Earth Day set this month

By SHELIA BISHOP and TERESA FORD

Twenty years ago, 10,000 schools, 2,000 colleges and universities and many communities across America participated in Earth Day. The U.S. Congress even adjourned so members could attend teach-ins in their home districts. More than 20 million people were estimated to have participated in environmental demonstrations that day.

This year marks the 20th anniversary of Earth Day, and this year’s celebration is launching a global Decade of the Environment. This time around more than 100 million people on every continent are expected to participate in a world wide observance of man’s impact on the environment. Locally, Jacksonville will be celebrating Earth Day 2-5 p.m., April 16 on the Quad.

Skating a success

By MELANA MALLORY
Staff Reporter

What do you get when you combine 61 Special Olympics athletes from seven different schools, students from JSU and the Sunshine Skate Center in Oxford? On Feb. 1, 38 JSU students and members of the JSU Special Olympics staff under the direction of Glenn Roswal packed their lunches and traveled to Oxford to find out.

Shortly after 8:30 a.m., Special Olympics athletes began arriving. They came from schools in the area such as Anniston High School, Helen Keller School of Talladega, Wellborn High School, Sparks Center of Birmingham, Alexandria High School, Alexandria Elementary School and Anniston Middle School.

The athletes raced two or three at a time in many different heats. Competitions were held in 100-meter, 300-meter, 500-meter scooter and carpet races. After lunch, ribbons were awarded, and no athlete left empty-handed. Everyone was rewarded in some way or another for his or her efforts for the day.

So what do you get when you combine all of the above? A roller-skate full of fun and friends to last a lifetime.

Any JSU student interested in working with Special Olympics should contact Roswal in the Department of HPER (782-5518).

Bad English

(Continued From Page 1)

kept trying the shot, and Cain kept saying "bad English," hence the name.

As for the future of Bad English Phillips replied,

"It's really a band that we've wanted to put together. It wasn't premeditated, in other words, we weren't working on this for three of four years before hand. When it did come together it was a good natural thing for us."

The band closed their show with a song that seemed to have a message for the audience: Forget Me Not.

"As long as people think it's good and keep buying the records we'll stay Bad English and we'll keep putting out records."

Cadet Fred Hollis Distinguished Grad

By BETH BENNETT
Staff Reporter

Cadets went all different ways this past summer, some to summer camp, some to Alaska, some to Airborne School, some home. Cadet Fred Hollis went to Fort Campbell, Ky., in June.

"I learned air assault operations, such as a sling load, air insertion and air retrieval," says Hollis.

Hollis attended the school strictly on a voluntary basis. All other cadets in the ROTC Detachment competed for the one slot to go to the school. Hollis was required to pass a PT test, height and weight requirements.

Air Assault School was split into four parts. The first day, "zero day," was physical training. Hollis had to complete and pass an obstacle course test. He then had to run two miles in combat boots in less than 16 minutes.

The second and third stages were hands-on. Days two through four Hollis spent his time familiarizing himself with helicopters and STATS. The third stage was sling load operations. Hollis learned how to check and rig loads and how to ground guide a helicopter.

The final stage was the actual rappelling and operatives phase. Hollis learned how to rappel down a wall and off a skid (no wall present, only a bar to jump from). Hollis also learned how to rappel Australian style (face first) on a wall and skid. During the last few days of the school Hollis had two final activities: rappelling out of a helicopter at 120 feet and a 12-mile combat march in three hours.

Hollis found rappelling and the helicopter phase his favorite. The sling load operations were his least favorite. Hollis claims this phase "was really a brain buster."

Cadet Hollis was awarded Distinguished Graduate from Air Assault School. He won this award in competition with regular Army soldiers.

"Ever since I was a child I have had a fascination with flight and helicopters," he said, explaining why he wanted to attend Air Assault School. "This was like a privilege, and it was a great learning experience."
**Announcements**

- **Student Accounting Association** will be doing free tax returns 10:30 a.m.-1:30 p.m. Tuesdays and Thursdays until April 12 in Merrill Hall. SAA will set up a table in the lobby of Merrill Hall. Taxes must be turned in no later than April 16. For further information contact Dwight Trot.

- **Career Planning Workshop**, 3-4 p.m. today Room 107, Bibb Graves Hall.

- The Society for the Advancement of Management is sponsoring a Charter Member Reunion and Alumni Panel Discussion: "Management After College." The event will begin at 3:30 p.m. today with a reception in the lobby of Merrill Building sponsored by the College of Commerce and Business Administration. The Panel Discussion will be at 4 p.m. in 250 Merrill Building. At 5 p.m. the group will adjourn to Mata's for social hour. All interested students, alumni and faculty are invited to attend.

- The **English Competency Examination** will be given at the following time: Summer I (graduating seniors only) 3-4:30 p.m. July 5. There will be no Competency Examination given during Summer II.

- The Society for Human Resource Management wants to help you in your business studies and career. Interested business majors should contact any member or George Davis-club sponsor.

- The **JSU Wellness Center** will sponsor its first annual health fair 9 a.m.-6 p.m. April 6-7 at the Mathews Coliseum. Services to be provided include: glucose testing, complete blood count, scoliosis screening, physician consultation, oximetry, medical literature, blood pressure screening, spirometry, eye exams and screening, and more. Most of the medical tests are free of cost; however, some of the more sophisticated procedures will require a minimal charge due to the cost involved in performing such tests.  
  
  For more information call the JSU Wellness Center at 782-5114 or call 435-2180.

- **Location of ROTC Springs Awards Day** will change from Bibb Graves Lawn to Rowe Hall 3 p.m. today. Outstanding Cadets will be recognized and awarded for their achievements in Military Science.

- **The JSU Show Choir** will present a free concert April 6 at 6:30 p.m. Tryouts for the 1990-91 Show Choir will be at 10 a.m. April 7 in room 109 of Mason Hall. Anyone interested in trying out should bring a prepared piece to sing and should be prepared to learn and perform a choreographed piece. For more information contact Darnelle Scarbrough at 5045.

- **The American Red Cross and Jacksonville High School SADD club** are sponsoring a blood drive 3-7 p.m. Monday at the Jacksonville High School lunchroom. Please take a few minutes to stop by and donate to give someone a chance to have another smile, another hug, another day.

- **Phi Beta Lambda Business Fraternity** is hosting a Laugh Olympics on April 11. Everyone is welcome to compete. To enter, call Byron Studdard at 435-9243.

- Talladega Super Speedway and Winston 500 is accepting applications for hosts/hostesses and runners for May 5-6. They will help the Winston 500 entertain and administer to exclusive clientele. Positions pay $4.50 an hour. For more information call Pearl Williams at 782-5289 or Steve Pent at 782-7785. Orientation will be at 7 p.m. April 11 and 18 in the Houston Cole Library.

Registration woes continue

By TERRI CHEATWOOD
Staff Writer

It is time of year again, the time when Pandemonium breaks out all over the campus: registration. If you have been at JSU for any length of time you know what feeling: the waiting, the stress, and the disappointment when the class you want is closed. All colleges have their problems, but nowhere is registration more difficult than in the College of Education.

Last semester, seeing people in tears and sleeping bags in front of Ramona Wood was nothing unusual. According to some education majors, there will be even more people this semester. Cindy Smith says that last semester she tried to register seven times for a few different courses. "By the time I got to the computer, all classes were closed and I had to start all over again."

Sue Duggan, another education major, said she dreaded registration.

If he goes along with the fort closing, he loses public support. By closing forts, Bush puts up a facade of fort closing and budget cuts, our government continues its sick fetish with perfecting "bigger and better" weapons.

As an example of the height of nuclear weapons strategy, we have a new warhead on the market. It is known as the Trident II and is the equivalent of 300 Hiroshima. The U.S. now has 3,000 Trident II missiles. This number is in violation of the Strategic Arms Reduction Talks. Thirteen billion dollars has already gone into the missile, and it is not my fault the administration has bounced a check? You can't punish me for Joe's mistake. Mrs. Smith."

Every student did agree they do not blame the College of Education. "The people in the college are just as frustrated as we are. They doubt so will others, there probably must be a balance, while we can't afford to do the same thing."

P. Scott Jones
**Show Choir featured in concert**

By RUTH HUGHES

Campus Life Editor

The JSU Show Choir will present a free spring concert at 6:30 p.m. Friday in the Stone Center Auditorium.

Show Choir Director Darrell Scarbrough said the group offers a different kind of entertainment.

"Show Choir is a very special type of performance," Scarbrough said. "There is a lot of variety. The idea is to have visual entertainment as well as musical.

"The show presented a choreographed show with a variety of music. Scarbrough said the style can be anything from "early 20s to jazz or current forms. Even pop songs and pop style."

JSU's Show Choir is finishing its second season. The group travels to high schools and junior colleges as a kind of recruiting tool. Scarbrough hopes to take the choir to Florida during the May term.

"The music department does get a lot of students from that area. They have strong music programs in schools in Florida, and we try to get them to come here," said Scarbrough.

Around the country, show choirs are beginning to grab a lot of interest. Scarbrough said show choirs were incorporated into the educational world to maintain interest in the performing arts.

"If you have to compete with television, people go to concerts expecting to see a visual show. This is a very big movement in the educational field."

"Some people are very anti-show choir though. They say it is not musical because they have not seen enough good examples. Some show choirs have lots of glitter and movement but the kids can't sing. We determined that we would have vocally stronger people. It gives more versatility, and obviously the performance will be better," said Scarbrough.

Not all members of the Show Choir are music majors. The group is strictly for JSU students and any member has to win a spot.

Scarbrough will hold tryouts for the 1990-91 Show Choir at 10 a.m. Saturday in 109 Masor Hall. Anyone interested in trying out needs to bring a prepared piece to sing and should be prepared to dance and perform a piece of choreography.

Scarbrough and the graduating seniors choose the new members.

"I like to have another series of ears, so I don't rely solely on myself," Scarbrough said.

At the tryouts, students will be put together in groups to check vocal combinations, balance and blend.

"We want to see how things fit and who goes with what," said Scarbrough.

---

**Home-made’ music group has look, but lacks talent**

By SHARON L. MILL

Photography Editor

Commentary

History often repeats itself. Such is the case in the music world today.

In the late 1960s a scandal brewed over the manufacturing of a music group called The Monkees for a television series. Auditions were held and four members were hired.

The scandal started when the public found out the actors were not really playing their instruments in the show. There was some speculation they were not doing the singing.

However, as time went on the actors learned to play musical instruments and became fairly successful. The process of developing an image or sound and then hiring people who fit the mold and calling them a band was never really accepted.

Even today most people don't consider the Monkees a legitimate band. Yet, manufactured bands seem to be making a comeback now and are the hottest craze in the music world.

In a recent interview with People Magazine, Rob Pilatus and Fabrice Morvan revealed the origin of their band, Milli Vanilli. Rob Pilatus and Fabrice Morvan were working as models in Munich at the time. The two also had a passion for dance.

What Fans didn't know was that they were fact creating another Frankenstein. Milli Vanilli has released an album that sold six million copies in the U.S. and has won three American Music Awards. The group won a Grammy for Best New Artist. They also received the award for Worst Album and Worst Band of 1989 from Rolling Stone.

"Of course we are not the best musicians in the world," Pilatus said. "But we are extremely talented. Our producer may know everything about music, but he doesn't know anything about fashion. If you're going to be a star, you have to have special hair. Elvis had his look; Marilyn Monroe, the blonde hair; James Dean, the look; the Beatles had hair. For me, I had to fix my hair, and then I could really be a superstar."

It is unclear as to how much Pilatus and Morvan really do know about music. Apparently dynamic duet feels its audience is gullible enough to buy a look regardless of how it sounds.

Milli Vanilli isn't the only act being passed off as a band these days. Seduction, the "hottest female dance band," seems to be the bride of Frankenstein. Although there is no word yet as to the true musical attributes of this act, they too were manufactured.

Producer/writers David Cole and Robert Clivilles hired April Harris, a black woman, Michelle Visage, a white woman, and Idalis Leon, a Mexican woman.

The vocal qualities of Harris, Visage and Leon create a pleasing sound, but one can't help but connect images of Expose when listening to Seduction. The comparison doesn't stop with the group's sound. Even the look of the two groups is similar.
Six Flags opens new ride

By Sharon L. Hill
Photography Editor

ATLANTA -- It's that time of year again, when every student's thoughts turn to summer vacation and playing in the sun, and what better way to enjoy the summer than a trip to Six Flags over Georgia amusement park.

The park is kicking off the 1990 season with a bang. This year, the park has opened its fourth roller coaster, "The Georgia Cyclone". This coaster was designed after the legendary "Coney Island Cyclone," considered to be the greatest coaster in amusement park history.

The Cyclone boasts 11 drops starting off with a drop of 53 degrees. It stands 95 feet high, and stretches 2,970 feet long, reaching speeds of up to 50 mph.

I had the opportunity to experience the Cyclone first-hand on the day it was opened to the public. The long wait in line and the anticipation were well worth it.

At the crest of the first hill, you look straight down in front of the car, and the track almost seems to curve inward. The next drop is smaller but just as steep as the first. There are also very sharp curves. This is a ride that will make you up and get your blood pumping.

A trip to Six Flags would not be complete without checking out all of the roller coasters. The park has enough to keep even the die-hard coaster fans satisfied. Besides the Georgia Cyclone, the park also has Z Force, the Mind Bender and The Great American Scream Machine.

For the hotter days, the Park offers the perfect solution, "Splashwater Falls." This ride cools you off by sending you plummeting down a 50-foot waterfall. Not only does everyone in the boat get soaked, those foolhardy enough to stand on the bridge over the canal are soaked also.

Another exciting event taking place during the 1990 season is the celebration of Bugs Bunny's 50th birthday. Visitors to the Crystal Pistol will be treated to "Best of Time", a special celebration of Bugs Bunny's birthday.

Discount tickets to Six Flags can be purchased in the campus bookstore.

Riding 'Cyclone'
Six Flags patrons enjoy "Cyclone"
Sigma Nu

Sigma Nu would like to thank everyone who came to the Horseshow Saturday. It was a success. We raised $1,200 for a scholarship.

Our annual Easter Egg Hunt will be April 14 at Germania Springs. All children from the community are invited to attend.

Congratulations go out to brothers Rick Mayfield and Chuck Barnes for passing the Alabama State Troopers Exam. Good luck on job hunting!

Our Brother of the Week was Justin Brown for a T-shirt design. Little Sister of the Week was Susan Turner for her lead role in "Kiss Me Kate."

Sigma Phi Epsilon

Another exciting week passed in the life of Sigma Phi Epsilon. Dan Humbley received the Pledge of the Week award. Rob Clark was also honored as Brother of the Week for putting together our rendition of "Amvets on a Saturday Night" in the songfest. Way to go Rob.

Also a very big congratulations to the women of AOΦ who received their charters last week. We are not far behind you ladies. Our installation is set for April 14, which should prove to be the best night of our lives.

Congratulations to our new officers: Greg Ruddock, president; Matt Hart, vice president; Chuck Prevatte, secretary; Larry Williams, alumni relations; Todd Sprinkle, comptroller; Michael Brown, pledge educator; Chuck Buxton, brotherhood development; Christian Manthey, IFC; Brett Vebber, fund raiser; Anthony Whitley, house; Phil Pyle, social; Darren Peppers, sports; Ron Swistake, rush; Russell McGill, scholarship; Eric Soehren, risk management; Scott Lindsey, historian; Jonathan Goode, chaplain; Scott Martin, public relations; and Mark Proper, spirit. They will all serve our fraternity well.

Phi Beta Lambda

Phi Beta Lambda is sponsoring a Laugh Olympics 6:30 to 9 p.m. April 11 from the fourth floor of Montgomery Building. Net proceeds will benefit the Big Oak Boys Ranch.

It is also our annual Old South Week. Wednesday we marched to Sparkman to pick up our Southern belle dates. A cookout at the house followed.

Tonight we will be entertained by the band Pyrate. Friday night everyone is packing up and heading for Gulf Shores for a weekend at the beach.

Pi Kappa Phi

Pi Kappa Phi would like to congratulate our associate members for raising $300 more this week by working with the Alumni House placing calls for it. This raises its earnings to approximately $800. They are trying to raise $1,700 to purchase a front porch for the house.

Pi Kappa Phi Alpha Omicron Pi

This week is our annual Old Timmy Street. Your athletes want you to know that just because things don’t always go smoothly, we appreciate all of your time and involvement that is put into being the Pi Kappa coach. We want you to be credited for it, so here it is in black and white for the whole campus to see. We love you man! You greek god you!

Alpha Tau Omega

Beware of the Viking! Our annual Viking Blowout is this weekend.

Congratulations to our Greek Week tug-o-war team for its first-place victory.

Congratulations are also in order for Craig Hess on his engagement and for being elected the new IFC president.

Congratulations to Ken Needham for becoming lavaliered.

Special thanks goes out to Timmy Street. Your athletes want you to know that just because things don’t always go smoothly, we appreciate all of your time and involvement that is put into being the Pi Kappa coach. We want you to be credited for it, so here it is in black and white for the whole campus to see. We love you man! You greek god you!

Alpha Omicron Pi

Thanks to Panhellenic and the rest of JSU for being so helpful and welcoming while we were a colony. We are pleased to announce we are now officially a chapter.

We all had a tres bien time at the Spring Sorority Saturday. Merit is calling for Hooters and her committee for a formidable job.

Thanks to all of the participants and supporters of Greek Week. It was great!

Congratulations to our scholars who were inducted into Phi Eta Sigma last night. Keep up the good work.

A standing ovation to Tara Turner for her lead role in "Kiss Me Kate."

Zeta Tau Alpha

The Zetas would like to say thanks to all of those who participated in the songfest. We all had a great time. Congratulations to the Zetas for winning first place.

Our White Violet Formal was Saturday. It was held at the Carraway Davy house in Birmingham, and we all had a wonderful time. The Bucketeers were great. Congratulations to all of those who received the crazy awards.

Thanks to all of the teachers who attended our Teachers Tea on Monday. We hope you all enjoyed yourselves.

Congratulations goes out to Alana Haynes for being lavaliered, to Pi Kappa Phi Ken Needham. Further congratulations go out to Sherry Pearson on her recent engagement.

Nancy Hoblitzell was our Member of the Week. Pledge of the Week was Katie Blasingame.
Campus Comics

GARFIELD® by Jim Davis

IN THE BLEACHERS
by Steve Moore

"Golly, coach. Herbie was just trying to see how much air he could pump into his new basketball shoes."

"I'm not going to tell you again, Silox. You do something about that athlete's foot before it spreads any further."
Here’s your chance!

The staff of The Chanticleer is currently making plans for next year. As part of the Campus Life section, we would like to be able to offer the students and faculty the comic strips of their choice.

So, here’s your chance to give some input. On the comics pages this week are some new comic strips. We would like for you to tell us what you like and what you don’t like.

Also, if you have a favorite that you would like to see in The Chanticleer, please tell us that also.

Send any response to Comic Strips, The Chanticleer, 180 Self Hall.

A word to the wise: Double check confirmation, classes

By RUTH HUGHES
Campus Life Editor

This is the week that we've all been dreading. Registration week has rolled around again.

Time to stand in those long lines and wish there was an easier way to register. This may speed things up a bit, but doing all of the work on computer does bring a new problem into the picture.

The problem? Should we trust our personal records, class schedules and finances to the university computer system? I don't know the answer to that. I'm not trying to condemn the JSU computer system.

But, I can tell you that computers have been burned by JSU students. They have been bumped from classes. Usually their problem? Should we trust the JSU computer system.

I'm not trying to condemn the JSU computer system. I'm not trying to condemn the computer system. The problem is that the JSU computer system makes mistakes.

The problem? Should we trust the JSU computer system?

I don't know the answer to that. I'm not trying to condemn the JSU computer system. The problem is that the JSU computer system makes mistakes.

The problem? Should we trust the JSU computer system?

I don't know the answer to that. I'm not trying to condemn the JSU computer system. The problem is that the JSU computer system makes mistakes.

The problem? Should we trust the JSU computer system?

I don't know the answer to that. I'm not trying to condemn the JSU computer system. The problem is that the JSU computer system makes mistakes.

The problem? Should we trust the JSU computer system?

I don't know the answer to that. I'm not trying to condemn the JSU computer system. The problem is that the JSU computer system makes mistakes.

The problem? Should we trust the JSU computer system?

I don't know the answer to that. I'm not trying to condemn the JSU computer system. The problem is that the JSU computer system makes mistakes.

The problem? Should we trust the JSU computer system?

I don't know the answer to that. I'm not trying to condemn the JSU computer system. The problem is that the JSU computer system makes mistakes.

The problem? Should we trust the JSU computer system?

I don't know the answer to that. I'm not trying to condemn the JSU computer system. The problem is that the JSU computer system makes mistakes.

The problem? Should we trust the JSU computer system?

I don't know the answer to that. I'm not trying to condemn the JSU computer system. The problem is that the JSU computer system makes mistakes.

Gamecock baseball team moves back into first place in GSC

By RODNEY PARKS
Sports Editor

Saturday Coach Rudy Abbott and his baseball team were disappointed after a double-header loss to Troy State that dropped the Gamecocks into second place in the Gulf South Conference.

One week later JSU claimed right back into the GSC race as it swept West Georgia in a double-header, 14-6 and 4-0.

The Gamecock offense in the first game was led by Scott Sprick, who went 4-for-4 with two home runs.

Abbott was pleased with his team's offense in the first game.

"We were able to swing the bat in the first game and overcome some defensive problems," Abbott said. "Sprick had the best day of his career, anywhere. You can't swing the bat any better than that, unless you hit four home runs."

The winning pitcher for the Gamecocks in the first game was David Strain, who pitched seven innings, giving up only eight hits while striking out seven batters. With the win Strain improved his record to 7-2.

After the game Abbott felt Strain didn't pitch his best but still was able to win the game.

"Strain didn't have one of his better days," Abbott said. "But I didn't want to take him out of the game. He lost two earlier when he pitched well. I felt like he earned it to stay in the game."

The Gamecocks finished the first game with 17 hits.

Defense played a key role in the second game as the game remained scoreless until fifth inning. The Gamecocks placed all four of their runs on the board in the fifth led by Merritt Bowden's two-run home run.

Todd Altaffer pitch the complete game shutout for the Gamecocks in the nightcap. Altaffer allowed only four hits while striking out three West Georgia batters. With the win Altaffer now has a 6-2 record on the season.

"Altaffer really pitched a great game for us today," Abbott said. "He really came to throw for us today."

The two wins for JSU coupled with a loss by Troy State tied the Gamecocks for the lead in the GSC.

The Gamecocks will be back in GSC action at 1 p.m. Saturday against Valdosta State. Abbott's team will play a double-header against Valdosta State Saturday and a single game Sunday.

Coming into the weekend JSU's Charleston Coll. 3-6 1-2
Brunswick Coll. 2-5 1-4
Morehouse Coll. 6-1 2-4
Jacksonville Univ. 5-1 3-4
Ala.-Huntsville 7-1 4-4
Ala.-B'ham 1-5 4-5
Shorter 7-2 5-5
Eckerd 7-2 6-5
Coast Ga. Acad. 9-0 7-5
St. Ambrose 7-2 8-5
U. of Buffalo 9-0 9-5
Marquette 7-2 10-3
St. Francis (Chicago) 9-0 11-5
Evansville 8-1 13-5
Abilene Christian 9-6 12-6
Tenn-Martin 5-2 13-6
SIU-Edwardsville 8-1 14-6

Merrill Bowden leads the GSC in four categories

Bowden was leading the GSC in four different categories. Bowden leads the GSC in home runs with eight, and JSU's Todd Mixon is second with seven.

Bowden also leads the GSC in RBIs with 32 RBIs in only 22 games. Mixon again is second in the conference with 31 RBIs. Bowden leads the GSC in hits with 59 hits. JSU's Mark Adams is fourth with 30 hits.

Bowden also leads the GSC in doubles with 12 in 22 games for JSU. Bowden is second in the GSC in runs scored with 32. JSU's Adams stands in third place in runs scored with 29.

With a good attitude dreams can come true

It's springtime again, and that means time for baseball. Baseball, the American dream. Little leagues all across America will start play this month, and millions of America's youths will have dreams of playing college and major league baseball some day.

For JSU players that dream has already come true. On Monday the major leagues will start, and when that first pitch is thrown a dream for the chosen few will come true.

The dream for playing for a major league team is a dream that millions of little leaguers have, but only 24 players on 26 teams have that dream come true each year.

A few weeks ago I was able to interview a person who had this dream come true.

One year ago I was leaving a JSU basketball game and was introduced to Jerome Walton. Walton was her boyfriend and he was trying out for the Chicago Cubs.

After meeting Walton I wanted to follow his progress during spring training. Not only did Walton make the Cubs but on opening day Walton found his name in the leadoff spot and playing center field.

Walton had a great season, batting .293 with 5 home runs, 46 RBIs and 24 stolen bases.

The great year was topped off for Walton when he was named Rookie of the Year in the National League.

With the lockout during part of spring training, Walton spent some of the time in Anniston. Walton spoke during the AEA week to youth about following their dreams and staying away from drugs. After the speech Walton took time to give me an interview.

I asked Walton what it was like last season when he made the major league club.

"Last season was a dream come true," Walton said. "My dream came true the first day I played in a major league game."

I asked Walton how it felt when he was named Rookie of the Year.

"I always felt that if I made the major leagues I wanted to be named Rookie of the Year," Walton said. "I was lucky that I went out and played well enough to win the award, and it's something I'll remember all my life."

I asked Walton of all the ball parks he played in last season which was his most and least favorite.

"I love playing in Wrigley field," Walton said. "The fans are great and the atmosphere at the ball park makes you play better."

"The worst park was Candlestick Park," Walton said. "You never know what the ball is going to do as an outfielder."

Walton said that he was very pleased to be playing in Chicago.

"I love playing for the Cubs because you get to be seen on T.V. every day and the atmosphere for each game is great," Walton said. "If I had the choice I would play my entire career in Chicago."

I asked Walton who he felt were the best players last season.

"I felt the best hitter was Tony Gwynn. The guy's incredible. No one can strike him out, and no matter what he's going to put the ball in play," Walton said. "The best defensive player has to be Ozzie Smith because I saw him make some plays last year that no one else could."

"The best pitcher was Mike Scott. I think he had a great year and felt he should have been the Cy Young Award winner."

This year if you see some young person playing baseball remember they could one day end up in the major leagues just like Walton.

One part of my interview that I enjoyed was the fact Walton had not forgotten what it's like to be young and feel you may never reach your goal. Walton had a closing word for anyone still trying to reach that dream.

"Keep working hard and don't ever give up; keep a good attitude and never say you can't do something," Walton said. "If you keep reaching for your goals you'll get a break, but most of all just keep trusting in the good Lord."

This column meant a lot to me because I feel we all have dreams, and I hope this will help someone see that with work and determination your dreams can come true.
