The Republican

SUNDAY, AUG. 21, 1875

This is a committee of the house of Representatives that has the bill in its charge.

Mrs. J. H. McCollum, who was represented the district in Congress, has been returned to the House of Representatives.

The Coharie Mountain School, held in the district, is reported to be a success.

Gen. J. E. B. Stuart, who now resides in Virginia, is said to be in active command of the army in that state. The report says he is in command of the army in that state. He has been in active service in the field, and is expected to return to the city shortly.

Don't let your eyes be opened to the peddlers of New York who are soliciting subscriptions to their papers. They are not worth the money they ask.

The Liberty is a fine new ship that has lately been launched at New York. It is said to be the finest ship of its kind ever built in this country.

The Ten Questions.

We are unable to find any of the following questions in the newspapers of the city. They are apparently a part of a child's spelling-book.

1. What is a diamond?
2. What is a ruby?
3. What is a sapphire?
4. What is a topaz?
5. What is a chrysolite?
6. What is a garnet?
7. What is a turquoise?
8. What is a malachite?
9. What is a lodestone?
10. What is a magnetite?
