A note about the homecoming theme:

According to Chinese astrology, 1981 is the year of the Gamecock. Homecoming 1981 will add an oriental flare to the usual tradition by sponsoring such events as a "Chinese Dragon" contest in the Homecoming Parade, coolie hats for fans at the halftime, oriental decorations at the "Miss Homecoming" Pageant, etc. Participate in Homecoming this year—WEAR A COOLIE HAT!
I'm really interested in seeing what the diagnosis of whatever I have is, and that happens in the morning at eight o'clock. I've been ill now for over two-and-a-half weeks, and after struggling with my 'sinus congestion' for 12 days and consuming more Sinuban than ever in my life—totally combined—I conceded something was really wrong and was seeing amicus to the emergency room at the insistence of my living editor and every other female I know.

The nurse there stuck a popsicle stick in my mouth, told me to say "ahhh", and diagnosed my disease as being a virus—a medical term which means "I don't know what's wrong with you". She prescribed a couple of bottles of pills, but I think it was already too late.

That night my fever reached a temperature over 103 degrees. To say the least, I was hot. I missed the SGA meeting. But I did send a proxy. I couldn't stand up for 3 days, without having to sit right back down. I couldn't study. All I could do was sleep.

Well, the pills did okay for me. My headache felt like someone was splitting nails on the top of it. My stomach, as of today (for the first time in recent memory) doesn't hurt, and isn't weak (I had a real burgundy sandwich for lunch—how's that for a strong stomach?), and my worst problem, a bad sore throat, is reduced to a sore throat.

But tonight, even as I write this, I'm burning with fever again (do I sound delicious?) and for the first time in my life, as far as I know, and I just talked to my mother and she didn't tell me otherwise, I have a rash on my baby face, and my shoulders, and my back, my arms, and it's working its way down. A rash? What is this?

Shall we guess? A possible allergic reaction to the pills I was taking, and which I took the last of yesterday? An early case of incurable spring fever? A case of yellow fever from my summer work on the mission field?

Opinions

What ever happened to ‘Dixie’?

By MIKE PALMER

When I read Karen Duke’s letter to the editor last week in which she expressed her opinion about the omission of “Dixie” from the Alabama A&M vs. Jacksonville game, I decided to share some thoughts about that song and its meaning with the student body.

As Allen Tate stated it, the South is “Uncle Sam’s other province.” And Carl Sandburg said of Alabama in comparison to the northern states, “The Congo is not more different from Massachusetts or Kansas or California.” We are different, in our culture, our mindset, and our language. We speak Southern; we think Southern; and we are Southerners: both black and white.

Southerners have always prided themselves on being different from the “Yankees,” and the “Yankees” have also claimed that Southerners are somehow different. As W.J. Cash wrote in his book The Mind of the South, “There exists among us by ordinary—both North and South—a profound conviction that the South is another land, sharply differentiated from the rest of the American nation, and exhibiting within itself a remarkable homogeneity. As to what its singularity may consist in, there is, of course, much conflict of opinion, and especially between Northerner and Southerner. But that it is different and that is solid—on these things nearly everybody is agreed.” He goes on to say, “The popular conviction is indubitably accurate.

I have said all this to demonstrate that I as a white Southerner, have more in common with black Southerners than with white Northerners. Therefore, I do not feel that playing a song, which sings of my common heritage with black and white Southerners, is a threat to racial harmony. “Dixie” is a song which represents our region. It echoes the suffering of the black man. It sings the defeat of a nation. It reminds us of the years—to the present—in which black and white have grown together to form the New South.

The words to the song are not words of racism, but of patriotism and national pride. All races in the South should be proud of the one nationally recognized Southern patriotic song.

The Southern heritage is a basic part of J.S.U., and rightly should be. We can be proud of who we are, and we do not need to hide it when Alabama A&M comes to visit. Besides, most of them are Southerners too.

Perhaps we hide our identity in silence when they are here because we are afraid they will get mad or look down on us. How ridiculous. I have more faith in my black neighbors than that. They are human. They have national pride just like whites do, perhaps even more.

I do not resent the fact that the Marching Southerners were not allowed to play Dixie at the A&M game. I simply think that it was a little bit childish.

Letters to the editor

Dear Editor,

I would like to take this time to comment on the J.S.U. campus Police and the way they treated the Omega Psi Phi fraternity and their guests on Saturday, Sept. 12.

The Quests were on “the rock” (Pannell Hall parking lot) having a very peaceful Greek show. It was clearly a case of a group of people enjoying themselves until about 6 or 8 campus and city police swarmed the crowd and dispersed the activity. Why? Sure, the parking area was full of people, but they were not interrupting the flow of traffic past the women’s dorms. As a matter of fact, only one car had the desire to move and the show was briefly interrupted so he could do so.

When the white sororities line up in front of Sparkman or New Dorm for their “rush parades” (or whatever) you see no S.W.A.T. team coming down on them; and, frankly nothing can be more nerve racking than waiting for all those “Sweet Southern Belles” to stop blocking traffic in front of Sparkman Hall.

Why be so hard on the black students when they seek fun and entertainment amongst each other? The Whites here certainly can’t and don’t attempt to make this place bearable. As long as we no fight mine about one is hurt, and the majority of the crowd isn’t shamelessly displaying public drunkenness (sound like some group you know?). Why don’t the cops just cool off?

Name withheld by request.
Stand up and be counted

I don't know what kids learn in elementary school in this country (yes, I'm one of them foreigners), but when and where I went to elementary school my teachers impressed upon me the idea that one had to answer for one's own conduct and that privileges and responsibilities go hand in hand.

I think I was in the third grade when I went to the infirmary to get an aspirin for a friend. "Why didn't she come?" I was asked. I knew why she didn't come (she was scared), but I didn't know why she was scared. Well, the nurse wouldn't give me the aspirin and since my friend wouldn't go herself, she had to put up with a headache and a fever until time to go home.

Maybe this example is far-fetched, but I think that the problem with many students in Jacksonville is that they don't want to "go", but they scream and holler if someone doesn't hand them the aspirin.

If you want something done, but you are not willing to do it, why should you expect anybody else to?

Football spectating - not for the meek

Maybe it was just us, or perhaps it was the stage of the moon. At any rate, last Saturday's football game against Livingston was an event not soon to be forgotten. The author and her date ambled chummily toward the stadium around 6:30. There was already a crowd.

Carla Wheeler
Feature Writer

"Look," we cried, "there are some seats right on the forty yard line!" Thinking we were in good shape, we settled into the aluminum and chatted amiably for a few minutes. All was well, but as we sat there enjoying ourselves, a strange crew started stumbling up the stairs. Groom. It was three rednecks, and they were heading in our direction.

Dr. Paxton joins JSU's biology staff

By MARIA PALMER

When Dr. Paxton called me last week, the first thought that popped into my mind was, "Boy, am I glad you're back!" I look! Dr. Paxton for Biology 102 in the Fall of 1980. Although she made us study hard, I enjoyed the course (especially the lectures that dealt with the human body). Naturally, when my friends asked whom I recommended for BY 102, I counseled them to sign up for Dr. Paxton's section. But, oh disappointment, last spring she didn't come back.

Well for all of you wondering what this is leading up to, Dr. Paxton is back at JSU. After spending six months in California and publishing a book, she has joined the biology department and is now teaching full time.

Dr. Paxton is from the Midwest (South of Chicago) and came for the first time to (see Paxton page 10)

The author's date was particularly amazed at the Hairstyles exhibited by college-age females at the game. I explained carefully to him how many girls here at JSU put their hair up on two sets of hair rolls, leave it up for an hour, take it down but do not comb it out, and spray it with two cans of Aqua-Net. He predicted that these girls would be completely bald at the age of 28.

Just about the time we thought things couldn't have calmed down, some fool with a coke in his hand tried to pick a fight with the three rednecks. Dear God, why don't all these idiots go back under their rocks where they belong? I wondered as my date and the man with two daughters grabbed the would-be pugilists and told them to sit down.

After halftime, we decided to abandon our seats and walk over to visit some friends in the Southerners. We walked around the stadium, and were almost trampled by a densely packed crowd that recoiled of bourbon. "Fraternity section," we said. Nobody can get mad at us for that, because we are both Greeks.

We made it around the corner to where the band was sitting. Now here's the real action, folks. The Southerners with the three rednecks. Dear God, why don't all these winners bounce down the entire length of stairs in the end zone seats beside them. We won't go into the details—just try sitting close to the band at a future game. Satisfaction guaranteed or your hearing back.

At any rate, it was an experience, as is every JSU football game. Ed Lett is back on the track, the Gamecocks are two cans of Aqua-Net. He predicted that these girls would be completely bald at the age of 28.

The Delta Zeta chapter is proud to announce the scholarship recipient: Kris Faulkner, Sue McClung, Jan Morgan; Nancy Norred, Alexander City; Sonya Poise Otachee; Penny Williams.

Other additional activities to the Lambda Gammas chapter include our new Big Brothas, Eleven awards were extended and accepted. The brothers are: Tony Taylor, Hance Patrick, Chan Faili, David McRae, William Chisolm, Donna McCellan for baking, all those delicious cookies and for having our carpet cleaned.

Also, the chapter would like to thank Judy Palmer, Natalie Duke, Robbin Paige, Donna Brown, Jenny Sned, and Cyndi Womack for the beautiful Bentwood Rocker they bought us. It is greatly appreciated.

PHI MU

Phi Mu is very proud of our six new sisters who have recently been initiated. They are: Alicia Graham, Mary Harper, Rosemary Hubbard, Christy Massey, Susan Tranquille, and Monday Meine. Congratulations! We love you all.

The elected officers for the fall semester are: president, Kim Smith; secretary, Tina Brown; treasurer, Kathy Moore. The pledges have an activity set up for this fall semester, and are looking forward to their pledge retreat that is coming up soon.

Thanks Alpha Tau Omega for a great time at our, "Toga" mixer Tuesday night! It was a Blast! We also hope to work with you in fund-raising projects this fall.

Phi Mu wishes the best of luck to our representatives: Sonya Maurer, Linda Paradise, Diana Sanderson, Angie Stepp, and Paige Suggs. Also, to Paigie Russell, also, who is representing the Alpha Southern Belles for the Homecoming Pageant.

Congratulations are in order for Donna McCellan for baking all those delicious cookies and for having our carpet cleaned.

We have already pinned pledged and encourage them to help us grow. Pledges Bert Keon and Jay Spencer did a marvelous job of preparation at the cookout and are worthy of recognition.

Little Sister Rush for the fall semester is to be held October 6th and 7th. We will be supporting you in the upcoming games. Good Luck!

Kappa Delta Epsilon (an organization of Education majors who have high academic standards) is excited about a new year! Our first meeting of old and new members will be the Initiation Banquet scheduled for Friday, October 16th at 6:30 p.m. at the Village Inn. All members are encouraged to attend! So that we can make adequate reservations, please sign up in 312 Ramona Wood by Tuesday, Oct. 13.

Also, NEW MEMBERS are reminded to turn in their articles (an original essay or poem about “teaching”) by October 16, as part of their initiation. These articles will be published in our National KDE publication, The Current. If there are any questions, see Dr. Charlotte Thornburg in 203 RWB.

ROTC awards presented

By PAT FORRESTER
Sept. 21-25 was named as JSU ROTC week on campus. Numerous activities, such as open house, marksmanship clinics, and rappelling from the ROTC tower, were held, as were two ceremonies that honored former faculty as well as cadets.

At halftime of the Alabama A&M game, former President Ernest Stone and his wife were presented the Distinguished Citizen Service Award, the highest non-federal civilian employee award the Army can bestow, for outstanding leadership contributions. Also recognized during halftime were this year’s sponsors. Sponsors are chosen on a competitive basis and congratulations are in order for each sponsor selected this year. They are an important part of ROTC activities and are an outstanding group of young women. Head sponsor this year is Karen Griffin.

On Wed., Sept. 23, an ROTC Retreat awards ceremony was held in front of Bibb Graves. The outstanding graduates of ROTC Advanced Camp were recognized. Included among this group were new scholarship winners, as well as Cadet Brigade Commander Tracy G. Bryant for outstanding achievement and leadership while at camp.

**Who is Chris Hobbs?**

Chris Hobbs? Hmmmm, now let me see. Isn’t he that guy that lives in-no, no that’s not him. Just give me a minute, I’ll think of it.

Don’t worry Chris. We all know who you are, now

Chris Hobbs is that fellow that kicked the stuffins out of the ball Saturday night.

He’s a non-scholarship walk-on player from local Anniston High School and one of five JSU place kickers.

“Each week we test our kickers, and at the end of the week we decide which ones will play,” Coach Fuller explained. “This week, Chris looked the best in practice. He hit 80 percent of his kicks so we decided to dress him out.”

Since the game was a conference game, the Gamecocks could only dress out 52 players.

Chris’ kicked two field goals in the contest—one for 33 yards and another for 47 yards.

The 47-yard tied a JSU field goal distance record.

Robbie Lawson set the original record in 1976 and Danny Kemp booted one for the same distance in 1975.

Coach Fuller announced that Chris will be the Gamecock field goal kicker until someone beats him out. So look out Chris, there’s four people who’d like to have your job!

**Jax offense comes alive...**

**By Tim Strickland**

“Well I guess that it was bound to happen. It was just a matter of time.”

These immortal words of the late Jim Croce accurately tell the tale of Saturday night’s game as our Gamecocks rolled to a surprising 48-29 win over the Livingston Tigers.

Quarterback Ed Lett, who saw limited action last week, looked like he’d never been away from the gridiron. Picking up where he’d left off last season, Lett threw for 324 yards and four touchdowns to tie a JSU and GSC record for the most touchdowns passes in a single game.

Not only was the effort impressive, it was very important to the team. Entering into the game, Division II Livingston was rated the number five Division II team in the nation and the front runner in the GSC. The win increases Jacksonville’s record to 2-2 and moves the Gamecocks back into the national spotlight.

Coach Jim Fuller was pleased with the team’s performance. “I think the team—offense especially—played well. I guess it’s obvious that Ed was the starting point for that. He had big plays and played a fine ball game,” declared Fuller.

Two of Letts TD passes found their way to the hands of big tight end Rusty Fuller. Anthony Bush out jumped an LU defender for another touchdown pass. But probably the most exciting of Letts scoring throws went to fleet-footed Eugene Roberts on a 51-yard shot. The pass was so accurately thrown Roberts never broke stride.

Two other late game touchdowns came under the direction of Kirk Patterson. The first of the scores came on a seven-yard run by Patterson and the other was on a pass from Patterson to Darrell Evans. The Patterson TD pass, combined with Letts four earlier strikes, set a new school record for a number of touchdown passes in a game.

**Congratulations to Kirk**

**By Alison Andrews**

A number of Gamecock fans were disturbed prior to the beginning of this season when they heard our starting quarterback, Ed Lett, had broken his hand and might have to sit out the entire season. Of course we’re glad to see Ed back on the field, but something has to be said for Ed’s fill-in, Kirk Patterson.

Patterson is a personable, handsome junior from Clayton, Georgia in Rabun County. He has quite a history in athletics, having begun football and other sports at the age of eight. At Rabun Co. High School, Patterson lettered in Football 3 years, baseball 4 years, basketball 2 years, and track, 1 year. Patterson’s senior year was loaded with honors—being named All-Region, All-State, All-Gulf South Conference, GSC report—

**BIRMINGHAM, AL –** Week number five in the Gulf South Conference saw four games being played with three of the contests being Conference games. In the headline, Jacksonville handed Livingston its first GSC setback 48-29 with Gamecock quarterback Ed Lett returning to the JSU lineup. In other GSC games, North Alabama defeated Delta State 41-7 and Mississippi College beat Troy State 19-13, and in a non-Conference battle, Tennessee-Martin edged Division I Tennessee Tech 54-32.

JSU’s Ed Lett is atop the league in total offense. Lett is averaging 197.5 yards a game and is followed by UTM’s Tommy Overton 179.0 and LU’s Mickey Bentley 1245 yards a game. He was picked as the GSC Offensive Player of the Week for his performance against Livingston. Lett was 20 to 33 for 324 yards and four touchdowns. The TD passes covered 51, 45, 10 and 8 yards, and tied a GSC and JSU record.

Letts Occo Gregg Loydlow continues to lead the Conference in punter with an average of 43.1 yards a punt.

namely, Ms. Kappa Alpha Psi, Ms. Psi, Ms. Nu, Ms. Pi. These young women will represent the fraternity in the various pageants and social events on campus. The past sweethearts of Kappa Alpha Psi have always done their best to represent the fraternity for their beauty, charm and above all their academic abilities. Being a Kappa Sweetheart has brought these ladies honor, dignity and high prestige. We would like to thank Ms. Angela Drake for her services and cooperation this past year. Ms. Drake will be representing the fraternity in the upcoming Ms. Homecoming pageant. We hope that she has enjoyed her reign as Ms. Kappa Alpha Psi. If there is any lady interested in applying for one of these positions she should get in contact with Frederick Elliston, Andrew Howard or Thomas Oliver.

J.S.U. Balzerinas, Tammy Little, Alpha Xi Delta, Elaine Papajohn, Kappa Alpha, Angela Stepp, Phi Mu, Vickie Page, Delta Zeta, Alisson Brasher, Alpha Xi Delta Pledge Class, Amanda Smith, Alpha Tau Omega, and Rand Griffith, Pi Kappa Phi, who also received the title of "Miss Quarterly Athletic An- nomous." It proved to be a great time for all! Pi Kapp would like to thank Alpha Xi Delta for their complete cooperation. We are very pleased with Buddy Canada for his fine job as social chairman.

Pi Kapp played Omega Psi Phi, Wed., Sept. 23; it was a very tough game! We managed to have 3-6 lead at halftime thanks to Russell Andrew's 50 yard field goal. In the second half we gave up 12 points to Omega while we scored only 7 points making the score 12-10 Omega. Then, with 3 minutes left in the game Jerry Vermillion connected on a pass to Matt Miller for a touchdown for the win. Final score Pi Kapp 17 Omega 12. We increased our record to 2-0 after Alpha Phi Alpha forfeited to us. We would like to urge all those interested in Pi Kappa Phi to come by our house anytime! Wildcat rush lasts through Oct. 13, which is the last day to accept bids.
