Rome, Ga., May 22, 1877.

Mr. Hiram M. Farnsworth

My dear Sir:

I am pleased to receive your letter of the 18th instant, in which you state that you have sold me a gold watch and that I am to pay for it in 24 monthly installments of $5.00 each. I have been considering this matter carefully, and I am not inclined to enter into such a contract.

I have been advised by my attorney that the terms of the contract are not quite clear, and that I should be careful in signing it. He has recommended that I should not sign the contract until I have had an opportunity to consult with him and understand the terms of the contract fully.

I am, therefore, asking you to postpone the delivery of the watch until I have had an opportunity to consult with my attorney. I will be glad to sign the contract when I have had an opportunity to understand the terms fully.

I am, Sir, yours truly,

HEALTH HOME.

The time has come when we must be on our guard against the spread of disease. The temperature is rising, and we must take precautions to prevent the spread of sickness. The best way to do this is to keep our homes clean and well aired. We must also be careful not to expose ourselves to the influence of damp and cold, and to avoid all unnecessary exertion.

SCHOOL.

The state superintendent of education has just issued a circular giving the results of the last examination of the state school. The report is very satisfactory, and the schools are doing well. The principal of the state school is to be commended for his energy and zeal in promoting the interests of education.
