiased account; the duty of his readers is to SEE that he gives an unbiased ac count. Under this editorship, any letter to the editor which conforms to the common - sense codes of relevance and decency, will be published. It is your paper.

In the forthcoming issues of your paper (as soon as you come up with another name for it, it will no longer be the COLLEGIAN), we will try to fill eight columns, instead of seven, with enjoyable, worthwhile copy.

Jacksonville State University is the best school in the world. It has not only the friendliest campus in the South (Glory!), it has the friendliest people in the world. Its publication, the present COLLEGIAN, by all means, should be a friendly paper. It is our wish that the COLLEGIAN shall continue in its policies of friendship, however, it will tolerate editorially no known threat to the continued successful scholarship and fellowship at Jacksonville State Univer sity.

The COLLEGIAN will publish regularly financial reports furnished by the SGA, in addition to full news coverage of the SGA meetings. Because the various organizations on activities, and such. We wish to thank Lou

Botta for his fine performance as editor, and commend him for his editorial policies. Lou, by his own choosing, has decided to concentrate his efforts in the field of sports - reporting, his first love and chosen life - time career. We all owe him a debt of gratitude and an obligation to carry on in the tradition he has estab lished.

Cadet awards presented at Jax State

Cadet awards for the first semester were presented by the ROTC department at special ceremonies held on the parade grounds recently.

Scabbard and Blade gave awards to one cadet from each class who qualified for outstanding cadet in military and academic scholarship, leadership and appearance. Recipients were Cadet Major Thomas J. Monroe, Albertville; Cadet Lt. Terry M. Carr, Bynum; Cadet Plt. Sgt. Jimmy L. Clark, Jacksonville; Cadet Leonard R. Messer, Birmingham.

Cadet Lt. Col. William Ray Stanley, Jacksonville, received the American Legion Scholastic Excellence Award.

Cadet Lt. Col. John W. Patterson, Jr., of Birmingham, was presented the Northeast Alabama Retired Officers Association outstanding medal as the outstanding senior cadet at summer camp.

The JSU ROTC Cadet Association Award went to Cadet Col. Peter A. Eschrig as graduating brigade commander for his contribution to the brigade.

The following cadets were awarded the Ranger Badge and military certificate:

Richard A. Bailey, Kenneth J. Calvert

SGA meetings

COMMUNICATION"

This "Campus Communication" was handed out to various students in the cafeteria during the evening meal last Wednesday, the eighth. From: Philip McMahan To: Student Body

Subject: Campus Com - munication

It has come to my attention that a great deal of concern has been displayed over last week's election. It is my desire at this time to clarify this issue.

SGA meetings are held every Monday night in BGH at 7 p.m. One of the elements of my conversation on Monday, Jan. 30, was to announce the coming election to be held on Thursday. In this message I gave the time for the nominations to be closed and also the time of election. In addition we put this information into the SGA NEWSLETTER to be delivered to you either by the NEWS -LETTER staff or your

representative. I have this date scheduled a special SGA meeting to clarify responsibilities in order to avoid any future misunderstanding.

I am not laying the blame on anyone for this strained situation but you can rest assured that I and the SGA will rectify not only this situation but will in the future continue to strive for better communication.

I invite anyone to come and talk to me or any of the SGA officers at any time concerning this or any other issue or problem.

Sincerely,

PHIL McMAHAN President McMahan, at the beginning of the meeting, admitted that there was a lack of communication prior to the election of Mr. and Miss Jax State, Mr. and Miss Friendly, and the Freshman Class Favorites in which there were only 471 votes cast. Mc -Mahan said the meeting was called so that the SGA could meet the

wichon of the stud

turbed in great quantities where they had been placed a week before. He also reported that he had seen many copies scattered around.

The meeting had almost reached a standstill when President McMahan asked those who were qualified to vote to sit together at one side of the room. This done, the motions began.

The motion that the elections be held again was seconded, and ap proved by a vote of 17-1. The date for the election was set for Feb. 13, by a unanimous vote.

PRESIDENT McMA-HAN SAYS DEAN MONT-GOMERY HAS IN -FORMED HIM THAT THE SGA HAS "NO RIGHT" TO CALL ANOTHER ELECTION. THE NOM-INATIONS PLACED IN THE SGA BOX IN THE SUB HAVE BEEN THROWN OUT. -- (ED.)

DECEMBER 12, 1966 President Philip Mc-

Mahan called the meeting to order. Ann Dryden gave the invocation. The roll was called and the minutes of the last meeting were read and approved.

McMahan appointed several people to help decorate the Christmas tree that will be put in front of Bibb Graves Hall.

Campus demonstra tions were discussed. The SGA officers will be held responsible for any such demonstrations and all members were asked to help prevent the destruction of property on any such occasions.

The meeting was then adjourned.

Respectfully submitted, JUDY WEST, Secretary

JANUARY 30

The meeting was called to order. Jessica Dykes gave the invocation. The roll was called and minutes of the last meeting were read and approved.

It was announced that the Talent Show will be ly and exhaustively studying the problem of the existence of poverty in the midst of prosperity. Contributing to the research were many academic schools and scores of additional experts on poverty.

In its third report, entitled, "The Disadvantaged Poor: Education and Employment" - - just sent to the Chamber--the Task Force sets forth a set of recommendations aimed at providing new avenues for obtaining better education and job opportunities to help the poverty - afflicted help themselves. depth of the study, and the serious, persuasively supported recom mendations show the clear - thinking that American business is giving to the social ills of the country.

The report also is strong evidence that businessmen, contrary to what many would believe, feel compelled to provide responsible leadership in attacking these social problems that affect all Americans.

More than 20 recommendations

are included in the report. The

Whose pollution is it?

WASHINGTON -- We are all guilty of causing pollution with our furnaces and fireplaces, our trash burning, our indiscriminate uses of certain chemicals and paints, by the condition of the cars we drive, and by other means, according to the Chamber of Commerce of the United States.

Numerous industries share in the blame, the Chamber concedes; so do municipalities and so does nature itself, for the pollutants include sediments, minerals, gases, radio – active particles and decayed plant life.

Much of the pollution is related to the kind of life we live today, packed together in great metropolitan centers, enjoying push - button comforts, fast trasportation, synthetically improved products and benefiting from all kinds of costsaving new industrial processes. Not only are we all to blame, we all share in the benefits of this technological age and most in -

dustrial pollution is a damaging side effect of this progress. It should follow, the Chamber says, that we all, as individuals and through our community efforts, now take responsibility for dealing with the critical pollution problem. But instead, local action lags,

the Vice President of the United

States publicly rebukes the communities and gives a signal for further Federal intervention.

By any reasonable standard, responsibility begins on the spot, at the source of pollution, the Chamber contends. It points out that a proper acceptance of local responsibility would mean the end of the kind of reject a cleanup program because only those in one part of town are suffering, or the kind of leadership that fears to impose restrictions on an offending business because it might move away and cost the community some jobs.

While the case for local neglect can easily be made, the Chamber says that to assume that Federal programs will solve the problem could be the biggest mistake of all. Actually, there is no way the Federal government can conquer pollution without the cooperation of responsible people; without an aroused sense of individual, corporate and community responsibility. And given that kind of support, the effort would need little Federal help. Any tendency now to sit back and wait for Federal programs instead of proceeding with the local remedies that science and research say is necessary, would only carry us farther along the disastrous course we have been following up to now.

Summer work with U of A

Challenging opportuni ties for scientific research study and work at the University of Ala bama Medical Center in Birmingham are avail able to selected high school seniors and college freshmen, sopho-mores and juniors, through the center's 1967 Summer Student As sistant Program. The purpose of the program is not merely to provide summer jobs, rather it is directed toward providing students interested in science with opportunities to de - velop and evaluate their aptitude and talents and to gain experience in scientific endeavor.

Each assistant in the program pursues his research and study under the supervision and guidance of a medical center faculty member, and every effort is made to assign a student to an area in which he or she has particular interest, such as biochemistry, pediatrics, dentistry, etc.

Last summer, 27 students were awarded summer assistant stipends and spent the summer engaged in original research projects. Two of the assistants, as a result of their work, were invited to present papers to a national scientific organization.

The Summer Student Assistant Program is sponsored by the Cancer Research Committee of the medical center, and is financially supported by the Alabama Division of the American Cancer Society and by an in stitutional research grant from the ASC national office. Dr. Charles D. Kochakian, director of the Laboratory of Ex-See U of A, Page 4

the COLLECIAN publish regularly financial reports furnished by the SGA, in addition to full news coverage of the SGA meetings. Because the various organizations on campus outnumber the COLLEGIAN staff, and because of the activities of certain organiza tions which are scheduled simultaneously, this type of coverage for them would be im-possible. Therefore, we extend to the publicity directors, public relation managers, etc., of every school organiza tion the invitation to present for print the particulars of their calendars,

his contribution to the brigade.

The following cadets were awarded the Ranger Badge and military certificate:

Richard A. Bailey, Kenneth J. Calvert, Steven Hansen Gurley, Jimmy Ray Holbrooks. Elbert Phillips, James Schwantes, Leonard R. Messer, Sumpter R. Nelson, Birmingham; Samuel J. Bailey, Bessemer; John B. Berendt, Jacksonville; William L. Branch, Clanton; Charles A. Bridges, Louie Robertson, Gadsden; Harvey E. Brock, La Fayette.

Draft us old guys

By: PAUL HARVEY Reprint: JEFFERSON JOURNAL

Congress is reconsidering the draft and alternatives. Most concede Selective Service will be perpetuated with few if any modification.

Sen. Ted Kennedy wants to eliminate college deferrments which he considers "discrim inatory."

But he would revert to a system which his torically sent our most promising young men away to war, leaving the incompetents behind to prosper and propagate. Selective Service Director Gereral Hershey, preferring more auth ority to less, favors universal military train ing; everybody in uni form.

Last year this column urged "drafting us old guys," insisting that if 59 is not too old for an airline pilot, it's not too old for a bomber pilot!

Subsequently the Air Force did recall 2,300 older airmen to active duty. Most of these, 45 and over, are fighting in their third war. Many were prematurely sidelined during the unwise pilot curtalment of 1960-61.

But, now that we have recovered that fumble, how about dratting the rest of us old guys? If we intend to continue

to fight these wars with the weapons of the last one, most of us have had Friendly, and the Freshman Class Favorites in which there were only 471 votes cast. Mc -Mahan said the meeting was called so that the SGA could meet the wishes of the students. The order of business drifted from the specific incident above to the communications between

communications between the governing and gov – erned and the faults of existing methods of communications. Points from the floor were: 1. The COLLEGIAN should publish SGA financial status regularly, as it did last summer. 2. More posters announcing coming events should be displayed.

 The SGA NEWS-LETTER should be fastened to the windshields of cars.
The faculty could

4. The faculty could make announcements ir classes.

Replies from President McMahan revealed snags for all the proposals but the first one. Dean Montgomery, says McMahan, will not allow posters to be attacked to much of the wall space. Similar difficulties have been encountered in the cafeterias.

McMahan said that the SGA had already tried to distribute the NEWS-LETTER by fixing them to cars, and the owners of the cars had strewn the publication all over the campus, occasioning another restriction from the administration. Mc-Mahan discouraged the fourth proposal as an uncertain method. SGA Publicity Director

Bill Roberts explained to the assembly that he finds copies of the NEWS-LETTER lying undis -

may one day lead us out

of the jungle. Most of the dogfaces left over from our Big War have raised a family by now. Many of us spent such a little while in such safe rear echelon jobs that we have yet to wade through mud and blood as our young are being asked to do.

Besides, the older men got us into this mess; let the old men get us out. We backed into the fire; it's our rear that ought to get blistered --not our sons! gave the invocation. The roll was called and minutes of the last meeting were read and approved.

It was announced that the Talent Show will be held Feb. 15.

Elections for Mr. and Miss Jax State, Mr. and Miss Friendly, and freshmen class favorites will be held Thursday, Feb. 2. Nominations are to be put in the suggestion box in the SUB. The deadline for nominations will be 12 noon, Wednesday, Feb. 4.

There will be a dance from 7-10 p. m., Thurs day, Feb. 3, featuring the "Distortions". The Romeros will be here in concert Saturday night, Feb. 4.

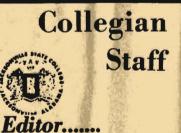

The treasurer's report was given as follows:

December balance, \$1,-628.95; deposits, \$3,611.-50 and \$4,286; balance, \$9,526.45; expenditures, \$780; balance, Jan. 30, \$8,746.45

Campus demonstra tions were then discussed. On any such occasion, the names of men residents not in the rooms will be taken. These students will have to explain their absence to the Dean of Men.

The meeting was then adjourned.

Measles in Glazner (AND WHO KNOWS

WHAT ELSE)

It was the night of the big fight; all the inhabitants of Glazner Hall made arrangements to listen to it on somebody's radio. Because there are only four or five radios in the dormitory, there were four or five jam-packed rooms when round one began.

One of these "loaded chambers" contained a man destined to cause a great deal of worry among his associates. The large number of people in the room must have inhaled and exhaled every singel cubic centimeter of air at least 10,000 times during the excitment of the fight. The fight was over, it was discussed, criticized, and almost re-

How well do you keep up with current affairs? You're probably think ing to yourself, "pret-ty well." If you do, you are in the MINORITY.

goodly, consummate, al-

Most of us I'm sure (I hope) know who the President of the United States is and most of us know that the governor is none other than Wallace--that's Lurleen. But I once heard someone say that he was willing to bet that there were some people employed at a certain foundry that would NOT know who Lurleen is.

If you know who the President is and who the newly elected governor is, then you've gone a minute step in the right direction.

The results of a poll taken among 24 students at JSU are very dis heartening. Out of 24 people only five knew who the lieutenant governor of Alabama is. Do you know?

Who is the attorney

dying to do), it would probably be beneficial to know the names of these top sellers.

The last questions are so simple that, everyone (even high school dropouts) should know the answer. Anyone missing these questions should be kicked (and I don't mean in the shin.) Think hard

now! What is Alabama's state flower? If you said goldenrod, heaven help your soul! If you said camellia, you are absolutely brilliant. If you missed this ques tion and don't live in Alabama, you're forgiven. But if you do live in Alabama and don't know its state flower, your score should drop (if you're in the plus bracket) to zero.

Now for the final question again for Ala bamians especially, but the out-of-staters can take a crack at it just for

fun. O. K. What's Alabama's state song? Even though the Southerners play "Stars Fell on Alabama" superbly, that's

Around Jacksonville

MORE RAPPELLING

By: KENNETH KIFER In the last paper I said that next time I'd try climbing back up my 60 foot cliff. Well, I haven't been either up or down that cliff again but I have been busy converting my nylon from a silk-like rope to a well-worn white black.

of my favorite One places to do this is in the tree in front of my room. I toss the rope over a limb and try to con someone into going up it. Seven different people besides me have been up in that tree--as many as three at a time. Thoreau's builders can raise loftier structures; I'm sure my climbers will one day climb taller trees.

Of course my victims can't be expected to climb as high as I want them to, hand over hand. Instead I give each one special climbing called Prusik knots Three of these knots. knots are tied to the rope, loops from two go the climber's over feet and a large loop from the third goes around his chest. By sliding up the two knots connected to the feet and next sliding up the knot supporting the chest, the poor soul can struggle upward. If he jams his cnots half-way up, he as the choice of either umping or letting us cut ne rope. (Actually is has never happened, ough it hasn't been for ne lack of the beginner trying.) After he has reached the top he can rappel back down and start over.

Over. the weekend, Steve Spencer and I went to try our luck rappelling at Noccalulu Falls in

sponsible for super vising and co - ordinating the activities of the cadet brigade staff. Cadet LTC Patterson

ranked first in his com-

PATTERSON

pany at summer camp. The big job of planning the training to be accomplished on drill days and for other activities which the brigade in Gadsden. We had a mile of chiff to choose from and finally decided on a place about 70 feet high. We both used the rappelling ring to go down, letting the friction of the rope twisting through the ring control our descent. At all times the cliff face was right next to us, and when Steve climbed on the knots he found they jammed against it. While he was working up I got an idea -knew these cliffs but Steve didn't -- I'd give him a real cliff to go over. When we reached the place I'd chosen, Steve decided it would be better for him to go

first. Now Steve is used to the older rappel with 'rope controlled by the body friction and using this method he must keep in contact with the cliff to keep from falling. Steve had never Also gone over an overhang. So I game him a real overhang-- a 25 foot one

-- and didn't tell him about it. Steve went down five feet, and then a bit more, and let out a yell. When he got donw he shouted up, "Why didn't you tell me it was going to be like this?" And I hollered back, "You didn't ask."

When I descended and passed under the cliff, though. I knew what he See Kifer, Page 4

for drill. Cadet Lieutenant Colonel Wolfe has many honors both in ROTC and for campus activities.

Due to the large number of cadets, the cadet corps has a split drill. The first battalion, commanded by Cadet LTC Billy R. Henderson, drills on Friday. Commanding the second battalion, which drills on Thursday, is Cadet LTC William E. Cline of Newman, Ga. The cadet battalion commanders have the following duties:

Conducting drill and training and maintaining the state of discipline and order of their units,

HENDERSON

and making recom mendations to the cadet brigade commander concerning assignments, promotions, and reductions for personnel in their battalion.

Also commanding an important unit in the cadet brigade is Cadet Maj. Thomas J. Monroe, who commands the Ranger Company. Tommy, who hails from Albert ville, has been active in every phase of campus life.

MONROE

KEN KIFER

didn't get a little tired of peddling, Ken replied, "Being a little uncomfortable is what makes me alive. The most important thing in the world is to be aware of one's surroundings. I like to sleep with my window open at night so that the cold air will come in and wake me up. When I'm asleep I am the same as dead.

Other activities also find a place in Ken's precise and strictly dept schedule. He is interested in cave-exploring and in bird watch-He is also very ing. active in extracurricular activities on campus such as working for the COL-LEGIAN and participating in the writers club.

Originally from Pittsburgh, Ken now lives in Gadsden where he went to high school. When asked what he plans to graduation, do after degree in (with a English) Ken said that plans to do gradhe uate work at the University of Alabama. After that his plans in-clude to "teach for a while, try writing, make trips every now and then.

and ultimately settle down in some nice little valley with no people.

The scintillations emitted by the manyfaceted personality of KayeDuke, as the "Spotlight" finally corners her, will leave an afterglow to dishearten even the most worthy "Senior Spotlight" aspirants. Unable to display the bedazzling refulgence of Kaye's brilliant career

sitos. Gen of the min, from Assistant Feature Editor to Editor of the COLLEGIAN in one

Kappa Delta, A Cappella choir, Madrigalans, ROTC Sponsor, Dormi-tory counselor, Mimosa Staff, Guidonbearer for the Southerners, and first place in the Talent Show (Summer 1965) are but a few of Kaye's contributions to Jax State. She also was the recipient of a Linly Heflin Scholarship.

Linda Kaye Duke, elementary education major who plans to teach in Georgia, while she works on her doctorate, is the daughter of Mr. and Mrs. W. Z. Duke of Childers-

burg, Alabama. Mr. and Mrs. Duke, Steve, Dwight, Laura, and the whole of Childersburg have every right in the world to be proud of Kaye.

Eager to keep up with the latest women's fashions, Kay sometimes will not allow herself.

This is because of the one requirement each item of her wardrobe must have. It must be ladylike.

The young lady, however, has ambitions and ideas which, most of the time, lie unsuspectingly beneath her beautiful countenance. While

not the one to tell you so. Kaye can be really distrubed if you are illmannered, especially if you don't close the door behind you.

Given a chance to express a view of more or less an editorial nature, as are most candidates for the "Senior Spot-light", Kaye descended on the town of Jacksonville, Alabama. It is her main source of discontent. However, she applauds the town on two counts. First, she thanks Jacksonville for the many and varied forms of entertainment it provides for young people and, secondly, she thanks the people of Jacksonville for accepting the studentry of Jacksonville State University as social friends, as well as economic friends.

Quite a girl, don't you think?

at JSU are very dis heartening. Out of 24 people only five knew who the lieutenant governor of Alabama is. Do you know?

Who is the attorney general of Alabama? If you said Richmond Flowers you're wrong. If you said McDonald Gallion give yourself two brownie points.

Now for an easy one. Who is the Princess of Monaco? Shoot, I'll bet you it's right on the tip of your tongue, isn't it? If you said Grace Kelly, you're absolutely correct. Score one and one only, pat on the back.

Don't get the big head. More people got this answer than missed it. Out of 24 people 10 missed it, however.

Who is the author of "Death of a President"? If you don't know I'm not going to tell you, but don't get down in the dumps just because you don't know who wrote this about John F. Kennedy that has been causing so much controversy re cently. If you do know, give yourself TWO pats on the back and five browniecoints (or cub scout voints, whichever the se may be) because only seven out of 24 knew the right answer to this question.

The following two questions if answered right show that you are above average or either an avid record fan. What is the name of Senator Dirksen's new album? What is the name of Adam Clayton Powell's new album? If you're wondering who Adam Clayton Powell is, subtract three points from your score. If you do know who Mr. Powell is - - bully for you.

Senator Dirksen's new album is called "Gallant Men." Only five out of 24 knew the answer to this toughy. Adam Clayton Powell's new album is named, "Keep the Faith, Baby." Even fewer people knew the answer to this question. If one ever wants to buy Dirksen's or Powell's record (which I'm sure everyone is

the out-of-staters can take a crack at it just for

fun. O. K. What's Ala-bama's state song? Even though the Southerners play "Stars Fell on Alabama" superbly, that's not the state song. It's "Alabama, Alabama" (we will aye be true to thee). Remember? If you have answered

all of these questions correctly you are probably up on things. Congratulations! But if you missed over three you need to watch "Hunk and Bunk" more often.

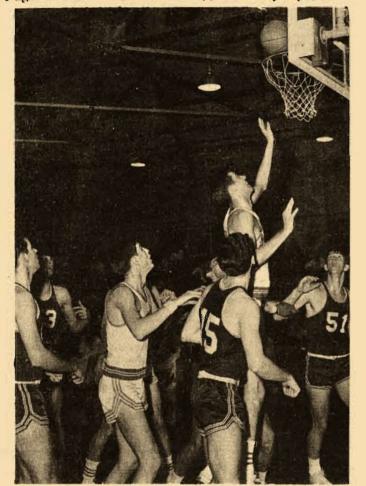

"Good night, Chet." "Good night, David."

Science **Club news**

The members of the Phi Mu Chi Beta honorary science fraternity ex plored the NASA Space Center at Huntsville on their annual winter field trip. All of those who went will agree that it was a rewarding ex perience. Some of the places visited were the Saturn V test stand, the Astrionics Laboratory (Please, do not ask a member what this word means; the head of the lab did not know!), the Computations Labora tory, and the Space Museum. I am sure all who went enjoyed the trip.

The club met in its regular meeting Monday night, Feb. 6. In order to take advantage of the interest on space ex ploration and the Apollo program especially, Mr. Clyde McSpadden presented an enjoyable program on why the United States is trying to land men on the moon and what these men expect to find when they reach the moon.

The members of the club wish the new policy on attendance to be made known to all members who were absent. After three unexcused absences in a year, the member will be dropped from the roll. Page 4. The Collegian, Monday, February 13, 1967

GIANT AMONG MEN-- JSU'S Buddy Cornelius displays the art of the tip-in against ACC for Alabama College. The Gamecocks won the gamell2-96.

Gamecocks rip Falcons

The Jacksonville State Gamecocks overcame a four point halftime deficit and went on to roar past the Alabama College Falcons 112-96. The win gives the Gamecocks a conference record of

Troy's Red Wave downs Gamecocks

The Troy Red Wave gained temporary share of the Alabama Collegiate Conference basketball lead with a 99-95 win over the Jacksonville State Gamecocks on Jan. 28.

The Red Wave built up a fifteen point lead over the Gamecocks then survived a late scoring burst to hold on for the win. The loss gives the Gamecocks an overall record of 10 wins and five losses, and a conference record of 5-2.

Leading scorer for the Gamecocks was Paul Trammell who hit for 28 points, he was followed in the scoring by Buddy Cornelius who hit for 15 points, Fred Lovvorn had 14, Billy Brantley had 13, Craig Helms hit for 10. Other Gamecock scorers were Ken Rahtburn (7), Gary Angle (4), Bobby Terrell (4), and Randall Bean had one point. The Gamecocks hit 37-83 shots for a 44.8%, Troy outrebounded the Gamecocks 57-47.

Leading scorers for the Red Wave were Larry Thorpe who scored 25, and Doug Charmichael and John Enslen who both hit for 20 points each The Gamecocks meet

the Red Wave again on Feb. II, in a key ACC game, as both teams are trying for the trip to Kansas City and the NAIA playoffs. 6-2, and an overall record of 11-5.

The Jaxmen got outstanding performances from four players in this win over the Falcons. Buddy Cornelius had probably his best game of the season connecting for 31 points. Other Gamecocks to hit in double figures were Paul Trammell (25), Bill Brant-ley (24), and Craig Helms with 22 points. Rounding out the scoring for the Gamecocks was Gary Angel with eight points. Ken Rathburn had, two points. Marshall Killings -

worth was high point man for the losers as he hit for 23 points.

The margin of victory for the Jaxmen came at the free throw line where they hit 30-48, while the Falcons hit only 16-26. After a road trip the Gamecocks return and finish the season with games with Troy, Livingston, Mississippi College and Athens.

Trackmen to open 1967 season Feb. 18

The Jacksonville State University track team will open its 1967 season on Feb. 18, when they participate in the Montgomery Relays. This is the first time that the Jacksonville State track team has gone to the Montgomery Relays and head Coach Irv McFarland is very optimistic about their chances. Making the trip as members of the team will be Dick Bell who will compete the Shot Putt, Anthony Aarhus, Shot Putt, Mike Wright, High Jump, Irv. McFarland, 60 yard dash, Gary Wood, 2 Mile Run, Jim Harris, 2 Mile Run, and the Mile Relay team composed of Dwight Duke, Richard Simmons, Irv

Gamecocks stop Mississippi's Choctaws twice; Trammell stars

The Jacksonville State Gamecocks got their "century express", in high gear and received a record performance from Paul Trammell to down the Mississippi College Choctaws, twice 119-96 and 130-106. In the 130-106 win over the Choctaws, junior Paul Trammell from Talledega, Ala., broke the scoring mark for a single

Bears rip Gamecocks in conference game

The Athens Bears jumped off to an early lead and were never headed as they defeated the Jacksonville State Gamecocks 129-101, in a key Alabama Collegiate Conference game played on Feb. 6, in Athens. The Bears hit 50 of 81 shots for a hot 61.7 percentage, while the Gamecocks connected on 38 of 104 shots for 36.5 percentPaul Trammell from Talledega, Ala., broke the scoring mark for a single necocks e game

Troy and Athens remaining on the schedule. Both of these games will be played in Jacksonville so the Gamecocks still have a chance to tie for the ACC lead. Jacksonville also has a conference game with Livingston remaining so the Gamecocks must win all three games to gain the tie.

The loss was only the

game with his 52 point performance. Trammell's mark erases the old record of 50 set by Mitchell Caldwell against John Marshall College back in the 1963-64 season. Trammell retired from the game after breaking the record with 5:30 minutes showing on the clock. Trammell scored 29 points the night before giving him a two day total of 81 points. Besides Trammell

other Gamecocks who enjoyed good nights of scoring were Bill Brantley who had a two day total of 31 points, Criag Helms who scored 47 points in the two games, while Buddy Cornelius scored 30 for the two games. The 130 points was al-

so a record for a

Conference game played on Feb. 6, in Athens. The Bears hit 50 of 81 shots for a hot 61.7 percentage, while the Gamecocks connected on 38 of 104 shots for 36.5 percent-

age. Leading scorer for the Gamecocks was Buddy Cornelius with 18. Craig Helms was second high point man with 17.

The Bears jumped off to a quick 6-0 lead and were off and running for the rest of the game. Their biggest lead of the night was with seven minutes remaining in the game and they had a comfortable 30 point lead over Jax State.

The win places Athens in a tie with Troy for the lead in the ACC. The Gamecocks are one game behind the leaders and still have games with

'Dogs stop Gamecocks

The Samford Bulldogs threw up a tight defense and temporarily derailed the Jacksonville State "century express", by defeating the Gamecocks 79-72, in a game played in Birmingham on Jan. 26. The Gamecocks who had been averaging close to 119 points in the three previous games couldn't penetrate the tough zone defense of the Bulldogs and were unable to hit from the outside.

The defeat was the fourth of the season for the Gamecocks, but the second time that the Bulldogs have beaten them. The other defeat was in the finals of ther Sertoma Basketball Classic held over the Christmas holidays.

Only two Gamecocks hit in double figures those being, Bill Brantley, who had 21 points and Buddy Cornelius who hit for 13. Bulldgos on the The other handhadfour players in double figures, with Spunk Bryant leading all scorers with 23 points.

Other Gamecock scorers besides Brantley and Cornelius were Randall Bean and Gary Angel who hit for 9 points each, Ken Rathburn with 8 pts. Steve Copeland (6), Fred

sonville also has a conference game with Livingston remaining so the Gamecocks must win all three games to gain the tie.

The loss was only the sixth of the season for the Gamecocks, they have won 13. Besides the three remaining conference games the Gamecocks still have two games remaining with Mississippi College, so there will be plenty of good basketball available to the students in the next two weeks. Why not go out and support the team, for they have provided many exciting moments for the fans this season and the fine record they have made is an indication of the fine basketball talents these boys possess.

in the two games, while Buddy Cornelius scored 30 for the two games. The 130 points was also a record for a Jacksonville team in a game away from home and marked the ninth time this season that Gamecocks have the a hundred or scored points. Jackmore sonville also got a grand total of 55 field goals for the game, one shy of a record, and hit for 20-25 free shots.

of or points,

who scored 47 points

Choctaws also The scored freely and their leading scorers were Danny Bishop who had 35 points for two nights play, Darrell Chandler hit for 27 points in Saturday night's game.

seems that every time that these two teams get together that one thing is certain that points will be scored. Last year the Gamecocks scored over a hunand twenty-five dred points both nights and lost both times; And one night the score was 136-135 in favor of the Choctaws. These same teams will meet rwo again in another weekend series this time in Jacksonville on Feb. 17-18. So if you like to see a lot of points scored, grab your adding machine and come to the games.

The two wins give the Gamecocks an overall record of 13-4. Also the Gamecocks after these two games are now averaging 101.2 points a game this season.

perimental Endocrinology and chairman of the Cancer Research Committee, coordinates the program.

To make application, no special forms are needed. Interested students should submit a letter describing their academic background and experiences in science, their fields of interest, and essential auto biographical informa tion. An academic transcript and two letters of recommendation from science instructors must accompany each application. High school seniors and college freshmen should enclose a copy of their college entrance examination test scores.

Only residents of Alabama are eligible for the program, though they may be attending school in another state.

All applications should be mailed during early February, and no later than March 1, to Dr. Charles D. Kochakin, University of Alabama Medical Center, 1919 Seventh Avenue South, Bir mingham, 35233.

Students selected to participate in the Summer Assistant Program begin their research and study around the first week in June, or whenever their school dismisses for the summer.
