COUNTY AFFAIRS

War has been declared in various localities throughout the South in connection with the recent elections. In some places, violence has broken out, resulting in the deaths of several persons.

The political situation in this part of the state is becoming more tense by the day. It seems that every election is a battle for power, and the outcome is uncertain.

The electrocution of Mr. Jones last week has caused a stir in the community. He was reportedly protesting against the unfair treatment he received during the election.

Bridge Notice

The bridge over the creek near the town is scheduled to be repaired. The work is expected to be completed within the next week.

The Western Pre-Republican and
Democratic-Judicial Journal.

Mr. Baylis, in his opening speech before the Democratic Assembly in Birmingham, said that the announcement of the results of the land purchases of the Radical State Token was an event of great importance to the future of Alabama. He said that the people of the state were, at last, beginning to see the error of their ways and to realize the folly of their past actions. He called upon the people to support the Democratic party and to work for the return of the state to a better and happier condition.

Mr. Baylis said that he was confident that the people of Alabama would soon see the error of their ways and would turn to the Democratic party for guidance. He said that the Democratic party was the only party that could save the state from the ruin that was sure to come if the people continued to follow the course they had been on. He called upon the people to support the Democratic party and to work for the return of the state to a better and happier condition.

In view of the situation, the Delegate from Calhoun was asked if he would support the Democratic party. He said that he would do so, if it would be for the good of the state and the people. Patriot of the Church.

In every passing of the line of principles and the restoration of the Constitution, we find that the people of Alabama are returning to the principles of the Democratic party.
