At a meeting of the women of the community at the Institute last evening, Miss Mary E. Williams, of Mobile, was unanimously elected to the presidency of the organization, which will be called the "Women's Club of Jacksonville." Miss Williams is a well-known suffragist and an able orator, and her election to the presidency is expected to give a great impetus to the work of the club.

The club was organized for the purpose of promoting the interests of women, and to give them a voice in the management of the community. Miss Williams will do much to advance the cause of woman suffrage, and she will be a valuable asset to the club.

The meeting was well attended, and many of the prominent women of the city were present. The work of the club will be carried on in various ways, and it is expected that it will be of great benefit to the community.
