A STARTLING STORY.

A family in this county has been the victim of a suspenseful and mysterious accident. The wife and children were riding in a carriage when it suddenly rolled over, and the husband was found dead on the scene. An investigation is now being conducted, and the authorities are looking into the possibility of foul play.

C. H. DOUGLAS, Investigator.

J. H. SMITH, Principal.

UNIVERSITY OF LOUISVILLE.

The Medical Department is now in session. The faculty is composed of the most distinguished physicians in the country. The university is located on a beautiful campus, and offers a complete course of study in the medical arts.

W. H. DOUGLAS, President.

A SECOND THOUGHT.

I was reading the other day, that on the average, a man lives for 70 years. I was struck by this fact, and thought it would be interesting to consider what might happen if a man could live for 100 years. I believe I could live for 100 years, and I think it would be a wonderful experience. I would like to try it sometime.
