WHOLE NO. 2381.

Obituary.

Professor Osgood was murdered in his office in the Capitol building.
THE REPUBLICAN

KENTUCKY, Dec. 3, 1867.

The Atlanta (Ga.) Review says there is a family of negroes at present in Georgia that is making a name for itself in the state. It is called the Campbells, and they are reputed to be the most industrious and honest family in the state. They are said to have a large stock of goods, and to be doing a flourishing business.

The Atlanta (Ga.) Review says that the negroes of the state are becoming more and more interested in the affairs of the country. They are said to be taking an active part in the political campaigns, and are contributing generously to the funds of the various parties.
