Annual Christmas Party
To Be Held December 4

The annual Jacksonville State University Children’s Christmas Party will be held Monday, December 4th, from 5:30 p.m. until 9:00 p.m. in Leon Cole Auditorium. All students are invited to attend this event and participate.

The purpose of conducting such an event is two fold. One, it affords the opportunity for children whose fathers are overseas in the Military and for the less fortunate children in the Jacksonville area to share the Spirit and Meaning of what Christmas really is. Two, it gives the JSU students the opportunity to do something beneficial for the families of the men who will be overseas during the Christmas season and for the children of the area who may not have the privilege to share Christmas.

The Christmas Party offers many opportunities as students. We need to all take a part. Your support is needed. Gifts and presents are very expensive during this time of year. Any financial support you can give will be deeply appreciated. Your donations can be sent to the SGA office on the fourth floor of Student Commons and or placed in any of the bright-red donation cans placed at the Chat ‘em Inn and the establishments up town.

Let’s all turn out for this event. We all can benefit from being present at the party and actually getting down on the floor to play a game of pin-up-sticks with some little girl or throwing the football with a six year old boy. Yes, this is one of the many ways we can search for a “better understanding of one-another.”

Summer School
In Spain

Each year, for six weeks of the summer, Augustana College in Rock Island, Illinois, offers to students in the United States and Canada an opportunity to study in Spain.

Last summer the program began on June 30. The 103 students from 25 states, Cuba, Canada, Haiti, Mexico, the Virgin Islands and Puerto Rico, representing 49 colleges and universities flew to Madrid where the Director of the program, Dr. Doreste, met them.

The students lived and attended classes at the University of Madrid. The living quarters consisted of one room per student. The dormitory had its own swimming pool and tennis and basketball courts. The academic program was conducted by native Spanish professors from the University of Madrid and American institutions.

The students toured La Mancha for two days visiting all the interesting places related to Cervantes and Don Quijote. They also visited Salamanca.

Time To Give Blood Again

Jacksonville State University will hold its annual Red Cross blood drive Thursday, November 30, with the goal of again achieving the largest student response percentage-wise of any major university in the state.

“Our goal is 1,000 donors,” said Carl Hogan, leader of the SGA campaign for the third straight year. “We’ve got a lot of student recruiters who really caught fire last time and this time I believe we can reach it.

“Sixteen per cent of our men and women were blood donors last year. That’s a greater percentage than responded either at Auburn or the University of Alabama in Tuscaloosa.

Ugliest Men Are Chosen

In this year’s “Ugliest Man On Campus Contest”, it was announced at last Thursday’s pep rally, there were two winners and therefore, JSU State now has two “Ugliest MEN On Campus.”

The winners and the “ugliest men” are: Jim Morrison who was sponsored by Sparkman Hall and Mike Lewter who was representing Logan Hall.

Four other students were given outstanding recognition at the pep rally for collecting over $100. These “men” were John Vines representing Kappa Sigma, Greg BENnefield of Delta Chi, Dan Echols, the candidate from Curtin Hall, and Billy Cooper who was representing Crow Hall.

Over 32 students and organizations from the JSU State campus took part in the contest which earned over $1,000 for the Talladega School for the Blind.

The “Ugliest Man On Campus” contest is an annual event which is sponsored by the Zeta Tau Alpha Sorority.

The Zetas would like to thank everyone who contributed to the success of this year’s “Ugliest Man On Campus” contest.

Army Show Will Come

Prepare to celebrate! The Third United States Army Soldier Show will soon be coming our way with its current production “A Celebration.”

The musical program will be presented Wednesday, November 29, 7:30 PM in Cole Auditorium.

The score includes such current hits as “Alone Again, Naturally,” “Saturday in the Park,” “The Backstabbers,” “Nights in White Satin” and “The City of New Orleans.”

In a fun-filled finale, “A Celebration” concludes with a musical tribute to the JSU Student Army. The show is free to JSU students and faculty. A nominal charge is requested of non-registered students, staff, and the general public.

SCHEDULE OF EMPLOYMENT INTERVIEWS

November—Republic Steel, Southern District, General Business, Accounting, Math & Chemistry.

Catholic Students Unite At JSU

A relatively small and little known group on the JSU campus is the CATHOLIC Student Association. In a part of the country in which Catholics are a rare minority, it is easily understood why Catholic youth groups have little chance of being recognized or placed in the limelight of Religious Campus organizations.

The Catholic Student Association (or Newman Club, as its official name is through National Charter) is an organized, scholastic, and social fellowship between Catholic students and aid in spiritual growth through contact with fellow Catholics in a seemingly Protestant environment. It’s extremely easy for a Catholic student to be drawn away from the Church and begin to question its doctrines when he is placed in this seemingly Protestant environment in which a Catholic is the minority. It is a shocking fact to most people that there are Catholics in the United States than there are Bishops, Lutherans, and Presbyterians combined.

While not at an easy task to organize the Catholic students the work seems to be paying off as interest and involvement are becoming evident on the part of more and more students.

Just as the Roman Catholic Church is undergoing great steps toward progress and growth, so are its people young.

The new officers of the Jacksonville State University Catholic Student Association for 1972-1973 are: Mike Allison, Pres.; Ellen Austin, Vice-Pres.; Mary Margaret McGee, Sec.; Rick Mastromai, Treasurer; Rita Cabassa, Program Chairman. The keystone to all of this is the Campus Chaplain, Father Peter McDonald, parish priest of St. Charles Church here in Jacksonville.

While only two social events have been held this semester, much progress of the group is being made.

Through the determination of students, St. Charles Church is now able to be proud of its music. The traditional music of the Mass has been replaced with the new folk music which is quickly spreading to many churches. Folk music used by adults when used in the Mass, is taking its place as a much more meaningful means of conveying Christianity to both students and adults.

On Sunday night, November 12, the Association hosted a spaghetti supper for JSU students. The turnout was great much greater than expected as the food was excellent. At night, students often went to the old parts of the cities in horse-drawn carriages. To complete the excitement of this tour, some students crossed the straight of Gibraltar and spent one day in Tangier, Africa. (To accompany the entire tour, lectures were given in each place of historical interest.) When the tour was over in the South, the group returned to Madrid for two days where parties of farewell were given.

Plans are already in progress for the 9th Summer School in Spain, 1973. All persons interested should contact Dr. A. Doreste, Augustana College, Rock Island, Illinois, 61201, for complete information.

The late Browder and Florence Camp Beasley brought up their two sons in a farming community in Barbour County, Alabama. Jere Beasley was educated in the Public Schools of Clayton, Alabama, and attended Auburn University in 1954 where he worked his way through school while earning his degree in Economics. He attended the University of Alabama Law School, holing down two part-time jobs until he became a member of the Alabama Bar in January of 1962. As an outstanding student of law, he was honored with membership in the Farrah Order of Jurisprudence. He was elected as Business Manager of the Alabama (TMA) LAW REVIEW, which helped pay his way through school. He was later elected by his fellow law students to the Executive Council of the law school. Jere began his practice in Tuscaloosa. In 1964, he returned to Clayton to establish his firm, Beasley, Williams and Robertson, and quickly became one of the outstanding trial lawyers in Southeast Alabama.

Jere age 35, is presently a Captain in the U.S. Army Reserves’ Military Police Corps and has been a member of the National Guard Association of the United States. He stationed himself in Washington, D.C. as a private in 1966. Jere has served as President of the Clayton Lions Club and is presently President of the Clayton Chamber of Commerce and the Barbour County Bar Association. He was formerly the Political Director of the Clayton Methodist Church and now attends St. James Methodist Church in Montgomery.

Mrs. Beasley is the former Sara Beasley, who was born in Jefferson County. They have three children; Jere, Jr., 12; Julia Ann, 10; and Linda Lee, 7.

Since his election, Jere has emphatically demonstrated that his promise to make the office of Lieutenant Governor “more responsive to the people’s needs” was not merely empty campaign talk. The Lieutenant Governor’s office is now being operated on a full time basis for the first time in our State’s history.

Jere Beasley has served as Chairman of a fiscal study committee which examined the specifications of local government agencies. The committee’s work was very productive.

Jere was also elected by the other members of the Intergovernmental Cooperation Commission to serve as its Chairman. This agency works with other state governments on problems of mutual concern such as drug abuse, the growing crime rate, and pollution control. The Commission is presently working on programs for the 1973 session of the Legislature.

The Lieutenant Governor is also Chairman of the State Advisory Committee for the Department of Economics of Public Accounts, serves on the Legislative Council and the Alabama Constitutional Revision Commission.

In March of 1971, the Lieutenant Governor headed a visit to South Carolina by several state officials conducting a survey that state’s industrial training program. Alabama has since adopted a similar program which has trained over 6000 Alabamians for better jobs and is a key factor in the success of the industrial development efforts to the state during the past 2 years.

Beasley To Speak

Jere Beasley, Alabama’s Lieutenant Governor will be on Campus November 21, at 2:30 p.m. to speak before the student body.

Stewart To Speak

Donald Stewart, Alabama State Legislative Representative, will speak to the Political Science Club on Tuesday, November 21, at 7:00 p.m. in Room 228 at Brewer Hall. The program itself changes twice a year, but the purpose of the Third Army Soldier Show has remained the same since its birth 19 years ago in Korea: "Entertainment FOR the soldier-BY the soldier." The 31 members of the cast, band and technical crew are all military personnel selected from auditions held at Third Army Installations. The show tours all Third Army military reservations and also visits various Southeastern colleges and universities at the request of local ROTC units.}

The show and music-filled evening of enjoyment, be sure to see the Third Army Soldier Show production of "A Celestial Night."

Prepare to celebrate-ADMISSION IS FREE!
Responsibility

A sense of responsibility is the outstanding attribute of those in whom the "new moral conscience" has been awakened. The new conscience manifests itself as:

**INCLUSIVENESS:** reflecting a universality of outlook.

**RELATIONSHIP:** knowing that all men are one in essence.

**BALANCE:** producing clear and unbiased thought.

**REALISM:** accepting facts and realities.

**CREATIVITY:** transcending personal ambition, the thresher syndrome.

**BALANCE:** producing clear and accurate perceptions.

**VALUES:** realizing the seven Virtues: Love of Truth, Constancy, and the like.

**LOVE OF TRUTH:** conceding that every thing is right.

**RESPONSIBLE ACTION** is a value to live by.

Common Good

The seven Articles of the Constitution of the United States and the twenty-six Admonitions to the Constitution are intended to "form a more perfect union, ensure domestic tranquility, provide for the common defense, promote the general welfare and secure the blessings of liberty to ourselves and our posterity". They set out the rights and the freedoms, the duties and responsibilities of "all the people"; they establish a framework of government and judicial procedure within which the "general welfare" may be defined and developed.

For ages the daily life of manking has been dominated by materialism, by acquiring things and money or by the deprivation due to lack of things. Industrial and technological development has fostered this life focus and induced a "quantity" syndrome, which threatens world psychosis. Human demoralization and the erosion of spiritual and social values are serious and urgent problems. The values of the past are inadequate to the quality of life people now demand. People are free to grow spiritually, mentally, and intellectually. What I mean is that the mind is free to receive inspiration and perceive new things. Men are one in essence. The seven Virtues are applicable everywhere and everywhere is good for each one. The seven Virtues are necessary to the common good. Let us act to restore the common good. Let us support those who demonstrate these qualities. RESPONSIBLE ACTION is a value to live by.

Quality

For ages the daily life of manking has been dominated by materialism, by acquiring things and money or by the deprivation due to lack of things. Industrial and technological development has fostered this life focus and induced a "quantity" syndrome, which threatens world psychosis. Human demoralization and the erosion of spiritual and social values are serious and urgent problems. The values of the past are inadequate to the quality of life people now demand. People are free to grow spiritually, mentally, and intellectually. What I mean is that the mind is free to receive inspiration and perceive new things. Men are one in essence. The seven Virtues are applicable everywhere and everywhere is good for each one. The seven Virtues are necessary to the common good. Let us act to restore the common good. Let us support those who demonstrate these qualities. RESPONSIBLE ACTION is a value to live by.
Today, loud and clear, the demand arises for new values to live by, a better standards of behavior and a move towards simplicity and quality in all aspects of daily life. The "Four
understanding. Let us place responsibility in the hands of those who demonstrate these qualities.

THE SPIRITUAL QUALITY OF DAILY LIFE is a value to live by.

Dear Fellow JSU Students,

Today, there are young people who have the guts to do something useful, for society and for themselves, while they're bucking tradition. But unfortunately, there is a polarization existing within our own student body. Somehow, a dialogue must be created to shatter this polarization; to bring about reasoning instead of rioting; doing better than ever before. The progress of our university will not be moved by finger-pointing. The search for understanding - no matter how idealistic the expectation - must not be allowed to die.

This year the Christmas Children's Party offers us many opportunities as students. We need to take part. Your support is needed. The collection for money by the student organizations and dorms will start on Monday, November 25th, or a little before if the organizations would like to. Gifts and presents are very expensive, but financial support you can give will be greatly appreciated.

Let's all take part and do our share to help the children whose fathers are overseas for the less fortunate children of Jacksonville. Enjoy and remember the true meaning of Christmas.

Yes, this is one of the many ways we can search for a better understanding of one another.

Sincerely,

CHILDREN'S CHRISTMAS PARTY COMMITTEE

SPORTS

Jax- Troy Game Ends In Tie, 14-14

By JIM O'WEN

November 11 was the date of the big fur fight between two arch rivals, Jacksonville State and Troy State. The first impression of the fighting came right back to the field to a waiting crowd of 40,000 fans of the fearsome front four of the Minnesota Vikings or any other good National Football League team as they allowed the opposing team only one score. This score also proves that the game of football is a game of muscle and brawn with intelligence playing a secondary seat. This is shown as the Delta Chi depended on the technical aspect of the game, while the Butterflies were on the rough and rugged men of sheer guts.

A hearty congratulations to the Iron Butterflies and Delta Chi for a great season, even though everyone cannot be winners all the time.

No Comedians

Have you ever wondered why JSU has no comedians on campus for the past two years?

This situation began during the keynote speech by Pat Paulsen during the 1971 SOOAG. During his speech to the delegates and a handful of Allied Arts Card holders, he made several references to current events, especially to Martha Mitchell's phone calls. The only people laughing at these remarks were some of the AA holders. I rate at this turn of events, Paulsen, after the speech, pledged never again to return to JSU campus and to tell his associates to do likewise.

How a situation can exist where the cream of the school's intelligence as well as the political science students of JSU are unaware of current events is quite beyond me.

Talk With Dr. Stone

By JIM O'WEN

The fourth quarter is a standout defensive show as the offensive teams do not get a chance to get near the goal line. The only semblance of a scoring play is a 34 yard field goal try by Joe Hix, but this attempt is blocked by Troy's Cowart. The final seconds tick off as the Gamecocks try in desperation to score again to pull out another victory, but this is not the idea for tonight. The JSU record is now 6-2-1 for the season.

The banks then took the field for a thirty-minute battle that saw many and varied tunes played by both bands and majorette routines by the ballerinas and majorettes of Troy.

Fraternity All-Star Team

Offense

Ch'i: Doug Hones, ATO; Jim Wade, Delta Tau Delta; Dale Wilson, Kappa Sigma; Charlie Walker, Phi Kappa Phi. Deep back - Mike Letham, Kappa State as they drive for their first score on a 73-yard drive in 9 plays with Hobson scoring the six points. Hix boots the PAT to make the score read 7 all with 13:04 left in the quarter.

The play is even stronger for a few moments but then Big George Porter reaches up and snags McClains pass for his first interception of his career. This interception paved the way for Joe Hix to try a 34-yard field goal that sailed wide after he had made a 29 yarder, but JSU caught a silly 5-yard walk-off. The first half ended with each team scoring seven points as the scoreboard read JSU 7 & TSU 7.

The half time shows by the bands were simply great with tunes and good looking majorettes and ballerinas.

The third quarter begins with the Gamecocks showing their aggressiveness by mounting a scoring drive of 37 yards in 9 plays as Callahan dives into paydirt. Hix kicked the PAT to make the score read JSU 14 - TSU 7 with 11:20 left on the third quarter clock.

Hix kicked off to a waiting Grimes at the 45-yard line and what does he do but race 90 yards to make the score read JSU 14 TSU 13. Then Jones kicks onto the field to try the PAT and he makes it good as the score is noted at 14 all. This score held up throughout the rest of the third quarter. So at the end of the third quarter the score reads JSU 14 TSU 14.

The athletic program at JACKSONVILLE STATE will be one of the finest programs in this area of the southeast with the completion of the renovation of the present facilities and the development of the new sports complex. The new complex will give us the equipment needed to enrich our sports program in the field of swimming, basketball, and other inside sports. The new football facility is in the future because construction on this phase of the program cannot be started until the present construction of the P.E. building is completed. The architect has been employed to finalize the plans and to begin the construction as soon as the other phase is completed.

The architect has been employed to finalize the plans and to begin the construction as soon as the other phase is completed. As far as the new football stadium goes, their has been not a specific date for the construction to begin. The new field will have a grass playing field and not an artificial surface because of money and also because of the uncertain feeling of some of the coaches that now have the artificial surfaces for their teams.

With the new complex complete, this will allow the present old facilities to be used for the I.M. programs, as well as giving the space to add to the curriculum of the college in the field of physical education. With this expansion and renovation program completed all over campus, we are expecting around 9,000 students for the future semesters and that new programs of curriculum in differing studies will be started.

Butterfly Wins Championship

By JIM O'WEN

The night was cold as a death chamber, but the Iron Butterflies were as hot as the coals in a burning fire as they scored 32 points to the Delta Chi's 6.

The Butterflies had their usual standouts on the offensive team with many of the usual heroes making their contributions with great individual plays. The Jackson Brothers were there in full force. Mike Jackson reminded the fans of Joe Willie as he directed the awesome attack of aerials and ground-curnching drives.

The Butterflies defense reminded the fans of the fearsome front four of the

Poetry

Dear Chi-Inferior Fly

With a final thank you for the leadership of the Iron Butterfly, and announced the great technical ability of the Chi.

In THIS paper the fraternity man has his choice, And little space left for independent individuals voice. I guess when you put that pin next to your heart, You asume that you are naturally smart.

Along with these Greek letters, some superior status to the upper betters. Kappa Sigma, the fraternities' best—that's true, With all your technical wisdom we didn't play you. Please understand that some besides the Iron Butterfly, to be slanderous, and tunnel-minded there is no need.

Fraternities and other elites, a minority, you run the school All of us nobodys also want a chance to be cool. Imagine nonfraterility groups taking up a page or two, If we were a fraternity this we could do.

But there is any more back-stabbing to be done, Let's not do it in the paper cause its no longer fun. Legen in your own, but we're all playing tin the same band If it's allowed to plug in our ampe together we might stand.

I'm sorry we're not on your level, but I'm not sure we'd like to be.

Doug Owen

Printed last week something that did not amuse. Mr. Jessup ignorantly slanderized the Iron Butterfly, And announced the great technical ability of the Chi.
THE SPORTSMAN'S PRAYER

"Dear Lord, in the battle that goes on thru life,
I ask but a field that is fair,
A chance that is equal with all in the strife,
A courage to strive and to dare.
And if I should win, Let it be by the code,
With my faith and my honor held high,
And if I should lose, let me stand by the road,
And cheer as the winners go by.

And Lord, may the shout be ungrudging and clear,
A tribute that comes from the heart,
And let me not cherish a snarl or a sneer
Or play any sniveling part.

Let me say, 'There they ride on whom laurels bestowed
Since they played the game better than I.'
Let me stand with a smile by the side of the road,
And cheer as the winners go by.

So grant me to conquer, if conquer I can,
By proving my worth in the fray,
But teach me to lose like a regular man,
And not like a craven, I pray.

Let me take off my hat to the warriors who strode
To victory splendid and high,
Yes, teach me to stand by the side of the road,
And cheer as the winners go by.
