Grand jury indictments handed down in fraternal haz ing incident

Maurice Winsell
Associate Editor

Several inter alia indictments were handed down by the Calhoun County Grand Jury Wednesday, Oct. 30th. The indictments came as a result of an investigation that began when Jason Horton came forward with allegations of bazing practices within the Alpha Phi Alpha fraternity.

International organization making big splash on JSU campus

Madison Rhoades
Senior Staff Writer

Even though Circle K International has only been at Jacksonville State University for three years, it is already making a big impact on the Jacksonville community and others surrounding it. Circle K International (CKI) is an international organization with members from all around the world joining together in order to serve, develop leadership abilities, and to just be a part of a fellowship. The organization collectively performs over one million community service hours on college campuses and their surrounding communities every year.

JSU Homecoming festivities showcases Gospel Choir

Madison Rhoades
Staff Writer

There is never a shortage of things to do dur ing Homecoming weekend at JSU. There is something for everyone, especially those with an interest in music or musical groups at the university.

On Saturday October 27th, JSU CEREBE and the JSU Gospel Choir held a concert in the Cullman Performance Hall. It was only one of the many events that the Music Depart ment had scheduled for the weekend. The event aimed to show case the groups and their talents to those in atten dance, especially to those who do not get to return to Jacksonville during other times of the year to hear such groups perform.

JSU CEREBE's Gospel Choir was the first to perform. The ensemble is directed by Dr. Renee Baptiste. They performed songs ranging from spirituals to old hymns. The audience was very impressed by the talent of the groups and the skill of the performers.

The JSU Gospel Choir performed with a great energy and full of emo tion. This ensemble is directed by Dr. Myrtice Collins, who even performed with the group during a song near the end of the performance. The group sang songs ranging from spirituals to old hymns. Some members of the audi ence were even moved to tears by the group’s performance of the hymn His Eye Is on the Sparrow. The group was well rehearsed and that shined through this performance.

The ensembles performed along a group of musicians who were also studying music in their major or minor area. They kept up with the high energy performance of ENCORE and the ever-changing Gospel Choir.

AROUND CAMPUS...

According to the congressmen, the only way to begin to repair that situation is by cutting spending and getting the country on a sound fiscal path. Many of these cuts would include defense spending, but Rogers says that the country needs to take a hard look at its national defense needs.

“Even the most defense hawks agree that we need a smarter defense budget,” Rogers said. “That means better use of the resources we have and more effective manpower.”

Several of the congressmen also noted that the current spending levels are not sustainable in the long run and that Congress needs to take action now to avoid a fiscal crisis in the future.

“We can’t afford to kick the can down the road any longer,” said freshman Congressman Peter Roskam (R-Il). “We need to start making tough decisions now so that we don’t face an even bigger problem in the future.”

The congressmen agreed that action needs to be taken now to avoid a财政 crisis in the future, and they urged their colleagues in Congress to work together to find solutions to the pressing issues facing the country.

“I urge my colleagues in Congress to work together to find solutions to the pressing issues facing the country,” said freshman Congressman Joe Wilson (R-S.C.). “We need to work together to find a way to get this country back on a sound fiscal path.”

The congressmen said that they would continue to work with their colleagues in Congress to find solutions to the pressing issues facing the country, and they urged the public to stay informed and get involved in the political process.

“I urge the public to stay informed and get involved in the political process,” said freshman Congressman Daniel Webster (R-N.H.). “We need the public’s help to find solutions to the pressing issues facing the country.”

The information Technology department has installed WEPA cloud based printing kiosks in each of the Residence Halls. The print kiosks were installed shortly before the beginning of the Fall semester. Currently, there is one kiosk in each of the dormitories on campus. Users can print from desktop and mobile devices such as laptops, tablets and smart phones. In order to print from a smartphone or tablet, the user must download the WEPA mobile app. This allows the user to upload their print job and have it printed at the WEPA kiosk of their choice. To print from a laptop, the user must first download the WEPA printer driver. A third printing option exists that allows the user to print directly from a USB flash drive (thumb drive).

Users have flexible payment options when using the WEPA printers. The user can set up an account while at the WEPA kiosk, or from outside of the WEPA area and use this account to print via a credit or debit card. In addition to the flexible payment options, users also have the ability to print in a variety of methods such as the traditional monochrome (black and white), duplex monochrome, color, and duplex color. For more information visit the following link: [http://www.jsu.edu/services/it/printing/index.html](http://www.jsu.edu/services/it/printing/index.html).

**A word for students from the Department of Information Technology**

**Please vote!**

With the upcoming Presidential Election, students are encouraged to vote and participate in this important civic duty. In order to participate, students must be registered to vote. If you are not registered, please visit the MSU Registrar Office to register to vote. If you are a member of the JSU community and are a resident of Mississippi, you can vote in the MSU Precinct. To find out which precinct you are assigned to, please visit the MSU Registrar Office. For more information about voting, please visit the following website: [http://www.jsu.edu/voterinfo](http://www.jsu.edu/voterinfo).

**Get Involved!**

The Student Government Association is seeking new members for the following organizations: Student Senate, Black Student Alliance, GSA, and other organizations. To join, please contact the Student Senate office at 653-2364. The Student Senate meetings are held on Mondays at 5:00 p.m. in the Student Union. For more information, please visit the Student Senate website at [http://studentsenate.jsu.edu](http://studentsenate.jsu.edu).

**A look at the JSU Spanish Club**

Kara Coleman

Editor-in-Chief

"No hablo espanol? No problem! Students can immerse themselves in the Spanish language and increase their levels of fluency with Jacksonville State University’s Spanish Club. The club meets every Mon., at 3:30 p.m. at Java Jolt on the Square. "We sit here at a table and speak in Spanish for an hour, just to practice our conversational Spanish," said club member Addison Hayles. The club, under the advisement of Spanish instructor Dr. Eduardo Pedroza, who decided to choose Spanish as her minor after a life altering experience over the summer. "I studied abroad in Costa Rica this summer, and I didn’t volunteer at an orphanage and at a soup kitchen, and I loved it," she said. "In the future, I want to adopt two Hispanic children. I want to work with Hispanics and I want to have a nonprofit for them as an creating jobs, and a nonprofit for kids." Allen Laney did not speak before coming to JSU, but now he is studying as a Spanish major. "I took German my first semester here and found out that I enjoyed learning foreign languages," he said. "Since there is no German major here, I opted for Spanish." For English major James McCrimmon, the club presents an opportunity to expand her vocabulary beyond the classroom. "I’m just learning the language because most people say that immersion is the way to go," she said. "I barely understand a word being said here, but every couple of words I do understand is a bigger advantage than just learning the conjugation chart."
Novelist receives warm welcome at JSU

Sarrah Peters

Author Susan Rebecca White spoke on the 11th floor in Houston Cole Library on Monday October 23. Over 25 students, teachers and alumni attended.

The author was invited to speak by the Friends of Houston Cole Library in 2010 but a snowstorm forced her to cancel.

The Friends of Houston Cole Library “promote an appreciation among the University constituency and the community at large of the importance of the Library as the center of academic life at Jacksonville State University.” For further information on how to become a “Friend” to the Houston Cole Library, please visit www.jsu.edu/library/friends.

The Dean of Library Services, John-Bauer Graham welcomed everyone to the program. Ms. White was then introduced by Dr. Joanne Gates.

Susan Rebecca White, a teacher at Emory University, began her discussion by saying she never thought she would be an accomplished writer.

“I felt like writers were tapped on the shoulder by God,” said Ms. White. But she overcame this by working on becoming a better writer.

She quit her job as a teacher to work on her writing. She explained that the hardest part of writing was finding a voice that came to a conclusion, Missy, a character in White’s first novel, Bound South. Then she read from her third book, which will be published in 2013. Ms. White announced that the book’s title had changed from All It Costs is Everything to A Soft Place to Land.

Ms. White said that all her books focused on the same thing, “Who is my family? What is my home?” Both of Ms. White’s published books were available for sale after the program. Ms. White stayed to personally sign the books.

The Chanticleer welcome Novelist Victoria Forrester, a junior, said, “I felt relief washing over me after the reading. Both of Ms. White’s published books were available for sale after the program. Ms. White stayed to personally sign the books.”

Jacksonville State’s men’s basketball team is set to tip off the season on November 1st at home against Tennessee State. The Gamecocks return nine players from last year. They will host preseason eastern division favorites and OVC newcomers Morehead State and Belmont as well as western division favorites, Murray State and Tennessee Tech. These games will prove to be highlights of the season as the Gamecocks are academically ineligible for post-season play this year. The Gamecocks are looking to be returning plenty of talent and experience from last year’s team.

Junior guard Brian Williams, senior forward Tavarius Gaines and sophomore guard Darion Rackley look to give the team a boost in the season. As well as junior college transfer Terence Clemmons. His experience at the junior college level of his junior college of Florida State should add extra leadership to an already strong team. Also keep a watchful eye out for incoming freshman point guard Alex Anderson from Stillmore, Ga., native carried the ball 37 times (the second-most rushes in a game in the FCS this season) and also caught a nine-yard pass for the victory.

The senior scored on a 24-yard rush early in the first quarter and then added a one-yard run at the end of the first quarter to tie the game at 14. His final rushing touchdown came with 11:33 to play in the third, a two-yard run that put the Gamecocks up for a bid at Murray State and the OVC state offside shoppers, as they scored against before JSU answered back when senior QB Washaun Ealey led the Gamecocks with 146 yards and tied his career-high with three touchdowns as Jackson’s capital.

14, but the second picked up where the first left off with a 15-yard touchdown pass to the Chanticleer November 1, 2012 8
