TEXAS LETTER.

ABRUPT ENDING.

Robert, Texas, Jan. 22, 1864.

Dear Sir:—Having been in Texas for some time, and having listened to the views of many of my county people, I wish to give you a statement of the situation of affairs here and the probabilities of the future.

Having been in the State several years, I have seen many changes. The people here are divided into two classes, those who support the Confederacy and those who do not. The former are the majority, but the latter are gaining ground.

I know that the people of Texas are deeply interested in the outcome of this war, and that they are willing to do their share to support the Confederate cause. However, I must say that I have had many difficulties in raising men and money for the Confederate army.

I sincerely hope that the war will end soon, and that peace will be restored to our beloved state. I believe that the people of Texas are yearning for peace, and that they are willing to make any sacrifices necessary to achieve it.

Sincerely yours,

[Signature]

A WITNESS THING.

A witness thing is a form of evidence used in legal proceedings. It is a statement or record of facts, statements, or information that is used as evidence in court. A witness thing can be in the form of a written document, a recording, or a physical object.

Texas letter: The Texas letter is a type of letter that contains information about the events and conditions in Texas, often written by people who were in Texas during the Civil War. They are used as sources of information about the war and the lives of those who lived through it.
NORTH GA.

Little Creek. - Last week a ranch was sold on the Little Creek plantation by auction to a gentleman from Augusta. The barns were burned and the fences and the house were in a state of disrepair. The property is now valued at $6,000.

SOUTHERN NOTES.

O. M. T. R. - The business has been very successful this season, but the last week has been a bad one for the company. The stock is now at its lowest point, and the future prospects are not promising.

Everybody is building or repairing fences in the neighborhood. The season is hopeful, and the farmers are busy preparing for the coming winter. The weather has been favorable, and the crops are expected to be good.

ATLANTA LETTER.

From the Georgia Capital.

Mr. J. T. Martin, of Macon, has received a letter from a friend of his who is now in St. Louis, who says that the city is in a state of excitement. The railroad companies are making great efforts to build a line to St. Louis, and there is much coal being shipped to that city.

The nail shortage is no longer a problem, and there is a great demand for coal. The price of coal has increased, and the farmers are finding it difficult to get the coal they need.

The weather has been warm, and the crops are expected to be good. The season is hopeful, and the farmers are busy preparing for the coming winter.

The little Creek is still in flood, and the farmers are busy building fences and preparing for the winter. The season is hopeful, and the crops are expected to be good.

THE BRENNIV INC.

The returns of the friends on the Western stores, gave more
than usual satisfaction. At Clifton, the water's carrying
power was advertised to be 200 barrels of 30 galons each
before daybreak, and 350 after dark. At Newport, Ky., the
friend was informed by telegraph of the extraordinary
increase in the price of the Western store, and he was ready
with his capital to capitalize the rapid demand. The fear
that the report of the large store would affect the price
in the Northern market, was soon dispelled by the fact that
the prices had remained stationary. The report of the
Western store was confirmed by the increase in the price
of the Western stock, and the friends were prepared to
profit by the opportunity.

The committee announced that it was ready to examine any
of the statements that the Hon. Members from the North
of Scotland had made in opposition. The chairman,
Mr. B. R. B. M. D. M., in reply, said he was not in a posi-
tion to offer any reply, but he admitted that the
amount of the imputations was exaggerated. He
thought that by numbers of the
committee, an amount of about $500,000 would not be
questioned, and then the meeting adjourned.

FRIDAY, MAY 19

As the weather was clear and sunny, it was decided to
hold the meeting in the open air. The project was
opened with prayer by the Rev. Mr. B. R. B. M.,
and then the brethren gave a series of
prayers in the message of Mr. B. R. B. M., who
spoke of the necessity of prayer and the importance
of the work. The meeting was then
closed with a song by the brethren.
