## KA's denied in appeal bid

By MIKE DOUGLASS and CYNDI OWENS

Chanticleer Senior Editors

The SGA Judicial Court met on September 8 to hear an appeal of the University decision to suspend the Delta Phi chapter of Kappa Alpha Order for two semesters. In a unanimous decision the court reduced the suspension to one semester followed by one semester of probation.

The suspension was imposed as a result of violations at the end of the Spring 1987 semester of Articles 1 and 4 of the Regulations Governing Student Conduct.

Last semester, after a rash of tree and shrub thefts in Jacksonville, police received a report that one of the stolen trees had been spotted outside the Kappa Alpha Fraternity house located on Pelham Rd. After a positive identification of the tree, police searched the house with the consent of KA Vice-President Brady Howton. Upon completion of the search, police confiscated a number of trees and shrubs, some of which were later identified as the stolen property, according to Officer Randy Lee of the Jacksonville Police Department. On April 30 the fraternity was

charged with 6 counts of misdemeanor theft.

Although the case is technically still open, the KA's were exonerated by the legal system and are facing no criminal charges.

"We're having problems understanding why the University is pressing the issue when we were exonerated in the legal system," KA President Steve LaFollette said.

While the KA's deny any wrongdoing, they do not deny that the shrubs and trees found on their property did not belong to them. In their defense, the KA's maintained that the trees and shrubs had been stolen and left at the house by unknown persons, possibly disgruntled former pledges. They alleged that the still active pledges, upon finding the plants, unknowingly planted them, thinking that they were KA property.

"Kappa Alpha isn't denying that those plants were not ours, but the city of Jacksonville had no case against us. If they had a case, why didn't they arrest the guilty parties?" LaFollette said.

The court maintained that although the fraternity was ex-

(See KA, Page 2)

## Lack of activities prompt SGA action

By GROVER KITCHENS  
Chanticleer Staff Writer

For more years than most faculty or any students can remember, Jax State has had a problem, that of being a suitcase college. Every weekend brings an exodus of biblical proportions by students fleeing the college scene to go home for the weekend.

This year something is being done about the lack of activities that have sent students home to find fun on the weekends. The S.G.A. has already sponsored a host of exciting activities for the first stay at Jax State weekend and many more are planned for the rest of the year.

With the coming of a new administration many felt that steps of change would follow, but the increase of the entertainment budget was more than many expected. Vonda Barbour, in her second year as

SGA president, worked, traveled, and did research on a paper she later presented to Dr. McGee. During this process and in her paper she proved that schools not only the same size, but also smaller than Jax State received more entertainment monies than this university in past years.

Originally the SGA received \$20,000 for the entertainment budget, but after Dr. McGee studied Barbour's report he agreed that entertainment deserved a \$50,000 increase to create a \$70,000 total for this year's entertainment budget.

Barbour and the SGA have three major goals for this school year: 1) To increase the budget so there could be more activities, 2) Put more stress on student activities than in past years, and 3) Brainstorm with different enter-

## Carmode and Roberts receive new positions

By MIKE DOUGLASS  
Chanticleer Senior Editor

Two major positions in the communications department have been filled for the coming year. Dr. Ralph Carmode was named head of the communications department

and James Roberts was named the new advisor of the *Chanticleer*.

Carmode received his undergraduate degree from the University of North Carolina and his Master's degree from Brigham Young University. He also holds a Ph.D in

speech communication from Penn State. Carmode's ultimate goal is to receive national accreditation for his program.

"We're trying to create a professional program that combines (See POSITIONS, Page 2)

JAMES H. ROBERTS

DR. RALPH CARMODE

# Announcements

**NOTE:** All announcements must be turned in to the editor TYPED by each Friday at 2 p.m. in order to appear in the following Thursday's paper.

•A lecture on the psychology of addiction will be held Wednesday, September 23, 7:30 p.m., in the LOLA lab of Ayers Hall (Room 144). Guest speakers are Dr. and Ms. David Brister. A reception will be held preceding the lecture. For more information contact William Gardner at extension 5482.

•A Leader's Reception will be held September 24, 6 to 8 p.m., on the third floor of Student Commons Building. The event is hosted by Dr. Harold McGee and SGA President Vonda Barbour.

•Interested in Computers? The Psychology Department will provide the facilities for one or two serious students to learn how to design, build, and program microprocessors and computers. Preference will be given to a person with a strong interest in computer graphics. Experience or specific knowledge is not necessary but a strong commitment is essential. Freshmen and sophomores are encouraged to apply. For more information contact Dr. Palya at extension 5641.

•Scholarship for Management Students. The Calhoun County Personnel is seeking applications for their annual scholarship to be awarded for the 1987-1988 school term. The scholarship is available for any student in the College of Commerce and Business Administration who is majoring in Management. The Scholarship applications are available in room 223 of Merrill Hall and are also available in the Financial Aid Office, Bibb Graves Hall. Scholarship Applications will be accepted until September 30, 1987. For additional information, please contact Mr. Davis, extension 4272.

•PPSI The Postsecondary Program for the Sensory Impaired needs students to assist visually and hearing impaired students. For more information call Sue Muller, PPSI secretary, at ext. 5093.

•Applications are now being accepted for the Miss Alabama USA pageant to be held at the Sheraton Hotel in Huntsville on Nov. 21, 1987. Applicants must be 17-25, single, and at least a six month resident of Alabama. To apply, write to Mrs. Billie McCarty, State Director, P.O. Box 158046, Nashville, TN 37125-8046 or call (615)663-1422.

•Auditions will be held September 21 and 22 for the upcoming production of the musical "Mack and Mabel". Everyone interested in auditioning should report to room 338 in Stone Center at 5:00 p.m. If possible, try to attend both nights and bring prepared music. Private auditions can be set up.

•The Ken Procter Exhibit and Gallery Talk will run Sept. 8 - Oct. 2 at Hammond Hall gallery.

•JSU Day at the Anniston Museum, will be Sat, Sept. 19. All JSU students and faculty members will be admitted to the museum free of charge.

•Student Accounting Association will meet on Fri, Sept. 18, 1987 in rm. 215, Merrill Bldg. at 1:45 p.m. All accounting majors and minors are welcome.

•The Northeast Alabama Association for Young Children will meet the second Tuesday of every month at 2:30 p.m. in rm. 310 of Ramona Wood. The first meeting is scheduled for Sept. 22.

## SGA

(Continued From Page 1)

tainment ideas.

In many student's view a gap has developed between the Greek and non-Greek sections of the student body. The Greeks seem to have been the only one's involved in campus activities, so the new money can go to helping all students come together and support their school, regardless of affiliation.

Barbour said, "Anything students want we're getting. We are really excited about our big concerts in the fall and spring and about bringing the popular regional bands onto the Jacksonville State campus." She continued by saying that if everyone would participate in the new activities the SGA would know what the students want.

"If a project doesn't work it will

be discarded and another will be put in it's place," she said.

Students can get a calendar of events for the semester in front of the SGA office on the third floor of the Theron Montgomery Building. There are regular dollar movies each Wednesday, pep rallies each Thursday, and the usual pageants. Also, many new activities will be happening like popular, local bands in the amphitheatre, a band on the quad, comedy nights, bonfires, and special speakers will be offered for student and local enjoyment. Watch The Chanticleer for more indepth articles the upcoming events and most of all the SGA wants all students to take advantage of the events they have planned for the student body.

## Positions

(Continued From Page 1)

the best of a liberal arts background with communication skills. We want to give students the best preparation possible for working in the mass media," Carmode said.

Roberts holds an undergraduate degree from JSU and a Master's degree in English and Fine Arts from Columbia University. He has

been a communication consultant for 20 years and is currently a copy editor at the Anniston Star.

"I want to see the paper be responsive to the needs of students, faculty and staff with excellence in reporting and writing. I'd like it to be written with grace and good humor, integrity, honesty and all that good stuff," Roberts said.

# Campus crimes continue despite summer break

By MIKE DOUGLASS  
Chanticleer Senior Editor

Campus crime continued to flourish throughout the summer according to University Police Chief Dr. David Nichols.

Over the summer there were reports of eight crimes against persons, including three assaults and five harassment charges. There were 31 property crimes including

two burglaries and 11 thefts. Fourteen crimes against public order were also reported.

Nichols remains optimistic about the coming school year although he has some reservations.

"The national crime rate is up and my research has shown that our crime rate parallels the national crime rate," he said.

Nichols feels that the large freshman enrollment will become more of a traffic problem than a crime problem.

"We changed some of the traffic flow. We've also added a new lot over at Self Hall. We also made some recommendations to a task force that we hope will be implemented," Nichols said.

KA

(Continued From Page 1)

operated by the legal system, the severity of the charges warranted the punishment they received.

"This brings great discredit to JSU and KA. It's not the image we want portrayed to the citizens and

community at large," Dr. Donald Schmitz, Dean of Student Affairs said.

"I understand the embarrassment the University feels. Our repu-

tation in the 11 years we've been here has been flawless. We'd be more than happy to offer restitution to the people involved, either monetarily or through labor," LaFollette said.

# Before you choose a long distance service, take a close look.

You may be thinking about choosing one of the newer carriers over AT&T in order to save money.

Think again.

Since January 1987, AT&T's rates have dropped more than 15% for direct-dialed out-of-state calls. So they're lower than you probably realize. For information on specific rates, you can call us at 1 800 222-0300.

And AT&T offers clear long distance connections, operator assistance, 24-hour customer service, and immediate credit for wrong numbers. Plus, you can use AT&T to call from anywhere to anywhere, all over the United States and to over 250 countries.

You might be surprised at how good a value AT&T really is. So before you choose a long distance company, pick up the phone.

The right choice.

Dr. James Reaves

## James Reaves retires after twenty-one years

By MIKE DOUGLASS  
Chanticleer Senior Editor

After 21 years of service to his alma mater, Dr. James Reaves, Vice-President for academic affairs at JSU will retire on December 31.

Throughout his career Reaves has watched JSU change in many ways. He cites broadening class schedules as being among the most significant changes.

"If you were to compare the course offerings in 1967 with the course offerings in 1987 you would note that JSU is like two different institutions. We had one Master's degree program when I came here and less than 100 students in that program. Today, the graduate program is virtually like a new program and there is no comparison to the choices that undergraduates can make," Reaves said.

Reaves would like to see JSU continue to change to meet student and societal needs.

"I hope (the administration) will continue to strengthen the existing programs, to strengthen the students in those programs, and to change programs as societal needs change. We're going to have to continue to be willing to change," he said.

Although Reaves is retiring because of health problems, at 53 he still feels he is young enough to consider, "either a second career or adding to the current career, maybe in the form of some part-time work (at JSU)."

"I'm going to take a short period of time to take care of personal needs, primarily health needs. I will not be a passive individual in retire-

(See REAVES, Page 5)

## New snack bar opens to replace Hardee's

By DARREN DOUTHITT  
Chanticleer Staff Writer

When the urge for a "Big Deluxe" hits you this semester, you'll have to go further than the Theron Montgomery building. A Hardee's franchise no longer occupies the Student Commons building. A snack bar operated under the auspices of the Marriott Educational Services, a major food service corporation, was selected by a panel of students and faculty to pick up where Hardee's left off.

The snack bar, managed by Linda Brock, made its grand opening last Thursday. Brock said she had nightmares about the opening, but at the end of the first day of business she had nothing about which to be disappointed. The snack bar was "really busy," even though it hasn't been officially presented to the students by way of advertisements. Most of the opening day's business for the snack bar was the result of word-of-mouth. Some first reactions to the snack bar and the food were, "I didn't know the place was there"... "the food is pretty good"... "it's something different".

Brock, who served as office manager of the campus cafeteria for thirteen years, is confident that the

snack bar can meet the needs of the students better than other franchises that bid for the job.

All the customary items are on the snack bar's menu, but in addition it offers yogurt, pies, and various types of sweets among other things. When the cafeteria is not offering what the meal ticket holders have appetites for, they have the option to use their meal tickets at the snack bar. Students will also have the luxury of watching their favorite soap opera on television while eating lunch. For the video game freaks, the snack bar offers a mini-arcade, located right outside its doors.

Brock has planned special Monday night openings which will allow the sports-minded students to catch the Monday night football broadcast during an evening snack.

Some lucky student will get to name the snack bar in a contest which started Monday. The winner will receive one hundred dollars.

"I think that since the snack bar is for the students, they should be the ones to name it," Brock said.

Brock contends the food will get better every day, and that the Cockpit will get its share of the student and faculty business in due time.

# Jacksonville State University welcomes new faculty members

Jacksonville State University has recently employed several new faculty members. Among the new faces are, from left, front row, David Wallace of Anniston, English instructor; Patsy Lowry, formerly of Tuscaloosa, assistant professor of education; Danny Vaughn, formerly of Saulte Ste. Marie, MI, assistant professor of geography; Fred Williams of Jacksonville, technology instructor; Randy Wood of Jacksonville, assistant professor of criminal justice;

back row, Steve Loucks, ceramics instructor, formerly of Wolteboro, N. H.; Karen Henricks, art instructor, formerly of Wetumpka; Bill Hug, assistant professor of English, formerly of Auburn; Jeff Rush, instructor of criminal justice, formerly of Birmingham; and John Brown of Anniston, instructor of learning skills.

Newly hired faculty members at Jacksonville State University are, from left, front row Jerry Chandler of Anniston, instructor of communications; Lisa Williams of Anniston, English instructor; Rebecca Buckner of Gadsden, instructor - bibliographic librarian; Ann Surace of Jacksonville, music instructor; Terry Marbut of Gadsden, instructor of technology; back row, Bill Morgan of Jacksonville, military science instructor; Dr. Joanne Gates, formerly of Amherst, MA, assistant professor of English; Barbara Boyd of Jacksonville, instructor,

Center for Individualized Instruction; Mark Housand of Jacksonville, instructor of military science; Dr. Mark Kobernick, formerly of Seattle, WA, assistant professor of English. Not shown are Dorothy Tobe, formerly of Sumter, S. C., English instructor; Dr. Mary Williams of Rome, Ga., assistant professor of education; Derek Bowe of Huntsville, English instructor; Darnelle Scarbrough, formerly of Dorchester, MA, music instructor; and Carol Sedlacek of Jacksonville, instructor, Center for Individualized Instruction.

## Northeast Alabama Police Academy holds 74th commencement

By **DARREN DOUTHITT**  
Chanticleer Staff Writer

The Northeast Alabama Police Academy, operating on the Jacksonville State University campus, held its graduation recently in the Student Commons Building auditorium.

A group of 21 patrolmen walked

down the aisle here on August 21, 1987, completing the 74th Basic Session of the Northeast Alabama Police Academy. After more than five weeks of training, the following men obtained their Police Academy diploma for successful completion of the session: Michael Barius, Hugh Boyd, Roger Campbell, David

De Shon, Steven Dotson, Roslyn Ethridge, Talmadge Farley, Timothy Fyle, Joe Hereford, Larry Parker, Marty Ray, James Rogers, Kenneth Sitton, Christopher Staton, William Stephenson, Jeffrey Thomas, Donald Tinsley, Craig Trask, Tommy Watts, Mark Whately, and Kenneth Cash.

## U. Rochester disenrolls student for working for a Kodak rival

Rochester, N.Y.- The University of Rochester, bowing to pressure from the Eastman Kodak Company "disenrolled" a student who worked for the Fuji Photo Film Company because he would have shared business classes with Kodak employees.

Kodak, whose corporate headquarters are in Rochester, is one of the university's largest corporate benefactors.

While campus officials said they kicked Tsuneo Sakai out of the classes to allow 90-some students to "share freely" ideas in the courses, critics of the decision say it seriously compromises Rochester's autonomy, chills academic discussion, and makes an American campus into the conference room of a corporation.

"A university is not a place for secrecy," contended Jonathan Knight of the American Association of University Professors, which monitors academic freedom at the nation's colleges and universities.

"It's an old story in American Education," said Knight. "Wealthy, powerful benefactors bring pressure upon universities and colleges. It's manifested in all sorts of ways, but I've never heard of a student who was accepted and then dismissed."

Sakai, a Japanese student who worked for Fuji, Kodak's main rival in the film and camera business, enrolled in Rochester's William E. Simon Graduate School of Business and Administration earlier this year.

When Kodak officials learned

Sakai planned to attend courses, they "persuaded the university to disenroll" him, said UR spokeswoman Jan Fitzpatrick.

Rochester then arranged for Sakai to attend the Massachusetts Institute of Technology this fall, she said.

## For the record

### Setting the pace

I wanted this, my first column of the year, to be something great and wonderful. Well, it's not. Instead it is a column about my column—my little space in the world that I can call my very own.

In the past we've had people write us and get extremely nasty and upset because they felt the editor's columns were too biased and opinionated. Hey, people, that's what this space is for. This column provides the editor-in-chief a chance to express his or her own views on various subjects of interest. They are meant to be opinionated.

**Steven Robinson**  
Editor-In-Chief

This fall I would like for students to read my column and come away with some type of reaction, either good or bad. Either way it's fine with me, just as long as you, the students, at least take the time to read it. Sure, I'm no Lewis Grizzard with sarcastic wit or some great poet who uses oatmeal for ink, but I think I can at least write something readable and at least (I hope) slightly enlightening or entertaining.

If you feel something you read in this publication is wrong, don't hesitate to let us know. Other than editorials and personal columns, this newspaper is here to present fact, not opinion, fiction or heresy. If there is a legitimate complaint about something printed in these pages, voice it. Don't just sit there and mumble or criticize. Do something about it.

I am always open for suggestions. Let me know what topics interest you. Who knows, it might interest me enough to be the topic of discussion for this column.

Our staff, both old and new, is here to serve you. We want to keep you informed about what goes on around this campus. Any and all suggestions on how we may better serve you are welcome. Also, if you have a desire (and the ability) to write, come by and see us at The Chanticleer office. We could really use some good staff writers. It's lots of fun and well worth the time and effort.

I'd like to welcome Mr. James Roberts to the staff of The Chanticleer. He will be serving as our advisor for this school year. I look forward to working with him in the future.

I hope this semester is a great one for each and every student here at Jacksonville State University. Good luck in class. I look forward to talking to you in the weeks to come.

**Bob Hope**  
says:  
"Red Cross  
can teach you  
first aid.  
And first aid  
can be a  
life saver."

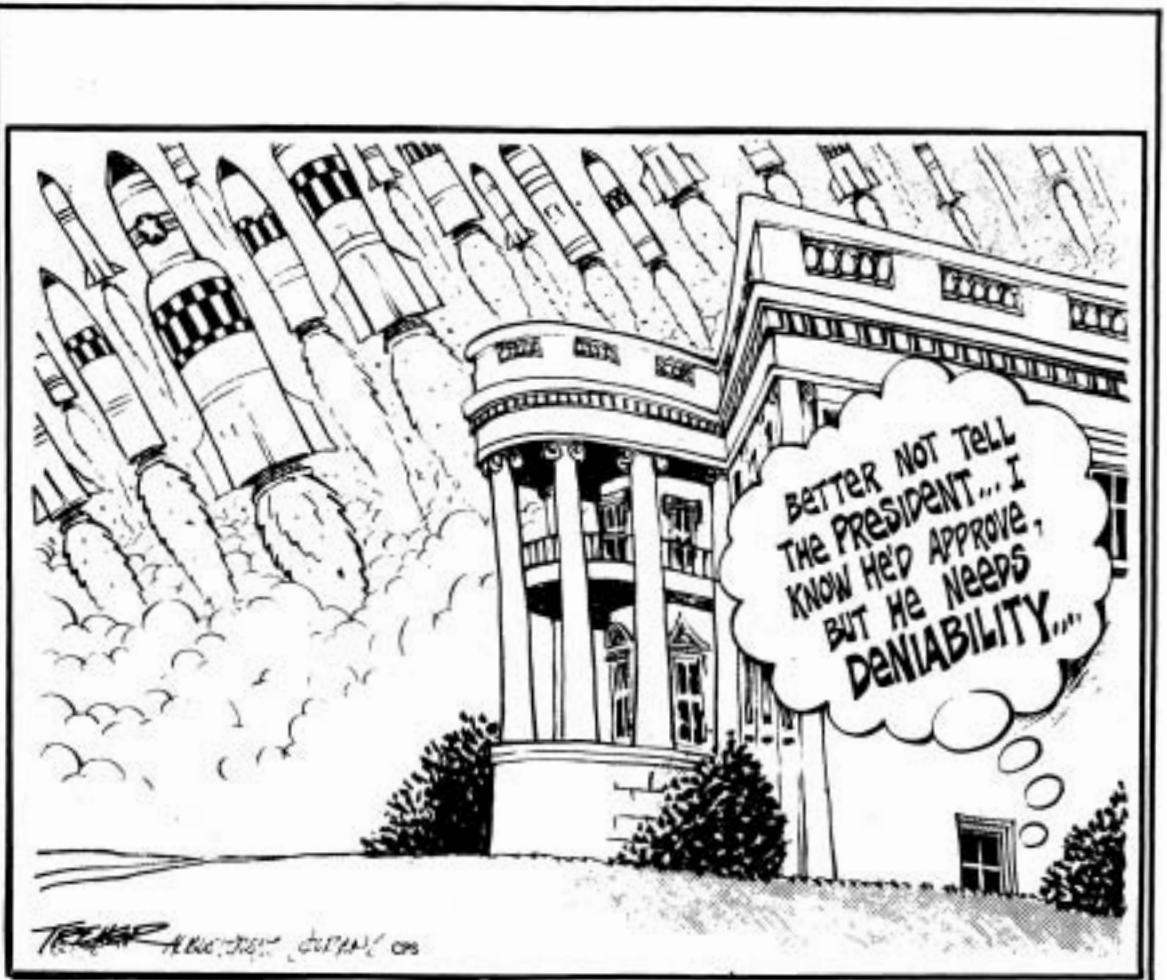

The Chanticleer is the student newspaper of Jacksonville State University. The Chanticleer is produced entirely by students and printing is done by the Daily Home in Talladega. The newspaper is funded by University appropriations and advertising sold by ad managers. Office space in the basement of the Theron Montgomery Building is provided by the University.

Letters to the editor, and guest columns are welcomed. All submissions must be typed, double spaced, signed and must not exceed 300 words. The deadline for all letters, press releases and columns is Friday before publication at 2 p.m.

All letters must be presented with a valid student-faculty ID card. Letters from other sources must include address and tele-

phone number. Ideas expressed on the editorial pages are the opinions of the writers. No obscene or libelous material will be printed. The editor reserves the right to edit letters for space and for correct English. Send all submissions to Steven Robinson, c/o The Chanticleer, P.O. Box 3060, JSU, Jacksonville, AL 36265.

## Sorority rush yields new pledges

By REBECCA FROST  
Features Editor

An annual Jacksonville State ritual took place on the quad September 4 at 7:30 a.m. as eighty-eight coeds raced across campus to Sparkman Hall to meet their new sorority sisters.

This early morning tradition, better known as Squeal Day, capped off the August 31-September 4 rush.

"I thought rush went very well. There were a lot of good girls going through and each sorority will be well represented. All the sororities cooperated well together and with the help of Angie Askew everything ran smoothly," said Panhellenic President Julie Durbin.

To help the rushees become better accustomed with the rush experience and JSU, the Panhellenic Council along with delegates from each sorority live with the rushees during the week. During this time, strict regulations are placed upon rush counselors, sorority members, and rushees including no communication between girls going through rush and sorority members and curfews enforced every night.

This year's Panhellenic officers are Julie Durbin, president; Angie Askew, vice-president; Eileen Lowder, treasurer; and Heidi Lummus, secretary. The rush counselors and delegates assisting were Anne Hubbard, Lorna Stewart, Starr Allen, Tammy Hamilton, Dana Boyd, Chem Proctor, Tracy Bennett, Polly Dunn, Sonya McFerrin, Rachel Ham, and Susie Odishoo.

Those accepting bids on Squeal Day were:

## College students turning to radical fashions

Campus fashions are changing radically this fall, but no one is sure if it means students are becoming as radical as their clothes.

"I don't know if it's a political statement," said Valerie Cartier of Minneapolis' Haute Stuff boutique, a shop popular among University of Minnesota students. "But it is a statement."

"It's the return of the '60's," asserted Larry Schatzman of the

Unique Clothing Warehouse, a Greenwich Village store frequented by New York University students.

Whatever it is, America's college students are mellowing out their wardrobes this fall: tie-dyes, jeans and mini skirts are in, and the pressed, preppy look is out, various fashion observers agree.

"Even sorority girls aren't wearing very preppy clothes this fall," Cartier said. "They're not sitting at

home and planning their outfits for an hour."

"When I was a freshman I really didn't fit in," recalled Tim Lum, a Boston College senior. "The campus was really into the preppy stuff, and I really felt out of place. I feel a lot more comfortable now. I could never wear those preppy things."

At NYU, students are "going crazy" over acid-washed (pre-faded) jeans. And tie-dye has come back in a very big way. Leather jackets and pants are also popular, especially if they have a distressed look.

Another old style is returning. "Mini skirts are very big right now," explained Nancy Cooley of the Ritz, just off the University of Colorado campus. "Short skirts are hot."

Also big among college students are silk skirts and shirts, '40s pleated pants and slinky dresses.

"Women," Cartier added, "are wearing big hoop earrings, thick belts and chunky jewelry. Anyone who hung onto that stuff now has a real treasure."

Owners of stores on or near campuses say things like Army surplus pants, Guatemalan wrist bands, oversized sweaters and jackets are selling quickly, while rich, traditional colors like plum and forest green are in.

Out are torn-neck T-shirts, turquoise and silver jewelry, stirrup pants, designer jeans, polyesters and big tune boxes.

Schatzman counsels that, although '80s students are interested in '60s fashion, they may not be interested in "Serious" issues.

His store stocks dozens of goofy toys ranging from water pistols to plastic dinosaurs to paddle balls. "We sell an awful lot of yo-yos," Schatzman said. "It's fun. It's an '80s mentality."

The mentality also apparently includes an eye for a bargain, or, as University of Colorado student government leader Perry Dino calls it, "value shoppin'."

Dino foregoes trendy "vintage clothing" shops for Salvation Army outlets, Goodwill stores and Disabled American Veteran shops.

"Musical tastes also influence fashion trends," says Judy

Fleishner, the manager of Oona's, a used clothing store near the Yale campus in New Haven, Conn.

U2 lead singer Bono's leather fringe jacket spurred sales of similar jackets, while the Grateful Dead's latest tour sparked interest in tie-dyes, faded jeans and other hippie regalia.

But Boston College's Lum figures the whole thing is just a trend that will pass in the near future. "It's a reaction against the preppy thing."

"Right now it's trendy not to be concerned with clothes. At BC, ripped jeans are really big. People are even ripping their jeans on purpose. These are the same girls who two years ago were wearing the plaid skirts."

# Former JSU student praises co-op program

By Sherri Conner  
JSU alumna

**Editor's Note:** Conner is a recent JSU graduate who participated in the Cooperative Education program.

Have you tried to secure a job in your field of study to help pay your tuition? It's not as easy as getting a job in a fast-food restaurant; few businesses are willing to hire students pursuing their bachelor's degree. But there is a way -- cooperative education (co-op). Perhaps the best way to summarize this program is "a unique chance to gain valuable experience."

Co-op is a program whereby a student alternates a semester of work with a semester of school. The student works a full semester and attends classes full-time during the next semester. One can get into the program once he attains sophomore classification. The first step is meeting with Vivian Garner in the Cooperative Education office. She will discuss interests and field of study and can comment on the companies participating in the program. One can fill out an application and possibly be interviewed and hired in a short period of time.

There are several benefits to this program and, like every other aspect of life, there are a few drawbacks. Co-op lets one get hands-on training and worthwhile experience in his field of study, helps him become familiar with general practices and procedures used in business, allows him to see some of the real-life problems that can be encountered, gives him ex-

perience in dealing with people (including customers, co-workers and management personnel) and provides a source of income to help cover school costs. However, the program is not for students who want an easy, summer job. Employers foresee an investment on their part and look for a stable, hardworking and capable student who is willing to remain with the company for a length of time. Yet, some companies do not guarantee a permanent job upon graduation -- but perhaps this can be seen ahead of time so that the student is prepared to search elsewhere during his final semester of school. And unless one is willing and capable of taking maximum course loads during study periods and also attending evening classes during work periods, a 4-year college career will become a 5- or 6- year college career. However, the benefits of the program outweigh the drawbacks.

I spent five years in the program, working as a federal employee at Anniston Army Depot. The six years it took to earn my degree were well worth the time and effort. It was my own personal preference to avoid the maximum course loads and evening classes and to agree to work two consecutive semesters at my

supervisor's request. I am extremely thankful for the experiences I gained from my job. The theories I studied in my major (management) weren't just thoughts for me -- I had seen their use and results. I could more easily grasp the course material and got chances to use what I was being taught before most other students did.

I had opportunities to deal with company employees at all levels. I came in contact with virtually every existing personality type and learned how to deal with each one. I became familiar with how the Department of Defense and Army are run and how that differs from the private sector. I was able to pay my own way through school without asking for assistance from others--something that gives me a great deal of personal pride.

I've tried to share with you, through this article, some of my personal thoughts and experiences concerning the Co-op program. I hope I've given you enough insight into and helpful information about the program to encourage you to pursue the program further. If so, contact the co-op office, Room 111, Bibb Graves Hall, Ext. 5289 to apply for several positions open for this fall semester.

"I had opportunities to deal with company employees at all levels." - Conner

# 'Roommate wars' cured by treaty

Roommate battles seen daily on Quad

(CPS) -- There may be ways to prevent the low-level "roommate wars" that college students often find themselves in during the fall when they arrive to move in with strangers, says Dr. Jane Morgan Bost of Southwestern University.

Southwestern, rather than making room assignments, tries to match roommates who have similar lifestyles, study habits, musical tastes and other interests.

Bost, counseling director at SU, suggests that, even before they meet, prospective roommates talk on the phone.

"They can get to know some basic things about each other; is one a partier and the other a studier? How

much will the stereo be played?" said Bost.

Bost says some students develop a "contract" that sets ground rules for the living situation.

This can help roomies avoid problems or work them out when they occur, Bost said.

Once on campus and in their rooms, students are required to live with their roommates for two weeks. If problems develop during that time, student advisors will help resolve the situation.

After two weeks, the students may ask for new accommodations.

"The important thing is that each person learn to live with the other," Bost said.

# Congested traffic on JSU campus

By STEVEN ROBINSON  
Editor-in-Chief

Darting in and out of entrances and exits becomes almost an artform. Learning to detect brakelights from a distance as they slowly vacate a parking space becomes mere instinct. Only when this

future empty spot is close to the building does the adrenalin begin to flow. In such cases, a battle of speed and wit may develop between two or more students all vying for that one small rectangle of pavement. Only the strongest and fastest survive.

According to information received from University Police on

traffic last year there are three major problems still facing students, faculty and administration:

- Dorm residents driving to and from classes, forcing commuters to fight for available spaces.
- Improper parking, e.g., failure to comply with campus rules and regulations. Parking in handicap zones, students in faculty parking spaces or vice versa, and parking on yellow curbs are a few examples. Students should refer to their JSU traffic-parking regulations brochure. Copies may be picked up at the JSU university police station. It contains a list of "do's and don't's" and appropriate penalties for each.
- Failure to comply with traffic regulations. This includes speeding and careless driving practices.

Monday morning traffic at Merrill Hall

## The Book That Put Pueblo, Colorado On The Map.

For years Pueblo remained uncharted and unknown.

Then, suddenly, the secret was out. Pueblo is the city that sends out the free Consumer Information Catalog. Now everyone knows.

And now everyone can send for their very own copy of the Consumer Information Catalog. The new edition lists over 200 helpful Federal publications, more than half of them free. Publications that could help with—money management, car care, housing hints, growing gardens, food facts. All kinds of consumer information.

Get your copy now. Send us your name and address on a postcard. Write:

## Chatter's Box

Section previews  
fall weekly featuresBy CYNDI OWENS  
Chanticleer Senior Editor

There is, and has always been, much debate over which section of a newspaper is most important.

Some will say news, because that keeps us up-to-date. Others will say features or editorials, because they give us insight into our world.

On college campuses, however, the answer may very well be the entertainment section.

A good entertainment section should cover as wide an area as possible. It should include current events, both Greek and non-Greek. It should cover campus and local events so that students can keep abreast of what goes on and when things are happening.

It should contain news, features, previews, reviews, schedules, and input from sources other than the staff.

In short, it should contain elements from every other section, yet maintain a sense of individuality.

With cooperation from everyone on campus, the Campus Life/Entertainment section of the Chanticleer can do, and be, all of those things.

The following is a preview of weekly features in this section and how to get the most from them:

• **CAMPUS CREATIONS** This will focus on the creative talents of students, faculty, and staff. Submissions may include poetry and short stories, and for the first time, photographs and sketches.

• **CLUB NEWS** This affords every club or organization the chance to express itself. Upcoming events, announcements, or the chance to recognize special and outstanding members are just some of the uses for this feature.

• **GREEKS OF THE WEEK** This new feature will spotlight two Greek organizations weekly, with the emphasis placed on history, altruism, and community spirit. The organizations will be selected at random each week.

In order to get a campus event publicized, please let us know at least two weeks in advance of the event. Every effort will be made to cover as many events as possible.

Material submitted for **CLUB NEWS** or **CAMPUS CREATIONS** must be typed or neatly printed and must be turned in by 2 pm Wednesday to appear Thursday of the following week. We reserve the right to edit submitted material.

Schedule of events  
keeps up-to-dateBy CYNDI OWENS  
Chanticleer Senior Editor

Whew!

School has just started, yet Homecoming is just over two weeks away.

With such a short time to prepare, an up-to-the-minute schedule is an absolute necessity. The following schedule is complete up to the deadline for this issue. Watch this section for any changes or additions.

## HOMECOMING 1987

• **September 17:** Homecoming Pageant, 7 p.m. The pageant has been moved from Leone Cole to Theron Montgomery Auditorium (third floor).

• **September 18:** Deadlines for parade and yard display applications, 4 p.m. in SGA office.

• **September 29:** Election for Homecoming Queen, 9 a.m. to 4 p.m., fourth floor of Theron Montgomery Building.

• **September 29:** Telluride in concert, 8 p.m. at the Amphitheatre.

• **October 1:** Runoff Election for Homecoming Queen (if necessary), same as above.

• **October 1:** Pep rally, 7:30 p.m., football stadium. A spirit competition will be held, with cash prizes for the three top winners. Comedienne Denise Moses will perform during the pep rally, and then do a second set afterwards.

• **October 2:** Bonfire, 8 p.m., Intramural Field. Immediately following, there will be a fireworks display.

• **October 3:** Yard displays judged, 8 a.m.

• **October 3:** Parade, 10 a.m.

• **October 3:** Kickoff, 2 p.m. JSU vs. Valdosta

• **October 3:** Dinner and dance, immediately following the game, at the Armory, for all students, alumni, and guests. Admission will be \$5 at the door.

Come on out and enjoy as many of these Homecoming festivities as possible.

"Small minds can never handle great themes." St. Jerome

## Homecoming pageant tonight

By CYNDI OWENS  
Chanticleer Senior Editor

Jacksonville State University's annual Homecoming Pageant will be held tonight in Theron Montgomery Building's third floor auditorium. The pageant begins at 7 p.m.

This year's pageant is unique, both because of the move from Leone Cole to TMB, and because the pageant, like Homecoming, is timeless.

Renovations on Leone Cole have closed that building, and the move leaves pageant organizers in the interesting and creative position of designing the set "in the round."

SGA treasurer Dwight Burton explained that term by saying that the

contestants will be on the floor instead of on the stage.

"The audience will be closer to the action .... The only thing separating them from the contestants is the judges," he stated.

The fact that Homecoming is not using a catch-phrase as a unifying factor created another special problem for the organizers. Decorations cannot be too flashy, in order to avoid taking away from the entrants.

Jenny Wilson of The Rabbit Hutch will provide the decorations and the floral arrangements. Plans for the decorations tentatively include a background and bouquets of balloons, along with streamers.

Aside from these arrangements, judges must also be selected, and several criteria are used. "They are persons active in the community and usually in the public eye. They include people with backgrounds in entertainment, or those with interview skills. They are not just people chosen off the street," said Rachel Jones, pageant coordinator.

The pageant judges will narrow the contestants to a field of ten, and then those will be voted on by the student body. The Homecoming Queen will be announced during halftime of the game.

"This should be a good pageant. Everything has been done so far in advance, that I think it will come together beautifully," Burton said.

## Parade to be bigger, better

By CYNDI OWENS  
Chanticleer Senior Editor

Remember the song, "I love a parade?"

Well, this year's Homecoming parade is shaping up to be one of the biggest and best parades in years.

"It's going to be spectacular. It is already bigger than last year's parade, and new entry applications are coming in daily," said Mary Hannah, Homecoming chairperson.

The parade is scheduled to begin at 10 a.m. in front of Kitchen's on Pelham Road, with line-up beginning at 8:30, and will end at Trustee Circle, in front of Bibb Graves Hall, according to Hannah.

Some of the scheduled partici-

pants for the parade include the Western Belles, Girl Scouts, Domino's gorilla, Ronald McDonald, Boy Scouts, Smokey the Bear, Jacksonville Jaycees, Sheila Lindley gymnasts, Kim Cook dancers, Cheaha Vintage Auto Club cars, State Trooper motorcycles, and, of course, lots of bands, cheerleaders, and floats. "The Southerners will end the parade, as always. We are saving the best for last," she said.

Prizes for the float competition are: \$500 for first, \$300 for second, and \$200 for third place.

"We have received a great deal of help and support from the faculty and administration on organizing everything. We would especially

like to thank Dr. McGee's office for the support on the high school band competition and the pre-game show," she added.

"Homecoming is designed this year to include something for everyone. There is no set theme, so participants have the freedom to really express themselves and be creative. We are trying to involve as many students, merchants, parents, faculty, and community members as possible," she stated.

The deadline for entering the parade is September 18. Entries can be picked up in the SGA office, and must be turned in no later than 4 p.m.

## JSU Theater ends busy summer

By CYNDI OWENS  
Chanticleer Senior Editor

This summer proved to be an exciting and busy time for JSU theater.

"Overall, it was quite successful. 'The Philadelphia Story' was the first summer production, and usually the rest of the summer is very slow. This year, however, we had the dinner theater, (which) turned out very well," said Dr. Wayne Claeren of the drama department.

According to Carlton Ward, the dinner theater was implemented with the encouragement of University president Dr. Harold McGee, who had previous experience with it at James Madison.

"The show ran two weeks and three weekends. A total of 1,340 people attended the seventeen performances. People are calling us, thanking us, telling us they enjoyed it. They are asking if we are going to

have it next year," he said.

"The dinner theater, known as 'Taste of the Town,' featured the play 'Relatively Speaking,' which turned out to be a nice contrast to 'The Philadelphia Story.' One, 'Story,' was about wealthy, well-mannered people. The other was not so sophisticated," said Claeren.

"Relatively Speaking" was done arena-style, better known as "in the round." That means the cast faced some special problems.

"Nobody in the cast has been 'in the round' before, so we had to relearn things like blocking. We had to realize that when our backs were turned it wasn't necessarily wrong," said cast member Dr. Steve Whitton.

Ward also commented on the problems by saying, "Scenery-wise, it was easier, because there is not much scenery to set up. Lighting-wise, it is tougher, because you have

to be careful not to put lights in peoples' eyes. And the actors have to be careful to remember to play to all four sides."

Another cast member, Lee Pope, added that he found the show, "tiring. You can never stop, never break character. There is no place to hide, so if you blow a line, you can't turn around and roll your eyes."

Whitton, Pope, Carol Cauthen, and Tara Bennett were all nominated for "Annie Awards," Aniston Community Theatre's version of the Tony Award. Whitton won the award for best leading male.

There is no rest for the weary, and the fall season is already well underway. Auditions have been held for the first production, Eugene O'Neill's "Beyond the Horizon."

For more information on upcoming theater runs, call the Box Office at 231-5648.

## English Department inaugurates lecture series

Jacksonville -- A Lecture Series is being inaugurated by the English Department at Jacksonville State University. The lectures will be presented by two Alabama writers.

On September 23, Norman McMillan of the University of Montevallo will read a paper comparing Virgil's *Aeneid* to South African

writer Chinua Achebe's *Things Fall Apart*. Both playwright and scholar, McMillan is well known in this region.

On September 28, Poet R.T. Smith of Auburn University will read from his works. *Banish Misfortune*, his latest volume, will be published this year. Smith is reci-

ipient of a 1987 Alabama State Arts Association Fellowship.

Both lectures will be in the East Room of Houston Cole Library (eleventh floor) at 7:30 p.m. The public is invited.

For more information, call Steven Whitton at 231-5781, ext. 4412.

# Club News Club News Club News Club News

## Sigma Nu

The brothers of the Iota Lambda chapter of Sigma Nu would like to welcome all students and faculty to JSU for the fall 1987 semester.

Congratulations are to be extended to the newly elected Executive Committee of Sigma Nu. They are: Stephen Smedley, Commander; Bernie Moxley, Lt. Commander; Tracy Rainwater, Treasurer; Paul Tallent, Recorder; and Chris Casey, Pledge Marshall. Good luck to these brothers in their new positions.

The fall 1987 semester should prove to be fantastic and quite beneficial for the Nus under this new leadership. The brothers would like to remind all male students

here at JSU that Fraternity Rush for the fall will be held on September 23, 24, and 25. Rush cards can be purchased for the IFC and will be required for admittance to the various fraternity houses.

The Nus have been extremely active this summer with various projects completed and other projects under way. The summer work began with the installation of a new roof on the fraternity house. The much needed roof was then followed by extensive yardwork.

The latest addition to the Sigma Nu house is our new sun deck, which should provide years of enjoyment.

Presently under construction is the Sigma Nu "Snake Pit." This building, located on the Sigma Nu

grounds directly behind the house, is being renovated into a brother's bar and party room. It should look good when completed and become a very useful addition to Sigma Nu here at JSU. The brothers are optimistic that the party room will be completed by the end of September.

Special thanks to all the brothers, pledges, and little sisters who donated their time and effort to make these summer projects a success.

On a final note, the brothers are proud to announce the achievement of the number one GPA among all fraternities at JSU for the second consecutive semester. The brothers received this honor in the fall of 1986

and again in the spring of 1987.

Accept the challenge . . . Sigma Nu in '87.

## Pi Sigma Chi

The brothers of Pi Sigma Chi are happy to be back on campus and look forward to an exciting semester. Renovations on the house are almost completed and plans are underway for further additions to the 150 year old structure. Details on this semester's social calendar will appear in later issues of the newspaper.

## Alpha Xi Delta

Anticipating a busy and exciting semester, the Alpha Xis are cur-

rently working very hard on making this the best year ever! With the excellent new pledge class of twenty-seven girls, Alpha Xi Delta has plans for their up-and-coming Soc Hop party, Secret Set-Up party, and annual Christmas formal. Homecoming is not far away and the Fuzzies are expecting a fun-filled week at JSU! Also, a big congratulations and best wishes go out to each sorority for such a terrific rush! Many thanks to Panhellenic Counsel and especially Alpha Xi sister and Panhellenic president, Julie Durbin, for the outstanding job thus far this semester.

## National poetry contest offers prizes, publication

(CPS) - International Publications is sponsoring a National College Poetry Contest, which is open to all college and university students desiring to have their poetry anthologized.

Cash prizes will go to the top five poems: \$100 for first, \$50 for second, \$25 for third, \$15 for fourth, and \$10 for fifth.

All accepted manuscripts will be printed free of charge in the copyrighted anthology, *American Collegiate Poets*.

The deadline for entry is October 31, 1987.

Rules for entry are as follows:

1. Any student is eligible to submit his or her verse.
2. All entries must be original and unpublished.
3. All entries must be typed, double-spaced, on one side of the page only. Each poem must be on a separate sheet and must bear, in the upper left-hand corner, the name and address of the entrant as well as the college attended.
4. There are no restrictions on form or theme. Length of poems can be up to fourteen lines. Each poem must have a separate title (avoid

"Untitled"). Small black and white illustrations are welcome.

5. The judges' decision is final. No information will be given by phone.

6. Entrants should keep a copy of all entries as they cannot be returned. Prize winners and all authors awarded free publication will be notified ten days after deadline. I.P. will retain first publication rights for accepted poems. Foreign language poems are welcome.

## SGA announces voting hours for Miss Homecoming

The Student Government Association announced that voting for Miss Homecoming takes place on September 29, 1987. The voting booth, located on the fourth floor of Theron Montgomery Building, operates from 9 a.m. to 4 p.m.

SGA officers recommend that everyone bring their validated identification cards to the booth.

Judges at the Homecoming Pageant narrow the field of contestants to the Top Ten, and those are voted on by the student body. Small turnouts at the polls in recent elections, however, have left it up to a small

percentage of those eligible to vote to select Miss Homecoming.

"We would like to encourage everyone to come out and vote. Show your support for your favorite candidate, and bring someone with you to vote," said Mary Hannah, Homecoming chairperson.

A runoff election, if needed, will take place on October 1. Polling sites and hours remain the same each day.

# JSU downs Newberry

By JEFFERY ROBINSON  
Chanticleer Senior Editor

Jacksonville State has long been a football team known for its high-powered offense. Some of JSU's games have been such high scoring affairs that it appeared whoever had the ball last on offense had the best chance to win the game.

However, in the Gamecock's season opening win over Newberry College, it was the defense that the show in the impressive 27-3 victory over the Indians. The "Red Bandit" defense put on a clinic that showed exactly how defense should be played.

This was the defense's best showing since the 1983 season when JSU shutout West Georgia 38-0. Newberry was held to minus 2 yards rushing for the entire game as the defense completely shut down the Indian's running game. The Newberry passing game accounted for all of their 197 yards total offense. JSU's defense also had two blocked punts, three interceptions, and two fumble recoveries, all of which helped put the Jax State offense in good field position.

JSU head football coach Bill Burgess said, "It was, without a doubt, our finest defensive effort since we came here. Our defense made all of the big plays, and gave our offense every opportunity in the world. We still believe you can win football games 10-0, and the best way to do that is to have a solid defense and a great kicking game."

Jax State's offense turned out only 180 total yards for the game, but some of that low total can be

accounted for by the fact that the defense set the offense up with great field position in Newberry territory several times during the game. The rain and slippery grass on the field also seemed to hamper both team's offenses. Although this was not one of the offense's most impressive performances, Burgess feels that they will be able to move the ball down the field and score points.

Burgess commented, "How many times in the past two seasons has our offense not carried us? We've had to outscore people around here to win, but hopefully that won't be the case this year. Our offense wasn't clicking on all cylinders, but they'll get better."

The special teams and defensive play helped account for all of Jacksonville State's 27 points.

JSU opened the scoring in the first quarter when Theo Watkins blocked a David Huskey punt and the offense took over at the Newberry 19 yardline. After six plays, the offense could not punch the ball in the end zone. Ashley Kay then booted a 23-yard field goal with 4:11 left in the first quarter to give JSU a 3-0 lead.

Newberry's next offensive possession was no better than the first one. Quarterback Patrick Bellamy fumbled the ball on the Newberry 38, giving JSU great field position again. Jax State began a drive which was aided by a pass interference call and cashed it in for a touchdown. Terry Thomas carried the ball in from 7 yards out with 14:03 left in the second quarter. Kay's successful PAT gave the

gamecocks a 10-0 lead.

After both teams exchanged punts, Jax State's defense once again rose to the occasion. JSU linebacker Rod Williams intercepted Bellamy on the Newberry 36. The offense failed, however, to put points on the board as Kay missed a 35-yard field goal attempt.

The score remained 10-0 until late in the second quarter when JSU's Jeff Smith blocked a punt that was recovered by Orlando Adams at the Newberry 16. It took only three plays for the offense to score. Gregg Dragg, a 5-5, 200 pound freshman fullback, carried the ball in from the 6. Ashley Kay's point after gave the Gamecocks a 17-0 halftime lead.

Newberry's only points came early in the third quarter. On the first play from scrimmage in the third quarter, Newberry's Ron Carlow recovered a fumble on the JSU 32. This led to a 48-yard field goal by Mike Hiller to make the score 17-3. This was the only time that Newberry's offense got into JSU territory. At no other point in the game were they able to get the ball past the JSU 50 yard line.

The defense totally shut down Newberry in the fourth quarter as it continued to assist the offense. Early in the fourth quarter, Darrell Malone intercepted a Bellamy pass and returned it 35 yards to the Newberry 9. Halfback Ralph Johnson scored on a six yard run with 10:36 left to add to Jax State's lead. Kay again connected on the PAT to make the score 24-3.

Jacksonville State's last score came when Ronnie Crutcher in-

White leads JSU into action against NC

tercepted yet another Patrick Bellamy pass and put the JSU offense in business on the 15. With victory assured, Steve Patrick replaced Pat White as quarterback. The offense, however, could not find the endzone. With 3:57 left in the game, Ashley Kay booted his second field goal, a 26-yarder, to give Jacksonville State its final margin of victory, 27-3.

The season opening win over

Newberry was certainly exciting for the Gamecocks, but they have a major test coming up with their second opponent, Alabama A&M.

When commenting on Alabama A&M's team, Coach Burgess said, "It's your typical Alabama A&M team. They have great speed and a lot of quality athletes. They get five receivers out on the pass pattern better than any team we'll play. We'll find out in a hurry just how much progress we've made."

## Burgess talks about 1987 Gamecock football team

By JEFFREY ROBINSON  
Chanticleer Senior Editor

Jacksonville State University head football coach Bill Burgess, now in his third year at JSU, has an optimistic outlook for his 1987 Gamecocks. The reason for his excitement is easy to see. This year's team has more experience in its returning player - players who, according to Burgess, have great attitudes - and they have also been picked to finish second in the Gulf South Conference.

According to Burgess, the team

has really progressed well during summer practice.

"We've worked awfully hard. We ask our players to come in (for summer practice) in condition and ready to work. And as a team they did that. They came in on August 15 and had a test day. Since we've been here, it was the best team conditioning that has come in. We had more strength than we've had since we've been here, and really the agility and the running tests were better than they've been since we've been here. So, our players did exactly what we

asked them to do," Burgess said.

According to the coach, most of the team returned for practice in such good condition that the coaching staff was able to immediately begin placing more emphasis on teaching the players what they need to know and did not have to worry so much about getting them into condition.

"Practice has been good. Our players have tried to do everything we asked them to do. We feel really good about it, he said.

At one point during the summer, it looked as if injuries might be a big problem for the team. However, these are not quite as serious as they were once thought to be. Burgess did point out two players who will probably be lost for the entire season due to injuries. Tommy Hudson, a redshirt freshman defensive end, and Jimmy Hall, a redshirt freshman linebacker, both have hurt knees. But, according to Burgess, these injuries could be much worse.

"You know you're not going to have them more than likely for the whole year. But, then again, the injury that they had turned out that it wasn't as bad as we thought it was going to be. By that, I mean they don't have to have reconstructural knee surgery which is great because it so hard to come back from that (surgery)," said Burgess.

Burgess also mentioned some oth-

er players who have had injuries that will only prevent them from playing in a few games. Jeff Hill, who broke a hand, and John Tucker, who missed all of last season due to a car accident, both may have to miss the first two games of the season.

The running backs, who were all knicked up at one time, now appear to be ready to play.

"Terry Thomas missed a lot of work because he had a bruised knee, and yet he's back now and seemingly his conditioning has picked backed up. We've got our true freshman in halfback Shawn Johnson that we've been trying to get a look at. He breaks a finger, then bruises a shoulder. So, he missed a lot of work, but he's still out there getting those repetitions and trying to work," Burgess said. "I guess, by and large, for as hard as we've worked and as much contact drills as we've run, we come out about as good as you could have hoped."

One thing that should help the team this year is the fact that there are more players returning who have experience. Last year's team was sometimes called the "Diaper Express." Burgess feels that the team will be able to shake that identity this year.

"We're still young. You know, a vet for us is a redshirt sophomore. Which is fine. They're young, but then again they've been in a game.

Those redshirt freshmen haven't been in a game, but they are a year older than they were. I think it's important to give those young guys a chance to get their feet on the ground."

"For the first time since we've been here, when we're talking about veterans, we're talking about more people than we are when we're talking about signees. At one point here-the first couple of years-our signees outnumbered our vets. We've got more experience back right now for this club than we've had since we've been here," Burgess said.

Each of the teams separate units (offense, defense, and special teams) have definite strengths and more experience returning. Burgess says that the offense will be more run-oriented this year.

"We will throw the football because you have to be able to do that in our league or at any college level. But, we will hopefully not throw as much as we did last year. One reason is we don't have David (Cofey). But, in Pat (White) and Steve (Patrick), we have two guys who can run the triple option. I see us more as a true triple option offense with some passing, but more of a controlled passing game than with David.

At the tight end position, the Gamecocks lost a great player in

JSU head football coach Bill Burgess

# JSU shines in victory over Alabama A and M

By JEFFREY ROBINSON  
Chanticleer Senior Editor

As the day began last Saturday, low, dark clouds and heavy rains made for miserable weather in which to play a football game. Fortunately, during the course of Jacksonville State's game with Alabama A and M the rain stopped, the clouds broke, and the sun began to shine through. The sun wasn't the only thing that began to shine. Jax State's wishbone offense, which did not play to its full potential in the season opener against Newberry College, showed that it can indeed move the ball down the field-and move it well. Good offensive execution, along with another good performance by the solid Gamecock defense, led to a 26-13 win over the Bulldogs of Alabama A and M University.

Despite the incimate weather, a good crowd of 9,000 turned out at Paul Snow Memorial Stadium to back the Gamecocks.

The offensive line did an excellent job of moving Alabama A and M's defensive front off the line of scrimmage, allowing JSU's running backs to pick up long gains of yardage. According to Coach Bill Burgess, the offense executed very well, especially during the first half.

The Gamecocks managed to jump out to an early lead on A and M and hold off a scrappy Bulldog team. It

was like two ball games," said Burgess.

Burgess pointed out that the team's intensity was not quite as good in the second half.

"In the first half, we played really hard. But there were points in the third quarter where we could have let the game slip away. I thought A and M played well. We had a chance to take them out of the ballgame, and they just wouldn't quit. We couldn't take them out. I thought our players played hard not to let that thing get away in the second half."

It did not take the Gamecocks long to get on the board Saturday. On Alabama A and M's very first play from scrimmage, JSU linebacker Rodney Kinnie intercepted quarterback Terrance Brown's pass, giving Jax State great field position at the A and M 24. Only six plays later, Solomon Rivers carried the ball in from six yards out. Ashley Kay kicked the extra point, giving JSU a 7-0 lead only two minutes into the game.

The "Red Bandits" totally shut down Alabama A and M on its next two possessions, throwing A and M's quarterback for losses on both drives. The Gamecocks got the ball on offense with 7:34 left in the first quarter and quickly took it down the field for a score. On first down from the Jax State 47, quarterback Pat White handed off to halfback Gary

## SGA to sponsor bus rides

By JEFFREY ROBINSON  
Chanticleer Senior Editor

The SGA will be sponsoring a bus service to the West Georgia game, which will be played in Carrollton, Georgia, on Saturday night, September 26, 1987. Students who are interested in riding the bus to the game can sign up for the service at the SGA office on the fourth floor of Theron Montgomery Building. Tickets will be \$2.00. The game begins at 6:00 P.M. CST, so the buses will leave from the parking lot in front of Theron Montgomery Building at APPROXIMATELY 3:00 pm.

According to SGA Vice-President Greg Harley, the idea for the bus service was proposed by Mary Han-

nah, a former SGA Vice-President.

"One reason we decided to begin the bus service with West Georgia is that in my three years here, I've had the pleasure of watching JSU demolish West Georgia annually. I thought we could offer that service to some other people so that they could enjoy the fun, too," Harley said.

Harley also added that if the bus service is a success, it will be offered for the game with North Alabama in Florence on Oct. 24, and the game at Troy State in Troy on Nov. 14. The SGA and The Chanticleer want to encourage all students to take advantage of the service and go support our Gamecocks.

## Support our teams

Once again, fall semester and the beginning of a new academic year are upon us. Along with the coming of cooler temperatures and the return to the daily study grind, a new athletic year is set to begin at Jacksonville State University. This year looks to be very exciting for JSU's students and athletes.

The Jacksonville State football team kicked off its season on September 5 with an exciting victory over Newberry College. This

Jeffrey Robinson

Sports Editor

year's squad has been picked to finish at the top of the Gulf South Conference and contend for the GSC title. With plenty of starters returning and more experience as a group, Coach Bill Burgess' squad should be very exciting to watch.

The athletic teams whose seasons begin later in the year also look very promising. After a season of rebuilding last year, Coach Bill Jones' basketball team should be much stronger. With the loss of only one senior to graduation and the return of several talented players, the Runnin' Gamecocks should begin returning to their place of national prominence in Division II basketball.

The women's basketball team has several new additions which should make them more competitive this year. These additions include new coach Richard Mathis and Jana and Dana Bright, who led Spring Garden to a State Championship last spring.

The women's softball team, forming this year as a replacement for the gymnastics teams, should be very interesting. And Coach Rudy Abbot's baseball team, which consistently performs well, should also have another successful year.

Overall, 1987-88 should be a strong year for JSU athletics. Something very disturbing, however, is the lack of support students give to JSU's athletic teams. It is amazing that students can have such apathy for programs that have been very successful over the past few years. Our football team, a Division II powerhouse in the late '70's and early '80's, is getting stronger again every year. Our men's basketball team just two years ago brought home the Division II National Championship, and several of the other programs at JSU have been very successful. Yet, many Jax State students never seem to notice. Even though Jacksonville State is a Division II school that is located in the back door of the University of Alabama, a college football legend, and Auburn, a rising success, our sports teams deserve a great deal of support and credit for their accomplishments.

I would like to encourage all students to come out to games and get behind our teams. I am sure it helps our players and coaches tremendously to know that someone is pulling for them. Since admission to sports events is free—that's right, ABSOLUTELY FREE, all you need is your validated ID—this should encourage students to go to more events. Remember, few things in this life are free. I also want to mention the Spirit Competition that will be sponsored again this year by the SGA at all home football games. Cash awards will be given to the first, second, and third place clubs or organizations showing the most spirit and support for the Gamecocks. This should definitely be an incentive for all organizations on campus to show spirit. I hope that all clubs, organizations, fraternities, and sororities will turn out at the games and support our Gamecocks.

JSU's 'Red Bandits' dominated opener

## Intramural program begins

By ROY WILLIAMS

Chanticleer Staff Writer

Registration for the Fall 1987 Intramural Sports Program is already underway, with six individual and team sports to take place this fall.

Students enrolled at JSU, faculty members, full or part-time University employees, are eligible to participate in intramurals, said Mark Jones, director of intramural sports and recreation. However, a student who is currently on a varsity athletic roster or attempting to make a team roster is ineligible for that particular sport.

The Intramural Sports Program plays a vital role on campus, Jones said. It is designed to encourage free time recreation for JSU students, faculty and staff, increase interest in lifetime sports and challenge and stimulate the growth of the individual.

Team sports are divided into both independent and Greek conferences. The independent conference consists of a residence hall division and an independent division. The team sports open for play this semester are golf, football, Co-rec softball (teams are comprised of both men and women), volleyball, soccer and 3 man basketball. The fraternity schedule of sports events will in-

clude golf, football, badminton, volleyball and basketball.

A slate of nine different individual and dual sports will be offered this fall. They include: golf; tennis, singles; tennis, mixed doubles; badminton, singles; badminton, mixed doubles; racquetball, singles; racquetball, mixed doubles; table ten-

nis, doubles; and billiards.

Anyone interested in intramural sports can sign up in either the Intramural Office in Pete Mathews Coliseum or the Round House. Information on registration deadlines can be found elsewhere in The Chanticleer sports section. For further information, call the Intramural Office at ext. 5351.

## Ohio to punish agents

(CPS)—Retaliating for the loss of All-American receiver Chris Carter to his beloved Ohio State University football team, state legislator John P. Stozich has introduced a bill that would punish sports agents for getting college athletes in trouble.

"The player is punished, the coach is punished, the school is punished but the agent responsible is not," said Stozich.

Carter—as well as players from three other schools—allegedly took money from sports agents Norby Walters and Lloyd Bloom, apparently for letting the agents represent them when the players eventually leave college and turn professional.

When allegations that Walters and Bloom paid them—a move that violates National Collegiate Athletic Association (NCAA) rules for maintaining students, amateur status—arose, the schools suspended the athletes from further collegiate competition.

Many football coaches subsequently have banned all or most agents from their practice fields.

In Ohio, Stozich introduced what would be the nation's toughest law restricting the agents' activities and setting stringent penalties for "ruthless" and "disreputable" recruiters.

If enacted, the Stozich bill will require professional sports agents to be licensed by the state. The agent, for example, can lose the license for:

- Inducing an athlete to agree to a contract with a sports agent or professional team before the athlete's college eligibility ends.

- Offering anything of value to a campus employee for referring a student athlete to the agent.

The agent could also forfeit a \$25,000 security bond posted when the agent applies for licensing, pay a fine of up to \$10,000 and compensate each injured person.

California, Texas, and Michigan have or are considering bills to

regulate sports agent practices or licensing. The Ohio bill is more comprehensive, Stozich said.

Stozich added the NCAA's reac-

tion to his bill was "very positive".

As for Carter himself, Ohio State last week refused to review his case, thus dashing his hopes to play football for OSU this fall.

# EASIER THAN HAVING MOM SEND IT.

We've seen the signs. At football, basketball and baseball games. "Mom, send money!"

Now there's an easier way than begging. It's called the ALERT Network, and it involves over 400 automatic teller machines across Alabama. You'll probably find at least 3 or 4 ALERT ATM's on or near your campus.

Your folks can make a deposit in your hometown, and then if you need some extra cash for books, movies, food, whatever, you

can go to an ATM displaying the ALERT Network logo and withdraw it. At practically any bank, savings & loan or credit union in Alabama. Or at any ATM in Florida displaying the HONOR<sup>®</sup> System logo.

So the next time you need money, don't ask Mom to send it, ask her to send you an ALERT card. And spare her the embarrassment of having her child beg on national television.

*Think quick. Think ALERT*

Walters, who then threw a 23-yard pass to wide receiver Ronnie Oliver. After picking up two more first downs, White carried the ball in from the six yardline. Kay's PAT increased the lead to 14-0.

The Gamecocks next score came late in the half. Tracy Allen intercepted a Brown pass to give JSU possession. Jax State then marched the ball down the field on a 64-yard drive, their longest of the day. Terry Thomas carried the ball in from the 1 yardline for the score. Kay's kick failed, and the Gamecocks carried a 20-0 lead into the locker room at halftime.

When it appeared that Alabama A and M was going to gain momentum in the third quarter, Jax State's defense rose to the occasion to stop them. Alabama A and M had an impressive looking 91-yard drive early in the third. A and M quarterback Leonard Johnson scored on a 39-yard touchdown run with 10:43 left in the period. The PAT was good, making the score 20-7 in favor of JSU.

Jax State quickly came back to stop the uprising. After Kay missed a 36-yard field goal, A and M took over at their own 20. On first down, JSU's Darrell Malone intercepted a pass at the 26 and returned it to the 5

yardline. Thomas again carried the ball in from the 1 yardline for the score. A two-point conversion attempt failed, leaving the score 26-7, JSU.

Alabama A and M got the ball back and proceeded to march 82 yard for another score. The touchdown came with 13:54 left in the fourth quarter when Mark carried the ball in from the 4. Johnson's PAT was no good. The Bulldogs could get no closer, however, making the final margin of victory 26-13 in favor of JSU.

The Gamecocks will enjoy an off date this week, but will begin their Gulf South Conference schedule on September 26 against arch-rival West Georgia. Coach Burgess feels that his team must omit mistakes as the move into the conference schedule.

"We've got to maintain intensity for four quarters. We cannot fumble the ball and get penalties. The thing we did best today was win the game. We're awfully proud of our players," said Burgess
