Construction Begins On Parking Spaces

By Kent Anderson

"Although we have plenty of parking places available for students, including the area around Curtiss, arrangements have been made to add another 300 spaces to that which already exists," Solon Glover, JSU business manager, stated last week.

This move should help to ease Jacksonville's acute parking problem. It was a bilateral venture of the SGA and the administration.

The SGA, in their Sept. 22 meeting, appointed a traffic committee to study traffic problems on campus. This committee, headed by David Goldman, was composed of Freda Boyd, Randy Knox, Bill Snowdon, and Tony Ballard, plus representatives of each Greek organization.

The committee decided, with the counsel of James Jackson, assistant campus police chief, to consolidate their views and request that Dr. Cole approve the acquisition of several new parking areas.

These areas include the area to the rear of the croquet court and north of Mountain Avenue, the area behind Martin Hall, the land between Glazner and Logan, and west of the concrete abutment, and the area between Daugette and Snow Stadium.

Some other areas considered but delayed were the corner next to Self Cafeteria, the section north of the Athletic Dorm, and the area in front of Bibb Graves.

The possibility of a reverse lane in front of Bibb Graves was discussed, but tabled for future study.

Meeting with Dr. Cole were Russel Greenhalgh, Terry Moore, Tony Ballard, Don Cheyne, David Goldman and Chief Jackson. In this meeting it was cleared that a lot behind Martin and one behind Glazner would be constructed and that a lot behind the P.E. Building was under construction.

The area behind Ayers Hall and Martin were both checked on September 26, by two members of the State Highway Department. They assured the administration that the lot construction would begin as soon as their committee of a sign making kit. The kit, manufactured by American Jet Spray Industries, has a ten year guarantee. The kit will also be made available to students (See BUDGET, Page 3).
Stadium Mud

We here at Jacksonville hope to soon have a modern sports arena to house the fighting Gamecocks, but for the present we have needs in the present location.

At the recent Samford-Jacksonville game it became evident that something must be done to eliminate some unpleasant conditions now found in our stadium.

First the stadium is not marked in a manner recognizable to visitors. Second, there is a problem in wet weather with mud. At the Samford game the passages from the primary gates to the visitors section were ankle deep in mud. These walk ways were almost impassable.

It is understood that this is not a permanent facility, but it should be pointed out that between now and the target date for completion we will probably see several more rainfalls.

Perhaps if paving is not financially feasible then a temporary board walk could be constructed. Anything would be an improvement. It is our duty to show our visitors as pleasant a time as possible.

--KA

Double Spirit

Three Saturdays ago our football team won a great victory against the Samford Bulldogs. The school spirit that had all but disappeared after two disappointing seasons was revived when our Gamecocks made an exciting comeback to win the second half. In Missouri, it was a different story, however, and there are those who would write off our team as another loser. Actually, the game was close and the players haven't quit because of one loss.

It takes time to build a great team. We may lose other games and we may not. The point is this: Let's thank our team for their work by doubting our enthusiasm and spirit. In the long run this policy will pay off for the students as well as for the football team.

AC

Letters To The Editor

Dear Editor:

This letter is addressed to the SGA office.

As your acting SGA senior senator for the summer semester, I feel I should report to you what was accomplished this summer and what was not.

First, I will start with the easiest and shortest, what was accomplished. About the only thing accomplished was the written classes dismissed on Saturday, July 5. I may be mistaken, but I can't think of anything else accomplished. If so, I hope someone last them.

Now we come to the things we did not accomplish. Before I start, remember that the summer SGA is not expected to do anything except wait until classes end. If this is to be the case, we should not have summer SGA.

First, something necessary was the issue of the senior rings. The SGA is getting a ring for $100. This means that we have to have $100 left to give away. If so, this is all right.

Next, we come to the mud holes. Mudholes - mostly important was the issue of the senior rings. The SGA is getting a ring for $100. This means that we have to have $100 left to give away. If so, this is all right.

My motion that the senators be able to take their receipt to the SGA office and get the $5 back if they would deposit a ton of sand on their property would bestir himself to move.

Second, after three unfortunate incidents, one of which was made a motion that we get touch with the deans involved and try and work on some changes in the old dorm rules.

At first this act a chill up some SGA members backs, while others sat motionless. After a short discussion in which the majority felt that the rules were reasonable, that there was no cause to try and change them right then.

My last words deal with the student activity fee. We, the SGA for the summer, were told that we would have to operate on so much money since there was no student activity fee for the summer.

In the fall of 1968, tuition was $160, $2 of which was the student activity fee. In the spring of 1969, the tuition was $160, $2 of which was the student activity fee.

In the summer of 1969, the tuition was $160, but there was no student activity fee. In the fall of 1969, the tuition was $160, $2 of which was the student activity fee.

Thus I wonder, did tuition go up $2 in the summer, or did it go back down $2 in the fall, or what happened to the $2 extra we paid this summer.

One thing I have heard while walking around on campus or sitting in the grab, people's opinions on certain matters, why not come to the SGA meeting and voice your opinion where they will do some good.

Richard Conti

(Editor's note: The $5 ring "kickback" referred to is being placed into the SGA's general student fund.)

Mudholes

Dear Editor:

A cause of some concern among those fortunate (?) enough to have inspected it, the mudhole,quist, a vigorous morass which guards the eastern entrance into Paul Snow Stadium.

This expansion of muddy mirefulness is quite deep and sucks at the feet of anyone treading across it.

Case in Point: At the Samford ball game, one of that university's band members (female variety) carelessly trod into the morass and uttered this plea: "Somebody help me! I'm sinking!"

A great exertion by rescuers extracted the frightened girl.

Another: A Jacksonville citizen lost a shoe casually to the same mud.

It would seem, with the abundance of construction in progress on the University campus, that someone would be so foolish as to deposit a ton of sand on that conspicuous quagmire. This oversight is hardly excusable, especially when the mudhole,quist is being placed into the SGA's general student fund.

Richard Conti

(Editor's note: See Ed. note.)

Thanks Campus Cops

The following letter was sent to JSU President Dr. Houston Cole.

Feeling a little daughter who attends Samford University, my family and I attended the Samford - Jacksonville game on Saturday night, September 20.

When we went to the car after the game, our car would not start - the battery was dead. Being a stranger on the campus and in the city, I decided to approach the city police for help.

This I did, but their reply was that the garage and service stations in the city closed at dark, and the nearest help would be from Piedmont or Anniston.

This was too comfort soing as I decided to see if the campus police could help.

I'm writing this to tell you how courteous, considerate and helpful they were. Sgt. Murray radioed for a jumper cable, drove me back to my car and helped me get started.

I also want to mention that when we got to the car, one of the Jacksonville band members had already stopped and gone out of his way to find a jumper cable.

We appreciate very much the helpfulness of these two people, and we see LETTER, Page 3).

Statehood Group Sets Pageant, Rally Oct. 20

The week of October 19 through October 25 will be the celebration of Alabama’s 150th year of statehood in Calhoun County. The main event among the week’s activities will be the Sesquicentennial rally held on Monday, October 20 at 7:30 p.m., in Snow Stadium. That night is designated as youth night, and the Sesquicentennial celebration will be combined with a decency rally.

A few students around campus have come up with their own solutions to the parking problem, but the owners were not available for comment. The group above from Luttrell Hall, is on a borrowed bike.

This ‘n’ That

Jax State twirlers Steve Sanderson and Judy Holland were in rare form recently when the band and ballerinas put on a concert at the Talladega 500 car race in Talladega. Our two groups were easily the best musical act.

By Meridithe Gray

Sponsored by Sigma Tau Delta, the annual writing contest, started last week as the honoray English fraternity began making plans for the entries. Though an official deadline has not yet been announced, anyone who is interested in entering the contest is asked to contact Mrs. Julia Roebuck, Hammond Hall, or President Sheila Bolden, 129 New Dorm. Shown here with Mrs. Roebuck are, from left, Susan Firestone, treasurer; Joyce Loyd, secretary; Cheryl Roberts, vice president; and Miss Bolden.

THE ANNUAL WRITING CONTEST, sponsored by Sigma Tau Delta, started last week as the honoray English fraternity began making plans for the entries. Though an official deadline has not yet been announced, anyone who is interested in entering the contest is asked to contact Mrs. Julia Roebuck, Hammond Hall, or President Sheila Bolden, 129 New Dorm. Shown here with Mrs. Roebuck are, from left, Susan Firestone, treasurer; Joyce Loyd, secretary; Cheryl Roberts, vice president; and Miss Bolden.

A constitution committee, consisting of a popular singing group to be announced, as well as the BU choir singing in the pageant. Plans are to have either Miss Alabama or Junior Miss Alabama to sing the National Anthem.

Parking

(continued from page 1)

(Continued From Page 1)

A few students around campus have come up with their own solutions to the parking problem, but the owners were not available for comment. The group above from Luttrell Hall, is on a borrowed bike.

The committee also pointed out that the area in front of Curtis Hall was zoned for commuter parking, and was not generally filled. This lot would be ideal for those having classes in Mason, Averett, or Bibb Graves. Plans for the future include a study of the possibility of zoning parking areas for commuter and by classes. The idea of a tram system was considered and deemed too expensive.

Several areas not included in the present expansion were not ordered at present because they would detract from the natural beauty of the campus.

It was noted that the lot behind the PE Building will be only for University students and anyone parked there without a sticker will be towed away at the owner's expense.

The SGA traffic committee will meet again on Wednesday, October 8, at 7:30 p.m., in the basement of the Student Commons. The subject of this meeting is to review the traffic ticket situation on campus.

Homecoming Rules For Queen

The 1969 Homecoming committee released the official rules for sponsoring the new Homecoming Queen last week. The rules are as follows:

1. No Homecoming Queen candidates may be a freshman.
2. The sponsors must turn in a Day candidate's name, phone number, president of the organization sponsoring, and phone number and organization accompanied by $15 to the Student Affairs Office by Oct. 15.
3. All candidates for Homecoming Queen will be judged on appearance bases only by off-campus judges in Bibb Graves Hall. From these girls, six semifinalists will be selected.
4. The organization sponsoring these six semifinalists will then be responsible for publicity for their candidate.
5. The voting for Homecoming Queen will be the student body by November 4, on the first floor of Bibb Graves Hall. First floor of Martin Hall, and the ground floor of the Student Union. voting by the student body.
6. The Homecoming Queen will be announced and crowned on November 4th at a special assembly to be held at 9:30 a.m. in Leone Cole Auditorium.
7. Sponsors will be responsible for removing all publicity on campus by 6 p.m., November 4. The campus will be checked after 6 p.m.

700 Get Telephone

Over 700 dorm residents had telephones installed in their rooms during the first week of registration, South Central Bell has supplied the campus with a special JSU directory listing all the students' numbers.

The request for telephone service on campus is at an all-time high, and the demand was originally made by the Chanticleer last year.

Switchboard Now Open Longer Hours

The JSU switchboard is now open longer hours, according to Miss Carol Sims, one of the supervisors. The switchboard will now be open from 7:30 a.m. until 7:30 p.m. five days a week, and from 7:30 a.m. until noon on Saturdays. This represents an increase in operating time of 19 1/2 hours said Miss Sims, "to provide better service" to users of on-campus phones.

Duo Pianists to Give Concert Here Oct. 15

Jacksonville Community Concerts and Jacksonville State University will open the 1969-70 concert series on Oct. 15 when two pianists, Whitmore and Lowe bring their big Baldwin grand to Leone Cole Auditorium.

This is their second appearance here, having been requested to return by members of the association.

Concert '70, a singing group, will be the second offering on Nov. 5, in the auditorium of the new student commons where a handsome new Baldwin grand was placed.

On Feb. 12, a Chinese couple, Ma Si - Hon and Ton Kwong - Kwong, violinist and pianist, will appear in the student commons. This couple came to the U.S., singly, but married in 1954, since that time they have divided their time between Europe and America, playing in the Salzburg and Berlin festivals and in many major cities of Europe. In this country they played with many of the great symphonies and have full-scale concert tours.

The final concert on March 23 will feature Ronald Rogers in 'Songs of the Theatre', also in the student commons auditorium.

More information will be given on Concert '70 and Ronald Rogers proceeding their appearances.

This will be the eighth season for the concert association, which was organized for the specific purpose of bringing good music and outstanding artists to the university campus. Students who purchased tickets can attend an enjoyable evening. An advantage concert members enjoy is having the privilege of attending concerts in Rome, Ga., free of charge. Rome members are also free to attend Jacksonville concerts.

Graphics

The Art Department announces an exhibit of graphics from "Graphic South", a commercial art studio in Birmingham. It will open this Tuesday, October 7, and open with a lecture by Amasa Smith, the owner of "Graphic South", at 3:30 in the Art Department. It is open to the public.

Lost And Found

The Student Affairs Office has announced its recent collection of articles turned into its Lost and Found.

Car keys, eye glasses, and at least six class rings that have not been claimed from past semesters are included in the list.

The Student Affairs Office is located on the top floor of the Student Commons.

With The Greeks

In the last issue, a typographical error appeared concerning the Delta Chi rush. The Chanticleer likes to apologize to Delta Chi for any embarrassment the error may have caused.

Phi Chi had a successful rush party last Monday night. Pledge Master H. L. Cox has a pledge class of 16 men. Another rush party is planned for the near future. Phi Chi's intramural football team is led by Gary Avorett and Skip Adamson.

To show their spirit, Phi Chi's have attended all pep rallies and home games as a group.

The Phi Mu's have been busy the past two weeks with open rush and hope to fill their quota soon.

Congratulations to Phi Mu's Sherrill Bailey who was chosen ROTC sponsor.

Omega Kappa supported the Gamecocks Saturday night at the game, and then they moved on to watch the Crimson Tide play on the new color TV at the OK house. Intramural Coach Tommy Lee is anticipating an exciting season for the OK house. The fraternity has planned a blanket party for Oct. 10.

Delta Chi's winning intramural team is at it again this season. In their first game of the season, the DX's stomped Phi Chi 55-0.

The fraternity enjoyed a big night Sept. 27 when they partied at the Indi Oaks Country Club. A rush party with dates was held Sept. 27 at the Delta Chi house.

The DX's are sporting new jerseys, white with raised letters of maroon edged in gold.

Delta Chi's had a pre-game warm up Saturday and a rush party following the game. Delta Chi ROTC cadets who were promoted this year were精密 Spruill, who is now 2d Lt.; Otto Fox, who is battalion commander; David Kinsaul, now a major; and Richard Smith, a 2d Lt. Don Flowers and Burch Herb also were promoted. Congratulations!

Several Alpha Xi Delta's will be at the ball game in Missouri. They included June Godfrey, a cheerleader; Claudette and Carol Jean Smith; Mrs. Charley Felt, Mrs. Lou Kommers, Mrs. James Foster, and Miss Sue Smith. They visited the A ZD house there and reported it was "tuff.

Alpha Xi's here will be having open house Oct. II. Everybody is looking forward to this.

Congratulations to Fuzzies Stephanie Pannebaker and Jeanine Potts who were chosen ROTC sponsors.

Alpa Xi has a spade dinner party this Wednesday night with the Delta Chi's at the AZD house. This will be the first time the house will be used.

Frigee "come as you were" party last week went to Peggy Yevick for best dressed girl and David Bryan for best dressed boy.
ROTC Announces New Cadet Promotions

Col. Forest O. Wells, professor of mathematics and science, recently announced the command and staff assignments of the Advanced ROTC cadets for this semester.

Cader Col. Steven H. Gurley was appointed as brigade commander. Eight cadets are assigned Gurley at the brigade level. They are: Cadet Lt. Col. Donald B. Burns, brigade executive officer; Cadet Capt. Allen B. Greenhalgh, Brigade S1; Cadet Capt. Robert L. Bonner, assistant S1; Cadet Capt. David R. Thrasher, Brigade S2; Cadet Capt. Michael A. Bailey, Assistant S2; Cadet Capt. James E. Rogers, Brigade executive officer; Lt. Col. Donald F. Burns, Brigade S1; and Cadet Capt. Myron T. Craig, Battalion executive officer.

Cadet Capt. Stephen W. Street was appointed company commander of Company "A". Platoon leaders and staff are Cadet 1st Lt. Mark Johnson and Cadet 2d Lts. Tommy V. Ellenburg, Gary R. Foster, and Ernest S. Spruit.

The Senior Talent Show will be held October 29, at 7:30 p.m. in the Student Commons Auditorium. Prices will be $50 per student, either student or faculty. Two concert shows are scheduled for 7:30 p.m. and 9 p.m. in Levine Cole Auditorium. Tickets will go on sale tomorrow, October 7, at 8 p.m. in location to be announced by the SGA. Admission will be $50 with ID cards and $2 without ID cards. Whorton was assigned as "E" Company commander. His platoon leaders are Cadet 2d Lts. Jerre W. Wilson, Stephen J. Bortitz, and Frank A. Friz, and James R. Garnon, Battalion executive officer.

NEIL DIAMOND, rock singer whose hit "Sweet Caroline" is still listed in the top record charts, will be here for two concert shows on October 14. The two 45-minute shows are scheduled for 7:30 p.m. and 9 p.m. in Leone Cole Auditorium. Prices will be $50 per student, either student or faculty. Two concert shows are scheduled for 7:30 p.m. and 9 p.m. in Leone Cole Auditorium. Tickets will go on sale tomorrow, October 7, at 8 p.m. in location to be announced by the SGA. Admission will be $50 with ID cards and $2 without ID cards. Whorton was assigned as "E" Company commander. His platoon leaders are Cadet 2d Lts. Jerre W. Wilson, Stephen J. Bortitz, and Frank A. Friz, and James R. Garnon, Battalion executive officer.
Second Half Charge Gives Jax First Win

The Jacksonville State University Gamecocks, thoroughly outplayed in the first half, roared back from behind on the night of September 20 with the running of Bubba Long to defeat Samford University 20-10.

The big fullback never scored a point the entire evening, but his 102 yards rushing, 144 of them in the last stanza, provided the stabilization the Gamecocks needed to whip a Samford team that didn't deserve a 10-0 intermission lead. It marked Long's best night ever, along with Coach Pell's first win as a head coach.

Long didn't do it all by himself though. There was plenty of help in the second half from Doc Lett who hit flanker Mike Munhall on three occasions for 69 important yards. There was also a splendid boost from freshman fullback Roger Weaver. Young Weaver, a Rome, Ga., native, ran 69 yards over right tackle to put Jacksonville in front 13-10 midway through the third quarter.

A near capacity crowd saw the Jax State defense come to life in the second half also, holding the Birmingham team to a mere 30 yards net total offense for the final two quarters.

Fumbles plagued both teams in the first half, but the costly errors hurt Jacksonville the most. Halfway through the first quarter the Jaxmen fumbled on their own 25. Defensive end Bobby Carwell, a Jacksonville product, pounced on the ball for the Bulldogs, who drove to the four. At that point Samford quarterback Danny Gambrell fumbled and David Radford recovered for the Gamecocks.

Radford's save was short-lived. The very next play saw Mike Little fumble at the Jax State four. Mike Cobb carried over for the touchdown and Rufus Golson converted, Samford led 7-0 with 8:56 remaining.

Near the end of the quarter, Samford turned another JSU fumble into three points. Lett lost the ball at his own 15 and the Bulldogs were knocking at the door again. Radford silenced any touchdown hopes, however, by throwing Gambrell for a nine-yard loss. Golson split the uprights from 39 yards out to make it 10-0 with 14:05 left in the half, scoring wise that was it for Samford.

It didn't take long for the Gamecocks to make themselves evident in the third stanza. They forced a Samford punt after the kickoff and took possession at the Bulldogs' 40 yard line. With Long rushing for 23 yards on the drive, they moved in quickly for a touchdown. Gary Godfrey got the points on a one-yard plunge and the Gamecocks led 17-0.

Mike Little picks up valuable rushing yardage against Samford. Little (21) is shown picking up his blockers Bobby Irrel (61) and Jackie Clark (22). The Gamecocks went on to beat Samford 20-10.

Late Jacksonville Surge Falls Short, Mistakes Kill Gamecocks

Jacksonville State, fast becoming familiar with their fourth quarter charges, staged one here in Cape Girardeau Saturday night against Southeast Missouri, but a penalty and a pass interception stopped the drive at the Gamecocks lost their first game of the season 19-13.

The Jaxmen storming from a 19-0 deficit early in the second half, whittled the lead to 19-15 on a 48-yard touchdown gallop by Roger Weaver, and a five-yard run by Bubba Long, but an interception by the Indians with 30 seconds left killed the last minute surge.

The key penalty, which actually turned the game in the final moments, came on a fourth and eight situation with two minutes and 20 seconds left in the game and Southeast Missouri was backed up at their 30 yard line. On the snap, a Jax State lineman was penalized for a personal foul, giving the home team the first down and the chance to eat up most of the remaining time.

Jacksonville, which showed a lot of fight after a spotty first half on both offense and defense, made a valiant effort and fell painfully close to a near victory.

Al Holmes, a 5'5' sprinter, was the thorn in Jacksonville's side as he caught a 63-yard touchdown toss from quarterback Greg Schroder and ripped off 78 yards rushing, all in the first half. He injured a knee and did not play in the second half.

Southeast Missouri scored on the second play of the game, the six points coming on the long bomb to Holmes, while the second Southeast Missouri touchdown came with 4:39 left in the first half on a two-yard strike by Art Miller, following a 65-yard drive that was set up by a Jax State fumble.

Bad luck continued to plague the Gamecocks as Herby Wientjes dropped a sure touchdown pass following the second Southeast Missouri touchdown and Roger Weaver fumbled the second half kickoff that set up the final Southeast score. The Indians went 25 yards in two plays, with Miller covering the final 12.

Doc Lett brought the Gamecocks back in the second half as he engineered two long TD drives, the first coming with 3:49 left, as Weaver broke a 49-yarder for six points. Danny Kemp missed the PAT. Later in the final quarter, the sophomore signal caller directed the Jaxmen 65 yards when Long bulled his way five yards for the final tally.

Weaver was the top yardage man for the Gamecocks with 76 yards on nine carries while Long had 56 in 19 attempts. Lett, plagued by several dropped passes, hit on eight of 21.

Intramural Sports
Preston Newman proves to be great punter for JSU

One of the greatest assets a team can possess is a line punter and in the department, Jacksonville State ranks among the elite in the nation.

In Preston Newman, the Gamecocks can count on a fellow who knows how to make a kick and gain in exchange of punts.

Several times last week against Southeast Missouri, Preston gave Jacksonville State more than 15 yards after an exchange of punts. He averaged 48 yards a boot.

For two games, the supplier from Har- kies, is hitting the ball at a rate of 45 - 7 per kick, among the best averages in the nation.

Last year, Newman led the nation most of the season before a couple of blocked punts caused his average to dip to a 4.17 mark. The 47 average, however, set a new school record at Jackson State.

"I really don't know where we would be right now if it weren't for him," in the way head coach Charley Pell describes his fine kicker. "Several times in the past two games he has given us working room out around the 35 when, with another punter, we would have had to start at the 15 or 20."

Newman's top punt this season came against Southeast Missouri.

---

**Editor Traces Communications**

Duard Le Grand, editor of the Birmingham Post - Herald, traced the history of communication from its crudest forms to today's color television shows, Friday morning as a speaker at Jacksonville State University.

Le Grand, the first speaker in this year's educational forum at Jax State, compared today's systems of communication with Indians who once used knotted strings to convey messages.

"Emphasizing the need for more communication from within the community, he said, "Tower of Babel was never completed in the Biblical story because of a breakdown in communication."

Le Grand pointed out that although we have more mass communication than ever before because of the news media, there seems to be a gap in communication and several short courses for existing law enforcement personnel and college students were scheduled during the next couple of months. These courses are classified as part - time students.

Dean of Admissions Lawrence Miles said Calhoun and Jefferson counties provide the largest number of students understanding among today's society.

"Our cities are decaying because of a lack of communication," he pointed out, "and we need to reestablish contact with all who live in the community."

The guest speaker emphasized what can happen when there is no communication by telling of Gen. Andrew Jackson's battle with the British at New Orleans. "The war was already over, but Jackson didn't know it because of communication."

"This type of situation would never occur today in Vietnam," he said.

---

**Math Day Is Held**

Joe Richardson of Winfield, Ill., was the keynote speaker at District 6 Mathematics Day, which was held Saturday, Oct. 4 at Jacksonville State University.

Elementary, junior and senior high school teachers attended the workshop, which was held in the Jax State Student Commons Building.

Day in District 6 include Calhoun, Cherokee, Etowah, St. Clair, Talladega, Cleburne, and DeKalb.

Registration was held from 8:30 a.m., on the first floor of the Student Commons building, followed by a general session meeting.
Portfolio Heap Big Pep Rally
