Spring & Summer Goods

Jacksonville, Ala., June 13, 1854.

From the States, New Orleans, June 7th.

Southern Commercial News.

The cotton market is very quiet, and the exchange at New Orleans is firm. The demand for cotton is very moderate, and the current offering of new crops is not large. The speculators in the South are not inclined to speculate to any extent, and the market is not likely to improve for some time. The prices of cotton are about the same as last week.

The sugar market is also quiet, and the prices have not changed much. The demand for sugar is not very strong, and the market is not likely to improve for some time.

The rice market is quiet, and the prices are about the same as last week. The demand for rice is not very strong, and the market is not likely to improve for some time.

The coffee market is quiet, and the prices are about the same as last week. The demand for coffee is not very strong, and the market is not likely to improve for some time.

The tobacco market is quiet, and the prices are about the same as last week. The demand for tobacco is not very strong, and the market is not likely to improve for some time.

The corn market is quiet, and the prices are about the same as last week. The demand for corn is not very strong, and the market is not likely to improve for some time.

The wheat market is quiet, and the prices are about the same as last week. The demand for wheat is not very strong, and the market is not likely to improve for some time.

The wool market is quiet, and the prices are about the same as last week. The demand for wool is not very strong, and the market is not likely to improve for some time.

The leather market is quiet, and the prices are about the same as last week. The demand for leather is not very strong, and the market is not likely to improve for some time.

From Washington

The President refused to receive the closed dispatches from the embassies, saying that the order had already been given to send them to Congress. The Secretary of State said that the President had ordered the dispatches to be sent to Congress, but that the President had not received them.

The House of Representatives has passed an act providing for the organization of the United States Navy.

From New York

The New York Times reports that the United States Navy has been authorized to build five new battleships.

From San Francisco

The San Francisco Chronicle reports that the United States Navy has been authorized to build five new battleships.

From London

The London Times reports that the United States Navy has been authorized to build five new battleships.

From Berlin

The Berlin Zeitung reports that the United States Navy has been authorized to build five new battleships.
