UNLAWFUL NOTES

One of the latest of the numerous and open breaches of the banking laws in Alabama, is that of the 'National Bank' in Crenshaw City, where John H. Fontenot, Jr., has been conducting a private bank. The bank is said to have been opened several weeks ago, and to have received a large amount of money from the public. The bank has been operated by Mr. Fontenot, Jr., who is a native of Crenshaw City, and has been a prominent citizen for several years. He is said to have received a large amount of money from the public, and to have acted as a banker for the past few years.
