KNIVES AND FOOLS.

The following is a letter to the Editor of the Jacksonville Republican from a citizen of the city:

"Dear Sir: The subject of the recent election has been an interesting one. It has created much excitement and much controversy. There is no doubt that the people are divided in their opinions. Some believe that the Union will be preserved, while others believe that it will be dissolved. I am inclined to believe that the Union will be preserved. I believe that the people of the South will not abandon their allegiance to the Union. They love their country and they love their fellow citizens. They will not permit their personal differences to override their love of the Union."

Clothing House

In the long run there are not many new things in the way of clothing. The dress is a question of the color, trimming, and ornamentation, although the materials and styles may change. The call for the season is for comfortable material that is at the same time attractive. If one can judge by the New York House, there is a demand for the following:

- Silks and satins: These are always in demand and will continue so. The color of the season is in red, pink, and purple.
- Cottons: The demand for cottons is for the softest material. The color is light blue, green, and grey.
- Worsted: The demand for worsted is for the softest material. The color is blue, brown, and grey.
- Linens: The demand for linens is for the softest material. The color is white, blue, and grey.
- Furs: The demand for furs is for the softest material. The color is black, brown, and grey.

An Acquaint Voice

An acquaintance was called by the name of the Jacksonville Republican. He said he was looking for a place to stay where he could get a good meal. He said he heard some good things about the Iron Queen Hotel. The manager said he would be happy to accommodate him.

Another City Court Bill

The bill in question is the one that deals with the sale of property. It specifies that the property must be sold at public auction and that the sale must be advertised in the newspaper. The manager said he would be happy to look into the matter further.

A Great Speech

The manager said he would be happy to provide the speaker with a microphone and some other equipment.

Thank you for your time.

Send your bill to the Republican.

LETTER FROM A FRIEND.

Mr. Editor:

I have just learned that the teamsters have been on strike for over a week. The company has been forced to use horses and mules, and they are doing their best to keep the service running. I hope that they will soon be able to return to their regular work.

Yours truly,
