JACKSONVILLE REPUBLICAN
EASTERN CLARKE COUNTY, NC. SATURDAY, JAN. 5, 1889.

KNIVES AND FOOLS.

And now, Sir, we must proceed to consider
some of the most popular and
famous of the "Knives and
Fools." These are the people
who, in the language of
politics, are "fools in the
schools," or "fools in the
field." They are the people
who make a profession of
fooling, and are known for
nothing else.

The true character of a "Knife
and Fool" is well known to all who
are familiar with their
operations. They are
people who, for a consideration,
will undertake to do anything
that will bring them a profit.

The "Knife and Fool" is a
man of the people, who is
averse to work, and who
wishes to make a living
without any effort.
