A MAN KILLED.

A MONTH IN PRISON.

In connection with the two incidents mentioned in our last, we have the following additional information:

A month ago a man named John Smith was sentenced to prison by a jury in the County Court of Montgomery County, Ohio, for the crime of murder.

The prisoner was found guilty of the murder of a man named John Jones, who was killed in a quarrel over a woman.

The prisoner was sentenced to serve one year in prison.

He was taken to the county jail, where he was placed in solitary confinement.

Since his conviction, he has been a model prisoner, and has shown no sign of remorse.

A MAN KILLED.

During the course of an argument, a man named John Doe was killed by a man named John Smith.

The argument began over a woman named Jane Doe.

The murderer was immediately arrested, and sent to jail.

The murderer was found guilty of murder in the first degree, and sentenced to death.

He is now awaiting execution, and is expected to be hanged within the next week.

The sentence was pronounced by Judge John Jones, and was approved by the governor of the state.
