The Republican.

SUNDAY, MARCH 4th, 1850.

We are pleased to learn that the tobacco bill has received its second reading in the House of Representatives, and is now being debated. It is expected that it will be passed in a few days. The measure is opposed by a number of state senators, who maintain that the bill is unconstitutional. The bill provides for the taxation of tobacco in the state of New York, and the revenue to be derived from it to be used for the support of public schools.

Letter from Philadelphia.

Philadelphia, Feb. 28th, 1850.

Dear Sir,

I am happy to learn that your newspaper is doing well. I am enclosing a copy of the recent issue, which contains an article on the latest developments in the tobacco industry. It is hoped that the article will be of interest to your readers.

Yours truly,

[Signature]

The laws are enacted under protest.

We have recently been informed that a new law has been enacted in the state of New York, which provides for the taxation of tobacco in the state. The law is opposed by a number of state senators, who maintain that the measure is unconstitutional. It is expected that the law will be challenged in court.

The tobacco industry is facing a number of challenges. The recent drought has affected the yield of tobacco, and the price of tobacco has increased. The industry is also facing competition from other countries, such as China and India, which produce tobacco at a lower cost.

The demand for tobacco is increasing in the state of New York. This is due to the growing popularity of smoking as a leisure activity. The tobacco industry is also facing criticism from health activists, who maintain that smoking is harmful to health.

We hope that the new law will be successful in raising revenue for the state. The revenue from the tax will be used for the support of public schools.

Yours truly,

[Signature]

LATEST NEWS.

A U.S. I. has passed both houses of the legislature and is now on the way to the president for his signature. The bill is a joint resolution providing for the establishment of a national bank and the regulation of the currency. It is expected to be signed by the president and become law soon.

TIMELY TOPICS.

"Harriet Beecher," sister of Henry Ward Beecher, is in town. She is a great advocate of women's rights and is expected to make a speech on the subject. She is a talented orator and is sure to draw a large audience.

In the Senate, on the 27th, Mr. Smith introduced a bill to establish a national school system. The bill is expected to pass and go to the House of Representatives.

In the House, on the 27th, Mr. Barnes presented a bill to provide for the education of the deaf and dumb. The bill is expected to pass and go to the Senate.

BATTLE WITH THE OCEAN.

A vessel of the Navy is to be destroyed by a mine. The mining operation is expected to be successful and the vessel is expected to be sunk.

FARM AND FAMILIES.

Every farm has its story, and every family has its troubles. A farm in the county of X is suffering from a severe drought. The owner, Mr. Johnson, is doing everything he can to save his crops, but it looks like a lost cause.

In the end, it was a close call. The mine was successfully placed and the vessel was sunk. The mine was set off without incident and the vessel was destroyed. The crew was rescued and returned to shore without any injuries.

The story of the vessel and its destruction is a sad one, but it is a lesson to us all. It is a reminder of the dangers of the ocean and the importance of taking precautions before the finality of a situation.

The toes were to be矿业, but it was not a good idea. The toes were not ready to go mining and it was decided to wait for another day.

In the end, the toes were rescued and returned to their owners.

Secession in the House of Representatives.

[Special Correspondence, Baltimore, etc.]

The vote was taken in the House of Representatives on Wednesday last, at 10 o'clock, the roll being called by the Speaker, who then opened the session with the announcement that the House was ready to transact business.

The President of the United States, Mr. Lincoln, was not present, and the Clerk of the House read a letter from him, signed by himself and the Secretary of War, stating that he would be in the city on the 12th instant, and that he would be in the House of Representatives on the 14th instant.

Mr. D. G.猛烈, of Ohio, in a speech in the House, said that he had voted for the measure of secession, and that he would vote for it again, if necessary, in order to save the Union.

Mr. D. G.猛烈, of Ohio, in a speech in the House, said that he had voted for the measure of secession, and that he would vote for it again, if necessary, in order to save the Union.
