100 AND GROWING
JSU

VOL. 28-No. 19

August 30, 1982

100 and growing

Jacksonville State University enters its most exciting year of existence this fall when faculty, staff, and student body celebrate the institution's 100th birthday.

The Centennial Celebration will include three major events:

—Homecoming and gala, Oct. 30, 1982.

—Centennial Week, Feb. 21-25, to be highlighted by an internationally known speaker.

—The conferring of degrees to "Centennial Graduates."

Other aspects of the celebration will include a number of special concerts and dramatic presentations and the recognition of 100 select JSU athletes.

The university will display historic photos and memorabilia in a museum to be located in Bibb Graves Hall, the administration building. Portraits of eight of the nine university presidents will be hung in a ceremony in the Hall of the Presidents at Houston Cole Library.

The Centennial Committee will update and relocate historical markers bearing the history of Jax State. The new markers will be located in front of Bibb Graves.

Students returning this fall will have much more to look forward to. Perhaps the best news of all is President Theron Montgomery's decision not to increase tuition and other student costs for the upcoming year.

And Financial Aid Director Larry Smith has announced

that university loan programs are in "excellent shape" for 1982-83. He said two new loan programs have been added for the fall: the Parent's Loan for Undergraduate Students (PLUS) and the Auxiliary Loan Program for independent and graduate students. Up to \$3,000 per year with repayment beginning 60 days after disbursement.

The university will administer about \$4 million in financial aid during the upcoming year.

The university Bookstore will be in a new location when school starts. The store will open on first floor of Theron Montgomery Building and will offer more expanded service.

Construction will begin this fall on a new university post office to be located on fourth floor of Theron Montgomery Building. Each student will be assigned to a p. o. box later this academic year.

More than 700 returning students will move into more luxurious, homelike accommodations this fall due to a \$1 million redecoration program.

Six women's and seven men's dormitories are now receiving a number of improvements in staffing and accommodations. The facilities will receive new carpet in hallways, living areas, and lounges. Four buildings will receive modern, non-institutional wood furniture.

(See 100, Page 8)

Becky Malone of Gadsden, a business major, and Dr. John Stewart, chairman of the Jacksonville State University Centennial Committee, display the new University logo-motto: "JSU 100 and Growing."

Chanticleer plans to bridge communications gap

By **TIM STRICKLAND**
Editor

Students, ours is a school with a proud past and promising future. As for the present, it's our birthday—number 100.

All factions of the school will be putting on their best faces for this important milestone in an attempt to impress the many outsiders that will be watching. The Chanticleer staff doesn't plan to be outdone.

The Chanticleer has been an important part of the university for years, but in the recent past the paper has lost much of its impact and prestige. This year, however, will be different.

Months of planning have gone into this year's Chan-

ticleer. One major change is that we plan to fill the paper with news and entertainment instead of personalized columns. We want you to look forward to each Thursday's issue of the Chanticleer whether it be to check the answers to last week's crossword puzzle, the preview of Saturday's game, or the week's big news stories. Yes, we want your readership. But we need more than that to fulfill our responsibilities. We need your input. Drop us a note or give us a call at extension 299 if there is something you would like to see in the Chanticleer. Of course, the staff is open to anyone who would like to be a regular reporter.

There were a few complaints from organizations last year about the lack of coverage of their particular group.

To prevent this problem from recurring, we urge each organization to appoint one of its members to keep the Chanticleer informed of the organizations activities.

In the past, there have been many gaps in the university's communications net. We hope everyone at Jax State will realize that this problem can be solved by simply using the Chanticleer as the school's primary communications tool.

Open meetings will be held each Thursday at 6:30 p.m. in the Chanticleer office (102 TMB) to plan for the next issue. We'd like to see you there.

Dr. Montgomery welcomes students

Dear Students:

To those of you who have attended Jacksonville State University—welcome back.

To those of you who are entering Jacksonville State University for the first time, the administration, faculty and staff welcome you.

It is the hope of all of us at Jacksonville State University that you, as students, will continue-enter your college career with thoughtfulness and realization that as you give your best, determination of your future is being made.

Give us your best and we will help you get the finest education possible

Theron E. Montgomery
President

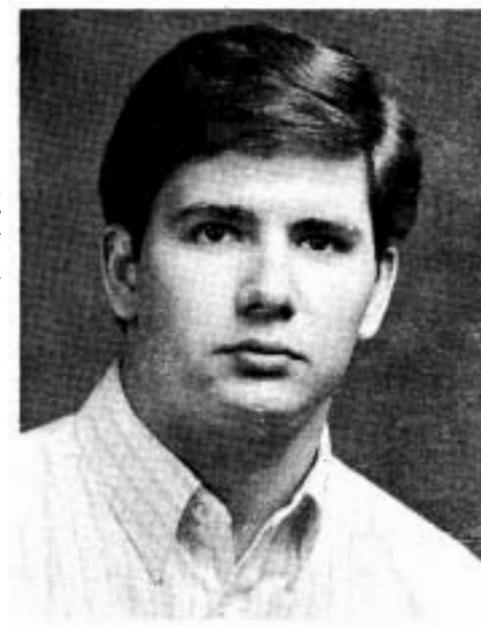

DR. MONTGOMERY

SGA reveals fall plans

To all entering freshmen, welcome and congratulations on your choice of higher education. I'm sure that you will find JSU equally rewarding both educationally and socially. To all returning students, welcome back and start planning now for an activity filled year. As many of you know by now, JSU is celebrating its centennial birthday from July 6 through the fall and spring semesters with the activities coming to a close at the spring commencement ceremonies. Since taking office on May 1, much of my effort, along with the other executive officers, has been spent on making our centennial celebration one which you as a student will find most fulfilling. Plans for this fall include en-

Car damaged as campus police stop criminals

By SUSIE IRWIN

A JSU campus police car was damaged in August in connection with the apprehension of two Fort McClellan soldiers who had gone AWOL in a stolen car.

The Jacksonville City Police Department was called to assist the Anniston Police Department in the pursuit of the stolen vehicle. However, Jacksonville had only one car available to help the four Anniston police cars, so JSU campus police were contacted for assistance.

Chief David Nichols, of the JSU campus police, said that state law provides that if assistance is requested, the University police must respond.

The stolen car was traveling north on Highway 21 when the Anniston and Jacksonville police cars, along with the

campus police car, set up a running roadblock. Chief Nichols said a running roadblock was safer than a stationary one.

As the felons attempted to pass the City police, the cars made contact leaving the City police car slightly damaged but the stolen car was still traveling. It then hit the JSU campus police car from the rear. The chase then came to a halt and the two were put under arrest.

The driver of the campus police car, officer Dennis Parker, was taken to a hospital as a precautionary measure.

"We've always worked well in mutual aid with the Jacksonville and the other police departments," Chief Nichols said. "The Jacksonville City Police have responded as back up for us and we're happy to reciprocate."

Meehan named assistant to VP of Academics

William A. Meehan has been named assistant to the vice president of academic affairs at Jacksonville State University.

Meehan, who joined JSU in January, 1977, has served since fall, 1979, as director of academic advisement. In his new position, Meehan will assist Dr. James A. Reaves, vice president of academic affairs, in developing new academic programs, preparing government reports, and monitoring a variety of existing academic programs.

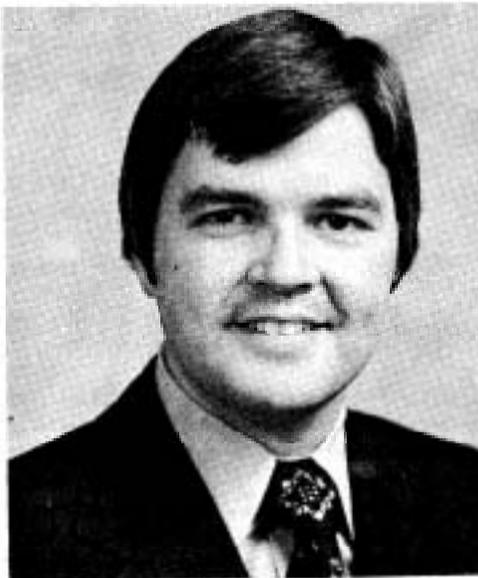

"We are very fortunate to have a person of Mr. Meehan's caliber," Reaves said. "He brings to the position both personal and professional qualities that will continue to be a great asset to this university."

Meehan will continue as head of the mechanic advisement program and freshman orientation. He also serves as a student recruiter.

"I'm very pleased to have the opportunity to continue to serve JSU," he said. "I really enjoy working with people pursuing higher education."

"We sell opportunity here. That's what makes Jacksonville State a great place."

Meehan, 31, has a BS and an MS in biology from JSU. He was employed for a short time as a biology instructor and was later promoted to director of the JSU Medical Technology Program before his appointment as director of academic ad-

WILLIAM A. MEEHAN

visement.

Meehan is a member of a number of professional and civic organizations. He serves on the Board of Directors of the Exchange Club and is chairman of the club's Youth of the Month Committee.

Meehan, originally from Weathersfield, Conn., and his wife, Mona, also a JSU graduate, reside in Jacksonville.

Hardee's opens on campus

A new Hardee's hamburger restaurant opened on the Jacksonville State University campus Aug. 25.

"We were approached by Jacksonville State University and asked to open a Hardee's on campus where a snack bar had been," said Steve McManus, Hardee's Western Division Manager. "The University was looking for a well-known restaurant operator that would be favorably accepted by the students—and Hardee's was just what they wanted."

Hardee's will replace the Cham 'em Inn in the Montgomery Building (Student Commons), directly across from the new bookstore, "Dr. Montgomery has said that he wants to develop a new image, centered around student activity, for that building," continued McManus. "With Hardee's there, he expects it to become 'the' gathering place for students on campus."

Hardee's on Campus will serve the same food Hardee's customers are familiar with, including "Made from Scratch" Sausage, Steak and Country Ham Biscuits; Big Deluxe, Chicken Fillet and Roast Beef sandwiches; plus French Fries and a lot more.

New additions to the menu at the Jacksonville State University Hardee's will include a Bacon Cheeseburger, tossed and

chef salads and the Big Cookie (chocolate chip).

Initially, Hardee's on Campus will open 7 a.m.-9 p.m. Monday through Friday, 7 a.m.-2 p.m. Saturday and 4 p.m.-9 p.m. Sunday. "Our hours could change, depending on customer demand," said Charles Mundy, a JSU alumnus and Hardee's area supervisor responsible for the Hardee's on Campus. "We want to be open when the students need us and will adjust our hours if the demand becomes great."

In addition to the management staff, Hardee's will employ about 30 hourly personnel, most of whom will be JSU students.

"We have operated the Hardee's in Jacksonville for nearly seven years and are proud to be a part of the community," continued Mundy. "Now we're really excited about opening on campus. We are looking forward to a successful partnership with JSU—one from which both the students and Hardee's will benefit."

Hardee's on Campus at JSU is one of the more than 250 Hardee's operated by Spartan Food Systems, Inc., based in Spartanburg, S. C. Spartan Foods also owns over 155 Quincy's Family Steak Houses throughout the Southeast. The company is a wholly-owned subsidiary of Trans World Corporation.

Locke comments on frat parties

By LIZ HOWELL

"There is no need for bad relations between the fraternities and the community," Jacksonville Police Chief Paul Locke says.

"I have nothing against the fraternities having their parties, Locke said, "but the people of the community have a legitimate complaint when they can't sleep because of the noise."

The location of the fraternity houses in residential areas in Jacksonville has led to tension between the community and the fraternities in the past few years. However, Chief Locke hopes the tension will be erased somewhat this year.

Locke said that the tension builds when the fraternity parties are "too loud, too late."

Open communication may be the key to reducing or completely eliminating this tension according to Chief Locke. He suggested that the fraternities ought to talk to their neighbors about the fraternities' plans and reach an agreeable time to turn down the noise level. Besides reducing noise, this would show the neighbors that the fraternities are trying to be more considerate.

Locke has made efforts to open communication lines between himself and the fraternity leaders. He met with some of the IFC members during the summer to share with them his feelings concerning the fraternity parties. Locke said he hopes to meet with each fraternity to talk out the

problems.

No definite rules have been made for the fraternities, Locke said, because he feels it would not be fair for him to hand down a set of rules for them to follow.

"I can go in headstrong saying, 'You are going to do this' and throw kids in jail. But this doesn't accomplish anything," Locke said.

The preventive medicine, talking, will hopefully eliminate the police having to break-up parties.

"It will be a lot better if we can talk and find a level so we can both be satisfied instead of our having to go to the parties," Locke said.

"They don't have to stop their party at a magic hour," said Locke, "but turn down their noise level."

Making arrests is the only solution, according to Locke, if talking does no good. Locke does not want to make arrests because they become a part of the individual's permanent record.

However, Locke said his officers will not spend time revisiting a party seven or eight times as they did last year. "This wastes a lot of time," Locke said.

"We don't want to continue to shut down parties, but if it gets too loud and it's late at night, we will be doing that. Some will cooperate right away and turn down their music. Some won't. There's got to be a level we can all agree on," Locke concluded.

You can become involved

Become involved in your campus newspaper this year. Many opportunities offer chances for involvement.

You may be just the person to take a regular newsbeat and write copy each week. It's work but it can be fun.

You surely have ideas for stories that would make a fuller and more enjoyable paper. Pass these ideas along to the editor by putting them in the slot of the door to

Room 102 in the basement of TMB.

The staff hopes to include weekly features on historical incidents of interest during this centennial year. Give us ideas for coverage you would like to see or an incident about which you have knowledge.

Last, but not least, write letters to the editor when you are pleased or displeased about a campus issue.

SGA

(Continued From Page 1)

ertainers such as Hypnotist Gil Eagles who will be performing Thursday, Sept. 15, in the TMB Auditorium and Mel Blanc who is known throughout the world for his voice characterizations. Thursday, Oct. 28, of homecoming week is the date on which Mel Blanc will be performing in the Leone Cole Auditorium. Both performances will be offered cost-free to JSU students on behalf of the Student Government Association.

This year's concert situation has been altered slightly in hopes of satisfying a greater number of students. Vice President Tony Lundy has worked diligently over the summer to schedule entertainment which includes an outdoor concert Sept. 2 in the JSU Amphitheater. The band performing will be Poo Nanny and the Hurricanes.

The SGA provides many services to JSU students which include: Typewriter services, student discount booklets, dormitory washers and dryers, student health and property insurance, elections, concerts, keynote speakers, freshman registers and weekly movies.

The 1982 Freshman Records are now in and can be picked up at the SGA office on the 4th floor of the Theron Montgomery Building.

Major renovations have taken place

throughout the campus over the summer, one of these being the Theron Montgomery Building which now hosts the campus bookstore, Hardee's, and coming at the first of the spring semester a student mail center which will award each campus resident his own personal post office box. Also located on the TMB is the Cinematic Arts program which will be showing a total of 43 movies over the fall and spring semesters, including two movies a week, one of which per week will be free admission. The Theron Montgomery building can now fulfill its purpose as a Student Center.

Registration tables will be set up the first week of classes in the Jack Hopper dining hall and also in the SGA office to provide registration for Senator elections. The effectiveness of the SGA depends not only on the elected executive officers, and the various committees, but on each SGA member. By taking an active interest in the workings of many branches of the SGA, you can contribute to the strength of that voice.

My office, as well as the other executive officers, is always open and we invite you to drop by at any time.

The SGA is waiting for you—you and the SGA.

Sincerely,
Marc Angle,
SGA President

Jacksonville State University photographer Opal R. Lovett, left, was awarded a special trophy recently by Shirley Ross DeVenney of Wetumpka in recognition of his having photographed majorette camps for 20 consecutive years at Jax State. That's how long Mrs. DeVenney

has coordinated her Heart of Dixie majorette and color guard camp which this year drew some 250 youths from across Alabama. Lovett, a native of Sylacauga, has been school photographer since 1950. Looking on is Jack DeVenney, right.

June 28-July 11	Miniworks on Paper Senior Show	June 28, 7-9 p.m.

Chanticleer deadline

The deadline for the next issue of the Chanticleer is Friday, Sept. 3. Please have your articles into the Chanticleer office as early as possible.

Have Mimosa pictures made

From Sept. 7 through Sept. 17, the Paul Vaughn Studio Photographers will be on duty on the fourth floor of TMB, formerly Student Commons, to make pictures of students, faculty and staff for the class and faculty sections of the 1983 Mimosa. Hours will be 8-12 and 1-5 daily.

Students graduating in December, 1982, April, 1983, or August, 1983 are reminded to classify themselves as seniors in order to appear in the senior class section.

Casual sports or dress clothing is recommended for the portrait sitting. The sitting is free; however, the company will offer proofs to each individual from which orders may be made. Purchase agreements are between the individual and the company. Neither the university officials or yearbook staff members are involved in picture sales, payment, or delivery. Of course, the staff will furnish the address and telephone number of the company when special contact needs to be made.

Round out your schedule with fun

Classes are offered for both newspaper and yearbook training this fall. If you need an additional course and realize the value of gaining some experience in the preparation of publications and-or additional experience in communication, check the fall schedule booklet and sign up for Jn. 303 or 304.

A practical guide for discriminating freshmen

By LYNN LePINE
Associate Editor

Often times the first semester JSU freshman will, after facing the traumas of registration, the first day of classes, and other assorted nightmares, feel like one of the following:

- a. The guest of honor at a headhunter's banquet or
- b. The backside of a one-legged man at a butt-kickin' contest.

Since we were all freshmen at one unfortunate time or another, it seems only fair to share the knowledge privileged only to seasoned veterans and those who need it so desperately, the entering freshmen. Use this guide wisely and keep it with you at all times (along with your student I.D.). And now, without further delay, alphabetized for your convenience, and brought to you by The Chanticleer, is (drum roll, please) The Practical Guide to Campus Survival for the Discriminating Freshman.

Angle: Pronounced Angel, although his cherubic nature has not yet been determined, the President of the Student Gov't Association, Marc Angle.

Brother's: My Brother's Bar, Rock and Roll. Requisite attire: black T-shirt bearing the name of a heavy metal band (i.e. Black Sabbath, Iron Maiden). Furnished in Early American Tree Stumps.

Clark: Tara Lee Clark, treasurer of the SGA. Treasurers

may come and treasurers may go, but nobody doesn't like Tara Lee.

Confusion: Of course, this term may be applied to many things around campus, but this is in reference to the fact that S. C. does not mean T. M. B. but does mean the same as P. A. B. In the regular catalogue the abbreviation S. C. is sometimes thought to mean Student Commons when in actuality it means Stone Center. You will often hear Stone Center referred to as the Performing Arts Building or P.A.B. And finally, the abbreviation for what is known as the Student Commons is T. M. B. (Theron Montgomery Building). Comprene'?

Crossroads: Bar and package store frequented by mellow grad students and political science majors.

Dorms: See Roaches and Hot Water Calculation.

Economy Meal or End of the Month Scrounge: It is a little known fact that one can purchase a Fiesta salad, an order of chips and a cup of water for \$1.10.

Exams: Always seem to fall on the day after the night of a really GOOD party. Should be avoided if possible.

Freshman English: A blight sent down on man for some past unpardonable sin. Cannot be avoided so grin, bear it, and remember that N. C. does not stand for Nabisco Cookies.

Hot Water Calculation: It takes about a week to get this one down pat. This involves determining how to stay in your

warm bed until the last possible moment without having to 1) Wait in line for a hot shower or 2) Take a cold one.

Jack Hopper Cafeteria: I mean, like, gag me with a spoon.

Lundy: Tony Lundy, Vice-President of the SGA. Also part time disc jockey and a pretty mean tennis player.

Overcut: Can also be spelled with a capital F. The number one cause of cancer in JSU students.

Parking: Park where the curb is green or red, but not where it is yellow or blue. Curbs where the painters have attempted to display their artistic talents by painting them all four colors should be avoided.

The Pub: Colloquial for The Red Rooster. This bar is visited most often by those majoring in music and drama, and by those attempting to make a career out of college.

Registration: Painless if you know how to go about it. The problem is that none of us do.

Roaches: A common complaint of those who have never lived in dorms before. At first the roaches are a nuisance, but in time one finds that they are quite tasty and good at backgammon, too.

Stacey McCain: A. K. A. Spacy Stacy and Dr. Rock. Mr. McCain has become a campus institution. Resembles Rod Stewart and has been known to raise eyebrows.

Zee's: The only thing some people EVER catch in class.

Dr. Rock presents rock dictionary

By R. STACY McCAIN

The doctor is in.

As a lover of music, I find that the most confusing aspect of discussing music is terminology. What one person understands to mean one thing may mean something entirely different to another. Those in the rock music industry use a jargon which may be confusing to those who are unfamiliar with it. Since this is to be a regular column on rock music, featuring views, reviews, and interviews, I feel that I should explain a few of the more common terms and what they mean, at least to me. Without further ado, I present Doc Rock's 1982 Guide to Rock.

Music Terminology

AOR—Album - Oriented Rock. A term used to describe the music played by such radio stations as 96 Rock, Atlanta and 95 Rock, Birmingham.

C&W—Country & Western, obviously enough.

Cover—A version of a song written and/or recorded by another artist. (Example: "Van Halen's cover of Roy Orbison's 'Pretty Woman' was the first single from Diver Down"). Also v.t. to perform such a song.

Demo—A demonstration tape, recorded by a group or songwriter in hope of gaining a contract or employment.

DOR—Dance - Oriented Rock. Since 'disco' achieved a negative connotation, this label was invented to describe rock intended for dancing.

Front man—The visual focus of a group's stage act, usually the primary vocalist. (Example: Mick Jagger of the Rolling Stones).

Hooks—Those lyrical and musical devices which are most easily remembered by listeners, thus 'hooking' them into liking a song. (Example: the guitar introduction of Deep Purple's "Smoke On The Water.")

Lick—an instrumental melody which is repeated several times during a song. Also known as a riff.

Mix—The way in which the various elements of a recording or performance are blended. A record review may speak of a recording as having a 'muddy' mix, meaning that the vocals are unintelligible or that the instruments are hard to pick out individually.

R&B—Rhythm and Blues. Usually used in reference to music played or heavily influenced by black musicians.

Rhythm Section—in rock, this often refers to the bass guitarist and drummer of a group—the 'bottom end' of the sound—who provide the foundation of the 'big beat.'

Session man—A studio musician, paid an hourly fee to play on the recordings of others. Sometimes these musicians also tour with the artists for whom they work, and occasionally combine to form groups who have their own act. Such as the case with the Atlanta Rhythm Section, who formerly played sessions for such acts as the Classics IV.

Stacy McCain—An unappreciated, but hard-working writer whose work has been acclaimed by such notable figures as... uh...

The Chanticleer

The Chanticleer, established as a student newspaper at Jacksonville State in 1934, is published each Thursday by students of the University. Signed columns represent the opinion of the writer while unsigned editorials represent the opinion of the Executive Editorial Committee. Editorials do not necessarily reflect the policy of the JSU administration.

- Editor In Chief..... Tim Strickland
- Associate Editor..... Susie Irwin
- Associate Editor..... Lynn LePine
- Sports Editor..... Alison Andrews
- Secretary..... Pam Strickland
- Business Manager..... Steve Foster
- Feature Coordinator..... Liz Howle

The Chanticleer offices are located on the bottom floor of the Student Commons Building, Room 102

All correspondence should be directed to The Chanticleer, Box 56, Jacksonville State University, Jacksonville, Alabama, 36265.

Campus organizations welcome freshmen

Writer's club

The JSU Writer's Club is a new organization on campus whose purpose is to encourage excellent writing in this area. The intentions of this club are to provide members with constructive criticism of their works, to gain greater insight and perspective of writing through the reading of literature, to provide an exchange of ideas in themes and subject matter for works in the making, and to supplement member's education in writing and literature by providing guest speakers.

Membership in this organization shall be open to all individuals - JSU students

on both the undergraduate and graduate levels, faculty members, or alumni interested in promoting excellent writing.

The Writer's Club meets once a month with programs consisting of alternate reading and criticism and guest speakers. Guest speakers will include published faculty members and area writers of distinction.

Under the advisement of Dr. Clyde Cox, The Writer's Club is a group of individuals who take writing and the progression of their talent seriously. Members must be able to take criticism and to

give it for the enrichment of themselves and fellow club members. Persons not seeking improvement are not potential members.

Interested persons are invited to attend the first meeting of the year on Thursday, Sept. 9, at 5 in room 231 PAB. This will be an informal planning meeting.

The JSU Writer's Club will play a key role in the publication of *Pertelote*, the campus literary magazine. For more information, call Dr. Clyde Cox at the JSU English Department, ext. 413, or Lisha Brown at ext. 406.

Information center

The Information Center, located in a stone cottage on the southwest corner of the campus, is the gateway to Jax State for hundreds of visitors and prospective students each year. Directed by Teresa Cheatham, the center provides:

- information about the University
- directions and maps

- tours of the campus
- a referral service
- available refreshments
- an emergency checkpoint
- a center for recruitment and high school relations
- other duties assigned by Jack Hopper, administrative assistant to the president and director of public relations.

Circle K

The college experience. It's more than a classroom education. It's an introduction to "real life" as those grown-ups tell us. Real life with all of its fun, responsibility and problems.

Parties, exams, and ballgames. With that as a background, will you be prepared for the years after graduation? Coping with today's problems requires more than familiarization with them in a classroom... it requires practice.

And what about fulfillment? Are you

satisfied to simply tread water these few years or would you like to make some efforts that really count?

Circle K is one organization which allows you, yourself, to channel your own energies into a well - rounded college experience along with your own interests. We call it the **TOTAL ORGANIZATION** because we offer not only a social, but also a service organization where you can get that needed practice of coping with people.

Pertelote

Pertelote is the literary magazine published by the JSU English Department approximately twice a year. It contains poetry, short stories, essays, photography and art work by JSU students. The number of magazines published depends on the number of quality works submitted.

Pertelote is printed on newsprint for economical reasons. Much of the publication's material is a result of the creative writing class offered each semester by the JSU English Department.

All submissions should be directed to the JSU English Department, second floor, Ernest Stone Building (PAB) in care of Dr. Clyde Cox, advisor, or Lori Tate, editor. The first edition of *Pertelote* will be distributed on Sept. 9.

Mimosa

In order to work on the *Mimosa* staff, a full-time student need only appear and ask to work. Preferably, students interested in being staff members need to have open hours from 2:30 on Tuesdays and-or Thursday afternoon. A class, Jn. 304, is offered at 2:30-4 TT for staff members. Here the theory and-or academic and technical knowledge is learned and simultaneously put into practice lab fashion. Though anyone may work on the staff, to become a chief editor, or section editor, it is necessary to have taken the class and worked responsibly on the staff for one academic year. The university photographer and student assistants assigned to the photography public relations office work with the staff in providing all pictures used.

Chief shows positive side

Welcome back! It's that exciting time of year again when students return from summer jobs and vacations to JSU. Those of us at the UPD are glad to see you back and look forward to a good year. Remember, we're here for You—to maintain a safe and pleasant campus environment and be of service to you on an "around-the-clock" basis. To ensure you know what services we provide I offer the following reminders and suggestions. Please know that "my door is always open" to you and I look forward to your visit.

24-Hour Communications: The University Police Department provides radio and telephone communications operators on a 24-hour basis to give information and respond to emergencies on campus. These operators can instantly dispatch the police, fire department and-or emergency medical service - ambulance by radio. Student Health Services can also be contacted our office at any time. Our direct Emergency number is 435-2500.

Escort Service: The student Escort Service is offered by th UPD. Its primary purpose is to provide patrol escort for female students at night upon request. If you

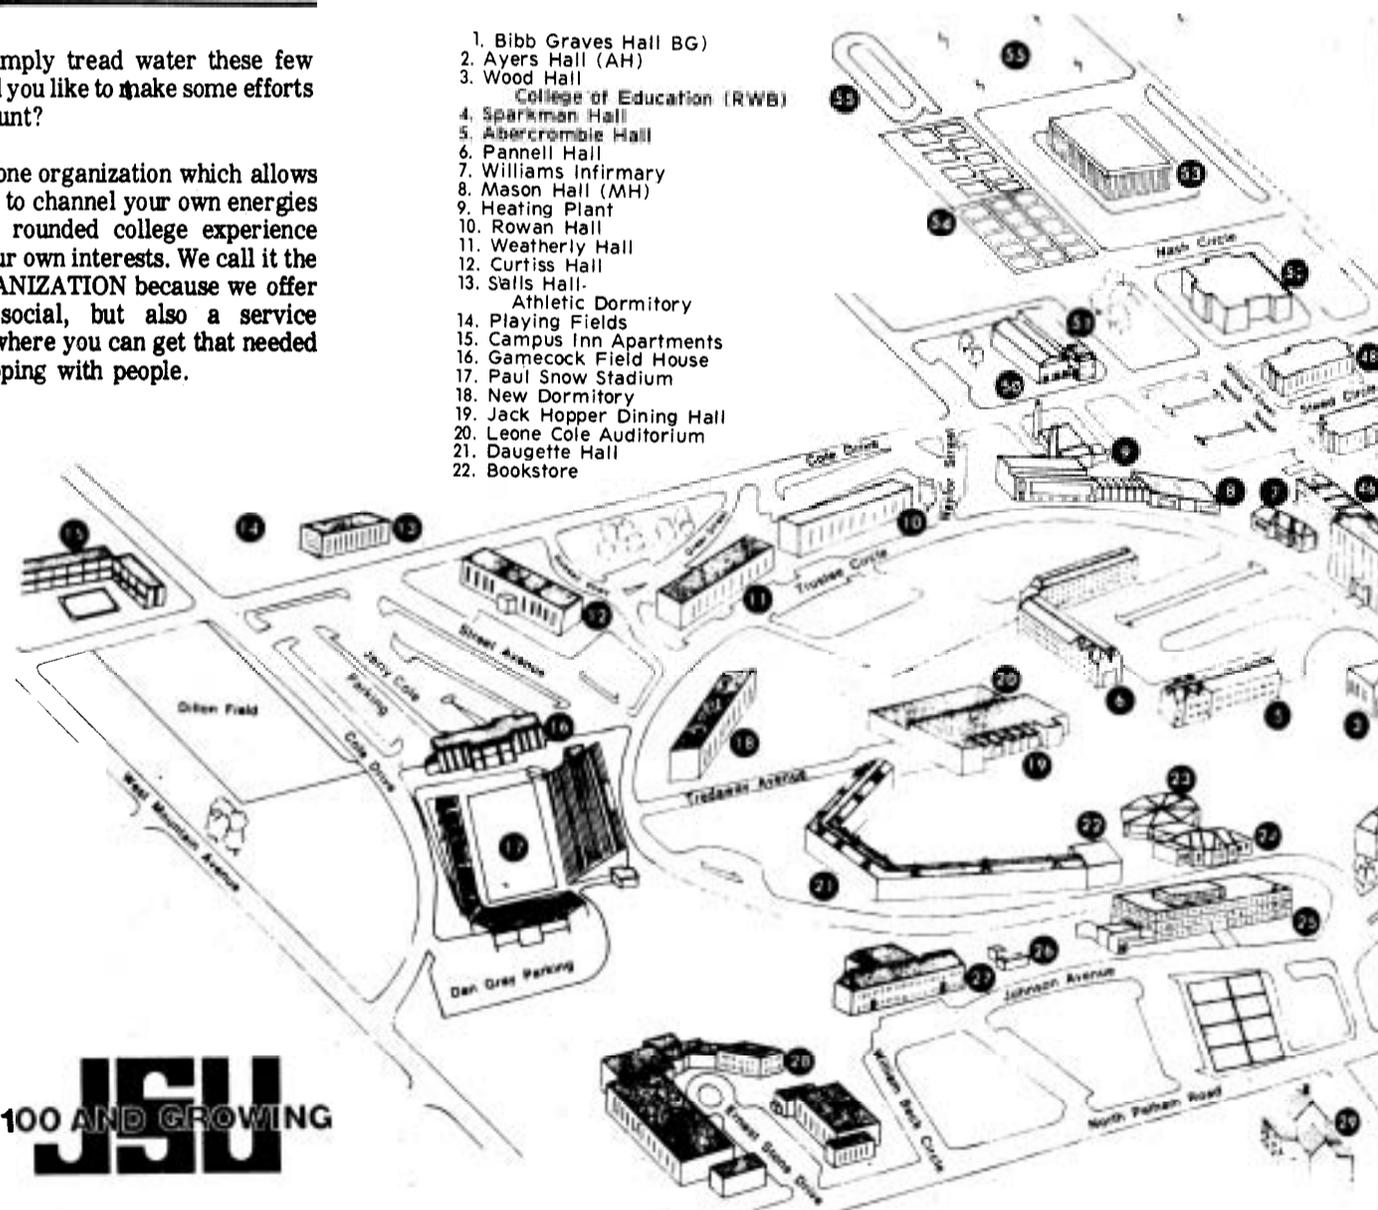

need escort service call 435-2500 and our officers will escort you from any location on campus to another. We hope this service will create a sense of security and confidence for our female students at JSU.

Parking and Traffic: All students who drive on campus must purchase a parking decal and display it on the left rear bumper. Student parking is indicated by red or green. It is important that you get your decal on your vehicle as soon as possible and park appropriately. The speed limit on campus is 20 mph. Please respect this speed limit and drive carefully for your safety and the safety of our many pedestrians and cyclists.

24-Hour Patrol: Uniformed campus around - the - clock both on foot and in marked police vehicles. Our officers are trained to respond to emergencies and offer the needed assistance. These "campus protectors" are academy trained, sworn officers capable of providing you with the best police service available. We also have uniformed Student Patrol officers who maintain highly visible foot patrol and assist in building security.

David Nichols, Chief,
JSU Police Department

JSU
100 AND GROWING

en to Jacksonville State!

Baptist Campus Ministry

The Baptist Campus Ministry (BCM) has a full schedule for the fall semester. All JSU students are invited to participate in the BCM.

The semester will open with three big welcome parties on Monday, Aug. 30, Tuesday, Aug. 31, and Thursday, Sept. 2. The parties will be held at the BCM Center located just in front of the JSU baseball field. They will begin at 7:30 each evening. Included in the parties will be entertainment by outstanding persons and groups, delicious refreshments provided by three area churches and lots of opportunity to meet friends, old and new.

The regular schedule of BCM, which will begin the week of Sept. 6, will include varied activities. The BCM Choir will rehearse on Monday nights at 6:30. This is a non-audition group for anyone who enjoys singing. The choir is under the direction of Steve Dunn.

Family Night will be on Tuesdays at 7:30. This is a time of fellowship and creative worship. It is the general meeting of BCM, and is open to everyone on campus. Marty Lively is Family Night director for BCM.

Bible Study will be held on Thursday nights at 6. This

will be a relational study of various Biblical materials. The fall study will be a study of one of the books of the New Testament. Director of BCM Bible study is Bryan Byrd.

There are many other activities such as ministry projects and intramural sports which are sponsored by the BCM. Information on these and other activities can be gotten at the welcome parties or at the BCM Center at any other time.

The new Baptist Campus minister, Bob Ford, offers an invitation to everyone to become a part of BCM. A warm welcome awaits all JSU students.

Jeff Echols says 'aah' for Carol Lawler

Wesley Foundation

The Wesley Foundation is present on the campus of JSU to help make a student's college years the best they can be. You are always welcome at Wesley House to enjoy the programs, the

friendships, the worship and the fun.

Who are We? We are a Christian Community which seeks to provide to all within the University opportunities

for intellectual, spiritual, emotional and physical growth.

We seek to become together more loving, caring and supportive people.

Infirmary

If late nights, heavy homework or long classes are turning this fall into an emotionally draining and physically demanding experience, consult Carol Lawler at the JSU infirmary.

As the registered nurse at the infirmary, Lawler has been treating sore throats and other ailment on campus for the past six years. A 1976 graduate of JSU, Lawler expressed an interest in nursing while still in elementary school.

While some students may be apprehensive about going to the infirmary for medical help, Lawler said that students today are more concerned about their health and are more willing to seek medical attention.

Throat cultures, physicals, and birth control counseling are among many of the numerous services the infirmary provides. Physicals and counseling are free but there

is a small charge for medicine or lab diagnosis.

Also providing medical help is Dr. Samuel Crawford who treats patients at the infirmary four days a week for two hours each day.

Lawler said all services provided by the infirmary are strictly confidential, whether for a medical examination or only medical advice.

Having lived in Jacksonville for the past ten years, Lawler said she enjoys her work at the infirmary and plans to work on her master's degree in nursing in the next few years.

Lawler added that she is more than willing to talk to anyone about the field of nursing. She also encourages anyone needing medical attention, students or faculty, to seek help at the infirmary.

News bureau

The University News Bureau generates news and information about the University and the student body. Headed by Jerry Harris, assistant to the director of public relations, the Bureau provides:

- home town press releases about noteworthy students
- news about the faculty and institution

- feature stories about people within the University community
- the official JSU Calendar of Events
- special publications
- special reports
- a variety of public relations duties as assigned by Jack Hopper, administrative assistant to the president and director of public relations.

UCSF

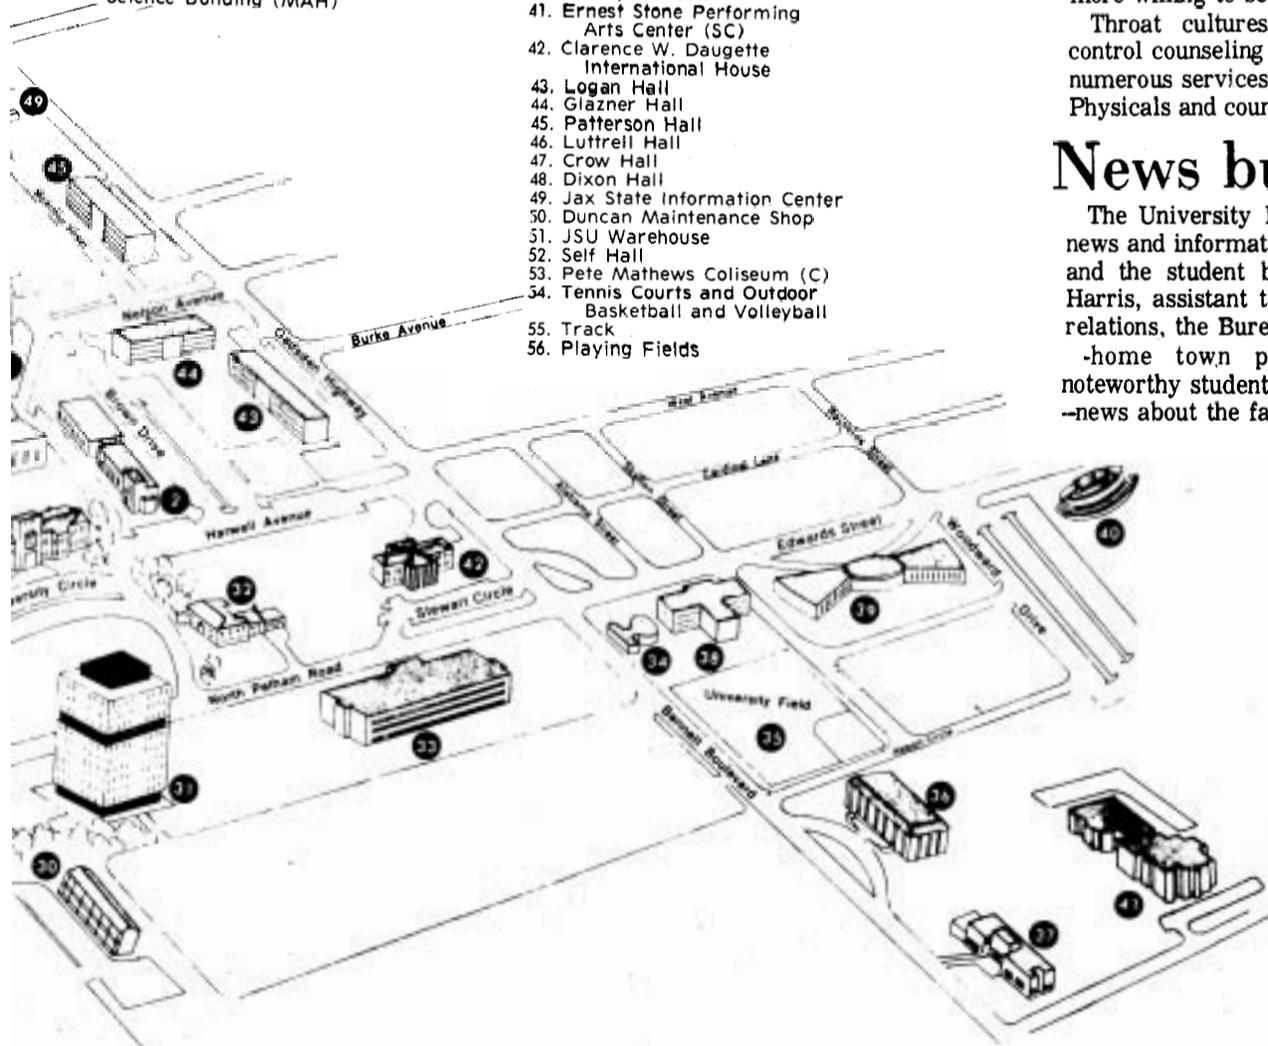

The University Christian Student Fellowship is a campus student organization dedicated to the restoration of New Testament Christianity and the promotion of Bible study, fellowship, and spiritual growth among college students. Sponsored by area churches of Christ, the UCSF meets in the Christian Student Center, just off the northwest corner of campus. All students are welcome to the regular weekly devotional on Tuesdays at 7 p.m., as well as other

periodic activities, such as Bible studies, recreational activities, etc. For more information, call Bob Prichard, campus minister, at 435-9356, or Kevin Smith, UCSF president, at 435-6717.

Tutoring services offered for youth

Group and individual tutoring will be offered this fall at Jacksonville State University for school children in grades two through ten.

Project ABLS (Advancement of Basic Learning Skills) will offer group tutoring in math skills, reading skills, study skills, creative thinking, and microcomputers for a fee of \$75. Each group tutoring course will consist of approximately 25 hours of instruction and additional sections may be scheduled if the demand warrants.

Individual tutoring will be available at a fee of \$60 per

month or \$180 per semester for two sessions per week of about one hour each. Areas of tutoring will be negotiated by parents and Project ABLS staff.

Project ABLS was created to provide enrichment and remedial academic experiences to children who desire or need academic stimulation outside primary or secondary school. Objectives include:

--assisting school-age children in developing competence in basic academic skills.

--providing enrichment opportunities to school-age children in nontraditional

subject areas such as microcomputers and creative thinking.

--developing procedures for instilling internal academic motivation and convincing children that learning can be fun

--developing instructional methods (including computer assisted tutoring) that are effective and motivating to children.

The schedule for group tutoring classes includes:

Math skills: Monday and Wednesday, 4-5 p.m., Sept. 1 to Dec. 6, Grades 2 through 8.

Reading skills: Tuesday and Thursday, 4-5 p.m., Sept. 2. to Dec. 7, Grades 3-8.

Study skills: Monday and Wednesday, 3-4 p.m., Sept. 1-Dec. 6, Grades 5-10.

Creative thinking: Tuesday and Thursday, 4-5 p.m., Sept. 2-Dec. 7, Grades 4-9.

Microcomputers: Saturday, 10 a.m.-12 noon, Sept. 4-Dec. 4, Grades 4-10.

For additional information, contact Dr. Steve Bitgood or Dr. Doug Peters, JSU Psychology Department, at 435-9820, extension 402, or write for an application in care of Project ABLS, Psychology Dept., Jacksonville State University, Jacksonville, AL 36265.

Darryl Green unloads boxes of books in last week's Bookstore move. The Bookstore, which was previously located next to Hammond Hall, is now on the second floor of the Theron Montgomery Building, a more spacious and convenient location.

100

(Continued From Page 1)

Weatherly Hall, for women, will be designated as a "closed hall" off limits to male visitors 24 hours a day. The new procedure will enable students who request to live in the dorm this fall an opportunity to study in a noise-free environment.

Nursing students will find a new organization on campus this fall. Sigma Theta Tau, the national nursing honor society, has chartered a local chapter, Zeta Xi, to recognize superior achievement and leadership development.

A half-million dollar project to pump steam heat to five academic buildings and to install solar panels at Pete Mathews Coliseum will get underway this fall.

The university will also make progress toward renovating Merrill Hall (College of Commerce) and Ayers Hall (which houses the departments of psychology and biology).

The JSU campus sprawls over 350 acres in northeast Alabama. It has grown from a small academy with an

enrollment of slightly more than 200 and a budget of a few thousand dollars to the third largest university in Alabama with a \$20 million annual budget.

Despite the challenges of the past decade, recent major projects have given birth to:

--The Ernest Stone Performing Arts Center, which houses the departments of drama, language, history and economics. A unique feature of the building is its 370-seat theater with computer - controlled lighting.

--The Charles Rowe Military Science Building, which houses one of the largest ROTC departments in the Third U. S. Army. JSU is the only university in the South which offers a major in military science.

--The renovation of Bibb Graves Hall, the administration building and computer center.

--The renovation of 13 men's and women's dormitories to make them more energy efficient and student oriented.

Returning talent looks good for title-seeking Gamecocks

Jacksonville State University, with record-breaking quarterback Ed Lett, a talented group of receivers, a veteran offensive line and nine defensive starters back to lead the way, is expected to contend for conference and national honors again in 1982.

The Gamecocks, who have won three Gulf South Conference titles and played in four NCAA Division II national playoffs in the past five years, return 18 starters on offense and defense.

"We could have another fine team," JSU head coach Jim Fuller said when asked about the upcoming season. "We need to develop better strength and depth to make a serious run at a national title."

Lett (5-11, 190, Sr.) completed 141 passes of 237 attempts, good for 1969 yards and 20 touchdowns last year on the way to Little All - America (Kodak, Associated Press) honors. He has broken every GSC passing record in only 22 starts at quarterback. Lett has completed 362 of his 659 attempts, good for 4661 yards and 39 touchdowns. He missed almost three games last year due to a broken hand. Jax State did not lose a regular season game after Lett returned in the fourth game of the season.

On hand to complement Lett's obvious talents are several talented receivers, two-cat-quick running backs, and a veteran offensive line. Tight end rusty Fuller (6-1, 214, Jr.) caught 39 passes, good for 525 yards and 8 touchdowns last year, split end Joe

Hartsfield (5-8, 160, Sr.) caught 26 passes, good for 519 yards and 4 touchdowns, wingback Eugene Roberts (5-8, 167, Sr.) caught 19 passes, good for 406 yards and 4 touchdowns, flanker Anthony Bush (5-9, 165, Sr.) caught 29 passes, good for 368 yards and 1 touchdown, and running backs Reginald Goodloe (5-5, 162, Jr.) had 33 receptions for 248 yards and two touchdowns and Walter Broughton (5-10, 176, Jr.) 18 for 129 yards and 3 touchdowns in 1981. Goodloe was the top runner with 811 yards and 5 touchdowns. Steve Hill (5-10, 205, Fr.) and Elvis Barrett (5-10, 227, So.) could surprise Gamecock fans with their running ability this fall. Each played well during the spring.

Defensively, the Gamecocks were very effective last year and should improve this season if Fuller can find quality depth. Little All - America Simon Shephard (5-11, 200, Sr.) and Randy Lagod (5-11, 200, Sr.) return at linebacker to provide leadership while nose guard Alvin Wright (6-2, 255, Jr.) is one of the finest defensive linemen to ever play for the Gamecocks. He was voted most valuable defensive player in the Gulf South Conference last year and freshman of the year in 1980.

Gregg Lowery (6-1, 185, Sr.) led the nation in punting last year with a 43.0 yards average while kickers Chris Hobbs (5-7, 150, Sr.) and Ray Vollenweider (6-1, 175, So.) return to give the Gamecocks two quality kickers.

(Photo by Mike Roberts)

JSU's Gamecocks have played in NCAA Division II national playoffs four times in the past five years. It is believed that this year they have the talent to bring the title home.

DOMINO'S PIZZA

Dr. Montgomery and Jerry Cole proudly display JSU's first all-sports trophy.

All-sports trophy a first at JSU

Jacksonville State University has won the 1981-82 Gulf South Conference All - Sports trophy, indicating the best overall sports program among the seven member schools.

Jax State won conference titles in football and rifle and placed second in baseball and golf, fourth in basketball and track, and fifth in tennis. An indication of JSU's overall strength is her winning the trophy despite Troy State University's first place winning in cross country, golf, track and baseball. JSU does not participate in cross country competition. And even though JSU fielded the only wrestling program in the state last year with Gary Erwin capturing the national championship, we did not gain any points from that in the competition; nor did the second place national title won by our women's gymnastics team count toward the all-sports honor.

Athletic director Jerry Cole stated, "This is quite an honor and tells people Jacksonville State has a broad base of sports with equal emphasis on each. We've been anxious to win this the last 8-10 years. We've finished second I don't know how many times, but this is the first time we've won it. This is a credit to all the teams and all the coaches."

Women's tennis try-outs slated

There will be a meeting for those interested in trying out for the women's tennis team on Sept. 1 at 3:30 on the 3rd floor of the coliseum. If you are interested and cannot be at the meeting, contact Coach Janice Creel. Practice will begin Sept. 8.

Women's track

Any women interested in the track and cross country team, please see Dick Bell at the coliseum. There will be a women's track and cross country team meeting on Thursday, Sept. 2, at 3:30 at the coliseum.

Chanticleer meeting

There will be an open Chanticleer meeting Thursday at 6:30 p.m. in Room 102, TMB.

Lady Gamecocks begin season

The JSU Women's volleyball team checked back into Jacksonville on Aug. 15, to begin two weeks of hard pre-season work. The ladies have been reporting each day for six total hours of practice in order to be ready for the season opener Sept. 15. Jacksonville State has consistently been a stand-out in Division II play in Alabama and surrounding states since 1980. The Lady Gamecocks have placed high in several tournaments,

especially the State Collegiate Tournament. In 1980, JSU took first place and in 1981, second. The Gamecocks have also ranked many individuals with All-State and All-Tournament honors.

This season, the volleyball team joins the competition in the Gulf - South Conference which includes JSU, Troy, Livingston, UNA, and UT-Martin. JSU hopes to continue the tradition of winning

in this tough, new conference. There are eight returning players, four of whom are seniors, and several newcomers that make up the 1982 roster. The first match will be against Montevallo on Sept. 15 at 7 in Pete Mathews Coliseum.

If anyone is interested in helping with the team, please contact Coach Janice Creel. Auditions for the team will be open until Sept. 5.

IM sports present '82-'83 program

The Department of Health and Physical Education presents its intramural sports program for the entire student body, members of the faculty and administrative personnel of the University. Participation is entirely voluntary. A wide and varied program is offered to meet the needs and interests of these groups. Activities will be added when requested, provided funds and facilities are available.

This program offers opportunities for enjoyable recreational activities. Each student, faculty member and administrative person is urged to acquaint himself with the program.

All students, staff and faculty members enrolled or employed by Jacksonville State University are eligible to participate in the intramural activities with certain restrictions noted in IM bulletin.
