Woodstock Iron Company.

Prepared for a heavy Fall and Winter trade, and offer among many inducements the following to retail and interior merchants of this entire section. A close approximation to Rome and Selma prices for in fact so close that we often just “match” them in spot cash, thus affording the poor farmer a home market

Corn, Flour, Meal, Meat, Molasses, Coffee, Sugar, Bagging, Ties

DRY GOODS, CLOTHING, HATS, BOOTS AND SHOES!

In fact any and everything that a farmer needs. We defy competition in quality and prices. When our rivals in the small villages near by don’t pay to come here don’t believe them. Don’t listen to them, but try the Anniston market once, and you will need no persuasion to try it again. We never tell you we will give you so much for your Cotton if you will agree to trade so much, and then try and make up your mind on Cotton by putting an additional profit on Goods, but we pay you the

SPOT CASH!

and then if you wish to buy anything sell it to you for the same price we would if you had sold us no Cotton.

We consume the cotton RIGHT HERE in our Cotton Mill. How can you expect merchants in the adjoining villages to compete with us in prices, where they have to ship it to Rome or Selma and pay freight and commissions? Come and see us, you will be treated well in every way at Anniston.
