WASHINGTON.

NEW ORLEANS, MARCH 4.

Our Washington correspondents report that Mr. Grant has, in all probability, taken his seat in the Senate, the President having transmitted the credentials of the new member to the Senate on Tuesday last. The event was received by the members of the body with the applause of the day. Mr. Grant will be known as Resolution No. 1, and will occupy the chair of the Committee on the Judiciary.

AMERICAN BUSINESS.

The New York Times reports that the United States Customs House in New York, which was completed last year, will be opened for business on the first of April next. The building is said to be one of the most elaborate and costly public edifices in the city, and is calculated to cost over $3,000,000.

THE REPUBLICAN.

The price of pork in New York is reported to be $1.50 per hundred pounds, and the price of beef is $2.00 per hundred pounds. The demand for both is said to be very heavy, and the supply is not sufficient to meet it. The price of wheat in Chicago is reported to be $1.25 per bushel, and the price of cotton in New Orleans is $1.00 per bale.

THE REPUBLICAN.

A NEW YORK SHIP.

The new steamer "Neptune," which is to sail from New York for the West Indies, is now being built at the New York shipyards. The steamer is to be 200 feet long, and will have a capacity of 1,000 tons. The cost of the steamer is estimated at $500,000.
