GARDEN SEED.

An interesting story is told of a woman in England, who, while walking in the park, came upon a small child who had wandered away from its parents. The woman took the child to the nearest police station, where it was reunited with its family. The story is a testament to the strong moral fiber of the people in England.

Midnight Dispatches

(From Associated Press Dispatches)

MONDAY, JUNE 29, 1869,

New York, June 28.—A great storm has been raging in this city, and the public are warned to take precautions.

From Washington, June 28.—The President has issued a proclamation granting a general amnesty and pardoning all persons who have been convicted of treason.

From the Pacific Coast, June 28.—A great fire has broken out in San Francisco, and the city is in a state of panic.

From the South, June 28.—A great horse race has taken place in Richmond, and a new record has been set.

From the North, June 28.—A great snowstorm has been raging in the northern states, and the public are warned to take precautions.

From the South, June 28.—A great hurricane has struck the southern coast, and the public are warned to take precautions.

From the West, June 28.—A great flood has broken out in the Mississippi Valley, and the public are warned to take precautions.

From the East, June 28.—A great earthquake has struck the eastern states, and the public are warned to take precautions.

From the South, June 28.—A great tornado has struck the southern coast, and the public are warned to take precautions.

From the West, June 28.—A great fire has broken out in California, and the city is in a state of panic.

From the South, June 28.—A great storm has struck the southern coast, and the public are warned to take precautions.

From the East, June 28.—A great hurricane has struck the eastern states, and the public are warned to take precautions.

From the West, June 28.—A great flood has broken out in the Mississippi Valley, and the public are warned to take precautions.

From the South, June 28.—A great snowstorm has been raging in the southern states, and the public are warned to take precautions.

From the East, June 28.—A great earthquake has struck the eastern states, and the public are warned to take precautions.

From the North, June 28.—A great tornado has struck the northern states, and the public are warned to take precautions.

From the West, June 28.—A great fire has broken out in Texas, and the city is in a state of panic.

From the South, June 28.—A great storm has struck the southern coast, and the public are warned to take precautions.
