The Democratic Convention continues its plenary session. It was the largest, perhaps, that has ever been held in the South. The convention is now in session, and the excitement is greater than ever before.

The convention has decided to nominate Mr. Jefferson Davis for President of the United States. Mr. Davis is a well-known statesman and orator, and is widely respected for his ability.

The nomination was made unanimously, and the convention is now preparing to send delegates to the national convention in Philadelphia.

Our Washington Letter

Washington, D.C.

The convention has made some important decisions. The President has been asked to take steps to prevent a war with Mexico. The band is also asked to be prepared to act if necessary.

The convention has also decided to send a message to Congress asking for additional troops.

The convention will meet again on Monday morning, and will continue to consider the national situation.

LATEST NEWS.

SAVAGE AND WET.

It is said in Washington that the Administration is not in favor of the bill to prevent the “savage and wet” in the Indian reservations. It is believed that the bill will go to the Senate, where it is expected to meet with opposition from the Republican side. The bill, it is said, has the support of the Indian Commissioner, but it is not likely to be passed unless there is a change of sentiment in the Senate.

CONGRESSIONAL.

In the city, Mr. Grant has stated that the government will not be able to sell the public lands until the sectional understandings have been adjusted. It is believed that the bill will be passed by both houses, and that it will be signed by the President.

CENTRAL BANK.

The bill for the establishment of a central bank was introduced in the House of Representatives by Mr. Grant. The bill provides for the establishment of a central bank with a capital of $50,000,000, to be made up of $25,000,000 in gold and $25,000,000 in silver. The bank is to be authorized to issue notes up to the amount of its capital, and to purchase and sell gold and silver at the rates of exchange established by the government.

JUDICIAL.

The bill for the establishment of a federal court for the district of Illinois was introduced in the House of Representatives by Mr. Grant. The bill provides for the establishment of a federal court with a circuit court and a district court, to sit in the district of Illinois, and to have jurisdiction over all cases arising under the laws of the United States. The court is to be composed of a chief justice and two associate justices, to be appointed by the President, with the advice and consent of the Senate.

THE PUBLIC LANDS.

The bill for the sale of public lands was introduced in the House of Representatives by Mr. Grant. The bill provides for the sale of public lands, at the discretion of the government, for the purpose of raising money for public works. The bill is opposed by the Democratic party, who claim that it is a measure of taxation.

VIEW OF THE plantation.

A view of the plantation is shown in the accompanying cut. The plantation is well laid out, and is surrounded by a good fence. The crops are well grown, and the laborers are well fed. The plantation is under the management of Mr. Smith, who is a capable and experienced farmer.
